## Chapter 801: The One Who Killed the Emperor, Xu Bai! (8000) \_3

Director Mu was right. When the time came, he would still be a good chess piece that could not be easily destroyed.

Shadow Moon confirmed again and again that Xu Bai really wouldn't make a move. Only then did she heave a sigh of relief and turn into a shadow, leaving completely.

The room fell silent. Xu Bai lay down again and waited patiently.

Great Yue Country's capital.

On both sides of the street, there were people who were shouting and shouting. It was a lively and noisy scene.

At this moment, an old man dressed very ordinarily was walking slowly.

The old man's hair was white and his appearance was ordinary. There were wrinkles on his face.

He was also wearing ordinary linen clothes. Other than being very old, no one would look at him when he walked on the street.

Today, Eunuch Wei, who had disguised himself as an ordinary old man, finally arrived at the capital of the Great Yue State.

Along the way, he was not in a hurry because his cautious personality did not allow anything to go wrong.

Eunuch Wei was getting closer and closer to the Imperial Palace of the Great Yue State. He felt complicated.

No one was not afraid of death, including Eunuch Wei. He was also afraid of death. He did not even want to die.

He hadn't seen Xu Bai grow into a top figure in this world. He had died too early.

But now, he had no choice but to die.

He had to fulfill His Majesty's wish.

If the monarch begs the minister to die, the minister has to die.

Moreover, his death was an extremely important key to the entire world.

Therefore, he still came this time.

"Drink two catties of wine before attacking."

Eunuch Wei found a wine shop and ordered two catties of the best wine and a plate of peanuts. He looked at the palace not far away and ate while drinking.

He ate a few peanuts in one gulp. He didn't use a bowl, but a jar.

Not long after, he finished the wine.

Eunuch Wei sighed as he looked at the empty space and the remaining peanuts.

"What a pity. If he were here to drink with me, that would be enough. In the end, it's not enough."

Eunuch Wei reached out and poured the remaining peanuts into his palm. After paying the bill, he walked toward the palace.

With every step he took, the aura on his body became stronger. His white hair was disappearing, and his appearance was becoming younger, returning to his original appearance.

At the entrance of the palace, the soldiers guarding the entrance were stunned when they saw this. Then, they reacted with horror.

"Yes... Wei Fenghua!"

Wei Fenghua was Eunuch Wei's name. It was a very unique name, but ever since he became Eunuch Wei, no one called him by this name.

When Eunuch Wei heard it today, he felt that it was a little unfamiliar, but also very familiar.

He raised his foot and took a step forward. His figure flickered and he appeared in the center of the palace.

At the same time, a cold aura spread behind him. Gray threads gradually interweaved and formed a huge net that filled the sky.

The sunlight was gone. Not only the Imperial Palace, but the entire capital was covered in gray threads, blocking out the scorching sun.

The temperature was dropping, turning cold.

Eunuch Wei placed his hands behind his back. The wind blew, causing his clothes to flutter.

Eunuch Wei's gaze gradually turned cold as he stood under the gray sky. He looked in one direction.

"Dog Emperor, come out and accept your death."

Eunuch Wei said calmly.

All the experts in the palace were silent.

No one dared to reply.

This was the number one Transcendent in the world. Just by standing here, no one dared to look directly at him.

“Boom!”

At this moment, a golden ray of light flashed from a hall.

The yellow-robed Emperor of the Da Yue Kingdom walked over on golden light and stopped not far from Eunuch Wei, his eyes cold.

“Wei Fenghua!”

“How dare you barge into my place? I didn’t kill you with my own hands that day. Today, you’re courting death, so I’ll fulfill your wish!”

The Emperor of Great Yue looked at Eunuch Wei with a serious face.

Eunuch Wei laughed. “Dog Emperor, you seem to have forgotten that I can replace you. You won’t be able to escape the Emperor’s profession.””

In this world, there was a supreme profession, and that was the Emperor.

As long as he became the emperor and his country was at the peak, he would be a Saint Realm pinnacle master.

This profession was also closely related to the country.

If the Emperor ran away today, he would fall into the transcendent state.

This was a rule that no one could break.

"I don't know why you suddenly came here," the Emperor of Great Yue sneered. "But you forgot that there is a prime minister in white in my palace. He is at the peak of the mortal realm. ""

"Oh?" "Call him out and try. You and I have been talking for so long. He should have arrived long ago, right?" Eunuch Wei said."

The Emperor of the Great Yue State was stunned for a moment. Then, he reacted and his face gradually turned gloomy.

At this time, Liu Yue did not rush over. Either something had happened or there were other reasons.

But no matter what the reason was, they could only fight one-on-one now.

After all, he was the emperor of a country, so there was nothing to be afraid of.

In this line of work, it was destined that only one could live today.

“Hu...”

The Emperor of Great Yue let out a long breath.

“Good! Today, I will meet you, the head of the eunuchs!”

The aura between the two of them continued to rise.

Behind the Emperor of Great Yue State, the golden color of the white and gray color of the sky was gradually competing with each other.

The two were actually evenly matched.

Eunuch Wei's eyes flashed with determination. He raised his hand and was about to stab it between his eyebrows.

This was his one-for-one ability. He was the only one who could use his life to advance to the Saint Pinnacle Stage.

“Damn.”

Eunuch Wei thought.

The finger was getting closer and closer to his glabella. This movement was actually extremely fast.

However, just as his finger was about to approach, he heard a voice.

“How can I not be here in such a lively place?”

Eunuch Wei was stunned, and so was the Emperor.

It was as if a third person had suddenly appeared in the midst of a decisive battle at the summit of the forbidden city.

The two of them looked over at the same time and saw a young man with a zither in his arms approaching.

Behind the young man, there was a madness that was intertwined with gold and grayish-white.

Even though the change in the sky was like a small boat in the sea compared to the change in the sky between the two, it was especially eye-catching at this moment.

There were countless experts hidden in various parts of the Imperial Palace. All of them had seen this scene.

This young man was already known by the entire world. There were very few people in the world who did not know him.

However, he had been recognized by these people the moment he appeared.

“He’s the Bloody Butcher, the Wang from the Great Chu Country!”

“No! How dare he appear at this time?”

“Could it be that he still intends to participate in this battle between the world’s top powers?”

When the experts hiding in the dark saw this scene, they all guessed that they did not dare to go out at all.

The result would be the same whether they went out or not.

In a battle between the world’s top powers, even the aftershocks were not something they could resist. They were completely useless.

However, when they saw Xu Bai come over, they all knew Xu Bai, so they couldn’t hide their surprise.

To put it simply, it was just one sentence.

Wasn't this courting death?

As a Transcendent, it would be like a lantern in a latrine pit to participate in a battle between Saint Realm Pinnacle Stage cultivators.

Eunuch Wei frowned when he saw Xu Bai appear. "Why are you here?"

"Why can't I come?" Xu Bai said with a smile.

"Director Mu again?"

Xu Bai remained silent.

The Emperor of Great Yue laughed out loud, "Xu Bai! Ever since the first day I knew you, I've always wanted to take your life. I didn't expect you to come first. You're purely courting death!"

As soon as he finished speaking, a golden light descended from the sky and crushed toward Xu Bai.

The golden light's pressure was extremely powerful. When the golden light appeared, the world seemed to have lost its color and turned into black and white, leaving only this touch of gold.

If he were to get even a little bit of it, Xu Bai wouldn't be able to escape death.

Eunuch Wei wanted to help, but it was too late.

Seeing that the golden light was about to hit Xu Bai, Eunuch Wei's heart was filled with sorrow and despair.

If he himself died, it really didn't matter. He had lived for too long, but Xu Bai was still young. He couldn't let Xu Bai die!

He had been hiding it from Xu Bai because he was worried that this would happen. Now that it had really happened, Eunuch Wei suddenly felt powerless.

When the experts of the imperial palace who were hiding in the dark saw this golden light descend, they all left.

He was afraid that if he ran too slowly, he would be stained by the golden light and die on the spot.

"Boom!"

Loud booms rang out continuously. From the moment the golden light fell, it continued to spread. All the buildings that came into contact with the golden light were destroyed.

Some of the experts ran too late and were caught in the golden light. Even those at the ninth grade Transcendent Realm were instantly turned into ashes.

In just an instant, the entire imperial palace was reduced to nothingness.

The experts who had luckily escaped the golden light felt a sense of sorrow when they saw this scene.

The entire palace was gone. Most importantly, Xu Bai was gone.

Prince Xu, whose name had shaken the entire world and who had become the number one figure of the younger generation, even the older generation couldn't catch up to him, had now turned into a corpse.

"It's a pity. If he had more time, he might have been able to become one of the nine after the Saint Realm master died of old age."

"Indeed, he's too impulsive."

"A prince has died, and such an important one at that. Great Chu has suffered a heavy loss."

The experts all had their own thoughts, but many of them felt sorry for Xu Bai.

"It's alright!" The Emperor of Great Yue State waved his hand and said, "The Imperial Palace is gone. We can rebuild it. But today, all of you will die here!""

"Wei Fenghua, attack! Let me see how you can kill a ninth-grade Transcendent and kill a ninth-grade Saint!"

Eunuch Wei's eyes were about to pop out. I'll teach you not to leave a corpse behind!"

Xu Bai was dead, and he was heartbroken.

Scenes of him drinking with Xu Bai flashed before his eyes. At this moment, Eunuch Wei was already determined to die.

However, just as he was about to make his move, a figure leaped out from the dust stirred up by the golden light.

At the same time, everyone present heard a loud voice.

“Dog Emperor, you still dare to sneak attack a junior. If I wasn’t young, I would have been killed by you!”

“Xu Bai!”

“It’s Xu Bai! He’s not dead!”

“What happened? A ninth-grade Saint Realm expert’s attack did not kill him. What was going on with him?”

The experts were dumbstruck and froze on the spot.

Xu Bai was holding Evil Eye in the smoke. The eye on the hilt of Evil Eye’s blade was glowing red.

He really didn’t expect that the Emperor of the Great Yue State would make a move at the first meeting.

Just as the golden light was about to approach, Xu Bai activated the Evil Eye Blade. At the same time, he used the one-time use treasure that Director Mu had given him and temporarily upgraded it to the Third Grade Saint Realm.

There was also the supreme treasure that Eunuch Wei had given him. It could withstand the attack of a ninth-grade Transcendent, so he threw it out without hesitation.

### **Chapter 803: The One Who Killed the Emperor, Xu Bai! (8000) \_5**

It was equivalent to a ninth-grade Transcendent being used as a meat cushion for him. With his current strength of a third-grade Saint, he could barely dodge it.

“You... He didn’t die!” The Emperor of the Great Yue State said in astonishment.

But before he could be surprised, he felt a sense of extreme danger. It came from the Evil Eye Blade.

It was dangerous!

That kind of danger even made him feel that he would lose his life.

"Eunuch Wei, step back. Be careful not to splash blood on your body." Xu Bai rose into the air and came to Eunuch Wei's side. Under Eunuch Wei's surprised gaze, he raised his saber.

Eunuch Wei was also in a state of shock, but Xu Bai's survival made the sorrow in his heart disappear.

He also saw Xu Bai blocking his way. He was not a fool, and he had dealt with Xu Bai so many times, so he knew that Xu Bai was definitely confident.

In the next moment, the True Core Strength in Xu Bai's body surged and he slashed out.

Flipping the Heavens!

Even a dog emperor like you is being unreasonable and attacking a young man like me. Then I won't talk to you anymore. Let's just fight.

When the sky turned upside down, the world changed color.

He was temporarily a third-grade Saint, and after going through the Evil Eye Blade, he came out from the sky.

In an instant, the Mad Heavenly Transformation behind Xu Bai started to spin like a tornado, and all of it surged into the blade.

One saber strike!

It looked like an ordinary slash, and it was even a slash from above. However, after this slash appeared, countless cracks appeared in the surrounding space.

The earth was sinking and the sky was tumbling.

One slash, between life and death.

The Emperor of the Great Yue State felt a strong sense of life and death crisis. He did not have time to think, and he did not even have the chance to escape.

Raising his hands, the Emperor of Great Yue tried his best to receive this blade. Countless golden lights gathered from all over the Great Yue State and condensed on his palms.

The pair of fleshy palms clashed with Xu Bai with an aura that was no weaker than Xu Bai's saber.

“Boom!”

The aftershock spread out, with the two as the center, even surpassing the situation of this imperial palace.

“The commoners are innocent.”

A voice suddenly sounded from outside.

Countless words appeared in the sky and enveloped the surroundings of the palace. The remaining power could not rush out.

Those who could not rush out were still those experts.

Liu Yue appeared in the air and steadied the words. He could not help but wipe the sweat from his forehead.

When these two fellows fought, they almost caused his barrier to collapse. This was only the aftershock of the two of them.

When did Xu Bai reach this level?

The voice of the Emperor of Great Yue State came from the light.

“Liu Yue! Since you betrayed me!”

Liu Yue smiled and said, “Your Majesty, you should focus on finishing your battle. Everyone in the palace is dead. No one knows that I betrayed you.””

Initially, he had not planned to make a move. However, after seeing Xu Bai appear, he felt that he was in the bag. He also saw that the remaining power of the two was about to spread out, so he made a move to stabilize him.

The Emperor of Great Yue State stopped talking,

The light was eye-catching.

After nearly an hour, when the light finally dissipated, Xu Bai stood on the spot with his saber.

Not far ahead, the Emperor of Great Yue State was also standing in the same place. However, his eyes were fixed on the spot and he did not move at all.

“What are you pretending for, old thing? You deserve to die.”Xu Bai took a deep breath, and blood flowed out of the corner of his mouth.

As he finished his words, the Emperor of Great Yue gradually turned into ashes from the top of his head.

The Emperor of the Great Yue State, who was at the peak of the Ninth Stage Saint Realm, was dead!

This scene was too shocking. Even Eunuch Wei and Liu Yue were speechless for a long time.

To kill a Saint as a Transcendent was simply ridiculous!

“Clang!”

With a clear sound, the saber in Xu Bai’s hand turned into ashes. Xu Bai could no longer support himself and fell to the ground...

“Your grandpa! Old Mu, you tricked me!”

Looking at the ground that was gradually approaching, he only wanted to say that he did not have a single drop left. This was not as easy as what Director Mu had said.

The exhaustion that he had never experienced before caused his True Core Strength to recover at the slowest speed.

Eunuch Wei reacted quickly and caught Xu Bai.

“Eunuch Wei, I’ve gained some face this time, haven’t I?” Xu Bai said with a smile.”

“Xu Bai, thank you.” Eunuch Wei sighed.”

There were too many things that he wanted to say, but when they were all merged together, he could only say thank you.

“I’ll take you back.” said Eunuch Wei.

He supported Xu Bai and planned to return to Great Chu.

Since the matter was over, they should go back.

Liu Yue wanted to say something, but when he saw Eunuch Wei’s cold gaze, he knew that he shouldn’t say anything.

As he watched the two of them leave, he suddenly had an idea.

“Fortunately, I agreed this time. Now that we’re all business partners, this kid will definitely not find trouble with me in the future.”

“This kid’s future is absolutely unfathomable!”

A piece of news was quickly spreading to Great Chu through the capital of Great Yue State.

Not only that, but it also spread throughout the country.

The content of the message was simple.

The Great Yue Emperor had died, and the person who killed the Emperor was Xu Bai, the Blood Butcher!

### **Chapter 804: The Situation Has Changed (1)**

The news seemed to have grown wings. It started from the imperial palace of Great Yue State and spread to the surroundings. In the blink of an eye, it had spread all over the world.

Now, everyone in this world knew that the Emperor of Great Yue State was dead, and the murderer was Xu Bai.

Regardless of whether it was the various forces or the experts of each profession, they all had different thoughts.

Great Chu Country, Capital, Prime Minister’s Residence.

Ever since the news had reached the capital, Prime Minister Wen had requested a long leave from the Emperor. He had been staying in his room, not leaving his house.

Other than him, there were many other Transcendent-level ninth-grade experts who had also taken long leave.

In the world, there were only nine Saints. Nine was the number, and it was impossible to exceed this number.

But now, the Emperor of Great Yue State was dead. In other words, there was only one person left to enter the ranks of the Saints.

In the entire world, everyone who had stepped into the ranks of a ninth-grade Transcendent had fallen into long-term seclusion at this moment.

Time was extremely tight for them.

They wanted to seize this last moment to fight for this position. Whoever stepped into the ranks of the Saint Plane first would be the new Saint Plane cultivator.

Although he had only just stepped into the First Grade Saint Realm, it was enough.

As long as one stood firmly in this position, no one would step foot in it.

This was a fight, a fight that raced against time. The Emperor's attitude towards this was also up to them.

After all, it would be beneficial for him to have another Saint Realm expert in his territory.

The Transcendent experts in the world all had the same thought, but the Saint experts had different thoughts.

The Chief and Deputy Chief of the supreme barbarian tribe felt that the pressure on them had increased again.

They had now become small boats in the sea. As long as the waves rose, there was a possibility that they would capsize.

However, this was not the most important thing. The most important and most uncomfortable thing was another person.

The War God Bai Zhong.

In the camp, after hearing the news of the soldiers, Bai Zhong was discussing with his generals what to do next.

But now, he was not in the mood.

Bai Zhong's right hand gripped the saber at his waist so tightly that the veins on the back of his hand bulged.

The surrounding generals were silent. No one made a sound. To be precise, no one dared to speak.

They had also heard the news that the Emperor was dead.

To the various generals, it was not good for them to reveal their thoughts at this moment, so they all kept their mouths shut.

To be able to get to this place, it was far from enough to rely on martial strength. One had to be brave and resourceful to be able to sit in their current position.

The generals knew that at this moment, everything depended on Bai Zhong.

If Bai Zhong was not willing to go back and fight for the throne, they were not willing either.

If Bai Zhong wanted to go back and fight for the throne, they were willing to do their best.

In short, they were just yes-men. Whatever Bai Zhong wanted to do, they would cooperate.

Before the Emperor died, he naturally listened to the Emperor. But after the Emperor died, they could only listen to Bai Zhong.

A few generals knew that if they wanted to go back and fight for the throne, there was one person they could not avoid, and that was Prime Minister Liu Yue.

They seemed to have received the news now, but Prime Minister Liu Yue had the upper hand. They did not know what the situation was like.

“Hu...”

In the quiet tent, there was only the sound of chaotic breathing.

Time gradually passed, and in the blink of an eye, the time it takes for an incense stick to burn had passed. Bai Zhong maintained the posture of holding his saber, remaining silent.

Slowly, he moved his hand away from the handle and placed it on the table.

This action naturally attracted everyone present.

The generals all looked over, waiting for Bai Zhong's orders.

Bai Zhong placed his hand on the table and looked around. His tone was slow and solemn.

“There should be two Saint Realm masters in the palace. His Majesty is one and Liu Yue is the other.”

“This person’s actions are disloyal and unjust. Although Your Majesty is dead, we will raise the banner of righteousness and reclaim this broken mountain and river.”

Everyone nodded.

At this point, they already understood the true meaning behind it.

This meant that he wanted to go back and fight for it.

Anything that was done had to be done in accordance with the name. At this time, the name that Bai Zhong came up with was indeed reasonable.

As generals, what else could they do now? They could only follow this commander-in-chief.

Bai Zhong saw that there were no objections around him. He slowly pulled out the long saber at his waist and pointed the blade outside the tent.

“Return to the capital!”

“Yes, sir!” The generals agreed.

Bai Zhong stepped out of the tent and prepared to lead the troops back to the capital.

However, before he could take two steps out, he was stopped by someone.

The person who stopped Bai Zhong was the Supreme Tribe’s Deputy Chief, Gu Muyin.

Bai Zhong’s eyes were cold as he looked at the person in front of him who was of the same strength as him. “Why are you stopping me?”

Gu Muyin had a sturdy body. Facing Bai Zhong’s cold gaze, he was not afraid at all. He looked straight at him and said, “After you return, you will get nothing but a useless kingdom.”

Bai Zhong didn’t say anything, his eyes still indifferent.

“One of the ninth-grade Saints in the world has already died. Now, the entire balance has been broken.”

“There are still three of them in the Great Chu Country. In addition, there’s Wei Fenghua and that Xu Bai who was able to kill the Emperor for some reason.”

### Chapter 805: The Situation Has Changed (2)

“If we really count, there are a total of five. This is a very terrifying number.”

“After you return, even if you manage to fight for the position, even if Liu Yue agrees to submit to you, there will only be two.”

“What for?”

Every time Gu Muyin said a sentence, he kept emphasizing his tone.

When he finished his last sentence, he shut his mouth.

There was no other reason than that he saw Bai Zhong unsheathing the treasured saber at his waist.

“What do you want? I’ve already told you. You should understand the seriousness of the matter.” Gu Muyin was puzzled.

When he received the news of the death of the Emperor of the Great Yue State, he knew that Bai Zhong would come up with this move. Therefore, he hurriedly ran over and stopped Bai Zhong.

This was also beneficial to them. If Bai Zhong left, they would be devoured by the Great Yue State again.

Now, they were at an absolute disadvantage. Therefore, they had to keep Bai Zhong. Although it was still not balanced, it could at least balance the situation.

However, he did not expect Bai Zhong to still unsheathe his saber even though he had already spoken so clearly.

They were both Ninth Grade Saint Realm masters, so he naturally knew that if the two of them fought here, it would not benefit either side.

But the only thing he couldn’t understand was why?

“I know what you want to say.” Bai Zhong’s gaze was still cold and indifferent. “The Emperor is dead, but why is Liu Yue still alive? He definitely won’t let the Emperor die. Therefore, there must be some benefits in making him let go.”

“The reason why I said I wanted to go back and fight for the throne was just to give the world an opinion.”

“Do you really think that with my current status, I don’t know anything? Stop struggling, it’s useless.”

Bai Zhong raised his saber and walked past Gu Muyin, leaving the tent.

Very soon, the Great Yue State’s army set out and rushed towards the Great Yue State.

Gumu Yin stood in the empty tent with his fists clenched tightly. His eyes were filled with hatred.

“Heh, the barbarians will never surrender to those food. Just wait and see. You think you have a chance of winning, but these chances are not absolute!”

After muttering to himself, he quickly left the empty tent.

The border was still in constant battle.

Bai Zhong had used his General Array to the extreme and arrived at the Great Yue State in the shortest time possible.

The troops were all deployed at the border, but he went to the palace alone.

At their level, it was as easy as flipping their hands to exchange for the power of an army formation.

Bai Zhong stood in front of the Imperial Palace and looked at the ruins of the once magnificent palace. His expression darkened.

There were many craftsmen cleaning up the ruins. They looked extremely busy.

There were also many people who were constantly making gestures, as if they wanted to rebuild the imperial palace.

The sound of discussion continued.

When a few people saw Bai Zhong, they immediately lowered their eyes and stopped discussing. They did not dare to look at him anymore.

Even if the people present had not seen such a legendary figure, they would still recognize him.

“You, come here!” Bai Zhong pointed at a person and shouted.

The person who was pointed at was slightly stunned. His body trembled as he walked to Bai Zhong.

“Tell me, what is going on?”

The craftsman trembled and told him everything he knew.

“This lowly one doesn’t know either. That day’s battle ended up like this. His Majesty died, and even his bones no longer exist.”

“I am only following the Prime Minister’s orders to rebuild the Imperial Palace.”

“Right, the Prime Minister said that if the General returns, you can go to his residence. He will tell the General everything.”

Bai Zhong frowned when he heard the man in front of him finish his words.

He waved his hand and did not make things difficult for this person anymore. He turned around and walked towards the Prime Minister’s residence.

It was very close to the Prime Minister’s residence from here. Bai Zhong only walked for a while before he arrived at the door. The people outside did not dare to stop him.

When he stepped into the courtyard, he saw Liu Yue waiting for him in front of a room opposite the courtyard with his hands behind his back.

“Please!” Liu Yue, who was dressed in white, was dressed like a scholar. He turned around and raised his hand to make an inviting gesture.

“Humph!” Bai Zhong snorted coldly and walked into the room.

They didn’t fight as expected, nor did they have any conflicts. They didn’t even quarrel.

Everything was quiet as usual.

After Bai Zhong entered the room, Liu Yue closed the door behind him.

As soon as he closed the door, he heard the sound of weapons clanging. He turned around and saw Bai Zhong unsheathing his treasured saber and pointing it at him.

Liu Yue smiled. “If you want to fight, you don’t have to come to me. General Bai, please sit patiently and listen to me. If you want to fight, I can accompany you.””

Bai Zhong did not put his saber back into its sheath. He found a seat and sat down. He happened to see a letter on the table.

There were many words on the letter. When he picked it up and read through all the contents, he suddenly raised his head. His eyes were filled with shock.

“Instead of explaining a lot, why don’t I let you read everything in Great Chu? That way, you’ll understand.”Liu Yue said.

On the paper was written why he did not help the emperor, which was also the opportunity to become a saint.

“Just because of a chance to become a Saint, you gave up the emperor who fought with us to someone else?”Bai Zhong gripped the letter tightly.

## **I Have Unparalleled Comprehension #Chapter 806: The Situation Has Changed (3) - Read I Have Unparalleled Comprehension Chapter 806: The Situation Has Changed (3)**

### **Chapter 806: The Situation Has Changed (3)**

“You shouldn’t. Although you are afraid of death, you shouldn’t be so dishonest. Otherwise, His Majesty wouldn’t have made you the Prime Minister.”

He had already finished reading the contents of the letter. To be honest, what was written in the letter made him feel a little moved, but this was not enough to make him do such a thing.

That’s right. An opportunity to step out of the Saint Plane was extremely important to any Saint.

If he were to give such an opportunity to the supreme tribe of the Berserkers, they would not agree to it.

Why did Liu Yue agree?

Liu Yue sighed.” If it were you, you would agree too. We are different from the other two forces.””

“What’s the difference?” Bai Zhong said.

Liu Yue shook his head.” Bai Zhong ah Bai Zhong, even in such a situation, you still refuse to recognize yourself?” Actually, you’ve already seen through it.”

Bai Zhong did not speak, but the veins on his hand that was holding the letter were bulging, indicating that he was in a very unstable mood.

Liu Yue forced a smile and said, "I have to say that our intelligence is still far from that of Director Mu of Great Chu Country. His strength is to control people's hearts. This is very simple, but he has used his amazing skills to control our hearts."

"Let me ask you something. Ever since His Majesty took the throne, do you think everything he did was right?"

Bai Zhong opened his mouth, wanting to answer, but in the end, he shook his head.

Liu Yue walked slowly. With every step he took, he said something.

"Before he took over the throne, everyone was bathed in blood and killed each other. They were deeply in love with each other, but after he took over, his personality changed drastically."

"It is understandable that the Anying Tower monitors the world, but the power they give is too much, allowing these people to fill their own pockets and even harm the people."

"When I first proposed this to His Majesty, he refused, saying that only by giving them enough benefits would they be willing to serve."

Liu Yue's face was filled with anger as soon as he mentioned this.

When Xu Bai killed the Emperor, the aftershock would have hurt the people of the entire capital, but Liu Yue had run out and blocked the aftershock.

He was afraid of death, but he was also a scholar.

To be able to enter the Ninth Grade as a scholar, one's noble spirit was definitely not empty talk.

"Moreover, allowing the evil books to spread is only to let the evil books flow into Great Chu and harm more scholars. It hurts others and oneself, and the heavens cannot tolerate it."

Liu Yue continued.

"Finally, there is the matter of your army. He allowed the people in your army to carry out cruel acts against the people of Great Chu."

"That day, you stood out and disagreed with this matter, but he rejected it in one fell swoop, saying that he wanted the soldiers of Great Chu to relax."

Every sentence was like a knife, carved into Bai Zhong's heart.

"Alright!" Bai Zhong stood up abruptly and interrupted, "What do you want to say to me? Just say it!"

Liu Yue said, "What I want to say is very simple. An Emperor like him should have died long ago. I am not a heartless person, nor would I murder a wise ruler for the chance to be born. However, he is not a wise ruler."

Bai Zhong was silent.

Liu Yue did not say anything else when he saw Bai Zhong's expression.

There was absolute silence between the two of them. Time seemed to have slowed down inexplicably in this room.

After some time, Bai Zhong finally spoke.

"Sigh..."

He sighed.

However, with this sigh, Bai Zhong seemed to have aged by more than ten years.

He knew that he had spent half his life in the military, but in the end, he ended up in this state.

In the end, His Majesty was too indulgent.

Sometimes, due to the Emperor's indulgence, he wanted to execute the soldiers who harmed the people on the spot.

However, he knew very well that doing so would be going against the Emperor.

He also knew that from the moment the Emperor sat in that position, he had already begun to be wary of the two of them.

The Evil Book and the Shadow Pavilion had given power to weaken the Prime Minister.

The military matters were all to remind himself.

Everything was already in the past.

However, he suddenly felt that the first half of his life seemed to have become a dream, and now the dream was shattered.

Liu Yue patted Bai Zhong's shoulder."

"What does Great Chu want us to do?" Bai Zhong nodded."

"Rebuild the Great Yue State and announce that it will become a vassal state of Great Chu." "We have no other choice," Liu Yue said."

Bai Zhong sighed again, clearly agreeing to it.

"In addition, this is the information I've gathered, as well as the information from Great Chu." Liu Yue took out another book, which was filled with densely packed names.

This book was as thick as a finger.

"The person who released the evil book, the remaining members of the Shadow Pavilion, and the soldiers who wreaked havoc on the people." Liu Yue's tone turned cold.

"We can't let any of them go."

"As for the rest, Great Chu said that it doesn't matter."

"They said that when the two countries are at war, the killings in the army and other places are unavoidable. They only want the lives of those who harm their citizens."

Bai Zhong took it but didn't flip through it. There were too many of them.

He could continue to implement it later. Now was not the time to look through it.

"It seems that with us here, they can directly subdue the barbarians." Bai Zhong said.

The world changed too quickly. Even now, Bai Zhong had yet to recover.

Now, as long as the Great Yue State became a vassal state of the Great Chu State, it would be an absolute suppression for the Barbarian Race.

Chapter 807: The Situation Has Changed (4)

The Great Chu could use a bloodless method to completely subdue the barbarians.

“No.” “No!” Liu Yue shook his head. “They will only use force to crush the entire Barbarian Race.”

“The Barbarians are different from us. We are only a part of the Barbarians.”

“As for the Manchu people, even an ordinary person would raise people from other countries as food. They said that there was no need to keep such people.”

“You mean that King Sheng You’s iron hooves will trample the entire Barbarian Race?” Bai Zhong asked in surprise.

Since he had already said so much, he knew what would happen next.

“Of course.” Liu Yue changed the topic. “But these are not questions we should consider. We should think about what to do next.”

The two of them stopped chatting on this topic and began to have a deeper discussion about the restoration of the Great Yue State.

