### Chapter 751: Three Absolutes of Heaven and Earth, Overturning the Earth (3)

As long as the other party guessed that the waist token was out of order or that it was for some other reason, he would be considered to have passed the test.

The leading scout frowned and reached out his hand to Xu Bai. "Show me your waist token."

Xu Bai nodded and took off the token, handing it to the scout leader. The scout leader checked it and found no problem, so he returned it to Xu Bai.

After giving it back to Xu Bai, the person added that it was probably because of some confusion.

The surrounding scouts gradually dispersed, and there was no one left.

Shadow Moon did not say anything because she had already hidden herself well. Under such circumstances, even a small mistake would cause huge changes in the future.

Thus, Shadow Moon only hid well and did not reveal the slightest bit of aura.

He finally had a way to enter, but Xu Bai did not go in directly, nor did he leave this place. Instead, he patiently imitated the scout from before and walked back and forth.

His current identity was a spy in the dark. If he left his post without permission at this time, it would be equivalent to playing cards with the other party.

He could only think of a way to enter later.

As for how to get in, it was actually quite simple. These were all spies from the Dark Tower. They were all people, and they had to rest.

Commonly known as shift change.

Since that was the case, he might as well wait patiently. When the time was almost up, he would leave this place to hand over the matter to the other party. Then, he would see where he would be after the handover to find a breakthrough.

The sky was getting darker and darker. Xu Bai did not take out the progress bar to continue working. He just kept walking back and forth, imitating what he did before.

After about two hours, Xu Bai felt footsteps approaching. He turned around and found that it was another scout.

“It’s time to change shifts, Liu.”

The scout was still tying his belt as he walked, as if he had just gone to the toilet. However, Xu Bai noticed that there were scratches on his face.

“What’s going on?” Xu Bai pointed at his face.

The scout reached out to touch the bottom of the ship and spat, “You don’t have to say. Those women in Great Chu are really strong. Their resistance is really strong. I was so angry that I directly took a knife and cut off her flesh piece by piece.”

“The new group of women who have arrived recently are all very temperamental. Hurry up and go to the mountains to pick one. If you’re late, there won’t be any left.”

Xu Bai raised his eyebrows. His expression was calm, but there was a hint of anger in his eyes.

Compared to the strict rules of the Great Chu State, the rules of the Great Yue State were like a plate of loose sand.

They even liked to capture women from Great Chu and use many cruel methods.

Xu Bai didn’t show it on his face. He knew that it was more important to get down to business now. In the future, he would definitely communicate with the Great Yue State. By then, he would have plenty of time to play with them.

He lifted his foot and left.

Just now, this person had said that he would go to the mountains to pick one. This was exactly what he wanted because his original goal was in the mountains.

He walked very quickly, and the surrounding scenery quickly retreated. Then, he walked smoothly to the front of the Three Lives Mountain.

Along the way, he met a few people who were as slow as him. These people were all impatient and wanted to get a share of the loot.

In front of Sansheng Mountain, there was a huge cave. There was no need to climb up.

These people all walked into the cave, and Xu Bai was no exception. He followed behind them silently.

After entering the cave, he realized that the cave looked ordinary on the surface, but the space inside was huge. There were also torches lit around it for illumination.

Xu Bai continued to walk forward. After walking for nearly the time it takes for an incense stick to burn, the road ahead suddenly opened up.

A huge space was revealed in front of him. There were many things piled up in this space, most of which were supplies.

Around this cave, there were many small caves that had been opened up, as if they had opened up different paths.

"You're here?" One of the scouts patted Xu Bai's shoulder excitedly as he tied his pants and pointed in a direction. "Hurry up and go. If you're late, it'll be gone."

Xu Bai nodded and pretended to understand.

However, he was thinking about how to get to the bottom of the Three Lives Mountain.

The thing is at the bottom of Sansheng Mountain. I have to dig it up.

To dig, they had to find a safe place first.

The scout quickly left. At this moment, Xu Bai suddenly felt something tugging at the shadows.

He looked down and saw the shadow behind him quietly draw an arrow and point in a direction.

This was Shadow Moon pointing him in the direction of the twin swords.

Shadow Moon had one of them. Xu Bai guessed that there must be some kind of connection that allowed Shadow Moon to sense it.

The location that the shadow had pointed to was the small cave that the scout had pointed to earlier.

Xu Bai thought about it for a while. Since he had no clue, he would follow it.

Thinking of this, he followed the cave and walked inside.

As the cave was opened up inside, it was slightly narrow. Fortunately, there were torches around, so it was not completely dark.

When Xu Bai walked inside, he didn't walk for long before he walked straight through. He heard a series of sounds.

"No, please let us go!"

"I beg you. I'll kowtow to you. Don't be like this!"

"Ahhhh! Help!"

## **Chapter 752: Three Absolutes of Heaven and Earth, Overturning the Earth (4)**

"Don't even think about it. Even if I die, I won't let you succeed!"

These were all women's voices, and there were many of them. Xu Bai looked over and found that the space behind them had also opened up rooms, and the voices were coming from the rooms.

As he listened to these screams and wails, he clenched his fists slightly, but soon relaxed a little.

A middle-aged man walked towards him with an indifferent expression. "The rooms without crying are all empty. You can choose one to go in."

Xu Bai thought for a moment and nodded.

This person should be the manager of this place. He was in an unfamiliar place and needed an independent space. This was a good opportunity.

Xu Bai found a room without crying. He opened the door and walked in. As soon as he closed the door, he heard a whimpering sound.

He turned around and found an ordinary-looking woman huddled in the corner with her arms crossed in front of her chest, looking scared.

When she saw Xu Bai's gaze, she immediately begged, "I beg you, don't..."

Xu Bai didn't say anything. He walked in front of the woman and held her shoulder. Then, he used his soul and carefully controlled the woman in front of him.

It was extremely safe to use it close to his body. He was not worried about being discovered.

"Cry." Xu Bai gave a simple order.

The woman's face was dull. She was already under Xu Bai's control. Then, she started to cry.

At this time, it was normal for a woman to cry.

Xu Bai relaxed a little and turned to look at the shadow.

The shadow behind him twisted and a line of words appeared.

“Now do you know why His Majesty wants to unify the world?”

“Barbarians treat the enemy’s ordinary people like food, while Great Yue treats the enemy’s ordinary people like livestock.”

“Only the Great Chu will treat them equally.”

Xu Bai looked at this line of words and nodded silently.

All sorts of screams could be heard. Even though they were separated by a room, they could still be heard faintly.

Other than the sharpness of the voice, it made his heart feel heavy.

“All of you deserve to die...” Xu Bai sighed in his heart, “Now is not the time.”

Not only did he have important matters to attend to, but there was also Shadow Moon’s matter. Shadow Moon’s matter was even more important to the overall situation, so he could not act rashly.

He turned around and was about to think of a way to communicate with Shadow Moon when the shadow behind him twisted and turned into a line of words.

“Xu Bai, let’s part ways here.”

“I should go do my thing, and you should do yours.”

“I wonder when I’ll be able to see you again after this separation.”

“Give me a hug.”

The shadow twisted and suddenly turned into a shadow moon.

Ying Yue opened her arms and embraced Xu Bai.

Then, she loosened her hands and trembled slightly. She turned into darkness and disappeared from the room.

Xu Bai was stunned. He could still feel the warmth in his chest, but the shadow of Ying Yue had disappeared.

“Gone? Why did you leave so quietly?”

He understood that Ying Yue had already left.

This was the first time Shadow Moon had called him that, and it was in the form of words.

There was no unnecessary farewell, just a simple hug, and then there was no trace of him.

Xu Bai frowned.

He had a feeling that Shadow Moon was hiding something from him, but he could not figure out what it was.

Moreover, when Shadow Moon was writing with him, he seemed to have sniffed out a hint of sadness from between the lines.

But now, he was gone.

No matter how much he thought about it now, it was useless.

Xu Bai raised his hand and patted his forehead to wake himself up.

“Yes... What he needed to think about now was to go underground.”

“As for how to get in, we have to find a safe place. Although this is an independent room, it’s not very safe.”

Beside him, the woman whose soul was being controlled was still crying.

Xu Bai pondered for a moment. After making up his mind, he walked out.

After walking out of the room, the middle-aged man looked over.

Xu Bai pretended to curse and cursed a few times before the middle-aged man looked away.

Taking advantage of this moment, Xu Bai secretly looked around and saw the middle-aged man.

The middle-aged man didn't have a token hanging around his waist.

More importantly, in this place, everyone in every room was doing things like animals.

Then... He could try.

Thinking of this, Xu Bai lifted his foot and walked toward the middle-aged man.

The middle-aged man frowned slightly when he saw Xu Bai walking over.

Just as he was about to say something, he realized that Xu Bai was actually slapping him on the shoulder.

He was about to dodge when he heard Xu Bai's words.

"Sir, I have an important piece of information. The two of us can make a fortune."

He heard the news and then he heard about making a fortune.

The middle-aged man paused for a moment. Then, because of this pause, his shoulder was touched by Xu Bai's hand.

After a while, the middle-aged man felt dizzy and his consciousness fell into a chaotic state.

"I knew it. Those who can guard such a place are not strong."

Xu Bai withdrew his hand. This close-range control method was extremely effective.

He pulled the middle-aged man to the side and asked him in detail. Soon, he understood the situation here.

It had to be said that the Dark Tower was very effective in dealing with these members. This middle-aged man was in charge of this place and only knew about this place.

### **Chapter 753: Three Absolutes of Heaven and Earth, Overturning the Earth (5)**

Other than that, he did not know anything else.

"Yes, it's not a big problem."

Even though he didn't get any useful information from the game, he still had other ways.

Looking at the other people in the room, Xu Bai smiled. He went to one of the rooms and opened the door.

The scene inside made his smile freeze.

What kind of scene was that? No amount of words could describe it.

Women, men, and knives.

Scars, blood, tears, and bitter laughter.

Xu Bai had never felt so angry before.

"What are you doing?!" The man stood up and shouted when he saw Xu Bai approaching.

"The one in charge is calling you 'Mother'." Xu Bai said expressionlessly.

The man stood up while cursing. He pulled up his pants and walked out.

When he passed by Xu Bai, he suddenly found a hand on his shoulder, and then he became stunned.

Xu Bai was very fast. He took control of the woman and left the room. Then, he started to move room by room and took control of everyone.

" Luckily, mortal evolution states can handle it." Xu Bai rubbed his eyebrows.

The method of controlling the divine soul was closely related to his divine soul. The more people he controlled, the greater the burden on his divine soul. Fortunately, these people were not strong, so he had no problem.

"Now, everything is settled. This place is equivalent to mine."Xu Bai smiled.

He only needed to control these people and hand them over according to their previous methods. He would dig all the way down to the underground.

As for Shadow Moon, now that there were no more shadows, he did not have to care about so many things.

Thinking of this, Xu Bai prepared to find the most remote room to dig down.

I didn't think of the time when he suddenly felt the hair on his body stand on end.

He turned his head abruptly and looked behind him.

Behind him stood a man.

This man was very old and had white hair on his head. However, when he stood at the door, he gave off a deep feeling.

“Yes... “The soul control technique is still used on you. It’s really not bad. If I weren’t here, no one would have discovered you.”

A faint voice came from the man’s mouth.

“Tell me, who are you?”

Xu Bai’s expression was solemn.

This person was very strong.

Just by standing there, he gave off an immense pressure. It definitely couldn’t be mortal evolution state.

He was now at Extraordinary Eight. Even if an Extraordinary Ninth Grade expert stood in front of him, he could easily kill him without feeling any pressure.

Then there was only one answer, the person in front of him was a Transcendent.

“Not going to say anything?” The man shook his head when he saw that Xu Bai was silent.””In that case, I’ll extract your divine soul. At that time, you’ll be able to see everything.”

“The higher-ups will definitely reward me handsomely for capturing a person like you. This credit belongs to me alone.”

After the man said this, he did not say anything else. His gaze suddenly became sharp.

However...In the next moment, there was nothing.

The man's expression became extremely dull, as if he had become an idiot.

In Xu Bai's hand, a faint white light was faintly discernible.

His face was somewhat pale, and his true essence was slowly recovering.

The second move of the Three Absolutes of the Blade and Sword-Earth Overturning.

Kill people to attack the outside, cover the ground to break the inside, overturn the sky to break both inside and outside.

During this period of time, he had reached level eight of the mortal evolution state and could barely use the Earth Overturning.

Only after he used it did he feel the uniqueness of this move.

Earth Overturning specialized in breaking the interior, and breaking the interior was to attack the divine soul.

Of course, this move was completely useless against a person.

That person was none other than the white-robed Flowing Wind.

Liu Qingfeng was a man who had no divine soul.

He didn't even have a divine soul, so how could he be injured by Earth Overturning?

Heaven and Earth Three Absolutes was a Transcendent Tier 9 skill.

Xu Bai was barely able to use Slash to fight because although Slash consumed a lot of energy, it was barely usable.

In terms of grade, the higher the move, the higher the grade.

Killing people was equivalent to a third-grade Transcendent, Earth-covering was a seventh-grade Transcendent, and Flipping the Sky was a ninth-grade Transcendent.

With his current Extraordinary Rank-8, he had almost been drained dry by the Earth Overturning Saber.

The most important thing was that this Earth Overturning move had almost no characteristics.

This slash was silent.

Xu Bai felt that this was more suitable for a sneak attack. Of course, the premise was that he had enough True Core Strength.

If killing people was the kind of sunlight that reflected each other, covering the earth was the silent night.

This man was ambushed by Xu Bai.

"As expected of a ninth grade Transcendent Skill."

After a while, Xu Bai finally recovered his True Core Strength.

If he was given another chance, he would try to use this move less because it was too uncomfortable.

Even though he had recovered, his expression was still not good. Thinking of the feeling of almost being sucked dry just now, he felt a chill run down his spine.

Of course, it was all worth it.

Looking at the man who had become a fool, she knew that he only had a trace of his soul left.

Xu Bai smiled." See? I told you. Villains die from talking too much. This is the truth of the world. ""

“Well, here comes a safer method.” Xu Bai walked up to the man and patted him on the shoulder.

Ways were all thought of by people.

Although the first method was still acceptable, there were some risks involved. The biggest risk was that it was easy to discover. After all, he had to control many people to dig here.

However, it was different now. Looking at the man in front of him who only had a remnant of his soul left, Xu Bai's lips curled up slightly.

“Come here.”

If he was in his best condition, Xu Bai would not be able to control him. But now, his spirit had almost been destroyed by Earth Overturning, leaving only a few remnants. It would be easy for Xu Bai to control him.

“Tell me all the relevant information.” Xu Bai controlled the man who only had a remnant of his soul left.

The man, who only had his soul left, told him everything he knew. After half an incense stick of time, Xu Bai understood what had happened and grasped everything.

This place was heavily guarded, but in terms of top combat strength, there were only four of them. All of them were at the seventh grade Transcendents.

The man he was controlling was one of them.

These four people had their own specialties. One of them was extremely good at attacking, another was extremely good at defending, and the last was a Fate Master.

As for the one in front of him, he was good at controlling his soul.

They each had their own duties. Attack and defense were equivalent to hired thugs. Fate Masters were here because this place was related to fate. As for the one in front of him who was good at divine sense, he was responsible for checking if anyone had sneaked in.

“Now, I’ve taken down the most important part, and it’s the best part for me.”

He wanted to secretly dig down here and take down this person who was good at the divine soul. For him, his safety had increased several times.

Actually, it was not a coincidence. When he gave himself away, it must have been this person who discovered it first. And this person wanted to take all the credit for himself, so he thought that he could take it for himself, so he ran over alone.

What he didn’t expect was that Xu Bai’s Earth Overturning was able to completely counter him. Moreover, he was only good at the divine soul. Although he had reached the Transcendent level, he was helpless against the Earth Overturning who specialized in attacking the divine soul.

“In that case, the plan has been perfected. We can start now.”

Xu Bai’s body changed, and so did his face. Soon, he looked like this man.

He felt that he had no other abilities left, only the control and application of his divine soul.

Myriad Faces Incantation, simulation.

“From now on, you will guard here.”Xu Bai said.

The man whose soul was left behind was called Sun Yun. Sun Yun nodded when he heard Xu Bai’s order.

With such a status, Xu Bai was even more confident in doing it.

He left this place, but his control over these people did not decrease. Instead, because he had transformed into Sun Yun, he was even more proficient in the aspect of the soul.

“Next is the implementation of the plan.”Xu Bai thought to himself.

Zhao Kai was one of the spies of the Dark Tower here. There were many people with the same identity as him, who were responsible for monitoring and controlling the surroundings.

Today, it was time to change shifts again. A companion came over to hand over to him and said that there were new pigs in the pigsty.

The pigsty was the place where the women of Great Chu were locked up. This was what they called it.

Zhao Kai rubbed his hands and said goodbye to his colleagues. Then, he hurried toward that place.

“Tower Lord is still good to us. He knows that we are living a hard life here, so he sends some women over every day.”

Thinking of what was going to happen next, Zhao Kai became even more excited and quickly walked in that direction.

Entering the mountain, the road was smooth. He walked to one of the forks with familiarity and followed the fork into the small space that was opened up.

Hearing the familiar woman’s scream, he came to the manager.

The manager pointed to a room, meaning that there was no one there.

Zhao Kai didn’t know why, but he felt that the manager didn’t like to talk much today. Usually, he would talk to him, but today, he didn’t say anything.

However, he did not suspect anything. After all, in this place, it was normal to be in a bad mood sometimes.

No one was willing to stay here for a long time, but they had no choice. They had orders, so they could only follow them.

Zhao Kai didn’t waste any time and walked towards the empty room.

When he arrived at the door and pushed it open, he instantly felt a chill run down his spine.

The room was empty. The woman’s scream echoed in his ears, but in front of Zhao Kai, the woman was screaming in a daze. There was no one else.

In particular, there was a huge pit in the center.

From time to time, soil would rise from the bottom of the pit.

This situation proved that someone was digging down, and there was a lot of it, because the soil was rising very frequently.

“What’s going on?”

“How could there be a pit in the room?”

“Who dug this?”

Zhao Kai instantly became alert. At this moment, his vigilance was useless.

A slight tremor came from his divine soul. Then, he lost consciousness and came to the front of the huge pit.

Not long after, a person crawled out of the pit. He had the same expression as him and walked away silently. Zhao Kai jumped into the pit and began to dig.

This situation was happening all the time. With each handover, Xu Bai controlled more and more people.

The pit was still being dug, but Xu Bai was very relaxed at the moment, staying in the corner of the room.

If it wasn't for the fact that there was no tea now, he could even wait while drinking tea.

## **I Have Unparalleled Comprehension #Chapter 755: Corpse Controlling Technique and a Strange Coincidence (2) - Read I Have Unparalleled Comprehension Chapter 755: Corpse Controlling Technique and a Strange Coincidence (2)**

### **Chapter 755: Corpse Controlling Technique and a Strange Coincidence (2)**

At first, he wanted to disguise himself as Sun Yun, but after thinking about it, he realized that if he did that, he would only know how to use his soul. To him, it would actually be more dangerous.

He did not have any other abilities. Moreover, he could only imitate Extraordinary ninth-grade at most. It was not worth it for him to reduce his strength.

So after thinking about it, Xu Bai told Sun Yun to act according to his own way every day while he waited here.

The pit was getting deeper and deeper. Using this method, Xu Bai's plan had been going smoothly.

Xu Bai came to the side of the pit and looked at the soil that was constantly rising and the pit that was slowly descending. He was even happier.

"I don't know how things are at Shadow Moon's side. Leaving in such a hurry, I don't know if there's any problem."

Ever since Shadow Moon left, she had not appeared again.

Xu Bai didn't look for him. After all, Shadow Moon had said that she had to go and do her own things, and he had his own things to do.

As time passed, the pit became deeper and deeper.

Xu Bai waited patiently.

Because they could only use this rotation method to dig, although the speed was fast, they had to dig quite deep. In general, it took a long time.

According to Xu Bai's estimation, when he blasted the pit in the ruins, it was especially deep. Because he had used all his strength at that time, it would take a lot of time to dig just like that.

However, he couldn't directly look for them now. After all, besides Sun Yun, there were three other Transcendent experts, so Xu Bai could only use this method.

About five days had passed, and the pit had not been completely dug out, but Xu Bai had obtained new gains.

The human skin had been completely filled with the idea of being taken away.

Looking at the words formed by the light blue smoke, Xu Bai didn't know whether to laugh or cry.

He hadn't even completed the plan, but the progress bar was even faster than his. This was something he hadn't expected.

Words that only Xu Bai could see appeared before his eyes.

[You studied human skin and comprehended the Corpse Controlling Technique.]

[You studied the human skin and comprehended the Corpse Art.]

"As expected, there are two types."Xu Bai thought to himself.

When Gao Guan gave him the skin, he said that it was the inheritance of the corpse collector, so Xu Bai had a guess.

Since it was an inheritance, it must have both mental cultivation techniques and skills. Now, it seemed that his guess was right?

After the light blue smoke appeared, it disappeared very quickly. However, it did not turn into information because it was about to fuse.

As expected, the light blue smoke soon appeared in front of him again, forming a new line of words that appeared before Xu Bai's eyes.

[Fusion option found. Fusion in progress.]

[Corpse Art + Myriad Forms Heaven Attracting Mountains and Seas Art = Myriad Forms Heaven Attracting Mountains and Seas Art.]

[Fusion successful.]

Only the mental cultivation method had fused, but the other skill had not.

In front of Xu Bai, the latest attribute panel appeared.

” Comprehension: Maximum level.”

“As expected, the higher one goes, the harder it is to improve. Moreover, this human skin is probably only at the Extraordinary realm.”

There wasn’t much to talk about regarding the mental cultivation method. It didn’t improve much, but this skill was interesting to Xu Bai.

Corpse collectors collected corpses for others, and the prerequisite for collecting corpses was to control the corpses. Back then, Gao Guan controlled the corpses and hid them in the paper figurines.

Now that Xu Bai had learned this skill, it did not have much attack or defense power to him.

Of course, it was not as if they had no combat power. On the contrary, the stronger the corpse they controlled, the stronger they would be. This was because the corpse they controlled could retain its previous abilities.

There was only one thing that could be used as a support, such as now.

The Corpse Controlling Technique only required him to follow a specific process to make these corpses move according to his thoughts.

Most importantly, even if Xu Bai was far away, there would be no interruption.

Originally, Xu Bai’s Soul Control Technique would lose its effect if it was too far away. At that time, this place would be exposed, but now there was something good.

He had already thought of how he could not expose himself next.

After he emptied this place, he would kill all these guys and then use the corpse control technique to control them and continue doing things the way they did when they were alive.

Most importantly, the corpse controlled by the Corpse Controlling Technique would not stink or grow livor mortis, just like a living person.

At the thought of this, Xu Bai could be considered to have completed one thing. Of course, he would hand over the inheritance of the corpse collector to the Emperor of

Great Chu and ask him to help him find a successor. This could also be considered as completing Gao Guan's request.

"Next, we just have to wait for this pit to be dug." Xu Bai stood in a corner, looking at the dust that was rising up.

## **I Have Unparalleled Comprehension #Chapter 756: Corpse Controlling Technique and a Strange Coincidence (3) - Read I Have Unparalleled Comprehension Chapter 756: Corpse Controlling Technique and a Strange Coincidence (3)**

Chapter 756: Corpse Controlling Technique and a Strange Coincidence (3)

Time gradually passed. In the blink of an eye, another four to five days had passed.

The pit got deeper and deeper, and more and more soil was raised. Because there was too much soil, some of it was transported to other rooms.

When the last pile of dust rose, Xu Bai heard a sound.

He came to the side of the pit and saw a light at the bottom of the pit. He was overjoyed.

"As expected, my method was not wrong."

After ordering the people in the pit to get up, Xu Bai thought for a while and then moved his soul.

All the people in the pit got up. They had all lost their life force and died silently. It was Xu Bai who did it.

"Those who deserve to die must die, especially you." "Don't blame me for being ruthless. It's just what you did before." Xu Bai said indifferently."

Xu Bai still remembered the wounds on those women's bodies, their screams, and their despair.

Even after these spies died, they did not lose their value.

Xu Bai's True Core Strength surged as he raised his right index finger and drew in the air.

Soon, seals appeared in the air and struck the corpses.

Not long after, these corpses crawled up on their own, no different from when they were alive.

“Go, change shifts as usual.” Xu Bai said.

The corpse walked out.

Xu Bai waited patiently. After a while, a group of people came over and were killed by Xu Bai. Then, he used the control technique to control them and went out to continue the shift.

Since the only Transcendent expert here who was skilled in the divine sense had been taken away by Xu Bai, no one noticed him when he was carrying out the task.

This was also to eliminate the living forces here. If Xu Bai encountered an accident when he left, these people would die, which would reduce his accident.

“It’s almost time. I’ve reached my limit.” Xu Bai took a deep breath.

The Extraordinary Rank-8 corpse control technique had a limit to what he could control. When he controlled the 100th corpse, he reached the peak.

After all, the scouts here were all professionals, and there were many experts, so it was very exhausting for him to control this ability.

With the corpse-controlling technique, even if Xu Bai left now, the corpses could still move around in the same way they did when they were alive.

When he reached his limit, he stopped moving. Instead, he looked at the pit below and jumped in without hesitation.

Complicated patterns appeared around his body. This was the Indestructible Demon Soul Buddha Body that he had used.

Although he was excited that he would soon see the progress bar, he had to be careful. After all, no one knew how dangerous this place was.

With the protection of the Indestructible Demonic Soul Buddha Body, Xu Bai could rest assured.

The cold sound of wind could be heard as Xu Bai’s figure continued to descend.

When he reached the limit of his descent, he suddenly felt a flash of light in front of him. Then, he landed on his feet.

“How did you get in?”

Before Xu Bai could react, he heard a familiar voice.

Xu Bai followed the voice and saw a person.

Shadow Moon.

At this moment, Ying Yue was holding a sword that was glinting with cold light. It was stuck in the ground, and both of her hands were holding the hilt of the sword. She did not let go, but Ying Yue’s eyes were filled with surprise as she looked at Xu Bai.

Xu Bai was speechless.

Wasn’t I falling down? How did I end up in this place?

Something was wrong!

Xu Bai looked around and found that this was a huge space. Most importantly, there was a hazy white light above.

The hazy white light not only enveloped the top, but also the ground and the walls.

Other than that, the place was empty. In Xu Bai’s words, there was not even a single hair.

Where’s my secret manual?

Where are all my secret manuals?

There were countless questions in Xu Bai’s heart. He looked at Shadow Moon and said slowly, “What’s going on?”

Shadow Moon was surprised at first, but then it turned into frustration. “It’s over, it’s over. You can’t get out either.”

Xu Bai was stunned.

What did this mean?

He looked at the white light enveloping the ceiling and slowly flew up.

However, when he touched the layer of white light, he realized that he could not get out. The big hole above was still there, but there was no way out.

This white light seemed to be a physical object, blocking the way.

“I can come in, but I can’t go out?” “How is that possible?” Xu Bai frowned.”

The truth is not that you can come in, but that you can. The moment you entered, I began to draw in luck.”Ying Yue took a deep breath, but the dejection in her eyes did not disappear. She slowly explained what had happened.

There were many complicated things that had to be explained for nearly an hour. After Xu Bai understood the cause and effect of the matter, he had an answer in his heart.

Director Mu must have used some method on him to make everything so coincidental.

The twin swords were divided into two. One was left in the Three Lives Mountain to suppress fate, while the other was with Ying Yue.

The reason why Ying Yue was able to hide the other half of the Gemini was because the sword itself did not contain any luck.

After Ying Yue arrived here, she secretly went to the place where the other twin swords were hidden. She used this twin swords to activate the fate within and transfer all the fate over.

Then, they arrived here. This was the place closest to the place where Director Mu had arranged the fate.

Ying Yue inserted the sword into the ground and held it with both hands, drawing out the luck.

However, since the luck had been buried for decades, it was a very complicated process to communicate with it. It would take at least half a year.

Chapter 757: Corpse Controlling Technique and a Strange Coincidence (4)

Therefore, Director Mu gave Shadow Moon a treasure. This treasure was a one-time use item that Director Mu had brought out from the ruins.

As long as he used the supreme treasure, he could hide the surroundings and move the space hundreds of miles away.

Most importantly, this place was extremely sturdy.

Hiding and moving around was enough to avoid being discovered.

Adding an incomparably sturdy one, it was even more stable.

He only needed to wait for half a year to completely destroy his luck.

Coincidentally, just as Shadow Moon was activated, Xu Bai came in.

Xu Bai was speechless.

After hearing all this, Xu Bai felt that he really had to have a good chat with Director Mu when he went back.

From the moment he came to the Great Yue State, everything was too coincidental. The most important thing was that he had dug a hole here today.

Moreover, the moment they entered, the surroundings were locked down and they had even moved hundreds of miles.

“It’s over, it’s over. We’re both going to die.” Ying Yue sighed, her face full of sorrow.

“Why?” Xu Bai asked curiously.

Even so, there shouldn’t be any danger.

He had already moved hundreds of miles and could even hide his aura. He only needed to wait for half a year before he could retreat.

“By triggering the fate that has been hidden for decades, nothing can be hidden, even if this place can hide its aura.” “The people who come at that time, I’m afraid they won’t be so simple.”

Xu Bai muttered, “A Saint?”

Just now, Ying Yue had said that Xu Bai had quickly thought of this.

Ying Yue nodded, “By then, the entire fortune will be destroyed. The person who will come will most likely be the Prime Minister of the Great Yue State.”

There were still nine Saint Realm masters in this world. Each force had three of them, and the Great Yue State also had three.

The Emperor of the Great Yue State was in charge of the capital, and the Military God of the Great Yue State was in charge of the border. Then, the last one would come.

“Hiss...” Xu Bai gasped.

Even though he was extremely glorious now, if he were to face a Saint Realm master at the peak of the Saint Realm, he would be instantly killed.

