Chapter 901: Look at My Past Life (4)

To be precise, it was not the intensity of the attack that had weakened, but the frequency. In other words, the opponent had expended a lot of energy to create an illusion of this level.

Drag! He was dragging it out desperately!

He was a person who liked to fight head-on, and he was a person who was suitable for it. Facing such a strange ability, he could only use this move.

Thinking of this, Xu Bai continued running.

After another half an incense's time, the attack finally disappeared.

At the same time, he saw a fat man appear in midair.

The fat man still had the characteristic of the Mindfulness, but at this moment, it was extremely weak, as if it would dissipate at any moment.

"You're gone." Xu Bai said.

A white light appeared in his hand and enveloped the fat man. The fat man let out a mournful wail, but his eyes still had no trace of humanity.

As the white light in Xu Bai's hand gradually became blinding, the fat man finally turned into ashes.

"Hu..." Xu Bai let out a long breath and finally relaxed.

Today's battle was indeed unexpected.

If it wasn't for the fact that he remembered the use of his previous life at the critical moment, especially when he remembered that he wasn't as strong as he was now, he probably would have let Xiao Jin come out and play.

"Then, I'll continue to explore. Most importantly, I seem to have found some clues. Who exactly is he has become the target that I have to find now."

Xu Bai had already made up his mind. Now that he had a target, he would follow this target. He had a vague thought in his heart that the so-called "him" was probably inextricably related to him.

"Hmm? Why did it seem like something was wrong? Why hasn't this illusion dissipated yet?"

He had just made up his mind when he realized that something was wrong. The Nian Shen was clearly dead, but the illusion was still there. This was not very scientific.

Xu Bai looked left and right. There were no more attacks, and the surroundings were in ruins.

He was sure that there was no danger now, but he had no idea what the situation was and how to get out.

Even as he stood there, thinking carefully, something strange happened in the sky.

This time, it was no longer the so-called various attacks. Instead, the clouds in the sky were constantly converging and spiraling. In the blink of an eye, the clear white clouds turned into dark weather.

Dark clouds swept across the sky. The spiraling clouds gathered into a huge eye that swept around with an emotionless gaze.

Xu Bai's heart skipped a beat. He didn't know why, but when he saw the eye, he suddenly felt a sense of extreme danger.

This feeling of danger was as if this eye had come specifically for him.

"Wait, wait, wait, wait, wait.

Xu Bai suddenly thought of the "he" that the fat man had mentioned not long ago.

At this time, such a strange eye appeared. It was difficult not to associate him with the eye.

Of course, these were the most important things. The most important thing was that his current situation seemed to have become very dangerous.

"Hmm?"

As Xu Bai thought about this, his expression turned extremely strange.

The surrounding modern city disappeared, the ruins disappeared, and everything else disappeared. What replaced it was an unfamiliar environment.

He found himself in a tall temple, surrounded by Buddhist chants and sandalwood incense.

The eye in the sky was still there, but it was not aimed at him.

Xu Bai saw that there was a square not far away. In the square, a fat man was kneeling on the ground and kowtowing continuously. The object of his kowtow was the eye in the sky.

At this moment, the fat man was dressed in monk robes and covered in blood. Around him were the corpses of monks.

“Spare me, spare me...”

The fat man kept talking and kowtowing.

Seeing this scene, the strange expression on Xu Bai’s face deepened.

He knew where he was.

Chapter 902: Many Savors

Not long ago, he thought that the huge eye was coming for him, but now it seemed that the huge eye did not come at all. To be precise, everything in front of him seemed to be fake.

As for what caused it?

He wasn’t sure.

However, everything in front of her eyes indicated a problem. It seemed to have something to do with that fat man.

When she was talking to the fat man just now, the fat man had mentioned a “him”.

From the looks of it, this eye was ‘him’.

Xu Bai didn’t do anything. He just watched quietly, looking forward to what would happen next.

The fat man in front of him was wearing a monk's robe. To be precise, he should be a monk.

He was constantly kneeling and begging for mercy. The surrounding corpses formed a strong contrast with his begging actions and figure.

In the sky, that eye was emotionless as it stared downwards.

"As long as you spare my life, Wu Nan will definitely be at your beck and call. I can even do anything for you."

Wu Nan was the fat man's name.

The huge eye in the sky was staring at the ground, but no matter what Wu Nan said, it did not move. It was as if everything before it was an illusion.

Xu Bai frowned when he saw this.

He kept feeling that this eye did not seem to be looking at Wu Nan. It was more like it was looking for something. Then, it subconsciously found this place, so it stopped for a moment.

Because no matter what Wu Nan said, there was no fluctuation in his eyes. Moreover, because his eyes were too big, it was impossible to identify where he was looking.

The corpses on the ground seemed to be related to this eye. Wu Nan's fear at this moment was also related to the eye.

His guess was based on what he had seen. Of course, it was just a guess.

This was because he couldn't come up with any favorable evidence. However, at the moment, he didn't need any evidence because the situation had changed again.

Wu Nan kept kowtowing on the ground and begging for mercy. He did not notice. In other words, he did not dare to pay attention to the eyes in the sky at all.

At this moment, the eyes in the sky suddenly disappeared after watching for a while.

It came and went without a trace, as if it had never appeared. However, the corpses on the ground told Xu Bai that this eye had indeed appeared before.

"Gone, gone. What's going on?" Xu Bai thought to himself.

When the eye disappeared, the invisible and terrifying pressure also disappeared along with it.

Following the disappearance of his eyes, Wu Nan seemed to have sensed it. He stopped kowtowing and sat on the ground, staring blankly at the white clouds in the sky.

The dark clouds had long since dissipated, and now it was sunny. The sunlight shone through the clouds and onto the ground full of blood and corpses.

Wu Nan's expression became a little ferocious. He propped his hands on the ground, but he clenched his fists, allowing the blood on them to stain his fists as he gritted his teeth.

“What exactly is that thing? Why do I feel like he’s even stronger than a Saint Warrior? With just a glance, he killed everyone present.”

“Even Saints can’t do this. They can kill people without doing anything. There are so many extraordinary masters here.”

“And why am I still alive? Shouldn’t I die with him? Why did he let me go?”

Wu Nan pounded the ground with both hands, the malevolence in his eyes becoming more and more obvious.

He seemed to be venting, but he could not vent at all.

He did not understand why he was still alive, because this was not the eye's style.

In his mind, he was still recalling the scene from before. It was like hell on earth.

He's all, he's all, he's all, he's all, he's all, he's all, he's all, he's all, he's all, he's
all, he's all, he's all, he's all.

After confirming that it was completely safe, Wu Nan heaved a sigh of relief. He raised his feet and walked towards the temple behind him.

Xu Bai realized that no matter how he lifted his foot, he could not move even half a step. It was as if the scenery in front of him moved at the same time as him. However, he could only watch Wu Nan walk into the majestic hall.

“It really is an illusion. How did all of this happen?”

After trying several times and finding no effect, Xu Bai gave up on trying.

There was still no change in the surroundings, which proved that the illusion still existed. He did not continue to move, just staying where he was.

After about the time for another incense stick to burn, Wu Nan walked out of the hall. When he walked out, Xu Bai saw a huge pearl in Wu Nan's hand.

The surface of the bead was very smooth and white. However, there was a hint of yellow mixed within the white.

“Illusion bead, hahaha! I didn’t expect that I would obtain him in this way. This is great!” Wu Nan hugged this pearl and shouted happily a few times before walking further away.

Xu Bai could vaguely hear some sounds.

The surrounding scenery suddenly disappeared, and then, the original place appeared again.

Xu Bai was sure that the illusions were gone.

He looked around and found a pearl on the ground. This pearl was exactly the same as the one he had seen before.

Chapter 903: Many Savors

Xu Bai bent down and picked up the pearl. He weighed it in his hand and then recalled everything that had happened before. Soon, he had an idea.

“The illusion just now might have something to do with this bead. Illusion bead, what can this thing do?”

Xu Bai thought to himself.

For no reason, the illusion appeared after the death of the Mindfulness God. Now, another bead fell. It was obvious that it was related to the illusion just now.

However, he wasn’t in this line of work and didn’t have any skills in this area, so he didn’t know what to do with it.

“The only solution now is to wait until we get out. I’ll keep this pearl for now.”

After making up his mind, Xu Bai put away the pearl, turned to look at the mountain, and shook his head.

There was nothing else here. Everything had disappeared.

The people from before had indeed turned into Deities, but they had already chased after the people who had come in. The blind man he met later was also an illusion. In other words, there was no place worth exploring here.

“Then where should I go next?”

After settling the matters here, Xu Bai suddenly realized that he had lost his target again. He had an illusion bead in his pocket, but he didn’t know how to use it.

He rubbed his chin and stood there for a moment before making a decision.

“Let’s go back to the city first and find out which branches of the Dharma Destroying Pavilion are here.”

“Even if each branch only has one progress bar, it’s enough for me to gain something.”

“Besides, I still have a book about failing to become a saint. I have to find a place to finish it.”

“Therefore, we need to figure out which branches there are and find them one by one. Then, we can control them. This way, we can take advantage of them without any danger.”

After making up his mind, Xu Bai didn’t stay any longer and headed straight for the city he had first arrived at.

As for being too far away, that city had already lost control. It didn’t matter. He just needed to control it again.

Flying in the air, Xu Bai looked at the mountain in front of him that he had destroyed in half. He did not stop and directly disappeared into the sky...

..

Outside the dilapidated city.

“Boom!”

Accompanied by a loud rumble, Xu Bai fell from the sky and landed at the city gate.

Looking at the familiar city gate in front of him, he frowned. At the same time, a feeling of unease rose in his heart.

Not far ahead, there were no guards outside the city gate.

According to his previous experience, there should be guards outside, but it was empty now.

“Something is wrong.” Xu Bai thought to himself.

Before he left, he had already modified and pieced together the memories of these people with his soul, making everything extremely smooth.

Even if City Lord Si had lost his divine soul treasure, Xu Bai would have done it very smoothly. There was no way such a situation would have happened.

Then there was only one answer. Something had happened to the city.

A gust of wind blew past from the other side of the city gate and directly welcomed Xu Bai. The wind carried the smell of blood.

The smell of blood in the city was a common occurrence. After all, in this era, the smell of blood was the most normal existence.

Xu Bai had smelled it when he first entered the city, but it was different this time. The smell of blood was extremely strong.

Xu Bai carefully stepped into the city gate. After passing through the city gate, he walked to the street.

The street was originally clean. Other than some dust, there should still be vendors around, but now there were no vendors.

In its place were corpses.