Great Chu, Capital City.

At this moment, there were two people walking on the noisy street.

Xu Bai and Eunuch Wei stood side by side, chatting and laughing.

Whether it was the current situation or the extraordinary experts in various industries, they were all extremely nervous and racing against time.

Only these two people seemed to be in harmony.

“You have to make good use of your time after you return.” Eunuch Wei smiled kindly. “All the extraordinary experts in the world are now chasing after the Saint Realm. Although you are still far away from the Saint Realm, you still have to try your best to see if you can make the breakthrough.”

With the death of a Saint Warrior, a bunch of people were naturally fighting for this position.

“Someone has become a Saint,” Xu Bai said. “He’s only a first-grade one. Eunuch Wei, just kill him for me.”

This was a joke. As long as he wasn’t a ninth-grade Saint, Eunuch Wei wouldn’t even need to exchange for one.

Xu Bai felt that this was the right time to joke.

Of course, he had to seize the time. After this trip back, the most important thing he should do was to directly dive into the royal treasury and look through everything inside.

Hearing Xu Bai's words, Eunuch Wei believed him. He held his chin with his hand and fell into deep thought. He muttered to himself, "If the Barbarian Race had arrived before us, we could have killed him."

Xu Bai was speechless.

Only Eunuch Wei could say something like this.

Of course, he did not know that his name had already spread throughout the world.

If it was before, those young people would have tried to compete with Xu Bai.

But now, everyone had completely given up. It could be summarized in two words.

—It's rotten.

In this situation, what else could he do?

Others can already reach the Saint Ninth Grade, so why should we still get involved?

Of course, it was just that all the younger generation had excluded Xu Bai from their ranks.

"We're here." Eunuch Wei stopped in his tracks. "His Majesty is probably worried about this trip. Come with me to see His Majesty. ""

The Imperial Palace was right in front of them, and the guards did not stop them.

The two of them walked along the familiar path and arrived at the Emperor's royal study.

Before he could knock, the door was opened.

The Emperor hurriedly walked out from outside and did something that did not care about his face.

"Pal!"

The Emperor hugged Xu Bai and patted him on the back, feeling unusually excited.

"Xu Bai, you're really my lucky star!"

Xu Bai was speechless.

To be honest, if this was a great beauty, he would be quite happy, but it just had to be an emperor.

Of course, he did not show it.

“Your Majesty, I’m injured.”

“Oh, really?” The Emperor immediately released his hand.”

Seeing a spy suddenly walk out from a corner not far away, Xu Bai quickly refused.

“It’s just a small injury. It’ll heal after a little adjustment. There’s no need for that.”

He had only done it casually. He did not expect that he would actually find a royal doctor for him. Of course, there was no need for that.

“Ahem.” Eunuch Wei coughed slightly.” Your Majesty, please pay attention to your own rules.””

As someone who knew the rules, Eunuch Wei had to remind him at this time.

“Alright, then let’s talk after we enter the house.”The Chu Emperor’s expression immediately turned stiff. He turned around and took the lead to enter the royal study.

Xu Bai and Eunuch Wei followed behind him. After entering, Eunuch Wei closed the door behind him.

Just now, he had said what he needed to say and thanked her. Now, what he needed to talk about was, of course, business.

“Xu Bai, you can go to the royal treasury at any time. Zhen has already informed you that even if you want to live there for the rest of your life, Zhen will not interfere.”The Chu Emperor spoke first.

Xu Bai was stunned for a moment before he reacted. The corners of his mouth could not help but curl up.

This was what he needed the most. This time, he didn’t care about anything else. He directly dove in and finished all the progress bars. By then, it would definitely be a huge improvement.

Thinking of this benefit, he really could not suppress the joy in his heart.

Of course, it was definitely not just this matter, so Xu Bai was not in a hurry to leave.

"The border is still being fought, but the outcome has been decided." The Emperor of Chu continued, "So the most important thing is that after this matter, I have discussed this matter with others. ""

"Unfortunately, no one can give me an answer. Prime Minister Wen, who could have given me an answer, is now in seclusion trying to become a Saint, so I want to hear your opinions. ""

Chapter 808: The Situation Has Changed (5)

As he spoke, the Chu Emperor took out a map and placed it on the table, letting the two of them come over to take a look.

Xu Bai and Eunuch Wei stepped forward. When they saw what was on the wall, they understood what was going on.

It was a map, and the map belonged to the Barbarian Race.

"Your Majesty, what is the meaning of this?" Eunuch Wei was puzzled.

Although Xu Bai didn't say anything, his meaning was obvious. He couldn't understand it either.

The Chu Emperor began to explain, " Now, the entire world is already in my hands. However, the land of the Great Yue State cannot be touched. I have already said that that place belongs to a vassal state and will be handed over to them to govern. ""

" Only the Berserkers are going to be conquered. After that, someone will have to go over and take care of them. ""

"In this aspect, we can't let outsiders join in. We have to choose from the remaining members of the royal family. We need to see your opinions on how to choose. ""

After hearing the explanation, Xu Bai finally understood the meaning behind it.

This meant that he had to choose someone to govern.

He looked at Eunuch Wei, wanting to hear what Eunuch Wei had to say.

Eunuch Wei coughed." Your Majesty, this isn't something that I should be involved in. So, even if you ask me, I wouldn't know.”

“I'm only in charge of the palace's internal affairs. There are other things like fighting and killing.”

The meaning was simple and clear. He meant that he didn't want to interfere in this matter. This was your family's matter, and it was up to you to deal with it.

Emperor Chu: ”

Even though he knew Eunuch Wei's personality, he was still speechless when he heard Eunuch Wei's words.

However, there was another person here.

The Chu Emperor turned his gaze to Xu Bai.

“Why don't we let the Ninth Princess manage it?” Xu Bai pondered.”

To be honest, Xu Bai didn't have much contact with these princes and princesses, but the Ninth Princess left a deep impression on him.

When he was born in a humble family, the Ninth Princess had never targeted him.

Therefore, at this moment, the first thing that came to his mind was the Ninth Princess.

Of course, this was just a suggestion of his own. It was entirely up to the Emperor to decide whether he would adopt it or not.

The Emperor had also said that he wanted them to give their opinions.

After hearing Xu Bai's words, the Chu Emperor said,” Ninth Brother is indeed a talent. Whether it's in terms of personality or talent, he's extraordinary.”

“Zhen is thinking about Eldest Brother and Ninth Brother. Eldest Brother is still fighting at the border. Ninth Brother's words are fine, but unfortunately Ninth Brother is a woman.”

In ancient times, it was normal to favor boys over girls.

Xu Bai cupped his hands.” Then it depends on how Your Majesty deals with it. I've also given my opinion.””

This sentence was straightforward, but it meant that he had said what he needed to say. As for whether he accepted it or not, it was entirely up to him.

“Your Majesty, this lowly subject has also suffered quite a serious injury on this trip, so I’ll take my leave first.” Xu Bai had also raised his opinion. He still wanted to go to the imperial family’s treasure vault, so he didn’t want to stay here.

Seeing this, the Chu Emperor knew that he couldn’t ask any more questions. He could only wave his hand and let Xu Bai leave.

Eunuch Wei did not leave. He still had something to tell the Emperor.

After Xu Bai received the Emperor’s permission, he left the room and breathed in the fresh air outside as he walked toward the royal treasury.

His footsteps were unusually light. As a steady person, he always thought that he could hide his emotions in the depths.

However, it was different now. He couldn’t help but laugh when he thought of the entire royal treasury.

The royal treasury was not far from the royal study. Xu Bai’s speed was not slow either, and he was about to arrive.

But at this moment, someone blocked his path.

Looking at the familiar woman in green in front of him, Xu Bai scratched his head in frustration.

“The Ninth Princess really knows me. She knows how to send you here. I’ll go too on account of our past relationship.”

Qing Xue stood in front of him and bit her lips. “I don’t want you to feel that I’m using our past relationship to threaten you.”

Her eyes were full of bitterness.

Today, after hearing the news that Xu Bai had returned to the capital, the Ninth Princess had sent her to wait here.

“You may not go to the”

This was the first time Qing Xue had gone against the Ninth Princess ‘wishes and told Xu Bai not to go.

She felt that no matter how famous this man was now, no matter how famous he was.

Even if this man was still the same as before, just a lowly commoner, she did not want to use her past relationship to threaten him.

Therefore, she asked Xu Bai to reject her.

Xu Bai smiled and walked to Qing Xue's side. He stared at Qing Xue's fair face and sized her up.

His gaze was so fixed that it made Qing Xue feel uncomfortable all over.

After a long time, Qing Xue finally bit her lower lip and looked up at Xu Bai.

"If you keep looking, I'll dig your eyes out."

She didn't know why, but she was acting like a spoiled child again.

After she said this, she knew that if anyone else heard her words, they would use it to insult his highness.

"Hehe."

Xu Bai smiled and patted Qing Xue's shoulder, just like before.

"That's more like it. If it was an outsider, I would have used the arrogance of a prince to make things difficult for you, but you're not an outsider, so of course I wouldn't make things difficult for you."

Qingxue froze on the spot.

"Let's go." Xu Bai turned around and walked toward the Ninth Princess without Qing Xue leading the way.

Qing Xue looked at Xu Bai's back and stood there for a long time before she reacted. She cried out and hurriedly followed.

Xu Bai walks in front of the green snow and follows behind, two people walk in the broad palace, from time to time, they talk.

Few people came to most parts of the palace, but there were many spies hiding in the dark.

Along the way, the two of them walked very slowly and chatted a lot. Most of them talked about the past.

"I never thought that you would only reach Rank-1 at most. Now, you're already an existence that I can't look up to." Qing Xue crossed her hands and placed them on her lower abdomen. She lowered her head and looked at the ground.

She felt that at this time, she should find something to kick, such as a small stone.

However, the palace was very clean.

"Who would have thought?" "I didn't expect to reach my current position either." Xu Bai smiled."

After obtaining the cheat, what he thought about the most was actually finding a place to hide and slowly increase his liver purity bar.

However, he did not expect that he would not be able to hide now. Instead, he had become a person known to the entire world.

"We're at the front." Qing Xue stopped in her tracks. Suddenly, as if she had made up her mind, she moved closer to Xu Bai's ear and placed her hand on Xu Bai's shoulder. She whispered, "The ninth princess is preparing to ask His Majesty for a marriage. She wants His Majesty to pass down an edict for you to marry her."

After saying this, she took two steps back and did not say anything else.

Xu Bai was stunned. This was beyond his expectations.

He thought that something else might happen during this trip, but he never expected that the ninth princess would want to ask His Majesty to bestow a marriage.

What was this?

Xu Bai connected the dots. He remembered that the Emperor had asked him how the land of the Barbarians should be divided. He suddenly thought of the reason.

"I see. I finally understand what she meant."

“She wants to use the marriage with me to raise her status so that she can manage the land of the barbarians.”

Xu Bai rubbed his chin and fell into deep thought.

Even though he didn’t know the exact result, he was able to understand what the Chu Emperor meant when he was conversing with him.

He would have to choose between the First Prince and the Ninth Princess. As for the other princes, he would not consider them.

The Chu Emperor had said that the Ninth Princess was a woman, which proved that he was still biased towards the Eldest Prince.

Actually, no matter how one looked at it, it was correct to lean toward the First Prince.

The First Prince had bathed in blood on the battlefield at the border alone, and he had put himself in great danger.

In terms of merit, the Ninth Princess really couldn’t be compared to the Eldest Prince.

However, looking at the current situation, the ninth princess wanted to struggle and pull Xu Bai onto the boat.

“His Majesty agreed?” Xu Bai asked.

Qing Xue shook her head.” The princess has not gone yet, but she has mentioned it to His Majesty many times. It is said that His Majesty has the same intention.””

“I remember that His Majesty said that you were already a member of Great Chu. If you marry the princess, you will be even closer to her.”

What a bullshit kiss.

Xu Bai curled his lips.

The Ninth Princess was extremely beautiful and had a noble and lazy aura.

For a man, conquering such a noble and lazy beauty was an extremely happy thing.

But Xu Bai didn’t want to get involved in any other factors, including the current situation. He didn’t want to be used as a pawn.

“Let’s go in first.” Xu Bai thought for a moment and said.

He had already thought of a countermeasure. When the time came, he would directly say that he did not agree.

Qing Xue nodded gently and continued to lead the way. Soon, the two of them arrived at the Ninth Princess's residence.

The door was tightly shut, and there were only two servant girls standing guard outside.

When they saw Xu Bai and Qing Xue, the two maids opened the door and lowered their eyes to the ground, not daring to look at Xu Bai.

There were many rules in the palace, and everyone in the palace had learned them.

The most important thing was that they, as maids, could not look at a big shot like Xu Bai.

Xu Bai didn't care about this. He strode in with Qing Xue following behind him.

When the two of them walked in, Xu Bai saw the familiar table and the fine wine and food on it.

The ninth princess was dressed in yellow. She put her elbow on the table and looked at Xu Bai.

Because she was leaning sideways, her waist had a shocking curve.

The light makeup on her face added a sense of beauty. Coupled with her noble and lazy temperament, as well as the slightly dim lighting around her, the atmosphere was overwhelming.

"Prince Xu, please sit." The Ninth Princess raised her hand and gestured for Xu Bai to sit down.

Xu Bai didn't stand on ceremony. He sat down and picked up the chopsticks beside him, ready to eat.

Xu Bai's hand that was holding out his chopsticks stopped, and he instantly lost his appetite.

"We're eating. Don't talk about such disgusting things."

"Am I a disgusting thing to you?" The Ninth Princess laughed."

Xu Bai nodded naturally."

The Ninth Princess was stunned on the spot, her eyes wide open.

This answer made her immediately put out the fire.

"I know what you want," Xu Bai said slowly." I've already made a suggestion to His Majesty, but this is your family matter after all, so I can only make a little suggestion.""

He did not beat around the bush and went straight to the point.

The Ninth Princess 'eyes lit up. What do you mean?"

Xu Bai took another bite of food."

Hearing this, the Ninth Princess 'eyes dimmed.

She picked up the wine pot beside her and poured herself a cup. She raised her head and drank it. Because she drank too quickly, the wine spilled out of her lips and flowed down her fair neck.

Seeing this, Xu Bai paused for a moment and said,""Forgive me for being blunt, but whether it's in terms of achievements or other aspects, the First Prince is above you in all aspects, and he won't fall into your hands."

The Ninth Princess didn't answer and continued drinking.

After drinking three glasses in a row, she filled Xu Bai's glass as well.

Xu Bai took a sip and smacked his lips.

Good wine, but not the people he drank with.

"I've been waiting for this day, but I didn't expect it to come."The ninth princess smiled bitterly.

Xu Bai picked up a handkerchief and wiped his mouth. "Do you still not understand what I mean?"

The Ninth Princess shook her head, indicating that she did not understand.

Xu Bai stood up. "I just said that you're not as capable as the First Prince. Your achievements are not as high as the First Prince's, and you don't have the First Prince's ability to bathe in blood on the battlefield. How can you compare yourself to him?"

His words were rough but not rough, and every sentence was straight to the point.

In Xu Bai's opinion, there was no need to fight for this thing because the outcome was already decided. No matter how much he fought, he could not change it.

It was an ironclad fact that he was stronger than you.

Most importantly, the Chu Emperor was in good health and didn't like to engage in internal strife.

Besides, was a piece of land really that important?

Of course, Xu Bai thought that the other party might really think that it was important, so he did not say this.

"Maybe it's not that important to others," the Ninth Princess said. "But it's very important to me."

Xu Bai didn't understand.

However, there was no need for him to understand. This was not his business. He came here today to give face to Qingxue. The main reason was to make things clear.

Moreover, he had said something nice to the Ninth Princess, but it was the Emperor's decision whether to listen or not.

Xu Bai stood up and prepared to leave.

"I know what you're thinking, but it's impossible between the two of us. You're too materialistic."

After saying that, he went out.

He thought the Ninth Princess would stop him, but she didn't say a word until Xu Bai left the room.

Although he didn't understand why, it was good for Xu Bai.

The matter was almost over. Xu Bai did not stay any longer and rushed straight to the royal treasury.

There were two soldiers guarding outside the royal treasury.

In the past, when he rushed over, two soldiers would stop him.

But today was different. The Chu Emperor had already given the order, and when Xu Bai arrived, the two soldiers looked at him with respect.

“Greetings, Prince Xu!”

“Alright!” Xu Bai responded to them one by one before walking up.

As soon as he walked in, he realized that something was wrong.

In the corner of this floor, the Heavenly Musician sat alone and did not see Ye Zi.

He hadn’t seen her for such a long time. Of course, he wanted to meet her, but why wasn’t there anyone?

Xu Bai frowned slightly and walked toward the Heavenly Musician. Before he could speak, the Heavenly Musician spoke first.

“I know you want to find her, but now is not the time.” the Heavenly Musician said.

“Now, it’s very close to the time of one year. Although she has reached the Extraordinary Realm, she’s stuck at the most critical point. I’ve already found a place for her to enter seclusion.”

“It’s not too late for you to meet again after you come out of seclusion.”

Xu Bai didn’t ask any more questions.

At first, he thought that there was some danger, but now it seemed that it was nothing.

“Then Junior won’t disturb Senior.” Xu Bai cupped his hands.

“The Heavenly Musician curled his lips in disdain.” You’re quite good at talking, kid. You’re not the one disturbing me. You don’t want me to disturb you, right?””

Xu Bai didn’t say anything after being exposed. He just smiled.

“Alright, don’t use that kind of smile on me.” The Heavenly Musician waved his sleeves. “It’s still the same as before. The food will be sent over. You can come and get it yourself.””

Xu Bai agreed and didn't say anything else. He walked straight to the top floor.

This time, he finished all the books.

He had plenty of time, and there was nothing else to do recently. Therefore, when he came out of seclusion, it would definitely be a huge improvement.

He walked up the stairs to the top floor. Looking at the various books and the golden progress bar that filled the room, Xu Bai rubbed his hands.

"I'm rich! I'm rich!"

He was excited. He had a feeling that he had suddenly obtained tens of billions of yuan, but he did not know how to use it.

"Which book should I start with? It doesn't matter. Everyone has a share." Xu Bai picked up a random book and started reading.

Chapter 811: Eunuch Wei: Leave A Baby (8000)

The progress bar was slowly increasing. The process was very boring, but he was already used to it and enjoyed it...

Time gradually passed, and in the blink of an eye, night arrived.

On the top floor of the royal treasury, Xu Bai lit an oil lamp. Under the light, he continued to look at the progress bar.

The windows were tightly shut. At this moment, other than the Heavenly Musician at the lowest level, Xu Bai was the only person in the entire royal treasury.

The quiet environment was accompanied by the sound of books being flipped. Xu Bai enjoyed the silence very much.

The liver clarity bar was boring, but when it was boring, one had to find some fun. For example, now, when he was in the liver, reading the entire book like a novel was also a good way to kill time.

The night was getting darker, but Xu Bai had no intention of resting.

As time passed, Xu Bai added oil to the oil lamp and continued his previous action.

At this moment, he heard footsteps coming from the stairs.

Xu Bai looked over and saw a familiar figure walking toward him.

“Young Master.” Ye Zi’s figure was graceful as she walked over leisurely with an excited expression.

Xu Bai put down the book in his hand, slightly puzzled.””Didn’t the Heavenly Musician say that you went into seclusion? Why did you suddenly come back?”

“I’ve already followed Grandma’s instructions and successfully broken through.”Ye Zi walked behind Xu Bai and stretched out her fair little hands to gently massage Xu Bai’s shoulders.

“Grandma?”

Xu Bai frowned when he heard this.””Didn’t you call him teacher?”

Xu Bai did not expect Ye Zi to break out of seclusion. He did not expect her to be so fast. However, the most important thing was that the way she addressed him seemed to have changed.

“She acknowledged me as her granddaughter, so our relationship has changed.”

Ye Zi bent down slightly. Her black hair floated on Xu Bai’s face, making Xu Bai feel a little itchy.

Her small mouth came close to Xu Bai’s ear and a soft sentence came into his ears.

“Young master, it’s late at night. Let’s rest for a while...”

Smelling the familiar fragrance and listening to the soft voice beside her ear, she felt her ears itch.

Xu Bai threw the book aside and hugged Ye Zi in his arms.””Then let’s combine work and rest for a while...”

Well, work and rest were balanced. This way, he wouldn’t be tired.

The oil lamp swayed, and a sound rang out in this huge imperial family’s treasury...

“Hmm? Why do I feel that something is wrong?” Xu Bai looked down and frowned.

“Young Master, what’s wrong?” Ye Zi stretched out her fair arms and hugged Xu Bai.

“Why is there blood? Who are you?”

Xu Bai grabbed Ye Zi’s neck, his expression gradually turning cold.

Ye Zi’s face was pale, but the corners of her mouth could not help but curl up.

“It’s done.”

It was just two simple words, but Xu Bai already knew the other party’s identity.

He reached out and touched Ye Zi’s face. Soon, he took off a human skin mask.

“ This is one of the few masks in the Emptiness Sect. It’s exactly the same as the one you’re wearing. Even those below the Saint Realm won’t notice it. Oh right, my other profession is the Emptiness Sect...”

The Ninth Princess stretched out her arm lazily and wrapped it around Xu Bai’s neck. At the same time, she whispered into Xu Bai’s ear, “Now, the rice has already been cooked. It’s already too late.”

“Pa!”

Xu Bai slapped the Ninth Princess’s face.

He didn’t expect to be pecked in the eye by a wild goose today.

The Kongkong people’s human skin masks were rarely able to fool people below the Saint Realm. However, he did not expect the Ninth Princess to have one.

The most important thing was that the ninth princess had actually changed her body size in the Empty Sect.

To be honest, this was something Xu Bai had never expected. He had thought that he would be assassinated because of this reason. Assassinations were useless to him because his recovery ability was extremely strong.

However, who would have thought that she would do these things with him just to change her body size?

What the hell... Really speechless!

The Ninth Princess was slapped, but she did not get angry. Instead, she smiled even brighter.

“The Heavenly Musician requires a reason for the act of a great being!” Xu Bai put on his clothes and looked at the corner of the room.

The Ninth Princess put on her clothes and leaned toward Xu Bai.

In the corner, the old woman, the Heavenly Musician, walked out.

Xu Bai had been thinking about this for a long time, and it definitely had something to do with the Heavenly Musician.

The guardian of the royal treasury was this old woman, the Heavenly Musician. With her here, the Ninth Princess would not be able to come up even if she disguised herself as Ye Zi.

Now, it seemed that not only did she know the situation, but she also allowed it to happen.

Xu Bai's fingers were covered in a layer of saber light.

I don't care who you are. If you dare to scheme against me, then be prepared to be taught a lesson.

It's good that you haven't reached the Saint Realm. I can kill you with one slash.

Xu Bai's killing intent was constantly circulating.

“I know what you're thinking, Xu brat,” the Heavenly Musician said with a bitter smile. “But this matter has nothing to do with me. If you really want to know, go ask Eunuch Wei.””

Eunuch Wei?

The saber Qi in Xu Bai's hand dissipated, and he stood rooted to the ground like a block of wood.

Her fair arms wrapped around Xu Bai. The Ninth Princess leaned against Xu Bai's chest and smiled.””Although I'm in the Emptiness Sect's line of work, even with my status, I can't find one of the few human skin masks in the world.”

Xu Bai's expression became extremely complicated. He turned to look at the blood of the ninth princess. Suddenly, he grabbed her wrist and rushed out of the royal treasury.

After leaving the royal treasury, he did not stop. Instead, he walked toward Eunuch Wei's residence.

The ninth princess stumbled along the way, but Xu Bai didn't show any mercy, even though they had just done something.

Soon, he brought the Ninth Princess to Eunuch Wei's residence.

The eunuchs guarding the door did not dare to stop them. The two in front of them were both extremely high-ranking figures in the Imperial Palace.

Xu Bai dragged the Ninth Princess and barged in. As they walked, he shouted, "Eunuch Wei, you must give me an explanation today."

Even Eunuch Wei, whom he respected, couldn't trick him on such matters!

A gust of wind blew past. Eunuch Wei stood in a corner with his back hunched.

When he saw the two people in front of him, he did not answer Xu Bai's question but asked the Ninth Princess.

"It's done?"

The ninth princess nodded lightly, unable to suppress the smile on her lips.

Seeing this, Xu Bai was about to speak.

What was it?

He was completely confused right now, alright?

Eunuch Wei pointed at the house behind him. "Let's talk inside."

Xu Bai didn't waste any time and went straight into the room. He also brought the Ninth Princess in.

Eunuch Wei was the last to enter the room. After closing the door behind him, he spoke.

“Now, our last wish has finally come true.”

Xu Bai was speechless.

What was going on? Why was everything that happened tonight getting more and more mysterious?

He didn't say anything. He just stared at Eunuch Wei, meaning that he wanted to know what was going on.

“I'm doing this because I want to give you and the Ninth Princess a mutual benefit,” Eunuch Wei said.”

Xu Bai was speechless.

This was the second question mark he had tonight.

Eunuch Wei continued to explain, “It's like this...”

With Eunuch Wei's explanation, Xu Bai finally understood the whole story.

He finally understood why the Ninth Princess wanted to be crowned a king.

As a member of the royal family, the ninth princess managed all the businesses and finances of Great Chu.

In order to manage this well, she had to understand the origins of each business.

Every business was a trade. So far, the Ninth Princess had learned dozens of trades.

Everyone knew that only by specializing in one profession was the real way out.

Learning one more skill would delay the progress. Unless it was a genius, no one would do that, except Xu Bai.

The ninth princess had learned dozens of professions, but she was still only at level seven. She was far from the mortal evolution state.

Moreover, because she had learned so many occupations, her lifespan had actually decreased.

If he did not think of a way to break through, it might at most be equivalent to an ordinary person's lifespan.

If he focused on one of them now, it would be useless. Dozens of industries were interconnected, and there was no way to focus on one.

Therefore, there was only one profession in front of the Ninth Princess.

The Emperor!

Emperor or King.

This was the most peculiar and unique profession.

As long as one became an emperor, they could receive fate and directly increase their realm. The increase in realm was related to the area under their jurisdiction.

The stronger the region, the stronger the strength.

Even if the ninth princess learned dozens of professions, it would not affect her at all.

Therefore, the Ninth Princess had to get this fief. Otherwise, her lifespan would be a very troublesome problem.

"So that's what happened."Eunuch Wei said," I watched them grow up. I can't let them die. The Great Prince lost his fief, but he often bathed in blood on the battlefield. He has another place to go. Besides, I'm doing this for your own good.""

In the future, when the Barbarians conquered the land, the First Prince could completely take over the position of King You and become the leader of the Barbarian territory. He would not be inferior to the king of the land.

"For my own good?" Xu Bai frowned after hearing that."

He understood now that the explanation was clear. He knew that the Ninth Princess could use him to get the fief.

However, he was confused by the last sentence.

What did he mean by doing it for his own good?

"You and Ye Zi do it often, don't you?" asked Eunuch Wei with a smile."

Xu Bai's expression turned slightly awkward.

To be honest, he treated Eunuch Wei as an elder. Now that an elder was asking him about these things, he would naturally feel awkward.

However, since he had already asked, he nodded honestly.

"Have you taken any precautions?" Eunuch Wei continued."

Xu Bai shook his head.

He really hadn't done this well.

Men liked this kind of feeling.

"That's right," Eunuch Wei said.

What's the deal? The more Xu Bai listened, the more confused he became.

Eunuch Wei chuckled." I don't need any precautions. But why isn't Ye Zi pregnant yet?"  
Is the problem with you?"

"Have you ever thought about how it's possible that you won't get pregnant? We hired a professional doctor to secretly check on you when you didn't know."

" You've learned too much, which is the reason for this. So, the Ninth Princess can help you..."

"Wait!"

Before he could finish, Xu Bai interrupted him.

He had a helpless expression on his face." Eunuch Wei, you planned all of this because of this. No way, this..." I should be the one deciding whether to have children or not."

He could tell that Eunuch Wei was like an elder who was urging for a marriage. It was just that this method was a little too extreme.

"This is for your own good." " It's a win-win situation," Eunuch Wei said." It's a win-win situation, isn't it?""

### **Chapter 813: Eunuch Wei: Leave A Baby (8000)**

Xu Bai was speechless.

He only had this expression now. Other than that, there was nothing else.

It was uncomfortable.

He was speechless!

“Don’t look at me like that.”Eunuch Wei waved his hand.” It’s best if you keep your seed. I can help you take care of it while we’re still young.””

“Besides, the Ninth Princess agreed to this matter. If she, a woman, agrees, what is there for you, a young man who has picked up a bargain, to worry about?””

Xu Bai felt that if he wasn’t a hot-blooded man, he would have burst into tears by now.

What could he say?

He couldn’t say anything now because Eunuch Wei even wanted to take care of his child.

Xu Bai turned to look at the Ninth Princess.””Princess, I feel that this combination of ours is not very accurate.””

What he meant was that a marriage without feelings was not a real marriage.

“Why?” The Ninth Princess smiled.” I’ve said it before. You’re the only man in the world who’s worthy of me. If I’m willing, why aren’t you?””

“You said before that I can only be a concubine. I’m also willing. Ye Zi is also willing because I’ve talked to her about this before.””

In fact, the Ninth Princess thought that this trip was to solve her own problem, but more importantly, she did not reject Xu Bai.

Members of the royal family had their own pride. If she did something she did not like for the sake of her life, she would definitely not do it.

However, Xu Bai was different. It could be said that she had seen all of Xu Bai’s experiences.

From a commoner to his current position, everything he had done was legendary.

Just like how men liked beautiful women, women also liked heroes.

Therefore, not only did the Ninth Princess not resist, she even felt that it was natural.

Xu Bai rubbed his forehead.

He knew that it was normal to have three wives and four concubines in this world. Ye Zi would definitely agree, but today’s sudden moment made him somewhat unable to recover.

Eunuch Wei patted Xu Bai's shoulder. "Some things can be figured out after thinking about it. Moreover, you're not young anymore. Think about it. At your age, many people have already started a family and have children."

Xu Bai was speechless.

Just now, there was a sense of fear. Now, it's a sense of fear. Why do I still have to feel this when I'm already in such a position?

I am Prince Xu!

"I'll leave first. I have to think about it." Xu Bai felt that too many things had happened that night and he needed to go back and think it through.

Eunuch Wei did not ask them to stay and sent them to the door.

Xu Bai walked very fast, but there was a tail behind him.

The Ninth Princess followed closely behind, and the two of them gradually walked away.

After the two of them left, Eunuch Wei returned to his room and coughed lightly.

"Your Majesty, I really don't understand. Why would you do this?"

At the end of the corner, the Chu Emperor quietly walked out with a smile on his face.