“What a loss! Blood loss!” “Why do I feel like I’ve been tricked by your father?” Xu Bai was speechless. “Why does all of this have to do with me?”

Shadow Moon shook her head. “I don’t know either. I really don’t want to implicate you. I’ve already left. I want to die here alone, but...”

She didn’t mean to implicate Xu Bai. After she arrived, she left alone.

Moreover, she was prepared to activate the luck in the sword and lock herself in this place.

After half a year, when the Prime Minister came, she was willing to die.

This was also her fate. Her father had told her that she would definitely die on this trip.

However, he had never expected Xu Bai to come in when he had already tried his best not to implicate him.

“I’m sorry.” Shadow Moon suddenly apologized.

Xu Bai waved his hand. “This isn’t your fault. There’s nothing wrong with you. You really didn’t want to lead me here. I dug myself in.”

He didn’t expect that he would really dig a hole and bury himself.

However...This wasn’t over!

When the time came, he had to find Director Mu and ask him everything. He felt that Director Mu definitely had the secrets he needed.

At worst, he would bring Eunuch Wei along.

“When I was up there, I did a lot of things.” Xu Bai told him what he had done and added, “I reckon that after I leave, I will be discovered very soon. Such a big pit. Are you sure you won’t be able to find it after you discover it?”

Ying Yue nodded. “The Great Yue State is very big. We are hiding in a very deep place. We also have a special hiding method. Even a Saint Realm cultivator can’t find us.”

Xu Bai was relieved to hear that.

“Aren’t you afraid at all?” Shadow Moon asked.”

Xu Bai shook his head and nodded.””Why wouldn’t I be afraid? But now that we’re already here, what’s the use of being afraid? We’ll see when the time comes.”

Ying Yue did not answer, but her eyes were still filled with guilt. Even though Xu Bai did not say anything about her, she still felt that this matter had started because of her.

Xu Bai took out a sachet from his pocket.””This thing was given to me by your dad. He said that it was to be used at the most critical moment, but I don’t know what it is.”

After saying this, Shadow Moon’s attention shifted to the sachet in Xu Bai’s hand.

She stared carefully for a while before shaking her head.”I don’t know either, but since it’s the most dangerous time, I’ll use it when the time comes.”

Xu Bai sighed,”What a pity, I didn’t find what I wanted.””

His ultimate goal was still the progress bar, but he could not find it yet.

“What is it?” Shadow Moon asked curiously.

Xu Bai waved his hand, not wanting to mention it anymore.

Seeing that Xu Bai was not interested in continuing the conversation, Shadow Moon did not ask further.

The situation instantly became awkward.

According to what Shadow Moon said, it would take a full half a year.

This was an extremely long process. Xu Bai felt even more speechless when he thought about being locked up for half a year.

When Shadow Moon saw that Xu Bai was silent, her eyes rolled around.

She let go of her sword and walked to Xu Bai.

A crack opened in the darkness, and Ying Yue took out all kinds of food from inside.

“Although it’s only half a year, the food I kept in the shadow can delay the deterioration. Let’s eat some first.”

She didn't know how to make Xu Bai happy, so she could only take out what was left of her.

### **Chapter 758: Corpse Controlling Technique and a Strange Coincidence (5)**

Xu Bai heard Ying Yue's words and subconsciously glanced over.

When he saw what was inside, his eyes could not move away.

"Wait, don't move!" Xu Bai said.

Ying Yue was stunned.

However, since Xu Bai had said so, she did not move and maintained this position.

The black shadow split open, and Xu Bai saw piles of books inside. There were more than twenty books.

Most importantly, there was a golden progress bar on these books.

"How did you get these things? Also, why didn't I notice when I entered the shadow?" Xu Bai pointed at the books and asked.

"A few decades ago, when my father came here, he got these things. He gave them all to me, saying that I would need them.""

"I don't know what it's used for either. My shadow can be separated. I put things inside and will specially separate the shadows that put things inside."

Xu Bai was speechless.

Coincidence, coincidence again and again. When coincidences piled up, it was a design.

Director Mu had been to this place decades ago, so he must have taken everything away.

However, he did not expect that after he took the item away, he would actually give it to Shadow Moon, and even say that it was of great use.

Only Xu Bai knew what it was used for. It would be of great use to him.

The progress bar!

These were all living progress bars!

There were more than 20 progress bars, which made Xu Bai even more suspicious.

There was definitely something wrong with Director Mu!

He had definitely counted himself in, and he had calculated it very accurately.

“Could it be that he knows about my cheat? Impossible, there must be something else.”Xu Bai guessed in his heart,

However, no matter how he guessed, it was useless. He could only wait until he returned to Great Chu and personally ask Director Mu. That would be the most correct.

“Take out the things first,” Xu Bai said after thinking it through.”Take out all these books.””

Although Shadow Moon did not know what Xu Bai was thinking, she still obediently took out all the books.

Looking at the progress bar in front of him, Xu Bai felt complicated.

He had never thought that the ending would be so simple. This progress bar had always been hidden by Shadow Moon. If he had known this earlier, he would not have gone through so much trouble.

“Do you want to eat?” Ying Yue suddenly came over and stretched out her fair little hand, holding a pastry in her hand.

Xu Bai took it and suddenly remembered something. He asked,””Other than these books, is there only food in your shadow?”

Shadow Moon nodded.” I’ve always been a spy. I know I only have half a year left, so I’ve brought delicious food. I want to eat all the food I haven’t eaten before.””

“I mean, is there anything else?” Xu Bai asked.”

He still remembered what the crazy old man had said in the ruins.

Not only were there secret manuals here, but there were also the crazy old man's speculations about the era when resources were exhausted.

Shadow Moon pondered for a moment, then said, "No, my father only gave me these things. I think there are others that my father took away."

Hearing this, Xu Bai didn't ask any more questions. He took the pastry from Ying Yue's hand and took a bite.

It seemed that Director Mu had probably taken away that guess. When the time came, she would go back and ask him anyway, so she could ask him along the way.

"I'm sorry, I've harmed you. We can only live for half a year." Ying Yue said apologetically.

Ever since Xu Bai came down, Shadow Moon had apologized many times. She always felt that she had harmed Xu Bai.

"There's always a way out. We'll take it one step at a time. Besides, it's not a certain death situation." Xu Bai picked up a book and started reading silently.

In a desperate situation, he would never give up hope. No matter how cruel the situation was, he would never give up easily.

Moreover, there was still the brocade bag.

Although he couldn't open it now, he might be surprised if he encountered danger.

The plan now was to use half a year's time to finish all 20 books.

Shadow Moon opened her mouth, wanting to say something, but in the end, she shut her mouth.

The Prime Minister of the Great Yue State, who was at the peak of the Saint Realm, would be able to hunt them down in an instant.

"Alright, that's it. We'll see when the time comes." Xu Bai said.

Shadow Moon nodded and said no more.

The entire space fell silent.

Time slowly passed.

This time, nearly half a year had passed.

In the past half a year, Xu Bai and Shadow Moon had been staying here. They didn't have to worry about food. Shadow Moon had brought enough, and Xu Bai had been constantly checking the progress bar.

During this period of time, Xu Bai realized that Shadow Moon was actually a very pitiful person.

She had been living in the Great Yue State since she was young. However, she was from the Great Chu State and had an extremely important mission. Moreover, she knew that she would definitely die. Therefore, she had been living in an extremely sad environment since she was young.

However, this woman had principles. She knew that everything she did was right, so she was willing to endure it.

Xu Bai didn't know how to evaluate it, because he had never come into contact with such things.

He knew that Shadow Moon was carrying a heavy burden. Even when there was only half a year left, all she wanted was to eat something delicious.

Without suffering, you are not worthy of comment.

Putting down the book in his hand, Bai stood up.

“Finally, it's over.”

### **Chapter 759: The Terrifying Prime Minister in White**

Seeing that half a year was almost up, Xu Bai took advantage of this period of time to focus on the progress bar and finally finished all the progress bars.

For nearly half a year, he really wanted to say, do you know how I've been through this half a year?

It was a very comfortable life.

That's right, it was really nourishing.

There was a progress bar every day, and it was an extremely enjoyable life. If Xu Bai was here alone, he might feel bored, bored, or even unable to continue working.

However, there was another person here, and it was a woman. It was an extremely beautiful woman. Although she was a little flat, she was beautiful.

Chatting from time to time, chatting, and checking the progress bar, these days were so beautiful.

Under such a pleasant environment, the progress bar was finally completed as scheduled.

Xu Bai couldn't help but laugh as he looked at the words formed by the light blue smoke in front of him and the new attribute panel.

[Name: Xu Bai]

[Realm: First Grade Transcendent Itinerant]

[Three Absolutes of Sword and Sword (Transcendence Rank-9):[Maximum level.]

[Transposition of Heaven and Earth: Transcendence Level 1):[Maximum level.]

[Indestructible Demon Soul Buddha Body (Transcendence Level 1):[Maximum level.]

[Kidney Returning Technique (Transcendent Level 1):[Maximum level.]

[Yin-Yang Coexistence (Extraordinary Rank-1):[Maximum level.]

[Mountain Sea Inviting Divine Divine Technique Extraordinary Rank 9]:[Maximum level.]

[Corpse Control Technique (Extraordinary Rank-8): Maximum level.]

”Comprehension: Maximum level.”

This time, there were a few skills that had changed. It was a huge improvement.

First, his movement technique, Breaking Nine Steps, had transformed into the Great Phantom Art, and it had been upgraded to Transcendent Rank-1.

After reaching this level, with a thought, he could appear more than a hundred meters away. Not only was his speed fast, but he could also reach the extreme in dodging and moving.

In other words, in terms of movement techniques alone, those below the transcendent level could not even touch his clothes.

Next, Shifting Stars had become Shifting Heaven and Earth, which was also a Transcendent Level 1 skill.

Up until now, as long as it was a Transcendent Level One, including attacks below Transcendent Level One, he could absorb them all and return them back.

This skill was already very powerful. As mentioned before, skills like this were basically the kind of skills that could be used to play hooligans.

Its rules were very strict. As long as it was a first-grade Transcendent and below, as long as Xu Bai had enough True Essence Energy, he would return any attack he received.

To put it another way, this was simply the king of group battles.

Then, the Kidney Harvester Technique became the Kidney Returning Technique, which was also a Level 1 Transcendence skill. This skill was a major upgrade.

After reaching this level of the Kidney Strengthening Origin Returning Technique, he had one more set of first-grade Transcendent True Essence Energy stored. It was equivalent to having two sets of first-grade Transcendent True Essence Energy stored.

He had one for himself, and the other was stored in his kidneys.

Now that he was a ninth-grade Transcendent, he could use the Three Absolutes of Sword and Saber without any burden.

As for turning the sky upside down...An hour was not a problem, and the Indestructible Demon Soul Buddha Body could be used without restraint.

These were all powerful existences, allowing him to far exceed the combat strength of a first-grade Transcendent.

Of course, what was even stronger was the transformation of the mental cultivation method.

The Ten Thousand Phases of the Mountain Sea had reached the level of Transcendence Grade One, and Xu Bai had also reached the level of Transcendence Grade One.

What caused him to transform was the Heavenly Change.

Xu Bai stretched out his hand, and golden and grayish-white Heavenly Changes appeared. This time, the Heavenly Changes had a new change.

The gold and gray color blended even more thoroughly, and in addition to chaos, there was actually a hint of rationality mixed in.

When chaos and rationality gradually blended, it completely transformed into a state of madness.

When he used the Heaven Transformation, anyone who was weaker than him would fall into a state of madness, and those who were stronger than him would also be affected.

As long as it wasn't someone who was much stronger than him, their combat strength would be greatly reduced under such influence.

"I wonder what level of Transcendent I can reach with my current ability?"Xu Bai stroked his chin and pondered.

Unfortunately, it would be great if the progress bar of the 20-plus books were all mental cultivation methods, but he knew that this was unlikely.

Although he was very happy now, there was a sharp sword hanging above his head. This sharp sword was the Prime Minister of the Great Yue State.

The time was almost up. As long as the fate here was chaotic, the Prime Minister would personally come.

Xu Bai didn't have the ability to surpass a ninth-grade Saint.

“Xu... Bai, put away your Heavenly Change. I can’t take it anymore.””

Ying Yue’s pained voice came from the side. Ying Yue hugged her head and squatted on the ground. Her shoulders were slightly trembling, and her eyes were filled with madness.

Madness was different from madness. It was a person who had completely turned into a madman.

Even though Xu Bai was only letting him out to take a look, Shadow Moon, who was only at the mortal evolution state, couldn’t take it. If it wasn’t for Xu Bai, Shadow Moon would have gone crazy.

Xu Bai remembered that he had forgotten to put it away during the test, so he quickly put it away.

After the golden and grayish-white color disappeared, Shadow Moon let out a long sigh. Her forehead was covered in fine sweat.

Chapter 760: The Terrifying Prime Minister in White (2)

She raised her head and looked at Xu Bai. The admiration in her eyes became more and more obvious. She was just short of hugging Xu Bai and taking two bites.

How short was this time? In less than half a year, his strength was like an arrow that had left the bow, soaring rapidly.

Could there be a second person in the world?

He couldn’t find it at all.

Even his father, one of the nine Saint Realm masters, couldn’t reach Xu Bai’s speed. After all, Xu Bai was still young.

“As expected of the man I admire...” Shadow Moon muttered a few words in a low voice.

However, Xu Bai was a master. No matter how softly he chanted, he could hear it clearly at such a distance.

“If I manage to escape, I will definitely give you many autographs.”Xu Bai teased.

“An autograph? What signature?” Shadow Moon was puzzled.

Xu Bai knew that he had used the language of his previous life. It was normal for Shadow Moon to not understand, but he did not want to explain at this time. Instead, he changed the topic and brought it back to the right path.

“The day after tomorrow.”

Ying Yue lowered her head and did not say anything, but there was a sense of dejection about her.

She opened her mouth and wanted to say something, but Xu Bai interrupted her.

“There’s no need to say anything else. Let’s do something simple. Is there a way to escape?”Xu Bai asked.

Shadow Moon was stunned for a moment, then shook her head, indicating that she had no way to escape.

“Your father gave me this brocade pouch. I have an idea. When the Prime Minister of Great Yue State comes out, I will open this brocade pouch. Whether I live or die depends on my own fate.”

Xu Bai took out a brocade pouch from his bosom and waved it in front of Ying Yue.

Ying Yue stared straight at Xu Bai’s hand. “This is the best way.”

To be honest, unless his father came personally, he would not be able to stop the Prime Minister of Great Yue State. However, this was simply impossible.

For example, if a Saint Realm expert of Great Yue State wanted to go to Great Chu State, it would be impossible for him to enter.

As soon as he stepped in, he would be surrounded by all the Saint Realm masters.

With just a brocade pouch, Shadow Moon felt that it was very difficult.

“In short, we can’t give up easily.”Xu Bai said slowly, “When the time comes, you can hide in my shadow. I will run, and you can run with me.””

“If I really can’t escape, I’ll open the brocade pouch. At that time, whether I live or die will depend on the heavens.”

Shadow Moon was hiding in his shadow. If he escaped like this, there would be no burden, so it did not matter.

As for the brocade bag, it was used at the most critical moment.

“Have you forgotten that when you fly, the shadow is on the ground. There’s no way to get in.” Ying Yue said.

Xu Bai was stunned and frowned.

If that was the case, it would be troublesome.

“However, I can hide in another place.” Ying Yue gasped for breath. The shadow behind her opened up, and she directly went in.

A moment later, the shadow kept twisting and soon turned into a small ball that floated in the air.

Xu Bai held the small ball and found that the small ball was vibrating. Shadow Moon’s voice was heard.

“If I had this ball, it wouldn’t have been so troublesome. However, if I did that, I wouldn’t have any fighting strength left.”

When she said this, her voice was muffled.

“With your combat ability, you won’t be of much help.” Xu Bai laughed.”

The black ball shook and turned back into Shadow Moon.

Ying Yue was speechless.

Xu Bai was speechless.

He silently withdrew his hand.” Next time, remember to be on the ground before you transform back. Otherwise, you’ll easily touch things you shouldn’t.””

Ying Yue took two steps back and turned her head away.

Xu Bai felt very embarrassed, so he changed his mind and thought about running away.

Now, he had a rough idea of the method, but he needed someone to die.

As long as he could delay the Prime Minister of the Great Yue State for a second, he would be able to escape far away.

Shadow Moon wasn't qualified. At this level, she probably wouldn't even be able to delay for a second.

Therefore, he needed to find another person.

But in this time, who can I find?

Xu Bai thought of someone, and it was a more suitable person.

"Brother Qingfeng, it's time for you to die."

He thought of it and decided to use the Mountain Sea Invitation Divine Technique to summon Qingfeng Liu.

A person without a divine soul and someone who had once wanted to attack him was extremely easy to use.

Moreover, when this skill was upgraded to the Mountain Sea Sect's divine technique, not only could it summon people over, but it could also steal a portion of the strength to oneself. It was simply perfect.

What was he worried about? He was worried that he would be killed instantly when he opened the brocade bag. After all, it was very easy for a peak Saint Realm existence to kill him instantly.

Therefore, he needed someone to stall for time.

However, he could not summon it now because that fellow was an unstable thing. He had to summon it before something bad happened to his luck.

"You should know when the time is up. You have to give me an accurate number." Xu Bai looked at Ying Yue, whose face was still red, and asked.

When Shadow Moon heard that Xu Bai was talking about serious matters, she forcefully turned her head back. "When the time comes, I'll tell you in advance. There's still 15 minutes left, is that enough?"

Xu Bai nodded, indicating that everything was enough.

After that, the two of them did not continue discussing this matter. The plan had been finalized and was waiting to be slowly implemented. When the time came, everything would be clear.

Chapter 761: The Terrifying Prime Minister in White (3)

Xu Bai found a seat and sat down. Ying Yue sat beside him. The two of them looked at the sword stuck in the ground and waited silently.

Time slowly passed.

Today, the Great Yue State was still operating as usual. The people of the Dark Tower were moving between the headquarters.

Every day and night, a large amount of information was constantly transmitted here. Other than information, there were all kinds of people coming and going here.

They were not members of the Dark Tower, but there were some incidents that were related to them, so they moved around at this time.

Zhou Xin was an official of the Great Yue State, not a member of the Dark Tower. He was here for a case.

There were many things under the jurisdiction of the Dark Tower, including the supervision of the officials.

Zhou Xin had brought a prisoner with him this time. This person was a spy from the Heaven Inspectorate and was only discovered today.

The spy was already very old. He looked to be in his fifties or sixties and had been lurking in the Great Yue State for a long time.

He was tied up and stood beside Zhou Xin. There was no fear on his face, but disdain.

“You can only be arrogant for a while. When you see the methods of the Dark Tower, everything will be clear.” Zhou Xin looked at this spy’s arrogant and untamed expression and could not help but feel angry.

They had already been caught and yet they were still so arrogant. They didn’t even treat them as humans.

The Dark Tower had a special method to deal with these people. It was said that the method was extremely cruel.

When the time came, he wanted to watch from the side and see this person cry and tell everything he knew.

That was the most satisfying time.

The spy was tied up. When he heard this, he still laughed disdainfully as if he did not take it seriously.

This situation was not uncommon. There were spies found in every place of the three forces, and countless spies were sent in.

The world was so big. Even if there were a few, it would become a lot.

Zhou Xin stood in the yard and waited patiently. According to the usual rules, someone would come soon and take him to the place where he was specially responsible.

As expected, not long after, a member of the Dark Tower walked over from afar, talking loudly as he walked.

“Lord Zhou, please follow me and bring that spy over. This credit is yours.”

Zhou Xin nodded and grabbed the collar of the spy, leading him in that direction.

The members of the Dark Tower were also approaching him, and the distance between the two of them was constantly decreasing.

He thought that everything was going smoothly, but he never expected that when the member of the Dark Tower was about to approach him, something strange suddenly happened.

“Peng!”

A muffled sound was heard. In Zhou Xin’s eyes, the member of the Dark Tower suddenly tripped over his right leg and fell to the ground.

It was just a fall. It was not a big deal. He just had to get up.

However, after the member of the Dark Tower fell, he started twitching and soon stopped moving.

“He fell to his death?” Zhou Xin was stunned and found it unbelievable.

This was impossible. How could he fall to his death for no reason?

One had to know that these were all people in the industry. It was just a fall. Ordinary people might not be in trouble.

He was surprised, but this was not the only thing that surprised him.

All the members of the Dark Tower who were rushing around in a hurry all showed abnormal signs.

Some people collided with others and fell to the ground without breathing. Some people inexplicably crashed into the wall, and some people suddenly fell for some reason.

They all had one thing in common, and that was that they were already dead.

“What’s going on? How could such a strange thing happen!” Zhou Xin was no longer surprised, but shocked.

At this moment, the spy beside him suddenly broke free from the rope and took advantage of his shock to hit his chest.

“Puff!” Zhou Xin spat out a mouthful of blood and stabilized his body. He saw that the spy had already run far away in a few moves.

“So he had been waiting for me to reveal a flaw. Only now did he escape. He’s really scheming.” Zhou Xin looked at the fleeing figure and did not choose to chase after him.

He had to hurry to the palace to report the strange incident today.

Thinking of this, he was about to turn around, but before he could turn around, he saw a member of the Dark Tower running out and shouting as he ran.

“Hurry up! Go to the palace and tell His Majesty that something had happened to Fate!”

Zhou Xin recognized him. He was also in a high position in the Dark Tower’s headquarters, but now, he was bleeding.

“Pay attention to your safety first. I’ll go right away!”

He didn’t stay and turned to leave.

Such scenes were happening in every corner of the Great Yue Country.

When a person’s luck declined, no matter what they did, it would not go their way. There might even be a bloody disaster.

Those with strong abilities could resist a little, but they had to be careful. Otherwise, they would still be consigned to eternal damnation, while those with weak abilities would die on the spot.

In the Imperial Palace of the Great Yue State.

“Report!”

A young eunuch dressed in a eunuch’s uniform quickly ran to the front of a mansion.

“Something has happened. The Fate Master said that there is a problem with the Fate. The person who came must be an expert. We have to capture him and invite the Prime Minister to go.”

Inside the mansion, a middle-aged man was sitting on a luxurious recliner with a book in his hand. When the young eunuch walked in, he slowly put the book down.

The middle-aged man was extremely handsome. Even though he was middle-aged, one could still see his elegance.

His white clothes accentuated his beauty.

He did not know what happened after that. He only knew that after the white light appeared, he buried his head and ran.

Seeing that Liu Yue did not chase after him, Xu Bai relaxed a little.

“That’s a treasure!

Ying Yue’s voice came from the small black ball.

“Maybe we can trap him, but we can’t trap him forever. We have to speed up.”

Xu Bai nodded and continued running.

He didn't say much and flew at full speed.

Just like that, after about an incense stick's worth of time, he suddenly felt something strange. He turned around and saw a small black dot appear in the distant sky.

Although it was only a small black dot, the words that filled the sky were gradually spreading. Xu Bai knew that Liu Yue had come out.

"Just half an incense stick worth of time?"

He turned around and continued to run, thinking of a way as he ran.

Now that he did not have any means, he could not turn around and fight. This kind of fighting was no different from death.

Liu Qingfeng had lost half of his body after being attacked by a single character. If it wasn't for the fact that his Indestructible Body could recover rapidly, he would have died long ago.

With what?

"Oh right, I can invite you again!"

Xu Bai thought of a crucial point.

His Mountain Sea Inviting Divine Technique could not only invite him once. If he invited him again, wouldn't it be over if he invited Liu Qingfeng over?

If Liu Qingfeng had a divine soul, he would definitely curse after knowing about this.

But Xu Bai couldn't care less.

He chanted the secret of the Mountain Sea Sect's divine technique.

The small black dot gradually approached and expanded at a speed visible to the naked eye.

Halfway through his speech, Liu Yue's figure appeared in front of him, forcing Xu Bai to stop.

"Prince Xu has graced the Great Yue State with a visit. How can you bear to leave without drinking a cup of wine?"

"How about this? I'll be the host and invite Prince Xu to the palace. We can talk about astronomy and geography."

Liu Yue floated in the air. There were countless words in the sky. His gaze was indifferent, like a cat seeing a mouse.

Xu Bai stopped in his tracks for a moment before he continued to chant.

If the other party wanted to talk nonsense with him, he would continue to chant. He had to seize every moment to see if he could invite Liu Qingfeng over again.

“Tsk tsk tsk.” When Liu Yue heard Xu Bai’s words, he clicked his tongue and said, “Inviting divine techniques, a profession that has long been extinct, and you actually know it. Please, invite that Liu Qingfeng over. Just nice, I want to capture him and study his body.”

Xu Bai’s expression froze when he heard that.

The other party actually saw through his thoughts. Moreover, he was calmly waiting, as if he wanted to capture Liu Qingfeng in one fell swoop.

Xu Bai stopped. Behind him was the sky that was interwoven with gold and gray.

Since he had seen through it and there was no help, he could only burn his bridges.

Surrender was not his character. He should fight to the death.

“Hmm?” Liu Yue seemed to be commenting on something. His tone was calm. “Reason, chaos, and... Hmm, a mixture of madness. I suddenly decided not to kill you.”

“You’re so important to Great Chu. If I capture you alive and exchange you for countless resources from Great Chu to make up for Dark Tower’s losses, that would be the most cost-effective.”

“After they exchange for the resources, they will kill you and make Great Chu lose both its people and its wealth. Only then will they be the true wastrels.”

As a ninth-grade Saint Realm master, Liu Yue didn’t fit the description of a villain dying from talking too much because he was strong enough.

In this place, the situation had already been decided. Who could stop it?

In the Great Yue State, no one could stop him except for other Saint Realm experts.

However, it was impossible for other Saint Realm experts to pass through the border.

Therefore, Liu Yue was confident that he could say as much as he wanted.

“Is that so?” “But I’m not someone who will surrender without a fight.” Xu Bai laughed.”

In his hand, a white blade light faintly appeared.

Coexistence of Yin and Yang!

Overtake the Heavens!

With the support of the two skills and the Yin-Yang Coexistence, the strongest attack of the Three Uniques of Sword and Sword appeared in Xu Bai's hands.

Overtaking the sky, from inside to outside, from outside to inside, both inside and outside attacks.

The terrifying saber radiance burst out like the scorching sun and swept toward Liu Yue.

Liu Yue was slightly stunned." You actually used the ability of a ninth grade Transcendent. You really made me look at you in a new light. What a pity. ""

A character fell from the sky. When the character met the saber beam, the saber beam disappeared.

Liu Yue didn't waste any more words. The words in the air fell and wrapped themselves in Liu Yue's hands, grabbing toward Xu Bai.

This grab was made across the air. It seemed simple, but Xu Bai felt that this hand was like a mountain, making it difficult for him to breathe.

"This time, it's really over." Xu Bai smiled bitterly.

Even flipping the sky was useless, what else could he do?

There was nothing he could do.

If his strongest skill could not do anything to the other party, how could he have any other methods?

This was the first time Xu Bai felt pressure, and it was an unparalleled pressure.

"If there is a chance in the future, I will definitely kill you." Xu Bai thought to himself and closed his eyes.

The palm was getting closer and closer. It wanted to capture Xu Bai alive.

At this moment, Xu Bai suddenly opened his eyes.

There was a way!

I still have a killer move!

A killer move that could overturn the situation!

### **Chapter 764: Little Gold, Get Him! (8000) \_1**

Although he wasn't sure if this method would work, it was the only solution for his current situation.

Right now, no one could help him. The only one who could help him was himself.

Looking at the giant hand that was slowly descending and the words that appeared on its hand, it carried an extremely powerful pressure that caused the world to change color.

Xu Bai slowly opened his mouth and said two words...

"Boom!"

Just as the hand was about to land on Xu Bai, it turned a corner and landed on the ground a thousand meters behind Xu Bai.

A loud sound shook the earth, and everything within a thousand miles was razed to the ground.

Xu Bai turned around and looked at the mess behind him. He wiped the nonexistent sweat on his forehead.

Damn it, if this hand landed on his body, although he wouldn't die, he would definitely be seriously injured and might even lose the ability to resist.

So this was one of the top nine Saint Realm masters in the world?

As he thought about this, he heard a voice in his ear before he turned around.

"What did you just say?"

Liu Yue's expression was no longer as calm as before. Although he did not seem to be affected on the surface, there was a trace of surprise in his eyes.

"Saint!"

Xu Bai repeated the word, "You didn't hear wrongly."

Liu Yue was originally in the air. After Xu Bai finished speaking, he took a light step and arrived in front of Xu Bai.

The characters in the sky circled around him, locking Xu Bai down.

"What do you mean?"

Liu Yue's tone was calm, but Xu Bai could tell that he was pretending.

"You don't have to tie me up. I can't escape either." "You're right." Xu Bai shrugged. "I have a way to become a saint."

After saying this, he shut his mouth tightly and did not say a word, but the meaning in his eyes was obvious.

Do you want to know?

If you want to know, come and beg me!

"Brat." Liu Yue's lips curled into a cold smile. "I've eaten more salt than you've eaten rice. There are only eight people in this world who can be compared to me. Are you trying to lie to me?"

Although he said that, Liu Yue did not make a move. It was obvious that he wanted to hear what Xu Bai had to say.

Xu Bai heaved a sigh of relief and put on a calm expression.

He was right.

In that instant just now, he knew that no matter what moves he used to resist, it was useless. The difference in strength was there, and no matter how many schemes he had, it would be useless.

But he thought of one thing.

In this situation where there was a huge disparity in strength between the enemy and himself, if he wanted to make the enemy give up attacking, he had to have something that the enemy wanted, and only he had it.

What could move one of the nine great experts in the world?

Treasures?

As long as the other party said a word, all the gold and silver treasures in the world would be at his fingertips.

Power and status?

As one of the nine great experts in the world, he had already stood at the peak of power.