The corpses on both sides of the street had terrifying wounds on them. Blood was constantly flowing on the ground. Most of the blood had long dried up, proving that these people had been dead for some time.

“Someone came and killed everyone here.” Xu Bai pondered.

His divine soul began to gradually spread, enveloping the entire city within it.

Corpses were everywhere. As long as it was a place where his divine soul was spread out, it was all dead people. There was not a single living person.

As he scanned the area with his spirit, he saw something. His expression changed slightly and he quickly walked in that direction.

His speed was very fast, and he arrived at his destination in a short time. Looking at the scene in front of him, he was slightly surprised.

Not far ahead was a tall city wall. There was a corpse on the city wall that had been pierced through by a spear and nailed to it.

The corpse was wearing a thin veil, revealing its body. However, at this moment, the body that should have been alluring was strangely twisting.

City Lord Si.

“He was killed, but there is one suspicious point.” Xu Bai raised his head expressionlessly and narrowed his eyes.

City Lord Si was dead, and he had been pierced by a long spear. His death was extremely terrifying, and his limbs seemed to have been shattered.

However, he discovered something unusual. His divine soul was extremely huge. When he swept past just now, he did not find a single person.

He might not remember the others clearly, but Gao Guan was not among the corpses. He did not die.

“Something’s wrong, but it’s also very wrong.”

Xu Bai rubbed his chin and paced back and forth.

According to what he encountered when he first entered the ruins.

At that time, the high pass was in an abandoned mountain, which was the Three Lives Mountain.

That time should be the end of the era of resource depletion, because many people had already used extremely cruel and strange methods to survive.

I Have Unparalleled Comprehension #Chapter 904: Many Savior (3) - Read I Have Unparalleled Comprehension Chapter 904: Many Savior (3)

Chapter 904: Many Savior (3)

However, it was different now. There were still some resources that could be used by people in the industry. In that case, Gao Guan should have entered Sansheng Mountain from this city.

In fact, in Xu Bai’s eyes, these so-called ruins were more like a projection of the past. Those who entered seemed to be able to influence this era, but in the end, they should not be able to interfere.

Gao Guan would leave this city and reach Sansheng Mountain. His appearance would not interfere.

At least for the current relic node, no matter how much they interfered, it only belonged to this relic node. What had happened in the past had already happened.

The only thing Xu Bai couldn't figure out was how Gao Guan survived.

Gao Guan's strength was indeed not bad. He was a Transcendent expert, but among the Transcendent experts, he was not particularly outstanding.

It was impossible for him to survive at this time. After all, even City Lord Si was dead.

"Looks like this guy has a secret."

Xu Bai raised his right hand and counted.

He was now using the fortune-telling technique from the myriad of miscellaneous techniques to calculate the high level with a level one saint-tier skill.

He felt that he should be able to find some clues about such a Transcendent expert, and one who wasn't particularly outstanding among the Transcendents.

Actually, when he was on the mountain just now, especially after he killed Wu Nan, he experienced an illusion. He really wanted to speculate.

However, after thinking about it, he decided not to. That eye gave him a very different feeling. There were many abilities in this world. If he did not make a good deduction, that eye might notice it.

He didn't want to try such unknown dangers.

But now, it was different. It could still be considered a high level.

As Xu Bai pinched, his fingers moved faster and faster, forming afterimages in the air.

His mind was becoming clearer and clearer. He looked at the afterimage in his hand and his imagination started to run wild.

"If I had this kind of hand speed in my previous life, it would be really nice to live off a woman!"

Xu Bai shook his head to get rid of his jumpy thoughts and continued to calculate with full concentration.

After about half an incense stick of time, he stopped.

"I see." Xu Bai put down his right hand. He understood what was going on. He looked in a direction and chased after them.

..

After such a long time, it was already afternoon. The sun was setting in the west, leaving a long shadow on everything.

In the wilderness, Gao Guan was wearing a white robe and a tall hat, running non-stop.

In Gao Guan's hands was a baby girl.

The baby girl's eyes were closed. She did not cry and was sleeping soundly.

Gao Guan's face was filled with fatigue. There were also some wounds on his body, but they did not look very serious.

As he was running with all his might, his figure turned into afterimages as he ran at an extremely fast speed.

"Almost there, almost there."

"Hehehe...How can the Savior be possessed by you alone? She should belong to this world. I will definitely nurture her and turn this situation around!"

"I spent so much effort to become your escort, just for this moment."

Gao Guan's speed was extremely fast, and a mountain peak appeared in front of him.

When he saw this mountain, the excitement on his face became more and more obvious.

However, at this moment, a figure approached from afar and landed in front of him.

Gao Guan instantly stopped in his tracks and looked at the person in front of him with a nervous expression.

"Who are you?"

A young man appeared in front of him. He wore an eye-catching Daoist robe and looked very handsome. At the same time, there was a special aura circulating around him. Just a little of that aura made Gao Guan feel pressured.

He stopped in his tracks vigilantly, and at the same time, pulled back a distance.

Xu Bai patted his head when he saw this. He remembered that he had pieced together Gao Guan's memories. Gao Guan didn't recognize him now.

However, it was not a big problem. It did not matter if they knew each other or not. The most important thing was that it was a little interesting now.

Xu Bai had heard everything Gao Guan had said to himself just now, so he was even more interested.

Savior?

This baby girl?

What was it?

Xu Bai had an interested look on his face. He didn't waste any time talking to Gao Guan and directly swept his divine soul away.

The next moment, Gao Guan's expression turned dull.

Xu Bai reached out and took the baby girl from Gao Guan's hands. He said indifferently, "Tell me, what is a savior?"

Gao Guan was already under control. When Xu Bai asked this question, he could only answer obediently.

"The world is drying up and resources are being consumed. The saviors will become the pillars of the entire world. They are the beginning of everything and the saviors of all things..."

They?

Xu Bai raised his eyebrows as if he had sensed something.

But he didn't interrupt him. Instead, he waited for Gao Guan to continue.

Time gradually passed, and in the wilderness, only Gao Guan's voice was left.

As Gao Guan gradually told him what had happened, Xu Bai also understood the reason.

After Gao Guan shut the door, Xu Bai's expression was slightly complicated. He looked at the baby girl in his arms and sighed.

He finally understood the ins and outs of the matter...

The so-called saviors were people who were born with supernatural powers.

In this world, people weren't born with the ability to do things, but were constantly cultivated and perfected.

I Have Unparalleled Comprehension #Chapter 905: Many Savors - Read I Have Unparalleled Comprehension Chapter 905: Many Savors

Chapter 905: Many Savors

Ever since the world's resources had been exhausted, everyone had been thinking about the secret and how to solve it, but everything had been in vain.

Even Saint Realm masters couldn't deal with it.

Nine ranks enter the sage, one rank is one rank, one rank is one rank, one rank is one rank, one rank is one rank, one rank is one rank, one rank is one rank, one rank is one rank.

He didn't succeed and was even heavily injured. However, it wasn't like he didn't gain anything.

The saint-level fortune teller said that a group of children born with the ability to work in the industry would be born in the world, and these children would be the key to solving the problem of resource depletion.

Such a piece of news was originally good news for everyone in the world. No matter who saw such a child, they would definitely treat him like a treasure. After all, no one wanted to see resources run out.

However, all of this gradually changed after that.

A Saint from the Power-Destroying Pavilion adopted such a child and planned to slowly raise him up. He wanted to see how such a savior could save this resource-exhausted world.

Everything was normal, but the Saint Warrior suddenly realized that he couldn't control his thoughts.

That thought was extremely terrifying-he wanted to drink her blood and eat her flesh!

Logically speaking, he was a Saint and one of the nine remaining masters in the world. It was impossible for him to have such thoughts.

However, this thought was indeed born and could not be suppressed.

This had nothing to do with strength. Even if it was a person with weak strength, they could still endure it the first time they came into contact. However, as time passed, no matter how powerful one was, it would gradually deepen.

After many years of suppression, he finally couldn't hold it in anymore and took action.

At that time, when the Saint Realm master acted according to his thoughts, he found that he didn't need resources for a long time.

Although it was not a long time, it was a particularly important time for a world that was exhausted of resources.

Everyone wanted to live longer, and becoming a Saint was no exception.

Paper couldn't hide the fire.

The saint warrior decided to search for this savior, but every time he did something, he would expose himself. Finally, this news spread like wildfire, sweeping across the whole world.

In the next moment, everyone's attitude towards these saviors changed drastically.

Everyone wanted to search and hunt. They even found a set of patterns.

Only when the inner thoughts reach the extreme can one act. Otherwise, the savior is not a medicine, but a poison.

City Lord Si had found the baby girl in his hands.

She was also waiting, waiting to reach the limit.

However, Gao Guan found out about all of this.

Gao Guan had put in so much effort and even made himself the City Lord's escort just for this moment.

He wanted to save these people.

He wanted to save the baby girl and place her in the secret room in the Three Lives Mountain that he had prepared earlier. There was a huge amount of food in the secret room that he had accumulated over a long time.

After that, he planned to hire a large number of ordinary people. Although ordinary people were extremely rare in this world, they could still be found.

He let these ordinary people take turns to take care of the baby girl and feed her until she grew up.

Because he believed that the Savior would eventually be able to save the world.

Moreover, he also believed that no matter how exhausted the resources were, people should never do such a thing.

What was a human?

A man of indomitable spirit is a man.

He who understands human relations is a man.

If he did such a thing just to survive, Gao Guan felt that he could not be called a human.

Gao Guan had to be saved. He had to do everything he could, so this scene had happened.

As for City Lord Si and the people in the city, Gao Guan did not kill them. He did not have the strength to do so.

Gao Guan's plan was to find the divine soul treasure after becoming City Lord Si's escort and use it as a breakthrough.

However, not long ago, an accident happened, which also created an opportunity for Gao Guan.

I Have Unparalleled Comprehension #Chapter 906: The Savior and the Organization - Read I Have Unparalleled Comprehension Chapter 906: The Savior and the Organization

Chapter 906: The Savior and the Organization

Gao Guan's original plan was to get close to City Lord Si and obtain the saint soul treasure from him. Then, he would use the saint soul treasure to take the baby girl.

However, a small problem occurred midway.

After returning to the city last time, City Lord Si's saint soul treasure was actually lost.

At that time, he could see the undisguised panic on City Lord Si's face. At the same time, he knew that he seemed to have lost his chance.

Who was the strongest in this city?

Without a doubt, it was City Lord Si.

Regardless of whether she had a saint soul treasure or not, she was the strongest expert in the city. Therefore, no one dared to touch her. Even if she lost this treasure, no one could challenge her authority.