When Eunuch Wei and Xu Bai returned, both of them had gone to the Emperor's royal study, but Xu Bai had left first.

Eunuch Wei had said that he had something to discuss with the Chu Emperor, and this was exactly what they were discussing.

Eunuch Wei definitely wouldn't do this alone, but with the addition of Emperor Chu, the two of them could do it.

If Xu Bai was here, he would definitely call out the two old foxes, especially the Chu Emperor!

In the beginning, the Chu Emperor had vaguely revealed to Xu Bai that his preference for males over females was to numb Xu Bai.

In fact, all of this was his idea. His ultimate goal was to give the Barbarian Race to the Ninth Princess.

"Isn't that good?" The Chu Emperor smiled and said, "Think about it. With Xu Bai, it would be perfectly justifiable to give the land to Ninth Brother."

Eunuch Wei shook his head." Your Majesty, I know you best. If you really wanted to give the fief to the Ninth Princess, you wouldn't have done this. You only need to say one word, and the First Prince wouldn't dare to disobey. He wouldn't even complain."

What he meant was that the Chu Emperor must have had a deeper meaning to what had happened tonight. Even Eunuch Wei was not clear about it.

"Eunuch Wei, you don't even understand what I mean, yet you still dare to do it. Aren't you afraid of harming Xu Bai?" the Chu Emperor said.

Eunuch Wei chuckled." Your Majesty, you probably couldn't even protect him in time. Why would you harm him? The topic has strayed off again. Your Majesty, you really shouldn't hide this matter." "

The smile on the Chu Emperor's face gradually disappeared. He stared at Eunuch Wei without saying a word.

However, there was a sense of solemnity in the room that was gradually spreading.

Eunuch Wei straightened his back and looked straight at the Chu Emperor.

The two looked at each other for a few minutes before Emperor Chu withdrew his gaze and shook his head helplessly.

He knew that Eunuch Wei was not only a man of rules, but also a man of persistence. If he did not speak tonight, Eunuch Wei might think of other ways to understand him.

"Your Majesty, it is our honor to share the king's burden." Eunuch Wei bowed.

"Sigh..."

The Chu Emperor sighed.

"Since you really want to know, then zhen will tell you everything in detail."

Golden light appeared from Chu Huang's body, sealing the surroundings so tightly that the words of the two could not be transmitted out.

## **I Have Unparalleled Comprehension #Chapter 814: Barbarian Conspiracy (1) - Read I Have Unparalleled Comprehension Chapter 814: Barbarian Conspiracy (1)**

**Chapter 814: Barbarian Conspiracy (1)**

The entire room was enveloped in golden light. Eunuch Wei saw this and knew that the Emperor was talking about something important. His expression became serious.

“Sigh...” The Chu Emperor retracted his hands and placed them behind his back. He sighed silently. “Zhen wants to give them a good path.”

When Eunuch Wei heard this, he was stunned on the spot. After he reacted, he frowned.

“Your Majesty, what is the meaning of this?”

“How long will it take to take down the barbarians?” “Don’t say that you’re only in charge of internal affairs. You know these things better than many experts who use troops.”

Eunuch Wei thought for a moment and said, “Six months at best, a year at worst.”

Although Great Chu had an absolute advantage now, this was a war.

War was never simple, and it was never said that the war could be finished in two or three days. This was only Eunuch Wei’s conservative estimate.

“Then what happens after the fight?” The Chu Emperor asked again.

Eunuch Wei continued to answer, “Of course, it is to unify the entire world. After it is stabilized, we will enter the Bizarre Market and connect the world and the Bizarre Market together. This way, the resources will be endless and the cycle will not stop.”

The goal of unifying the world was ultimately for the Bizarre Market, and the goal of unifying the Bizarre Market was to allow resources to be recycled.

A long, long time ago, during an era when resources were exhausted, Eunuch Wei could tell from some incomplete ancient books that it was a miserable time even though he did not witness it with his own eyes.

If he didn’t want this era to suffer as well, he could only use this method.

The Chu Emperor nodded, indicating that Eunuch Wei was right. “Then how do we enter the Bizarre Market? Do we rely on those circular patterns? With just those, even if we collect all of them, it’s impossible for the entire world to head there together.”

Eunuch Wei was silent.

The circular pattern was the key to entering the Bizarre Market, but the circular pattern had an upper limit on the number of people. Even if they found all the circular patterns that were known in the world, it was impossible to transport all the experts.

These were rules and facts that could not be changed.

However, Eunuch Wei seemed to have a new method from the Chu Emperor's words.

"What is my profession?" "When I unify the entire world, I will be able to gather all the dragon qi in the world and break through this rule."

"At that time, as the first to break through the rules of the human world, everyone will have an increase in combat strength. This will definitely be beneficial to us."

Eunuch Wei nodded. There were indeed benefits. It was undeniable that if everyone in the world could obtain the enhancement of combat strength, the benefits would not be small.

But what did all of this have to do with the Chu Emperor's scheme tonight?

"I can't say." The Chu Emperor said slowly."

Eunuch Wei was stunned, not understanding what was going on.

"No, it's not... Your Majesty, are you joking with us?"

"You can't say that either. Then why did you seal this place?"

"Our family is really..."

Veins bulged on Eunuch Wei's forehead. If it wasn't for the fact that the person in front of him was the emperor, he might have already won the match.

"Ahem." The Chu Emperor pretended to cough." Didn't I learn this from Director Mu? You have to be cool. In short, don't worry. I've never had any bad intentions towards them. This is all for their own good."

Eunuch Wei looked like he had a headache."

The Chu Emperor shook his head." I really can't tell you. Don't force me anymore. I don't intend to tell anyone about this."

"Sigh..." Eunuch Wei sighed.

He knew that if the Chu Emperor really didn't want to talk about this matter, he wouldn't get an answer no matter how much he asked.

In Xu Bai's words, Riddler deserved to die!

“Let’s go. You’re getting old. You need to rest more. Zhen won’t disturb you anymore.”The Chu Emperor waved his hand.

The golden light around him disappeared. He walked into the darkness in front of him and gradually walked away.

Looking at the disappearing back of the Chu Emperor, Eunuch Wei sighed again and slowly closed the door.

The royal treasury.

Xu Bai held a book in his hand and stared at the progress bar.

The progress bar was moving slowly, but Xu Bai was in a particularly irritable mood.

There was no other reason than that there was a special person beside him.

The Ninth Princess was sitting next to Xu Bai. She rested her chin on her hand and stared at Xu Bai, talking to him from time to time.

“Actually, there’s nothing wrong with marrying me. Qingxue and Qingmei will also serve as dowry maids.”

Xu Bai didn’t say anything. He was still reading the book in his hand.

To be honest, his thoughts were still in a mess, especially the woman beside him.

This matter made him a little frustrated.

The Ninth Princess stood up and walked behind Xu Bai. She put her hand on Xu Bai’s shoulder and bent down.

“We haven’t finished what we were doing just now. Eunuch Wei wants to help you take care of your child. Why don’t... Taking advantage of this rare night, he rested early.”

The corner of Xu Bai’s mouth twitched slightly. He felt the back of his head resting on a soft spot and moved forward a little.

However, the next second, the Ninth Princess wrapped her arms around Xu Bai’s neck and moved closer to him.

Looking at the Ninth Princess’s face, Xu Bai wanted to lean back a little. There was a special place behind her.

“Ye Zi is extremely beautiful. I don’t lose to her. Since things have already happened, let nature take its course.”The Ninth Princess said lazily.

“It’s normal for a man to have three wives and four concubines, especially for a man like you. It’s best if you marry eight or ten.”

Listen, is this human language?

## **I Have Unparalleled Comprehension #Chapter 815: Barbarian Conspiracy (2) - Read I Have Unparalleled Comprehension Chapter 815: Barbarian Conspiracy (2)**

### **Chapter 815: Barbarian Conspiracy (2)**

Xu Bai took a deep breath. Just as he was about to say something, he noticed the Ninth Princess ‘face approaching him.

Then, he omitted a thousand words.

The next day.

When the Ninth Princess helped Xu Bai put on his clothes, Xu Bai had already gotten used to it.

His adaptability was very strong. When he first transmigrated and found himself in a prison cell, he had already adapted to this world.

Since it had already happened, he would let nature take its course.

The Ninth Princess hugged Xu Bai’s waist from behind and put her face on his back.””In a few days, when Imperial Father’s fief is over, can we hold a wedding?”

Before Xu Bai could finish, she added,””Plus Ye Zi.”

The Ninth Princess still had a noble and lazy aura in her bones. This was something that had been formed since she was young.

Even after the intense activity last night, it was still maintained during the activity.

However, the words he said were in favor of Xu Bai.

“Yes.” Xu Bai nodded and agreed. Suddenly, he remembered something and put his arm around the Ninth Princess ‘waist.””What’s your name?”

Everyone around him had called her that since he knew about the ninth princess, but Xu Bai didn’t know what her name was.

He didn't ask about this matter. It had nothing to do with him, so he couldn't be bothered to ask. However, things were different now. Since the rice had already been cooked, it was normal to know the name.

She couldn't just call her the Ninth Princess in the future, could she?

"Chu Ling." The ninth princess had tidied her collar and said her name as she did so.

"Chu Ling..." Xu Bai repeated the sentence subconsciously.

Chu Ling narrowed her eyes. That lazy aura appeared again and hung on Xu Bai's body."It's been a long time since anyone dared to call this name."

After settling down in Xu Bai's embrace for a moment, Chu Ling stood up and slowly walked out.

"I went out to find some food. This place is quite deserted."

Xu Bai nodded.

After Chu Ling left, he picked up the book again and looked at the progress bar.

After exercising for a while last night, he suddenly felt refreshed. Of course, he was very restrained.

After all, the ninth princess wasn't strong. She wasn't even at the mortal evolution state, so he didn't do much.

After all, with my current strength, it was already easy to kill a living person."Unknowingly, Xu Bai's thoughts went astray.

Fortunately, while he was thinking, he was still staring at the book, and the progress bar did not slow down.

In the following days, because Ye Zi was already in closed-door cultivation, Chu Ling would come over to accompany him every day.

What happened in the outside world, he only had a rough idea of it, and spent most of his time on the progress bar.

There were indeed many major events happening in the outside world, and the most important ones came from different places.

There was a ninth-grade Transcendent expert who self-destructed and died because he used too much force when he was fighting for the spot to become a Saint.

When this news spread, they thought it was fake at first, but after it was confirmed, everyone felt a chill down their spines.

This was especially true for those ninth-grade Transcendents. After this incident, they became even more cautious.

The quota to become a saint was important, but his life was also important, so he had to take care of both.

Of course, even among the younger generation, these things could only be discussed after a meal. After all, the younger generation was still struggling in the Extraordinary realm.

However, many major events had also happened among the younger generation. The most obvious ones were in three places.

Greencloud Academy, Buddhist Sect, and Yunlai Mansion.

The dean of the Green Cloud Academy was also a ninth-grade Transcendent expert. He had already gone into seclusion early on to compete for a spot to enter the Saint Realm.

However, the Green Cloud Academy had one more genius.

Liu Xu.

Logically speaking, there were many people who could act as the dean of the Green Cloud Academy when he was in seclusion. However, Liu Xu was the last candidate.

Gradually, the legend of Liu Xu began to appear in the martial world.

It was said that Liu Xu was fusing the evil book with the scholar's book, and she had already reached the Extraordinary Sixth Stage.

If they were truly integrated into one, it would be a huge benefit to all the scholars in the world.

Of course, success or failure would not be mentioned for the time being, because it was still in progress.

The other was the Buddhist Sect.

Not long ago, a major incident happened in the Buddhist Sect, causing the roots of the entire Buddhist Sect to be completely severed.

Now, a monk who had renounced asceticism had become the life-saving straw of the entire Buddhist Sect.

The name No Flower was gradually being recognized by the people in the martial world.

It was said that Wu Hua had also entered the mortal evolution state and even had a black lotus accompanying him. That black lotus was the future cultivation path of Buddhism.

This also caused Wu Hua's status to rise in the Buddhist Sect. No matter who dared to touch him, they would become the common enemy of the Buddhist Sect.

Finally, it was the Residence of Yun.

If the first two things were considered normal, then the last thing was really ridiculous.

Yunlai Prefecture had produced a Transcendent expert!

This Transcendent expert was a Wang with a different surname who lived in Yunlai Prefecture. His name was Yun Zihai.

Originally, having one more Transcendent expert in the world was indeed something worth celebrating. However, this Transcendent expert was different.

It was said that when Yun Zihai broke through to the Transcendent Realm, he was actually captured by the College Chief of the Green Cloud Academy.

Back then, those who were fortunate enough to see him discovered that Yun Zihai's entire body was thin, as if he did not have long to live.

## **I Have Unparalleled Comprehension #Chapter 816: Barbarian Conspiracy (3) - Read I Have Unparalleled Comprehension Chapter 816: Barbarian Conspiracy (3)**

### **Chapter 816: Barbarian Conspiracy (3)**

However, after staying in the Academy for nearly half a month, Yun Zihai came out not long after. When he came out, his whole body was muscular and his body was strong. He looked like a general at the border.

At that time, some people said that it was because of Liu Xu. Yun Zihai's current situation was very likely to be due to the evil books. It was even more likely that Liu Xu had studied the method of fusion and made progress.

However, no one knew the exact situation. These were all speculations, but there was indeed an additional Transcendent expert in the world.

Of course, the most famous was still Prince Xu, who was still living in the capital.

However, Prince Xu had been very low-key recently and rarely showed his face. The younger generation and the older generation were very puzzled. This was not his personality.

However, if this guy didn't cause trouble, they would be a little more relaxed, especially those kings with different surnames.

Don't forget that Xu Bai was a prince who specialized in supervising the existence of kings with different surnames. If he really caused trouble, the kings with different surnames wouldn't be able to withstand it.

There were many legends circulating, and these were only a portion.

These things were not only spread in the Great Chu State, but also in the Great Yue State.

The Great Yue Palace was still in the process of repairing the Imperial Palace, and the current Emperor was Liu Yue.

Why did Liu Yue not fight with Bai Zhong, and what happened after that, no one in the world knew.

All they knew was that the Great Yue State had suddenly become a vassal state of the Great Chu State. Everything had happened too quickly, and the onlookers expressed that they were stupefied.

That's right. There were originally three major forces in the world, but now there were two. Moreover, the other one was still being beaten up.

There were many people who were happy. For example, the people of Great Chu.

However, there were many people who were unhappy, such as the barbarians who were being beaten up.

There are many happy things in the world, but none of them are related to me.

At this moment, in the supreme tribe of the barbarians.

Gu Muyin lowered his head, his hands clenched into fists, his face ashen.

He was surrounded by his capable subordinates. Their faces were also gloomy, and none of them were smiling. The entire space seemed very oppressive.

“Report!”

A report was heard from afar. Then, a barbarian rushed out from outside and stumbled into the tent.

Gu Muyin was already in a bad mood. After seeing this scene, he shouted angrily, “No matter what, you must ensure that you are calm enough. How can you be so rash!”

The barbarian scout quickly stopped and knelt on the ground with a thud. His entire body was trembling. “Deputy Chief... Scenic Peak Tribe... It’s gone!”

“Boom!”

A murderous aura circulated around Gu Muyin’s body. Gu Muyin stood up and knocked over the table beside him.

The various items on the table rolled and fell to the ground.

“Great Chu! Good job!” “Are they trying to kill us all?!” Gu Muyin gritted his teeth.”

Another tribe was gone. Ever since the Great Chu State began to attack, many tribes had been lost.

However, the Great Yue State had become a vassal state of the Great Chu State, which made things worse for the barbarians.

“Pass down the order!” Gu Muyin took a few deep breaths before calming himself down. “All tribes, start searching inside and get close to the Supreme Tribe.”

“Yes, sir!” The barbarian scout did not dare to say anything more and left.

After the scout left, a subordinate stood up and asked, “Deputy leader, if that’s the case, it’s equivalent to giving up the territory of those tribes to others.”

That was indeed the case.

Retracting their defenses was equivalent to giving the territory to Great Chu for nothing. Great Chu did not even need to use a single soldier to take it.

“You just need to do it, you don’t need to ask.” “This is the leader’s idea. Even I don’t know why.” Gu Muyin said coldly.”

The subordinate quickly agreed. He knew that what he had just said had gone beyond what he should ask now.

Fortunately, Gu Muyin did not pursue the matter. Otherwise, he would not be able to escape responsibility.

“Deputy Chief.” The subordinate rolled his eyes and asked, “What should we do with the people of Great Chu and Great Yue who are kept in captivity in each tribe?”

Their people could leave, but if they brought those people along, it would be troublesome.

“Before we leave, start the pot.” “They are all rare and delicious ingredients. Of course, we can’t let them go for nothing. We will also let them see our revenge.”

“Yes, sir!” The subordinate agreed.

Gu Muyin waved his hand and walked out of the tent.

He looked at the gloomy weather outside, and his expression became uglier and uglier...

The situation was always changing.

Currently, the Great Chu Country was like a sharp knife that was constantly advancing.

There were countless pairs of eyes staring at the battlefield.

These people were all smart people. They knew that based on Great Chu’s current actions, it seemed that they did not want to give the barbarians a way out at all. They did not even want to give them a way out to surrender.

Whether it was the people of the Great Chu State or the Great Yue State, they had no objections to this method.

In the current world, only the Barbarians truly did not treat other forces as humans.

They even kept people from other forces in captivity and used them as ingredients. Moreover, it was not only a small number of people who wanted to do this. Almost every tribe would do this.

Therefore, everyone took Great Chu’s actions as a matter of course.

He had thought that the Barbarians would fight to the death in a bloody battle.

# **I Have Unparalleled Comprehension #Chapter 817: Barbarian Conspiracy (4) - Read I Have Unparalleled Comprehension Chapter 817: Barbarian Conspiracy (4)**

## **Chapter 817: Barbarian Conspiracy (4)**

However, they had never expected that before they could recover, the barbarians would give up on the territory they had occupied and shrink into the inner circle. In the end, they curled up around the entire supreme tribe.

This situation was too bizarre. It made people wonder what these guys were thinking.

Of course, the one who was most concerned about this situation was still Great Chu's King Sheng You.

King Sheng You was wearing armor and sitting on a chair, looking at the map in front of him.

Beside him, a young man in armor stood upright. His armor was covered in blood.

This young man's greatest characteristic was his eyes, which were as sharp as two swords.

"Come and take a look. Can you analyze anything?" King You Sheng pointed at the map.

The young man shook his head. "I don't know either. If it were anyone else, they wouldn't give up their territory. It's a good thing that they're shrinking their defenses, but this gives us an opportunity instead. They won't let us split up and attack, which will shorten the time."

This action of the Barbarians was too strange, so much so that even King Sheng You could not understand it.

The Heaven Inspectorate also had spies in the Barbarian Race, but these spies did not know what had happened. Even many of the higher-ups did not know.

So now, this matter had become a mystery.

"Imperial Uncle, you mean..." the young man asked.

By addressing him as Imperial Uncle, the identity of this young man was obvious.

The First Prince.

The Emperor actually had nine children, but many of them had died on the battlefield. Only the First Prince was still alive.

After the bloody battle, the First Prince looked calm and sharp. Compared to the other members of the Imperial Family, he had a different temperament.

King Sheng You smiled." I haven't figured it out either, so I'll think about it a little more. But before that, I need to surround them all.""

It was indeed difficult to think of something like this, but since the other party had already shrunk into a circle, he would just surround them.

They didn't even need to attack. They just surrounded them and let them run out of ammunition and food.

"Yes, sir!" The First Prince agreed and prepared to leave.

But before he could leave, King You Sheng called out to him again.

"We've finished discussing business. Now, let's talk about some private matters."

The First Prince stopped and looked at King Sheng You in confusion.

"Your sister and Xu Bai are about to get married," King Shengyou said."

The First Prince's eyebrows twitched, but he didn't show it on his face.

King Sheng You swept a glance at the eldest prince." Your performance is different from Chu Yu's. Back then, Chu Yu almost drew her sword and returned to the capital. Why are you so calm? Xu Bai and Chu Ling have already been crowned the king of the barbarians.""

"Since it's already a fact, there's no point in me saying more," the First Prince said."

That was what he said on the surface, but the First Prince clenched his fists tightly.

King Sheng You came before the First Prince and patted him on the shoulder."You've been following this king at the border ever since you were young. This king knows that you've been very bitter and tired."

"Right now, when we're about to enfeoff the Berserkers, there's no place for you. Are you not convinced?"

The First Prince lowered his head and did not speak.

However, it was obvious that he had already tacitly agreed to what King Sheng You had said.

“You can see the Barbarians as a miniature version of the Great Yue State.”

“Chu Ling is my big brother’s representative, and you are my representative.”

“Everyone should do what suits them, just like me and my big brother.”

“You are not suitable for the government, but you are suitable for the border.”

As soon as he finished speaking.

The First Prince suddenly raised his head, his face filled with shock.

He understood the meaning behind it. This meant that he would not be conferred the title of king, but he would control the military.

“Really?” The First Prince couldn’t believe it.

King Sheng You patted the Eldest Prince’s shoulder. “Why? Aren’t you happy that you’re taking over my job?”

“What Chu Yu learned is ultimately her mother’s profession, so you’re more suitable.”

“Yes, yes!” The First Prince nodded repeatedly in agreement.

He spent most of his time at the border. To be honest, if he had to choose between two, he would choose the border.

There was no other reason. He had long gotten used to living like a day for the past ten years.

Habits were things that were hard to change.

Therefore, this answer was more acceptable to him.

“Go out. These are all things for the future. Let’s win this battle first.” King Sheng You waved his hand.

The First Prince left happily.

King Sheng You waited for the Eldest Prince to leave, but his expression darkened.

He looked at the map in front of him, but his mind was thinking about the Barbarian Race.

The Barbarian Race wasn't that simple. The three Saint Realm masters there were all intact.

The reason why he had said it so easily earlier was mainly to stabilize the morale of the army. He only revealed it now that he was alone.

"Why are they shrinking?" King You Sheng rubbed his eyebrows and sat on the chair, deep in thought.

This method would not only cause them to lose their territory, but it would also make them a gathering point, making it easier for Great Chu to surround them.

If it was King Sheng You who was in such a situation, he would definitely not gather. Instead, he would let everyone spread out and constantly harass and resist. This was the best plan.

When the enemy was strong and we were weak, it was better to split up and harass the enemy.

However, the barbarians did the opposite. If there was no conspiracy, King Sheng You would not believe it.

Outside the window, dark clouds filled the sky.

Chapter 818: Barbarian Conspiracy (5)

The more King Sheng You thought, the slower time became.

While King Sheng You was deep in thought, the supreme tribe of the barbarians was noisy and crowded.

All the barbarians had surrounded the tribe, but they could not stay in the tribe at all, so they were stationed outside.

Gu Muyin was in a spacious room. He looked at the two people not far away and listened to their conversation. His eyelids kept twitching.

These two were the leader of the Supreme Tribe and the Great Wizard. They were of the same level as him and were both Saints.

Today, he had come to discuss how to deal with Great Chu. However, after hearing the conversation between the two, he felt that the Barbarians were doing something that would shock the world.

To be more precise, they were not just shocked. If this matter was known to the world, it did not matter whether they were related to this matter or not, they would come over and spit on them.

But for some reason, Gu Muyin actually felt a trace of excitement.

After the two finished talking, he joined in.

As the conversation gradually deepened, Gu Muyin left. Before he left, he thought about the Great Warlock's words.

"There are nine Saints in the human world. There are also nine in the Bizarre Demon City and the Bizarre Human City. In total, there are twenty-seven."

"Now that one of us has died in the human world, we have shown weakness. We should look at the bigger picture."

"With our current strength, we can still hold on for a year. Then let's hold on for a year and fight for a year."

Gu Muyin thought as he walked. He almost ran into a barbarian who was passing by.

After he went around, he continued thinking until he returned to his room.

Sitting on the chair, Gu Muyin licked his lips and thought excitedly, "One year, one year of bloody battles, and all of them died!"

The Barbarians had retaliated!

It came suddenly and without warning.

Originally, the Great Chu had already surrounded them and was prepared to cut off all their supplies. However, all of a sudden, all the barbarians began to counterattack.

This was an unexpected battle, but both sides quickly threw themselves into it, and time began to drag on.

On this land of the barbarians, every piece of land was soaked in blood. The soldiers were shouting and killing, constantly charging together.

This battle lasted for nearly a year.

A year later, on the battlefield.

At this moment, ninety percent of the barbarians were gone. There were mountains of corpses and seas of blood everywhere.

King Sheng You sat in the tent and looked at the supreme tribe not far away.

There was no one there.

For some reason, it was empty.

Logically speaking, the three Saint Realm experts of the Barbarian Race should have started to take action at this time, even if it meant a life-and-death struggle.

However, the result was completely different.

They allowed their clansmen to die, leaving only one person, a familiar person, standing in the mountains of corpses and blood with a smile on his face.

Gu Muyin!

They were both soldiers, but now that the barbarians were all gone, Gu Muyin's aura had already fallen to the bottom.

King Sheng You didn't sense the presence of the other two Saint Realm masters. He frowned and walked out of the tent.

"Where are the others?"

After arriving in front of Gumu Yin and seeing that this ninth-grade Saint was about to pass away, King Sheng You was too lazy to say anything humiliating.

Gu Muyin raised his head and looked straight at King Sheng You with his dim eyes. "People... It's gone!"

Even though his strength had fallen to the bottom, there was still excitement in Gu Muyin's eyes, as if he was doing something earth-shattering.

King Sheng You frowned even more. He wanted to ask something, but before he could, Gu Muyin suddenly moved.

"Boom!"

A loud explosion sounded out as Gu Muyin's chest collapsed and he died.

There was one more Saint in the world.

When King Sheng You saw this, he turned his head and said, "The leader and the Great Magus have disappeared, and Gu Muyin is dead. Send him back to the capital and tell His Majesty to be on guard."

"Yes, sir!"

A general at the side replied.

"Back to the barracks!" King Sheng You turned around and led his soldiers.

Beijing.

A letter reached the capital and landed in the hands of the Chu Emperor.

The Chu Emperor glanced at it and handed the letter to Eunuch Wei, who was beside him. "The Barbarians are gone, but the leader and the Grand Warlock are still alive."

Eunuch Wei finished reading the entire letter and said, "There are many suspicious points. Why did they send their clansmen to their deaths? Why did these two people run away again, and only Gu Muyin stayed?"

The Chu Emperor shook his head and said, "I don't know about the rest, but Gu Muyin stayed behind to fight against King Sheng You and buy time for those two people. Now it seems that those two people are more important."

Originally, this was something worth celebrating, but now, these two people had become a worry in his heart. If he did not find them and get rid of them, it would be like putting a nail beside him.

However, Saint Realm masters were the top masters in this world. It was difficult to find them if they wanted to hide.

The Chu Emperor had a headache. He didn't want to talk about this first. Since he had already defeated them, then it was time to deal with the rest."

"Oh right, Xu Bai needs to participate in the follow-up matters. After all, it involves the fief. How is he doing now?"

Hearing this, Eunuch Wei's forehead was full of black lines as he said, "That guy, in the past year, he has been extravagant."

## Chapter 819: Xu Bai's Breakthrough (1)

When the Chu Emperor heard this, he was just about to casually take out a booklet to read, but in the next second, he was stunned on the spot.

"Extravagant? What do you mean by that?"

He thought he would hear another answer, but he never expected it to be this one, so he couldn't figure it out.

Eunuch Wei sighed and said, "Isn't it luxurious? With two beauties accompanying me and someone sending me food and drink every day, I barely stepped out of the royal treasury for a whole year. Even I feel that it's luxurious. . . ."

The corners of the Chu Emperor's mouth twitched."

"He's still a child at his age," Eunuch Wei said helplessly. "It's only right for him to indulge a little."

"I recently went to the royal treasury and found that he has gained a little weight."

"Indulgence is indulgence, but at least let him come out of the treasury."

He was speechless.

Ever since Xu Bai had entered the royal treasury, it had been a whole year. It was as if there was a mountain of gold and silver inside. He rarely came out.

Of course, if it were anyone else, they probably wouldn't want to come out either.

Food and drinks were delivered to the place, and there were two beauties accompanying him. Who could withstand this?

The Chu Emperor said with a headache, "Don't worry. It's his turn to fight soon. Eunuch Wei, go to the royal treasury and tell them that the barbarians have been conquered. Soon, they will be enfeoffed. It's time for him to give Ninth Brother and Ye Zi a title. . . ."

"Yes, sir!" Eunuch Wei nodded and left.

After Eunuch Wei left, the Chu Emperor placed the memorial in his hand to the side. He leaned back on the chair and looked up at the ceiling. He couldn't help but be in a daze...

The royal treasury.

On the highest floor, books were placed messily.

Xu Bai lay on Ye Zi's lap and squinted as he looked at the book that Ye Zi had raised for him.

Beside him, Chu Ling peeled the fruit and gently put it into Xu Bai's mouth.

After Xu Bai finished eating, he began to peel another fruit.

Ever since Ye Zi came out of seclusion not long ago, Xu Bai had been living like this.

It was difficult to withstand such a test.

But without a doubt, this was a very satisfying thing.

In a year, he had finished reading all the books. This was the last one.

Over the past year, he seemed to be indulging in pleasure, but in fact, he was working almost day and night, and he had very little time to rest.

Even if he was resting, he would do some exercise most of the time.

After persevering for such a long time, the harvest was satisfactory.

The last bit of progress bar was completed and turned into light blue smoke. After it disappeared before his eyes, the latest attribute panel appeared.

[Name: Xu Bai]

[Realm: Transcendental ninth-grade unspecialized.]

[Corpse Control Technique (Transcendence Level 9): Maximum level.]

[Soul Slaying Art (Transcendent Rank-9):[Maximum level.]

” Comprehension: Maximum level.”

Looking at the latest attributes, Xu Bai only wanted to say that a transcendent would come and fight him.

At the bottom of the attribute panel, there was a circle of ellipses. As long as he scrolled down, there would be a dense list of skills. There was no need to go into detail here.

Most of them had already reached Transcendent Rank-9. Now, Xu Bai was almost at the peak of the world.

Of course, he was still far from becoming a saint.

The most ridiculous thing was that after he had studied more than ten Transcendental Rank-9 mental cultivation methods, it only increased by 0.1. He then understood that the gap between Transcendents and Saints was simply ridiculously large.

However, it was not a big problem. He had already turned this place upside down, but he had not seen any mental cultivation method related to becoming a saint. If he could get a saint mental cultivation method, he estimated that he would very likely become a saint.

There were a total of nine Saints in the world, and now there were only seven left. The Emperor of Great Yue State and the deputy leader of the Barbarian Race had died.