A beauty that could topple a country?

I'm sorry, someone at this level probably played better than anyone else when he was young. He might have already seen through it.

Therefore, Xu Bai could only think of one thing.

– Out of the Holy.

In this world, the nine masters were all at the peak of the Saint Realm, but they could never take the final step in their entire lives.

In that case, he would give them hope.

The chance to become a Saint was enough, right?

“Strange City.” Xu Bai said two more words.

When he said this, Liu Yue finally frowned.

“Kid, you want to play tricks on me? Even if I go in that place, my soul will be completely gone.”

“If your so-called method of getting out of the Sage is such an illusory thing, then don’t say anything else.

“Come back with me obediently. I’ll let you have a taste of the various concoction methods of the Dark Tower.”

The Bizarre Market was an extremely special existence.

Unless the world was unified, entering at any other time would result in the loss of one’s divine soul.

Liu Yue had a thought in his mind. Could this guy be trying to lure him to the Bizarre Market?

If that was the case, this plan was too fake.

Xu Bai shook his head." I can enter the Bizarre Market. Moreover, I can maintain my soul. I won't be harmed in any way.””

“I once heard Director Mu say something. The Strange Market has a large portion of the resources in the world. It is precisely because of this that the Saint Realm experts in the world are incomplete. Otherwise, they would have long stepped into the Saint Realm.”

“So I think this guess is right. I'll go to the Bizarre Market and help you find the method to become a saint. How about it?”

Liu Yue didn't say anything. He was secretly thinking about Xu Bai's words.

In fact, Xu Bai's last sentence was completely made up. He had never even met Director Mu, so how could he know the method of becoming a saint?

However, the most important problem now was not whether he should make it up or not, but to find a way to make the other party believe him.

Xu Bai felt that it was time to add fuel to the fire.”I won't lie to you. You know, anyone who enters this world will die. Why would I seek my own death?”

“Besides, you don't have to worry about me escaping. After I go in, I will come out in the same place.”

Liu Yue stared at Xu Bai without saying a word.

Even so, Xu Bai could tell that the other party did not say anything, so it was very likely that he believed him.

” Think about what I said. I went in and came out again, but I'm still in the same place. I told you just now that I won't get any benefits, so I hope you'll let me go after I find the way to become a saint.””

“I won’t say anything else now. If you’re willing, then agree. Take me to the place where I can enter the Bizarre Market. I think you should know.”

“If you don’t want to, then take me away now. I don’t care.”

“Oh right, scholars shouldn’t be good at controlling the soul. Why don’t you try bringing me back and let them use the soul to check me?”

“Of course, in this case, you won’t be the only one who knows the method of becoming a Saint. If you’re the first to know, you’ll be the first person in the world to become a Saint.”

“If everyone knew, you wouldn’t be number one. Although there’s no number one in literature and no number two in martial arts, the title of number one is still famous.”

At this point, Xu Bai really shut his mouth. He didn’t say a word, but his meaning was obvious.

If he wanted to take it all by himself, then he should not take him away. Instead, he should bring him to find a place to enter the Bizarre City. If he wanted everyone to know, then it did not matter. He just had to bring him away.

Liu Yue had been silent when Xu Bai was talking. When he saw that Xu Bai was no longer talking, he grabbed Xu Bai’s collar and flew toward a place.

Although he did not say a word, Xu Bai saw Liu Yue’s expression and the corners of his mouth curled up slightly.

It worked.

He was not stupid enough to really enter the Bizarre Market. After entering, even if he came out, he would still be in the same place. That would be a waste of effort.

He would use another method, and he would naturally find out when the time came.

Flying in the sky was very fast. After all, he was a Saint Realm master. In less than a minute, Xu Bai saw a dense forest.

“Boom!”

Liu Yue dragged Xu Bai by the collar and landed on the ground.

This was the center of the forest. Not far ahead, Xu Bai saw a circular pattern.

This circular pattern was very large, with a diameter of about twenty meters. The patterns on it were unusually complicated, making people feel dizzy at a glance.

"Go in. Step into the center of this circular pattern and I'll let you in." Liu Yueyan said simply.

He didn't say anything else.

However, he had already told Xu Bai that he could enter the Bizarre Market from here.

Xu Bai took two steps forward with his back facing Liu Yue. He rolled his eyes and said, "I can't go in directly. My soul will also be erased. There's a prerequisite for entering."

"What condition?" Liu Yue asked.

Xu Bai raised his finger and pointed at his forehead.

"When I entered the Bizarre City previously, I was robbed and killed on my way to Shangjing. That person destroyed my soul, but after I entered, I actually strangely grew my soul back."

"So you have to destroy my soul first before putting me in."

"What's the principle behind this?" Liu Yue frowned.

Xu Bai shrugged. "Who knows what the principle is? I couldn't explain how I went in like this. Besides, there might be some danger this time."

"Do you think that I can still pose a threat to you? I want you to destroy my divine soul. If I'm lying to you, I'll become an idiot."

Principle?

Who would explain the theory to him? The more he explained, the more loopholes there were. It was better not to explain at all.

Pushing everything to the Bizarre Market was also a mature excuse.

Moreover, destroying the divine soul would mean that everything would cease to exist and one would become an idiot.

Xu Bai said this first to tell Liu Yue that he would not joke about the danger of becoming an idiot.

Whether it was what he said before or now, Xu Bai was telling Liu Yue one thing, whether intentionally or unintentionally, that no matter what he did, he would not escape from Liu Yue's grasp.

First, he would still be in the same place when he came out of the Bizarre Market. He would not escape.

Secondly, letting Liu Yue personally destroy his divine soul was no different from killing himself. He would not do such a stupid thing.

When these two situations were combined and told to Liu Yue, it would let Liu Yue know that the control was still in his hands.

In fact, if it was anyone else, even if it was Director Mu, who was supervising the heavenly teachers, they would be very confident because what Xu Bai said was the truth. There was nothing wrong with it.

Liu Yue carefully thought about what Xu Bai said. After a moment, he raised his index finger and a tiny word appeared on it.

"To what extent?"

"Do your best. As long as you don't shatter my body, just focus on my soul." Xu Bai closed his eyes and said.

Although Liu Yue was a scholar, he was also a ruthless person.

Upon hearing Xu Bai's words, he did not hesitate at all and pointed at the center of Xu Bai's forehead.

The words on his finger seeped into Xu Bai's head. In an instant, Xu Bai felt a huge destructive force surging in his soul.

This speed of destruction was almost instantaneous. Even Xu Bai's Indestructible Demon Soul Buddha Body could not recover.

It hurt!

It was heart-wrenching!

The pain of touching the soul was exactly the same as what he had encountered in the bizarre market.

Xu Bai's consciousness gradually blurred. He looked up at Liu Yue and the corners of his mouth curled up slightly.

They looked alike!

It was very similar!

It felt too similar to the Bizarre City. Back then, the Bizarre City had wanted to destroy his soul, but in the end, it had forced the Goldfinger out.

What about now?

He didn't dare to bet on anything else because he didn't know if the cheat would appear if he was killed from the outside world.

However, he was sure that if the divine soul was destroyed and the divine soul could not be repaired, the golden finger would definitely appear.

### **Chapter 766: Little Gold, Get Him! (8000) \_3**

Even the Bizarre Market couldn't withstand it. How could a peak Saint Realm cultivator withstand it?

“Xiao Jin! Get him!”

“Oh my!”

As Xu Bai thought about this, he completely lost consciousness.

Liu Yue retracted his finger and saw Xu Bai unconscious. He was about to bring Xu Bai to the center of the circular pattern.

At this moment, a hint of fear suddenly appeared in his heart.

That's right, fear!

At his current state, there was almost nothing in the world that could make him afraid.

However, he did feel fear now, and it came from the deepest part of his heart.

When the fear appeared, it gradually magnified like an avalanche, filling his entire heart.

“What’s going on?”

Liu Yue was shocked.

Before he could react, he saw Xu Bai, who was lying on the ground, open his eyes.

What a pair of eyes!

The left eye was golden, while the right eye was grayish-white. It was as indifferent as ice that would not melt for thousands of years.

It was this pair of eyes that made Liu Yue feel great fear.

“Puff!”

Without any attack or prelude, Liu Yue took two steps back and spat out a mouthful of blood. His face was filled with shock.

He raised his right hand and looked at his five fingers. They were turning transparent.

This was only what he saw on the surface. What truly terrified him was that his divine soul was also gradually being obliterated.

Fortunately, his realm was high enough to slow down the speed of this obliteration.

But... He was a Saint Realm pinnacle cultivator!

What kind of existence could make him unable to avoid it?

“Run!”

“This person has a huge secret!”

“Run! If you don’t run, you’ll die!”

In an instant, Liu Yue soared into the sky and disappeared into the horizon. He had no intention of turning back.

He knew that he had fallen into a trap this time. If he had killed Xu Bai directly, perhaps the current situation would not have happened. However, he had to attack Xu Bai’s divine soul.

However, he did not dare to stay or even take revenge because he felt that a terrifying existence was awakening.

Liu Yue walked very quickly, leaving Xu Bai lying on the ground.

Xu Bai's eyes were still golden and grayish-white.

He just lay there, motionless.

In his arms, Ying Yue had turned into a black ball, and had long since fallen unconscious.

The moment Xu Bai opened his eyes, even if it wasn't directed at her, she instantly lost the will to resist.

After nearly an hour, the golden and grayish-white color in Xu Bai's eyes gradually disappeared.

He came back to his senses and patted his forehead. He found that he had recovered as good as new.

The surroundings were empty. There was nothing.

"Dog thief, you ran quite fast. It's a pity that we didn't manage to keep him."

Xu Bai didn't see Liu Yue's body. He knew that Liu Yue had escaped and probably had a trauma in his heart. He wouldn't come after him again.

"We have to run quickly. We can't let him react."

Just now, Liu Yue was probably frightened. If he came back to his senses and did not attack his soul but directly obliterated his physical body, he might not be able to activate his golden finger.

Without any hesitation, Xu Bai flew into the air and headed toward the Great Chu Country.

Soon, they disappeared into the horizon.

Great Yue State, Imperial Palace, Liu Yue's temporary residence.

Liu Yue sat on the chair and looked at his fingers that had recovered to their original state. He heaved a sigh of relief.

His injuries did not recover after he ran all the way down. Instead, he returned to the mansion and used a very long time to stabilize his injuries and completely recover.

"What exactly is that thing?"

At this moment, he finally had the mood to recall the scene just now.

Sometimes, the longer a person lived, the more afraid they were of death, especially people like them.

If it had been a hot-blooded young man, he would have killed Xu Bai at the risk of his life, but he was different.

There were a total of nine people like him in the world. He would not risk his life for nothing.

“No matter what, we have to tell His Majesty about this.”

Liu Yue thought for a moment and then rushed towards the Emperor's residence.

In the Imperial Palace of the Great Yue State.

Liu Yue stood in front of the Emperor and explained everything that had happened.

Of course, he didn't say that he wanted to monopolize the news. Instead, he found another excuse.

The Emperor of the Great Yue State was different from the Great Chu State. He was already very old and his hair was all white.

After listening to Liu Yue's narration, the Emperor of Great Yue State shook his head.

“These are not things that you should be concerned about for the time being. Now that the dark building is gone, so is the photo studio.”

Not long ago, the Dark Tower was completely destroyed. Everything related to the Dark Tower was destroyed. Those people from the Dark Tower were either dead or crippled. They were basically useless.

This was the terror of fate, it could hurt people without them noticing.

Liu Yue opened his mouth, wanting to say something, but he still closed his mouth.

He knew that the person in front of him was no less resourceful than him. Since he had to deal with internal matters first, he would postpone this matter.

Liu Yue bowed and left.

At the border of Great Yue State.

The security here was tight and everything was in order.

Traders were passing by one after another, and they were moving quickly.

After everyone was checked, they left in a hurry. No one stayed.

The soldiers of the Great Yue State had inspected the place in detail, and none of them slacked off. After all, if a spy slipped away from them, they would be the ones who would get burned.

## **I Have Unparalleled Comprehension #Chapter 767: Little Gold, Get Him! (8000) \_4 - Read I Have Unparalleled Comprehension Chapter 767: Little Gold, Get Him! (8000) \_4**

### **Chapter 767: Little Gold, Get Him! (8000) \_4**

At this moment, a figure suddenly streaked across the sky and broke through the border.

Everyone was stunned. Soon, a soldier left quickly.

Such a situation was actually very normal.

A mortal evolution state could fly freely in the sky, so it was easy to fly past the border like this.

But that didn't mean that it was safe to fly over.

For example, if a mortal evolution state or even a transcendent state spy flew across the border to cause trouble, he would be exposed.

No matter how high he flew, he would still be discovered.

This was because there was a unique way to detect the formation.

They wouldn't stop it, but the news would be sent inside.

This was the most dangerous time. They would face all kinds of pursuits and even encounter all kinds of experts.

Therefore, flying was not the safest method.

But Xu Bai didn't care.

He was not flying from Great Chu to Great Yue State, but from Great Yue State to Great Chu State. As long as he flew to Great Chu State, everything would be fine.

How could Great Chu investigate him?

Who was he?

Great Chu's Prince Xu.

Flying in the sky, Xu Bai played with the black ball in his hand and said, "It's safe now."

It was a narrow escape, but he still arrived safely. Xu Bai had seen the true power of a Saint Pinnacle Stage cultivator.

The feeling of being unable to resist made Xu Bai suffocate. At the same time, his battle prowess was ignited.

The black ball reached out its fair arm and pried Xu Bai's fingers away.

"Itchy ~"

Ying Yue's voice came from inside.

"You've already turned into a ball. Why are you still itchy? By the way, are you really not going to come back?" Xu Bai asked.

As he asked, he twirled the black ball again.

Ever since she had turned into a small black ball, Shadow Moon had no intention of turning back.

Of course, all men liked round objects, and Xu Bai was the same.

The more the black ball spun, the more excited it became. Although Shadow Moon would complain from time to time, that was not important.

As long as it's exciting

"I'll transform back after I return to the capital. If I encounter any danger, I'm afraid I'll cause you trouble."

Xu Bai nodded and continued to fly towards the capital without saying anything else.

He didn't go to King Sheng You because he had a very urgent piece of news that he wanted to know. That was why his trip here was so coincidental.

It was too much of a coincidence. After every coincidence accumulated, it became a problem.

He wanted to ask clearly, and Director Mu, who knew all of this, was in Zhai Xing Lou in the capital.

Therefore, Xu Bai did not stop at all. He only wanted to go to the capital.

Flying at full speed, they were getting closer and closer to the capital.

When he was about to approach the capital, he landed from the sky and just happened to land at the city gate.

When the soldiers guarding the city saw someone fall from the sky, they immediately held their weapons in their hands. However, when they saw who it was, they immediately straightened their backs and respected him.

“Greetings, Prince Xu!”

In the Great Chu State, regardless of whether it was an official or someone from the martial world, as long as they were well-informed, they would know what Xu Bai looked like.

Xu Bai smiled.

This was more like it. This was what a sense of security was.

He smiled and said a few words to the soldiers guarding the city before entering the capital.

As usual, people came and went on both sides of the street.

Xu Bai did not stop there. Instead, he went to the palace.

The guards in the palace were even stricter, but when they saw Xu Bai, no one stopped him, so they let him in.

Zhai Xing Lou was not in the palace, but outside. However, Xu Bai did not enter alone. He wanted to find a helper for this trip.

Although he was not going to fight, the meaning of this was the same as fighting. He had to find someone to help him.

Looking for who?

The answer was obvious. Of course, it was Eunuch Wei.

With his relationship with Eunuch Wei, this matter was as easy as turning his palm.

Xu Bai had stayed in the palace for a long time, so he was naturally familiar with it.

In fact, if there was nothing else, he wanted to look for Ye Zi and Qing Xue and have a chat with them.

One of them was studying with the Heavenly Musician in the royal treasury, while the other had been following the Ninth Princess in the palace.

However, Xu Bai's heart was in a hurry and he had no time to talk about family matters. He hurried to Eunuch Wei's residence.

Eunuch Wei's residence was still decorated in the simplest way.

Just as Xu Bai stood at the door, he saw a figure moving and quickly arriving in front of him.

A hand patted his shoulder, and Eunuch Wei's face revealed a look of relief.

"It's good that you're fine."

There were no extra words. It was just four simple words, but it was enough.

Xu Bai sighed, and a look of relief appeared on his face."I almost died. I was chased by Liu Yue."

Eunuch Wei was stunned, and then his face darkened."That Prime Minister who was afraid of death. Back then, our family almost exchanged him for the Prime Minister. However, he was afraid of death and ran very quickly, so we spared his life."

Xu Bai was speechless.

As expected of Eunuch Wei, he was willing to exchange one for another.

He was the only one in the world who could exchange Transcendents for Saints.

"Eunuch Wei, I have a favor to ask of you."Xu Bai suddenly cupped his hands and said.

Eunuch Wei hurriedly helped Xu Bai up." Prince Xu, our relationship is extraordinary. If you have something to say, just say it. There's no need to be so polite.""

"I would like to invite Eunuch Wei to accompany me to Zhai Xing Lou. I have some things I want to ask Director Mu."Xu Bai said.

## Chapter 768: Little Gold, Get Him! (8000) \_5

Eunuch Wei was stunned for a moment before he quickly reacted. "It just so happens that our family is going to Zhai Xing Lou this time. Let's go together. I want that old thing to give me an explanation. The white-robed prime minister personally chased after you and even promised me that you're fine."

Eunuch Wei was even more anxious than he was. He held his hand and walked toward Zhai Xing Lou.

Xu Bai naturally did not object to this situation. He followed behind Eunuch Wei, and the two of them left the palace one after the other.

Zhai Xing Lou was actually located in a relatively remote area of the capital.

When it was built, it was supposed to be built in the most prosperous area, but Director Mu rejected it.

Director Mu said that the Heaven Inspectorate was in the dark and it was not suitable to build it in a prosperous place, so it was in a remote place.

However, in Xu Bai's eyes, Director Mu was just pretending to be low-key.

It was built in a relatively remote place and was indeed low-key.

However, Zhai Xing Lou had a total of nine floors. If one looked at the buildings in the entire capital, other than the Imperial Palace, where else could there be such a nine-story building?

The location was indeed low key, but the style of construction was not low key at all.

On the way, the two of them walked. Eunuch Wei asked about the details as he walked. Xu Bai found an excuse and said that he had tricked Liu Yuekuang. As for what excuse, he did not say.

Eunuch Wei didn't ask further. He was relieved to know that Xu Bai was safe.

Soon, the two of them arrived at Zhai Xing Lou.

On the surface, Zhai Xing Lou did not seem to have many guards, but the number of experts hidden in the dark was unknown.

However, since Eunuch Wei had arrived, no one stopped them. They smoothly went up to the ninth floor.

On the ninth floor, when Xu Bai stepped in, he saw a white-haired old man playing chess on the chessboard. The other side of the chessboard was empty. It was obvious that he was playing chess with himself.

“This level is high enough.”

Playing chess was the best way to show off the power of an expert. However, in order to achieve a higher level, it was best to play chess with oneself.

“You came. I knew you would come back alive and come to find me.”

Director Mu held the black piece in his hand and did not place it on the chessboard for a long time. He seemed to be deep in thought and spoke without raising his head.

One of the nine remaining experts, using such a form of conversation gave off a strong sense of oppression.

Because he couldn't see his face and expression clearly, the pressure was even greater.

However, the atmosphere that was created disappeared without a trace in the next second.

Eunuch Wei, who had always paid great attention to the rules, did not care about the rules at all. He took two steps forward, grabbed Director Mu by the collar, and pushed him against the wall.

“Give me an explanation. Otherwise, I'll have a discussion with you today.” Eunuch Wei narrowed his eyes. There were threads crisscrossing behind him.

This was his Heavenly Change. After the Heavenly Change appeared, it emitted an extremely penetrating coldness.

“This... Do you really want to fight?” Xu Bai had originally invited the Duke of Wei to come over to suppress the situation, but he did not expect that they would start a fight when they met. This was beyond his expectations.

"Let go of me first. How can you do this in front of a junior? I've done what I promised, and I even used a one-time use treasure. I only have two of those things, and now I don't have any." Director Mu changed his previous image and started to struggle violently.

The image of an expert had disappeared without a trace.

"As expected, only an expert can cure an expert." Xu Bai thought to himself, You can pretend in front of me, but in front of Eunuch Wei, isn't that asking for a beating?"

Director Mu struggled for a while longer, but he was only a Fate Master and was not good at physical combat. He put down his hand helplessly."Isn't he fine?"

Eunuch Wei withdrew the Heaven Changing Spell behind him and snorted coldly."If there's a next time, I'll really make a move."

After he finished speaking, he didn't leave. He just stood at the side, obviously wanting to support Xu Bai.

Director Mu landed steadily on the ground and adjusted his collar. Then, he pretended to say in a deep voice,"Shadow Moon, come out. Go to the eighth floor and change your information back. This way, you don't have to be a spy anymore."

A token was thrown out by Director Mu. The black ball in Xu Bai's hand transformed into the shape of a shadow moon and caught the token firmly.

Xu Baixin thought, Soft.

I told you to jump to the ground before you transform back. Why didn't you listen?

When Ying Yue returned from the black orb, Xu Bai had pressed the wrong spot.

It was the same now, and it was in front of these two people.

How soft...No, how awkward.

Xu Bai withdrew his hand awkwardly and looked straight ahead.

Shadow Moon seemed to have gotten used to it. She rolled her eyes at Xu Bai and walked towards the eighth floor.

Before he left, he whispered something.

"I'll look for you later."

When Xu Bai heard this, he acted as if he hadn't heard anything. He looked down and pretended to be serious.

The people present turned a blind eye to it. After all, they were all experienced.

After Ying Yue left, Xu Bai turned to look at Director Mu.

He organized his words and was about to speak.

However, before he could speak, Director Mu spoke first.

"I know what you want to ask. Everything is too coincidental, right?"

## **I Have Unparalleled Comprehension #Chapter 769: Saint Treasure, Evil Eye - Read I Have Unparalleled Comprehension Chapter 769: Saint Treasure, Evil Eye**

### **Chapter 769: Saint Treasure, Evil Eye**

It wasn't just a coincidence!

It was simply a ridiculous coincidence!

In such a situation, it was understandable if it was a coincidence once or twice, but if too many coincidences overlapped, it would not make sense.

Not to mention other things, after he came to the Great Yue State, he met Ying Yue. The series of events after that were all coincidences. The most ridiculous thing was that he met Ying Yue in that mountain.

At that time, he was clearly digging a hole, but as he dug, he actually dug to the place where Ying Yue was. In the end, he was even chased by the Prime Minister of the Great Yue State. These things could not be explained clearly.

Xu Bai didn't reply to Director Mu's words, but his eyes were clear. He had to make things clear today.

"Ahem." Director Mu put his hand to his mouth and coughed lightly. "Don't look at me like that. No matter what, I'm still an elder. If you really want to know, if you really want to know, just..."

Before he could finish his words, he felt Eunuch Wei staring at him. Although there was no emotion in his eyes, he knew what Eunuch Wei meant.

Really... Good job!

Director Mu said in his heart.

This kid was really a clever one. He brought Eunuch Wei over to help.

Of course, he couldn't really fight Eunuch Wei. In fact, if they really fought, he could be replaced.

Since he could not really fight, and he was only a Fate Master, how could he possibly win?

"Boring." "Actually, I've been paying attention to you since you came to Beijing." Director Mu sighed."

"Hmm?" When Xu Bai heard this, he felt a chill run down his spine.

It was as if he was being watched by an old and cunning monster.

Director Mu waved his hand." Don't look at me like that. You should know that the journey to the capital is very dangerous. But why is it so smooth?"

"Why?" Xu Bai asked.

"Because...I gave you a bit of luck." Director Mu said slowly.

Xu Bai didn't know much about this, so he just nodded calmly.

Eunuch Wei's eyebrows twitched as he stepped forward." You just said that you'll get a portion of the luck. Old man, do you really think that luck is so precious that you're willing to give it to Xu Bai?"

Others might not know much, but Eunuch Wei knew Director Mu very well.

Fate Masters were judged by their fate, and Director Mu used the fate of Great Chu as his foundation to become a ninth-grade Saint.

Of course, this luck did not belong to Director Mu. However, as long as Great Chu was still around, Director Mu could use the luck to maintain his peak condition.

If he lent his luck to others, he wouldn't be lending it to the Great Chu Country. Instead, he would be lending it to Director Mu himself.

In this profession of a Fate Master, the individual's fate was even more important. If the individual's fate was slightly weak, they would not be able to control the fate of Great Chu.

“No wonder. When Xu Bai went to the capital, you stayed in Zhai Xing Lou. It seems that you were worried that you wouldn’t be able to walk steadily.” said Eunuch Wei.

Director Mu nodded and agreed with Eunuch Wei. “Such an interesting person, of course, I have to ensure his safety. Just like this time, I also contributed.”

“But... It’s time to return it.”

After saying this, Director Mu waved his hand.

He didn’t see any specific reaction. Xu Bai felt that something was being extracted from his body.

“Hu...” Chief Secretary Mu let out a sigh of relief, “I can finally leave Zhai Xing Lou.”

“Why?” Xu Bai didn’t wait for Director Mu to finish venting his anger and asked again.

The first sentence was about why, despite the danger on the way to the capital, he still succeeded in the end.

And this ‘why’ was a question of why he had to give the luck to him.

Director Mu took a few steps forward.

The darkness suddenly twisted. A few experts from the Heaven Inspectorate carried a table and a stool and placed them in front of them. There was a pot of tea and two cups on them.

“Let’s chat while drinking.” Director Mu sat down and gestured for Xu Bai and Eunuch Wei to sit down.

The corner of Xu Bai’s mouth twitched. He felt that Director Mu seemed to have some strange attributes.

In Xu Bai’s opinion, these true experts all had some problems with their personalities.

“He is like this.” Eunuch Wei pulled Xu Bai to a seat and sat down in another seat. “In the past, I’ve done these kinds of nonsensical things, such as building Zhai Xing Lou.”

“When I first started, I said I wanted to find a remote place to keep a low profile, but I built this nine-story building. In his words, since you’re an expert, you have to pay attention to your temperament.”

“Also, don’t look at him playing chess all day.”

Xu Bai was speechless.

When he heard this, he subconsciously looked at the chessboard.

He still knew a little about Go. It was a mess and he couldn't understand anything.

He understood.

Xu Bai understood.

This was perhaps the highest level of acting. Even if he didn't understand, he had to continue acting.

"A cup of tea is enough." Director Mu didn't care that Eunuch Wei had pointed him out. He poured two cups of tea and was very elegant.

He handed the tea to the two of them and spread his hands. He said calmly, "The best tea and the most suitable topic."

Xu Bai stroked his forehead with his hand.

If he didn't know about it, he might have thought that it was very classy, but after knowing about it, Xu Bai only felt awkward.

### **Chapter 770: Saint Treasure, Evil Eye (8000)**

He took a sip to calm himself down. He put down the teacup and looked at Director Mu, meaning that he was ready to tell the truth.

"From the day you came to the capital, I saw the past." Director Mu said simply as if he was talking about something insignificant.

"See the past?" Xu Bai was stunned.

If he said this, he would not be able to do it directly.

Director Mu took a sip of tea. His mouth felt a little hot. He hurriedly put down the teacup and said, "At that time, when His Majesty first paid attention to you, he asked someone

to calculate that you were a particularly important talent and even related to the interests of Great Chu.”

“At that time, I was wondering what was so special about such a talent. Therefore, I used the most mysterious ability of the Fate Masters.”

“I first looked at your past, and in the end, you made me vomit blood. It took me nearly ten days to recover.”

“Fate Masters can see the past and the future. At that time, I thought that seeing the past would almost make me lose it, let alone the future. I didn’t dare to look at it at all.”

Although Director Mu’s expression was very calm when he spoke, there was still a hint of palpitation in his eyes.

This also proved that the situation at that time was not as simple as he said.

Not only did he not see it, but he also suffered a huge injury. It was not just spitting out a few mouthfuls of blood.

“You actually didn’t see my future, so how do you know about that mountain?”

“That’s not right. You’ve already placed your luck on that mountain a long time ago.”

Xu Bai frowned, feeling that something was wrong.

At that time, Director Mu had already buried his luck decades ago. It was impossible for him to move it to Sansheng Mountain.

But why was everything that happened in Sansheng Mountain related to Xu Bai?

There had to be a sequence to everything. He buried his luck first, and then he went to the Great Yue State.

It didn’t mean that he knew where he was going and buried his luck.

“Ahem.” Director Mu coughed lightly again to hide his embarrassment. “If I tell you, don’t blame me.”

“I can’t guarantee it.” Xu Bai said directly.

Director Mu choked. He didn’t expect Xu Bai to answer him like that.

They were all people of status, so they had to say something. For example, it was not strange at all.

However, Xu Bai's answer was so direct that he didn't know how to respond.

"Fine." "You have to know about this anyway. You have to tell me whether you want to or not."

"Since you have taken my luck, you are connected to me. Naturally, you will be led to a place related to me. All of this sounds very mysterious."

"But things in our line of work are always mysterious. Haven't you seen that luck itself is mysterious?"

Hearing this, Xu Bai pondered for a while. He sorted out what Director Mu had told him and analyzed the connection between them.

Because of your luck, the road to Shangjing was dangerous, but in the end, they still arrived."

"It's also because of your luck that everything I do in the future will more or less be related to you.

"That's why I came across the Three Lives Mountain in the Great Yue State and went to the Three Lives Mountain when I went to the Great Yue State."

"Because the Three Lives Mountain has the luck that you once left behind, it led me to do this."

It was indeed very mysterious. Xu Bai could only come to this conclusion from Director Mu's words. As for the principle behind it...

Don't worry about it.

You can't possibly use some scientific methods from your previous life to explain this fantasy world, right? That would be too ridiculous.