Back then, Gao Guan had hoped to use this saint soul treasure to break through.

He thought that as long as he obtained this treasure, he would be able to successfully snatch the baby girl from City Lord Si's hands.

But now that the treasure was gone, he didn't get it, and he didn't have the strength to do so, everything became a dream.

Therefore, Gao Guan even thought that he had failed. However, he never expected that when he thought that he had failed, things would actually usher in a new turn.

A man dressed in white suddenly appeared in the sky and found the city directly. He asked City Lord Si to hand over the baby girl.

Of course, City Lord Si didn't agree, but because he didn't agree, he suffered this man's crazy revenge.

This man was very strong. Although he hadn't reached the Saint Realm, he was much stronger than City Lord Si.

The entire city was massacred, and Gao Guan almost followed in their footsteps.

Gao Guan was a corpse collector. His ability to collect corpses made him extremely familiar with corpses.

Therefore, at the most critical moment, he disguised himself as a corpse and unexpectedly dodged it.

After that, the man searched the entire city but could not find the baby girl.

After the man left, Gao Guan crawled up from the corpses on the ground.

At that time, he looked at the corpses on the ground and was shocked for a while. He recovered very quickly and knew that his matter had been completed.

The man in white did not find the baby girl, but Gao Guan knew where she was.

He was one of City Lord Si's male companions and was extremely favored. If not for some things that happened later, he would probably be considered the second-in-command of this city.

Therefore, through their daily communication, they had already known where the baby girl was hiding through their intentional or unintentional attention and guidance.

After that, he searched carefully and found the baby girl according to the information that City Lord Si usually revealed. Then, what Xu Bai knew happened.

Xu Bai looked at Gao Guan, who was in a daze, and sighed silently.

A man is innocent, but he is guilty of holding a treasure.

In fact, in the case of the baby girl, if the entire world reached a consensus, without the strength to stand at the top, holding this baby girl was equivalent to holding a danger.

"I didn't think of it either. You're still so nosy." Xu Bai said.

When he first met Gao Guan, he felt that this Gao Guan was out of place in the world.

When the entire world was muddle-headed, trying everything to survive, and even willing to do some extremely ridiculous things, Gao Guan did the opposite and walked a different path.

The first time they met, Gao Guan was about to fall into madness, but he went to face the old man who had already become a Mindfulness God. He actually wanted to expel him and reduce the danger in the world.

During their second meeting, he had saved Savior, who was treated as a tonic by everyone in the world. He wanted to raise Savior.

"Is this the reason why you ran to Sansheng Mountain in the end?" Xu Bai thought to himself.

He went through the details in his heart. If he had not appeared, how would things have developed?

Soon, he got the answer.

If he hadn't appeared in the previous world, Gao Guan might have really deceived the saint soul treasure and successfully saved the baby girl. He went to the Three-Life Mountain alone and raised the baby girl according to Gao Guan's plan.

Or rather, he did not get the treasure of the divine soul, but the man in white who snatched the baby girl appeared. Gao Guan became a fake corpse and successfully passed the test. In the end, he still found the baby girl.

No matter what the situation was, Xu Bai already knew the inevitable result. This was the most fundamental reason why Gao Guan went to the Three Life Mountain.

“However, you still failed in the end.” Xu Bai looked at Gao Guan, who had a dull expression on his face, and said silently.

It was obvious that in the final Three Lives Mountain, those who had become all kinds of strange people and those who wanted to live in all kinds of ways indicated the failure of the high pass.

Because if he could raise the baby girl, perhaps it would really be as the fortune teller had predicted, and she would become the true savior of the world.

But now, it seemed that these people had not succeeded.

“There are many saviors, but there are even more people who want their lives.” Xu Bai shook his head and waved at Gao Guan.

He had erased this part of his memory again. He closed his eyes and lay on the ground in a deep sleep.

Xu Bai turned his head and looked at the baby girl in his arms.

The baby girl closed her eyes tightly. Even though so many things had happened just now, she did not wake up from her sleep and was still sleeping soundly.

Chapter 907: The Savior and the Organization (2)

“There are many saviors. A saint-level fortune teller who took such a big risk must have a reliable result.”

“Then I’ll let this story continue.”

Thinking of this, Xu Bai descended from the sky and placed the baby girl in his hands in Gao Guan’s care.

He was very excited because he felt like he was silently unraveling the mystery of the story as he watched the story unfold in an orderly manner. He was looking forward to what would happen after he went to Sansheng Mountain.

“Pa!” Xu Bai snapped his fingers.

At the same time, his figure was slowly fading.

– Concealment technique.

A long time ago, in the Great Chu’s Imperial Palace, he had finished all the books in the Imperial Treasury and gained a bunch of skills. Among them was the concealment technique.

And now, this concealment technique had already been incorporated into all kinds of strange techniques.

Naturally, Gao Guan couldn’t see through all the techniques of a first level Saint Warrior.

After Xu Bai snapped his fingers, Gao Guan quickly woke up from his sleep. He looked around blankly as if he didn’t recognize anyone.

But soon, he woke up from his daze and looked at the baby girl in his arms and heaved a sigh of relief.

In his soul, there was a force guiding him, telling him that he had fallen asleep because he was too tired.

Although it was a little nonsensical, he felt that this kind of real experience could not be fake. Moreover, there were more important things now, so he did not think too much about it.

This was the strength of Xu Bai’s control over his soul.

It wasn’t just randomly altering the memories, but through some piecing and guidance, it made people accept the content that Xu Bai had arranged.

Gao Guan didn’t stay any longer. He carried the baby girl and walked towards the Three Life Mountain. Xu Bai followed behind him quietly without being discovered.

..

Three Lives Mountain.

When Xu Bai followed behind Gao Guan and looked at the familiar mountain in front of him, his expression became more and more strange.

He scanned the area with his divine sense, but he didn't find any familiar faces like the first time he entered. This place was completely empty, and there was no one there.

"I guess the resources are not that scarce yet, so these people did not escape to this place." Xu Bai thought.

Ahead, Gao Guan looked around warily. After making sure that there was no danger, he walked straight to the top of the mountain.

Xu Bai followed behind him. The two of them soon arrived at a cave.

Gao Guan entered the cave, and Xu Bai followed him.

There were many forks in the cave of this mountain. If one entered rashly, it was easy to get lost.

Fortunately, Xu Bai followed behind him. Coupled with the divine soul technique, it was not difficult for him.

Just like that, after walking for about an hour, there was an extremely narrow passage ahead.

Gao Guan continued to walk inside, and Xu Bai followed him.

After walking for nearly an incense stick of time, they finally opened up and appeared in a huge cave.

Along the way, he recalled a poem that Xu Bai had read in his previous life.

At first, it was narrow, but it was only able to understand people. After walking ten steps, it suddenly became clear.

In the cave, there were all kinds of food, and there were beads hanging in the air above the food.

The bead sprinkled a hazy light that enveloped the food, making it look unusually fresh.

"Yes... The method that corpse collectors use to control the decay of corpses is actually used on this. You're really a talent." Xu Bai thought to himself.

His ability to collect corpses was far above that of Gao Guan, so he naturally knew what this was.

Those beads were condensed from the power of the high level. They could keep corpses fresh, but now they were used to protect food.

As they reached their destination, Gao Guan heaved a sigh of relief. He seemed to have completely relaxed. He found a place and sat on the ground.

“From today onwards, I will hire some mortals to take turns looking after you until you grow up.”

“This way, because we take turns to take care of you, we won’t be guided by your aura and won’t become so eager to eat you.”

Gao Guan reached out his hand and teased the baby girl in his arms as he muttered to himself.

The baby girl woke up, but she didn’t cry. She opened her big black eyes and reached out her chubby little hand to hold Gao Guan’s finger.

Gao Guan teased him for a moment before retracting his hand.”Are you hungry? I’ll make you something to eat.”

Then, Gao Guan placed the baby girl on the ground and began to make something edible. It was true that a portion of food was actually made.

From this, it could be seen that this guy had been plotting for a long time.

“But... He seemed to have forgotten an important part.”Xu Bai thought to himself when he saw the high pass bring the food to the baby girl and prepare to feed her.

According to this rhythm, a baby girl of this size should still be drinking milk. How could she eat these?

Thinking of this, Xu Bai soon realized that he had been slapped in the face.

The baby girl ate happily, and there was nothing unusual about it.

Xu Bai was speechless.

“Could this be the legendary savior? Even when he was a baby, he was so different?”

Although he was slapped in the face, Xu Bai was still very excited. He felt as if he had discovered a huge secret.

“Next, we’ll just watch from here.”

“I can use this time to finish reading the experiences of failing to become a saint.”

After making up his mind, Xu Bai hid himself and found a place to sit down without being discovered by Gao Guan.

Chapter 908: The Savior and the Organization (3)

..

Another month passed.

It had to be said that this was indeed a super-large-scale relic. It had not been completed in a month.

Every month, Xu Bai would stay in the cave. Other than observing the situation of Gao Guan and the baby girl every day, he had been trying to learn about his failure to enter the Saint Realm.

Today, the progress bar was almost full, but Xu Bai kept his thoughts on failing to become a saint when the progress bar was still a little short.

He didn't continue to work on it. Even though he was about to reach perfection, he temporarily stopped.

There was no other reason. It wasn't that he was disturbed, nor was it that he didn't want to continue working. It was just that he felt that if he completed the progress bar at this time, he would be at a loss.

Counting his current skills, other than a mental cultivation method that he could not integrate, the only thing left was the Phantom Great Art.

Once this fusion technique was obtained, it seemed to be forced to be used.

If he used it now, he could only fuse it with the Phantom Great Art and some other skills he had obtained from entering the ruins.

How much would he be able to improve after the fusion? Who could say?

A little more was still a fusion, and a little less was also a fusion. Why not get more skills before fusing?

Therefore, Xu Bai had come up with a compromise. He would make the progress bar so close to stopping, and then wait until he had collected more skills. Then, he would make the progress bar full of the failed saint-tier experience and start the fusion.

There was a hint of a bug, but in this day and age, who wouldn't have a bug?

Xu Bai put away his failure to become a Saint Warrior and turned to look at the high pass not far away. He was pondering for a moment.

"If we continue to look like this, we won't be able to gain anything."

This time, his main goal was to find the secret. He also wanted to speed up the progress bar. However, after a month, the progress bar was almost full, and there was still no change in the high level in front of him.

Gao Guan didn't feel particularly tired from living such a mechanical life.

"Maybe we have to wait for many years."

When exactly did he fail the high pass? The time span was very long.