Although there weren't many people who could reach the Saint Realm, it was extremely difficult to do so. As a result, no one had reached the Saint Realm in the past year.

Xu Bai thought that as long as he could get a saint book, he would be able to become a saint.

Thinking of this, he climbed up from Ye Zi's thigh and looked at Chu Ling beside him.

"Are there any books about becoming a saint in the palace?"

Chu Ling placed a grape into Xu Bai's mouth and lightly shook her head: "Husband, after becoming a Saint, you can't keep your words."

"What do you mean?" Xu Bai raised his eyebrows."

Originally, he wanted to find a book, but after hearing this sentence, he felt that something was amiss.

Chu Ling revealed a lazy smile." There are nine people who have entered the Saint Plane. However, even without this restriction, to the world's transcendent geniuses, a ninth-grade Transcendent is already the peak."

"If you want to break through the restrictions again, you need the right time, the right place, and the right people. This is why no one has become a saint in this year."

### **Chapter 820: Xu Bai's Breakthrough (2)**

Xu Bai understood. He knew about this as well. It was similar to what was described in the novels in his previous life. It was equivalent to a bottleneck.

However, this thing did not seem to have anything to do with him.

Ever since he had a cheat, bottlenecks were like a layer of paper to him. He could easily pierce through them.

Most importantly, what did Chu Ling mean when she said that the text couldn't be left behind?

Xu Bai asked.

Chu Ling answered while peeling the fruit,"The so-called 'no text can be left behind' means that after you become a Sage, all the secret manuals and traces related to becoming a Sage cannot be left behind."

“My father once did. Whether it was written on paper or left in other places, even if it was left on a palm print, it would be instantly erased.”

Erased?

Xu Bai rubbed his chin and fell into deep thought.

If that was the case, where did his progress bar come from?

“Have you investigated the reason?” Xu Bai asked again.

Chu Ling placed the peeled grapes into Xu Bai’s mouth and shook her head.””Director Mu tried using luck, but there was no reason. It can only be attributed to the rules that have always existed.”

After saying all this, Chu Ling asked curiously.

“Husband, this is all about becoming a Saint. Could it be that your realm has already...”

She didn’t say the rest of her words, but she understood everything.

Beside him, Ye Zi stood up slightly and reached out to massage Xu Bai’s shoulders.

“I believe that husband is already close.”

Xu Bai touched Ye Zi’s little hand and shook his head.””It’s still early.”

If what Chu Ling said was true, then he only had one solution now.

Liver!

Real liver!

He wanted to finish all the extraordinary books.

Even the royal treasury could not be said to be able to store all the books in the world.

In this world, there were still many extraordinary books.

But...

Xu Bai looked at the dozen or so Level Nine Transcendents books that he had exchanged for 0.1. He thought that if he followed this method, it would probably take a very, very long time.

There was definitely a huge dividing line between Extraordinary and Saint. Otherwise, there would not be such a ridiculous 0.1.

Thinking of this, Xu Bai made up his mind.

Since there was no other way for him to do so, he would just do whatever he could.

“Speaking of which, your stomach isn’t bulging either.” After Xu Bai made up his mind, he changed the topic and looked at Chu Ling’s flat stomach.

Chu Ling was slightly stunned, then her face turned red.

Even though she was the ninth princess, in this traditional era, she couldn’t help but feel uneasy when she heard such direct words.

“Maybe... Maybe...”

She might not be able to say a word even after a long time.

At that time, Eunuch Wei had said that she could give birth to a child for Xu Bai, but until now, there was still no news, making Chu Ling feel embarrassed.

“Shh...” “Someone’s coming,” Xu Bai suddenly interrupted.”

Chu Ling and Ye Zi hurriedly sat up straight and heard footsteps.

Eunuch Wei put his hands together and hid them in his sleeves. He walked over from the stairs with a kind expression.

Before Eunuch Wei could say anything, Xu Bai threw the previous question at him.

Eunuch Wei had originally come for official business, but before he could say anything, he was stunned by Xu Bai’s question.

“You... What could a Transcendent who didn’t even have the ability to transcend the mortal realm produce?”

Although Eunuch Wei was confused, he still answered Xu Bai.

Xu Bai understood that he still had to wait for Chu Ling’s strength to increase.

Eunuch Wei continued, “Now that the world has been unified, the next thing to do is to enfeoff the barbarians. When the time comes, it will be your business.””

Our business?

Xu Bai was stunned for a moment before he understood.

During the enfeoffment, the land of the Barbarian Race would be given to Chu Ling to manage.

Chu Ling was considered to have been married by him, so he would have to go to the Barbarian Race as well.

Xu Bai's eyes lit up when he thought of this.

"The things that the Barbarians seized won't be handed over to Great Chu, right?"

Eunuch Wei shook his head and said, "I won't touch any of the treasures on the other side. After all, if we move them all away, it's useless to leave an empty shell."

"However, we have to rebuild a lot of things. At that time, we will specially send people from the industry to build it. We will strive to build it to the brim within three months."

Those who worked in the construction industry were extremely fast. It could be described as the blink of an eye.

Xu Bai didn't care about that. He was more concerned about something else.

"That's good, that's good."

He didn't say anything else, but in Eunuch Wei's eyes, Xu Bai was definitely up to something.

"Sometimes, I can't figure out what you're thinking. What are you thinking?" Eunuch Wei asked.

Xu Bai waved his hand and said, "Nothing, nothing. It's just a small question."

Just now, he thought of something that was extremely important to him.

Now he was stuck, and there was no progress bar for becoming a saint. He could only rely on the progress bar for transcendent and below. It seemed that the Barbarian Race was a very good place.

The things there wouldn't move, so there must be secret manuals there. When the time came, he would just go over and get all the secret manuals. Then, he would work hard inside. Wouldn't that be the end?

Even if it only increased by 0.1 every time, it was enough!

Xu Bai couldn't help but smile when he thought of these things.

Beautiful!

How beautiful!

Eunuch Wei rubbed his forehead when he saw Xu Bai laughing foolishly. "There are still other things that I need you to do."

"What's the matter?" Xu Bai came back to his senses.

"The current Barbarian Race has no treasures and space, but they don't have people." Eunuch Wei explained, "First of all..."

Before he could finish, Chu Ling took it.

"Recruit talents, recruit talents, and all kinds of forces need them to settle in."

An empty shell would not work without people. People were the most fundamental thing.

Eunuch Wei nodded his head in approval. "Aside from the First Prince, you are the most outstanding among your brothers and sisters."

"Oh." Xu Bai hummed in acknowledgment, but his interest was lacking. "It's none of my business."

What he was most interested in now were those secret manuals.

It was much faster than collecting them everywhere.

"When do we start?" Xu Bai asked."

"There's no hurry. I'm just here to announce this to you." "About a month," Eunuch Wei said with a smile. "You have to be prepared."

Xu Bai agreed.

He was already prepared. The progress bar would be useless wherever he went. Moreover, he could still seek peace and quiet there.

Since he had said what he needed to say, Eunuch Wei didn't stay any longer. He turned around and left, leaving the three of them alone.

"Husband, when the time comes, I'll gather the Heavenly Musicians and settle them in the Barbarian Race." Ye Zi laughed lightly and said, "It can also be considered as helping my sister."

Now, Ye Zi had inherited the mantle of a heavenly musician, and her strength had reached the mortal evolution ninth-grade.

There were very few Heavenly Musicians, but Ye Zi was now equivalent to someone who had ascended the throne, so he had a way to contact her.

Chu Ling smiled, "Thank you little sister."

Xu Bai looked left and right in confusion.

The two women were both quick-witted people. When they saw this scene, they turned their gazes over.

"I heard that if I marry two, I'll easily be troubled by the Shuraba," Xu Bai said."

"What is the Asura Arena?" The two women were even more confused.

Xu Bai then remembered that this was a phrase from his previous life, so he explained the general meaning.

Just as he finished explaining, Chu Ling rolled her eyes at Xu Bai.

Since everyone is willing, what is there to fight for?"

Even Ye Zi, who had always been gentle and reasonable, leaned against Xu Bai.

"If the two of us were that kind of people, husband would have long looked down on us."

Xu Bai was speechless.

Alright, it seemed like he was thinking too much.

"Today, it's my turn to serve you." Ye Zi said with a smile.

Chu Ling nodded in agreement.

"Wait!" "Since we don't have to stay in the royal treasury, let's go out and talk." Xu Bai suddenly said."

The progress bar had already run out. There was no point in staying here any longer. It was better to go out and feel comfortable.

“Then let’s go to my mansion.” Chu Ling pulled Xu Bai’s hand and led the way.

The three of them walked side by side and left the royal treasury.

The Barbarians were gone!

This news was like a gust of wind that spread throughout the world in an instant.

Now, the entire world knew that there was only one country, and that was Great Chu.

As for the Great Yue State, it had already been declared as a vassal state.

No matter which side of the martial world it was, they had already changed their perception and completely reversed their previous concepts.

Originally, after the Great Yue State’s Shadow Tower had been destroyed, it had already begun to become chaotic. However, after the Heaven Inspectorate took over, the chaos there was quickly smoothed out.

The changes were happening everywhere, but some people were more sensitive and noticed the differences.

That... He disappeared for a year.

That person was Xu Bai.

From the moment Xu Bai killed the Ninth Grade Saint Emperor, all eyes in the world had been on him.

He thought that it would be an extremely high-profile announcement after that. After all, any expert would do the same thing.

However, he did not expect Xu Bai to disappear without a trace. After entering the capital, he never came out.

For an entire year, there was no trace of Xu Bai in the martial world. Even in various places in Great Chu, there was no trace of Xu Bai.

Time had an obliterating nature. It was very difficult for anything to last long.

As time slowly passed, many people had forgotten Xu Bai. To be precise, they forced themselves to forget him.

As for the reason...It was actually very simple.

None of the geniuses of the younger generation wanted to think about Xu Bai often. Although they had already made a fool of themselves, thinking about this matter every day would also make them feel bad.

However, there were some things that the more one wanted to escape, the more one could not escape.

Just as the entire world was trying to forget Xu Bai, a piece of shocking news suddenly exploded.

Xu Bai was about to marry the princess of Great Chu!

Not only that, the princess of the Great Chu State became the vassal king of the barbarian territory.

The appearance of this news was no different from giving those who wanted to forget Xu Bai a deeper impression.

But more people thought of the stakes involved.

What kind of person was Xu Bai? Now that a famous figure in the world had married the princess of the Great Chu Country, wouldn't it be a powerful alliance?

In addition to the fact that the Barbarian King was the same size as Great Chu, many people could not understand this move.

Everyone was also clear about one thing. They understood that Xu Bai had already been completely bound to the Great Chu Country.

One sentence was enough to conclude.

Others had a powerful background, but Xu Bai's background was a country.

When she was with Xu Bai, the background of others was not called background, but only a back view.

When they thought of this, countless people sighed with emotion. When they thought of this man who was now standing at the peak, they wondered how many praises or private murmurs they had...

## Chapter 822: Xu Bai's Breakthrough (4)

Green Cloud Academy.

Liu Xu was sitting on a chair, flipping through a book in her hands.

On her table and the floor around her were all kinds of books, piled up in a mess.

“Dong dong dong!”

At this moment, there was a knock on the door.

“Enter.” Liu Xu said without even raising her head.

A middle-aged teacher walked in and handed a letter to Liu Xu.

“The news from the capital is related to Xu Bai, who you’ve been paying attention to.”

After saying this, Liu Xu, who had been reading with her head lowered, suddenly raised her head.

“Leave it to me.” Liu Xu took it and did not forget to say, “Thank you, teacher.”

Wang Qingfeng waved his hand.” Don’t mind it, and don’t stand on ceremony. You’re now the acting principal before the principal entered seclusion. We should all listen to you.””

Liu Xu grunted.

Wang Qingfeng also knew that he wanted to read the letter in his hand more. He did not disturb him and left.

After Wang Qingfeng left, Liu Xu opened the letter in her hand.

When she finished reading the contents of the letter, her fair fingers suddenly tightened, and the letter was crumpled by her.

“Marry the princess? Head to the Barbarian Race?”

Her eyes became dull. After a long time, she only came back to her senses when the oil lamp on the table began to flicker.

He hurriedly refilled the oil lamp and almost knocked it over. He looked like he had lost his soul.

After a while, Liu Xu rubbed her face hard to wake herself up.

She put away the letter in her hand, opened the door, walked outside, and found a teacher.

“Inform all the instructors that I have a very important meeting.”

The teacher nodded and left quickly.

Liu Xu went to another room that was specially used for meetings.

After about an hour, all the teachers had gathered here and looked at Liu Xu in unison.

Liu Xu was still wearing her trademark veil. She picked up the letter in her hand and read the contents once before looking around at everyone.

“The opportunity has come.”

Everyone present was stunned, not understanding what he meant.

Liu Xu put down the letter in her hand and slowly said.

“Ever since Prime Minister Wen betrayed the Academy, he did not target the people of the Academy nor make things difficult for the Academy.”

” But it’s never a good thing to live under others for a long time, especially when you’re a student of the Academy and an official in the imperial court. You can imagine how uncomfortable it is to find out that Prime Minister Wen is the leader of all officials.”

“Now, Prince Xu is about to go to the Barbarian Race. They lack everything there, scholars, and even officials.”

Although he did not continue, everyone present was smart and understood.

Some of the instructors were already looking excited.

What did this mean for a region that had a hundred things to be done? It meant that those who had been officials in the past were the first batch of elders!

“I’ve already said so much.” Liu Xu said, “Let’s vote now. Those who agree, please raise your hand. Those who disagree, don’t raise your hand.””

As Liu Xu said this, everyone present raised their hands.

Liu Xu’s proposal was unanimously passed.

“Alright, next, please go back and deal with the details. We’ll check it again when the time comes.”Liu Xu said.

Everyone nodded and started to leave one after another. Only Wang Qingfeng remained where he was.

"Teacher, is there anything else?" Liu Xu asked.

" You are my disciple," Wang Qingfeng said calmly." Now, you have a knot in your heart that needs to be resolved.""

Liu Xu was stunned.

Wang Qingfeng left. He said nothing more and left.

However, Liu Xu was still thinking about what she had just said and did not come back to her senses for a long time.

Titanium Temple.

The black-haired, black-robed No Flower was sitting cross-legged on a black lotus with his eyes closed.

From the black lotus, Buddhist chants came out and gradually gathered in the sky, turning into lines of golden words. The words fell onto the blank paper and were gradually filling up.

At this moment, a crisp voice came from outside the door.

Ah Xiu, who was wearing an ordinary long dress, stumbled in from outside with a piece of paper in his hand.

She shouted as she ran.

"There's news, there's news!"

As he ran too fast, his left foot tripped over his right foot and he crashed into the ground.

No Flower gently waved his hand and opened his eyes.

A black light bloomed from his finger and wrapped around Ah Xiu, supporting her and bringing her to his side.

"Be careful, don't fall."No Flower said with concern.

Ah Xiu nodded vigorously and handed the paper to No Flower."You told me to keep an eye on Xu Bai's situation. Finally, there's news."

No Flower was stunned, but he quickly reacted. He hurriedly took the letter and looked it up and down.

His face was incomparably excited as he clapped his hands vigorously.

"I knew that Almsgiver Xu would be fine!"

Ah Xiu didn't disturb No Flower's happiness. He waited until No Flower had almost calmed down before sitting quietly at the side.

No Flower looked at the letter in his hand and subconsciously twirled his bald head. Only then did he remember that he already had black hair. He smiled helplessly. "Ah Xiu, help me find the host. I want... The day of the Buddhist Sect's revival could begin."

"The barbarians are in the west, and the Buddhist Sect is heading west now. This is definitely an opportunity for us Buddhist Sect."

"It just so happens that Xu Bai and I are close friends. Since he wants to go to the Barbarian Race, I have to help him!"

### **Chapter 823: Xu Bai's Breakthrough (5)**

Ah Xiu nodded dazedly and quickly left.

The current Wu Hua was no longer the little monk from back then. He already had that steadiness and responsibility.

Every place had their own plans. Not only these two forces, but also some other families that Xu Bai had met had their own ideas.

In a new environment, there were many things to do. At this moment, the past was the top spot. Everyone was very clear about this.

Many people were already prepared, but Xu Bai was a little confused.

Beijing.

He stood at the city gate and was prepared to leave with Ye Zi and Chu Ling. However, he did not expect to be stopped by Director Mu before they could leave the city.

Beside Director Mu, Shadow Moon was standing with a smile on her face.

Xu Bai picked his ears and said in disbelief, "Did I hear wrongly?"

"I didn't hear wrongly." Director Mu smiled like an old fox and said, "Shadow Moon will establish the Heaven Inspectorate there and be in charge of the martial world there."

Xu Bai raised his eyebrows and said, "Pardon me for being blunt, but Shadow Moon's strength is still a little low."

Shadow Moon was only at the mortal evolution state, so it didn't seem appropriate for her to be the person in charge.

He was telling the truth this time, and it was for the good of Shadow Moon, so he said it face to face.

Of course, Shadow Moon knew what Xu Bai was thinking, so she didn't blame him. Instead, she explained, "The strong might not be the most suitable, but I am."

Director Mu nodded, apparently agreeing with Shadow Moon. "I'll send a portion of my men and let Shadow Moon be in charge of commanding. When the time comes, it'll be more convenient for us to carry it out."

Since he had already said this, Xu Bai naturally had nothing to say.

After that, he only brought Ye Zi and the other two girls, some of Chu Ling's subordinates, and Qing Xue Qing Mei with him as he traveled to the land of Berserkers.

As for the Heavenly Musicians, they had already set off, but they were not going with them.

There was no danger along the way. After all, the world had been unified, and no one would dare to provoke Prince Xu.

Very smoothly, they arrived at the border.

As soon as he arrived, he met an acquaintance.

King Sheng You was waiting with Chu Yu and the soldiers behind him.

When he saw Xu Bai, he turned around and gave Chu Yu a look.

Chu Yu nodded and walked over slowly. Behind her were dozens of men in white. Each of them carried a long sword on their back.

Xu Bai was especially familiar with one of the men in white—the fisherman Qin Feng.

“Chu Yu will lead the elites of the younger generation of the Ancient Moon Sword Sect to help Prince Xu and Prince Ling rebuild the Barbarian Race!”

Chu Yu stood up straight. The dozens of men in white behind her repeated her words after she finished speaking.

The corners of Xu Bai’s mouth twitched slightly. Just as he was about to speak, he noticed Chu Yu’s unfriendly gaze.

Of course, this gaze was not directed at him, but at Chu Ling who was beside him.

Although he didn’t understand what it meant, he still went forward to exchange a few pleasantries.

The two of them had not seen each other for a long time. They should have exchanged a few more words, but Chu Yu did not pay much attention to him. Instead, she led her men and followed behind him.

“I didn’t provoke her either.” Xu Bai scratched his head in confusion.

On the other side, King Sheng You slowly walked over. Beside him was a young man wearing armor.

Xu Bai greeted him warmly.

King Sheng You replied with the same enthusiasm. Then, he introduced the person beside him.

“This is the First Prince. In the future, he will be in charge of commanding the barbarian soldiers.”

The smile on Xu Bai’s face gradually disappeared. He looked at the person in front of him and narrowed his eyes.

He did not care if there was anyone around as he slowly said.

“Very strong.”

Unlike others, he could sense that the First Prince had already reached the Transcendent level.

Although he wasn’t as powerful as him, he was already a top-notch existence among many young people.

“The First Prince nodded as well.” As expected of Prince Xu. You’re indeed powerful. I’m convinced.”

Xu Bai was speechless.

This thing was different from what he had imagined.

" This trip may seem simple, but rebuilding it is not easy," King Sheng You said." Therefore, we need everyone to work together and not have any ideas.""

Everyone quickly agreed.

Xu Bai was the only one who was more out-of-the-ordinary, and also the most independent one.

After he agreed, he pulled King Sheng You and directly bypassed everyone. He ran to a place and immediately used his Heaven Transformation.

Gold and gray intertwined, producing an extremely terrifying madness.

Even though they were far away, everyone felt flustered and their faces turned pale.

After using the Heaven Changing Shield, Xu Bai stretched out his right hand and rubbed his index finger and middle finger with his thumb, making a gesture of counting money.

"Wangye, since it's already so difficult, why don't you give us some support?"

"Didn't I give you an army?" King You Sheng was stunned."

" My meaning is a long time ago. Is there a good secret book?"Xu Bai continued.

King Sheng You's face darkened. Then, he took out a book and placed it in Xu Bai's hand.

"This was originally for you. Look, this is what you need the most."

Xu Bai lowered his head. When he saw the cover of the book, he was overjoyed.

### **Chapter 824: The Books Are All Mine! (8000) \_1**

A golden progress bar appeared on the book. At the same time, Xu Bai saw that the progress bar was very slow.

This meant that the quality of this book was definitely top notch. Otherwise, the progress bar wouldn't be so slow.

To him, the better the book was, the more time he would have to work on it, but the more benefits he would be able to obtain.

Now that he had obtained a slow progress bar, it was naturally extremely important to him.

This was not the most important thing. The most important thing was the four words on the cover.

The experience of becoming a Saint?

If one were to take it literally, this would be the experience someone had written down after becoming a saint. However, there was a very important point.

As everyone knew, it was impossible for a saint to leave any traces or information in the world. Even if they left it deliberately or accidentally, it would be erased.

The book in front of him contained the experience of becoming a saint. How could it be preserved? It didn't make sense.

He couldn't possibly tell her that it was preserved for special reasons, right?

This was purely a joke.

Xu Bai asked.

After hearing what Xu Bai said, King Shengyou nodded. "You're right. After you become a saint, you won't be able to leave anything behind, so this book isn't a book for you to become a saint, but it will be of great help to you."

Xu Bai frowned, feeling puzzled.

It wasn't a book about becoming a saint, but it had helped him a lot. Why did it have to be labeled as a book about becoming a saint?

"You'll know when you open it." King Sheng You said mysteriously.

Seeing that King Shengyou was keeping him in suspense, Xu Bai subconsciously opened the book in his hand. When he carefully read the small words on the first page, the doubts in his heart were easily solved.

To be more precise, it was a book of saint-level experiences, but it wasn't exactly. If one had to add two words to the book, it would be called the experience of failing to become a saint.

This book recorded the thoughts of all the extraordinary masters who failed to become saints since ancient times. It was not left behind by the saints, but it could be touched.

"I once heard that not long ago, a Transcendent failed to become a Saint and died because of his eagerness for quick success. Why are they still able to leave behind their own insights?"Xu Bai asked.

King Shengyou said,"After the defeat of the chaege, there is indeed a high possibility of death, but there are also some who will not die, so they stayed."

"Actually, these things are actually records. We collected them and finally gathered them into this book."

"Of course, there are still many experiences of failing to become a saint in the world that are kept in the major forces."

Xu Bai understood."

If it was just called the Saint Enlightenment, it would easily cause misunderstandings.

"No." King You Sheng shook his head and said,"You can't add the word 'failure.'"

"Oh?" "What do you mean?" Xu Bai was interested."

King Sheng You's gaze became profound as he slowly said,""Anyone who can reach the ninth grade of the Transcendent Realm must be extremely talented. They are able to leave behind their own insights after failing. They are broad-minded people, so we don't think that they have failed."

Becoming a Saint might seem simple, but only nine people were allowed in the world.

Every time he failed, if he didn't die, it was an experience.

At this level, there was no need to write down the experience. Therefore, the reason for writing down the experience was naturally for others to see.

Every experience was precious. They dared to write it down, not afraid of others reading it, let alone their opponents and peers. It was not just because they were broad-minded.

In other words, if you were competing with your colleagues for the same position, would you lend your notes to others?

Maybe, but most of them wouldn't.

"Then it would be impolite of me to refuse." Xu Bai laughed happily at the Grand Sect.

Just the experience of failing to become a saint was already beneficial to him. Moreover, there was a progress bar. When he settled down, he would definitely finish this book first.

"Alright." King Sheng You turned his head and looked at the sky that Xu Bai had created. He said, "Now I have something really important to talk to you about alone."

Xu Bai put away the book and said nothing, but his meaning was obvious. He was waiting to hear it.

King Sheng You's expression became solemn, no longer as calm as before. "You know that the barbarian leader and the Grand Magus are still alive, right?"

Xu Bai nodded. "I know. I know. You want to ask me. I'm not worried about their revenge. After all, we're going to take over the Barbarians."

"From your answer, I don't think you're worried at all."

"That might not be the case." "I was very worried, but I thought that since you dared to let go, you must have a way to deal with it." Xu Bai said."

King Sheng You waved his hand, and a strong wind came. Soon, a picture appeared on the ground.

Xu Bai took a closer look and found that it was the Barbarian Race's territory. It had been shrunk countless times and was printed on the ground.

"Those two guys escaped." "Director Mu has used his luck to calculate, but he has not been able to calculate their location."

"Originally, if they ran away, it would prove that there would be no more barbarians. But this time, it's different. If you go over, then everything will be uncertain."

"After all, the Barbarian Race is in this state because you killed the Emperor of Great Yue State. Therefore, it is very likely that they will take revenge on you."

## Chapter 825: The Books Are All Mine! (8000) \_2

"If you stay in the capital, you will be safe, but the barbarians are different."

Xu Bai frowned. "Don't tell me you don't have a way to deal with it. I'll go back to the palace right now."

This matter was no joke. The two ninth-grade Saint Realm experts hated him so much that they could not wait to skin him alive.

If he went to the Barbarian Race at this time and was chased by two ninth-grade Saint Realm experts, the chances of him surviving were almost zero.

Unless he became a Saint, there might be a way to deal with him. However, he was only a ninth-grade Transcendent now.

So if there was really no other way, he could only return to Beijing and continue to look at the progress bar.

Although the palace was gone, he could ask someone else for it.

A gentleman would not stand under a dangerous wall. When it was time to leave, he had to leave.

Seeing that Xu Bai was about to return home, Sheng You King hurriedly said, "Don't be anxious. I haven't finished speaking. Since we dare to let you go, we definitely have a way to deal with it."

As he spoke, he pointed at the map on the ground and continued.

"By the time you arrived, the Barbarian Race would have already connected with Great Chu. In other words, not only will their fate be connected, but my brother's dragon energy will also be connected."

"At that time, it will be the same as the Great Chu Country. If a Saint Realm expert wants to come in, he won't be able to hide it no matter how hard he tries."

When Xu Bai heard Sheng You King's explanation, he was naturally assured. However, after hearing it, not only was he not relieved, but his frown deepened.

"Then why are you telling me so much?"

If it could be solved, a simple explanation would be enough. According to Xu Bai's understanding of King Sheng You, King Sheng You was definitely not a dilly-dallying person.

“Don’t worry, I still have a few last words to say.” King You Sheng pointed at a point on the map. “We must build the capital in this location.”

“Look at this location. No matter which region of the Barbarian Race you go to, it’s the furthest. Even a Saint Realm master would need time to reach this location.”

“As long as we find them, I will be able to rush over immediately. Although it won’t be a one-on-two fight, as long as we delay for an hour, the remaining Saint Realm masters will come.”

Xu Bai understood. So after saying so much, he meant that he should not foolishly build the capital close to the border. He had to build it close to Great Chu.

“I’ll tell you.”

“No, the capital has already been built. You still don’t understand what I mean.” King You Sheng said helplessly, “What I mean is that you mustn’t stir up trouble there. If you can avoid going out, try not to stay far away from these places. Otherwise, we won’t be able to make it in time.”

Xu Bai was speechless. “Your Highness, do I look like a fool in front of you? I’m a very serious person.”

What a joke. In the past, he was indeed messing around. Sometimes, he even made things bigger and bigger.

However, his main goal was to find the progress bar. This time, there were progress bars everywhere. Why would he go out?

He couldn’t wait to be there for a year or two and come out again, or even to be able to stay there for a long time.

“Yes, sir!” King You Sheng gave a very definite answer. “Tell me, since you entered this profession, which of the things you have done have not been earth-shattering?”

Xu Bai wanted to retort, but after thinking for a long time, he really couldn’t. It was indeed as the other party had said, and he really seemed to be like this.

“Don’t worry, I definitely won’t mess around.”

Xu Bai had no choice but to promise.

Of course, he felt like he was a general on stage with flags on his back.

King Sheng You didn’t think much of it. Xu Bai had agreed, and he felt a little more at ease. Although he knew it was only a verbal promise, at least it was more stable.

"It's getting late. You guys should hurry up. The construction workers have already started."

The two of them had been talking here for quite a while. They were probably waiting outside. King Shengyou didn't let Xu Bai stay any longer.

Xu Bai nodded, turned around, and waved his hand gently. The surrounding sky changed and disappeared, leaving a group of pale people outside.

Only then did he remember that his Heavenly Change was filled with endless madness and chaos. Although the people outside were not his targets, they would more or less be affected.

"Let's go, let's go!" Xu Bai walked in front of Chu Ling and Ye Zi.

He looked around and realized that the number of people was increasing. Not only were there the soldiers led by the Eldest Prince, but there were also the people from the Ancient Moon Sword Sect who were following behind Chu Yu.

If a place wanted to be rebuilt, the most important thing was people.

Xu Bai knew that this was only a part of it. Once they arrived and completed all the buildings, there would be more people coming.

It was very simple. The first person to eat the crab needed courage, but the first person to eat the delicious meal did not need anything. He just needed to be in time.

Was the Barbarian Race a delicious feast?

Yes!

Not only that, but he also blatantly told everyone that as long as they rushed over quickly and arrived first, they would be the first to join.

The first batch of people to join would definitely receive generous treatment.

That was why everyone was waiting for the moment when the Barbarian Race would recover completely.

Everyone began to rush towards the predetermined location. On the way, Xu Bai told Chu Ling what King Sheng You had told him, and Chu Ling nodded in agreement.

Chapter 826: The Books Are All Mine! (8000) \_3

The sky gradually darkened. They had brought a lot of people with them this time, so they didn't use their fastest speed, so they didn't arrive at the scheduled location until the afternoon.

When Xu Bai saw the magnificent palace in front of him and the houses on both sides of the street, he fell into deep thought.

The palace was not the palace. The palace in this world referred to the vassal king.

“Was this really built in a short period of time?”

He couldn't believe it. Although he knew that people in the construction industry would be very fast, he didn't expect it to be this fast. It was simply unbelievable.

“Husband, there are many people coming this time. Look over there.” Chu Ling held onto Xu Bai's arm and pointed in a direction.

Xu Bai turned his head and looked in that direction. He saw a cloud of dust moving in the distance, and he could even hear the sound of clanging coming from the cloud of dust.

Even without looking, just by listening to the sound, one could tell that it was filled with construction talents who were frantically building.

Damn, this speed, if it was in the era of his previous life, not to mention other things, a lot of big companies would fight for it.