After getting the results, Xu Bai also understood the cause and effect, but this did not mean that he could let this matter go.

"Director Mu." Xu Bai no longer drank his tea. Instead, he gently rotated the teacup and said indifferently, ""You are my senior, and you are one of the nine great experts of today. What I am about to say may be hurtful, but I have to say it."

"As a senior, scheming against a junior like this is something that would hurt the face of an expert."

"Actually, I've been thinking that I respect you seniors, but you did such a hurtful thing. If this matter were to spread, it might be a loss of face for an expert like you."

Director Mu's expression was stiff. He didn't drink the tea in his mouth for a long time.

Beside him, Eunuch Wei sneered." What a shameless old thing. You actually schemed against a junior. You've really lived in a dog's stomach for the rest of your life. I'm ashamed to be associated with you.""

Indeed, Director Mu had done something wrong.

No matter how you looked at it, there was nothing wrong with Xu Bai.

Eunuch Wei was a person who was extremely particular about the rules. He was on the side of reason and not relatives. This matter was indeed in Xu Bai's favor.

"I know, but this has to be part of my plan." Director Mu sighed and said, "Look, now that the Dark Tower's luck is gone, the Great Yue State has to deal with their internal affairs. Isn't this our chance?""

Eunuch Wei remained silent.

These were border matters. He was an official in the capital, so he didn't want to care about them for the time being.

He was an amateur at killing people.

He couldn't fight a war.

He was invited by Xu Bai today, so he had to wait for Xu Bai's permission.

Eunuch Wei turned to Xu Bai and said,""If you have any requests, feel free to ask. With me here, I'll make the decision for you."

### **Chapter 771: Saint Treasure, Evil Eye (3)**

Xu Bai nodded and looked at Director Mu.

Director Mu looked around and knew that he had to bleed a little today. He said bluntly, Just say it, as long as I can get it out, I won't frown."

Xu Bai smiled.

At the beginning, Xu Bai had a serious expression on his face. However, after Director Mu agreed, his expression immediately changed.

“First of all, I don’t want you to inject luck into me for no reason.” Xu Bai made a request.

“Don’t worry about this,” Director Mu said. “Anyone who knows this industry knows that once you enter the mortal evolution state, you won’t be able to have luck anymore.””

“Yes.” Xu Bai nodded. “Secondly, this time, I was deeply hurt, especially in my heart. I need some compensation.””

“I’m not greedy. I only have a mouthful of secret manuals. Take out all the secret manuals you have.”

Since it was compensation, it was better to ask for an exorbitant price.

“Are you sure?” Director Mu hesitated for a moment, then placed his hand on the table and slightly clenched his fist.

“Of course.” Xu Bai nodded.

“But...” I’ve never collected any secret manuals here. The secret manuals are all in the imperial family’s treasure vault. I don’t have the right to do so. After all, if I were to do this, I would be surpassing my level.” Director Mu said.

If Xu Bai could make any expression, he felt that he would definitely look disgusted.

This matter should belong to whoever. They could not go to the Chu Emperor because of this matter. After all, this matter was done by Director Mu.

But he couldn’t just give up everything, right?

If there were no secret manuals, wouldn’t that be a loss?

Xu Bai pondered for a moment and said, “How about this? Give me the secret manual of the Fate Master.””

This time, before Director Mu could say anything, Eunuch Wei stopped him.

“No, you can’t take this.”

“Why not?” Xu Bai asked, puzzled.

“If I give you the secret manual for the profession of the eunuch, would you be willing to learn it?” Eunuch Wei asked.

Xu Bai pondered for a moment and then shook his head.

He wasn't trying to hurt Eunuch Wei's feelings on purpose, but this thing really couldn't be learned.

If he wanted to learn, he had to cut himself off. But who was willing to do such things?

"That's the same logic." Eunuch Wei said, "Even if you are a Saint Realm master, you won't be able to display your strength if you don't tie yourself to the corresponding place. That's why there are very few Fate Masters in this world."

"The three major factions have already been bound by Fate Masters. Who can you bind to? To bind a city? It's not as useful as your current ability."

"In my opinion..."

Before he could finish his sentence.

"Ahem." Director Mu coughed and interrupted, "Eunuch Master Wei, this matter is not proper. This is a deal between me and him."

Xu Bai was silent.

After hearing Eunuch Wei's explanation, he hesitated.

To be honest, his golden finger would reach the highest level as long as he finished reading the progress bar. However, if this profession was not bound, it would be useless.

The most ridiculous thing was that this profession was closely related to the things that were bound. If they were not careful, they might suffer a backlash.

If they really wanted to come over, it might be a huge trouble for them.

However, he felt that it was a loss if he didn't want anything.

Xu Bai thought for a moment, and his eyes suddenly lit up. He seemed to have heard Eunuch Wei say, "In my opinion."

Director Mu immediately interrupted Eunuch Wei when he said those words.

Could it be that Eunuch Wei knew that Director Mu had something precious?

"Eunuch Wei, don't say anything." Xu Bai pulled Eunuch Wei back and said, "Who said you weren't involved in this matter? You're here to support me, so you naturally have a part to play in this matter."

Director Mu, who had been interrupting, quickly shut his mouth.

Eunuch Wei looked at Xu Bai's expression and revealed a peaceful smile. However, in Chief Mu's eyes, this smile seemed to be filled with treachery.

"When he was young, this guy often searched for treasures. The one-time use treasure that saved you this time was also collected by him."

"Oh?" "What treasure?" Xu Bai's interest was piqued."

"Saber." Eunuch Wei smiled." This saber is very similar to your Hundred Splits, but it is a saint level treasure. It is said that it is made of the hardest bones of tens of thousands of demons."

"The way to use it is also very similar to your Hundred Splits, but it is a Saint level weapon."

Xu Bai was originally very excited, but after hearing that it was just a saber, his interest was somewhat lacking.

It was just a saber. It was not of much use to him. He did not need a saber at all when he used the Three Uniques of Saber and Sword.

To put it in a more pretentious way, at his realm, weapons were no longer of any use to him.

However, Eunuch Wei had explained for so long that Xu Bai couldn't just ignore him. Just as he was thinking of a way to reply, Eunuch Wei saw through his thoughts.

"Are you thinking that a saber like this is useless to you? Don't forget that this is a saint level weapon."said Eunuch Wei.

Xu Bai didn't hide his thoughts after being exposed. He nodded directly, indicating that it was indeed the case.

"How many ranks can you surpass now?" Eunuch Wei asked.

Xu Bai thought for a moment and said,"I'm now a first-grade Transcendent. I can fight around a fifth-grade Transcendent.""

**Chapter 772: Saint Treasure, Evil Eye**

After several tests in the past, he already had a deep understanding of his own strength.

“With this saber, you can enter Saint Seventh Grade.”Eunuch Wei explained simply, “Let me make it clear. This saber is a saint level treasure. Even if you are a saint, it can raise your cultivation by two levels. There are only a handful of saint level treasures in the world. This is his best treasure.”

“Do you know how you got that saber manual? Back then, that Blade Demon wanted to steal this thing, but he was discovered. When he was escaping, he was severely injured by my family’s palm. From this, one could see the importance of this thing.”

Xu Bai’s eyes lit up. Then, he reached out his hand to Director Mu.

Director Mu was speechless.

At this moment, Director Mu deeply felt what it meant to be tricked by his own people.

Originally, it was not a big deal to take that secret manual. It was not a big deal to choose something from his treasures. He might not be able to choose that saber, but now...

It was over.

“Good!”

He had already said it out loud, and he really had to compensate the other party for this matter. The other party had also made a request, and he happened to be able to fulfill it. He had no choice but to give it to him.

“Follow me.” Director Mu said.

After saying this, he turned around and pushed open the door of this room, entering another room on this floor.

Xu Bai and Eunuch Wei followed behind him and soon arrived at the room. When they entered the room, Xu Bai felt like his eyes were going blurry.

There were jewels and treasures everywhere.

Xu Bai wasn’t a person who knew what was good, but when he looked at the items in front of him, he could tell that they were definitely not ordinary items.

Most importantly, there were many!

Even the ground was covered!

Every step Xu Bai took was stepping on a treasure. He felt that this feeling was very special.

He thought of Eunuch Wei's words again and felt that this sentence should be added with a title.

"Searching for Treasures Often."

Not only that, did he empty a mountain of treasure here?

"Will it be fine if I leave it here?" Xu Bai asked.

Eunuch Wei said, "There are two safest places in the Great Chu. One is the royal treasury in the palace, and the other is here. Whoever dares to touch the small treasury of a Saint Ninth Grade will die without knowing how they died."

Xu Bai was speechless.

Alright, now it seemed like that was indeed the case. It was safer to put it here than anywhere else.

Director Mu didn't say anything. His heart ached as he kept searching in a corner.

This corner was filled with treasures. When he was rummaged through, the surrounding treasures kept flying in all directions, making Xu Bai's heart jump.

Good heavens!

It was as if he was using a shovel to lift up the soil.

After a while, Director Mu took out a knife from the pile of treasures.

When Bai first saw the saber, his eyes lit up.

The entire saber was as black as ink, and there were fine cracks on it, very similar to Hundred Break.

However, there was an eye carved on the hilt of the knife.

To be precise, the eye was not carved. When the knife was taken out, the eye actually moved.

"These eyes..." Xu Bai said hesitantly.

"It's a bird-type great demon at the Saint Realm," Eunuch Wei explained. "Its eyes won't decay, so it's embedded in the saber."

"I don't know which era this saber is from, but when I first got it, Director Mu used his ability to see the past and saw the forging process of this saber."

So it was the past. No wonder.

In today's world, there were only nine masters who had entered the Saint Realm. Xu Bai was still thinking about how there were no more demons who had entered the Saint Realm. If they had entered the Saint Realm in the past, then everything would make sense.

"This saber doesn't have a name. I didn't give it a name after I got it because I don't use a saber." Director Mu handed the knife over with a pained expression. "Speaking of which, this saber is really similar to you."

"Oh?" "Why?" Xu Bai took it and asked.

He did not get an answer, but he knew the reason.

When he held the saber in his hand, Xu Bai felt a chaotic aura coming from the saber.

The chaos could topple mountains and overturn seas. Any Transcendent expert would have been thrown into chaos.

However, Xu Bai was different. His Heavenly Change was chaos, and now, there was a mix of reason in the chaos. The chaos of this saber made him even more powerful.

"Could this be a coincidence?"

As the saying goes, a man grows wiser with every bite. With the previous incident, Xu Bai looked at the saber that was very similar to his and could not help but feel a little suspicious.

This was a wily person who had used decades to bring down the Dark Tower. Xu Bai had to be on guard.

"Absolutely not." "This is really a coincidence," Director Mu said. "I can guarantee it with my character. If you don't believe me, you can ask His Majesty. ""

"I've seen the past. The blade has killed too many people and was buried underground. After countless years, it absorbed too much resentment, which led to such chaos."

"No name?" Xu Bai smacked his lips."

“After all, I’m not an expert with a knife.” Director Mu nodded.”

“Then I’ll give you one?” Xu Bai said.

Director Mu’s mouth twitched slightly.

I’ve already given this thing to him. Whoever wants to name it can name it. Don’t let him see this knife again, or else his heart will ache!

## **I Have Unparalleled Comprehension #Chapter 773: Holy Treasure, Evil Eye (8, 000) - Read I Have Unparalleled Comprehension Chapter 773: Holy Treasure, Evil Eye (8, 000)**

### **Chapter 773: Holy Treasure, Evil Eye (8, 000)**

Xu Bai fell into deep thought.

It definitely couldn’t be called Hundred Break. Since it was a saint level treasure, it had to have a matching name.

After thinking for a long time, Xu Bai said in a deep tone, “I’ll call you Evil Eye.”

Evil Eye, it was because there was an eye imprinted on it, and it had a chaotic aura.

Eunuch Wei was speechless.

“The treasured saber is covered in dust...” Director Mu said quietly.

“What’s wrong?” Xu Bai scratched his head. A name is just a code name. We don’t have to pay too much attention to these details.”

He didn’t feel that the name he had given himself was inappropriate.

Moreover, he even made it look like he was a piece of meat with a knife, meaning that he was only at this level. It was already not bad to be able to do this.

“Hurry up, hurry up!” Director Mu waved his hands and pushed Xu Bai and Eunuch Wei out.

He did not want to see these two people again. He had suffered heavy losses and was very uncomfortable.

“Eh? What does this have to do with me? I’m just here to suppress the situation. I haven’t finished my tea yet.”Eunuch Wei was speechless.

“Hehe, the two of you are in the same boat. Hurry up and leave!”Director Mu sneered.

Following that, Xu Bai and Eunuch Wei were pushed out of Zhai Xing Lou. Xu Bai had originally said that he would wait for Ying Yue, after all, Ying Yue had said that she would come to find him.

However, Director Mu rejected him. Director Mu said that Shadow Moon had just returned and had other matters to attend to, so she could not meet him.

Standing at the entrance of Zhai Xing Lou, Xu Bai and Eunuch Wei looked at each other and said in unison.

“Stingy, too petty.”

Who was President Mu? He could hear them no matter how soft they were, not to mention that the two of them did not hide anything.

“Get lost!”

An angry roar came from Zhai Xing Lou.

Xu Bai and Eunuch Wei looked at each other and walked toward the palace.

On the way back, the two talked as they walked. Eunuch Wei asked Xu Bai if he had anything else to do.

Xu Bai expressed that he had nothing else to do. He just wanted to rest in the palace for a while and meet Ye Zi and the others.

This trip was really difficult and dangerous, much more dangerous than Shangjing, especially the last chase. It was the most dangerous one Xu Bai had ever felt.

He still had to rest and at least adjust his condition. Otherwise, the more exciting these things were, the easier it would be for him to force himself into a problem.

Eunuch Wei didn’t say anything about this. He even nodded and felt that it wasn’t bad.

The two of them walked into the Imperial Palace. Along the way, they wanted to have a drink. They hadn’t seen each other for a long time, so the two drinking buddies naturally wanted to drink to their hearts ‘content.

However, before they could go far, a young eunuch suddenly ran over.

“Eunuch Wei, His Majesty summoned you urgently. He said that there’s an important matter and he wants you to go.”

“In addition, Prince Xu can temporarily rest in the capital.”

Eunuch Wei was stunned for a moment before he reacted. He nodded and followed the young eunuch.

It did not involve Xu Bai. It was obvious that the Emperor did not want Xu Bai to get involved. Xu Bai was also happy to be free. He could not wait to have less trouble.

In this day and age, slacking off was the most satisfying thing.

The eyes on the waist are constantly turning, because of the reason in the scabbard, the confusion is not coming out.

Xu Bai was very familiar with the way and walked towards the royal treasury.

Since Eunuch Wei had something to do, he could not drink the wine. It was fine if he could not drink the wine. He could look for Ye Zi.

There was still some time before the agreed time. Ye Zi was still learning from the Heavenly Musician, so she would be able to find him this time.

It had been a long time since they last met, so Xu Bai naturally wanted to go and meet her. At the same time, he asked the Heavenly Musician to give Ye Zi a break so that the two of them could find a place to have a good talk.

Soon, Xu Bai arrived at the royal treasury.

When the soldier outside saw Xu Bai, he walked up and said, “Prince Xu, without His Majesty’s personal order, you cannot enter.”

Even though Xu Bai was now in a high position and could freely enter and leave the palace, the royal treasury was an important place among important places. Without the emperor’s personal order, he could not enter at all.

Xu Bai wasn’t the kind of person who would be unreasonable, and he wasn’t the kind of person who would be self-conscious. These two soldiers were doing their jobs and were doing their job diligently. There was nothing to be picky about.

Although he could not enter, it did not mean that Ye Zi could not come out.

He didn’t even need to say anything because he was standing there. With Ye Zi’s strength, she should be able to sense it.

As expected, before Xu Bai could say anything, he saw a figure running towards him at high speed.

Behind this figure, there was also a huge Guqin phantom.

This was Ye Zi's heaven transformation. Ye Zi had already become a mortal evolution state master.

Perhaps Ye Zi was in a hurry, so she did not put it away.

"Young Master!"

Accompanied by a crisp cry, Ye Zi threw herself into Xu Bai's embrace and trembled gently.

Xu Bai smiled and held Ye Zi's waist. However, his eyes looked past Ye Zi and saw the Heavenly Musician behind her.

"Old senior, long absence makes the heart grow fonder. Can you give her a holiday today?"

The Heavenly Musician waved his hand with a disdainful expression. "Young people like you have to control your Gaps."

In his arms, Ye Zi's face became extremely rosy.

Xu Bai looked at the person in his arms, picked her up, and turned to leave.

In this world, there were very few people who could ignore the Imperial Palace. Xu Bai was one of them.

He carried Ye Zi and left directly. Moreover, he swaggered away without anyone stopping him.

While he was enjoying himself, Eunuch Wei was rushing to the Emperor's royal study.

Eunuch Wei had been summoned by the Emperor of Chu, and he was very fast. Without any delay, he arrived in front of the royal study and gently knocked on the door.

“Enter.”

The Chu Emperor’s voice rang out from the door. Eunuch Wei tidied his clothes and smoothed out the creases on his body before pushing the door open and stepping into the room.

The moment he stepped in, he was stunned.

Usually, very few people would come to the Chu Emperor’s royal study, but at this time, it was packed with people, and they were all high officials of the capital.

Eunuch Wei glanced around and found that everyone with their names was present.

Prime Minister Wen stood at the front and took the lead. His hands were hidden in his sleeves. Although his expression could not be seen, his hands would move from time to time. It was obvious that he was in turmoil.

There were a total of nine ninth-grade Saints in the world, and all of them were Transcendents.

Prime Minister Wen was one of the most outstanding scholars in Great Chu. He had already reached the ninth-grade Transcendent Realm and was only one step away from becoming a Saint.

Although it was slightly inferior to Prime Minister Liu Yue of the Great Yue State, a ninth-grade Transcendent was still considered a top combat strength in the world.

Eunuch Wei pondered for a moment, as if he had thought of something.

“Find a place to stand. I’ll read this last piece of information first.” The Chu Emperor didn’t know that Eunuch Wei had arrived. After saying this, he lowered his head and looked at the letter in his hand.

There weren’t many chairs in the royal study to begin with, and who would dare to sit in front of the Emperor now?

Therefore, everyone was standing, and Eunuch Wei was no exception.

He found a spot slightly further back and stood there.

Actually, with Eunuch Wei’s strength, there was no harm in standing in front. However, he was a man who followed the rules. He was only a eunuch and could not stand in front.

The surrounding officials also understood Eunuch Wei's character, but they did not let their guard down. They slightly turned their bodies to prevent their backs from facing Eunuch Wei.

Then, the royal study fell into silence. It was so quiet that even a pin drop could be heard.

The Chu Emperor merely lowered his head and looked at the letter in his hand. His brows were tightly locked together, as if he was thinking about something.

The surrounding officials did not dare to breathe loudly and waited quietly.

Half an incense's time was neither too long nor too short, but in such a depressing environment, the ministers felt that it was a long time.

The Chu Emperor finally put down the letter in his hand and raised his head. Leaning back on his chair, he tapped his fingers lightly on the table.

“Do...Do...Do...”

The knocking sound was rhythmic. Every time he knocked, he would pause for a moment.

After a while, the Chu Emperor finally stopped his actions. He raised his head to look at the officials around him and slowly said four words.

“Da Yue...It's a mess.”

It was just a simple four words, but it was like a muffled thunder in everyone's ears. It suddenly exploded and their heads were ringing.

The people present looked at each other with excitement on their faces.

They weren't the officials who came later, but a part of the people who had followed the Chu Emperor to conquer the world.

It could be said that they were all capable of both literature and martial arts.

All these people had a dream in their lives, which was to conquer the Great Yue State and the Barbarian Race.

Now that a place was in chaos, did that mean that there was a chance?

In fact, in terms of overall strength, although Great Chu was the latest to establish a country, it was the strongest.

If it wasn't for the fact that the world was divided into three parts, they would have made their move long ago.

Now that this three-legged situation had been broken, it was time for them to make their move.

"Your Majesty, is the news reliable?"

As the Prime Minister of the Great Chu State, Prime Minister Wen was the first to step forward. He bowed to the Chu Emperor and asked what everyone was thinking.

"Yes." The Chu Emperor said indifferently.

After a moment, he said something else.

"Call or not call, give me a word."

Although they were discussing a major matter, it was simple and clear.

"Your Majesty, since you already have a plan in your heart, then do as Your Majesty wishes." Prime Minister Wen said.

"Fight!"

When he said this word, everyone present nodded in unison. No one objected.

Prime Minister Wen waited for a moment and continued, "The Great Yue is in chaos and can't even take care of themselves. We will attack the Barbarian Race first. If the Great Yue wants to help, we will counterattack the Great Yue. If the Great Yue doesn't help, we will swallow the Barbarian Race and then the Great Yue."

"But for now, there is still a big problem. If the Great Yue State helps the Barbarian Race, how can we counterattack the Great Yue State?"

Once a war broke out, it would not be easy to move the army, so this was a big deal.

The Chu Emperor smiled and said, "The Great Yue State will not help. Now, the Dark Tower and Shadow Tower have all been destroyed. The entire martial world of the Great Yue State is in chaos. If they dare to send troops, civil strife will arise."

Although he said that, the Chu Emperor didn't say clearly how he would cause a complete internal strife in the Great Yue State.

However, there was definitely a way. Perhaps there was a plan to add fuel to the fire.

“The only thing that Zhen is thinking about now is that if this war were to break out, it would definitely be a waste of manpower and money.” “That’s why I wanted to ask for your opinion. But looking at the current situation, you all support fighting.””

### **Chapter 775: Eunuch Wei: Let’s Die (8000)(2)**

If it was the Chu Emperor of the past, he would have really fought without any hesitation.

However, it was different now. In his position, he had to take care of the entire world. More importantly, he did not want the people to suffer.

“Your Majesty, you can go to the border and take a look yourself.” “People from all over the world are being captured at every moment,” Prime Minister Wen said. “Some of our citizens are being captured by them, and some of their citizens are being captured by us.”

“Our people have been humiliated by them, yet we abide by the law. If this goes on, how can the world be peaceful?”

“I know.” The Chu Emperor sighed, “Someone come!”

A black shadow walked out from beside the Chu Emperor.

“Write a letter and ascend to King You. Prepare your troops and horses. In half a month, the battle will begin!”

The black shadow nodded and quickly disappeared.

Half a month?

Everyone present was stunned. They did not expect it to be so fast.

“Alright, retreat. Hurry up. You’ll be busy when the time comes.” The Chu Emperor didn’t explain further. He waved his hand, as if he had summoned them here today to let them know about this matter.

These people still had many doubts in their hearts. However, seeing that the Chu Emperor was unwilling to speak, they did not ask any further. After all, the Emperor had already said nothing. If they asked again, it would be too tactless.

Everyone cupped their hands and prepared to leave.

“Eunuch Wei, stay behind.” The Chu Emperor added.

Everyone else had left, but Eunuch Wei remained in the room.

The room fell silent. Eunuch Wei closed the door behind him and poured a cup of hot tea for the Chu Emperor.

“Your Majesty usually loves to drink tea. Did you forget this habit because of the serious matter today?”

The Chu Emperor received the tea without saying a word, much less drinking it. Instead, he looked at Eunuch Wei with a complicated gaze.

Eunuch Wei smiled. “Your Majesty,” he said casually, “you have something to do. It’s a big thing, and it’s related to me.”

The Chu Emperor put down his teacup, and his complex expression became even more intense.

He stood up and walked to Eunuch Wei’s side. He suddenly reached out and pressed down on Eunuch Wei’s shoulder.

“You and Zhen have bathed in blood on the battlefield for many years. Zhen can’t bear to part with you.”

This simple sentence revealed an indescribable reluctance.

Eunuch Wei understood and continued to smile.”

The Chu Emperor took a deep breath. “The war will start in half a month. At that time, the Great Yue State will definitely help the barbarians. However, without the Dark Tower, they will no longer be able to monitor the martial world.”

“At that time...”

He didn’t finish the rest of his sentence, as if he couldn’t continue.

“Your Majesty, which one do you need me to change?” Eunuch Wei asked. The Emperor of the Great Yue State, or the prime minister in white?”

“Great Yue Emperor.” The Emperor of Chu smiled bitterly and said, “If the Great Yue State helps the Barbarians, and without the supervision of the Dark Tower, Eunuch Wei can come and go as he pleases. At that time, I will ask King Sheng You to hold on a little longer to buy time for Eunuch Wei.””

“If we can replace the Emperor of the Great Yue State, the War God Bai Zhong will definitely take this opportunity to return to the Great Yue State. Then, we can take down the Barbarian Race in one fell swoop.”

“At that time, the War God and the Prime Minister of the Great Yue State will fight for the throne.”

Eunuch Wei nodded and agreed without hesitation.

The Chu Emperor hesitated.

Before he could finish, Eunuch Wei interrupted him again.

“This life of mine originally belonged to Great Chu. Now, it’s time to fulfill my duties.”

The Chu Emperor didn’t say anything, but the look in his eyes grew increasingly complicated.

“If it wasn’t for my position, I would be willing to go in your place. However, if I die, Great Chu will also be in chaos.”

“Understood, understood.” Eunuch Wei chuckled and said kindly, “If he dies, I hope Your Majesty will burn some paper for us every year.”

“By the way, His Majesty didn’t let Xu Bai get involved in this matter because he was afraid that Xu Bai would stop me?”

The Chu Emperor nodded. “I have to worry about that kid’s character. Once he gets into a temper, he’s really a person who’s not afraid of anything.”

“Then let’s not let Xu know.” Eunuch Wei tidied his clothes and suddenly bowed deeply before kneeling on the ground.

The Chu Emperor was startled and hurriedly took two steps forward to help Eunuch Wei up. “What do you mean?”

He had long since abolished this etiquette, but now Eunuch Wei was using this etiquette on him. He did not quite understand.

"Your Majesty, I've never asked you for anything in my life, but I want to ask you for something today." "If Your Majesty agrees, I can die without regrets," Eunuch Wei said solemnly."

"Please speak," the Chu Emperor said.

This was the first time someone had used the word " please " ever since he had taken his position. This was also the first time he had been very serious.

"Your Majesty, please promise me that after I leave, Great Chu will protect Xu Bai no matter what," Eunuch Wei said solemnly."

The Chu Emperor was stunned. After a long while, he revealed a bitter smile.

"Of course. He's my Great Chu's Prince Xu. Of course it's like this."

Eunuch Wei revealed a peaceful smile." Then I'll take my leave. I'll head to the border in half a month." "

Without waiting for the Chu Emperor to help him up, he stood up and left the room.

After he left, he closed the door behind him.

The Chu Emperor looked at Eunuch Wei's departing back and sighed.

He clenched his fists tightly and did not loosen them for a long time.

The next day.

In Xu Bai's temporary residence in the Imperial Palace.

When the morning sun shone in, Xu Bai moved his fair arm away from his neck and sat up, taking a deep breath of fresh air.

He turned to look at Ye Zi, who was still sleeping soundly. He reached into the blanket and moved it gently.

Not long after, Ye Zi's shapely eyebrows furrowed. Although her eyes were tightly shut, Xu Bai could see the corners of Ye Zi's lips curling up slightly.

The hand that reached into the blanket continued to move upwards and soon reached a spot.

Ye Zi screamed and covered the corner of the blanket with her hands. She opened her eyes helplessly.

"We're already an old couple. Why do you still care about these things? Hurry up and pack up."Xu Bai said with a smile.

Ye Zi stretched out her fair arm and wrapped it around Xu Bai's neck, pulling him into her arms.

"No, lie down for a while more ~"

God knew how long it had been since she last saw Xu Bai. Last night was her craziest night. She didn't know that she had cooperated with Xu Bai and come up with so many new tricks.

In short, he had tried everything that was written in the books last night.

"Today, I still have to go to the Ninth Princess."Xu Bai patted Ye Zi's face, but he felt that it wasn't satisfying enough, so he pinched it gently.

This was the advantage of Ye Zi. Although she was clingy, she would not interfere when she knew that her man had important things to do.

"Alright then...But you still have to accompany me tonight."

"But the Heavenly Musician only gave you a day off."Xu Bai said with a smile.

Ye Zi's black eyes rolled around."One day, of course, it's day and night. Last night doesn't count."

As she spoke, she got up and put on her clothes. Then, she picked up Xu Bai's clothes.

"Let me help you dress."

The long-lost feeling returned to Xu Bai once again.

Xu Bai accepted Ye Zi's service very naturally. After everything was done, he did not immediately go to the Ninth Princess's place. Instead, he walked to the door and told the servant maids guarding the door to bring food over.

Not long after, the servant girls came to the room with all kinds of delicacies.

After Xu Bai and Ye Zi had a sumptuous breakfast, they went to the Ninth Princess's mansion with Ye Zi.

The journey was smooth and unobstructed. During this period, Xu Bai even asked about Ye Zi's recent situation.

He didn't have the time to ask last night. After he came back, the bed shook until late at night. In the end, Ye Zi fell asleep from exhaustion. Xu Bai didn't want to disturb her.

After asking, Xu Bai found out that Ye Zi had already reached the mortal evolution state.

Back then, the Heavenly Musician was not lying. Ye Zi was indeed a rare genius in the field of music. Therefore, after receiving the guidance of a great teacher, she had made great progress.

Perhaps this was nothing compared to Xu Bai, but compared to the improvement of others, it was really too fast.

As the two of them chatted, Ye Zi held Xu Bai's arm tightly, not letting Xu Bai get too far away from her.

Soon, they arrived at the Ninth Princess's residence.

The Ninth Princess 'mansion was still guarded by people. However, when they saw Xu Bai, they did not stop him. They did not even inform him and let him in.

Xu Bai was familiar with the place. It was still the same place and the same location.

When he brought Ye Zi into the room, he saw that there was already a table in the room.

The Ninth Princess sat across from him, with Qing Xue and Qing Mei standing behind her.