Xu Bai had been waiting here for a month, but he still hadn't noticed anything. He felt that he had almost reached his limit and there was no need to waste time.

Now that there was no progress bar, it was more important to hurry up and find the progress bar.

Thinking of this, he stood up and decided not to continue watching.

"Then where should we go next? Yes, I have a way. I'll go out and find those branches and find all the progress bars."

Xu Bai thought as he walked along the road he came from.

He planned to go out and search for the branches one by one. Then, he would control them one by one with his spirit.

The number of progress bars one could get was the same as the number of progress bars one could get.

After making up his mind, Xu Bai quickened his pace and quickly left the cave.

Just as he was about to continue searching for the Magic-Destroying Pavilion's branch, he quickly retracted his right foot.

“Hmm? Someone is coming.” Xu Bai narrowed his eyes and scanned the area with his divine sense.

In a corner, he saw something different.

In that corner, there was a boy of seven or eight years old. He was wearing dirty clothes and was carefully looking in the direction of the cave.

Because Xu Bai had already hidden himself, the little boy did not notice him.

Xu Bai thought for a moment and silently retreated to the side, waiting patiently.

He had stayed here for a whole month without finding anything unusual. Now that something was suddenly different, he planned to take a good look.

The little boy stood in place and kept looking over. After about half an incense stick of time, the little boy finally made a decision. He gritted his teeth and walked towards the cave.

Every step he took was very careful, as if he was afraid of being discovered. It took him the time it took for an incense stick to burn to reach this small distance.

When the boy approached the cave, Xu Bai also sensed it.

“He’s so young and he’s about to enter the mortal evolution state?” Xu Bai was slightly surprised.

With his current strength, he could feel that this little boy was half a step into the Extraordinary stage.

The key was that this person was only seven or eight years old. To enter the Extraordinary state at this level, he would be a top genius even in the human world. This kind of top belonged to the kind of level that no one could reach.

“Now that the resources have been exhausted to such an extent, such a person has appeared. It’s very strange, but I’ve finally made a discovery.” Xu Bai thought to himself.

He did not appear and continued to wait patiently. He knew that this little boy had actually come. He must have made a move.

With this thought in mind, the little boy walked into the cave with Xu Bai following behind him.

The mountain road was extremely rugged, and there were many forks in the road. However, the little boy was able to walk smoothly toward the karst cave without any obstacles.

Xu Bai didn't want to go, wanted to continue to follow him, feeling that a huge secret was about to be revealed.

After walking for a while, the little boy finally arrived at the karst cave. Without any hesitation, he walked in.

"Hu..."

A gust of wind blew past. Gao Guan, who was hiding inside, could naturally sense that someone was coming.

The hand grabbed the little boy's neck and lifted him up, pressing him against the wall.

"Who are you?" Gao Guan's face was cold. What are you doing here?"

He knew very well that he was walking on a tightrope. He could not make any mistakes. Although it was only a little boy in front of him, he still could not relax.

Chapter 909: The Savior and the Organization

Although the boy was half a step into the mortal evolution state, it was nothing to Gao Guan.

Unable to move, he could only raise his hands to show that he had no ill intentions.

"I am the savior!"

The first sentence stunned everyone present.

Xu Bai rubbed his chin and raised his eyebrows slightly.

Savior?

If it was the Savior who was at the half-step Extraordinary realm at such a young age, then everything made sense.

However...There seemed to be something that didn't make sense.

Seven or eight years old was still too big.

Sure enough, as soon as this thought appeared, Gao Guan spoke.

"It hasn't been that long since the Savior was discovered, but why are you so old?"

"I really don't," the little boy said hurriedly. "But I'm growing very fast. If you don't believe me, look at her. She's growing very fast too."

As he spoke, the little boy raised his hand and pointed at the baby girl beside him.

Xu Bai hid in the dark and looked in the direction of the little boy's hand. Then...He was speechless.

He didn't know if this was considered growing fast or not.

After all, he had never experienced it before, and he did not have any children.

Gao Guan fell silent for a long time before he said with a trace of doubt, "Is this considered fast?"

The little boy was speechless.

Xu Bai was speechless.

Alright, Xu Bai and Gao Guan didn't know.

Xu Bai, Gao Guan, and the others had never been fathers before, so they naturally didn't know the growth speed of their children. They didn't have a comparison either, which was very normal.

After all, everyone had their shortcomings.

"Very soon." "Our thoughts and our bodies are growing at a very fast speed," said the little boy.

As he spoke, the little boy gestured as if he was afraid that Gao Guan would not understand.

Gao Guan came back to his senses from his silence, and his expression turned cold again. "What is your purpose for coming here?"

He didn't care what the other party was thinking, nor did he care if the speed of his growth was considered fast. However, he definitely had a purpose for suddenly finding this place.

This was something that Gao Guan was interested in, and it was also something that Xu Bai was interested in.

With Gao Guan helping him ask, Xu Bai naturally didn't make a move. He didn't show up either. He just listened quietly.

The little boy retracted his hand and pointed at himself and then at the baby girl. He said in a very sympathetic tone, "We want to bring her back. We are the same kind of people. It is extremely dangerous here, so we can only find a safe place."

"Us?" "You have another organization?" Gao Guan frowned even more."

The little boy had said 'we' instead of 'I', which proved that there were quite a lot of people.

The little boy revealed a bitter expression that did not belong to his age. "When a vulnerable group is targeted by everyone, what they can do is not to fight for themselves, but to tightly clench their fists. Only then will they have a chance to survive."

"We have been searching for the same kind of people as us. We believe that only by embracing a whole can we truly survive."

"So, can you let me bring her back?"

The little boy said it pitifully, as if he had been abandoned by the whole world.

Xu Bai rubbed his chin and pondered over the little boy's words. Finally, he came to a conclusion.

"There is no evidence in his words. Who would believe him with just his mouth? I don't think Gao Guan would agree."

Xu Bai wouldn't believe it either. He felt that since Gao Guan could come up with such a plan, he wouldn't believe it either.

After the little boy said this, he looked at Gao Guan with anticipation.

He thought that after saying so much, the other party would at least soften a little.

The surroundings fell silent. Gao Guan did not speak.

His hand was still strangling the little boy's neck, and he had no intention of letting go.

After a few minutes, Gao Guan turned his head and looked at the baby girl on the ground. Then, he turned to look at the little boy and slowly said one word.

"Get lost!"

I Have Unparalleled Comprehension #Chapter 910: Finally Comfortable - Read I Have Unparalleled Comprehension Chapter 910: Finally Comfortable

Chapter 910: Finally Comfortable

Gao Guan's tone was cold. After saying this, he threw the little boy out.

"You can leave."

The little boy fell to the ground. Looking at the high official's cold expression, he opened his mouth to say something, but in the end, he didn't say anything. He silently turned around and left.

After the little boy left, the place fell into a long silence. However, this silence did not last long and was soon broken.

Gao Guan did not stay here for long. He began to pack his things and prepared to leave.

He packed his things very quickly and was done in no time. He turned around and held the baby girl in his arms, preparing to leave the karst cave.

As for the stored food, he didn't care about it at all.

The place had already been discovered. No matter what the other party's goal was, he had to leave.

Gao Guan was also a smart person. He knew that once he was exposed, he would be chased endlessly. He might even attract a powerful expert to pursue him cruelly.

Therefore, the only thing he could do now was to find a place to hide and stabilize his current situation. Other than that, he had nothing else to think about.

However, all of this had an unusual meaning in Xu Bai's eyes.

Xu Bai hid in the dark and shook his head as he watched the scene.

"This guy's troubles will probably start here."

To be honest, Gao Guan was indeed very experienced in handling things many times, including the plans he had made previously. They were all very exquisite. To be able to think of so many things and even stabilize it for more than a month without any abnormalities was already very good.

But today, he made a fatal mistake.

As the saying goes, if you don't remove the roots, the grass will grow again in the spring breeze.

He didn't know why, but Xu Bai guessed that Gao Guan's compassion had probably exploded when he saw that it was a child.

Under such circumstances, it might not be possible for this to happen to anyone else.

However, this was only normal for Gao Guan.

Perhaps Gao Guan had rejected him and was preparing to leave. This was a very good idea. Moreover, they reacted quickly. From packing their things to leaving, it was also very fast. It could greatly shorten the time.

However, there was one thing that Gao Guan had forgotten.

In this world, there was only one kind of person who was the safest, and that was the dead.

This situation was not only applicable to the current environment, but it was also applicable in any era and environment.

Because you never know when your information will be revealed, and a dead person who doesn't speak is the safest.

Xu Bai still didn't make any moves. He didn't even plan to show up.

He silently followed behind them. They left the cave and rushed in a certain direction.

The cave was very dark and damp. Only Gao Guan's footsteps could be heard.

The road out of the cave was not long. Not long after, Gao Guan brought the baby girl out.

It was already pitch-black outside the cave. The silver moon hung high in the sky, and the moonlight shone down on the surroundings. It was quiet.

But at this moment, in the darkness, there was an unknown danger.

Gao Guan stopped and sighed silently. He tied the baby girl to his chest.

He looked in a certain direction.

There was a slight sound of the wind coming from there. The wind rustled the leaves and made a rustling sound. If one did not listen carefully, one would think that it was an occasional sound.

Accompanied by the sound of the wind were footsteps approaching from afar. In the darkness, figures appeared one after another. These people were thin and short. Under the moonlight, their true appearances were gradually revealed.

Each of them was a child. The oldest was only ten years old, and the youngest was only five or six years old.

"If you only had so few people, with this kind of strength, you really wouldn't be able to take me down. Let's go. I see that you're all children and don't want to kill you." Gao Guan waved his hand and said.

Although there were many of them, they weren't strong and were all around the mortal evolution state.

If he only had this kind of strength, Gao Guan thought he wouldn't be able to stop him. After all, he was an extraordinary master, and dealing with these mortal evolution states was a piece of cake.

The leader was the oldest child, who looked to be only in his teens. He stood up and slowly took a few steps, his eyes looking straight at the baby girl in Gao Huan's care.

"Give us the child in your arms and we'll let you leave. We won't make things difficult for you. Don't worry about that."

Gao Guan shook his head and sighed.

"I really don't want to kill you, but you insist on going against me, so I can't hold back."

He waved his hand, and in the next moment, the ground began to tremble at a speed visible to the naked eye.

Cracks appeared one after another, and pale palms crawled out from the cracks. Soon after, more than ten corpses crawled out, their faces dull and their bodies slightly stiff.

In terms of combat strength, the profession of corpse collectors was actually not the best.

Their greatest use was not in combat, but no matter what, they were still extraordinary experts.