“Let's go in and take a look at the palace.” Xu Bai said with a smile.

These things were just for fun. The palace in front of him was the most important. This palace was built completely according to the style of Great Chu, but there were many major changes in the details.

“We won't be going in. We'll find a place to set up camp and assign some soldiers to guard the palace and the cities.”

The First Prince rejected Xu Bai's invitation and led his soldiers to a place to set up camp.

Chu Yu opened her mouth wide and was about to say that she did not want to go in either when Xu Bai's gaze landed on her. She lowered her head again and did not say anything else.

"Junior Sister, tell me, tell me!"Qin Feng urged from the side," Don't go see the palace. Let's find a place to build our sect. I still have to wait to go fishing. I heard that there are many lakes here.""

Everyone was speechless.

There were all kinds of experts present. No matter how careful you were, you could hear it clearly at this distance. Speaking of which, was fishing really that addictive?

"Let's go and take a look." Chu Yu said softly.

She remembered Xu Bai's gaze just now and couldn't bear to reject him.

When Qin Feng heard these words, he immediately lost his spirit, like a wild grass that was exposed to the sun.

At this moment, a person dressed in ordinary clothes and covered in dust ran over.

"Greetings to Prince Xu, the Ninth Princess, and the other lords."

The person who came was middle-aged and dusty. Even his face was covered in black ash.

"I'm from the Capital's Construction Division. Since everyone has arrived, let me lead everyone in to take a look. I can also introduce the various locations to everyone."

"Alright." Xu Bai nodded in agreement.

Everyone was unfamiliar with the palace, but with a professional guide, they could still remember it clearly.

Then, under the guidance of the architects, Xu Bai and the others toured the entire palace. By the end of the tour, it was already dark.

After finding a place for Chu Yu and the rest to stay, Xu Bai brought Chu Ling and Ye Zi to the most luxurious main hall in the palace.

"How extravagant..." Xu Bai said as he lay on the soft bed.

After walking around today, he felt that there was nothing else but luxury.

“Husband, wipe your face.” Ye Zi held a square handkerchief in her hand and gently wiped Xu Bai’s face.

At the side, Chu Ling had just finished lighting the oil lamp, she pursed her lips and smiled, “I estimate that there will be a month or so. As long as there are enough materials, everything will be built. At that time, we can open the door.”

As she spoke, Chu Ling walked to Xu Bai’s side and sat on the bed to massage his legs.

“I think we need to install some people in the palace first.” Xu Bai stood up.

This palace was too big and there were too few people.

“Don’t worry, husband.” Chu Ling said, “I will do these things well.”

“Yes.” Xu Bai took out a book from his pocket, ready to read it.

Chu Ling pressed Xu Bai’s wrist, “Husband, I told you a few days ago, but you still haven’t replied to me.”

Xu Bai’s mouth twitched.

He wanted to continue reading, so he used this as an excuse to interrupt.

Unexpectedly, even Ye Zi, who was beside Chu Ling, also helped Chu Ling to wrap around Xu Bai’s neck from behind and pressed her face against Xu Bai’s face.

“Even if it is a clan with some background, the maidservant who is sent as a dowry will eventually become a bed companion. Qingxue and Qingmei...”

“Qing Mei may not have those intentions, but Qing Xue does. I know about this.”

Chu Ling said seriously.

Xu Bai had never interacted with Qing Mei, but he had interacted with Qing Xue. The two of them had even experienced life and death together.

Now that he heard Chu Ling say it, he only felt a headache.

“I told you, we’ll talk about it in the future.” Xu Bai’s expression gradually became stern.

With Xu Bai’s action, Chu Ling didn’t dare to continue speaking and could only sigh.

Xu Bai decided to pick up the book and continue reading.

However, he did not expect Ye Zi, who was behind him, to be disobedient.

"Husband, we just arrived at this place and you only pay attention to reading. Could it be that Chu Ling and I are not as good as reading?" Ye Zi's gentle voice came from beside her ear, carrying a gentle breath.

Xu Bai sighed silently and threw the book aside.

I'm not reading anymore. How can a book be as good looking as a beauty?

### **Chapter 827: The Books Are All Mine! (8000) \_4**

It had to be said that the quality of the bed in the palace was quite good. The sound of the bed shaking was very soft...

The next day.

When Xu Bai got up early and accepted the two women's clothes, he went out directly.

Chu Ling and the rest would naturally be in charge of the other matters in the palace. This time, Xu Bai wanted to take a look at Chu Yu first before he went to look for the treasure vault.

The items in the treasure vault were all left untouched. No one dared to touch them. After all, there were already numbers. These construction workers did not dare to take the risk of moving them privately.

All the treasures in the treasure vault belonged to Xu Bai now, and he would not lose them even if they were placed there. He had to meet Chu Yu first.

After all, the other party had already followed you here. It would be rude if you didn't go and meet him.

Moreover, he felt that Chu Yu was not in a good mood yesterday, so he decided to ask her what was going on.

When Xu Bai arrived at Chu Yu and the rest's residence, he saw a young man from the Ancient Moon Sword Sect waiting for him.

“Prince Xu, you’re finally here.” The Ancient Moon Sword Sect disciple cupped his hands and bowed.

Xu Bai looked at the empty room and frowned. “Where are the others? Why are you the only one here?”

The Ancient Moon Sword Sect disciple replied, “Senior Martial Sister Chu has already brought people to find a place to build the sect. She specifically left me alone and said that she would wait for Prince Xu to come and inform him before I leave.”

Xu Bai’s brows furrowed even tighter. This was not Chu Yu’s style.

He had taught Chu Yu for a long time back then, so he knew her personality very well.

Under such circumstances, she should have been waiting for him here. Why did she leave without saying a word? It was as if she did not want to see him.

“Has she been in a bad mood recently?” Xu Bai asked.

The corner of the Gu Yue Sword Sect disciple’s mouth twitched slightly, but he still replied in the end, “Senior Sister is in a good mood.”

“Then why do I feel like she has something against me?” Xu Bai asked curiously.

If she was in a good mood, these strange things would not have happened. Hence, Xu Bai felt that Chu Yu was targeting him alone.

He didn’t provoke her, so why did she suddenly change?

The Ancient Moon Sword Sect disciple said helplessly, “If Prince Xu feels that Senior Sister has a problem with you, you can ask her personally. I’m in a hurry, so I won’t stay any longer. Goodbye.”

After saying that, he didn’t stay any longer. It was as if he was afraid that Xu Bai would ask him a few more questions if he stopped here. He ran away as fast as he could.

Xu Bai watched the man disappear and curled his lips. “What a strange sect. Everyone is strange.”

Of course, he wouldn’t go over to ask now. Since he was still in the palace, he would take a look at the treasure vault on the way.

Thinking of this, Xu Bai rubbed his hands together and looked excited. He followed the location introduced by the Construction Division staff and walked toward the treasure vault.

Soon, he arrived in front of the treasure vault. It was a five-story building, and every floor had all kinds of precious things.

No one was guarding it, and no one dared to move.

In this day and age, it had long been the world of Great Chu. Who would dare to seek death and come here to touch the things here?

Xu Bai pushed open the door and entered. Soon, he was attracted by the first floor, which was full of secret manuals.

All the books inside were low-level secret manuals. He glanced at them briefly and did not stay for long before continuing to walk up.

No matter how small a mosquito was, it was still meat. It was not that he did not want to learn these secret manuals, but he had to thoroughly understand this building before he knew where to start.

He searched floor by floor. When Xu Bai arrived at the highest floor, he realized that it was similar to the treasure vault of the Great Chu Kingdom's imperial palace. The highest floor was filled with the most precious things.

"Yes." Xu Bai picked up a book and glanced at the progress bar. He estimated in his mind, "If I eat all the things here, it will still be very difficult for me to break through to the Saint Realm."

This is just an estimate of his estimation but an estimation of his problem is very big.

If he really wanted to do this, it would take a long time.

"Therefore, we still have to start from here." Xu Bai thought as he took out the Saint Enlightenment manual.

According to the speed of this progress bar, it would probably only take a month to finish.

Xu Bai planned to spend a month to finish reading this book. After all, he felt that it was filled with the experiences of failing to become a saint. Moreover, King Sheng You had specially given it to him, so it was very likely that there was a way to crack it.

It was only a month, not a long time. If he could solve it, it would save him a lot of trouble.

Even if he didn't solve it, he would only spend a month. He wouldn't lose too much, and he would even get a secret manual.

Thinking of this, he had already made up his mind. He didn't leave the treasure vault. He just found a seat and took out the secret manual.

Behind him, the shadow swayed.

Ying Yue walked out from the shadows and said with a grin, "If I didn't know your personality, I would have thought that you were a dull scholar who only hugged a book and read all day."

"Is this your attitude when you see your idol?" Xu Baitou didn't lift his head and continued to look at the book in his hand.

After arriving last night, Ying Yue had already distributed the people she brought around and started to set up a branch of the Heaven Inspectorate.

However, he didn't expect to meet her again today.

"What is an idol?" Ying Yue said in a daze.

Xu Bai put down the book, not intending to explain, and waved at Ying Yue.

Shadow Moon walked over excitedly, wanting to touch Xu Bai again.

### **Chapter 828: The Books Are All Mine! (8000) \_5**

"Stop!" Xu Bai raised his hand and placed it on Ying Yue's forehead. "Let's talk about serious matters first. Think about what I said to you at the city gate. Do you really want to take over the Heaven Inspectorate's branch here?"

Ying Yue's strength was only at the mortal level. In this world where strength was the most important, Xu Bai was worried that she would not be able to take care of this responsibility.

This wasn't looking down on her, it was just seeking truth from facts, and it was for Shadow Moon's own good.

Ying Yue grabbed Xu Bai's arm with both hands and said, "It's fine. I have a way to manage it. Besides, this time I'm helping you."

“Alright, but you must be careful.” Xu Bai said helplessly.”

Since things had come to this point, and Shadow Moon had said that she had done it for him, there was nothing he could say.

Xu Bai added.

“If you encounter anything life-threatening, you must tell me first.”

Ying Yue nodded vigorously, rolling her eyes slightly, and chuckled, “Xu Bai, actually, I came here this time because I really need your help.”

“Oh?” “What is it?” Xu Bai rubbed his chin and asked.”

“Just the manpower my father gave me is still not enough. So, after all the buildings are repaired, I have to recruit people.”

“Then confess.” Xu Bai said.

Shadow Moon moved a small stool and sat beside Xu Bai. “But I’m not as famous as you. When the time comes, many people in the martial arts world will come because of you, so I want to use your name.”

“I’m fine with borrowing my name,” Xu Bai immediately said.” But I have a condition.””

This thing was actually not a big deal. If he wanted to borrow it, so be it. He was not a stingy person, but there had to be a prerequisite.

Ying Yue and Xu Bai had been imprisoned under the Great Yue State for a very long time. She knew very well what Xu Bai was talking about.

Staring at Xu Bai, Ying Yue’s eyes were brimming with tears, looking extremely pitiful.

“Please, I’m begging you...”

“No!” Xu Bai waved his hand forcefully.” I don’t care what the situation is, but if you dare to mention the name Blood Disciple Swordsman, I’ll rip your head off.””

“Just once...”

Xu Bai sneered and didn’t answer.

Shadow Moon was speechless.

Xu Bai was speechless.

Damn it, why was this girl crying?

The two of them were in a stalemate for nearly the time for an incense stick to burn. Finally, Ying Yue left in satisfaction.

“One time!” Xu Bai reminded from behind.

Ying Yue turned her head and made a face before quickly disappearing into the shadows.

After Shadow Moon left, Xu Bai was ready to start reading again.

However, this time, he did not have much time to himself.

“Hmm?”

Xu Bai frowned slightly and put the book away. Then, he turned around and looked at the familiar figure behind him. The corners of his mouth curled up slightly, revealing a smile.

“Long time no see, Abbey Dean Jadeface.”

In front of him, the female Abbey Dean, who was wearing a slanted Taoist crown and a loose Taoist robe that could not hide her curvaceous figure, appeared in the treasury.

“It seems that you have completely found yourself, or rather, you have completely fused.” Xu Bai said with a smile.

The Abbey Dean’s eyes were clear. After hearing Xu Bai’s words, she smiled faintly.

“After the fusion of madness and normalcy, there is no longer any distinction between you and me. It is time for me to return.”

Now, Xu Bai was no longer as powerless as before when facing the female Abbey Dean. In fact, Xu Bai was even stronger than the female Abbey Dean.

This “above” referred to strength and nothing else.

“Why are you looking for me this time?” Xu Bai asked.

The interaction between him and the female Abbey Dean was really a magical thing.

The two of them had interacted with each other due to the Star Shifting Technique. Later on, they gradually became more familiar with each other. They had also met many times in Great Chu.

Xu Bai had no ill intentions towards the female Abbey Dean. After all, he had gotten some progress bars from her.

This time, the female Abbey Dean must have something to do. Otherwise, she wouldn't have come alone to look for him.

The female Abbey Dean bowed slightly and saluted, "I came here this time because I have something to do with Prince Xu."

"Tell me." Xu Bai's interest was immediately piqued when he heard the word 'trading'.

The female Abbey Dean pointed at herself and said, "I want to stay in the treasure vault and read books. I'm already a ninth-grade Transcendent, but I'm still a little short. I want to compete to become a Saint, but the mental cultivation method I created requires me to read a lot of books. You know that."

Xu Bai nodded, indicating that he knew.

Back then, the female Abbey Dean had driven herself crazy because of this mental cultivation method. Now, she had finally recovered. She didn't expect that if she wanted to become a saint, she would have to return to the mental cultivation method.

However, they had already agreed that this was a deal.

Xu Bai said slowly, "Then..." What do you want to trade?"

Friends were friends, business was business, these were two different things.

Since the female Abbey Dean was here for business, she would talk business.

The female Abbey Dean pondered for a moment. "The Taoist sects in the world will split into three parts and enter the land of the barbarians. How about that?" she asked."

Xu Bai raised his eyebrows.

He didn't say anything. He felt that it wasn't enough.

At that time, a lot of sects and forces would be stationed here. To be honest, Xu Bai didn't think this was a deal.

The female Abbey Dean seemed to know that these things were not enough, so she added, "In addition to this..."

Chapter 829: Digging Out a Ruins (1)

As she spoke, the Abbey Dean undid her robe.

Of course, that didn't happen. The Abbey Dean took out a book from her pocket and handed it over.

This book looked very old. The cover of the book was already blurry. The words on it were faint, but they were still unclear.

"I know that you have already reached the ninth level of the Transcendent Realm and are only one step away from becoming a Saint. However, this final step is like the difference between heaven and earth for any ninth level Transcendent expert." The female abbot said.

"Perhaps if I take a step out, I will be able to climb the Blue Cloud Staircase and soar 90,000 miles."

"But if you take a single step, you will fall off a cliff and be crushed into pieces."

"This book can help you."

Xu Bai took the book. He couldn't see anything from the cover because the words on it were almost gone. However, there was a golden progress bar on the book.

"Open it and take a look." The female Abbey Dean said confidently.

It seemed that as long as Xu Bai opened the door, he would agree to her request.

Xu Bai pondered for a moment and carefully flipped to the first page.

He had no choice. He couldn't be too careful. This book looked like it was about to turn into a pile of fragments at any moment.

As the first page opened, Xu Bai read the contents and quickly put the book away.

"Deal!"

It was just two simple words, but it meant that Xu Bai had agreed to this deal.

If it was just an ordinary secret book, even if it was a supernatural secret book, Xu Bai might not agree to it. However, this book was different.

It was very similar to the book that King Sheng You had given him. It was also a book about the experiences of failing to become a saint.

The record given by King Sheng You was rather messy, but this one recorded in detail the failure records of many senior experts of Dao Sect.

"If you can give such an important thing, will the people of Dao Sect agree?" Xu Bai asked.

Not long ago, they had talked about the ascension of the king. Xu Bai knew what to do. There must be more of this thing, and it was protected by every faction as if it was a treasure.

After all, this kind of thing would definitely be fought over by people, especially those Transcendent experts.

"One-third of the Daoists in the world have agreed." "After all, there are only a few ninth grade Transcendent experts in the entire Dao Sect. I'm one of them." The female Abbey Dean smiled.

Don't look at how easy it was for Xu Bai to reach the ninth-grade Transcendental Realm. In fact, ninth-grade Transcendents were especially rare.

There were only a hundred or so Transcendent experts in the world. Many of these Transcendent experts had yet to reach the Ninth Grade Transcendent Realm. Those who had truly reached the Ninth Grade Transcendent Realm were extremely rare.

"Then this matter has been decided." Xu Bai clapped his hands and confirmed his idea.

The land of the Barbarian Race belonged to the Ninth Princess, and the Ninth Princess belonged to him.

The Abbey Dean heaved a sigh of relief.

"You seem very nervous." Xu Bai rubbed his chin. He had seen the female Abbey Dean's action just now.

"Ha, how can the current Prince Xu not make people nervous?" The female Abbey Dean mocked herself.

"All the ninth grade Transcendents are under pressure from you now."

Xu Bai muttered to himself, "I don't think it's necessary for me to do so. Although I'm already a ninth-grade transcendent, I won't beat them up."

Female Abbey Dean:

Damn it, I'm not even talking about fighting with you now. Why did you suddenly say that you didn't fight them? Could it be that you once had this idea, but you dismissed it later?

She now had a deep suspicion that Xu Bai was either fighting or on his way to fight every day.

Of course, in order to correct Xu Bai's misconception, the female Abbey Dean told him about the incident.

"There are only two positions left to enter the Saint Plane. Therefore, it is a very stressful matter for all the Transcendent experts in the world to fight for it."

"With you, the pressure is even greater. After all, ever since you entered this industry, you've been soaring all the way up, so everyone's pressure is even greater."

"I see." Xu Bai rubbed his forehead."

Reality proved that he was indeed thinking too much. It turned out that they were all afraid that he would fight for the position.

However...He had already reached this level of strength. If one day he accidentally really won, then he could only let the others pray for their own good.

"I can't chat anymore. I have to hurry up." The female Abbey Dean stopped talking to Xu Bai. She found a corner, took out a book, and began to read it carefully.

Every minute and every second was extremely tense for the Transcendent experts. They wished they could split the time bit by bit and use it bit by bit.

Seeing that the female Abbey Dean had gone off to read, Xu Bai also felt bored. He took out the saint-level insights that King Sheng You had given him and continued to work hard.

Time slowly passed. In the blink of an eye, five to six days had passed.

It seemed like only five or six days, but to the construction talents of the Construction Division, they had already completed many buildings in these five or six days.

During this period of time, Chu Ling had been recruiting people. The people she recruited were all people from the palace, and a portion of these people were recruited from Great Chu.

Xu Bai had said that the palace was still a little deserted and there were too few people.

He had only said it casually, but he did not expect Chu Ling to remember it in her heart, so he specially recruited the people in the palace first.

As for those people from the martial world, they had yet to arrive. Perhaps they had already arrived, but they did not appear.

This was a very simple principle. The host hadn't even opened the door, and you, the guests, wanted to barge into the house. This was too disrespectful to the host.

## **I Have Unparalleled Comprehension #Chapter 830: Digging Out a Ruins (2) - Read I Have Unparalleled Comprehension Chapter 830: Digging Out a Ruins (2)**

Chapter 830: Digging Out a Ruins (2)

Moreover, this master's fist was very hard.

So everyone was waiting, waiting for the door to open.

At this moment, a hundred miles away from the palace, the Construction Division was busy building.

As long as they were given enough materials, the buildings here would rise from the ground.

Kong Meng was the person in charge this time. He was watching his subordinates work.

He held the blueprint in his hand and looked over. He estimated how long it would take for the construction to be completed.

His Majesty had given them a very short time to complete the project, so they had been working day and night. According to Kong Meng's estimation, they would be done very soon.

"Hu..." Thinking of this, he heaved a sigh of relief.

"Once it's done, we can return to the capital to report."

To be honest, the Emperor of Great Chu treated his people very well, and he was also very good to his officials. Therefore, even if they did not complete the mission on time, as long as there was a reason, the Emperor would not blame them.

But Kong Meng was nervous.

If it was any other project, he would have no problem with it. But this was the palace, and most importantly, it was related to Xu Bai's palace.

The legends in the martial world had always been more and more ridiculous. Now, the various legends about Xu Bai had reached a very special level of absurdity.

Vicious and merciless was no longer enough to describe Xu Bai. Xu Bai had already been passed down as a terrifying synonym in the martial world.

Kong Meng was scared...

If he couldn't finish the work here and Prince Xu blamed him, he wouldn't be as easy to talk to as His Majesty. He didn't know if he could keep his head.

Seeing that the project could be completed smoothly, he finally relaxed a little.

However, sometimes, the more you didn't want to, the more things had to develop in the direction that you didn't want to.

A gust of wind blew past, and Kong Meng heard a scream not far away.

“Did something happen?”

After hearing this scream, his heart creaked. He hurriedly put away the blueprint and ran to the place where the scream came from.

When he saw what appeared in front of him, he was stunned on the spot.

There was a huge pit in front of them, as if something had exploded. There was a person covered in blood in the pit, screaming in pain.

A few of his colleagues carried the man out. After checking, they found that he was only injured and did not pose a threat to his life.

It was dangerous to do this for them.

Kong Meng was just about to comfort his injured colleague and let him rest first, but he did not expect that when he subconsciously looked at the huge pit, he was stunned on the spot.

The pit was empty, but the air above the pit was constantly twisting, as if there was a high temperature burning below.

“Twisted air.” And this familiar feeling...Not good!” Kong Meng reacted, and his expression changed.

“Hurry up! Stay far away from here. This is the ruins that are about to open!”

“Leave quickly and send someone to the palace to find the princess and inform her of what happened here!”

Kong Meng had entered the ruins before, and it was also by chance that he had entered, so he was very familiar with this feeling.

He did not expect to encounter a ruin that was about to open.

The remains were very dangerous. The people there did not know that they were dead and were still living according to their usual rules. It was very likely that they would turn into Deities.

In order to ensure the safety of his colleagues, he had to evacuate as soon as possible.

After all, this was no longer something he could take responsibility for. He had to report it.

A few of his colleagues ran away as if they were flying. One of them rushed straight to the palace.

In the palace.

Chu Ling was holding a pen in her hand, writing and drawing on a book.

Beside Chu Ling, Ye Zi was also writing.

Taking advantage of the gap between her writing, Chu Ling smiled and said.

“I didn’t expect my sister to have such potential in management.”

After coming here, Xu Bai spent all his time in the treasury.

As for the follow-up operation, Chu Ling thought that she was the only one, but she did not expect Ye Zi to be proficient in this.

“When I was in the Ye family, I had to look at everything. I looked at a lot of things, so I naturally concluded.”Ye Zi smiled.

Chu Ling lightly smiled. Although she didn't say anything, she was very clear in her heart.

The person in front of him was actually very smart, but she was willing to play dumb in front of her husband.

However, it was precisely because of this that he was the smartest.

"Sister, after everything is completed, what realm will you reach?" Ye Zi rested for a while and asked curiously.

Chu Ling was currently walking on the path of an emperor, and this profession was related to the region that he was in charge of.

The better the region, the better the management, and the stronger they would be.

There were no restrictions in this profession, but there was also the biggest restriction. It was whether the current Great Chu was willing to let you go.

Thus, Chu Ling could leave, but others couldn't.

Otherwise, one day, he would run to a place and say that he wanted to walk the path of an emperor. At that time, what he would be waiting for would be the soldiers of Great Chu.

No one would have the brain to take this path.

When Chu Ling heard this, she pondered for a moment and said, "I'll probably just become an Extraordinary, but it's already very beneficial to me. My lifespan will also be extended."

"As the fief gets better and better, my strength will also steadily increase."

She was also a smart woman. She would not hide anything and her answers were sincere.

"That's good." Ye Zi smiled. "After the mortal evolution state, I can give birth to children for you."

of their level, everyone pursued a good appetite.

He moved very quickly and had no intention of speaking, as if this trip was just for dinner.

The Ninth Princess looked at the man who only knew how to eat, and her eyes lit up.

This man had killed a ninth-grade Saint Realm expert as a first-grade Transcendent.

Now, the entire world knew him.

As long as his name was mentioned, it would attract countless praises and admiration. There would even be countless people who took him as their role model.

The Ninth Princess had never expected that Xu Bai, who was once born in a humble family, had now reached a position that even she could not reach.

However, she was also very glad that she did not become enemies with Xu Bai back then, which was why today's situation had happened.

"In this world, only you are worthy of me." the Ninth Princess suddenly said.

### **Chapter 831: Digging Out a Ruins (3)**

Chu Ling nodded slightly when she heard this.

Now, there were only the two of them, and they were talking about private matters. There was nothing to worry about.

The two of them chatted while writing. At this moment, a palace maid hurriedly ran in.

"Princess, someone from the Construction Division came over and said that during the construction process, they discovered a ruin."

Chu Ling put down her pen, her long and thin eyebrows creasing.

Ruins?

She thought it was something else, but she didn't expect it to be this.

"I understand. Tell the architects to leave first. Don't go over to avoid any losses. I'll go take a look later."

The palace maid replied and left with her head lowered.

After the palace maid left, Ye Zi also had a solemn expression.

The ruins were very dangerous. Everyone knew this, but that was not the most important thing. What was important was that there were all kinds of resources inside.

Moreover, it was different from the past. Various factions were paying attention to this side, and now that the ruins had appeared, the various factions would probably appear in advance, right?

After all, the appearance of the ruins would definitely attract everyone's attention.

"Go ask husband." Ye Zi said.

For now, he had to see what Xu Bai was thinking. He couldn't do anything about it.

Chu Ling nodded and put down the pen in her hand, "Little sister, come with me."

Ye Zi agreed.

The two of them walked together towards the Treasure House.

In the treasury.

Xu Bai was looking at the progress bar with the help of the light outside the window.

Not far away, the female Abbey Dean was also reading a book. The two of them did not disturb each other and did not say anything to each other.

It had been a few days since Xu Bai went to look for Chu Ling and Ye Zi.

The two of them had been here a few times and knew that the female Abbey Dean was here, so they didn't say anything.

Right now, Xu Bai could only see the progress bar. He was completely immersed in it.

The progress of this book was very slow, but Xu Bai was willing to do it.

At this moment, light footsteps came from the stairs. Xu Bai put down the book in his hand and looked over subconsciously. He saw Ye Zi and Chu Ling walking over hand in hand.

His gaze paused on Chu Ling and Ye Zi's faces for a moment and discovered that the two of them had their brows tightly furrowed, as if they had encountered something.

"What's wrong?" Xu Bai folded the book and placed it on the table.

Beside him, the female Abbey Dean didn't care about him. She was reading a book.

Chu Ling glanced at the female Abbey Dean and said, "Husband, when the people from the Construction Division were building the house, the ruins suddenly appeared. They were not sure, so they told me. I thought that you had been to the ruins once, so I wanted to ask if there was any danger."

Ruins?

Xu Bai replied with an 'oh' and instantly lost interest. "There's no danger, as long as no one gets close. After a period of time, the ruins will naturally disappear and be rebuilt."

If he had encountered the ruins in the past, he would still be interested, but now he was really not interested.

He had already attained the strength of an extraordinary ninth-grade expert. Now, he only wanted to finish the hearts of these people who had failed to enter the Saint Realm and see if there was a chance to enter the Saint Realm.

If he became a Saint Realm master, everything could be postponed. If he didn't, these things wouldn't arouse his interest.

He knew what was more important.

There were indeed many secrets in the ruins. There were even many progress bars, including the reasons for the depletion of resources. It was very likely that they were also in there.

However, he really did not lack a progress bar. What he lacked was time, so he did not want to go.

Moreover, these ruins only appeared for a short period of time. As long as time passed, they would naturally disappear.

"Husband, what we mean is that the eyes of the entire world are focused on this place." Ye Zi said that he had come.

"The ruin suddenly appeared, so we must have discovered it. If we just surround it and let it slowly disappear, those forces will think that we're keeping it to ourselves."

"So if these forces need resources, we can let them enter the ruins."

Xu Bai stroked his chin and pondered for a moment.

The surroundings quieted down. No one spoke anymore. The two women were waiting for Xu Bai's reply.

After about half an incense stick of time, Xu Bai finally put down his hand.

“Once there are too many people, it’s not easy to control.”

To be honest, even if they were willing to go to the ruins, there were still some risks with so many people.

There were still many things that had not been perfected yet, so this was not the right time.

It was better to be cautious.

Chu Ling thought for a while and said, “Then let’s do as husband says.”

“I thought you would refute my words.” Xu Bai laughed.

Chu Ling shook her head, “No, Chu Ling is already husband’s subordinate, so naturally, husband will be the leader.”

The female leader, who was reading at the side, suddenly raised her head and glanced over. She let out a long sound of disgust.

When Xu Bai’s gaze landed on her, she turned around and continued reading the book in her hand.

“Open it up.” Xu Bai said.

Chu Ling was slightly startled, “But at the beginning, didn’t husband say that he was afraid that he couldn’t control it well?”

Xu Bai’s gaze gradually deepened. “Isn’t there still a branch of Shadow Moon’s Heaven Inspectorate? Let’s leave it to her. We can see her strength.”

“If she can’t handle the matter here, I’ll take action. After all, this place isn’t far from the ruins.”

Before they arrived, Director Mu had said that Shadow Moon’s management ability was outstanding and that she was fully qualified for this position. So, this was a test for Shadow Moon.

## Chapter 832: Excavating a Ruins

“Husband, you are protecting Ying Yue.” Ye Zi seemed to have figured out Xu Bai’s thoughts.

“Smart.” Xu Bai patted Ye Zi’s head.” I’ve told her before that strength is the most fundamental. If one’s strength is not sufficient, accepting this position will bring trouble. If one can’t even handle this matter well, then Chu Ling will use your authority in this fief to remove her.”

“After all, if we can’t even handle this matter well, it will be even more dangerous if we encounter other things.”

After hearing what Xu Bai said, Chu Ling understood Xu Bai’s intentions and agreed.

“Alright, you guys go first. I still have to read some books.”Xu Bai said.

The two women knew that Xu Bai was busy with business, so they didn’t pester him and turned to leave.

The room fell silent again. Xu Bai picked up the book and continued to look at the progress bar.

Soon, the forces lurking in the surroundings knew about the appearance of the ruins not far from the palace.

Ruins had always been an important resource, so most forces had their eyes on this place.

However, they didn’t do anything. After all, they were in their territory. If the host didn’t say anything, they couldn’t act rashly. Otherwise, they would offend the host.

Time gradually passed. In the blink of an eye, it was the next morning. The ruins still existed.

Just as everyone thought that this place would disappear, a piece of news came from the palace, making everyone's hearts skip a beat.