"Welcome back our great hero."

When Xu Bai walked in, the Ninth Princess 'languid voice sounded with an inexplicable charm.

"It seems that the princess already knows about it," Xu Bai said with a smile."

After all, he was a member of the royal family, so it was normal for him to be well-informed.

“Please take a seat.” The ninth princess pointed at the seat beside her. She still looked lazy, but the look in her eyes was different from when she was talking to others.

Xu Bai didn’t pay much attention to it. He and Ye Zi sat at the side. At the same time, he turned his head and gave Qing Xue a look.

“Hurry up and pour wine for this king.”

The two of them were old acquaintances, and these words were just teasing. Qing Xue could naturally hear it.

“Yes, Prince Xu ~”

Using a special tone, Qing Xue filled Xu Bai’s cup with the wine pot.

“I’ll toast you with this glass of wine.” The Ninth Princess raised her wine glass, stretched out her fair arm, and moved it to Xu Bai.

Beside him, Ye Zi frowned.

As a woman, she always felt that there was something wrong with this princess.

Xu Bai smiled, clinked glasses with the Ninth Princess, and drank the wine in one gulp.”“I’ll do as you say.”

The wine entered his throat, mellow and long.

Xu Bai smacked his lips.”

This question seemed to have been asked unintentionally, but when it was asked, the ninth princess’s expression froze.

However, the Ninth Princess quickly recovered. She rolled her eyes at Xu Bai.

“It seems that Lord Xu is not a fool.”

Xu Bai picked up the food with his chopsticks, put it into his mouth, and drank another cup.

Boor?

Sometimes, he was reckless, but sometimes, he had to be careful. Otherwise, even if he had a cheat, he wouldn’t have lived until now.

He had thought about this matter after he came back. Now that the Great Yue State was in chaos, it needed a long time to recover.

Wasn't this the best time to attack the barbarians?

Xu Bai could figure it out after thinking about it carefully, but he needed an answer, so he came to the Ninth Princess.

Actually, according to the previous rules, he should have gone to ask the Chu Emperor about the process. However, after he returned, the Chu Emperor did not even meet him. It seemed like the Chu Emperor did not want him to get involved in this matter.

He did not want to get involved, but he had to know something.

"After you came back, Father called the ministers of the court to discuss important matters. I guessed the same as you." the Ninth Princess said.

## Chapter 777: Eunuch Wei: Let's Die (8000)(4)

Even the Ninth Princess was not clear about this.

Xu Bai fell into deep thought.

The more he kept it a secret, the more reliable his guess was. But now, he didn't even tell the ninth princess, so it seemed that he wasn't far away.

"This king still has things to do, so I'll leave first."

Xu Bai did not get what he wanted to know, so he prepared to leave with Ye Zi.

He had wanted to talk to Qingxue, but it seemed that the situation was not suitable. There would be plenty of opportunities in the future, not now.

"Your Highness came to me just to get some information. Wouldn't that hurt my heart?" The Ninth Princess suddenly reached out and grabbed Xu Bai's wrist.

"Ninth Princess, please behave yourself." Xu Bai frowned.

He felt that something was wrong. The Ninth Princess seemed to have become more relaxed today.

There was also Ye Zi beside him. Xu Bai didn't want to do anything else.

"It's normal for a man to have three wives and four concubines." The Ninth Princess glanced at Ye Zi lazily.

Ye Zi frowned even more.

She wasn't jealous. In fact, she felt that her young master would be happier if more women liked him.

However, the situation was different. This woman was very scheming. She had a feeling that something bad was going to happen.

However, she didn't say anything. She was very polite. Now that she was Xu Bai's woman, she had to let Xu Bai speak first.

Xu Bai's serious eyes slowly softened. The corners of his mouth curled up into a smile. At the same time, he reached out and pinched the ninth princess 'chin.

The Ninth Princess didn't fight back. She just let Xu Bai pinch her.

"What a beautiful woman." Xu Bai pinched her gently."

The Ninth Princess narrowed her eyes.

"I can be a concubine." Xu Bai continued.

The Ninth Princess opened her eyes and stepped back, leaving Xu Bai's hand.

"I'm tired. Send the guests out."

This situation was vastly different from the beginning.

Xu Bai laughed and waved his hand." No need to send a message.

With that, he held Ye Zi's waist and left.

After Xu Bai left, the ninth princess sat back down with a gloomy face.

“Princess.” Qing Xue seemed to want to say something, but in the end, she didn’t say it.

“Do you think I’m a little loose?” the Ninth Princess said.

Qing Xue gently shook her head.” The Princess and Xu Bai have only met a few times. Why would you do this?””

“Haha...” The ninth princess sneered,” Did you hear his guess just now?”

Qing Xue really wanted to say that she had not heard these secrets. She did not want to hear them, but she was standing beside them just now. She could not pretend that she had not heard them, so she could only nod.

The ninth princess did not pour herself another cup of wine. Instead, she took a big gulp from the wine pot.

The cool wine flowed down his slender neck and wet his clothes.

The ninth princess put down the wine pot after she finished drinking it and said slowly,”

“His guess is not far from the mark. At that time, they will definitely fight. With Father’s personality, he is absolutely confident.”

“Such a large area, if we take down all of them, how can Imperial Father manage the land alone?”

“Last time, even though I was conferred the title of king, I didn’t ask for a fief.”

“When this world is conquered, that will be the time for me to ask for my fief.”

At this point, she did not say anything else.

The heavens were high and the emperor was far away. This sentence was not casually said.

At that time, if he wanted a distant fief, it would be equivalent to his own place.

“Then why...Are you looking for Xu Bai?” Qing Xue continued to ask.

“The Ninth Princess narrowed her eyes.” He is extremely important to my father. If he becomes my man, that will be a great help.””

“It’s just that I didn’t expect that he would actually want me to be his concubine. There’s no need to even think about it.”

“Princess, there’s actually no need. With your status, why would you do such a thing?” Qing Xue hesitated.”

“The ninth princess glanced at Qingxue.” That’s not the only reason. I do like this man.””

“There are many young talents in this world, but only he can enter my eyes. You are the same, right?”

Since ancient times, heroes loved beauties, and beauties loved heroes.

Qing Xue did not reply.

“Forget it. Today, he actually said such words to humiliate me. We’ll talk about this later.” The ninth princess waved her hand in frustration and did not bother about it.

Qing Xue agreed and did not continue.

After Xu Bai left the Ninth Princess’s mansion, he let Ye Zi go back first while he went to Eunuch Wei’s residence.

He did not have many acquaintances in the capital, but he did have a few, especially Eunuch Wei.

Eunuch Wei was one of the few people in the world who truly knew him. More importantly, Xu Bai admired and appreciated Eunuch Wei very much.

Ever since he came to this world, Eunuch Wei was the first person to help him so sincerely. He could tell that Eunuch Wei was sincere.

He was usually ruthless and killed people like flies. He made the entire Jianghu tremble with fear and was a nightmare for the younger generation.

However, he was actually a very simple person.

If you treat me well, I'll treat you well. If you treat me badly, I'll cut you into pieces.

Eunuch Wei had been sincere to him and had helped him many times.

If Xu Bai did not know how to be grateful, then his worldview would be very distorted.

Since he was going to drink with Eunuch Wei, it was not convenient for Ye Zi to go, so Xu Bai went alone.

### **Chapter 778: Eunuch Wei: Our Family Will Die (800)-5**

Soon, they arrived at Eunuch Wei's residence.

The eunuchs guarding the door did not stop him.

Other than the important forbidden areas in the palace, Xu Bai could go wherever he wanted.

After entering the courtyard, Xu Baishu found Eunuch Wei's room and knocked on the door gently.

“Come in.”

Xu Bai revealed a sincere smile as he entered the room.

As soon as he pushed open the door, he smelled a strong fragrance of wine, which made his eyes light up.

“Good wine!”

Following the fragrance of the wine, he saw a table of simple dishes and a jar of good wine that had just been sealed with mud.

Wine was something that only Eunuch Wei’s wine could win his heart.

Strong enough, pure enough, strong enough!

Xu Bai swaggered in front of Eunuch Wei and poured himself a bowl. He gulped it down and said that it felt good.

In fact, he was not addicted to alcohol, but he had stayed in the palace for so long and often chatted and drank with Eunuch Wei. He had indeed been hooked by Eunuch Wei.

“Since today is a small gathering between you and me, I will no longer address you as wangye.”Eunuch Wei raised his wine bowl and clinked it with Xu Bai’s before drinking it all in one gulp.

“Of course, of course. In terms of status, you’re my elder.”Xu Bai nodded repeatedly.

Although he said that, his hands did not stop moving. He picked up a few more mouthfuls of food.

Here, the two of them did not care about any red tape. They said what they needed to say and chatted about what they needed to talk about.

They drank and chatted, mostly about trivial matters.

Eunuch Wei was talking about the interesting things in the palace, and Xu Bai was talking about the various thrilling places.

The two of them chatted on their own, but they were unusually harmonious.

Soon, after three rounds of wine and five dishes, Xu Bai felt a little drunk.

With his current realm, if he really wanted to keep himself from getting drunk, he only needed to circulate his True Core Strength a little. However, when it came to drinking, being slightly drunk was the best state.

It was very uncomfortable to be drunk, but it was most comfortable to be slightly drunk.

Eunuch Wei was the same. He patted Xu Bai’s shoulder. For the first time, he didn’t pay much attention to etiquette.”Don’t be too rash in the future. Don’t disregard your own safety for a little benefit.”

Xu Bai nodded in agreement.

It was not just a little benefit. It had allowed him to reach the First Grade Transcendent Realm.

Of course, he didn't say these things.

When chatting, one had to pay attention to one's EQ.

Xu Bai joked, "No matter how big the mess is, Eunuch Wei will take care of it. I'm not afraid. After all, Eunuch Wei may not be one of the Nine Great Masters, but all of them are afraid of you."

Eunuch Wei smiled kindly.

Who said flattery didn't work?

It depended on who was filming.

"Eunuch Wei, is there going to be a war?" Xu Bai asked.

Eunuch Wei nodded, a smile still on his face. "You are clever, but don't ask about this matter. His Majesty doesn't want you to know, so it's fine if you don't know."

Xu Bai agreed. He picked up the glass and drank with Eunuch Wei.

He drank a few large jars of wine until late at night.

Seeing that it was getting late and he still had to go back to accompany Ye Zi, Xu Bai got up and prepared to leave.

"Wait!" "I'll give you something." Eunuch Wei suddenly called out to Xu Bai. "If anything happens in the future, it can help you."

Eunuch Wei raised his hand.

In his hand, there was an oval-shaped bead that was white.

"This is an extraordinary treasure. Although it can't compare to the Evil Eye Blade in your hand, it can defend against a strike from a ninth-grade Transcendent."

"I'm not the Chief Priest of the Mu Family, so I don't have many treasures. This is the best treasure in our family."

Xu Bai was stunned.

Although it was a ninth-grade Transcendent, its importance was self-evident.

He didn't want to accept the reward for nothing. In fact, Eunuch Wei had helped him so much, so he should be the one to give Eunuch Wei something.

However, the two of them pushed it several times until Eunuch Wei's face turned stiff. Xu Bai reluctantly took it.

He did not intend to stay any longer. After leaving Eunuch Wei's room, he walked towards his temporary residence.

As he walked, he played with the bead Eunuch Wei gave him.

"It's really something good..."

To be able to withstand an attack from a ninth-grade Transcendent, his defense was even several levels higher than his Indestructible Demon Soul Buddha Body.

"As expected, Eunuch Wei is still the best to me. One day, I'll invite Eunuch Wei to my place for a drink. I'll personally cook a few dishes for him."

As he thought of this, he was about to reach his residence.

However, he did not expect that before he could enter, he felt an abnormality behind him.

Xu Bai was slightly stunned as he turned to look at the shadow in the corner: "Didn't you tell me to wait for you? Why are you only looking for me now?"

The shadow twisted and Ying Yue walked out.

"Congratulations on obtaining freedom." Xu Bai said with a smile.

He had thought that Shadow Moon would be happy, but he did not expect that at this moment, Shadow Moon's expression was not only solemn, but also very conflicted.

"What's wrong?" Xu Bai frowned and asked.

He suddenly felt as if something was about to happen. At the same time, he felt his mind begin to become chaotic.

It was very chaotic.

For some reason, it was very chaotic.

When Shadow Moon saw Xu Bai's expression, she took a deep breath and came in front of Xu Bai. She moved close to Xu Bai's ear and opened her red lips.

"I came here to tell you something..."

## **I Have Unparalleled Comprehension #Chapter 779: Emperor Chu: I'll Let You Go (1) - Read I Have Unparalleled Comprehension Chapter 779: Emperor Chu: I'll Let You Go (1)**

### **Chapter 779: Emperor Chu: I'll Let You Go (1)**

The night was very dark. Moonlight shone down from the sky. There was only Xu Bai and Yin Yue here.

When Ying Yue finished speaking in Xu Bai's ear, she left.

Xu Bai didn't move at all. He just stood where he was, his expression uncertain. In his mind, he was still thinking about what Ying Yue had said.

"My father said that Eunuch Wei will die soon. He will take advantage of the time when the army enters the Barbarian Race to go to the Great Yue State and fight with the Emperor of the Great Yue State."

"He told me to tell you to go to Zhai Xing Lou to find him. Don't tell anyone about this."

"At that time, he will tell you the secrets of the Three Lives Mountain."

These were the words that Shadow Moon had told him. When Xu Bai heard them, he did not know what kind of feeling he had in his heart.

The secret of the Three-Lives Mountain was important. After he returned, he had forgotten about it due to a series of events. However, the most important thing was that he had heard the news that Eunuch Wei was about to die.

"Die..." Xu Bai's lips moved slightly as he repeated the word. Then, he turned around and returned to his temporary residence.

In the room, Ye Zi was making the bed.

Xu Bai didn't have time to explain. He only said that she might not be back tonight and asked her to go to the Heavenly Musician.

Ye Zi was slightly disappointed, but she remembered that her young master had something important to do, so she did not stick to him. She nodded slightly and agreed.

Xu Bai left the room and left the palace, heading straight for Zhai Xing Lou.

As it was already night, Xu Bai's footsteps were heavy as if there was no one else on the street.

If it was any other matter, he might not want to care, but he really wanted to care about this matter.

The matters of others were different from Eunuch Wei's matters. Ever since he entered the capital, Eunuch Wei had treated him very well.

If Eunuch Wei really died for this matter, then Xu Bai's heart would forever be filled with a knot.

If he wanted to interfere, how should he proceed? This was an important question. He couldn't possibly run to the Emperor's royal study and cause a ruckus. This was not the right time.

The news that Shadow Moon had just conveyed was from Director Mu. It seemed that Director Mu should have a way. Otherwise, he would not have called him over.

Walking on the dark street, Xu Bai took out the bead Eunuch Wei had given him.

This pearl was held in his hand. It was a ninth-grade Transcendent treasure, but it was so heavy now.

"No wonder Eunuch Wei warned me so much and even gave me a supreme treasure. So it was his last words before he died."

Xu Bai didn't know that such a big thing would happen, so he didn't pay attention to it. He thought that Eunuch Wei was giving him the treasure because he was good to him.

After all, who in this world could kill Eunuch Wei?

Now that he thought about it, everything was so strange that Xu Bai felt a little sad.

Perhaps Eunuch Wei was willing to do this. After all, he had dedicated his entire life to the Great Chu. However, if he could save the situation, Xu Bai would definitely help.

"I hope you can give me a way."

Standing at the entrance of Zhai Xing Lou, Xu Bai stepped inside and smoothly followed the stairs to the ninth floor.

The ninth floor was brightly lit. Director Mu was sitting on a chair with two cups of tea in front of him.

“Have a seat.”

With his strength, he naturally saw Xu Bai coming over. He didn’t say anything and just raised his hand to signal Xu Bai to sit down.

Xu Bai sat down and looked at the steaming tea. He didn’t beat around the bush. “How should we save him?”

At this point, there was no point in beating around the bush. It was better to say it directly.

Director Mu’s eyes were like vast stars as he stared into Xu Bai’s eyes. “Before we talk about this, let’s talk about the ruins first.”

“Don’t worry, I’ve already blocked the surroundings. No one can discover or hear.”

Xu Bai frowned and did not say anything. He waited for Director Mu’s next sentence.

“These are all the guesses in the ruins. Back then, I obtained it first and looked at it carefully.” Director Mu handed over a piece of paper. There were many small words on it.

“This is what I concluded, but it’s just someone else’s guess. It might not be accurate. After all, it’s just a guess.”

Xu Bai took it and read it carefully.

The oil lamp on the table shook slightly, and the light shone on Xu Bai’s face, flickering from time to time.

After the time for half an incense stick to burn, Xu Bai put down the paper in his hand and said, “No roots, no duckweed. It’s just that crazy old man’s guess.”

According to what was written on it, the crazy old man believed that there was a flaw in this world, which led to the depletion of resources.

To solve the problem of resource depletion, one way was to eliminate all the people in the industry and let everyone be ordinary people. Only then could the cycle be repeated.

When Xu Bai finished reading it, he felt that it was just the crazy old man’s guess.

Just like now, Emperor Chu and the others believed that as long as they unified the world and took down the Bizarre Market, the problem of resource depletion would not exist.

However, no one knew if it was true.

Therefore, it was just a guess. Xu Bai only needed to understand. What he wanted to know more was about Eunuch Wei.

“I know what you’re thinking.” Director Mu put down his teacup and sighed. “It’s very difficult to save him.”

Xu Bai narrowed his eyes and said, “I thought of a way when I came here. I guessed His Majesty’s thoughts. As long as the Great Yue State doesn’t help us, we don’t have to die.”

Chapter 780: Emperor Chu: I Will Allow You This Once (2)

“Let Eunuch Wei go to the border and stand there, and let the Emperor of the Great Yue State see him. If the Emperor of the Great Yue State knows what Eunuch Wei wants to do, he will not send troops.”

Xu Bai believed that this method was the best, and he didn’t need Eunuch Master Wei to fight to the death.

“This method is indeed not bad, but His Majesty must have thought of it. This is somewhat contradictory to His Majesty’s idea.” Director Mu shook his head.

“Have you ever thought about what His Majesty’s true intentions are?”

Xu Bai frowned again. He slowly spun the teacup in his hand, making an ear-piercing sound.

After a long time, he let out a long breath, and his gaze became unusually complicated.

“To unify the world.”

If the Chu Emperor had any unfulfilled wish, it would definitely be this.

“Do you understand now?” Director Mu asked.

Xu Bai nodded.” Your Majesty, you’re planning to swallow both forces in one go.”

He finally understood. If it was really as he had guessed, Eunuch Wei would definitely die on this trip.

Now that the Great Yue State had fallen apart, attacking the Barbarian Race was the best choice.

He made a very simple assumption.

If this trip was successful and they successfully took down the Barbarian Race, Great Chu would also suffer some losses. Would the remaining troops be able to attack Great Yue State?

Even if the Great Yue State was in chaos, could they really take it down so easily?

The answer was no.

The reason was simple. It was not chaotic enough.

How can I be completely chaotic? It was also very simple. As long as the Emperor of Great Yue State died, it would be a real chaos. Only by taking advantage of this chaos would they have full confidence in attacking.

First, he would eliminate the Shadow Pavilion, making the Great Yue State lose a pair of eyes and creating an opportunity for Eunuch Wei.

After killing the Emperor, the remaining War God Bai Zhong and Prime Minister Liu Yue would definitely be divided.

That would be the best time.

Therefore, this was the reason why Eunuch Wei had made this trip.

If it was just a simple deterrence, the Great Yue State could just hide and not go out and let the Great Chu State destroy the Barbarian Race.

However, it was impossible to destroy the Great Yue State in one go.

That required time, and time was the easiest to change, because no one could tell what would happen in the future.

“Hu...” Xu Bai took a deep breath and slowly exhaled. His face was bitter. “So there’s really no other way.”

If that was really the plan, then there was nothing they could do.

However, he was still looking forward to it. Since Director Mu had called him over today, there must be a way.

“Are you willing to take the risk?” “Risking your life for Eunuch Wei,” Director Mu suddenly said. “The risk I’m talking about isn’t any less than when you went to the Great Yue State.””

Xu Bai was silent.

Director Mu didn’t say anything. He was waiting for Xu Bai’s reply.

Time slowly passed. Although it was still a normal transition, Xu Bai felt that it was very slow.

Looking at the dancing flame of the oil lamp in front of him, he raised his head. “I’m willing.”

Just now, he had also thought about whether to go or not. This was a very serious question, but after thinking about it, he decided to go.

It was not because of anything else. Eunuch Wei treated him so well. If he did not go, ha...

Putting everything else aside, he did not even fancy himself.

One had to have principles in life. If others treated you well enough, but you treated them coldly, wouldn’t you be worse than pigs and dogs?

“Good!” “As expected of someone Eunuch Wei admires,” Director Mu praised. “Your boldness is indeed worthy of Eunuch Wei’s help.””

“What should I do?” Xu Bai asked.

Since he had already agreed, he would see how to deal with the aftermath.

“First of all,” Director Mu said, “we need to understand one thing. No one in this world can save Eunuch Wei. Eunuch Wei will definitely die this time.””

“However, if we can find someone to replace Eunuch Wei, then... You can bring the dead back to life.”

Substitute Eunuch Wei?

Xu Bai was slightly stunned.

He carefully thought about Director Mu's words and then shook his head.

"In this world, there are nine Saint Realm masters who are equally strong. If they fight with their lives, they can all die together. However, they all belong to three countries."

Director Mu nodded and said, "I can't count on the others. In Great Chu, if His Majesty goes to Great Chu, it will be chaotic first. If I go, the Heaven Inspectorate will be like the Dark Tower in the past. The Royal Highness can't go either. If he goes, the border will be as thin as paper."

Xu Bai finally picked up the teacup on the table and took a sip.

"But just because there isn't one in this world doesn't mean there isn't one in other places. You know where I'm talking about." Director Mu continued."

Xu Bai put down his teacup.

In this world, there was no other place other than the Bizarre Market. It was impossible for the people in the ruins to come out. Those inside were all Mindful Gods.

Hearing Director Mu's words, if he allowed her to enter the Bizarre Market, could he bring out the strangeness inside?

Putting aside whether it was successful or not, even if it was created, it would only be something without a soul and only had instincts.

An instinctive strangeness would instead bring about a huge disaster.

He couldn't control it even if he brought it over. What was the use of something that he couldn't control?

"Ahem." Director Mu coughed softly.

Xu Bai looked at him strangely.

He had already reached this level of strength, so how could he still cough?

He was acting cool again.

Sure enough, after a cough, Director Mu spoke slowly in a slow and stylish voice.

Chapter 781: Emperor Chu: I Will Allow You This Once (3)

“Speaking of which, it has something to do with the Evil Eye Blade.”

“When I saw the forging process of Evil Eye Blade, I saw the past and learned something from it.”

Xu Bai was stunned. He was about to pull out Evil Eye from his waist, but then he realized that there was no need to pull it out. He pointed at the hilt and said, “You didn’t plan this, did you?”

To be honest, he was indeed a little afraid of Director Mu.

This person had calculated too deeply. He had destroyed the Shadow Tower.

“Of course not. Don’t accuse a good person.” Director Mu waved his hand. “It’s true that giving this knife to you has nothing to do with my calculations. But I will ask you for help. This is within my calculations.””

“I know that after the collapse of the Shadow Tower, the Great Yue State will be in chaos. At that time, His Majesty will definitely send troops to the Barbarian Race. At that time, Eunuch Wei will die.”

“Back then, we all fought our way through the rain of blood. His Majesty had his brilliant ideas. I knew that this was inevitable, but I wanted to save him.”

At this point, Director Mu seemed a little depressed. He raised his teacup and took a sip.

After taking a sip, he felt that it was not enough. He stood up and took a jar of wine from the shelf beside him. He took a big gulp.

“Heh, speaking of which, the one who valued friendship the most was His Majesty, but now he has become the most heartless one.””Although we all know his difficulties and know that it’s painful for him to make this decision, but...” Director Mu said bitterly.

He did not say the rest of the words and took another big gulp of wine.

“Wine is still the best. In order not to get addicted, I haven’t drunk it for many years.”

Xu Bai raised his eyebrows. “I don’t really care about that. I just want to know how to save Eunuch Wei. What did you see in the past?””

He didn’t want to know these things, nor did he want to care about them. Since he had come here today to resolve Eunuch Wei’s matter, then he had come purely for this matter.

“I saw the forging process of this saber. The person who forged this saber was a ninth-grade Saint.” Director Mu said slowly.

“I told you before that this saber was made from countless demon corpses, but it lacks the most important thing, so it can only reach the first level of the Saint Realm and not the ninth level.”

“What is it?” Xu Bai asked.

“A demon heart,” Director Mu raised a finger. “A demon heart at the peak of the Saint Realm.””

“Back then, when the sabersmith was looking for the Demon’s heart, he encountered a peak-stage Saint Realm demon. The two of them fought, and when the peak-stage Saint Realm demon was about to die, he sent his Demon’s heart into the Bizarre Demon Market.”

“Even if it’s an existence at the Saint Realm, once they enter the Bizarre Market, they will only end up with their souls gone.”

“The only regret of this saber is that the saber craftsman didn’t dare to chase after it.”

Xu Bai fell into deep thought. He slowly recalled what Director Mu had said.

Director Mu saw that Xu Bai was deep in thought, so he didn’t interrupt him and took another sip of wine.

“You want me to find that Devil’s Heart?” Xu Bai snapped out of his thoughts.”

“Even if Demon’s heart enters Demon Bizarre City, what ability do I have to obtain Demon’s heart?”

“Moreover, that was a very ancient era. Up until now, I don’t know what changes have occurred.”

What he said was the truth. He was not afraid of taking risks, but this kind of thing that sounded like he had no chance of winning was a little too unbelievable.

With this saber and Xu Bai's ability to fight across realms, although he was only a first-grade Transcendent, he could fight a seventh-grade Transcendent.

But... It was impossible for him to become a Saint.

"As long as this saber exists, the Demon's heart will exist. If the Demon's heart is destroyed, the saber will be gone." Director Mu said.

"That blademaster is also a peak Saint Realm expert, and he has become a Saint through forging. He has his own pride."

"He connected this saber to the Demon's heart in the hopes that one day, he would be able to perfect this saber. If he couldn't, he might as well destroy it."

Xu Bai frowned when he heard this.

Director Mu stood up and poured a glass of wine for Xu Bai.

Xu Bai didn't drink it because he wasn't in the mood to drink it.

Seeing this, Director Mu didn't say anything and went back to the main topic.

"If you can find the Demon's Heart with this saber, it will be a Ninth Grade Saint Utmost Treasure. When you use it, if you use it with Chaos, you can kill a Ninth Grade Saint."

Xu Bai gripped the teacup in his hand tightly."

If he could use a saber to kill a ninth-grade Saint Realm expert, it would be worth it.

"It depends on whether you're willing or not." Director Mu smiled and said, "Once this move is used, the Demon's Heart will be destroyed, and the saber will be completely destroyed."

Could he bear to?

These were just worldly possessions.

If he could save Eunuch Wei, Xu Bai didn't mind.

"Of course," Director Mu added, "There's something to give, and there's something to gain. I know you like secret manuals. If this trip succeeds, you can go to the royal treasury and read whatever you want. You can read as long as you want."

Director Mu stopped talking and took out a token from his pocket.

“Everyone knows that I only have two one-time saint treasures, but they don’t know that I have a third.”

” This token can unleash the power of a Third Grade Saint. As long as you crush it, you’ll have the strength of a Third Grade Saint for an hour. It can also help you overcome some difficulties.”

Xu Bai took the token. He felt the special energy coming from the token and put it away.

This item can be used to save lives but it is not enough.

Chapter 782: Emperor Chu: I Will Allow You This Once (4)

Who knew how many experts there were in the Bizarre Demon City? They were all people who had died a long time ago.

Although these demons had become strange after they died, and their strength would forever be fixed when they entered the Bizarre Demon City, nothing could be said for sure.

“Do you know why there are only nine Saint Realm masters in the world?” Director Mu asked.

“Because two of them were killed by Eunuch Wei.” Xu Bai said.

“That’s right, but that’s not a coincidence. It’s fate. Only we Fate Masters know that nine is the limit of the number.” Director Mu said slowly.

“Unless a Saint Realm master dies in this world, as long as someone becomes a Saint Realm master, they will die. The way they die is very strange.”

“At that time, why would a Saint Realm expert run to Great Chu without fear of danger just for a little bit of wealth?”

“Prime Minister Wen has one foot in the Saint Plane, but he never dared to do so.”

Xu Bai was surprised.

This was something new, so he really didn't know.

However, the most important thing now was how to be safer.

"Are you thinking about how to increase your safety?" Director Mu could tell what Xu Bai was thinking at a glance.

At this time, he was going to climb a mountain of knives and go through a sea of fire.

Of course, Xu Bai wouldn't deny that it was a big deal.

"You have a disguise technique, and you didn't return the human skin mask." Director Mu said, "Although the Void Sect's disguising technique can't simulate strange abilities, with the Void Sect's technology, the appearance is already perfect. As long as one isn't a Saint Realm expert, they won't be able to discover it."

"There are so many strange things in the Bizarre Market. How can we encounter the strange things of becoming a Saint?"

"Even if we encounter it, we might be able to escape with this token."

"And this."

Director Mu took out a ball of light and handed it to Xu Bai.

Xu Bai took it, not understanding why.

"There's only one-tenth of the Great Chu's luck. However, the Great Chu's luck is as vigorous as a dragon now, and it can ensure your safety even more." "If you believe me, then open your heart and let me infuse luck into your body," said Director Mu."

"With luck, you won't be too unlucky. You'll be able to reverse your luck in the slightest."

"Of course, after you return, you have to return the luck to me. After all, this is Great Chu's, not mine."