Under such circumstances, it should belong to the level of suppression.

These corpses were the methods of the corpse collectors. They could allow the corpses to retain their previous combat strength, and the stronger they were, the stronger the corpses they controlled.

The dozen or so corpses were all at the Transcendent level. In fact, Xu Bai, who was hiding in the dark, had long discovered them. After all, his ability in this line of work had long surpassed that of a high level.

Chapter 911: Finally Feeling Good (2)

“Tsk, tsk, tsk, so many arrangements have been made, and so many Transcendent corpses have been buried in this mountain. It seems that for today’s step, the high pass has been arranged in great detail.” Xu Bai thought to himself as he quietly watched from the side.

When he was in the city, Gao Guan did not bring these corpses with him. He must have buried all the corpses here. After all, he wanted to raise the baby girl here.

Xu Bai was just a bystander. He wanted to see how the incident developed, because he could only explore the secrets of the incident by letting it develop normally.

Of course, although it seemed like the situation was developing freely, Xu Bai had everything under control.

The reason was very simple. When the situation was out of his control, he would directly take action and control everyone present. At that time, he would be able to pry out some secrets.

The only fly in the ointment was that he could not let this matter continue smoothly.

After the appearance of more than ten Transcendent corpses, it brought a terrifying pressure to the children. Every child’s face was pale and covered in sweat.

“Kill them!” Gao Guan’s face revealed a conflicted expression. After hesitating for a while, he finally gritted his teeth and issued this order.

He was not a bloodthirsty person. Even in this world that had already fallen into a state of illness, he could still maintain his inner principles.

In his mind, he just wanted to use his meager strength to solve the madness of this world.

He was doing the same now.

But now that things had come to this, he had no choice but to kill him.

No matter what, he really couldn't figure out the identities of these children in front of him.

He could not think that the other party was good just based on his one-sided words. Therefore, he absolutely could not hand over the baby girl in his hands.

If this was the first time they had met, Gao Guan might not have wanted to kill him, but this was the second time.

The reason was that he had released the child from the beginning.

Now, he understood that sometimes, he had to be ruthless.

So... He could only kill them.

Following Gao Guan's order, the dozen or so corpses pounced on the children like crazy.

At the same time, although the group of children still had a trace of fear on their faces, it was useless no matter how afraid they were. They could only rise up and resist.

"Attack!"

The leading child moved. He raised his hands, and between his index fingers, there was an invisible thread winding around.

The threads shot out from his finger and turned silver-white in the air. They weaved into a silver-white net and enveloped a few of the corpses.

The few corpses that were covered by the silver net slowed down instantly, but the remaining corpses still rushed out.

Every child had their own methods. After they used them, they took different forms, but the direction of their attacks was the same.

"Boom!"

Thunderous booms rang out endlessly, and the ground trembled slightly. When Xu Bai saw this scene, his eyes widened slightly.

The strength of this group of people was far higher than he had imagined.

Everyone looked like they were only at the mortal evolution state, but their combat abilities were far above their realms.

“Fighting someone of a higher realm. As expected of the saviors. Regardless of whether what you said before was true or false, at least your identity as the saviors has been confirmed.”

Gao Guan sighed.

“Unfortunately, I can’t hand over the baby girl. Even if you’re the saviors, I still doubt your motives.”

After saying that, Gao Guan made a hand seal.

The corpses, which were already powerful enough, became even more fierce with Gao Guan’s action.

Whether it was speed, strength, or other aspects, they had all been greatly improved. The situation of being evenly matched was instantly broken.

All the children present took a few steps back, their faces pale, and they spat out a few mouthfuls of blood.

They were a little flustered, but there was no fear on their faces. It was as if they had not adapted to this change because of their youth.

When Gao Guan saw this scene, he was puzzled.

This situation was already one-sided. He had the absolute upper hand, but why did these children not feel fear?

As he thought of this, he suddenly felt a sense of alertness. He was about to turn around, but the moment he turned around, a hand pressed on his head.

The hand was glowing with a hazy light. When the hand pressed on his head, the light instantly covered Gao Guan’s entire body and fixed him in place.

“Bang!”

A muffled sound was heard, and Gao Guan fainted on the ground. Before he fainted, the owner of this hand had already snatched the baby girl away.

As Gao Guan fainted, the corpses he controlled fell to the ground.

The owner of the hand was a 15 or 16-year-old boy. When he withdrew his hand, he heaved a sigh of relief.

“Fortunately, I succeeded.”

He wiped the cold sweat off his forehead and finally revealed a look of ecstasy.

“Let’s go! The Savior can’t stay in this world for too long to avoid any accidents. Let’s quickly find a place to hide.”The boy said to the children not far away.

One of the children walked forward and was about to kill Gao Guan, but he was stopped by the 15-year-old boy.

“Don’t kill him. I can sense his soul. He’s a good person.”

Hearing this explanation, the child silently retreated.

Xu Bai, who was hiding in the dark, was thinking when he saw this scene.

I Have Unparalleled Comprehension #Chapter 912: Finally Comfortable (3) - Read I Have Unparalleled Comprehension Chapter 912: Finally Comfortable (3)

Chapter 912: Finally Comfortable (3)

“According to the logic of the matter, it was at this time that Gao Guan lost the baby girl.”

” But she didn’t die. The baby girl ended up in the hands of her companions.”

“It’s really interesting, but I don’t plan to watch it for now.”

Now that a new mystery had been revealed, Xu Bai naturally had no patience to continue. He had been in this relic for a long time, and he might leave at any time. Therefore, he had to hurry up and find more secrets.

Seeing that the group of children were about to leave, the corners of Xu Bai’s mouth curled up slightly. At the same time, his divine soul swept across everyone present.

In an instant, the group of children were controlled by him. Xu Bai also removed the concealment technique on his body and snapped his fingers.

The best sneak attack on Gao Guan’s child, walked out of the crowd and came to a stop one meter in front of Xu Bai. He did not continue to move, his face was extremely dull.

Xu Bai smacked his lips and looked at the child in front of him. He smiled and said,”Tell me everything you know.”

Don't underestimate these children. Although they were only at the Extraordinary realm, they could unleash combat strength far higher than their own realm and had meticulous thoughts.

At the beginning of the battle with Gao Guan, he first sent a person over, mainly to ask for Gao Guan's opinion.

After knowing that Gao Guan would never hand over the baby girl, he planned to snatch it by force.

However, there were some plans for this robbery.

First, he pretended to be weak, then he erupted with combat strength higher than his current realm. After attracting everyone's attention, he let the last person launch a sneak attack. Moreover, the ability of the last person was related to the divine soul.

The boy who had been controlled slowly opened his mouth and told her everything he knew.

..

As the boy recounted what had happened, Xu Bai's frown deepened.

According to what he had just said, these children were really the so-called saviors in the prophecy.

However, they were all struggling to survive in the current disaster. The eldest child took the lead and gradually gathered. In the end, they formed a group of people with the goal of huddling together for warmth.

When people were in a weak position, forming a group became a very good method.

They had formed a group with a clear goal. They wanted to continuously strengthen themselves so that they could finally reach the stage of self-preservation. That was the most basic goal.

Xu Bai shook his head gently.

In his opinion, the actions of these children were indeed smart enough. This cruel world had given these children completely different strategies and ideas from their own situations.

They were indeed extremely outstanding. If it was during peaceful times, everyone would be a top genius and would be fought over by various inheritances or factions.

However, the current era was different. As the saying went, an ordinary man was innocent, but he would be punished if he held a treasure. Moreover, they were the jade wall themselves.

So what if they banded together?

The number of Saint Realm masters in the world was fixed, and any one of them could not be resisted no matter how many of them there were.

The so-called group was the key to delaying their destruction, but in the end, they still could not escape the clutches of the devil.

Xu Bai rubbed his chin with his hand. After the boy stopped talking, he was ready to disperse the control of his soul.

Since he had already received the necessary information, he would continue to watch the incident like a movie and see how it developed.

However, just as he was about to disperse the control of his soul, he suddenly stopped.

He raised his head and looked at the sky. His eyes narrowed slightly.

In the sky, dozens of figures were gathering, and more and more people were gradually approaching.

These were all people of the same profession, and many of them were experts at the Transcendent Realm.

Furthermore, Xu Bai saw more than ten ninth-grade Transcendents.

As these dozens of figures gathered, the number of people finally reached a hundred, and they descended from the sky.

"I've finally found it. I told you I sensed the aura of the Savior. It's really here!" An old man with white hair and a wrinkled face stared at the children with excitement in his eyes.

Not only him, but the eyes of everyone present were filled with greed and excitement. It was like a person who had been hungry for a few days and suddenly saw a table full of delicious food.

"Get lost!" Xu Bai raised his eyebrows.

It was a simple word, and it sounded even simpler. However, after saying this word, everyone present fell silent.

The surroundings were so quiet that one could hear a pin drop.

The old man opened his eyes wide.” Kid, you know, you know, you know, you know, you know, you know, you know, we all know. You discovered it first, but the Savior is not something you can keep for yourself.””

As the old man finished speaking, the others began to echo.

“That’s right. Everyone wants to save the world these days, but no one can eat it all for themselves.”

“There are so many saviors. Can you take them all by yourself? It’s better to share it with everyone, right?”

“We’re right. There are so many of us. If you don’t divide it, then we’ll let you down.”

“We are all extraordinary experts, so we should at least give you some face. If you don’t give us any face, it will be very difficult for us.”

The voices were extremely noisy. After they gathered together, Xu Bai frowned even more.

He suddenly felt disgusted, especially when the group of people in front of him swept their eyes over the children he controlled. It made him feel even more disgusted.

Chapter 913: Finally Comfortable

Xu Bai waved his hand gently, and a white light appeared on his hand.

Just a moment ago, his divine soul swept past and was about to control these people in front of him, but he did not succeed.

If he didn’t even succeed in becoming a Level One Saint, it meant that he had a supreme saint treasure in the aspect of the soul.

Of course, since the other party did not use it, it proved that this supreme treasure might not be able to produce an attack.

However...It didn't matter.

If he couldn't control them, then he wouldn't control them anymore. He could just kill them directly.

"It's very strange. You all came here together. Could it be that there's another organization?" Xu Bai said.

The leading white-haired old man narrowed his eyes. He did not avoid this question and nodded. "We are from Tu, an organization that specializes in hunting saviors. There are two Saint Realm masters guarding it."

"Kid, be sensible and hand over these saviors. I can even recommend you to join our organization since you are a Transcendent."

"No!" Xu Bai shook his head. "Do you have any divine soul treasures for sainthood?"