"The ruins are open to the public, and people from all major powers are welcome to enter."

Other than allowing everyone to enter, there was another meaning to this sentence. It meant that they were all willing and were responsible for their own lives.

As soon as this news spread, all the forces moved. They appeared from their hidden places and gathered around the ruins.

At this moment, in the palace treasury.

The female Abbey Dean took a sip of tea."

Xu Bai shook his head."

Although he said that, with his current strength of a ninth-grade Transcendent, his divine soul had long enveloped that place.

If there was something that Shadow Moon couldn't handle, it wouldn't be too late for him to take action.

Seeing this, the female Abbey Dean knew that Xu Bai had no intention of speaking, so she stopped talking and continued reading.

At the ruins.

Chu Ling and Ye Zi were dressed luxuriously as they came together, attracting everyone's gaze.

"Greetings to Ling Wang!"

All the forces present bowed and saluted, their voices shaking the sky.

There were dozens of forces gathered here, and there were more than a thousand people. It was a dark place with no end in sight, but there was a path left in the middle for Chu Ling, Ye Zi, and some soldiers to pass through.

Chu Ling's gaze swept back and forth, and saw a few major powers with unique characteristics.

First of all, there were the Academy disciples who were dressed as scholars. These people were very eye-catching among this group of forces.

Standing in front was a woman wearing a veil. Although Chu Ling had never seen this woman before, she knew that the reason was because of Xu Bai.

"Liu Xu, is it..." Chu Ling calculated in her heart, but no one knew what she was thinking.

There was another faction that was all bald, but the leader was a young man in black clothes and black hair.

These two forces were extremely close, and clearly had a deep friendship.

“The new talent of the Buddhist Sect, Wu Hua, who is currently in the limelight, seems to have a deep relationship with you.” Chu Ling thought again.

The last person with a unique characteristic was a Taoist dressed in the same Taoist attire.

Needless to say, Chu Ling knew that this was brought by the female Abbey Dean.

Other than that, there were some more chaotic forces, some from the various large families, and some sects.

“The biggest forces that came have a deep relationship with you. It seems that they are very likely to give you face.” Chu Ling thought in her heart.

At the side, Ye Zi stretched out her hand and lightly touched Chu Ling, causing her to regain her senses, indicating that they could begin.

Following that, Chu Ling started to speak. Most of what she said were some rules, such as how to send people in, or things like life and death were up to fate.

In any case, the general meaning was that you guys should discuss the matter yourself. Then, whatever happens has nothing to do with us.

Everyone nodded repeatedly.

This was the rule. This was how the ruins were.

If you want to fight, you have to be prepared to die.

In the dark, Ying Yue led her men and hid in the surroundings, ensuring that nothing unexpected would happen on this trip.

Finally, after Chu Ling finished speaking, everyone brought their men and headed towards the ruins.

Before they came, they must have arranged for someone to enter.

The various factions took turns to enter, and only stopped when the number of people in the ruins reached the upper limit.

Beside them, the servant girl found a chair for Chu Ling and Ye Zi to sit on.

Since this was the first incident, they naturally had to stay here and guard.

This time, not only was Xu Bai testing Ying Yue, Chu Ling also thought that Xu Bai was testing her.

Therefore, she even asked her brother to lead a team of soldiers and horses to hide outside to ensure that nothing would go wrong. At the very least, they would ensure that there would not be too many problems outside the ruins.

Reality proved that some things were not as complicated as they seemed.

This was a fief, and the famous Prince Xu lived here. He was now a ninth grade Transcendent expert.

No one dared to cause trouble here. Whoever dared to cause trouble would probably have their heads pulled off.

The surroundings were silent. The servant girl brought out another table. Chu Ling and Ye Zi took out a few memorials and began to write various development plans on them.

### **Chapter 833: Digging Out the Ruins of the Bodi-Clan (8000)**

Since he had nothing to do, he might as well do something.

At this moment, Wu Hua and Liu Xu, who were standing below, looked at each other and silently walked out towards Chu Ling and the others.

“Stop!”

The soldiers guarding the side held their weapons and stopped the two of them, shouting loudly.

"There's no need to stop them. Their relationship with husband isn't shallow, so they must have something important to discuss." Chu Ling waved her hand and ordered these soldiers to retreat.

After receiving the order, the soldiers put away their weapons and returned to their original positions.

Wu Hua and Liu Xu walked up and bowed. Liu Xu didn't say anything, but Wu Hua spoke for her.

"Ling Wang, I wonder where Almsgiver Xu is. The ruins have already been opened, but why is there no trace of him?"

"Husband is reading in the treasure vault and is unwilling to come here." Chu Ling replied.

After hearing this, No Flower paused for a moment." After the ruins are over, can we enter the palace and meet Almsgiver Xu?"

"Of course. You have a good relationship with my husband. You can go anytime. I believe my husband wants to see you too." Chu Ling said.

No Flower didn't say anything more, bowed and left.

Liu Xu also turned around and prepared to leave.

Chu Ling didn't stop him and didn't say anything else as she continued to write with her head lowered.

This scene was seen by the forces present. They looked at him enviously and whispered among themselves.

"Sigh, if I had known that Prince Xu had such potential, I would have tried my best to speak a few words to Prince Xu and get to know him."

"Forget it. If we knew, we would run faster than you."

"Indeed. When Prince Xu was humble, these two forces had already thrown out their goodwill, so this is what they deserve."

The discussion was very quiet, but everyone present could hear it.

They were so jealous that their teeth were about to collapse.

But sometimes, it was just a coincidence. Just look at the Academy and the Buddhist League. If they wanted to meet them, they could meet them easily.

However, if it were him, he would have been captured before he could even get close to Lord Xu.

What was this called? This was the difference.

Back when Prince Xu was born in a humble place, he had already laid a strong foundation with the two forces. Now that Prince Xu had ascended to the heavens in one step, they naturally enjoyed the same happiness.

There was nothing they could do about it. Other than being envious, the other forces did not say anything else.

The air in the ruins was still distorted. On the other side, in the treasure vault, Xu Bai was reading the book in his hand with a frown.

The progress bar was still there, and it was moving slowly. However, when Xu Bai saw the content on it, he felt a little puzzled.

He wasn't reading the boring liver purity bar. When he was in the liver, he read this book as if it was a novel, so he used it to pass time.

There was something fishy about the contents.

To be precise, it was not that there was something strange, but that there was something suspicious.

All the books were about the experiences of failing to become a saint. Xu Bai read them and summarized some of his experiences. He also categorized some of them.

Today, this category was very normal, but there was one category that made him fall into doubt.

There was a profession in this sect, or more accurately, a eunuch profession.

Didn't they say that eunuchs could never become saints in their entire lives?

Even if one had half a foot in the Saint Plane, the other half would never be able to.

But why was there the experience of failing to become a saint here?

If he failed, it proved that he had a chance to become a Saint Warrior.

Xu Bai couldn't figure it out. He looked at the female Abbey Dean beside him and asked.

The female Abbey Dean was reading a book. After hearing Xu Bai's words, she put down the book in her hand and asked in confusion, "Impossible. Since ancient times, it has never been possible for eunuchs to become saints. It's not even possible."

"So you don't know the reason?" Xu Bai narrowed his eyes.

He had hoped that the female Abbey Dean would give him an explanation, but she gave him the same answer as he did.

"You got this book from King Sheng You. He must have read it. Why don't you ask him?" The female Abbey Dean asked curiously.

Even she would be curious about such a secret.

Xu Bai shook his head. "Now that the relic has opened, I won't go for the time being. Anyway, let's take a look first."

The relic had opened, and he still had to stay here, so he did not want to go over for the time being. Moreover, he was busy with the progress bar.

Xu Bai had a thought in his mind. This suspicious point was very likely that even the King of Ascending Underworld did not know. Otherwise, he would definitely tell him.

After all, he wanted to read this book. This book was given to him by him. When he saw the contents here, he would definitely have doubts and would go over to ask him. There was no need to do so much.

Therefore, Xu Bai did not want to ask for the time being. There was another reason. After he finished reading the progress bar, he might have an answer.

At the thought of this, he continued to work hard. His divine soul still enveloped the ruins and did not find anything unusual.

Time gradually passed. In the blink of an eye, the sky gradually darkened.

The Abbey Dean lit the oil lamp and sat back down to read.

Xu Bai also used the oil lamp to check the progress bar.

He thought that tonight would pass peacefully again. However, a gust of wind blew past and Xu Bai heard a voice.

## **I Have Unparalleled Comprehension #Chapter 834: Liu Qingfeng Awakens - Read I Have Unparalleled Comprehension Chapter 834: Liu Qingfeng Awakens**

## Chapter 834: Liu Qingfeng Awakens

“Hmm?”

Xu Bai put down the book in his hand, looked around in confusion, and poked his ear.

“Just now... Did you hear anything?”

The question was directed at the female Abbey Dean, who was reading a book with great interest. When she heard Xu Bai’s question, she raised her head in confusion and listened carefully. She shook her head, indicating that she didn’t hear him.

“It’s very quiet here. Other than the two of us, there’s no one else. I didn’t hear any other sounds.”

Both of them were Transcendents of the ninth grade, and they were few and far between in this world. In this situation, it was too difficult to hide from their eyes.

However, Xu Bai heard it, but the female Abbey Dean didn’t. There was something going on.

Xu Bai thought to himself. At the same time, he scanned the entire palace and the ruins with his soul. He didn’t find anything unusual.

If someone could play tricks under his divine soul, their strength would definitely surpass his. However, in this world, except for those Saint Realm masters, it was impossible for anyone to escape his divine soul.

They couldn’t possibly be the Saint Realm masters. The locations of the Saint Realm masters were all clear now, except for the two barbarians. Once the two barbarians entered the border of the barbarians, they would be discovered instantly.

“It’s a strange sound. There’s no specific words, and it’s not a song. It’s like someone is whispering in your ear.”

Xu Bai recalled and repeated the words. The voice had only appeared for a moment before it disappeared without a trace.

The female Abbey Dean also knew that although Xu Bai was sometimes unreliable, he would never screw up in the face of important matters. There was no need to joke with him at this time.

In other words, what Xu Bai said was true.

As for hallucinations or auditory hallucinations, this was simply impossible. Who had heard of a Transcendent expert hallucinating?

Thinking of this, the female Abbey Dean put down the book in her hand. After pondering for a moment, she asked, "Can you repeat the syllables just now to see if they are familiar?"

The two of them had only talked about the syllables just now, but they did not say what the syllables were, so the female Abbey Dean had no idea.

Xu Bai carefully recalled in his mind. After a moment, he shook his head and frowned. "It's very strange."

"I recalled that voice just now. I can remember it, but when I wanted to tell you, I couldn't say it no matter what."

"What's going on?"

It was like a special rule. He could hear the voice clearly, remember it clearly, and remember it clearly, but he couldn't say it out loud.

This was the first time he had encountered such a strange thing since he entered this circle. Moreover, this sound did not seem to have caused him any harm. It had long disappeared without a trace.

However, for Xu Bai, something that he couldn't control was dangerous. Therefore, Xu Bai had to figure it out or even find it.

The female Abbey Dean stood up and walked back and forth. Her right hand kept moving as if she was using some kind of secret technique of Taoism.

After the time for half an incense stick to burn, the Abbey Dean's right hand stopped.

"I can't calculate it. I can't calculate it at all. All of this is baseless. It's as if you've never experienced this before. But you heard it just now."

What she meant was that there was no other way.

"Forget it." "Since there's no evidence, then stop thinking about it and continue reading."

Now that there was no clue and the voice was gone, Xu Bai temporarily put this matter aside and continued to focus on the progress bar in his hand.

On the surface, he was reading, but in his heart, he was still thinking about what had just happened. The more he thought about it, the more upset he became.

The female Abbey Dean put down the book in her hand and said hesitantly, "I've never seen you so agitated. Could it be because of that voice?"

Xu Bai was stunned. Then, he turned his head abruptly."It seems so."

There had been many major events in the past, but he was not so anxious. He did not even bother to check the progress bar. However, after this voice appeared, he became anxious. He could not even focus on his book just now.

"What's going on? Why did he feel so anxious? What was that voice?"

Xu Bai walked back and forth. The more he walked, the more anxious his tone became. At the same time, the aura on his body was gradually changing.

Gold and grayish-white intertwined around him, forming a heaven changing scene of madness and rationality. Xu Bai's face was gloomy.

"Calm down!" Seeing this, the female abbot shouted and stood up. She put her hand on Xu Bai's shoulder.

Xu Bai reached out his hand and struck at the female Abbey Dean subconsciously.

The female Abbey Dean raised her hand at the same time and met Xu Bai's palm.

"This isn't a saber technique?"

The Abbey Dean retreated two steps and steadied herself.

"Xu Bai, you seem to be controlled by something. Release your soul and let me help you!"

Xu Bai's eyes gradually turned cold. He looked down at his hand and then at the female Abbey Dean. He took a deep breath, closed his eyes, and said with difficulty,""Hurry!"

The female Abbey Dean quickly came to Xu Bai's side. At the same time, she stretched out her finger and pointed at Xu Bai's forehead.

If Xu Bai had a lot of skills, the female Abbey Dean also had a lot.

To make a simple analogy, the Abbey Dean's ability was more like a weakened version of Xu Baijin's finger, and it was a weakened version with negative effects.

## **Chapter 835: Liu Qingfeng Awakens (2)**

At this moment, the female Abbey Dean used the ability of her soul to check Xu Bai's soul.

She could sense that Xu Bai's divine soul was as deep as the ocean. She knew that Xu Bai's divine soul had also reached the level of a ninth-grade Transcendent.

"Relax, you must relax. Don't be nervous. I'll slowly help you find the problem."

The female Abbey Dean was worried that Xu Bai would start to get angry, so she kept comforting him.

Xu Bai nodded.

The female Abbey Dean began to use her spirit to explore Xu Bai's vast spirit. Soon, she found something.

There was another soul in Xu Bai's soul.

Because this divine soul was fusing with Xu Bai's divine soul, it had produced that irritable feeling just now.

"It should be that voice."

"I found it. I'll bring it out now. Be careful."

As she spoke, the female Abbey Dean began to slowly peel off the divine soul.

However, this divine soul was tightly connected to Xu Bai's divine soul. It was very difficult to separate it.

The female Abbey Dean could only use an extremely slow technique to peel it off slowly.

The soul was slowly separating, and the Abbey Dean's expression became more and more nervous.

Time slowly passed. In the blink of an eye, an hour had passed.

In the next moment, his divine soul was completely detached.

The female Abbey Dean had just heaved a sigh of relief, but she did not expect that the soul that was stripped out would stimulate Xu Bai's soul.

In the next moment, Xu Bai's vast soul swallowed the female Abbey Dean's soul.

To be precise, it did not devour them. The two souls were actually continuously fusing.

This situation lasted for about an hour.

The female Abbey Dean silently drew out her soul and sighed.

Xu Bai's mouth twitched. "I was careless just now."

He seemed to have shivered just now.

"Don't tell anyone about this." The Abbey Dean closed her eyes.

In her hand, there was a circular, translucent object that was spinning.

Xu Bai knew that he should not dwell on the topic just now, so he changed the topic and looked at the thing in the Abbey Dean's hand. "What is this?"

"They don't want to let you go." The female abbot said.

Xu Bai was stunned. He was confused by what she said, so he didn't quite understand.

The Abbey Dean pointed at the divine soul. "I finally understand the power of the Great Barbarian Sorcerer. Why did they want all the barbarians to die?"

"Using the resentment of the dead to communicate with the resentment of the people you killed, it's an item that's gathered together."

"It has no roots or duckweed, but it was born from your divine soul, so you can't discover it, let alone defend against it."

"The Great Barbarian Magus wants to start with you."

Xu Bai touched his chin.

The female Abbey Dean nodded. "Very strong. No, to be precise, his combat strength is the lowest among the Saints. However, he is the most mysterious."

“It is said that he can communicate with things in a certain place and then use them for his own use. There are also various other mysterious methods, and this method is one of them.”

Xu Bai finally understood.

It turned out that these two fellows really wanted his life. They seemed to know that they could not enter the land of the Berserkers, so they used such a strange method.

“After I become a Saint, I will definitely kill them both.”Xu Bai said.

“What should I do with this? Why don’t you just destroy it?”

Keeping it would be a disaster, and it would be the greatest disaster for him, so he had to destroy it.

“No,” the female Abbey Dean shook her head.” When I was exploring your soul just now, I found that your soul seemed to be protected by something.””

“That thing is very terrifying. I don’t dare to explore it. The thing in my hand was also born from your soul. It’s very difficult to destroy, and I don’t dare to destroy it.”

“If I destroy it, it might affect the existence protecting your soul.”

Xu Bai knew that the female Abbey Dean must have been talking about his cheat.

In fact, he had long known that this thing was definitely in his soul. After all, every time his soul was in danger of being obliterated, the Goldfinger would rise up and resist.

However, if this scourge couldn’t be destroyed, what was the point of keeping it?

Xu Bai walked back and forth, his hand supporting his chin. Suddenly, he seemed to have thought of something and quickly came to the female Abbey Dean.

“Did you just say that this thing can’t be destroyed? Or are you worried that destroying it will lead to consequences that you can’t bear?”

The female Abbey Dean nodded. She didn’t know what Xu Bai meant, but she still answered honestly.

“What if I put this thing into a human body without a soul?” Xu Bai continued.”

This was what he had just thought. The female Abbey Dean said that there was no way to destroy it, but there was someone who specialized in destroying the divine soul.

That person was actually very simple. It was that unlucky child, Liu Qingfeng.

“A person without a divine soul, you mean Liu Qingfeng?” The female Abbey Dean was stunned.

She really admired Xu Bai’s imagination. However, this imagination seemed to be able to turn into a world.

Liu Qingfeng did not have a divine soul, and any divine soul that entered would be missed or destroyed. However, if this divine soul was put in, what would it become?

“We can’t try it easily. We can find an expert who is proficient in divination.” The female Abbey Dean thought for a long time, but she still didn’t want to act rashly.

### **Chapter 836: Liu Qingfeng Awakens (3)**

Find an expert fortune-teller to at least predict good or bad luck.

What the female Abbey Dean did just now was not exactly divination. It was just a kind of Taoist calculation, not very professional.

Xu Bai’s eyes lit up.” You don’t have to look for anyone else. Just look for me. I’m the best at it.””

He had stayed in the royal family’s treasure vault for a year. He also had the profession of fortune-telling, and he had raised it to the ninth grade of the Transcendent Realm.

He had to think of a way to destroy this divine soul in front of him.

However, the female Abbey Dean had also said that she was worried that the golden finger in her body would be triggered after she destroyed it. Therefore, she decided to perform a divination. If it was lucky, she could try it.

The female Abbey Dean had a complicated expression.” Why didn’t you go crazy after learning so many things? Why did I go crazy after learning so many things?””

Sometimes, one mustn’t compare with others when it came to the human thing.

The more they compared, the more uncomfortable they felt. The female Abbey Dean was like this.

We're all humans, and we've all learned a lot. Why are you completely fine when something happens to me? Moreover, you've become a ninth grade Transcendent expert?

How infuriating!

Especially when he thought of the divine soul fusion just now, he was even angrier.

Xu Bai didn't know what the Abbey Dean was thinking, so he started to calculate.

After reaching the ninth-grade Transcendent Realm, he didn't need any tools to calculate. He only needed to count with his fingers. Soon, Xu Bai calculated the good or bad luck.

"Good luck." Xu Bai said.

It was not only beneficial to him, but also to the wind.

The female Abbey Dean pondered, "It seems that we have to find Liu Qingfeng. I don't know where he went."

Although it was a good thing, they still had to find the person. Now that they couldn't find him, it was also a problem.

"I know." Xu Bai pointed at himself."

"How did you know?" The female Abbey Dean was puzzled.

"I can summon him out, you know, the kind that invites the gods." Xu Bai gestured and explained the general idea.

The female Abbey Dean was speechless.

If she didn't know that Xu Bai didn't need to joke with her at this time, she would really think that Xu Bai was teasing her.

"Then let's give it a try."

Since it was Great Luck and he could call Liu Qingfeng out, there was naturally no problem.

Xu Bai didn't mind. He performed the technique of inviting gods in front of the female Abbey Dean.

A moment later, the shadows shook and Liu Qingfeng walked out of the darkness with a dull look.

As soon as he appeared, he was ready to absorb Xu Bai's divine soul according to the original rules.

However, although he had lost his soul, his instincts were still there. His biological instincts made him feel that Xu Bai was full of danger at this moment. He wanted to run away.

"You can't escape!"

Xu Bai's figure flashed and appeared in front of Liu Qingfeng. Then, a bright blade light appeared on his finger and he gently flicked it at Liu Qingfeng.

"Bang!"

The blade light entered Liu Qingfeng's body. With Xu Bai's current strength, he could control it freely.

Even though it didn't seem like there was any big scene, Liu Qingfeng's insides had already been mostly destroyed.

Xu Bai knew very well that Liu Qingfeng did not have a divine soul. There was no such thing as communication.

Liu Qingfeng had wanted to escape because he felt that Xu Bai was extraordinary. That was why he instinctively wanted to escape.

Xu Bai also knew that the saber light he had just absorbed was not enough to destroy Liu Qingfeng. After all, Liu Qingfeng's ability was extremely powerful.

There was also a skill similar to the Indestructible Body, and this skill was activated by the Indestructible Body. Xu Bai could feel that the injuries in Liu Qingfeng's body were recovering at a shocking speed.

"What a genius." Xu Bai sighed.

This was a sincere sigh. To be able to create such a recovery technique, although it had turned him into an empty shell, he had already surpassed many people.

"If his divine soul was normal, he would have long been a ninth-grade Transcendent and not the current seventh-grade Transcendent." The female Abbey Dean sighed. "The world is full of tricks. People of my generation are willing to cut through the thorns and seek the way to become a saint. However, thorns are thorns after all. Sometimes, if we are not careful, we will be doomed forever."

She did not say the rest of the words. For example, she had been crazy for so long. Only she knew the twists and turns.

“Let’s start. Hurry up. I feel like he’ll wake up in a while.”Xu Bai said.

Although Liu Qingfeng was lying on the ground with his eyes closed, Xu Bai estimated that he would be alive and kicking soon.

“He’s been to the Bizarre Market before. His entire body is like a funnel. It’s impossible for him to store a divine soul. From the looks of it, he can still obliterate this divine soul.”

Previously, Xu Bai had also calculated that this matter would be good for both himself and Liu Qingfeng. It proved that there was no problem.

The female Abbey Dean did not say anything else after hearing Xu Bai’s words. She flicked the spirit in her hand and sent it into Liu Qingfeng’s forehead.

Just as Xu Bai was about to use his soul to sense it, he suddenly sensed something approaching him at a rapid pace.

With the loss he had suffered previously, he was now very vigilant and subconsciously spread out his divine soul.

However, when he saw what it was, he was stunned on the spot.

He wasn’t the only one who was stunned. Even the female Abbey Dean was stunned. She subconsciously took a step back.

It was a remnant soul, and it was an extremely huge remnant soul. It was far away, but its speed was extremely fast. In the blink of an eye, it had already arrived at the treasure vault.

## **I Have Unparalleled Comprehension #Chapter 837: Liu Qingfeng Awakens (4) - Read I Have Unparalleled Comprehension Chapter 837: Liu Qingfeng Awakens (4)**

Chapter 837: Liu Qingfeng Awakens (4)

The surface of the remnant soul looked exactly the same as Liu Qingfeng’s. It was almost translucent.

Xu Bai saw this scene. He couldn’t help but feel his scalp tingle. He turned to look at the female Abbey Dean.”Explain.”

“I won’t.” The female Abbey Dean said calmly.”

His answer was very frank and direct.

'I don't know!'

Xu Bai was speechless.

While the two of them were communicating, Liu Qingfeng's soul seemed to be unable to see the two of them. Then, under the gazes of the two of them, it burrowed into his body.

The entire process was very eye-catching, so there was no need to go into detail.

The next moment, Liu Qingfeng opened his eyes and got up from the ground.

Xu Bai could clearly feel that Liu Qingfeng's eyes were full of life. They had lost their original dullness and emptiness.

"I've seen a ghost."

Didn't this guy lose his divine soul? What was with the remnant soul just now? What happened after that?

Wait a minute!

Xu Bai suddenly thought of something.

Back then, when Liu Qingfeng entered the Bizarre City, he knew that he was courting death, so he left a method in the human world. He separated a portion of his soul and left it in the human world.

But later on, what he did not expect was that he actually became a funnel. He could not accommodate the divine soul at all, and became like this today.

An idea flashed through his mind.

Xu Bai said, "Your body..." Done?"

This was his guess, but seeing Liu Qingfeng's current appearance, it was very likely to be true.

Beside her, the Abbey Dean looked as if she had seen a ghost.

This guy had been an empty shell for so many years, and he had actually woken up because of Xu Bai?

Liu Qingfeng glanced at the two of them and answered them with facts.

He bent down and bowed to Xu Bai. "Thank you, Prince Xu, for helping me escape from this sea of misery."

"You know me?" Xu Bai raised his eyebrows and said.

Right now, the one who was most shocked was none other than Liu Qingfeng, who had returned to normal.

By a freak combination of factors, he had actually helped Liu Qingfeng solve a huge problem.

Xu Bai wondered if he should add some money to this thing.

Liu Qingfeng nodded and seemed to have relaxed. He said, "When my scattered soul fragments entered my body, everything my body experienced was recalled in my mind."

When Xu Bai heard this, he suddenly thought of the bizarre market and chuckled. "Then, do you know about the matter of you doing that with a female freak in the Bizarre City?"

Liu Qingfeng's expression changed. He waved his hand and said, "I'm not too sure about that. I guess I've forgotten about it."

Xu Bai understood. This guy did remember, but this was a dark history. He probably didn't want to admit it.

Returning to the main topic, he asked why Liu Qingfeng had woken up.

The female Abbey Dean was curious and pretended to listen.

It couldn't be helped. Even though she was a female Abbey Dean, she was still a woman.

Women like to listen to the excitement, and this excitement was a big secret.

Liu Qingfeng slowly told them the reason why he woke up.

When Xu Bai heard this, he suddenly realized that he had really helped Liu Qingfeng wake up.

According to Liu Qingfeng's explanation, there was a big hole in his body. No matter how powerful the divine soul was, it would be swallowed by this hole.

It was also for this reason that his instinct made him constantly search for things related to a powerful divine soul, wanting to fill this hole, but no matter what, he could not fill it up.

Until Xu Bai appeared, Xu Bai's divine soul could actually make up for that loophole a little. At that time, it was because of this reason that Liu Qingfeng kept absorbing Xu Bai's divine soul.

However, since this divine soul was Xu Bai's, and there was something terrifying hidden in Xu Bai's divine soul, he could not make up for it completely.

However, it was different this time. The divine soul that was injected was caused by the Grand Wizard.

The great sorcerer used all the dead barbarians to stimulate the resentment, and the resentment gave birth to different things in Xu Bai's soul. Moreover, the things themselves originated from Xu Bai's soul.

Since it originated from Xu Bai's divine soul, it had all the characteristics. Therefore, this thing could be considered Xu Bai's but not Xu Bai's. It actually blocked the hole.

"In short, the most fundamental thing is that Prince Xu can enter and leave the Bizarre Market freely. Otherwise, it would be impossible for him to plug my loophole."Liu Qingfeng concluded.

Xu Bai rubbed his chin and thought," No wonder it was good for you when I was reading your fortune just now. So that's why.""

"Thank you, Prince Xu." Liu Qingfeng bowed again."

Xu Bai nodded in agreement.

Liu Qingfeng looked at Xu Bai with a strange expression. His eyes were filled with disbelief.

Xu Bai touched his face and frowned." Why do I feel like my answer is wrong?""

He had a feeling that Liu Qingfeng's gaze was weird, as if Xu Bai shouldn't have answered him like that, but his answer was normal.

"No, no." Liu Qingfeng waved his hand and said," But according to my understanding of His Highness, His Highness should be looking for me for some benefits because it was His Highness who helped me solve the big problem.""

Xu Bai touched his chin." You're right. But I've always been a fair person. I originally wanted you to help me solve a big problem, so this matter is canceled out.""

"But since you've already said it, then give it to me."

Chapter 838: Liu Qingfeng Awakens (5)

He reached out his hand, and Liu Qingfeng was stunned.

“What?”

“Secret manual, you said you would give me a reward.” Xu Bai repeated.

“But I don’t have anything now, so I can’t leave the secret manual behind.” Liu Qingfeng said helplessly.

Xu Bai retracted his hand.” That’s all. You can go now. I won’t ask you for anything. This time, it’s a mutual help.”

Although he was a person who paid too much attention to benefits sometimes, he could not miss out on anything that he should get. He would not force things that he should not get, such as today’s situation.

Everyone was mutually beneficial. They had already completed the equivalent transaction process and no longer needed anything else.

Who knew that after Xu Bai said this, Liu Qingfeng had no intention of leaving. Instead, he stood where he was, as if he was organizing his words.

Seeing this, Xu Bai suddenly had a feeling that Liu Qingfeng was about to say something big.

Sure enough, after organizing his words, Liu Qingfeng finally spoke.

“Prince Xu, I have a very important piece of information to tell you. It’s about the Strange City.”

Bizarre market?

Xu Bai’s interest was piqued when he heard this.

If there was anything else in the world that interested her the most, it would be the bizarre market and the ruins.

Both places were filled with mystery, especially the Bizarre Market. It was even more mysterious.

After a person or a demon dies, they will turn into a strange entity and have a chance to enter.

However, as long as a living person entered it, their soul would be devoured. Similarly, when the strangeness of the bizarre market returned to the human world, their soul would also be devoured. They would all become things that acted only on instinct, and the strangeness had a strong hatred for the living.

Even a figure of the Chu Emperor's level couldn't explain the things inside, so Xu Bai was even more interested.

Now that he heard Liu Qingfeng say that it had something to do with the Strange City, Xu Bai immediately asked Liu Qingfeng to tell him quickly.

Liu Qingfeng continued, "Prince Xu also knows that I stayed in the Bizarre Market for a long time after I entered it. I only came out by chance."

"During this period of time, I was hunted down most of the time, but I still saw something extremely important."

"I saw the two bizarre markets fighting each other, and I also saw some secrets. These secrets are related to the Saint Realm."

As he spoke, he recalled. When he reached the middle of his memories, he paused for a moment. He stood where he was and continued to organize the memories in his mind.

His soul had returned to his main body, so he could remember what his main body had experienced. However, his current soul was incomplete, so he could only slowly organize his memories.

After a while, Liu Qingfeng continued.

"As everyone knows, there are rules in the world. No more than nine people can enter the Saint Plane because nine is the extreme number. It is the same in both the human world and the Bizarre Market."