After reaching the mortal evolution state, one could not inject luck without the consent of the person who was using it, so Director Mu needed Xu Bai's permission.

Xu Bai had already been here once before, so he didn't refuse this time.

He nodded and agreed readily.

The ball of light flew into Xu Bai's glabella and quickly fused with him.

Xu Bai felt that he had gained something.

It was hard to explain.

Disguise, a supreme treasure token, and the luck of Great Chu.

With these three items, Xu Bai felt that the possibility of success was greatly increased, and his safety was also greatly improved.

Director Mu suddenly stood up, crossed his arms, and bowed to Xu Bai.

This was a great gift and could not be used easily.

Moreover, the identity of this person in front of him was equivalent to being below one person and above ten thousand people in the entire Great Chu.

“Thank you very much.” “It’s been so many years. I don’t want to see that old man die either.” Director Mu stood up and thanked him.”

Xu Bai nodded.

He also didn’t want to. This was one of the few people in this world who treated him sincerely.

“Come over tomorrow morning. I’ll take you to the place where you can enter the Bizarre Demon City.” “If you weren’t the only one who could enter and leave the Bizarre Demon City, I would have asked someone to go there myself,” said Director Mu.”

Xu Bai did not stay any longer. He only had one night to return to the palace to tell Ye Zi.

At the very least, he had to give a reason. He couldn’t just disappear for no reason.

He left very quickly. After bidding farewell, he left Zhai Xing Lou and headed towards the Imperial Palace.

Director Mu stood by the window on the ninth floor and watched Xu Bai’s back as he left. He clenched his fists.

At this moment, footsteps suddenly sounded from the surroundings. Then, the door to the ninth floor was pushed open.

Director Mu turned around. When he saw the person, he smiled and slowly walked to the person. Then, he tidied his clothes and knelt on the ground.

“Your Majesty, this lowly subject has committed a crime.”

The Chu Emperor had a solemn expression on his face, and a terrifying aura emanated from his body.

“Back then, you promised me that you would never use any of Great Chu’s luck. Why did you do such a thing today?”

At this moment, the Chu Emperor was no longer as indifferent as before. Instead, he had become a murderous emperor.

Just now, Great Chu’s luck had been reduced by one-tenth. He instantly knew what was going on and immediately ran to Zhai Xing Lou.

When he saw Xu Bai on the way, he knew that Xu Bai was lucky, but he didn’t say anything. Instead, he came over to ask Director Mu.

“I want to save Eunuch Wei.” Director Mu didn’t get up. He was still kneeling on the ground.”If Xu Bai can enter the Bizarre Demon City, he can save Eunuch Wei.”

“But if we fail, he will die in the bizarre market.”The Chu Emperor’s eyes were indifferent.” Then, the fate will be completely gone. If Great Chu loses one-tenth of its fate, what will happen to my people? It’s not that I don’t care about the feelings, but it’s even more difficult to make my people suffer.”

“If that’s the case, I’ll remedy it.””If he dies, Eunuch Wei will also die, but His Majesty’s grand plan can still be completed.””

“This lowly subject’s life will be enough to make up for the lost luck.”

Chapter 783: Emperor Chu: I Will Allow You This Once

“Is it worth it?” The Chu Emperor’s pupils constricted.”

Director Mu didn’t answer and maintained his composure.

“You know that I hate these red tape the most.”

Only then did Director Mu get up from the ground.

He sized up the indifferent Chu Emperor, and for some reason, he sighed.

The Emperor of Chu waved his sleeves." You often say that I have changed. Indeed, when I sit in this position, I no longer consider individuals. Just like just now."

"Eunuch Wei, die. I will unify the world and obtain peace for the people."

"But if you do this, if Xu Bai fails, although the people will still be at peace, you will also have to put yourself in danger. I will lose three people at once."

"If you fail, Eunuch Wei, Xu Bai, and you will all die."

"Is it worth it?"

Director Mu lowered his head. He had to return the favor he owed Eunuch Wei."

The Chu Emperor took a deep breath and turned around, preparing to leave.

"Your Majesty." "You're the same as before," Director Mu said with a smile."You've become more humane."

The Chu Emperor's body stiffened." This is the last time I'll indulge you. If I fail, you and Eunuch Wei will both leave. The only person I can speak to in the future will be that foolish younger brother of mine."

After saying this, the Chu Emperor opened the door.

he said the moment the door closed.

"Don't die."

Xu Bai returned to the palace.

When they arrived at their temporary residence, he told Ye Zi to return to the Heavenly Musician first.

This time, after going there, he found a random excuse and returned to his residence.

Thinking about what would happen tomorrow, he felt a wave of frustration. There was no new progress bar to make him feel frustrated, so he became more and more frustrated.

"Xu Bai, oh Xu Bai, you have always been concerned about your own interests. This time, you really did something stupid."

As he walked, he recited silently.

Although he had been blaming himself, he had never said anything that he would not do.

“Rest early. We still have to go to the Bizarre Demon City tomorrow.”

He sighed. It was getting late. Xu Bai was lying on the bed. Although he tossed and turned, he was not in the mood to get up.

The oil lamp on the table was not blown out. He turned his body and looked at the flame of the oil lamp.

At this moment, a figure flashed past.

Xu Bai was slightly stunned. He saw a box thrown over with a sentence.

“My jade pendant can trap a ninth-grade Saint for half an incense stick of time.”

“After this is done, it doesn’t matter even if you empty my royal treasury.”

“Remember, don’t die.”

The figure only swayed for a moment before disappearing.

Xu Bai sat up silently, revealing a look of understanding.

As expected, the Chu Emperor was able to sense the fate of the Great Chu State when he injected it into his body. However, Xu Bai did not expect the Chu Emperor to agree.

He opened the wooden box. Inside was a dragon-shaped jade pendant. The dragon was coiled and carved very exquisitely.

Recalling what the Chu Emperor had said earlier, he kept the jade pendant in his bosom.

This time, their safety was guaranteed.

“After getting so many things, I feel like I have no choice but to go.”Xu Bai said.

He wanted to lie down on the bed again and look at the ceiling. Gradually, sleepiness came...

The next day.

Xu Bai woke up early and headed to Zhai Xing Lou. Coincidentally, he bumped into Director Mu, who was walking out of Zhai Xing Lou.

The two of them met, but neither of them spoke and walked silently.

He walked out of Zhai Xing Lou and into the Imperial Palace. Finally, he arrived at an extremely remote place.

If it weren't for the director, Xu Bai wouldn't even know about this place.

Director Mu pressed a button in a hidden spot and activated the mechanism. The ground suddenly opened, revealing a staircase.

Xu Bai followed behind Director Mu. The two of them went down the stairs and soon arrived at a long underground passage.

After walking along this passage for a long time, they finally arrived at an incomparably huge space.

In the center of the space was a circular pattern that Xu Bai was familiar with.

In fact, he really wanted to ask where this thing came from.

Director Mu was indeed a smart person. He said directly, "I don't know."

Xu Bai was speechless.

Director Mu continued.

"The so-called bullsh\*t formation of the Monster Race was actually based on these things. These things seemed to have appeared naturally."

"However, in order to damage our morale, the demons said that they were the ones who caused the annihilation."

"Anyway, as long as we find it, we'll move it over. We've already moved a lot."

Natural?

Although he said that, Xu Bai thought that it couldn't be that simple.

It was just that until now, no one had discovered how it was formed.

"It's getting late." Director Mu explained casually and said solemnly, "You only have half a month, do you know that?"

Xu Bai nodded.

In half a month, the barbarians would be dispatched. Xu Bai knew the urgency of the matter.

Director Mu continued, "After you enter, this knife will sense something and guide you to the location of Demon's Heart. As for the rest, I don't know. ""

Under Director Mu's guidance, Xu Bai stood in the center of the pattern.

Throughout the entire process, the two of them did not waste any time.

When the light lit up, Xu Bai felt dizzy. Then, his figure disappeared in the center of the circular pattern.

### **Chapter 784: He Looks Like a Person (1)**

After Xu Bai's figure disappeared, the space fell silent.

Behind Director Mu, Emperor Chu slowly walked in.

"Gone?"

Director Mu nodded and didn't say anything.

"I only have half a month." With his hands behind his back, the Chu Emperor turned around and left.

Director Mu didn't leave. He found a place to sit down and looked at the huge circular pattern in front of him. He fell into deep thought for a long time.

Xu Bai only felt a wave of dizziness. Then, he realized that the surrounding scenery had changed. Soon, he had arrived in an unfamiliar space.

The surroundings were filled with black soil. There was no bright sunlight in the sky, only a dark red color.

There was a moon-like object hanging on it. It was a blood-red disc, and this light was shining down from the moon-like disc.

The familiar scene, the familiar sky, and the familiar blood-red color told Xu Bai that he had arrived at Bizarre Demon City again.

“Next should be the familiar pain.”Xu Bai thought.

He was already prepared. After all, he had experienced this kind of pain when he went to the Bizarre City and the Bizarre City. Therefore, he was already mentally prepared before he came.

However, after waiting for a while, there was no pain.

Xu Bai knocked his head with his hand. It didn’t make sense.

“Could it be that after experiencing it twice, my threshold has become higher?”

Although he did not know what was going on, he had a guess in his heart. This thing was very similar to a man’s first time.

The first time was always very fast, but as time passed and the number of times increased, the threshold slowly increased.

What was that?

Can’t raise it high?

Let’s see the doctor.

Xu Bai didn’t think much of it since the problem from last time didn’t happen. He should be glad that the pain didn’t come, but Xu Bai was also a little disappointed.

If he could do it a few more times and his progress bar could evolve again, that would be perfect.

Although it would hurt for a while, it would only hurt for a while. He just had to endure it. However, from the looks of it now, he did not have this chance.

“I only have half a month. For now, it’s better to find Demon’s heart as soon as possible.”

“But how should I find it? Previously, Director Mu had said that if he wanted to find Demon’s Heart, he would have to rely on this knife.”

“This saber can sense the location of Demon’s heart. How should I sense it?”

Xu Bai thought to himself. He held Evil Eye’s hilt and stroked it gently. He began to try.

Refined Qi flowed from his palm into Evil Eye's blade, but it was useless.

It didn't sense anything like what Director Mu had said, nor did it have any other abnormalities. It was ordinary, just like an ordinary knife.

At this moment, Xu Bai was unable to do anything.

He was now in a dangerous and unfamiliar place, and the method he had mentioned before did not work. He could not sense the Demon's heart, so how should he deal with it?

"Pull it out and take a look.

After thinking for a while, Xu Bai decided to pull out the saber first. Perhaps it was because it was hidden in the scabbard, so the saber did not sense anything.

Thinking of this, he grabbed the hilt and pulled Evil Eye out.

As soon as he pulled it out, there was a mess on the black blade that began to gradually spread. This was formed after the demons died.

The saber itself was refined by countless demons. When they fused together, each demon became a consciousness.

When they were entangled together, it became chaos. In addition, this saber had killed countless people, so the chaos became deeper and deeper.

If someone else held it in their hands and did not have the corresponding method to control it, they would even be invaded by this chaos and become a person who only knew how to kill.

However, Xu Bai was different. His Heaven Changing was the gradual fusion of rationality and chaos, and madness.

With this saber, it would give him a bonus.

"This chaos is a little big."

He felt that the chaos of the saber was gradually spreading. If it continued to spread like this, it was very likely that other monsters would sense it.

Therefore, with a thought from Xu Bai, the chaos on the blade gradually disappeared under the guidance of his True Core Strength. It looked like an ordinary blade.

After doing all this, he heaved a sigh of relief.

This time, when he transferred his Refined Qi to Evil Eye, he finally felt something.

This feeling was like a guide from the dark, guiding him in a direction, telling him that there was the most important thing in that direction.

So this is the so-called induction?"Xu Bai put Evil Eye back into the scabbard, but he didn't fully put it in. He only pulled it out an inch, and the feeling was still there.

"This is just right. It won't attract too much attention."

It would be too eye-catching if he just pulled out the knife and walked with it. However, it was only an inch out of his body now, so it was much better.

Xu Bai knew that time was of the essence, so he didn't stay any longer after finding a solution. He didn't waste any more time and walked toward the direction of his senses.

The journey was very safe. They didn't encounter any strange things or dangers. The surroundings were extremely wide, and they couldn't see the end of it. It was filled with charred black land and blood-red light.

As he walked, he finally saw something different in front of him. It was no longer endless, but a dense forest.

This forest was different from the forest in the human world. The forest in the human world was verdant and lush, at least with color.

However, the forest here was pitch-black. Whether it was the trunk or the leaves, they were all terrifyingly dark.

## **I Have Unparalleled Comprehension #Chapter 785: Looks Like a Person (2) - Read I Have Unparalleled Comprehension Chapter 785: Looks Like a Person (2)**

### **Chapter 785: Looks Like a Person (2)**

From the outside, the forest looked like an open mouth, waiting for food to fall into its trap.

In ancient times, people often said that one should not enter the forest. This was also a saying in the art of war. It was to be careful of ambushes. After all, one could not see the truth in the forest.

However, looking at the dark forest in front of him, Xu Bai thought of a folk story he knew.

Very few people knew this story. He had heard it from the older generation.

In the forest at night, there were all kinds of spirits and ghosts.

It was said that there was a scholar who rushed to take the examination. Because he had to hurry up, he walked into the forest at night and never came out again.

Some people said that he was blinded by a ghost, while others said that he was bitten by a wolf or a tiger. In short, he was in danger.

"With the current situation, is it obvious that there's something inside?" Xu Bai rubbed his chin and looked at the forest carefully.

In the past, he could have flown over or circled around this situation, but he couldn't do it now. He couldn't see the end of the forest at a glance.

If he took a detour, it would waste a lot of time. He only had half a month's time, and walking in a straight line was the fastest.

He couldn't fly over either. If he did, it would be too big a target.

Imagine a bird flying across an open space. Anyone could see it.

"Then why must I go in and take a walk?" Xu Bai grabbed Evil Eye and made up his mind. Then he walked toward the dark forest.

After stepping into the forest, he felt a chill that gave him goosebumps.

With his current strength, even if the weather was cold, he should not have goosebumps. However, after entering the forest, he felt as if something was staring at him.

"Yes... Very good, meeting him as soon as he arrived. Not bad." This time, Xu Bai gave a simple and direct answer.

His divine soul gradually spread out and swept across the forest. Soon, he discovered the reason.

In front of the forest, far away, there was a small dilapidated temple.

To be precise, it was indeed very small, about the height of a knee.

Xu Bai had seen temples like this before. The specific ones were the local temples he had seen in his previous life.

It was a square-shaped place that was only about the height of a knee, and a statue was placed inside.

The feeling of being stared at came from this small temple.

“I have something important to do today, so I won’t beat around the bush with you.”

Xu Bai picked up Evil Eye and walked toward the small temple.

He had just arrived and he had already encountered something. Moreover, it was this Bizarre Demon Market. The thing was naturally Bizarre Demon.

If it was in the past, Xu Bai might have been able to deal with it, but it was different now.

Since the other party had discovered him, he couldn’t stay any longer. Moreover, he had to hurry up and be direct.

When Xu Bai walked, he used the Great Phantom Technique. In less than a breath, he appeared beside the small temple.

In front of the small temple were three incense sticks, and at this moment, there was still a faint green smoke floating in the air.

When Xu Bai arrived, the feeling of being watched became even more profound. He was absolutely certain that it came from this small temple in front of him.

“Pretentious!”

Xu Bai sneered in his heart. He pulled out Evil Eye and slashed at his head.

This was his first time using the blade. When he swung it, the cracks on Evil Eye Blade became even more obvious. It shattered into countless pieces, just like Hundred Rend.

But although they looked similar, they were different in essence.

Chaos!

Terrifying chaos spread out. Every piece of debris emitted a ghostly wail. When these screams gathered, it was like a demon’s voice piercing through one’s mind, shattering one’s soul.

“Kill him!”

Xu Fan used the Blade and Sword Tribulations. A bright white light covered every fragment and spun, forming a terrifying strangulation array.

“Boom!”

Under this terrifying power, the small temple in front of him was turned into ruins in an instant. Not only that, but the black forest within a hundred miles was also turned into debris.

Xu Bai turned around, sheathed his saber, and ran!

The three movements merged into one without any pause, flowing like water.

It was terrifyingly familiar.

Just as he escaped from the place in front of him, a giant hand suddenly emerged from the soil.

This hand was blood-red in color and was not covered by skin. Blood vessels and red muscles could be seen. It was extremely huge, and just the palm alone was the size of a millstone.

“He’s already so capable when he just arrived. What kind of strength is this thing?”

When he destroyed the small temple in front of him, he didn’t feel the light disappear. Instead, he felt a sense of danger.

If this sense of danger wasn’t as terrifying as the white-robed Prime Minister Liu Yue’s, he probably wouldn’t have reached the Saint Realm.

However, something that could threaten him was definitely not simple.

Therefore, he did not hesitate and ran decisively.

There was no time to fight now.

The only thing he felt regretful about was that Bobby had just started to pretend, but he didn’t expect to meet a tough nut.

Thinking about how he had risen from the grassroots to where he was now, he could write a novel and become the protagonist of the novel.

But this time, he seemed to have become a minor character, or rather, a villain.

Wasn’t this how villains were?

According to the plot, before he could act as a villain, he would be slapped in the face.

After the giant blood-red hand appeared, it was followed by the head and body.

## Chapter 786: Looks Like a Person (3)

When this thing completely drilled out of the ground, Xu Fan felt that this thing was a little big.

Because of the appearance of this tall figure, the entire black forest was shattered into pieces by the aftershock.

In its place was an existence that was dozens of meters tall.

There was no skin on his body, only flesh and blood vessels. From Xu Bai's point of view, this guy was naked.

Of course, this was not the main point. The main point was that it was difficult to deal with.

The tall and big monster roared towards the sky. Xu Bai felt that the surrounding space suddenly became stagnant.

"Where did you get your little demon?"

"I only need you to burn three incense sticks to leave this place safe and sound."

“Yet you directly destroyed my small temple. Are you courting death?”

Xu Bai only remembered that he had changed his appearance before he came in. In short, he did not look like a human now.

Behind Xu Bai was a pair of large wings, which looked like the wings of a dead bird demon.

He had a special story about the big wings. When he played a game in the past, it was obviously a classic Xianxia type, but he added the big wings. This was a joke.

“I’m f \* cking...It seemed that he was in a hurry and did something impulsive, causing more and more trouble.”

As he was in a hurry, he did not notice this and directly destroyed the small temple with a slash.

He didn’t expect that he only needed to offer three incense sticks to leave safely.

This matter had nothing to do with him.

Who knew that this thing was so simple?

Whether he had the time to check it carefully or not, it was all because he was in a hurry.

Seeing that Xu Bai didn't reply, the tall demon sniffed lightly. Soon, a surprised expression appeared on his terrifying face.

"This is...The aura of a human, you're a human! You're someone who can enter the Bizarre Demon City!"

He said this not because the tall demon had seen through Xu Bai's disguise, but because Xu Bai had just slashed out with his saber.

Drawing the saber meant that the aura of the opponent was leaking.

After sensing that his little temple had been destroyed, the tall demon only felt an inexplicable anger. Without thinking too much, it broke through the soil.

However, he did not expect that after he calmed down, he realized that something was wrong.

If it wasn't for that slash, he really wouldn't have been able to sense it. However, that slash had already revealed Xu Bai's aura.

This was a human!

A very terrifying person!

Why was it terrifying?

This was the first time in history that he had been able to safely enter and exit the Bizarre Demon City.

“Take you down!” The tall demon had just reacted when he made up his mind.

He had to stop this person in front of him. For this person to be able to safely enter and leave the Bizarre Demon City, he definitely had a way.

If he could capture her and force her to tell him the method, he would be able to leave this place.

At the thought of this, the tall demon raised his hand and grabbed at Xu Bai.

The surrounding space fell into a strange state of stagnation. Xu Bai's mobility was reduced by 90%, and his speed had become extremely slow.

And this hand had a strange blood-red light. If he was caught, he would definitely not have a good ending.

“You haven't become a Saint yet, have you?” Xu Bai asked.

The tall demon was slightly stunned. He did not understand why there was such a question. Even his movements slowed down.

When Xu Bai saw this scene, although the tall demon did not answer, he already understood what was going on.

Since he had such an expression, it meant that he hadn't become a Saint yet. Then...Everything would be simple.

Xu Bai licked his lips and gripped the hilt of his sword tightly.

"You're courting death. You can't blame anyone else."

At the same time, looking at the descending palm, he cast Evil Eye.

In the next moment, they turned into countless fragments that filled the entire sky.

Each fragment was filled with terrifying chaos and dazzling saber radiance.

Not only that, but behind Xu Bai, gold and grayish-white colors intertwined, and a crazy will eroded the tall demon.

The Three Absolutes of Sword and Saber-Heaven Flipping!

This move was the strongest move, and it was the second time he used it.

The first time he used it was when he was dealing with Liu Yue. The existence who had reached the peak of Saint Realm made this slash look ordinary.

However, it was different now. This tall and big demonic creature did not have such powerful strength.

Skyflip was a ninth-grade Transcendent skill, coupled with the Yin-Yang Coexistence and Evil Eye Blade.

When the skills merged into one, Xu Bai felt that half of the True Core Strength in his body had been drained.

Even a first-grade Transcendent, coupled with the True Essence Energy in his kidneys, could only swing his saber twice in a short period of time.

Of course, it was enough.

The saber radiance on each fragment was like a scorching sun. When the saber radiance converged, no other colors could be seen.

The sky turned bright white.

The tall and strange man was hit by the blade light and was gradually breaking.

“Impossible!”

It roared angrily, its eyes filled with unwillingness.

This shouldn't be!

It could feel that the strength of this person in front of it was definitely not as strong as its. Why would he erupt with such powerful combat strength?

The tall demon turned around and wanted to escape. He was already covered in injuries. In the blink of an eye, he had suffered extremely heavy injuries.

However, before he could escape, he suddenly felt a headache. Then, his eyes became dull.

Overturning the Heavens, combining the inside and outside, under the double attack, he was instantly turned into ashes.

Starting from the tall and demonic head, all the way to the feet, it finally turned into ashes that filled the sky.

### **Chapter 787: Looks Like a Person (4)**

Xu Bai held his saber, not because he wanted to pose, but because the feeling of being half-emptied in an instant made him feel very uncomfortable.

To make a very simple analogy, when you were full of energy, you would feel very uncomfortable when half of it was suddenly emptied.

“So I can already walk unhindered among Transcendents now?”Xu Bai thought.

Originally, he was only a first-grade Transcendent. At most, he could fight a fourth-grade or fifth-grade existence. With this saber, he could fight around a seventh-grade.

However, with the Sword and Sword Tribulations, a ninth grade Transcendent skill, he was actually able to rely on this skill, along with the saber and Yin and Yang Coexistence, to advance to the ninth grade Transcendent realm.

Of course, this so-called ninth grade Transcendent only had two slashes, and it was relatively weak.

After all, it was an effect that could only be achieved with the help of various enhancements. If he really encountered a ninth-grade Transcendent, he might not be able to defeat him.

“Don’t think too much. Let’s leave quickly.”

His True Core Strength was slowly recovering, but Xu Bai had no intention of stopping. He quickly walked in a direction using the Phantom Grand Magic.

The power of that slash just now was too strong, and it was shining in all directions. It was difficult for others not to notice it.

Therefore, he did not stay for long. He had to leave this place first to avoid falling into greater danger.

Soon, Xu Bai disappeared.

Reality proved that Xu Bai was overthinking things.

There were so many cities in the Bizarre Demon City, and its area was extremely vast. Now that it was in the wilderness, even if there was a lot of movement here, he would not have discovered it if he did not happen to encounter it.

As Xu Bai ran, he unleashed the Great Phantom Art to the extreme. His speed was extremely fast, and he covered an extremely long distance in the blink of an eye.

Following that feeling, the journey was smooth. Other than the tall and strange thing they encountered at the beginning, they did not encounter anything else.

After walking for another four hours, he finally stopped and slowed down.

It was no longer empty in front of him. A mottled ancient city appeared in front of Xu Bai.

“Finally, the main topic.”

The Evil Eye on Xu Bai’s waist was pulled out by an inch. The feeling in his heart told him that Demon’s Heart was in the ancient city not far away.

This feeling was very strong.

Xu Bai looked at the large wings behind him and took a deep breath. He then walked toward the ancient city.

As long as he didn't use his saber techniques, only the demonic monsters at the saint level would be able to discover him.

However, there was a limit in this world. There were only nine Saints. After that, there would be various coincidences that would lead to their deaths.

There were nine in the human world, and there were naturally nine in the Bizarre Demon City.

There were so many cities here. It couldn't be such a coincidence to meet a saint-level monster, right?

As he thought of this, he arrived in front of the ancient city.

In front of the ancient city, two strange-looking monsters were guarding it.

When Xu Bai approached, the two monsters did not stop him and let him go in. He heaved a sigh of relief. It seemed that his disguise was quite powerful.

After entering, the streets were empty. The surroundings were filled with monsters and strange things. There were all kinds of stalls running around. It looked no different from a market in the human world.

However, Xu Bai knew that if he revealed his true identity now, these monsters would immediately reveal their claws.

Strange was strange, he naturally hated all kinds of living beings.

Even if they were monsters who had become strange after the death of the demons, even if the demons were alive, they were no different from their enemies.

Xu Bai maintained his appearance. No one cared about him, and he was happy.

Holding Evil Eye, Xu Bai searched for it according to the feeling in his heart.

Not long after, he stopped again.

Looking at the luxurious mansion not far away, he frowned.

His final sense was in front of this mansion, but he did not act rashly.

On the mansion, there were three words written: City Lord's Mansion.

Obviously, this was the ruler of this city.

He didn't know the other party's strength, so he didn't go in easily.

Half a month was neither too long nor too short. Xu Bai decided to find a place to observe first.

Standing at the corner of the street, he could see the movements of the City Lord's Mansion.

In front of the City Lord's Mansion, there was an endless stream of demons coming in and out, appearing unusually busy.

The demonic beasts that entered rushed in and came out not long after. After they came out, they all shook their heads and sighed.

Xu Bai observed for a while, rubbed his chin, and pondered for a moment. Finally, he left the alley and followed a demon that came out.

After this demon came out, it also sighed. It walked for a long distance and finally came to a room. It opened the door and walked in.

Xu Bai stopped at the door of the room and looked around. He found that the monster lived in a very remote place.

After thinking about it carefully, he raised his hand and knocked on the door.

Not long after, the door was opened. Yao Gui, who had just entered, looked puzzled and sized up Xu Bai.

"Who are you?"

He looked at the strange demon in front of him and felt that it was a little strange. He had never come into contact with this person in front of him.

However, he only asked these three words because in the next moment, he felt his divine soul become blurry and then he lost consciousness.

Xu Bai walked in and snapped his fingers. "Close the door."

The demonic spirit turned around and closed the door.

Xu Bai found a seat and sat down with his legs crossed. "Tell me, what's going on in the City Lord's Estate? Why are so many of you demons coming in and out of there?"

## Comprehension Chapter 788: This Man Looks Like A Person (5)

### Chapter 788: This Man Looks Like A Person (5)

Simple and direct.

Since he wanted to ask something, he naturally had to control his spirit.

For a demon of this level, there was no need for too much trouble.

Yao Gui, who was being controlled, raised his head. His expression was as dull as wood.

After hearing Xu Bai's question, he answered directly.

"The City Lord's daughter was finally born today, but after she was born, she fell seriously ill."

"Wait!" Xu Bai immediately interrupted him when he heard the first sentence. "What did you say? Have a daughter?"

When he heard this, he felt that something was wrong. In his understanding, these demons should not be able to give birth, right?

After death, it would become a strange creature. It was absolutely impossible for it to reproduce. Even if there was a fetus in its stomach when it died, it would be impossible for it to give birth to the fetus.

When the controlled demon ghost heard this, it replied honestly.

"We don't know what happened either, but it did come out."

"However, after she was born, the baby girl became extremely weak. After that... He looked for us, who are specialized in healing, but we couldn't find the reason."

"The City Lord said that she can only use the Demon's Heart she obtained in the past to stabilize the baby girl's condition. However, as long as the Demon's Heart leaves, the situation will worsen."

Speaking up to this point, Yao Gui did not continue because he only knew this much.

Xu Bai's eyes lit up when he heard the words "Demon's Heart."

He was the one who had found this thing.

What he sensed just now was in the City Lord's Mansion. He did not expect it to be used like this.

Thinking of this, a plan was born in Xu Bai's mind.

Xu Bai asked a lot of questions, including all kinds of information about this demon, as well as all kinds of etiquette after meeting the City Lord.

In the end, he waved his hand, and the demonic spirit in front of him disappeared without a trace, losing its aura.

"In that case, I'll go in and take a look first."

Thinking of this, Xu Bai seized the time and walked towards the City Lord's Estate.

At this moment, there were still many monsters coming in and out of the City Lord's Estate, but compared to before, there were already a lot fewer. After all, even if there were many monsters who knew medicine in this city, according to this frequency, it was about time.

Xu Bai had already transformed into the demonic beast from before. He lifted his feet and walked toward the City Lord's Mansion.

Outside the City Lord's Mansion, there were two teams of monsters guarding it. When they saw Xu Bai walking back disguised as a monster, they looked at each other without saying anything.

After Xu Bai went in, he followed the evil demon who went to treat the disease and arrived in front of a room.

The door of the room was tightly shut. Not long after, the door opened. A demonic creature shook its head and walked out.

Xu Bai could hear the sound of crying coming from inside.

The monsters had already started to line up and walk toward the room. They walked in and out. Soon, it was Xu Bai's turn.

When Xu Bai walked in, he saw a beautiful woman holding a baby girl and gently shaking her.

There was a black aura swirling around the baby girl's face. In the woman's hand was a fist-sized heart. The heart was not beating, but it looked rosy.

“This woman should be the City Lord.”

Xu Bai thought to himself as he walked forward and cupped his hands. “Greetings, City Lord Sun.”