The white-haired old man was slightly stunned. He did not understand why Xu Bai would ask this, but he still said, "No, I haven't."

"Why can't I control you?" Xu Bai continued to ask.

The white-haired old man finally reacted. He thought that Xu Bai was a supernatural expert in the aspect of the soul. He laughed loudly and said, "I see. One of the two saint warriors in our organization has reached the saint level in soul. He has strengthened our souls. Of course, you can't control us."

"I see." Xu Bai finally understood. He had guessed that it was a saint treasure, but now it seemed that it wasn't the case.

"Brat, you're so long-winded. Hurry up and don't let your little life be lost." The white-haired old man snorted coldly.

In their opinion, in this era and in this environment, if the other party did not agree, they could just kill him directly.

Moreover, the other party would definitely agree. After all, being able to obtain the protection of a saint was something that he could not ask for.

Xu Bai smiled. It was a bright smile, a stark contrast to the dark environment around him.

This smile came so abruptly that everyone present was stunned. They did not understand why.

The white light in Xu Bai's hand was flickering and moving, circling around his finger. It didn't look very bright, but it was filled with unimaginable power.

He walked towards the group of people, saying a sentence with every step he took.

"I finally understand the feelings of the high pass."

” There are a total of nine Saints in the world. As far as I know, three of them set up the Power-Destroying Pavilion and became bandits. Two of them set up what you call a slaughter and killed their own kind.”

“Gao Guan, sometimes the things he does seem ridiculous, but he is the most clear-headed one.”

“I can’t do it. At least I can guarantee that I won’t be like you, but... You can be impudent today.”

“After all, you guys just threatened me.”

As he finished his last sentence, the white light in Xu Bai’s hand suddenly enlarged countless times.

The dazzling light illuminated the entire sky. The sky was as bright as day, and even the moonlight could not avoid it.

“Be careful!”

The white-haired old man’s expression changed. He never expected that the other party would actually do such a thing after knowing his background. It was simply unbelievable.

However, the people present could be considered to have been through hundreds of battles. They quickly reacted and prepared to continue fighting Xu Bai.

However, sometimes, there was a huge difference in strength between people. This was not a problem that they could solve by reacting.

When the white light descended, the sky was as bright as day.

This white light carried an unrivaled deterrence as it landed on the ground like thousands of gods.

The scream was accompanied by a roar. The two of them overlapped and turned into a purgatory.

Xu Bai had his hands behind his back. The smile on his face never disappeared.

“I’ve been in here for so long, and I’ve finally had a good time.”

Chapter 914: Inviting the Gods

The white light was filled with screams and cries of despair. These sounds were very pleasant to Xu Bai’s ears.

Even though many of these people were Transcendents, they still couldn’t withstand the attacks of a First Level Saint.

Moreover, Xu Bai’s attack dealt damage both internally and externally. When added together, the damage was multiplied.

The scream continued for a few minutes before it gradually disappeared, but the white light in front of him was still dazzling.

As Xu Bai waved his hand, the white light gradually weakened and finally disappeared.

Under the white light, it was empty.

The dozens of people from before had already disappeared without a trace. Under the attack of the white light, they had completely turned into nothingness.

In fact, Xu Bai really wanted to see if there was a progress bar. However, after thinking about it, he realized that he couldn't control these people. Moreover, there were quite a number of extraordinary experts. He couldn't afford to fail in this aspect, so he attacked with a fatal blow.

"Of the nine Saint Realm masters in the world, one died, three became bandits, and two became butchers."

"Heh, the world has changed. Everything has changed. Even the mentality of these people has changed." Xu Bai shook his head, his tone carrying a hint of regret.

As the saying goes, the fox grieves when the rabbit dies.

When Xu Bai saw the various incidents that happened when resources were exhausted, he couldn't help but think of the current world.

Although the resources were not completely exhausted, if they really reached that stage, they might still follow the old path.

"It's better to keep these guys." Xu Bai looked at the unconscious saviors. After thinking for a while, he did not continue to attack.

However, he didn't plan to continue watching. He was going to head to the Power-Destroying Pavilion's branch now. He would get as many progress bars as he could. As for the situation here, he had already figured it out.

First, Gao Guan hid in this place and was discovered by the small group of Savior. In the end, he was ambushed and fainted, and the baby girl was taken away.

It was estimated that not long after the so-called saviors were taken away, they were discovered by the group of people just now. Since they had already left and did not find Gao Guan's location, Gao Guan survived.

As for whether these saviors could survive, Xu Bai thought that it was impossible. How could a group of Extraordinary experts survive in the hands of a group of Extraordinary experts?

Of course, he didn't want to investigate the follow-up now. Instead, he seized the time to look for the progress bar.

After all, although this ruin was huge, there was still a time limit. Once the time was up, they would be expelled by that force.

Therefore, there was no need to explore any secrets now. He would take as many progress bars as he could.

Xu Bai didn't stay any longer. After identifying a direction, he flew in that direction.

..

He still planned to return to the city first. Although the city had now become dead silent, he could at least use the city as the center to search the surroundings and find other branches of the Power-Destroying Pavilion.

Looking at the outline of the city that had already appeared in front of him, Xu Baifei thought to himself, "I didn't think about anything this time. I just looked for the progress bar."

Thinking of this, his speed increased. In the blink of an eye, he had already arrived at the city gate.

The city was still filled with the strong smell of blood. When Xu Bai's spirit scanned the entire city, he did not find any extra people. In other words, no one had discovered that this place had become a dead city.

After randomly finding a direction, Xu Bai began to fly in this direction. At the same time, he spread out his divine soul to search for any abnormalities.

Just like that, he flew in another direction for about the time it takes for half an incense stick to burn. Finally, he found something wrong. His divine sense sensed that not far ahead was another dilapidated ancient city, and there were still many people in that city.

It was very obvious that to be able to find such an ancient city at such a close distance, there was a high probability that this was the Magic-Destroying Pavilion's branch.

Xu Bai stopped just as he was about to get close. He maintained a magical distance and condensed his soul to control one of them.

This person was originally a peddler on the street. At the same time, he was also a person in the industry. After being controlled, his expression became dull and he directly left the city.

Even when the people around him greeted him, he did not respond.

After leaving the city, this person walked in the direction of Xu Bai and soon arrived in front of Xu Bai.

Xu Bai looked at the dazed person in front of him and smiled.””Then let’s begin. Tell me everything about this city.”

Since this person lived in the city, he must have some information. Xu Bai couldn’t be so reckless as to start a fight directly. Therefore, it was most important to understand the information before starting a fight.

The face of the person being controlled was as stiff as a piece of wood. Slowly, he told her what he knew...

As the man spoke, Xu Bai gradually understood the situation of the city. When he learned that the so-called city lord was still a Transcendent expert and did not have any good things in his hands, he already had an idea.

“I don’t know how much time I have left. If I don’t have enough time and am directly expelled from this ruin, then I’ll suffer a loss.”

“I might as well use the simplest and most direct method.”

Xu Bai closed his eyes and circulated his True Core Strength in his body. Soon, his Divine Soul gradually spread out under his control.

How could these people resist the power of the soul contained in the attacks of a First Level Saint?

Chapter 915: Inviting the Gods (2)

When Xu Bai’s divine soul enveloped the entire city, everyone fell into an inexplicable daze. Even the city lord in a luxurious building was controlled by Xu Bai.

Xu Bai licked his lips and walked toward the city gate.

“Next, it’s time to fish for some money...”

The guards at the city gate did not stop him. They stood there like blocks of wood. After Xu Bai walked in, a large group of people began to gather in front of him.

Xu Bai opened his arms and a strange smile appeared on his face. "Hand over all the valuable things now..."

For some reason, he felt as if he had become a villain. There was an inexplicable sense of déjà vu.

However, that was not important. What was important was that there was a progress bar.

As Xu Bai said this, everyone present began to move...

The entire city was filled with rustling sounds.

..

Time gradually passed. In the blink of an eye, another half a month had passed.

At this moment, in the wilderness, there was a young man in a Daoist robe carrying a huge bag as he walked.

The young man held a map in his hand. As he walked, he looked at the map and checked his location.

“Yes, the next branch should be the last branch in this area. If we want to find the next branch, we have to cross a very long distance.” Xu Bai pondered as he looked at the map.

After half a month, he had gained quite a lot.

He had looted all the branches in that large area, and he had also obtained everything related to the progress bar. Moreover, the progress bar below the transcendent level was very fast, so he had finished it on the spot. There were dozens of them in total.

As for those above the transcendent level, there were very few of them. There were only about twenty of them.

He didn't go to the liver. With his current cheat ability, it would still take some time to go to the Transcendent Realm. Therefore, rather than wasting this time, he might as well finish searching first.

Anyway, the things in the ruins could be taken out. It was the same to keep them for the future.

As for why he could bring it out, he didn't know either. As long as he could bring it out, it was enough. Why would he care so much?

He didn't continue to read the book about the failure to become a Saint Warrior, because he was still accumulating skills.

He wanted to wait until he had a lot of supernatural skills before using them. Otherwise, he would be at a disadvantage.

During this time, he also found information about the surroundings, including the location of each branch and the abilities of the branch City Lords.

According to the information he had received, this was the last branch in this region.

Every large region had many branches, but it would take a long time to get from one large region to another.

Xu Bai planned to take the last branch first. Then, he would decide whether to cross this distance or not.

After finding the location, Xu Bai put away the map in his hand and continued his journey.

The backpack looked very big. Although it only contained about 20 books, most of them were treasures. Many of them were saint level. They were not useful to Xu Bai, but he could take them out when he saw them.

Especially the jade-green hairpin that he had obtained not long ago. He intended to give it to Chu Yu and Ye Zi, the ultimate treasure of the saint soul.

As for the rest, they could be used to expand the treasury of the barbarian fief.

As he thought about this, the outline of a city appeared in front of him. Xu Bai knew that this was the last branch, and he had also arrived at his destination.

Using the old method, he randomly found a strange distance and controlled a person in the city to let him out.

Not long after, the person who was being controlled walked out. Under Xu Bai's control, he slowly told them the information about the city.

When Xu Bai heard this, his expression was very different from before.

"What do you mean by that honored guest in the city? Even you don't know who he is, nor do you know why he came?" Xu Bai rubbed his chin with his hand and stared at the person in front of him.

The person under control was dressed in ordinary clothes. He nodded and agreed with a stiff expression, "Yes, he appeared three days ago. Even the city lord is respectful to him. We don't know who he is or why he's here, but he must have a high status."

Xu Bai frowned and pondered.