"There are nine Saints in the Bizarre City and nine in the Bizarre City. However, there is a very important problem. There is only one in the human world, but there are two in the Bizarre City."

"I understand that if the battle between two bizarre markets stops and one side wins, then the two will be unified. At that time, their rules will be broken, and becoming a saint will be the combination of the two."

Even though Liu Qingfeng said it calmly, it was still a piece of heavy news.

Xu Bai felt that there were very few things that could shock him now, but this matter had indeed shocked him for a while.

He thought of a very serious stakes.

It was a very simple place. There was only one in the human world, and there would never be more than nine Saints.

However, the Bizarre City was different from the Bizarre City. Although the number of them was different, they were both Bizarre Cities.

If the two were to combine into one, it would be able to surpass nine.

In this way, the human world was already at a disadvantage in terms of numbers.

“We have to quickly inform the Chu Emperor of this matter.”Xu Bai instantly made a decision.

He planned to go out and call Chu Ling over so that he could pass on the news.

It was most important to let the people at the top make the decision for such a big matter.

Otherwise, if something really happened, the human world would become a purgatory.

Thinking about it, this kind of strength was completely unequal. If they really fought, the other party would have more than nine Saint Realm experts, and they would only have nine at most. At that time, wouldn’t they be crushed?

However, before Xu Bai could leave, he was stopped by Liu Qingfeng.

Liu Qingfeng hurriedly walked to Xu Bai’s side and said with a bitter smile, ”Prince Xu, don’t go first. I haven’t finished my words.”

”What else?” Xu Bai stopped and frowned.”

He thought that this was the most important information he had. He didn’t expect Qingfeng Liu to have more to say, so he stopped and waited for Qingfeng Liu to finish.

Liu Qingfeng thought for a moment and said, ”Prince Xu, these things can be left to the Chu Emperor to decide. However, there is one thing that you have to do yourself.”

Hearing that it was related to him, Xu Bai frowned even more. He did not say anything, meaning to let Liu Qingfeng continue.

“Prince Xu, you have to hurry up and enter the Saint Realm, or else...” Liu Qingfeng said slowly. You will be in danger.”

### **Chapter 839: Chu’s Sovereign’s Performance (1)**

“I will be in danger. What do you mean by me?” When Xu Bai heard Liu Qingfeng’s words, he sized him up from head to toe.

He didn’t understand the meaning of this sentence. If he didn’t become a saint, he would be in danger.

What danger?

To him, the two biggest threats were the two Saint Realm experts who had escaped.

However, the dirty tricks of these two Saint Realm masters had already been broken.

They could not enter the Barbarian Race’s territory so brazenly, so the danger was much smaller.

However, seeing how serious Liu Qingfeng was, Xu Bai waited patiently for Liu Qingfeng’s answer.

“ Prince Xu,” Liu Qingfeng said solemnly, “ I didn’t mean the danger in the human world. Right now, there’s nothing in the human world that can threaten you.””

This was true. With Xu Bai’s current strength and status, he could really do whatever he wanted in the human world. No one could threaten him.

As for the two Berserkers who had won, when Xu Bai became stronger, they would no longer be a threat to him. He would even find an opportunity to find them and kill them to avenge himself.

Xu Bai thought for a moment and quickly came up with an answer. He stared at Liu Qingfeng and slowly said two words, ”Strange City.”

Liu Qingfeng nodded.” That’s right. It’s the Bizarre Market. Right now, the biggest threat to Prince Xu is the Bizarre Market. The reason is simple. They already know of your existence.”

“You know of my existence?” Xu Bai rubbed his chin with his hand.”

“When Prince Xu stepped into the Bizarre Market for the first time, it caused quite a stir,” explained Liu Qingfeng.”

” They already know that there’s a human on the ship who can enter and leave the Bizarre Market freely. He won’t be threatened by the Bizarre Market, and his soul can be perfectly preserved.”

” Just this alone is enough for them to pose a threat to Prince Xu. Prince Xu, do you know that the Bizarre Market is very interested in an existence like you? They can’t wait to capture you and study you thoroughly.”

When he said this, Liu Qingfeng had already expressed his meaning completely, and Xu Bai also understood.

“So that’s what happened. So they’re interested in me because I can enter the Bizarre Market at will. They even pose a threat to me.”Xu Bai thought to himself.

If that was really the case, then it was not just a threat, but an absolutely terrifying danger.

When a person attracted the attention of a huge force, the danger would multiply exponentially.

At this moment, Xu Bai was like this. He seemed to have become a thorn in the Bizarre Market’s side. The Bizarre Market really wanted to pull him out. After pulling him out, they would take Xu Bai’s ability to escape the rules for themselves.

“In other words, when the human world and the Bizarre Market start a war, I will be the first target of the Bizarre Market. Or rather, I will be their main target.”Xu Bai said.

Liu Qingfeng nodded.” It’s not as simple as being a key target. They will do whatever it takes to capture you. After they capture you, they will definitely use some terrifying methods.””

“I understand.” Xu Bai expressed that he was clear.

Liu Qingfeng was a little confused. He didn’t know why Xu Bai was so calm. Xu Bai saw the confusion on his face.

Xu Bai smiled.” The reason why I’m so calm is not because I don’t take them seriously. It’s just that since it’s already an established fact, what I have to do now is to work hard to improve my strength and make myself safer.””

Many people would panic, panic, and even lose their sense of propriety when the situation was at hand, but Xu Bai was different.

He felt that since the matter had already been settled, he would just follow his own plan. He would strive to reach the Saint Realm before the Strange Market and the human world were opened.

Even if the slots were full, Xu Bai wanted to see if he could break the rule of only nine.

“Since Prince Xu is already clear, I will take my leave.”Liu Qingfeng bowed slightly.

He had said what he needed to say, and he felt that it was time for him to leave.

“Do you have a place to stay now?” Xu Bai asked with interest. Do you know where you are going?”

Liu Qingfeng thought about it and shook his head.” I don’t have any plans for now. We’ll see when the time comes. Let’s think about it as we walk.””

He knew his situation. The most important thing now was to repair this remnant soul. This would take some time.

After all, what he had left in the human world was only a remnant soul. He still needed to spend time repairing it.

As for how to settle down and how to take the next step, he had not thought clearly. After all, everything had become unfamiliar to him now.

In an unfamiliar environment, what to do next needed to be considered later.

” My meaning is that you might as well stay here and settle down. Why do you have to go out and wander? With your current strength, you can still live well here.””Xu Bai said.

In his words, there was actually the intention of recruiting him.

For the current fief, what they lacked the most was not a large number of people, but these top-notch experts.

The person in front of him was a peerless genius. Even though he had been crazy for so long, he still had the strength of a seventh-grade Transcendent.

As long as he was given some time, he would definitely be able to recover to the ninth-grade Transcendent realm. At that time, there would be another ninth-grade Transcendent expert in this fief.

## Chapter 840: The Chu Emperor's Performance (2)

Liu Qingfeng was stunned for a moment before shaking his head. "This one is not too interested in being an official. Staying here is futile. Moreover, this one does not have the ability to be an official."

He was very clear about his situation. If it was fighting, he was good at it, and he could fight very well.

However, if he really wanted to be an official, he would be a little out of his league.

Being strong and able to fight did not mean that he had the talent and ability to be an official. Liu Qingfeng knew very well that he was more like a lone ranger.

"I'm not asking you to be an official." Xu Bai said with a smile.

"Then what do you want me to do here?" Liu Qingfeng asked in confusion."

He had already figured out Xu Bai's meaning in the first few sentences and thought that Xu Bai wanted him to be an official. However, after these few sentences were said, he suddenly felt that he did not seem to understand.

Xu Bai said simply, "I won't let you be an official. I'll just let you be an expert here. If there's a serious problem that you can't handle, you can go and help."

Liu Qingfeng opened his mouth and wanted to continue refusing, but Xu Bai raised his hand and interrupted him.

"Why are you so stubborn?" Xu Bai asked. Think about it. I can let you see so many precious secret manuals here. Whether it's for repairing your soul or improving your realm, they will be of great help."

"The things here are enough for you to raise your cultivation level."

Before Liu Qingfeng could reply, the female Abbey Dean looked at Xu Bai in surprise.

"Why do I have to use the experience of failing to become a saint to exchange for the chance to read here? He doesn't have to pay anything to read."

This was indeed something she couldn't understand. When she first met Xu Bai, he had given her a huge gift.

After all, things like the experience of failing to become a saint were treasures of various forces, so what she couldn't figure out was this...

Xu Bai turned his head and said meaningfully, "We have to look at this matter separately. This is a business between you and me. You can't stay here forever, right?"

The female Abbey Dean felt that what he said made sense. She nodded and admitted that it was true.

This was a fact that she could not refute. After all, she might have to leave after she found what she needed. She could not stay here like Liu Qingfeng.

More importantly, she was only looking for an opportunity to become a saint. It didn't make sense to use the method of equivalent exchange.

"Alright, let's not talk anymore. I have to quickly inform His Majesty about this matter. Otherwise, if we're late, it'll be easy to delay the military situation." Xu Bai said.

Ever since Xu Bai spoke, Liu Qingfeng had been thinking about what he said.

Just as Xu Bai said, he needed a good place.

He didn't have a target, nor did he have any clues. Most importantly, he really needed to find a stable environment to stay in. Not only did he need to increase his strength, but he also needed to stabilize his remnant soul.

"Sigh..." Liu Qingfeng sighed. "Then I'll have to trouble you, Your Highness Xu. I hope Your Highness Xu can forgive me."

Xu Bai waved his hand, indicating that this was just a small problem and that there was no need to be so polite.

After that, the few of them had nothing to say.

Liu Qingfeng also found a spot and started reading a book.

Xu Bai didn't stay here. He needed to find the ninth princess as soon as possible so that she could send the information to him through the fastest route.

If he could use the fastest time to let the Chu Emperor receive the news, it would also give the Chu Emperor one more day to deal with the danger.

"Let's go take a look first."

Thinking of this, Xu Bai lifted his feet and disappeared through the door.

His figure gradually disappeared, but Liu Qingfeng and Nvguan ignored him and continued reading.

At this moment, in the ruins.

Everyone had already entered. Every force had already arranged for people to enter.

Life and death were determined by fate, and wealth was determined by the heavens. They were waiting here to fulfill their responsibility. If someone came out alive, they would naturally take that person away immediately.

Just as everyone was waiting seriously, a powerful person suddenly raised his head and looked at the end of the sky. His expression was first puzzled, but it quickly turned into shock.

“He’s here!” Everyone was shocked and excited.

In the distant sky, a young man dressed in ordinary clothes was walking on the auspicious clouds in the sky.

Although there was no special Heavenly Change around the young man, when this person appeared, everyone present fell into shock. Other than that, they were at a loss. These people had already recognized the identity of this person.

Xu Bai!

The leaders of a few forces began to whisper among themselves. Xu Bai, who was walking in the air, heard everything clearly.

“So he’s a blood-line macheteman. I’ve seen his portrait before, but I’ve never seen him before.”

“He’s not just extraordinary. This person is really worthy of being the number one person in the younger generation. Just by looking at him, one can tell how powerful he is.”

“The Bloody Butcher Saber Guest lives up to his name.”

Xu Bai’s eyebrows twitched wildly. These guys in front of him were constantly testing his bottom line.

What he hated the most was people calling him Bloody Butcher Knife Guest. However, these people in front of him had completely touched all of his taboos.

If it weren't for the fact that the environment was different now, he would probably have to beat up all these people to vent his anger.

Chapter 841: The Chu Emperor's Performance (3)

For some reason, Xu Bai's expression suddenly became very gloomy.

They didn't know what mistake they had made either. They all looked at others, meaning that this was their mistake and they were probably bearing the responsibility.

Of course, no matter how hard they racked their brains, they would never have thought that it was because of the title.

Xu Bai descended from the sky and slowly landed beside Chu Ling and Ye Zi. Then, he came to Chu Ling's ear. He did not say it out loud but used a different method.

There were too many people here, and some secrets couldn't be said as they pleased.

However, Xu Bai's current method of using the divine soul had already reached the level of a ninth-grade Transcendent, so he had learned a more detailed method.

With a slight movement of his soul, Xu Bai had already told everything he had heard through his soul.

Chu Ling was initially puzzled as to why Xu Bai's expression had turned so bad, as if someone had provoked him.

When he sensed the message sent by Xu Bai's soul, he already understood the reason.

Chu Ling's expression changed slightly, becoming as serious as Xu Bai's.

"I'll inform Imperial Father immediately." Chu Ling thought in her mind that this was the method that Xu Bai had taught her.

Xu Bai nodded, meaning that he would go now.

Chu Ling didn't say anything and directly left. This scene was also seen by those forces.

A few powers were in a bit of chaos. They had already seen from Chu Ling's departure that something big was about to happen, so they were a little flustered.

At this time, Xu Bai could not leave. The reason was simple.

If Chu Ling left and he left, then Ye Zi would be the only one left to manage the remains. This was not very logical.

Seeing that the group of people was slightly disturbed, Xu Bai's gloomy expression gradually improved and he revealed a smile.

His voice wasn't loud, but it traveled into the ears of these people, allowing them to hear it clearly.

"With this king here, nothing will happen. Just do what you need to do. Could it be that you think that this king can't hold down this place?"

As soon as these words were said, the originally chaotic scene instantly quieted down. Everyone looked at each other and said in unison.

"I wouldn't dare!"

The words he said came from the bottom of his heart and there was no falsehood.

Not only because of Xu Bai's identity, but also because of his strength.

Now, Xu Bai was the strongest among those below Saint Realm. They didn't dare to offend him.

"That's good. Do what you need to do. Don't be restrained just because this king is here." Xu Bai waved his hand. His gaze swept across the group of people and finally stopped at a place.

At this moment, Wu Hua and Liu Xu were also looking at Xu Bai. When their eyes met, they both revealed knowing smiles.

"Men!" Xu Bai said softly.

A servant girl ran over from the side.

"Your Highness."

Xu Bai pointed at Wu Hua and Liu Xu and said, "Bring two chairs for them to sit on."

"Yes, sir!" The servant girl trotted away.

Not long after, two chairs were brought over.

“How long are you two going to stand there?” Xu Bai waved his hand. Come up quickly.”

Wu Hua and Liu Xu looked at each other, then walked up without any scruples.

Everyone cast envious looks at him again. Everyone had different thoughts in their hearts.

This was what it meant when one person attained the Dao, chickens and dogs ascended to heaven.

If they had known that Xu Bai had such achievements, they would have come over every day to curry favor with him.

It was time, it was fate!

They also knew that currying favor now would have little effect and might even be annoyed.

Liu Xu and No Flower sat down.

No Flower spoke first.” Sigh, I didn’t expect that the almsgiver Xu of the past would become Prince Xu today. He’s even a ninth-grade Transcendent expert. It really makes us blush!””

Xu Bai wanted to knock on No Flower’s bald head, but when he saw No Flower’s black hair, he felt a little regretful.””You’re doing quite well. The current Sons of Buddha of the Buddhist Sect in the world are the foundation for the development of the Buddhist Sect in the future.”

No Flower subconsciously touched his head and laughed foolishly.

Only among the few of them would No Flower act like this.

Xu Bai turned his gaze to Liu Xu, but his brows furrowed.

“What’s wrong with you?”

Liu Xu was a beautiful woman with a good figure. Although she always wore a veil, she was actually a woman who looked cold on the outside but was warm on the inside.

If he met someone he was unfamiliar with, he would act as cold as an ice mountain. However, once he became familiar with them, he would reveal another side.

Back then, the three of them were not very strong. After experiencing that life and death situation, Xu Bai had already understood Liu Xu's character very well.

In short, he was a scholar who loved to write special plots.

It was very strange.

But now, he could see Liu Xu's silence. This did not fit Liu Xu's personality.

Liu Xu shook her head and softly said, "It's nothing. It's just that we haven't seen each other for a long time. I'm still a little unused to seeing you all of a sudden."

Although she said that, Liu Xu's heart was filled with waves.

She kept thinking about what her teacher had said. She was struggling and repeating it in her heart.

After a moment, she sighed in her heart.

"Now...It's not time yet. I'm not ready yet."

Thinking of this, Liu Xu returned to her previous state and teased, "Prince Xu, you still have time to care about our matters."

This time, in Xu Bai's eyes, Liu Xu had returned to normal, so he didn't think too much about it.

Chapter 842: The Chu Emperor's Performance (4)

The three of them began to chat happily while Ye Zi was still writing with her head lowered.

Gradually, after the time it takes for an incense stick to burn, Chu Ling returned.

As soon as they returned, Chu Ling nodded to Xu Bai, indicating that she had already informed him. However, the news would need time to reach the Great Chu Imperial Palace.

It was fine as long as the message was sent out. Xu Bai didn't care.

But now, he was too embarrassed to leave. Since he was already here, he had to wait until the ruins ended.

“How much longer will it take to finish?” Xu Bai asked.

Chu Ling shook her head, “This ruin isn’t big. From the surface, it can be seen that it hasn’t been too long. However, I can’t calculate the exact time.”

Xu Bai understood.

As long as it wouldn’t take too long, he wouldn’t waste too much time.

Since it had been resolved, he had nothing to do now, so he started chatting with No Flower and Liu Xu.

Gradually, time began to pass.

Only when night fell did the distorted space move.

One by one, people walked out from inside. These people were more or less scarred, and each of them looked very miserable. Some of them even lost an arm or a leg, but they still stubbornly survived.

Xu Bai was silent. The forces present did not say anything either. They silently brought their members back.

This was the cruelty of the ruins. If you wanted to obtain an opportunity, it would inevitably lead to the appearance of death. Everything had to be resigned to fate.

There was no free lunch in the world, and there would not be a pie falling from the sky. The cruelty of the people in the industry was also vividly displayed.

At this time, it was already late and the ruins disappeared very quickly. After Chu Ling said a few words, the forces present prepared to disperse.

After returning, these organizations still wanted to ask their members what they had gained from the ruins, so no one said much.

Xu Bai didn’t overstep his boundaries and didn’t say anything. After all, the king of this fief was Chu Ling.

When almost everyone had left, only three forces remained.

To be precise, it was the Buddhist Sect, the Academy, and one more person.

There was nothing special about the person who stayed behind. Instead, he seemed unusually nervous and uneasy.

Xu Bai frowned, "Who are you?"

For some reason, leaving a person behind was beyond his expectations.

"I am... It was... It was the bailiff under the command of King Yun. He had come to deliver the news of King Yun. King Yun said... He asked Prince Xu to reserve a good seat for him."

This person was stuttering and very nervous.

In fact, he couldn't be blamed. He was just an ordinary bailiff. There were so many big shots here. It would be a lie if he wasn't nervous. It was already good enough that he could talk.

Xu Bai came to a sudden realization when he heard that. Only then did he remember that Yun Zihai did not come.

"I've already come to the Barbarian Race's side. Why isn't this guy here to support me?"

Speaking of Yun Zihai, during the time the two of them spent together, they had a feeling of hitting it off. Logically speaking, he should have come to help. This place was also very suitable for Yun Zihai to display his talents.

The bailiff explained nervously, "King Yun has long been conferred the title of King of a different surname. According to the rules of Great Chu, it is impossible for him to come. But King Yun said..."

"This lowly one dares to repeat it in the tone of Prince Yun. Please forgive me, Prince Xu."

As he spoke, the bailiff began to imitate Yun Zihai's tone,

"Since Brother Xu has gone to the Barbarian Race, then I, Yun Zihai, have to help out. After a while, I'll ask His Majesty to resign from his position and come to Brother Xu for a job."

Xu Bai's lips twitched.

This really seemed like something Yun Zihai would do. This guy was very reliable most of the time, but there were times when he was particularly unreliable, such as when he broke through to the next realm.

“Shixiong’s breakthrough to Transcendent was also kept from the Headmaster.”“The Headmaster spent a lot of effort before he was finally able to save him,” Liu Xu said helplessly.”

Yun Zihai was born prematurely, resulting in his flaws. Therefore, every time he broke through a major realm, it was a huge terror.

However, this fellow just had to break through every time, so he brought a lot of trouble to the dean.

“Speaking of which, this fellow has also reached the Transcendent level.”“ Go back and tell Brother Yun,” Xu Bai said with a sigh.” When he resigns from his position as a prince, he can be any official I want.””

He was familiar with Yun Zihai. Not only was Yun Zihai extremely powerful, but more importantly, his management and governance skills were unparalleled.

After Xu Bai left, Yunlai Mansion was managed in an orderly manner and even developed rapidly. He knew all this.

With the help of the clouds and the sea, it was naturally like adding wings to a tiger.

“Yes, sir!” The bailiff quickly agreed.

He didn’t dare to stay for too long and left in a hurry.

Xu Bai turned around and said,” The two of you, follow me into the palace. Tonight, the three of us will hold a candle and chat. Your people will also stay in the palace.””

As the saying went, it was a pleasure to have friends coming from afar.

Since his two friends were here, Xu Bai decided to indulge himself tonight and ignore the progress bar.

Liu Xu and No Flower nodded and agreed.

Everyone did not stay any longer and walked directly towards the palace.

The next day.

Great Chu Country, Imperial Palace, Imperial Study.

Eunuch Wei was standing at the side with his hands tucked in his sleeves and his head lowered.

The Chu Emperor held a letter in his hand. After reading it, he handed it to Eunuch Wei and said, "Take a look."

Eunuch Wei responded and opened the letter.

### **Chapter 843: The Chu Emperor's Performance (5)**

When he finished reading, he tore the letter into pieces and threw them into the brazier beside him.

"Your Majesty, it seems that our chances of winning this battle are very low."

This letter was delivered to the Imperial Palace by Chu Ling.

It explained in detail the changes in the experts who had become Saints in the Bizarre Market.

The Chu Emperor nodded."

Eunuch Wei was slightly stunned. Why are you acting so calmly?"

He was a little surprised.

Having followed the Chu Emperor for so many years, Eunuch Wei knew the Chu Emperor the best.

And now, his performance was so calm, completely unlike the Chu Emperor of the past.

The Chu Emperor smiled." What should come will come. This battle will come sooner or later. There's no need to worry too much. When the time comes, just rise up and fight.”"

Eunuch Wei did not speak. He felt that something was wrong.

Chu emperor suddenly said: I am tired, today's morning court is not open, I want to rest for a day."

Eunuch Wei frowned even more.

Ever since the Chu Emperor ascended the throne, this morning court session had never stopped. It was actually not held today?

However, seeing that the Chu Emperor really didn't seem to want to speak, he thought that the Chu Emperor was upset because of this letter. Thus, he didn't disturb him any longer and bade farewell.

Eunuch Wei said before he left.

"Your Majesty, if you need me to die again, let me know at any time."

The Chu Emperor watched Eunuch Wei leave without saying a word.

After Eunuch Wei closed the door, he stood up and went to the window to look at the scenery outside.

Outside the window, it was still the same.

The Chu Emperor had seen this scenery for many years, but he had never gotten tired of it. Whenever he was in a bad mood or when he was in a good mood, he would come here to take a look.

After so many years, it had long formed a habit.

After staring at the ground for a while longer, the Chu Emperor finally retracted his gaze.

"Yes... Since there is no morning court, I will be impudent today."

The Chu Emperor went out, and the direction he was walking towards was the rear palace.

After arriving at the rear palace, he went straight to the Empress's residence and pushed open the door.

The Empress was lighting incense for the incense burner when she heard a sound. When she turned her head to look, she said in surprise, "Your Majesty, isn't it the time for morning court? Why are you here?"

Although the Empress was already middle-aged, one could still see how she looked when she was young.

The Emperor of Chu smiled and said, "Today is not morning court, so I came to accompany you."

The Empress finally reacted. Although she didn't know why, she still pulled the Chu Emperor to sit down.

Just as he was about to say something, the Chu Emperor unexpectedly spoke first.

“Do you hate me?”

Anyone else might not have been able to understand the sudden three words, but the Empress knew it in her heart.

The Empress shook her head and massaged the Chu Emperor’s shoulders.””I don’t hate them. That’s their fate.”

“Born in the family of an emperor, and even more so in the family of a good emperor. With such an honor, they naturally have to shoulder the responsibility. Dying on the battlefield is their destiny.”

“Just as His Majesty said, the children of other people are also children, and your children are also children. The people can send their children to the battlefield, and so can you.”

Hearing the Empress’s words, the Chu Emperor lightly sighed and patted the Empress’s hand.

“I had nine children, and many of them died on the battlefield. I also had a concubine. In order to save me, she defeated the enemy with a single sword strike, but in the end, she died of an internal illness.”

“There are also those soldiers who died on the battlefield, as well as those who have sacrificed themselves for Great Chu for so many years. Their deaths are all related to me.”

“It has been so many years. Everyone knows that I am the Supreme One, but I know in my heart that they are.”

When the Empress heard the Chu Emperor’s rambling, doubt arose in her heart.”Your Majesty, did you encounter something troubling you?”

In the past, the Chu Emperor wouldn’t be so talkative, but today, he seemed very strange.

The Chu Emperor shook his head and said,” No, I just feel that there are still many things that have not been done. There are still many loopholes in Great Chu that have not been patched up.”

“Now, most of the people in Great Chu have no worries about food and clothing. Your Majesty only needs time.””There’s no rush,” the Empress explained.”

“Yes,” “You can’t rush it,” said the Chu Emperor.

He changed the topic. He didn't want to say more here.

"Accompany me to talk about other things, talk about the past."

The Empress smiled and said, "ChenQie obeys the decree."

On this day, the Chu Emperor stayed in the Empress's chambers and only came out in the afternoon. He then went to the chambers of the other concubines. After a long time, he finally walked out of the palace alone at night.

It was already late at night, and there were no commoners on the streets. They did not know that the emperor of the entire Great Chu was walking on the streets.

The Chu Emperor looked through all the streets and finally arrived at Zhai Xing Lou.

"Your Majesty, please."

In front of Zhai Xing Lou, Director Mu was hunched over, looking like an ordinary old man.

The Chu Emperor waved his hand and said indifferently, "All the spies, withdraw. No one can be left alive. Otherwise, I will take your heads."

As he finished speaking, the black shadows quickly left.

Director Mu was stunned. He did not understand what had happened.

At this moment, Emperor Chu looked at Director Mu with a complicated gaze and said, "Let's go in and talk..."

### **Chapter 844: Emperor Chu Ascends to Heaven, Appears at the Saint's Place (1)**

Director Mu quickly saw through this complicated gaze. He didn't know what had happened, but he knew that the Chu Emperor had said to let him in first. This proved that this matter wasn't simple.

Thinking of this, Chief Mu did not say anything more. He turned around and raised his hand, making a gesture of invitation.

The Chu Emperor placed his hands behind his back and walked towards Zhai Xing Lou.

At this moment, everyone in Zhai Xing Lou had left. Because of the Chu Emperor's words, no one dared to stay here.

The Chu Emperor walked very slowly. With every step he took, he would size up his surroundings, as if he wanted to memorize everything in his surroundings.

After arriving at the staircase, he lifted his feet and walked up the stairs. He placed his hand on the handrail and slowly felt around.

Director Mu, who was standing behind him, frowned even more when he saw the situation.

"I remember that the first time you said you wanted to keep a low profile, but you built this nine-story building." The Chu Emperor lowered his gaze, and no one understood the meaning in his gaze.

"Later, Eunuch Wei came over to scold you when he knew. The two of you started arguing. Eunuch Wei was impatient and pushed you onto the stairs, breaking the handrail."

The Chu Emperor spoke of this past event.

Director Mu shook his head." He's older than me. I have to give in to him. Otherwise, I'm a Saint Warrior. Why would I be afraid of a Transcendent?"

After he said that, he looked around and heaved a sigh of relief when he confirmed that he did not see Eunuch Wei.

People naturally restrained each other. The head of the Heaven Inspectorate was only afraid of Eunuch Wei in the palace.

The Chu Emperor didn't pay attention to Director Mu's small movements. He gently wiped the armrest with his hand." We're all family. There's no need to get angry over such trivial matters in the future."

As soon as he said that, Director Mu's already anxious heart became even more anxious.

"Your Majesty, why do I feel that you seem to... It seems..."

He didn't finish his sentence. It wasn't convenient for him to say it in such an occasion.

But his meaning was already very clear.

The Chu Emperor turned his head, and his gaze that had been lowered all this while finally landed on Director Mu. His tone carried a hint of ridicule."It's like you're saying your last words, right?"

Director Mu didn't say anything, but the anxiety in his eyes showed his current state of mind.

"Let's go to the ninth floor for a drink!" The Chu Emperor waved his hand and didn't dwell on this matter. He took large strides up the stairs and continued walking.

Director Mu did not ask and followed behind.

The two of them walked all the way until they finally arrived at the ninth floor.

Director Mu lit the oil lamp and took out two jars of wine from the cabinet beside him. He handed one jar to the Chu Emperor and opened the other jar himself.

The Chu Emperor opened the wine jar and raised his head to take a sip. Wiping the wine from the corners of his mouth, he sighed."Awesome!"

Director Mu also took a big gulp." The last time we drank was when Xu Bai was around. He was going to the Bizarre City to look for the Demon's Heart, so I drank with him."

"Xu Bai..." The Chu Emperor's gaze was deep,'That's a good child. Although there are times when he's overly greedy, he's never ambiguous in the face of major issues."

"Yes!" Director Mu nodded and agreed, but his face showed hesitation.

There were some things that he really wanted to ask, but the Chu Emperor didn't seem to want to tell him.

"Go ahead." The Chu Emperor took another sip of wine, but his eyes were clear."At our level, getting drunk is a luxury."

Director Mu gritted his teeth and finally asked the question in his heart,"Your Majesty, you said that you wanted to say your last words. What do you mean?"

The Chu Emperor stretched out his hand and patted Chief Mu's shoulder. He smiled and said,""Nothing much. It's just that I'm going to die soon. Then, I want to hand over the world of Great Chu to you. How about you be the emperor?"

"Swoosh!"

Director Mu stood up abruptly and took two steps back.

“Your Majesty, why?”

He didn’t try to dissuade her, nor did he try to persuade her. He just wanted to know the reason.

From the conversation just now, he knew that the Chu Emperor wasn’t joking with him. This matter was real.

But... Why?

How could a ninth-grade Saint suddenly die?

“Why...” The Chu Emperor’s eyes revealed a rueful look. He came to the window and looked at the entire capital from the nine-story building. “The capital is really good. Unfortunately, I still have many things to do.”

“Most of the people have no worries about food and clothing, but there are still many remote places that live in extreme poverty. I’ll hand these things to you in the future.”

“Also, severely punish corrupt officials. When I sent Xu Bai to the capital, I had already filled in many loopholes, but there were still some fish that slipped through the net.”

“Lastly, Xu Bai is a good child. You must not scheme against him in the future.”