The City Lord’s name was Sun Lan, a third-grade Transcendent.

To be honest, with his current cultivation base, Xu Bai could easily crush a person with one hand, but he did not make any rash moves.

If this city lord was connected to other cities, they might face endless pursuit after something happened.

No one could be sure about this, so it was better to be safe.

City Lord Sun had a pair of goat horns on his head. When he saw Xu Bai, he was slightly surprised. “Didn’t you see it before and say that there’s no way?”

At their level, their memories were naturally very strong, so they naturally knew that Xu Bai had been here before.

“Just now, I said that there was no way, but after going back and thinking carefully for a while, I already have a solution.””

When City Lord Sun heard this, his face revealed a look of joy. He quickly handed the baby girl over. “Sir, if you can cure her, you will have unparalleled power and benefits in this city.”

After hearing that she could be cured, she even changed the way she addressed him.

Xu Bai nodded and took the baby girl in his hand. He lowered his head and looked at her.

Although he was pretending to be treating a patient, his gaze was fixed on the heart.

He hid Evil Eye at his waist and thigh, covering it with his clothes.

He could feel that this heart was his ultimate goal.

However, he did not act rashly. From the corner of his eye, he saw the token on City Lord Sun’s waist.

This token could activate the circular pattern and was the key to getting out.

His mental cultivation technique was only at the first-grade Transcendent Realm, so he could not use divine soul control. Thus, he had to use a roundabout method.

He had to get the Heart and the token without causing too much of a stir.

In that case, he would first have to use deception.

Thinking of this, he had already thought of an excuse, but when he subconsciously looked at the baby girl's face, he was completely stunned.

The method he had thought of just now disappeared, leaving only shock in his heart.

This... Why does this baby girl seem to be alone?

### **Chapter 789: The Baby Girl's Secret (1)**

Xu Bai felt that if he were to make an expression now, it would be like this.

He looked at the baby girl in his arms. Although the baby girl's face was covered by black gas, Xu Bai could see that the black gas could not hide her appearance at all.

The baby girl's small hands tightly gripped the Demon's Heart, and she did not let go. Her eyes were tightly shut, and her brows were furrowed. From time to time, she would grunt twice. It was obvious that she was in pain.

However, these were not the most important things. The most important thing was the baby girl's appearance.

This baby girl looked very much like a person, a person he had seen before.

Liu Qingfeng!

The features of the white-robed madman, Liu Qingfeng, were strangely similar to the baby girl's.

What did this mean?

Could it be...Was this Liu Qingfeng's child?

F \* ck!

It was simply shattering his three views, okay?

Xu Bai remembered that he had met Liu Qingfeng in the bizarre market. Didn't he lose his soul? How could this happen?

He was lost in thought

If it was really as he thought, and this was Liu Qingfeng's child, then this guy was quite good at playing around.

Of course, he didn't say or do anything because he wasn't sure what City Lord Sun was thinking.

"Sir, you've been looking at it for so long. Can it be cured?" City Lord Sun asked.

She saw that Xu Bai was holding the baby girl and did not move at all. He seemed to be thinking about something, so she mistakenly thought that Xu Bai was thinking of a way to save her.

Xu Bai took a deep breath to calm himself down before he began to explain.

"I once read about this condition in an ancient book, but I can't be completely sure that it's this condition, so I have some questions."

"Why did this baby girl appear? City Lord, can you tell me?"

"It's not that I'm curious, but that I want to find out if this situation matches the symptoms."

Since he was going to lie, he had to pretend. He had to pretend to be a little more convincing and also get some information at the same time.

For example, what was the background of this baby girl?

Just now, it was just his guess. As for what the truth was, it still depended on the answer of City Lord Sun in front of him.

City Lord Sun frowned slightly and walked in front of Xu Bai, staring at him.

"Are you sure?"

"I'm very sure." Xu Bai nodded."

His gaze met City Lord Sun's without any evasion.

City Lord Sun stared at Xu Bai for a long time before he finally retracted his gaze and sighed.

She raised her right hand, and a black shadow appeared, enveloping the surroundings.

Then, she invited Xu Bai to sit down and slowly told him what had happened.

“Actually...This is indeed my child, but something went wrong in the middle...”

In this sealed space, City Lord Sun told him everything that had happened.

When Xu Bai finished listening, he was stunned.

He had guessed correctly!

Not only did he guess correctly, but the events that happened were so bizarre that it was unbelievable.

First of all, City Lord Sun was a demon from a very long time ago. At that time, she was already pregnant.

However, after she became pregnant, she died not long after. She took the fetus in her belly and turned into a demon, coming to Demon City.

She had always been pregnant. Because she had already died and turned into a demon, it was impossible for her to be born, so she kept her original appearance.

However, this situation did not last long.

One day, a person without a soul suddenly appeared in the city she was in. Then, she had a fight with this person.

Before City Lord Sun died, he was a third-grade Transcendent. However, as long as he entered the Bizarre Demon City, he would forever be at that level, so she had never fought him.

However, for some reason, this madman did not kill her. Instead, he took her away and did an indescribable night.

After that night, she realized that there was movement in her arms.

The time it took to give birth was different from ten months of pregnancy. It was extremely long, and it had only been born recently.

However, after the baby girl was born, City Lord Sun discovered that the baby girl was gradually weakening.

By chance, she saw that the Demon's Heart could actually slow down the process of weakening, so she kept letting the baby girl hold it.

However, this was not a long-term matter. City Lord Sun had been constantly looking for a solution, but he had never been able to solve it.

That was the general process. When Xu Bai heard it, he felt bad.

If he saw Liu Qingfeng now, he would definitely give him a thumbs up and shout that he was awesome.

This guy without a soul acted on instinct. Could it be that the indescribable night back then was also based on instinct?

If that was the case, then he was really too strong.

Humans and demons were not a big deal.

But people and demons were really off the mark.

Actually, it didn't matter if it was ridiculous, but she actually gave birth to a child. It was simply ridiculous.

“Speaking of which, is Liu Qingfeng cheating on someone else, or is he happy to be a father?”

At this moment, Xu Bai's mind was wandering again as he thought of this question.

Before City Lord Sun died, she was already pregnant.

It wasn't Liu Qingfeng's child, but after it died and entered this place, there was basically no way to give birth to it.

However, Liu Qingfeng had managed to give birth to the child, so whose child was this?

### **Chapter 790: The Baby Girl's Secret (2)**

Xu Bai thought for a long time and felt that the relationship was complicated and difficult to figure out.

Now was not the time to sort out these things. These things were just for fun. His most important thing now was to get his hands on the Demon's Heart.

“Sir, I’ve already said what I need to say. Do the symptoms match? Can it be cured?”  
City Lord Sun asked.

When he asked this question, an undetectable killing intent flashed in his eyes.

Only she knew that this was a secret that she could not let anyone find out.

There was one more thing she had not said. This daughter she gave birth to was a little special.

Now that she had revealed her secret, if the other party could not cure her, she could only kill him to silence him.

If the other party could be cured, then he would kill them to silence them.

In short, the person in front of him must die. The news must not be spread.

Of course, she did not show it at this time. She hid it very well.

After saying that, City Lord Sun even began to make promises to Xu Bai. The things he promised were extremely important in this city.

Xu Bai pretended to be grateful. “City Lord, don’t worry. We can be saved!”

City Lord Sun’s face revealed a look of great joy, and he hurriedly urged Xu Bai to quickly tell him the method.

Xu Bai looked at the baby girl in his arms and pretended to be deep. “I heard everything the City Lord told me just now. I carefully analyzed it and found that the symptoms are the same, but the symptoms are the same, so it’s extremely difficult to treat them.”

“What’s so difficult about it?” City Lord Sun hurriedly asked. Sir, please tell us. We’ll think of another way.”

Xu Bai glanced at City Lord Sun, pretending that nothing had happened on the surface. His mind was spinning rapidly.

How could he trick this Demon’s Heart away?

His initial plan was to find a random reason to take the baby girl away and say that he wanted to take her for treatment. However, the current situation wasn’t too safe.

Although the killing intent in City Lord Sun’s eyes was well hidden, Xu Bai had noticed it.

With such a big secret out, he reckoned that regardless of whether this matter would succeed or not, the other party would already have the intention to kill. Even if he took the baby girl away, how could he get out?

If he forcefully killed the female City Lord, he might be connected to the other cities. Before he died, the other cities would sense it, and then they would endlessly chase after him.

He had to think of a way to trick the waist token over.

Thinking of this, Xu Bai rolled his eyes and quickly came up with a plan.

“City Lord Sun, I need to go to other cities this time to look for the corresponding medicinal herbs. Can you give me your waist token? With the city lord’s waist token, it will probably be much more convenient to go back and forth.”

Xu Bai thought of this excuse to escape from City Lord Sun’s sight and take the token away.

He thought that this was a good plan. However, City Lord Sun shook his head.

“The token is of great importance. I only need to write a letter for you, and you can take this letter with you.”

“As for you taking my child with you, that’s not a problem. I can send someone to follow you especially to protect your safety.”

Xu Bai was speechless.

This method did not seem to work. The other party was not a fool. The token was indeed very important.

Since that was the case, he could only use another method.

He lowered his head again and looked at the baby girl in his arms, frowning.

Seeing this, City Lord Sun could not help but feel puzzled. “What’s the matter?”

She had a feeling that this demon in front of her was a little strange, but she couldn’t tell exactly what was strange about it.

Xu Bai said, “It’s not good. City Lord Sun, look at this child’s expression. Although he has the protection of Demon’s Heart and hasn’t changed at all, if we delay for too long, something will still happen.”

When City Lord Sun heard Xu Bai's words, he subconsciously looked over, but he saw that the baby girl's expression was no different from usual.

"I know this illness, so I can see it." "If we head there now, it'll take too long to go back and forth," Xu Bai added. "I'm afraid that it'll be difficult to cure the illness after it's gone blind."

Since he couldn't leave with the token, he wouldn't leave.

"Then what should we do?" City Lord Sun asked."

"There's no hurry. I can still stabilize it for now." Xu Bai explained, "I'll go back and think of other ways. Maybe there are more."

City Lord Sun hesitated.

What she didn't expect was that after this guy asked about her situation, he still wanted to go back and think of a solution instead of solving it immediately.

However, the other party did not give her a clear answer, saying that it could not be treated. In other words, the current ambiguous situation made it difficult for her to act immediately.

Xu Bai cupped his hands and left.

He had said that just now to stall for time. He mainly wanted to think of a way slowly after he returned.

After leaving the City Lord's Mansion, Xu Bai returned to the residence of the demon. On the way, he could sense that someone was following him.

Reality proved that his guess was right. Whether this matter succeeded or not, City Lord Sun would silence him, so he would not let him escape easily.

Xu Bai pretended that nothing had happened and returned to his room. After closing the door, he sat on the chair and thought carefully.

That token was extremely important, even though Xu Bai wanted to save her daughter, she didn't even consider taking it out.

From this, it could be seen that it was extremely difficult to succeed.

The problem now was that he had to take the Demon's Heart and obtain the token. Moreover, he could not alarm the demons in the other cities. The most important thing was to successfully escape.

## Chapter 791: The Secret of the Baby Girl (3)

Therefore, what was placed in front of him was a big problem.

If he wasn't worried about alarming the monsters in other cities, Xu Bai could have snatched it by force.

The main consideration was whether it would attract a saint-tier existence. That would be difficult.

Thinking about it, he had no clue.

Xu Bai was upset.

He seemed to be stuck here.

Sometimes, when a person was seriously thinking about a problem, the longer he thought, the easier it was to be distracted.

At this moment, Xu Bai's attention was distracted and he thought of something else.

"This Liu Qingfeng actually did such an awesome thing."

Thinking of the baby girl, Xu Bai felt that Liu Qingfeng was too strong.

When he read novels in the past, he had seen all kinds of strange things. However, when Liu Qingfeng's matter was put in front of him, it was the most shocking.

"Right! Liu Qingfeng!"

Xu Bai stood up abruptly, his eyes shining.

Wasn't this an opportunity?

Back then, when City Lord Sun and Liu Qingfeng had an indescribable incident, it did not seem to have alarmed the other city lords. Otherwise, Liu Qingfeng would not have been able to live well.

From the looks of it, Liu Qingfeng might be the key!

“Yes!”

Xu Bai quickly made up his mind.

Since that was the case, he would break through from this key point.

When City Lord Sun was talking to him about Liu Qingfeng, he did not show too much resentment. He could hear that.

“Why don’t we try summoning Liu Qingfeng?”

Xu Bai rubbed his chin and felt that this method was feasible.

If he summoned them, the two of them could fight. Then, he might be able to fish in troubled waters and find the token.

If they didn’t fight, but fought another kind of fight, he could also find an opportunity.

Very good!

In any case, he would just take it as a try.

Thinking of this, Xu Bai’s soul swept across and found Yao Gui who was watching him in a corner.

In the next moment, Xu Bai controlled all of them.

Xu Bai circulated his True Core Strength and began to slowly chant the Mountain Sea Sect’s divine spell.

A portion of his Refined Qi was quickly sucked away. From the darkness not far away, Liu Qingfeng walked out with a dazed expression.

After coming out, Liu Qingfeng was still in the same state as before, quietly absorbing Xu Bai’s divine soul. However, he was a huge loophole and could not store it.

“Hehe.”

Xu Bai laughed.

Ever since he became a first-grade Transcendent, the pressure that Liu Qingfeng gave him was not as great as before.

He felt that if he used a move to overturn the sky, it was still uncertain who would win.

At this moment, Liu Qingfeng did not have a divine soul. He could only imitate his actions and silently absorb the divine soul with him.

However, this didn't mean that he didn't have a solution.

"Brother, whether this wave can succeed or not depends on you. If it succeeds, the matter of you attacking me in the past will be written off." Bai Xu walked up to Qingfeng Liu and patted him on the shoulder.

Liu Qingfeng followed suit and patted Xu Bai's shoulder.

Xu Bai was not surprised. He lifted his foot, opened the door, and walked out.

Liu Qingfeng followed behind Xu Bai. As he walked, he absorbed Xu Bai's soul.

After walking out of the remote alley, Xu Bai sped up and changed from walking to running.

"Help! Kill!"

As he ran, he shouted nervously.

Liu Qingfeng imitated him, but he didn't make a sound. It was as if he was chasing after him.

Xu Bai's speed was very fast. In a short time, he had already arrived at the City Lord's Mansion.

When Yao Gui, who was guarding outside the City Lord's Estate, saw this situation, he was about to go up and stop it.

However, before they could make a move, they felt a huge pressure.

This pressure came from the City Lord's Mansion.

"What's going on? The City Lord seemed to be... Are you angry?"

The monsters guarding the door looked at each other and saw the shock in each other's eyes.

Immediately after, they did not have any reaction and were stunned by the powerful pressure.

At this moment, Xu Bai had already rushed into the city and ran towards the city lord's position, shouting for help.

In front of him, the City Lord's room quickly opened.

City Lord Sun's eyes were filled with killing intent. He looked past Xu Bai and at the people behind him.

Xu Bai shouted, "City Lord Sun, save me! This guy suddenly stopped me! He wants to kill me!"

City Lord Sun glanced at Xu Bai, and then, he turned his hand and struck Xu Bai.

Xu Bai was speechless.

This was really beyond his expectations.

In his mind, shouldn't he hit Liu Qingfeng first? Why did he hit him, who could save people?

However, Xu Bai's mind kept spinning as he prepared to take the blow head-on.

Since it was an act, he had to make it realistic. He had the Indestructible Demon Soul and Buddha Body, so he could recover no matter how serious his injuries were.

He would pretend to die first and see what the situation was like.

"Boom!"

Instead of suffering as he had imagined, a loud boom rang out as Liu Qingfeng stopped City Lord Sun.

"Tsk!"

He had almost forgotten that ever since the Mountain Sea Sect had established a connection with the divine technique, this fellow would sometimes help him.

What should he do now?

He was waiting online, and it was quite urgent.

It was as if he had been given a script, but he was not acting according to it.

His initial plan was to bring Liu Qingfeng over to observe the situation.

However, he did not expect City Lord Sun to turn around and prepare to kill him.

Xu Bai felt that he had managed to deal with the accident just now and was prepared to pretend to die.

But now, Liu Qingfeng had stopped City Lord Sun.

## Chapter 792: The Baby Girl's Secret (4)

What should he do?

Should I just fall down and pretend to be dead or what?

Just as Xu Bai was pondering, City Lord Sun's eyes widened.

"Since you're already here, you can save my daughter. He already knows my secret, so he has to die!"

"I know you don't have a divine soul, but look at what it is. Your instincts will tell you what to do."

As City Lord Sun finished speaking, the door of the room behind him opened, revealing the baby girl behind the door.

When the baby girl appeared, although Liu Qingfeng's expression was still dull, he actually let go and walked towards the baby girl.

Tsk!

Xu Bai had a headache. He felt that things had changed again. In other words, should he play dead now?

Wait a minute!

No!

City Lord Sun had said that Liu Qingfeng could save the baby girl.

Moreover, from the looks of it, although City Lord Sun was evil and had an innate hatred for the living, he did not hate Liu Qingfeng.

Could it be because Liu Qingfeng did not have a divine soul?

“I won’t pretend anymore!”

After Xu Bai thought it through, he suddenly said four words.

Now, everything had been resolved.

If City Lord Sun wanted to save his daughter, the method should be with Liu Qingfeng. However, he had not been able to find Liu Qingfeng before.

Now that Liu Qingfeng had appeared, he wanted to kill him because he knew too many secrets.

Then what’s the point of pretending?

Looking at the hand that was about to touch his body, Xu Bai's expression gradually turned cold as he slowly said a sentence.

“If you don’t want to die, take it back.”

When this sentence appeared, Xu Bai revealed a trace of his aura.

Chaos and rationality fused into madness.

City Lord Sun's face stiffened. The hand stopped in front of Xu Bai, and cold sweat broke out on her forehead.

She didn't know why, but she felt a terrifying pressure just now. It was as if if she would die if she made a move.

That's right, this was just her intuition.

However, it was precisely because of this intuition that she had come to where she was today. She knew that she should trust her intuition.

Sensing the crazy change in the sky, City Lord Sun's expression suddenly became extremely cold.

“Human!”

“You're a human, a person who can move freely in the Bizarre Market.”

“How dare you appear in the Bizarre City? Aren’t you afraid that I’ll contact the City Lords of other cities and kill you?”

In an instant, the disgust on City Lord Sun’s face could not be hidden at all. This was an innate malice towards the living.

She really did not expect that a living person would appear in the city she was in charge of. Moreover, it was a living person with a healthy soul.

What did this mean?

It meant that this person was of great research value.

“Do you want to save your daughter?” Xu Bai shrugged.

The disgust on City Lord Sun’s face froze.””What do you mean?”

“Nothing. I know him. Have you heard of summoning a god?”Xu Bai pointed at Liu Qingfeng and said,”I invited him here.””

His answer was very short, but he believed that City Lord Sun knew the stakes.

Sure enough, after he said this, although City Lord Sun still had a disgusted expression, he did not do anything else.

Xu Bai didn't expect things to be so simple. He heaved a sigh of relief and turned to look at Liu Qingfeng. Then, his expression stiffened.

Not only him, even City Lord Sun was as stiff as a rock.

While the two of them were talking, Liu Qingfeng had already walked into the room and picked up the baby girl lying on the bed.

His face was still as dull as wood, but he held his hands tightly, as if he did not want to let go.

"Instinct. Even if there is no soul, there is still this instinct that is similar to blood." City Lord Sun said.

"Are you sure?" Xu Bai asked suspiciously.

"I'm sure." City Lord Sun said with certainty.

Since he could confirm it, everything else could be discussed.

"Come, let's talk business." Xu Bai smiled." You should have a way to save him. Tell me, what is it?""

City Lord Sun did not speak.

"Don't say anything. Have you thought about it? You don't have time to think about it. If I leave with Liu Qingfeng, you might not be able to save your daughter." Xu Bai continued.

At this point, City Lord Sun finally spoke.

“You dare to run? Without the token, where are you going?”

“As long as I inform the surrounding city lords, you will have no way to escape.”

“I know you are powerful, but I can definitely inform you before you kill me.”

Xu Bai was speechless.

He did not expect that City Lord Sun would actually want to turn against him, but this idea was too simple.

Who could control whose army depended on who held the bargaining chip in their hands. And now, Xu Bai held the bargaining chip in his hands.

“Go ahead and scream. If you scream until your throat is broken, I’ll ask Liu Qingfeng to leave. At that time, I’m not sure if your daughter can be saved.”

“City Lord Sun, you don’t want your daughter’s secret to be discovered by others, do you?”

As he spoke, Xu Bai revealed the smile of a bad person.

Now that he had the bargaining chip, he could only call the shots.

City Lord Sun's breathing quickened as he looked deeply at Xu Bai. "Bring my daughter out of Bizarre Demon City and we can save her."

"Why?" Xu Bai raised his eyebrows.

He had thought that he would hear a long story about the treatment method, but he did not expect it to be so simple. He only needed to bring the baby girl out of Bizarre Demon City.

Of course, he had to ask for the reason.

"You know where my daughter came from, but do you know what she is?" City Lord Sun asked.

Xu Bai rubbed his chin."

This was just a casual remark, but when he saw City Lord Sun's expression, he knew that his casual remark seemed to be true.

A human?

"But why does she have a soul?" Xu Bai asked."

"To be precise, it's a demonic body and a human soul." City Lord Sun explained.

"Because she has a demonic body, she can live in the demonic city, but there is a person's soul living inside."

"That's why I've been eroded day and night. I've used my Demon heart to stabilize it, but I can only slow it down."

"Only by sending her to the human world can she be free, but I can't do that because she's still too young."

"No Yao Gui can survive after going to the human world, so I definitely can't let her go alone."

"It's that simple?" Xu Bai muttered.

City Lord Sun nodded, indicating that it was that simple.

Xu Bai walked back and forth around City Lord Sun. After walking a few rounds, he suddenly said, "Release your soul."

City Lord Sun was stunned for a moment before frowning.

"You don't have a choice. I want to judge whether you're telling the truth or not." "If you want to save her, this is the only way," Xu Bai said lightly.

He was only a first-grade Transcendent. Although he could fight those at a higher level, the method of controlling his divine soul came from the mental cultivation method.

His mental cultivation technique was only at the first level of the Transcendent Realm, so he could not control City Lord Sun, who was at the third level of the Transcendent Realm, at all.

City Lord Sun's frown deepened. After a long while, he relaxed his brows. "No, if I do this, you can control me and kill me directly. I won't even have time to inform the other City Lords."

"I know you don't believe me, but think about it carefully. If I..."

"Give me the token." Xu Bai didn't wait for City Lord Sun to continue and interrupted, "Don't dawdle. Let's not talk about anything else."

Since he did not release his divine soul, there was no need to believe him or not. He just gave him the token and he would take Devilshart and the baby girl out.

City Lord Sun stood where he was. After thinking for a moment, he silently took off the token.

The token drew an arc in the air and landed in Xu Bai's hand.

"You need to ensure my daughter's safety." City Lord Sun said.

Xu Bai nodded and agreed.

“The circular pattern is in the forest on the north side of the city. You can go there directly.” City Lord Sun continued.

It seemed that City Lord Sun really didn’t want to dwell on this matter anymore. As long as Xu Bai could bring her daughter out and ensure her safety, it would be fine.

However, Xu Bai had a thought in his mind that things would not be so simple.

He had a vague guess in his heart. At the same time, he looked at Liu Qingfeng.

At this moment, Liu Qingfeng was still holding the baby girl and did not move at all.

Xu Bai held the token in his hand.”

City Lord Sun did not hesitate and led the way for Xu Bai.

A black shadow spread out from her body and enveloped the surroundings.

The monsters on the street could not see through the shadows. They all knew that this was City Lord Sun’s unique ability, so they did not show anything.

The few of them left the city and finally arrived at a desolate wilderness.

Looking at the familiar circular pattern in front of him, Xu Bai suddenly asked.

“What kind of demon are you? Sheep?”

He saw the two horns on City Lord Sun’s forehead and asked.

“It’s a sheep,” City Lord Sun answered subconsciously.”

“Oh.” Xu Bai nodded and walked to the center of the circular pattern.

On the other side, Liu Qingfeng also followed Xu Bai and walked to the center of the circular pattern.

When the token was activated, the two of them disappeared from the Bizarre Demon City.

After disappearing, the place was empty and there were no abnormalities.

City Lord Sun actually let out a long breath, as if he had completely relaxed. A trace of relief flashed across his eyes.

“Finally...Send her away.”

Xu Bai only felt a tremor in front of his eyes. Soon, he and Liu Qingfeng appeared in the underground space.

Not far away, General Manager Mu was standing guard there. When he saw Xu Bai come out, he was slightly stunned.

“So fast?”

“It went quite smoothly indeed.” Xu Bai said.

This trip was unexpectedly smooth. There was no danger. It was just that some accidents happened when they first entered.

Beside him, Liu Qingfeng instinctively prepared to escape.

But this time, he did not succeed.

Director Mu had been guarding the place. This Ninth Grade Saint was always on guard.

Fate continued to circulate, and Liu Qingfeng could not move at all.

Xu Bai took the baby girl from Liu Qingfeng’s hands and smiled when he saw the black gas on the baby girl’s face disappear.

“I felt that something was wrong just now, but in order to get out smoothly, I didn’t say anything.”

“I’ve been thinking about the most strange thing. Even if Liu Qingfeng acted on instinct, he wouldn’t have done such a thing.”

“Otherwise, how many girls in this world will be ruined by him? Then there will only be one outcome.”

“It was City Lord Sun who seduced him and aroused his instincts. Then, his motive was for you.”

“Who exactly are you? Or rather, City Lord Sun’s goal is to get you out. Now, you’ve already come out.”

When Xu Bai finished speaking, he felt the baby girl tremble slightly and open her eyes.

The baby girl’s eyes were filled with pleading.

How unlucky! Why was there a Ninth Grade Saint Realm expert guarding outside?

## Chapter 794: All-Out War and Soul Destruction (1)

The current situation was very awkward. The baby girl had never expected that there would be a ninth-grade Saint Realm expert outside after she came out. This was simply unimaginable.

“Why did you bring a child out?” Director Mu only glanced at Liu Qingfeng and ignored him. He looked at the baby girl in Xu Bai’s hand.

The next moment, Director Mu’s eyes widened.

“A demonic body and a human soul. What kind of dirty thing is this?”

He said it almost loudly. Even with his eyesight, it was the first time he had seen such a strange thing.

Xu Bai cleared his throat and recounted the entire process of the Demon City. When he talked about Liu Qingfeng’s actions, Director Mu took a deep breath.

“Hiss-”

This breath had nothing to do with strength, age, or personality. It was a unified feeling of admiration.

“Back then, he was bold enough to make himself look like this. Now, he’s bold enough to do that kind of thing.” Director Mu looked at Liu Qingfeng and said, “As expected of you. Speaking of which, can you really give birth?””

” How would I know?” Xu Bai’s mouth twitched.” I thought you would know.””

“I’m just a Fate Master. At most, I’m a very strong Fate Master. How can I know everything?” Director Mu spread his hands and said.

This thing was completely beyond the understanding of a human. If one were to think about it carefully, a human and a demon would do something and give birth to a child. This child’s body was a demon, but his soul was human.

What the hell is this!

Xu Bai lowered his head and looked at the baby girl. "Come on, it's your turn to explain. I've worked hard to bring you here. You can't just not say a word, right? Do you see this old man beside you? His methods are extremely cruel."

The baby girl looked at Xu Bai innocently and cried out twice without saying anything.

Xu Bai shook his head and said, "Your eyes were already exposed at the beginning. Stop pretending. It's really boring to keep pretending. Otherwise, you really want to die, don't you?"

After hearing this, the baby girl finally shut her mouth. Then, her innocent eyes gradually changed, revealing a sense of vicissitudes.

"Ha..."

A child's laughter rang out, and the baby girl finally spoke.

"If I say that I never wanted to harm you, would you believe me?"

"I don't believe you." "First, you have to tell me what you are." Xu Bai answered decisively.

"I am Sun Lan." the baby girl said.

Xu Bai: "???"

Sun Lan?

City Lord Sun?

If she was Sun Lan, then who did she meet before?

Why was this thing getting more and more confused?

Xu Bai was deep in thought. After thinking for a long time, his eyes suddenly lit up as if he had thought of something.

"You came from the Strange Demon City...It's out!"

This was the only conclusion he could think of based on the information he had received.

When he asked this question, the baby girl nodded straightforwardly.

“That’s right. I’m the only one in the entire Bizarre City who can use this method.”

“From now on, I can grow up like a human. To be precise, I’m a human.”

“I know you want to know everything, so I’ll tell you everything.”

This was the first time Xu Bai had seen Yao Gui so cooperative.

In fact, he had no choice but to cooperate. If he was seen through, he would only die if he did not cooperate.

Not to mention Director Mu, even Xu Bai could control her personally.

As Sun Lan spoke, everything slowly unfolded.

Xu Bai only wanted to say one word.

Show!

This matter had to start from Sun Lan’s own uniqueness. Back then, she died while pregnant with a baby girl and turned into a demon.

After her death, she had been thinking about how to get out of Bizarre Demon City.

In the end, she saw Liu Qingfeng and thought of a brilliant idea.

Sun Lan was a demon, and her profession was a demon soul master.

The specialty of this profession was that it allowed one’s soul to leave one’s body and occupy another’s body.

When she saw that Liu Qingfeng had no soul, she wanted to occupy his body and use him to get out.

However, she was no match for him, so she tried everything she could to trigger Liu Qingfeng’s instincts. The two of them had sex on the top of the mountain for a night.

Unexpectedly, when she was about to swallow Liu Qingfeng’s body, she found a big hole in his body. No Divine Soul could stay in his body for long.

Fortunately, she quickly retreated at the critical moment and saved her life.