According to what this person had said just now, just three days ago, a young man dressed in luxurious clothes suddenly visited.

He didn't know what he was doing either. After arriving, he directly stayed in the City Lord's residence and never appeared.

From the City Lord's reaction, it seemed that he was very respectful to this person.

In other words, this person was either very powerful or had a very high status. Otherwise, it was impossible for a city lord to be so respectful.

“Although there are some changes, if you haven’t reached Sainthood, we’ll still use the old method.” Xu Bai thought.

No matter what it was, as long as it wasn’t a saint, he could just control it with his soul.

Now that he had reached the first level of the Saint Realm, even the most powerful Transcendent wouldn’t be able to resist such a skill.

Chapter 916: Inviting the Gods (3)

Of course, there were some differences. For example, Xu Bai couldn’t control the souls of the group of people who caught the Savior after their souls were strengthened by the Saint Realm masters.

“Since there are secrets here, it’s even more fun. It just so happens that I don’t have any new ways here.” Xu Bai’s eyes were filled with excitement. He spread out his divine soul and enveloped the entire city.

In the next moment, wherever the divine soul swept past, the people in the industry all became dull.

Xu Bai’s divine soul could also sense that the luxuriously dressed young man in the City Lord’s residence was also under his control.

After doing all this, Xu Bai did not stop. He rushed straight to the city gate.

Soon, he entered the city gate. Under his control, the people in the trade began to take out valuable things.

However, this time, Xu Bai's goal was different. He beckoned at the young man who was being controlled. Come over here, the

The young man was dressed luxuriously. Compared to the people around him, he looked like a noble.

Due to Xu Bai's control, she couldn't resist at all. Her movements were stiff as she walked over.

"Who are you?" Xu Bai narrowed his eyes and said.

The luxurious man did not hesitate at all and replied directly, "I'm here to invite the young master of the God Faction."

"Yes... Hmm?" Xu Bai responded habitually, but he quickly reacted and raised his voice. "Please send the gods?"

Good heavens, he did not expect to encounter such an extinct inheritance.

No, to be precise, it was already extinct in his world. The ruins were from the previous world. It was probably not extinct in the past.

He knew how to summon a god, and this skill had been integrated into all kinds of spells. It could completely reach the level of a level 1 saint.

Therefore, Xu Bai's interest was piqued when he suddenly heard about the Shenliu Sect.

"Tell me, what's your purpose for coming here?" Xu Bai asked."

For a sect to be able to make the city lord here respectful, other than the fact that this sect was very powerful, there must be an ulterior motive.

When Xu Bai asked this question, the next moment, a conflicted expression appeared on the face of this luxurious man.

Xu Bai could feel that something was trying to break out of its control, but after rushing for a long time, it still couldn't break out.

"What is that thing?"

Unfortunately, in the end, that thing still did not break out of his control. If it broke out, he would control it, and the control of his soul would be ineffective.

However, from the side, it could be seen that there seemed to be something terrifying in this luxurious man's body.

The man lowered his head and said," God, a special god. A god that can be attached to us for a long time can provide us with endless resources. Although there will be a day when we will be exhausted, it can help us ease a lot."

Xu Bai frowned."

He had a first-level saint summoning technique, so he was very familiar with this field.

However, the method of summoning gods that he had learned had never had such an effect.

The so-called inviting a god was either inviting one over or inviting one to possess him, but that was all time-limited.

It was impossible for a god to be attached to him for a long time.

The god that the luxurious man in front of him was referring to could be attached to his body for a long time and could even be used as a resource. What branch was this?

“SaSavior, kill them and use a new method to turn them into gods.”The man raised his head. His first sentence shocked Xu Bai.

He never expected that this thing would be related to the Savior.

However, thinking about it carefully, it made sense.

Those saviors themselves were huge resources. Otherwise, it would be impossible for the entire world to target them.

Now, they had invited the God Faction to develop this method, which could greatly reduce the consumption and demand of resources.

If the resources were depleted, he could just find another savior.

“This method of yours, does it mean that you don’t need to cultivate that kind of impulse in advance?” Xu Bai asked.

The next moment, the luxurious man nodded without hesitation and admitted that it was true.

“As expected.” Xu Bai understood.

This thing had already been upgraded to the point where it did not need to be pre-installed. The previous methods were to keep the Savior by his side for a long time until the urge to eat the Savior reached an extreme. Only then could he act.

But now, there was no need for that.

Xu Bai’s expression was complicated.” Tell me, why are you here?””

The so-called savior might be able to save the world, but in the end, he became another existence. It was hard to describe this situation.

” The sect master of the God-Seeking Sect has already discussed with the two organizations, the Power-Destroying Pavilion and the Butcher,” the man said.” They’re going all out to search for the Savior and will use the new method of the God-Seeking Sect to turn them into resources.””

"The purpose of my trip is to inform the various branches to search for the Savior with all their might from now on. Now, the Power-Destroying Pavilion and Tu are no longer at loggerheads with each other, but in a cooperative relationship."

Xu Bai raised his eyebrows but didn't say anything. He was deep in thought.

In the original situation, the Power-Destroying Pavilion would kill their own kind to snatch resources, while Tu would specifically look for saviors. Now that the two had combined into one, the saviors of this world would probably not be able to escape.

"Is that all?" Xu Bai said.

Chapter 917: Inviting the Gods

He had a feeling that this guy in front of him was not just here to be a messenger. Otherwise, he would not have stayed here for so many days.

As expected, Xu Bai's idea was right. When he asked this question, the luxurious man said it directly.

"Not only that..."

"If we only use this method, we can at most weaken the prerequisite for the Savior, but it will still be consumed. If the Savior is not produced to the extent of consumption, or if it is not produced at all, we will still die."

"Therefore, the sect master has decided to invite a real god, a god that can continuously produce resources."

Could it produce resources continuously?

“How strong is your sect master?” Xu Bai asked.”

“I’ve become a Saint,” said the luxurious man.

“As expected,” Xu Bai sneered.”

If there was really a way to solve this problem, and this so-called sect master of Please God Sect wasn’t strong enough, he wouldn’t be qualified to negotiate with a Saint Realm master. It seemed that he was also a Saint Realm master.

Of the nine Saints in the world, one had died, and there were still eight left. Six of them had begun to hunt down Savior, and it was unknown what was going on with the remaining two.

“How did you invite this so-called god?” Xu Bai said.

According to what he said just now, he wanted to invite an endless stream of gods and allow resources to circulate. This seemed to be a little whimsical to Xu Bai, but since the other party had such an idea, he definitely had a way.

Therefore, there must be a method to control the world, and this method must have something to do with this luxurious man in front of him.

The luxurious man did not stop at all because he was being controlled.

His eyes were still dull as he slowly said two words.

“Saint Slayer!”

After saying that, he lowered his head again and continued.

” Savior is a huge resource. However, if we want this resource to be able to circulate, we must first make sure that the consumption keeps up with the production. We are already certain that as long as we nurture it properly, we can definitely produce it continuously. However, the consumption is too great.”

“The ones who consume the most are the Saint Realm experts, so... I want to kill a Saint.”

“There’s a Saint Realm master in this area. He didn’t come with us. He just wants to live alone, so he is our target.”

“We’re going to slaughter Saints. I’m here to tell everyone to pay attention to the situation of Saint Realm masters.”

“Right now, the other six Saint Realm masters are on their way. They will use these branches to change their positions and get close to the Saint Realm master.”

At this point, the luxurious man had finished his sentence and said what he wanted to say.

Of course, in the end, the luxurious man also told him the exact location, which was where the Saint Realm master was.

When Xu Bai found out about this location, his eyes narrowed slightly.

What this luxurious man had just said was an ordinary mountain.

Xu Bai took out the map and looked at it carefully. The surrounding terrain of the mountain kept appearing.

He found that the branches were indeed expanding along the mountain.

In other words, if other Saint Realm masters used these branches as a springboard to slowly approach, they might be able to surround him.

However, there was still a problem.

“Are you sure that Saint Realm master didn’t sense it?”

They were all Saints, so it was impossible for them not to sense it. Even if they were careful, they would still give themselves away.

“Please...” The luxurious man pointed at himself. Please... Please enter the Saint Plane.”

Hearing this, Xu Bai’s pupils contracted.

So that was the case...

If he used the method of inviting a god and directly invited a Saint Realm master over, wouldn't he be able to catch them off guard?

At this moment, Xu Bai had already figured out all the movements.

He was also thinking about what to do next.

However, before he could continue to think, the luxurious man spoke again.

The luxurious man slowly said in a dull tone, "You will die."

As the man spoke, Xu Bai felt a sense of danger creeping into his heart.

I Have Unparalleled Comprehension #Chapter 918: Please Have Not Extinguished - Read I Have Unparalleled Comprehension Chapter 918: Please Have Not Extinguished

Chapter 918: Please Have Not Extinguished

A sense of danger suddenly came and exploded in Xu Bai's heart. Xu Bai took a step back and frowned.

At this moment, he realized that there was actually no one else around him, but the feeling of danger just now had appeared in his heart, making him unable to shake it off. It was as if he had suddenly been locked onto by someone.

"What do you mean by danger?" Xu Bai's gaze shifted and stopped on the luxurious man. He felt that there was something wrong with this person in front of him.

Just as he finished speaking, the luxurious man in front of him suddenly raised his head. The dullness in his eyes disappeared and was replaced by calmness.

However, Xu Bai could keenly sense that there was an unfathomable danger in his calm eyes.

“This person has already escaped my control.”

In just an instant, Xu Bai had a conclusion. His hand flashed with white light and he was ready to attack.

However, before he could make a move, the luxurious man opposite him spoke again. His tone was completely different.

“It’s a good material. How about you help me with something?”

“Don’t attack me. Even if you attack, you will only kill this person. However, I already know of your existence. If I want to, I can come here in an instant.”

“You’re a smart person. You should know what to do.”

The luxurious man placed his hands behind his back and sized up Xu Bai with a teasing look.

Xu Bai narrowed his eyes slightly and put down his raised hand. The white light on his hand disappeared.

There was a thought-provoking smile on his face.

“Saint.”

She only said two simple words, but after these two words left her mouth, the luxurious man opposite her nodded.

” You’re the one who’s proficient in the soul in the Tu Organization,” Xu Bai continued with interest.”

” You’re very smart,” the man said with a smile.” But I’ve never seen or heard of you. It seems that after the resources were exhausted, some extraordinary people were born.””

Xu Bai wasn’t nervous. Instead, he felt relieved.

If the other party did not make a move immediately, there would be something to discuss.

He was afraid that people who did not care about anything and fought directly when they met would not be able to communicate. It was not good.