With every word spoken, the Chu Emperor’s tone became more and more solemn. Towards the end, his body already revealed a powerful pressure.

“Your Majesty!” Director Mu quickly walked to the front of the Emperor of Chu and pulled his sleeve. He said anxiously, “Are you going to... To the Bizarre Market?”

The Chu Emperor nodded without avoiding the news. “Now that the world is unified, do you know that if the two bizarre markets are unified, their chances of becoming Saints will definitely surpass ours by a lot? We have no chance of winning, not even a little bit.”

“I knew this long ago. I lied to you. Even if the world is unified, we can’t enter the Bizarre Market because we can only start a war after the Bizarre Market is unified. We won’t be disturbed by the rules.”

**I Have Unparalleled Comprehension #Chapter 845: Emperor Chu Ascends to Heaven, Appears at the Saint’s Place (2) - Read I Have Unparalleled Comprehension Chapter 845: Emperor Chu Ascends to Heaven, Appears at the Saint’s Place (2)**

“But when that time comes, we will only be crushed. Therefore, this is my plan.”

Director Mu stood rooted to the ground.

Even he did not know about this.

The Chu Emperor continued, “I am the only one who knows about this. But I don’t know why Xu Bai knows about it as well.””

“Therefore, I want to turn this situation around.”

“How?” “Even if His Majesty wants to use his own life to fight for a reversal, his soul will be completely gone after entering the Bizarre Market,” Director Mu said with a bitter smile.”

No one in the world could break the rules of the Bizarre Market. Other than Xu Bai, no one could successfully enter and leave without leaving their soul.

Emperor Chu pointed at himself and smiled.” When I entered the Bizarre Market, my soul was completely gone. However, I am a human. The Bizarre loathes the living, and the living loathes the Bizarre. Even if my soul was completely gone, I would still make it difficult for them to resist by relying on their instincts.”

“What I want is time to develop, a chance for you.”

“But there are many Saints in the Bizarre Market, but His Majesty is only one.” Director Mu smiled bitterly.”

These words were not wrong. The Chu Emperor had only sent one person in, and they were both Saint Realm experts. However, there were many of them over there. There was simply no chance of victory.

“What if I become a Saint?” The Chu Emperor laughed.

Director Mu felt as if a bolt of lightning had struck his heart. He stood rooted to the ground, not moving at all.

Saint...

If that was the case, even without his soul, he could still turn the bizarre market upside down by relying on his instincts.

“No!” “Your Majesty, even if I have to die, I can only die as a subject first. Leave this matter to me. After I become a saint...” Director Mu hurriedly said.

He didn't finish his sentence because the Chu Emperor pressed down on his shoulder and stopped him.

"Listen to this one. This one doesn't have many days left and you still want to interrupt."

Director Mu closed his mouth.

Emperor Chu said, "It will take a long time for you to become a Saint. Even if the world is unified now and the rules of becoming a Saint are broken, it will still take time. However, I can't wait any longer."

"I am the emperor. After the world was unified, I was already on the verge of becoming a saint. Now, I am only one step away from taking this step."

"At that time, I can buy time for you. You can try your best to break through to the Saint Realm or the Saint Realm to increase the strength of the human world."

"You're a Fate Master, and you're also the Emperor of the Great Chu State. With the combination of the two, you have the possibility of becoming a Saint faster. Only in this way can you increase the strength of the human world."

"There are also other Transcendent and Saint level experts. They will also be able to catch their breath."

Director Mu opened his mouth and wanted to say something, but he couldn't say a word.

If such a method fell on him, he would enter the Bizarre City without hesitation and replace the Chu Emperor.

Even Prime Minister Wen, Eunuch Wei, and the others would enter without hesitation, but they were still not qualified.

"Zhen has thought it through. This matter is settled. Zhen only came to say hello to you. Also, you must not tell Eunuch Wei." The Chu Emperor returned to the table and picked up the wine jar. "Let's drink. Tonight, we'll get drunk."

Director Mu's expression became more and more complicated. Finally, he sighed and walked to the table. He picked up the wine jar and clinked it with the Emperor.

"Your Majesty, are you willing to do so?"

"I can't bear to." The Chu Emperor said very directly, "But I'm willing to."

When the wine jar was emptied, the Chu Emperor seemed to have become extremely frustrated. He threw it on the ground and smashed it into pieces.

“I can’t get drunk!”

“Bring me all the wine!”

“Yes, sir!” Director Mu stood up and arranged all the wine jars in the cabinet.

The Chu Emperor opened them one by one and pointed at the pile of wine.””You won’t do anything tonight, just drink with me.”

As he spoke, he lifted a jar and raised his head to drink.

Director Mu’s expression was solemn. He didn’t say a word and only continued to shout at Emperor Chu.

This drinking lasted the entire night.

The next day.

The Chu Emperor walked out of Zhai Xing Lou and returned to the Imperial Palace. Coincidentally, he bumped into Eunuch Wei.

Eunuch Wei smelled the alcohol on the Chu Emperor’s body and frowned.””Your Majesty, why did you drink so much?”

The Chu Emperor was still not drunk at all.” I was just being presumptuous. Eunuch Wei, I won’t be attending the morning court today.””

Eunuch Wei agreed, but he felt that the Chu Emperor was a little strange.

The Chu Emperor only said this one sentence before turning around and leaving. He returned to his royal study, closed the door, and took out a memorial.

He planned to write something or write some last words, but he gave up in the end.

“Last words? No, just let the world know.”

Thinking of this, the Chu Emperor walked out of the royal study and arrived at the largest main hall in the entire Imperial Palace.

This was the place where the morning court session was held. As there was no morning court session today, no one was present.

The Chu Emperor sat on his dragon throne, gently stroking it.

A moment later, his scattered eyes gradually gathered together.

“It’s time...Let’s begin! Let me see what kind of dog Chu Sheng is!”

A powerful aura circulated around the Chu Emperor’s body.

In the next moment, as long as they were within the Great Chu State, including the Barbarian Race and the Great Yue State, they would be killed.

Countless golden dragon qi was rising into the sky.

As long as one was in the industry, they could see everything.

Everyone was shocked by this scene.

At the border of Great Chu.

King You Sheng was stunned.” This is dragon energy. Why is my brother mobilizing so much dragon energy? What does he want to do?”

## **Chapter 846: Emperor Chu Ascends to Heaven, Appears at the Saint’s Place (3)**

He couldn’t figure it out. He came to the outside of the tent and looked up at the golden sky.

For some reason, he suddenly felt very flustered, as if something big was about to happen, and it was related to him.

Other than panic, there was also fear, as if something was about to be lost.

“Men!” King Sheng You’s eyes turned red.” I’ll leave this to you. I’m going to the capital to see what my brother is up to!”

After saying that, King Sheng You directly disappeared. He used his strongest military formation technique and quickly rushed over.

Countless soldiers could see that the golden light in the sky was gathering in the direction of the capital.

Great Yue State.

Bai Zhong and Liu Yue were discussing various matters.

Ever since the reconstruction of Great Yue State, everything had become very complicated, so they needed to discuss it together.

When the golden dragon energy flew up, the two of them stopped their movements and saw the shock on each other's faces.

“Emperor...What is he trying to do?”

No one knew, but this scene was too shocking.

Barbarians.

Xu Bai hugged Chu Ling and gently patted her back.

Just a moment ago, when the golden dragon energy rose, Chu Ling's eyes suddenly turned red. She seemed to have recalled something sad, and she hugged Xu Bai and started crying.

“Husband, I don't know why, but I suddenly feel a pain in my heart. It's so uncomfortable, as if I'm about to lose something.”

Chu Ling, who was in Xu Bai's arms, raised her head. Her eyes were already crying like peaches.

Xu Bai hugged Chu Ling tightly and comforted her carefully.

Although he was consoling them, he also felt extremely uneasy as he looked at the golden dragon qi in the sky.

As long as it was within the current territory of Great Chu, everyone in the industry could see it clearly.

They all knew that something big was about to happen and were waiting.

In the Imperial Palace.

Eunuch Wei looked at the main hall that was enveloped in golden dragon energy. He tried several times but failed to enter.

Even with his strength, he couldn't do anything about it.

All the officials were gathered in the open square below the main hall.

Even Prime Minister Wen, who had been in seclusion, appeared.

Prime Minister Wen took a few steps forward and grabbed Eunuch Wei's collar.

This gentle and refined scholar's expression became extremely ferocious.

"Wei Fenghua!"

"You have always been by His Majesty's side. Why did such a thing happen? Why do I feel like the sky is about to collapse?"

"Give me an explanation!"

Normally, Eunuch Wei would have retaliated, but at this moment, Eunuch Wei looked like he had lost his soul.

"Let me tell you."

A voice rang out. Director Mu rushed over from afar. When he saw the scene in front of him, his eyes flashed with sorrow.

Everyone's eyes were focused on him. He told them everything that had happened last night.

"Boom!"

Director Mu took a few steps back and looked at Prime Minister Wen and Eunuch Wei who were attacking him. He did not retaliate.

“You motherf \* cker!” Eunuch Wei, who followed the rules, cursed for the first time, ””Since you knew, why didn’t you say it and let His Majesty do it?”

“Old thief Mu, you’re not a son!” Prime Minister Wen said angrily.”

“If His Majesty tells you, can you stop him?” Director Mu smiled bitterly.”

It was just a simple sentence, but it made everyone present fall silent.

Stop him?

Who could stop him?

In this world, even King Sheng You could not stop Emperor Chu who had made up his mind.

“As officials, we can only do what His Majesty has ordered after His Majesty has left.” Director Mu continued.

“If His Majesty leaves, we can’t let down everything he has done. In the end, we must take down the entire Bizarre Market.”

No one answered him, and no one spoke. Because at this moment, the dragon energy that enveloped the main hall finally moved.

In the sky, the golden dragon energy was rapidly compressing.

The dragon energy turned into a large golden ball and was gradually being absorbed.

The dragon energy shrank at a speed visible to the naked eye. Gradually, the dragon energy in the entire hall disappeared.

In the next moment.

A stalwart figure walked out from inside and gradually appeared in front of everyone.

“Your Majesty!”

When the officials saw this person, they quickly walked forward and wanted to speak.

But before they could say anything, the Chu Emperor raised his hand slightly and pressed down with all his might.

It was such a simple action, but even a ninth-grade Saint like Chief Mu couldn't move an inch.

The Chu Emperor had already reached the Saint Realm. This realm was a crushing force for everyone present. However, the Chu Emperor's expression was unusually ugly at this moment.

He looked up at the sky that no longer had any dragon qi and muttered.

“So, this is the so-called emergence of saints.”

“I think I saw something when I was about to leave the Saint Plane. It was very terrifying.”

“It’s like a kind of despair, a terrifying despair.”

“What exactly is it? What exactly is a Saint? Why am I seeing it?”

“It, him, or her?”

Everyone present heard every word Emperor Chu said.

When all the murmurs had disappeared, Emperor Chu swept his gaze across the crowd with a complicated expression. Especially when he saw Director Mu, he suddenly said,

“I broke through hastily and didn’t see much.”

“If you break through, you must take a look at it more. See what that terrifying despair is!”

## Chapter 847: Emperor Chu Ascends to Heaven, Appears at the Saint's Place (4)

Director Mu couldn't speak. He was constantly suppressed by Emperor Chu. He wanted to say something, but Emperor Chu wouldn't let him.

"You'll understand when you see it. There's a lot of despair and fear."

"There are really a lot of them. They have lost their rationality and become crazy. However, amidst their madness, there is also rationality. Just like many people, but they were not human."

As he spoke, the Chu Emperor raised his hand slightly.

A huge crack suddenly appeared in the sky. Countless cold qi leaked out from the crack.

Shadows emerged from the crack, but they did not enter the human world. Instead, they looked out from the crack. Their eyes were filled with killing intent and indifference, like butchers who only knew how to reap lives.

A sinister voice came from inside.

"Saint...Someone in the human world has appeared and opened a crack in the bizarre market. What do you want to do?"

The Saint-level Strange One stood within the crack, staring coldly at the Chu Emperor.

A Saint Realm expert could actually open the Bizarre Market at will. This was something that Strange had not expected.

Even they couldn't close the crack.

The Chu Emperor didn't bother with the strangeness of the situation. Instead, he lowered his head and pondered. After pondering for a moment, he finally raised his head with a smile hanging on the corners of his mouth.

"In this world, I can be considered to be indomitable. In the words of Director Mu, if you want to have style, you have to leave something behind."

As he said that, the Chu Emperor's body slowly flew up and headed toward the crack.

Seeing this, the Saint Realm cultivator was shocked. "You want to come in? Aren't you afraid that your soul will disappear? I get it now. You want to become something that exists only based on instinct to kill us!"

After saying that, the Saint Realm Creepiness did something weird and turned around to run.

The other strange things did not stop either and disappeared completely.

As the Chu Emperor rose higher and higher, the aura on his body also became stronger and stronger. A series of words appeared from his mouth.

“Today, I entered the Strange City to seek peace for the human world.”

“Everyone in the world, remember that I don’t have much time left for you. You need to cut through the thorns and advance further.”

“Become a Saint, and then become a Saint as soon as possible. Extraordinaries, become a Saint as soon as possible to overturn the situation.”

“Otherwise, the human world will be in danger.”

As the Chu Emperor spoke, every single sentence spread throughout the entire world. Everyone in the industry could hear it clearly.

In the eyes of countless people, the scene of Emperor Chu ascending to the heavens actually appeared.

People of the Great Chu Country did not need to kneel down.

However, when they looked at the scene in front of them, their knees suddenly gave way and they knelt on the ground.

Everyone had a determined look on their faces, but the sorrow in their eyes could not be hidden.

The Emperor of Great Chu, the true number one person in the world, should have enjoyed all the glory and wealth, but now he had to enter the Bizarre Market alone.

Why?

It was for the people of the world.

They were the ones who benefited.

This was also the reason why they knelt down.

In the sky, the Chu Emperor was getting closer and closer to the crack. He slowly spoke again.

“Remember, this one last sentence is to be told to the people of the world.”

“You are born different from ordinary people and possess powers that ordinary people cannot possess.”

“I hope that when the time comes, you will die before the people.”

“Just like...I will die before you.”

In the sky, the crack was getting closer and closer.

The Chu Emperor turned around and looked at the civil and military officials one last time. He smiled and said, “Zhen is leaving. Write it beautifully in the history books.”

With that, he jumped into the crack.

The surrounding cracks began to shrink and finally disappeared.

The power on the civil and military officials disappeared. They returned to normal and could move freely.

Everyone was silent. No one spoke. It was as quiet as a calm lake.

At this moment, a civil official suddenly knelt down, prostrating himself in the direction where the Chu Emperor had disappeared.

Immediately after, the civil and military officials fell to the ground one after another.

Even Director Mu, Eunuch Wei, and Prime Minister Wen knelt on the ground.

A series of sounds rang out...

“Your Majesty, good luck!”

All the people in the world who saw this scene repeated this sentence.

In the wilderness.

King Shengyou, who was hurrying on his way, looked at the scene of Emperor Chu disappearing in the sky. When everything disappeared, his eyes were filled with unconcealable sorrow.

“Old brother...I'll leave first...”

“We have been brothers for so many years. How could you hide it from me? This is not good, this is not good...”

“Let me send you on your last journey.”

Sheng You King sighed and continued to rush into the city, his back showing endless loneliness.

Great Yue State.

Bai Zhong and Liu Yue looked at each other, both of them feeling extremely emotional.

“After being enemies with him for so many years, I admire him today.” Bai Zhongdao

“I’m fighting for time for the people of the world. I have no choice but to submit. Forget it, we’ll go to Great Chu and guard his spirit.” Liu Yue stood up.

“That should be the case.” Bai Zhong nodded.

The two of them did not stop and walked towards the imperial palace of the Great Chu.

Barbarian territory.

Xu Bai hugged Chu Ling tightly, not knowing what he was feeling in his heart.

Chu Ling had already stopped crying and was staring blankly at the white clouds in the sky.

The scene of the Chu Emperor ascending to the heavens had disappeared, but she still continued to watch.

Xu Bai patted Chu Ling’s back, “Pack up.”

Chu Ling turned her head around in a daze and did not say anything.

“It’s time to go to the Imperial Palace of the Great Chu and send your father off.” Xu Bai pulled Chu Ling into his embrace.

**Chapter 848: Emperor Chu Ascends to Heaven, Appears at the Saint’s  
Place (5)**

Chu Ling leaned into Xu Bai's embrace and nodded her head lightly. She said weakly, "Husband, I don't have a father anymore."

Xu Bai was silent.

In the Imperial Palace of Great Chu.

At this moment, countless people were rushing over.

The magnificent main hall was now covered in white cloth.

The civil and military officials were all dressed in white and sackcloth, kneeling in the open space in front of the main hall.

The funeral was carried out as scheduled, presided over by King Sheng You.

Xu Bai had already arrived with Chu Ling. Chu Ling was wearing mourning clothes and was kneeling in front of a coffin.

There was nothing in the coffin except for the Chu Emperor's favorite jade pendant.

Xu Bai didn't say anything. He wanted to say something, but he didn't know where to start.

He thought that if the Chu Emperor could leave behind a remnant soul in the mortal world, perhaps he could use the method he used to awaken Liu Qingfeng to awaken the Chu Emperor.

The Chu Emperor's soul would definitely be wiped out if he entered the bizarre market.

If he could come out alive, with a remnant soul and the method of awakening, it might be useful.

But... There were no remnant souls.

That method was useless.

Xu Bai accompanied Chu Ling as he looked at the people who were walking forward and surrounding the coffin.

The rest of the matter was still being handled.

Xu Bai also knew that Director Mu should be the next emperor.

No one objected, because this was the Chu Emperor's intention. Even if the Chu Emperor went to the Bizarre Market, no one dared to refute that sentence.

Xu Bai was not interested in these things at all.

He felt an intense sense of urgency. Even a Saint like the Chu Emperor could only sacrifice himself to buy time for the world.

What about him?

“This time, it’s over. I’ve finished all the progress bars of the barbarians.”Xu Bai thought.

As he thought about this, time gradually passed.

Even at night, Xu Bai was still accompanying Chu Ling.

He thought that nothing else had happened.

Unexpectedly, Director Mu suddenly walked over.

“I have something to say to you. Come with me.”

It was normal for Director Mu to be in a low mood. No one was in a good mood now.

Xu Bai looked around and comforted Chu Ling in a low voice. He told her that he was going out for a while before following Director Mu to a remote place.

“What is it?”

He looked around, not knowing what was going on.

It must be something very important to call him over at this time, so Xu Bai was a little curious.

Director Mu’s expression was complicated as he recounted to Xu Bai the scene that the Chu Emperor had seen when he ascended to the heavens.

“Madness and rationality?” “You suspect that it has something to do with me?” Xu Bai frowned.”

Director Mu nodded and said straightforwardly, ””That’s right, but I don’t know the exact situation, so I can only tell you.”

“I’ll say it one last time. I don’t like being schemed against by others.””

The previous few times, Director Mu’s schemes had left a deep impression on him.

Xu Bai felt that since Director Mu had told him all this, it was very likely that he was up to something.

Director Mu smiled bitterly." I didn't mean to scheme against you. His Majesty said that you're a good child, and I promised him, so I definitely won't do that.""

"The reason why I told you this is to remind you that if you see these things when you leave the Saint Plane, don't do anything."

Xu Bai frowned even more when he heard that.

This sentence was a little interesting.

Was Director Mu afraid that he would seek his own death when he was just about to?

To be honest, it was really possible. After all, it was so similar to his Heavenly Transformation. He really wanted to try it.

However, there was a limit to everyone's death. Xu Bai was a person who understood limits.

"I understand." Xu Bai said.

"What do you plan to do next?"

"Hurry up and break through to Saint." "This way, I can provide everyone with another seat to enter the Saint Plane," said Director Mu."

"I don't know how long Your Majesty can drag this out, but I hope that there will be more time."

"If...If we can't hold on any longer, and we haven't developed yet, I'll take His Majesty's path."

Xu Bai remained silent.

"Alright." Director Mu patted Xu Bai's shoulder."Let's not talk about this anymore. Accompany Chu Ling more, she must be very sad."

With that, CEO Mu left.

Xu Bai stood where he was and carefully recalled what President Mu had said. He felt a headache coming on.

He knew that the origin of the cheat was definitely not simple. It was impossible for it to appear out of nowhere.

But in the beginning, he had been in trouble since he obtained the cheat, so he had been using it until now. Moreover, he had no clues to look for it, so he temporarily put it aside.

Now that he suddenly had a clue, Xu Bai was very interested.

“It’s still too early to become a Saint.” Xu Bai thought, “We’ll see when the time comes.””

With this thought in mind, he prepared to return to the main hall.

As for what the Chu Emperor had seen, he would have to wait until he stepped out of the Saint Plane. After all, he had never seen it with his own eyes, so he didn’t know what was going on. Some things had to be seen with his own eyes to know.

Xu Bai lifted his foot and prepared to go back.

However, before he could take two steps, he suddenly saw a person in the darkness.

## **I Have Unparalleled Comprehension #Chapter 849: The Power of the New Skill (1) - Read I Have Unparalleled Comprehension Chapter 849: The Power of the New Skill (1)**

A woman in plain white clothes was slowly walking over.

Although the woman was over middle-aged, from her appearance, she must have been very elegant when she was young.

When Xu Bai saw this woman, he cupped his hands and said, ””Greetings, Empress. Empress, my condolences.””

The Empress shook her head gently and looked at Xu Bai with a complicated gaze.””In the past, when you were drinking with Eunuch Wei in the palace, we had seen you before, but I had never spoken too much to you. Today, I am looking for you because there is something important.””

“Please instruct me, Your Majesty.” Xu Bai said.””

He did not expect that the person he saw was actually the Empress.

He had met Eunuch Wei a few times when he was drinking with him in the Imperial Palace. They had chatted for a while, but they hadn’t talked much.

In his impression, this woman did not have much of a presence, but to be able to sit firmly in the position of Empress in the harem, she must have her own means.

Therefore, Xu Bai was curious about the Empress's appearance. He didn't know why.

The Empress took out a letter from her sleeve and handed it to Xu Bai. "BenGong found this when I was tidying up His Majesty's belongings. There is a handwriting that requires you to personally open it. I recognize His Majesty's handwriting. This was written by His Majesty and was not opened."

Xu Bai was slightly stunned. After receiving it, he looked at the intact cover but did not open it.

"You can take your time to read it. I still have to go to the mourning hall." The Empress didn't say anything else and turned to leave.

Xu Bai looked at the Empress's back until she was far away. He then looked at the letter in his hand with a complicated expression.

He was not a person who showed joy on his face, but he knew that the Emperor had treated him well ever since he met the Emperor.

Now, he had left a letter for him alone. It must be something very important.

"Let's see."

Thinking of this, Xu Bai opened the letter and read it carefully.

The contents of the letter were written on the paper. It was written in vigorous and powerful handwriting, and it gave off a soul-stirring sense of oppression.

[Xu Bai, I'm glad to see you.]

[If you read this letter, I might have already gone to the Bizarre Market. My soul would probably be gone. You should know what I'm going to do.]

[I didn't leave anything for anyone else. I only left you this letter to tell you that I hired the best fortune teller in Great Chu to read your fortune.]

[At that time, someone asked me about it. I only said that you were a genius that was hard to come by in a hundred years and that you would be of great benefit to Great Chu. However, these were all my words.]

When Xu Bai saw this, his eyes narrowed slightly.

Divination?

He knew that before he went to the capital, the Chu Emperor had found the best fortune teller in Great Chu to read his fortune.

There was a ninth-grade Transcendent expert in the Great Chu Country who was good at fortune-telling.

Xu Bai was also proficient in this path, but this profession was too complicated. He did not know how to calculate the various luck trends of people.

And this person from Great Chu was good at this.

He had originally thought that the Chu Emperor was speaking the truth, but he never expected that it was just a smokescreen to conceal the truth.

“What is so special about me?”

With this thought in mind, Xu Bai continued to look down.

He flipped to the second page, and the contents of the letter continued to expand.

[Why should I hide it? You should be very curious. I've already gone to the Bizarre Market. I can't take this thing away. Of course, I have to tell you myself.]

[That day, the fortune teller once said that besides bringing unimaginable benefits to the motherland, you will also bring great changes to the world.]

[These are not the most important things. The most important thing is that he calculated your origin and almost lost his life in the end.]

[In the end, I asked him what he had calculated. He replied that he came from an unknown place. In the future, he could bring benefits to Great Chu and change the world, but the most fundamental change was this.]

[Good or bad?]

[He couldn't explain it clearly. If it's good, it's a blessing for all the people in the world. If it's bad, no one can stop you. You'll become the nightmare of the entire world.]

Nightmare?

Xu Bai clenched the letter in his hand.

He had never considered these things.

“Am I good or bad? Probably it's good to be good, right?”

“At least from the looks of it, I didn’t bring any nightmares.”

With this thought in mind, he didn’t finish reading the letter. He first put down his thoughts and continued reading.

[I don’t know if this is the right thing to do, but for now, you’re developing in a good place.]

[And the most important thing, which is also the root of this letter, is that you... She should have been a widow or even a person destined to die young, but for some reason, her fate had changed.]

[There is something in your body that changes the root of your fate, but no one can touch it, and no one dares to touch it. Whoever touches it will die, and I am no exception.]

[If you want to find the source of this thing, there is only one place.]

[It’s not a bizarre market, but a relic.]

[There are the origins and endings of each era. Perhaps you can find the answer there.]

The content of the letter ended here. Xu Bai kept the letter quietly and repeated it in his heart.

“Ruins...Ruins...”

He knew why he changed his fate and why he died early in the beginning.

## **I Have Unparalleled Comprehension #Chapter 850: The Power of the New Skill (2) - Read I Have Unparalleled Comprehension Chapter 850: The Power of the New Skill (2)**

This had already come true. According to the scene at that time, he would have already died.

To be precise, he was killed in the Raging Tiger Camp, but the person who died was the original person, and he had transmigrated.

This was the meaning of early death.

However, after he came, everything changed. The untouchable thing that could change one’s fate was the golden finger.

Now, the Chu Emperor had clearly told him that if he wanted to find the source, he had to go to the ruins. In that case, he had a goal.

“But this matter has to wait a little longer. Unless I become a saint, I won’t focus on finding this ruin.”Xu Bai thought to himself.

If the Chu Emperor hadn’t died, Xu Bai wouldn’t have known about this. If there were good ruins, he might have gone to take a look. But now, things were different. Now that the Chu Emperor was dead, the entire world’s situation had changed.

Now, there were only six ninth-grade Saint Realm experts left.

The two barbarians had escaped. Perhaps they would take advantage of this period of time to plot something.

Therefore, he had to seize the time to improve his strength. He had to reach the Saint Realm at the very least.

When he became a Saint Warrior and had the ability to protect himself, he would be able to search in the ruins as he pleased.

“Yes... That’s the plan for now.”

Thinking of this, Xu Bai took out the letter he had just put away. With a slight movement of his finger, the letter turned into dust.

This thing could not be left behind. The things recorded on it were too important, so it had to be destroyed.

After that, Xu Bai walked toward the mourning hall.

As he walked, he thought about what to do in the future.

He had to hurry up when he got back. He had to finish reading the two books about failing to become a saint. If they still couldn’t help him become a saint, he would have to continue reading the books about barbarians.

After becoming a saint, he would rush over to any ruins.

When they arrived at the mourning hall, the heavy and oppressive atmosphere was still lingering. Xu Bai walked to Chu Ling’s side and continued to accompany her.

The Chu Emperor’s funeral took a long time.

The empty coffin was buried in the newly constructed imperial tomb. This was also the burial place of the first emperor of Great Chu.

Although everyone knew that the Chu Emperor was not dead, his soul was gone. It was no different from death.

After everything was settled, Xu Bai accompanied Chu Ling back to the land of the Barbarian Race.

Chu Ling had already pulled herself together. She was now the King of the Barbarian Race, so she couldn't stay in sorrow for too long. After she returned, she threw herself into the construction of the Barbarian Race.

Xu Bai went straight to the royal treasury.

Liu Qingfeng and the female Abbey Dean were both there. When they saw Xu Bai, they did not say anything.

After finding a seat, Xu Bai took out his experience of failing to become a Saint Warrior and continued reading...

The entire world was immersed in the atmosphere of the Chu Emperor ascending to the heavens.

Most of them were drowning in sorrow, but some of them had other thoughts.

In a secret place, two people were looking at each other.

These two people were wearing ordinary clothes, but whether it was their appearance or their aura, they did not look like ordinary people at all.

If people knew where they were, all the Saint Realm masters in the world would rush over and kill them.

"The Chu Emperor, that old thing, is finally dead!"The barbarian leader laughed heartily, as if he was relieved of the frustration in his heart.

The Great Magus sat beside him with a smile on his face."Although he's not completely dead, he's only an empty shell. Moreover, he went to the Bizarre Market."

The two of them were the happiest about the Chu Emperor's actions this time around. Back then, the Chu Emperor had led his troops straight up and flattened the entire Barbarian Race. Now, it was their turn to be happy.

"I'll go catch two people and have some meat today."the barbarian leader said.

As he spoke, he got up and prepared to leave.

Before he could take two steps, he was stopped by the Grand Magus.

Although the Chu Emperor was gone, there were still four Saint Realm experts other than them. Moreover, those four Saint Realm experts were in a group, so they had no way of dealing with them.

The barbarian leader stopped in his tracks when he heard that. There was a hint of ruthlessness in his eyes.

“Back then, the world was divided into three parts, but now we’re like street rats. All of this is because of Xu Bai!”

“If he didn’t kill the Emperor of the Great Yue State, how could we end up like this?”

“How hateful! This person deserves to die!”

With every word he said, the killing intent in his eyes grew stronger, as if he wanted to swallow Xu Bai alive.

The Grand Magus sighed." This person's fate is extremely tough. Even if it was a backup plan we left behind, he still managed to dodge it. He's really lucky. ""

To Xu Bai, the resentment left behind by the Berserkers after their deaths was originally a powerful killing move. However, it had turned Liu Qingfeng's life around.

They knew all these things. As for how they knew, the resentment was related to the Grand Maqus and could be felt.

“Haha.” The Barbarian leader looked at the chest of the Grand Magus. There was a huge bloody hole there, and it was still slowly recovering.

There was a strange power that was preventing him from recovering. His recovery was very slow.

“Don’t put your energy on him for the time being. This guy is too dangerous.”

Back then, they had indeed had this plan and had carried it out. Moreover, they had succeeded. However, not only did Xu Bai break it, he had even injured the Grand Warlock.

The barbarian leader still remembered the scene at that time. At that time, the Grand Maqus suddenly hugged his head and howled miserably.