After that night, Liu Qingfeng also left. Unexpectedly, she unexpectedly opened the soul connection with the fetus in her womb.

The fetus had a soul connection, and she could freely switch between them. Moreover, when her soul fell into the fetus, it was actually a human soul.

However, if he were to send the fetus out, he would be powerless.

She thought of Liu Qingfeng. If she let Liu Qingfeng take the fetus out, he would definitely take care of the fetus based on his instincts.

However, he never expected that the cool breeze would disappear without a trace.

She had been enduring it all this while, but she could no longer endure it. The baby girl was born, but she was rejected by the Bizarre Demon City.

Fortunately, she had the body of a demon, and she had used her Demon Heart to stabilize the situation. That was how everything had calmed down. After that, it was what happened to Xu Bai and the others.

Xu Bai couldn't help but sigh. As expected of an old man who had lived for many years. He actually had such a method.

"If you're done, then go to hell."

Since he had received the news, there was no need to keep her alive.

This thing was essentially a demon, what was the point of keeping it?

### **Chapter 795: All-Out War and Soul Destruction (2)**

"Wait!" Sun Lan interrupted, "I already have the soul of a human, so I'm no longer a demon. I no longer hate the living. Besides, I'm useful to you!""

"Oh?" Xu Bai stroked his chin."

Sun Lan answered quickly, afraid that Xu Bai would snap her neck if she answered too late. "Sooner or later, there will be a war between the Bizarre Market and the human world. It's just a matter of time. However, I know a lot of secret information about the Bizarre Market."

Xu Bai was speechless.

When Sun Lan said this, Xu Bai felt more and more awkward.

He looked at Director Mu, meaning to ask him how to deal with it.

This thing should be related to the Heaven Inspectorate and had nothing to do with him.

“Leave it to me,” Director Mu said.

As soon as she finished speaking, Sun Lan spoke.

“He’s very terrifying. I don’t want to be with him!”

This was a ninth-grade Saint Realm expert. There were only nine of them in the entire Bizarre Demon City. Sun Lan didn’t want to fall into his hands.

“You have no choice.” Director Mu took the baby girl and said, “But don’t worry. I’m a man of my word. As long as you’re useful to us, we won’t kill you. Instead, we’ll give you the same treatment.””

“Really?” Sun Lan asked.

“Is it important whether it’s true or not? You’re already in such a state.” Director Mu didn’t answer, but his words made the purpose clear.

Sun Lan didn’t say anything else. She knew that this was her only path.

Beside him, Liu Qingfeng was still suppressed by the providence, and his face was filled with a dazed expression.

“Killed?” Director Mu asked.

Xu Bai shook his head, indicating that there was no need.

If it was in the past, Xu Bai would have agreed. After all, this guy was an unstable existence and had even attacked him before.

But now, it was different. With the Heaven Flipping Blade Technique, he could completely control Xu Bai. There was still a use for him to keep him.

For example, Liu Qingfeng had played a key role in the Bizarre Demon City not long ago, so it was better to keep him for the time being.

Director Mu didn’t say anything and removed his luck.

Driven by his instincts, Liu Qingfeng quickly fled.

There was one less person here. Xu Bai looked at the Demon's Heart in the baby girl's hand and took it.

"Is this it?"

This was the key to this trip. Putting everything else aside, this item was a huge gain for Xu Bai.

Director Mu took a look and nodded."As long as you insert Evil Eye into it, you'll succeed."

" But I must remind you that if you want Evil Eye to use its power to kill a ninth-grade Transcendent, you can only use it once. After that, the blade will no longer exist."

Xu Bai knew, but he didn't say anything.

Compared to Eunuch Wei's life, this precious saber was nothing.

Thinking of this, Xu Bai pulled out the Evil Eye from his waist, put the Demon's Heart on the blade, and stabbed it in.

In the next moment, Xu Bai saw the Demon's Heart turn into blood and fuse into the saber.

"Success!" "Give me back my luck now," Director Mu said with a smile."

Xu Bai could feel that something was being extracted from his body. It was the fate of Great Chu.

"Can I break through to the Ninth Grade Saint Realm just like that?"Xu Bai looked at the Evil Eye in his hand and asked,"What do I need to do?"

"Do you see the eyes on it?" "You just need to channel your strength into it and use the strongest slash of your life," Director Mu said."

So that was the case.

Xu Bai thought to himself and sheathed his saber.

"It's still early. When the time comes, you and Eunuch Wei will go over together."Director Mu said.

“Sigh, if it weren’t for Eunuch Wei’s lack of proficiency in saber techniques, and the fact that it would be difficult for others who are proficient in saber techniques to completely control the chaos of this saber, I wouldn’t have wanted you to participate.”

“But you can’t let Eunuch Wei know about this. Otherwise, he definitely won’t let you go because he’s worried that you’ll be in danger.”

Xu Bai agreed, indicating that he would act quietly.

“Cough cough, the treasure I gave you...” Director Mu kindly reminded him.

Before entering, he had given him a one-time use supreme treasure that could temporarily grant him the strength of a third-grade Saint.

It seemed like Xu Bai was useless.

“Sigh...” “This trip is very dangerous,” Xu Bai sighed.”

“Aren’t you lying through your teeth? I can easily sense my strength. Hurry up and give it to me.” Director Mu reached out his hand.

“Don’t even think about it,” Xu Bai turned around and left.”

Director Mu was speechless.

In the end, Xu Bai still did not hand over the item.

Since they had finished their work, there was nothing else to do. Xu Bai left the place, and Director Mu also left with Sun Lan.

Xu Bai finally felt relieved after solving such a big problem, and his footsteps became much more relaxed.

When he returned to his own residence, Ye Zi had already returned to the royal treasury. Xu Bai did not disturb her and told her to learn more.

In this way, he suddenly felt that he had nothing to do again.

Originally, he wanted to drink with Eunuch Wei, but he had to keep this saber a secret. Eunuch Wei was old and shrewd, and it would not be good if he was seen through.

“What should I do?”

“Looking for the Ninth Princess? ‘No, the ninth princess is giving me the feeling of hunger and thirst. I might be eaten.’”

“Right! There’s one more thing. This thing might be the key to my survival in the future!”

Xu Bai suddenly thought of something. He clapped his hands and walked out of the door.

## Chapter 796: All-Out War and Soul Annihilation (3)

After leaving his temporary residence, he didn’t stop. Instead, he walked straight to the Emperor’s royal study.

No one stopped him along the way. He arrived at the door smoothly. Before he could knock on the door, he heard the sound from inside.

“Come in.”

The Chu Emperor’s voice carried a hint of fatigue, as if he hadn’t slept for several nights.

Xu Bai tidied his clothes and pushed the door open. After closing the door behind him, he was slightly stunned.

The room was filled with all kinds of books.

The Chu Emperor was currently flipping through the pages.

“Wait a moment. I’ll sort out this information first. After all, there’s going to be a war soon and there are many things to deal with.”

He didn't even raise his head and continued reading.

Xu Bai nodded, found a place to sit down, and waited patiently.

After about an hour, the Chu Emperor raised his head and shifted his gaze to Xu Bai.

“Zhen already knows. If this matter is done, Zhen will also be at ease.”

As the leader of the Great Chu Country, he was naturally well-informed. This news was even faster than Xu Bai's.

“Jade pendant...You don't have to return it to me. Just treat it as a reward.”the Chu Emperor said.

Listen, this was what it meant to be magnanimous.

He looked at the emperor and then at Director Mu. Why was there such a huge difference between people?

“Your Majesty,” Xu Bai said with a smile, “I have come this time to ask for your permission.””

“What is it?” The Chu Emperor frowned.

"This humble subject wishes to borrow a book, a book that can destroy the soul. The higher the grade, the better."Xu Bai replied.

A book that destroyed the soul?

The Chu Emperor was slightly surprised. He hadn't expected this.

Now, everyone in the world knew that Xu Bai had learned many things, but the Chu Emperor couldn't understand why he was learning this.

"In short, this thing is very important to me and I must have it."Xu Bai said solemnly.

The Chu Emperor fell into deep thought. After a moment, he nodded and agreed.

"You go back to your own place first, I will arrange for someone to send it over.""

Although he didn't know why Xu Bai wanted such a book, he had to give it to him if he could. After all, he had risked his life for this trip, so it could be considered a reward.

Xu Bai said no more. Seeing that the Chu Emperor still had many things to do, he bade farewell and left.

When he returned to his temporary residence, the sky was almost dark. Xu Bai asked the servant girl outside to serve a table of wine and food. He ate and drank alone.

The sky was getting darker and darker. Footsteps were heard, and soon the eunuch's voice was heard.

"Prince Xu, this servant has been ordered by His Majesty to deliver a letter to Prince Xu."

Xu Bai opened the door and saw a middle-aged eunuch holding a book in front of him.

"Thank you."

"This is this servant's honor. I hope that when Prince Xu meets Eunuch Wei in the future, you can put in a good word for this servant." the middle-aged eunuch said obsequiously.

"Definitely." Xu Bai replied briefly.

After the eunuch left, he closed the door and returned to his seat. With the help of the oil lamp on the table, he looked at the golden progress bar and the corners of his mouth curled up slightly.

What could a human do in ten days?

He could make progress, but he had to make preparations for what would happen next.

He thought about it carefully. Other than the knife, there was another way to save his life, and that was his golden finger.

However, he could not ask others to attack his divine soul every time, so he had to have a way to attack himself.

Although it didn't sound good, it was indeed Xu Bai's idea.

If he were to go to the Great Yue State again and there was danger that he could not avoid even with the Evil Eye Blade, he could only use this method.

In the future, he would have a true trump card.

“Continue!” Xu Bai opened the book and stared at it intently.

The faint oil lamp shook. With the help of the light, the progress bar was slowly increasing.

Time slowly passed.

In the blink of an eye, the deadline of half a month was approaching.

Recently, there had been all kinds of rumors.

Especially at the border, there had been more and more friction recently, and all of them were caused by the Great Chu.

More importantly, the merchants at the border felt a tense atmosphere spreading.

No one knew, no one understood, but everyone was worried.

This worried atmosphere weakened the closer they got to the capital.

Especially in the capital, where the people lived as usual without the slightest tension.

In the imperial palace of the capital.

Xu Bai sat in his temporary residence and slowly closed the book in front of him.

“Finally...The liver was finished. Fortunately, it was at the critical moment.”

Looking at the light blue smoke in front of him, Xu Bai smiled.

The light blue smoke gradually gathered and formed a line of words before Xu Bai.

[You have studied the Divine Soul Killing Art and comprehended it.]

This time, no new words appeared. Only the light blue words gradually disappeared and turned into information that entered Xu Bai's mind.

In front of him, the latest attribute panel appeared.

” Comprehension: Maximum level.”

The Soul Slaying Art was a Level 9 Transcendent skill. Xu Bai estimated that it would be enough. After all, he was only a Level 1 Transcendent now.

This skill was mainly targeted at the soul. Although it contradicted his Three Absolutes of Sword and Sword, this was a Level 9 Transcendent.

According to his current strength, he could only use it twice in a row.

Of course, Xu Bai wasn't stupid enough to give it a try. He still remembered the pain clearly. Moreover, it wouldn't be worth it if he triggered the cheat when he tried.

“The time is approaching. The battle should be about to begin, right?”Xu Bai thought for a moment and didn't stay any longer. Instead, he went out directly.

The interior of the palace was still the same as before. It had not changed because of the war.

Xu Bai walked around for a while. After finding nothing unusual, he left the palace and headed for Zhai Xing Lou.

He went around all kinds of streets and arrived at a remote place. Looking at the nine-story building in front of him, Xu Bai went up the stairs and finally reached the ninth floor.

On the ninth floor, Director Mu was still acting like he was playing chess with him.

When he saw Xu Bai, he didn't even raise his head. He held a chess piece in his hand as if he was thinking. However, Xu Bai knew that this guy was just pretending.

"Where did Shadow Moon go?" Xu Bai asked.

Ever since he came back, it was that night when Shadow Moon sent him the message. After that, he knew nothing.

"The war is about to start. She has a strong specialty in intelligence, so she went to do her thing again." Director Mu thought for a long time and finally placed a chess piece. He took out another chess piece from the side and fell into deep thought.

Xu Bai found a seat and sat down. "I'm ready. When do we set off?"

All the necessary preparations had been made. Xu Bai had specially come this time to discuss the follow-up plan.

"There's no hurry. The battle will only start in a few days." Director Mu put the chess piece back to its original position and waved his sleeves at the same time.

When he waved his sleeves, the chess pieces on the chessboard were automatically divided into black and white and returned to their original baskets.

"Eunuch Wei is still in the Imperial Palace. After he sets off, you can follow him." Director Mu took out a red cloth from his pocket. It was only the width of a finger.

"Tie it around your wrist and it will isolate your aura. Eunuch Wei won't be able to discover it."

"You have quite a lot of treasures." Xu Bai caught it and tied it around his wrist.

Then, he felt as if he had lost his sense of existence.

This red cloth had no other use, nor could it increase one's combat strength. It could only hide one's aura, not completely invisible.

“With it, coupled with the Myriad Faces Incantation, we can completely achieve stealth.”“Why didn’t you give me this when I went to the Great Yue State?” Xu Bai asked.”

If he had this piece of red cloth when he went to the Great Yue State, he would have saved a lot of trouble.

“With your disguising technique, no one can tell you apart from the Saint Realm. This red cloth can’t hide your Saint Realm either.”Director Mu explained,“I’ll take a look.”

“That’s why I gave you the ability to block the world, but it’s different this time. During the entire process, you can’t do anything except for the last one. I’m just giving you a chance to not be discovered.”

Eunuch Wei was very powerful, and he could exchange for a ninth-grade Saint Realm expert.

However, his true strength was only that of a ninth-grade Transcendent.

Therefore, Xu Bai’s disguise technique could deceive Eunuch Wei. Moreover, with this red cloth, it could be stable.

“You just need to follow me. What if I lose you?”Xu Bai asked again.

Director Mu looked at him strangely.” It doesn’t matter if we lose him or not. Your goal is the same. You just need to go to the capital of the Great Yue State.””

Xu Bai finally understood.

Eunuch Wei’s goal was to go to Jingdou to assassinate the Emperor. His goal was also to go to Jingdou. The two were the same, so he only needed to go.

After that, the two of them chatted for a while more, discussing the details of the implementation. Xu Bai did not return to the Imperial Palace, but stayed in Zhai Xing Lou.

A few days passed.

Something big had happened!

Great Chu and the Barbarian Race were at war!

This battle had come very suddenly. Of course, this was only the feeling that the surrounding people had.

When this battle began, all the troops of Great Chu at the border charged towards the Barbarian Race.

Other than leaving behind a few soldiers, King Sheng You led his army and invaded the Barbarian Race.

When war broke out, the most uncomfortable place was the Great Yue State.

At this moment, in the Imperial Palace of Great Yue State.

The Emperor of Dayue looked at the silent ministers below and slapped the armrest of his throne. "At the critical moment, you bunch of trash are playing silence for me. Prime Minister, do you have any thoughts on this war?"

Originally, everyone was fine. Although the three forces wanted to destroy each other, they did not have the opportunity.

### **Chapter 798: All-Out War and Soul Annihilation (5)**

However, the situation was different now.

The internal strife in the Great Yue State is not limited to the turmoil in the martial world.

The Great Chu State would take advantage of this opportunity to invade the Barbarian Race. There were only three options for the Great Yue State.

First, he had to guard his own land and not meddle in this matter. He had to concentrate on healing his internal strife.

There were good and bad paths, but it was the most moderate one.

Everyone knew that the Great Chu State was the strongest. If the Great Yue State did not care about it at this time, the Barbarians would definitely be finished.

Secondly, they could take advantage of this time when Great Chu was attacking the Barbarian Race and send troops to attack Great Chu.

This was a good idea, but what about after that?

The other party was now trying his best to annihilate the barbarians. This nest did not matter. Even if you took down his nest, when the other party cleaned up the barbarians, they would come back to settle the score with you.

Most importantly, if you dare to send troops now, those Jianghu people in Great Yue State who are ready to stir up trouble will definitely turn Great Yue State upside down.

Thirdly, they had to help the Barbarian Race. At the very least, they had to ensure that the Barbarian Race would not be destroyed.

Of the three paths, this was the safest.

They did not need to send a large number of soldiers. They only needed to send a portion of them to make the strength of the Barbarian Race equal to that of Great Chu.

Although this would weaken the defense of the border, it was much better than the second option.

The white-robed Prime Minister, Liu Yue, had been standing below. He only came out after the Emperor asked him.

“I think that we should help the Barbarian Race to maintain the balance of power between the three forces, and then seize the time to resolve the internal turmoil in Great Yue State.”

As soon as these words were said, the initially silent ministers all agreed.

The Emperor of Great Yue State did not speak. Looking at the ministers below who were actively agreeing, he was also thinking about what Liu Yue had just said.

After thinking for a long time, he gently patted the armrest of the dragon throne to silence the scene.

“There’s no time to lose. Pass down my order. Order Bai Zhong to lead a portion of his soldiers to the Berserkers and help them.”

He thought a lot and finally decided to send troops to help because this three-legged situation could not be broken.

It could be broken at any other time, but not now, because the current turmoil had not been resolved.

“Yes, sir!”

Since the Emperor had spoken, everyone present was a shrewd person. Of course, they all agreed.

After discussing for a while, the court session ended.

The ministers returned to their homes and looked for their mothers.

Liu Yue left the palace and went to his own residence outside the palace. He returned to his room and closed the door.

He turned around and saw a woman behind him.

“You’re really bold. I didn’t kill you last time, but you still dare to come and find me personally.”

Around the woman, there were black shadows twisting. If Xu Bai was here, he would have noticed that this woman was none other than Ying Yue.

“But the Prime Minister didn’t kill me, which proves that my words are still useful.”

“When the Emperor of Great Yue dies and Bai Zhong is assisting the border, the Prime Minister will be able to get the position of the Emperor.”

“At that time, even if Bai Zhong wanted to come back, it would be useless.”

Liu Yue did not say a word. In the dark room, his eyes were lowered.

Although he looked like an ordinary person and Shadow Moon appeared very relaxed, at this moment, Shadow Moon was extremely nervous.

This was her mission. Even if Eunuch Wei wanted to trade one for one, it would take time. If Liu Yue rushed over at this time, then everything would be over.

Therefore, he had to solve the key problem.

The reason why she was sent here was because she was most familiar with the Great Yue State.

After the time for half an incense stick to burn, Liu Yue finally raised his head. His gaze was still indifferent.

Success!

When Shadow Moon saw this, she knew that since Liu Yue did not kill her immediately, there was still a possibility of negotiation.

Before this, she had been told by her father and Mu Zongsi that only one of the three forces was not united. That was the Great Yue State.

Therefore, this is a plan to sow discord.

Of course, they could not let Liu Yue deal with the Emperor.

This was because Liu Yue was an extremely cautious person. If this matter failed and the Emperor recovered, Liu Yue would be in absolute danger. Therefore, he would definitely not make a move.

Seeing that there was a chance of success, Ying Yue waited quietly. She was waiting for Liu Yue's next words.

As expected, although Liu Yue's gaze was indifferent, he still slowly opened his mouth.

"I'm able to sit in my current position not only because of my strength. I'm not a fool and I know your plan."

"First, we will destroy the Barbarian Race, then we will destroy the Great Yue State. I will cooperate with you, but what can I get?"

"My goal is the throne of the Great Yue State. If you destroy the Great Yue State, where will my throne be? You should at least give me enough conditions."

That was the truth.

Liu Yue had already made it very clear.

He did it for the throne, but the Great Yue State would eventually be destroyed.

What would happen after they were destroyed?

He couldn't sit on the emperor's seat. No matter how he looked at it, it was a loss.

Ying Yue revealed a smile.

Liu Yue's pupils constricted when he heard that.

## Chapter 799: The One Who Killed the Emperor, Xu Bai! (8000) \_1

“Do you know what you’re saying?”

A sense of danger filled the room. Liu Yue, who was originally as elegant as ink, did not look like a scholar at all. There was a terrifying pressure on him.

Ying Yue’s face instantly turned pale, and she stumbled back a few steps. Her chest felt stuffy, and she almost spat out a mouthful of blood.

This was the existence of a ninth-grade Saint. Just a trace of her aura was enough to make her feel like an ant, unable to struggle at all.

However, she did not die, which meant that the other party did not have the intention to kill her. This also meant that she still had something to say.

Ying Yue took a deep breath and suppressed her injuries. Only then did she open her mouth and slowly speak.

“Lord Prime Minister, please don’t be angry. I’m here to discuss cooperation, not with hostility.”

Liu Yue narrowed his eyes and waved his hand gently. The aura on his body disappeared, but his eyes were still fixed on Ying Yue. It was as if he would raise his hand to kill if he said anything wrong.

Ying Yue wasn’t afraid at all.” My father once said that the Prime Minister became famous earlier than all the ninth-grade Saints here. He could be considered a figure before the Gale Country. I’m afraid he doesn’t have much time left.”

The people of this world would not have an endless lifespan. It could only be said that the higher the realm, the longer they would live.

If one stayed in a realm for too long, one’s lifespan would slowly be exhausted and one would eventually die of old age.

If he wanted to live longer, he could only keep breaking through.

There was a time limit to becoming a saint. Once the time limit was up, no matter if you were a big shot or a nobody, you had to die obediently.

From what Shadow Moon knew, Liu Yue estimated that he did not have many days left.

Of course, the so-called "not many days" referred to the fact that they could live longer than ordinary people.

Liu Yue nodded."I won't talk to you anymore. It's indeed as you said. My lifespan is approaching. But can you solve the problem of my lifespan?"

"In this world, no one can escape time, and there is no divine medicine that can prolong my life. It's impossible for me to increase my lifespan."

He had looked for it and understood it. He had lived for a long time and knew a lot of things.

It was impossible for a divine medicine that could prolong one's life to exist. Otherwise, he would have to give everything he had to obtain it.

Everyone in this world was afraid of death, especially existences like them who stood at the peak. They were even more afraid of death.

After a person died, everything would be gone. Perhaps it would become strange, but that was not what he wanted.

People who reached this level all had pride in their hearts.

Strange?

He didn't want to be associated with them.

"If I can reach the Saint Realm, will I be able to extend my lifespan?" asked Ying Yue."

Liu Yue frowned."Of course. If I reach the next realm, I won't be troubled by my lifespan anymore. But that's impossible."

Since ancient times, no one had ever stepped into this realm. Even in this world, there were only nine Saint Realm experts.

Unless...

Wait a minute!

Liu Yue seemed to have thought of something and said,"Is the unification of the world an opportunity to become a saint?"

Just now, he carefully recalled the other party's goal. He also recalled that since ancient times, there had never been a situation where the world was unified. He could not help but think of this problem.

Ying Yue nodded and said, "As expected of the Prime Minister. He easily guessed the reason behind it. My father has seen fate before, so he knows that this is a possibility.""

"After unifying the world, perhaps the shackles of sainthood will be broken. At that time, the worry of the prime minister's lifespan will be solved."

Liu Yue fell silent.

He did not say a word, but he was already thinking about this possibility.

"Prime Minister, I don't know what you're thinking. Is there a better way, even if it's just a guess?" "Have you ever thought that when all the opportunities no longer exist, as long as there is a possibility, you have to tightly grasp it?""

Liu Yue raised his hand, signaling for Shadow Moon to stop talking. He paced back and forth in the room.

Ying Yue knew very well that at this moment, Liu Yue was definitely struggling in his heart. As long as he thought it through, then the answer would come out.

Either agree or disagree.

However, she remembered what her father had said to her before. Liu Yue would definitely agree.

Her father said, "That old thing, Liu Yue, was from another country before the Gale Country. At that time, he hadn't reached the Saint Realm, but his fear of death has been passed down in our circle."

To put it nicely, it was called cautious. To put it in a tacky way, it was afraid of death.

A person who was afraid of death, using death to threaten him, that was the main point.

As expected, Liu Yue slowly stopped in his tracks and turned his head, looking at Ying Yue with a complicated gaze.

"I only need to not help, right?"

"Yes." "Oh right, there's one more thing. If the War God Bai Zhong comes back, you might have to fight him for the throne.""

"We will help you obtain the throne. At that time, you can announce that Great Yue State has become a vassal state of Great Chu State, and there will be no need for war."

"Alright!" Liu Yue said indifferently.

He had agreed. Since he had a chance to live, he would definitely use all means. Therefore, agreeing was what he should do.

Ying Yue nodded, turning into a shadow and disappearing.

After Liu Yue saw Shadow Moon disappear, he turned his head to look at the empty room and silently thought, "Your Majesty, you can't blame me for this. After all, who doesn't want to live..."

### **Chapter 800: The One Who Killed the Emperor, Xu Bai! (8000) 2**

Time gradually passed, and in the blink of an eye, a few days had passed.

There was something unusual in the palace today.

Eunuch Wei was nowhere to be seen during the morning court session. According to his usual habits, he would have been by the Emperor's side, but at this moment, it was empty.

Of course, in the hearts of the officials, this was just an inconspicuous detail, and not many people paid attention to it.

The morning court session was still held, and the flames of war were also constantly raging at the border. The barbarians were already at a slight disadvantage when they fought with Great Chu.

However, Bai Zhong, the Military God of the Great Yue State, suddenly brought a bunch of reinforcements, which changed the ever-changing battlefield. The situation began to tilt towards the Barbarian Race again.

Great Chu retreated as they fought, and they were getting closer and closer to the border.

On the other side, at the border of the Great Yue State.

Xu Bai looked ahead and saw Eunuch Wei, who was pretending to be an ordinary person, quietly following behind him.

Today, Eunuch Wei had set off, and so had he.

He wrapped the Evil Eye Blade with a layer of wood and added some strings to make it into a zither.

When he needed to use it, he only needed to smash the zither and take it out.

At this moment, Xu Bai was dressed like an ordinary young man, more like a musician.

After passing through the border, he did not follow Eunuch Wei. Instead, he did not stop and walked toward the capital.

As long as the target was the same, there was no need to follow them.

After all, there was a risk of being exposed if he followed behind. His goal was the capital, and Eunuch Wei's goal was also the capital, so Xu Bai directly rushed to his destination.

Along the way, it was as calm as the surface of a lake. There were no other obstructions, and Xu Bai was one step ahead of them, arriving in the capital.

He didn't know where Eunuch Wei was, so he just found an inn to stay.

At that time, they would definitely fight. After the fight, it would definitely not be peaceful. It would be fine for Xu Bai to go after the fight.

Sitting in the inn, feeling bored, Xu Bai touched the Evil Eye Blade that had been forged into a zither.

He realized that he seemed to have some strange attribute. As long as it was a saber, it would not stay by his side for too long.

The one that lasted the longest was still the first Ghost Head Blade. Unfortunately, it was still unable to escape the fate of being destroyed in the end.

"Maybe I'm not born to play with knives." Xu Bai thought to himself.

Of course, he only thought about it in his heart. If he said it out loud, all the machetemen in the world would spit out two taels of blood.

A first-grade Transcendent could exhibit a ninth-grade Transcendent saber technique. How could the sabersmen in the world endure this?

Xu Bai touched his zither for a while, feeling that his interest had waned. He lay on the bed, but his mind was thinking about this trip.

“After I returned, the Emperor said that I could browse through the entire royal treasury at will. At that time, what realm would I reach?”

The more he thought about it, the more excited he became.

At this moment, Xu Bai suddenly stood up and looked at the corner of the room.

“Why are you here?”

In the corner, the shadow shook, and Ying Yue walked out from it, her face filled with joy and happiness.

She took two quick steps and came to Xu Bai’s side. Her sparkling eyes stared at Xu Bai.

Xu Bai felt his hair stand on end, as if he was being stared at by a fanatic fan.

Indeed, Shadow Moon was a fanatic.

Sure enough, in the next moment, Shadow Moon stretched out her hand towards Xu Bai and groaned.

“Let me touch it.”

Xu Bai was speechless.

He really wanted to say, are you a woman or not?

Shouldn’t I be saying this?

He felt that pair of small hands touching his body.

Xu Bai helplessly held Ying Yue’s hand and moved it away. Then, he got up from the bed and pressed on Ying Yue’s shoulder, pushing her back step by step.

“Let’s get down to business.”

For Shadow Moon to suddenly appear in such a dangerous foreign country, there must be something important. Moreover, he had to be informed.

Shadow Moon pursed her lips. “Father told me to tell you that Liu Yue is already a business partner. Don’t mess with him.””

Xu Bai was speechless.

In his mind, he had thought of countless possibilities, but he never expected it to be this.

“I’m a Transcendent, how can I fight a Saint? You’re thinking too much.” Xu Bai waved his hands.

Shadow Moon didn’t say anything, just staring at Xu Bai blankly.

Xu Bai sighed.” Alright, I do want to mess with him.””

He had found a way to attack the divine soul in order to get rid of Liu Yue.

As the saying went, it was never too late for a gentleman to take revenge. However, he was not a gentleman. He had to take revenge face to face.

After helping Eunuch Wei get rid of the Emperor of the Great Yue State, he would then use the method of self-destruction of his soul to severely injure Liu Yue. Then, he would let Eunuch Wei take action. Then, he would be able to take revenge without having to exchange his limit for one.

However, he didn’t expect Director Mu to see through his thoughts.

“Father was right. He said that you would seek revenge for the smallest grievance.”Shadow Moon rubbed her forehead, looking like she had a headache.

“But we really can’t touch Liu Yue for the time being. After we unify the world, there’s still the Bizarre Demon City and the Bizarre Human City. Liu Yue is a rare chess piece.”

“Alright, I agree.” Xu Bai said.”

“Really?” Shadow Moon asked suspiciously. I don’t believe it.”

Why did he agree so readily?

He didn’t look like the Xu Bai she knew and understood at all.

“Since it’s a cooperation, then we’re on the same side. I won’t attack my own people.”

These words were true. Of course, it was not a matter of whether they were on the same side or not.