Now that there was communication, something should happen.

“Tell me, what do you think? For a Saint Realm existence to suddenly find me, it must be something important.” Xu Bai smiled.

The luxurious man chuckled.” You’re still calm in the face of danger. You’re indeed a talent. Unfortunately, the world is different now. Otherwise, I would definitely take you under my wing. You’re also the first person I’ve wanted to take under my wing in a long time.”

“You have intelligence, martial strength, and schemes. Moreover, your personality is not bad. With these combined, you can be my partner.”

“Of course, you can refuse, but if you refuse, I can’t guarantee what will happen next.”

Xu Bai wasn’t frightened by this sentence. Instead, he asked,”“Since it’s a cooperation, you should at least tell me how to cooperate, right?”

Cooperation?

Very good. He liked to cooperate with others, especially with a Saint Warrior. It was even more exciting.

Just like what this Saint Warrior had said, he had no choice. He didn’t want to make any choice. Since they wanted to cooperate, there were many ways to do so.

It was very quiet around them. Except for the people under Xu Bai’s control, there was no one else. There were only him and this man, or more accurately, the Saint Warrior standing behind the man.

“Sure.” The luxurious man took a few steps forward and stopped a meter away from Xu Bai.”“What I want is very simple. You will replace this person as the person who invites God.”

“Don’t be in a hurry to reject me and give me a perfunctory answer. I know your ability because when I stood here, I had already seen through you.”

” It’s very strange. The abilities are very messy. If it were an ordinary person, including myself, who cultivated like you, they would have been completely dragged down. But you’re different. Tsk tsk tsk, a Transcendent ninth-grade actually has a way to enter the Saint Realm. It’s enough to be able to invite a god.”

“The method that the sect master of the God Sect told us actually only has a certain probability, but if you use it, you can guarantee success.”

At this point, he had already said what he needed to say. There was nothing else to say.

The luxurious man put his hands behind his back and walked slowly. He looked at Xu Bai without any panic.

He seemed to be certain that Xu Bai would agree. In fact, Xu Bai could only agree in this situation.

If he didn't agree, he would be chased by a Saint Realm master, and he wouldn't be a tough Saint Realm master. He would be an extremely sinister Divine Soul Realm master.

Xu Bai nodded and said directly, “Alright, I'll do it, but I don't know how to invite a god like you.”

Why not?

In the current situation, he had to do it. More importantly, Xu Bai's interest was piqued.

What Xu Bai wanted to know more was what kind of god did they invite after killing that saint warrior?

Of course, even if he did not want to do it now, he had a way to remove the danger. At most, he would give his divine soul a blow. At that time, he would be safe.

Chapter 919: Pray for the God to Not Exterminate (2)

However, Xu Bai really wanted things to continue, so he followed this line.

The luxurious man laughed heartily. “You don't have to worry about these things. I... Will make you... Learn...”

The first half of the sentence was very smooth, but when he said the second half, a strange scene appeared. In front of Xu Bai, this luxurious man seemed to have a bad signal, and the second half of the sentence was stuttering.

Xu Bai was speechless.

This was the first time he had seen such a situation, but he felt a strange sense of déjà vu. Thinking of this, Xu Bai turned around and looked around.

The surrounding scenery became blurry, like a paint bottle that had been knocked over. Everything was mixed together, making it impossible to distinguish which color it was. Xu Bai already understood the reason for the current situation.

It was time.

It wasn't any other situation. It was just that time was up.

No matter what ruin it was, its time was limited. Even such a huge ruin had a limit. However, this limit had reached its limit. He was about to leave.

Xu Bai was speechless when he saw this scene.

"This is too much!"

Actually, it had been a long time since he entered the ruins. It might have been nearly two months.

These two months were considered a long time in the remains. It was normal for him to go out now.

However, the key problem was that he was at the most critical moment. If he were to get it out now, he would be speechless.

According to Xu Bai's plan, he would find a way to find out what kind of god was invited after he agreed. That way, he would be able to find more clues. However, he couldn't see it now. He had to go out immediately.

"Seriously, you've already taken off your pants, and you're only showing me this?" Xu Bai was speechless.

After he said this, the surrounding scenery became completely blurry. Xu Bai was in a blurry world. After nearly half an incense stick of time, the blurry scenery gradually became clear.

This time, he had completely walked out of the ruins and returned to the real world.

He turned around and saw many people from the Heaven Inspectorate and the army.

As Xu Bai appeared, more and more people appeared with him. Xu Bai looked around and found that there were fewer people who appeared later. It seemed that most of them had died in the ruins.

These people were more or less injured, and the most serious ones were only half dead. They were supported by their companions as they walked out.

Xu Bai turned his head and waved at one of the scouts.

The scout quickly ran over and said respectfully, "Your Highness."

Xu Bai pointed at the Jianghu people who walked out of the ruins and said, "Arrange the follow-up. How long did I take to go in this time?"

"Two months." the scout replied.

Xu Bai nodded. After giving his instructions, he did not stay any longer. Carrying the bag on his back, he walked straight to the palace.

Since he had already come out, he would not stay any longer. This time, he had a new idea, and this idea had to go to the palace first.

The scout watched Xu Bai leave with reverence in his eyes. Only after Xu Bai's figure disappeared did he turn his head and begin to arrange the follow-up matters.

..

In the palace.

After two months, Xu Bai had not returned for a long time.

The palace was very different from before.

The number of people had increased, and in terms of clothing, many of them had already become the same as Great Chu.

Even in some corners of the palace, there were many guards constantly moving around. There were even people from the Heaven Inspectorate guarding in the dark.

Xu Bai walked in from the city gate. When he walked in, he quickly attracted the attention of many people.

"Greetings, Your Highness!"

"Greetings, Your Highness!"

“Your subordinate pays his respects to Your Highness!”

The sounds of greetings, greetings, and all sorts of other sounds came one after another. Every few steps Xu Bai took, he would meet a person from the palace who came to pay his respects.

Xu Bai returned the greeting with a stiff expression.

To be honest, he had some characteristics that ordinary men usually had. For example, he liked to act tough and wanted to save face. However, in such situations, it was already refreshing to come once or twice. After coming too many times, he would feel bored.

For example, in the current situation, Xu Bai was tired of it when it repeated itself. However, he couldn't just slap it directly. After all, others came to talk with a smile. One shouldn't slap a smiling person.

“The next time you come, you have to hide.” Xu Bai thought with a headache.

If the world knew that the dignified Prince Xu had to hide his identity when he returned to his home, their jaws would probably drop.

From the entrance of the palace to Chu Ling's study, the journey was very slow. After all, they had to deal with the people who came to greet them. It was only after Xu Bai arrived that the number of people gradually decreased.

After such a long time, he definitely wanted to see his family.

Before Xu Bai could open the door, Ye Zi, who was already at the mortal evolution state, carefully opened the door.

Ye Zi was wearing a yellow dress, especially the ribbon tied around the waist of the yellow dress. It made Ye Zi look like a weak willow by the river.

“Husband.”

A gust of wind blew past.

Xu Bai took the opportunity to catch Ye Zi, who was flying towards him, and hugged her. He patted her soft spot and smiled. “How long has it been since we last met?”

Ye Zi's face turned slightly red. She stretched out her hand and placed it on Xu Bai's chest. She broke away from Xu Bai's embrace and pulled Xu Bai's hand, directly bringing him inside.

Ye Zi's two slender thighs swayed gently as she pulled them in with all her might. As she pulled, she spoke loudly.

"Husband, quickly come in with me. Sister has become so big."

Xu Bai's face darkened when he heard this.

His gaze swept across a corner and said indifferently, "I'm here, so you don't have to guard me. No one can be impudent in front of me."

In the corner, a few black shadows flashed and quickly disappeared.

After the black shadows left, Xu Bai followed Ye Zi into the room.

The moment he entered, he saw Chu Ling sitting on a chair, looking at him with a smile.

Xu Bai's gaze immediately landed on Chu Ling's abdomen.

"Hiss..."

He gasped."

Chu Ling touched her belly that seemed to be ten months pregnant, the smile on her face never lessened: "That is not the husband's credit, already found the doctor to see, the doctor said, the husband's ability is extraordinary, the child's growth rate is naturally extremely fast."

Ye Zi pointed at Chu Ling excitedly and said, "Husband, the child will be born in a month at most. Are you happy?"

Xu Bai smiled and patted Ye Zi's head. "I'm happy."

How could he not be happy?

He came to Chu Ling's side, stretched out his hand, and gently rubbed Chu Ling's stomach.

He could feel an extremely strong life force coming from inside. Moreover, there was a feeling of blood connection that connected him together.

“Are you tired?”

Xu Bai used his other hand to caress Chu Ling’s pale face.

Due to his uniqueness, this child seemed to have absorbed a lot of power from the mother’s body, causing Chu Ling’s physical condition to be not too good.

Chu Ling placed her face in Xu Bai’s palm and gently slid it.”I’m not tired. I’m not tired at all to be able to do these things for my husband. Moreover, as the barbarian fief gets better and better, my strength has already reached the first-grade Transcendent realm.”

Xu Bai smiled and turned his gaze to Chu Ling’s abdomen.””You little brat, you have to behave yourself. Don’t let your mother get too tired.”

As he finished speaking, Chu Ling’s abdomen bulged as if she was responding to Xu Bai.

Ye Zi looked at him curiously. There was a trace of regret in her eyes, but it was quickly swept away.”Husband, you won’t be busy again after coming back this time, right?”

As she spoke, her eyes were filled with anticipation.

Xu Bai shook his head, causing Ye Zi’s anticipation to freeze.””I’m very busy, but I have to go to the treasure vault first. There are some things I have to discuss with Liu Qingfeng.”

Ye Zi’s eyes were filled with disappointment.

Xu Bai took out the bag behind him and poured the contents on the table.

Apart from the 20 or so secret manuals, these things were all found in the ruins. Most of them were divine weapons or treasures.

“These things can be placed in the treasure vault as the property of the treasure vault. Also, no matter who you are, you have to carry this with you.”Xu Bai took out a jade hairpin from the pile of treasures and placed it in Chu Ling’s hand.

“Although a soul-type supreme treasure is only a level one saint, it’s already considered top-grade. It can turn the situation around when necessary.”

Chu Ling held the hairpin in her hand, but her face didn’t look happy.

Xu Bai looked at Chu Ling, then looked at Ye Zi. He understood what they meant.

“You guys, come here.”

He held the two women’s hands and gently rubbed them with his fingers.

“Ever since we confirmed our relationship, you’ve always understood my thoughts. You also know that in this world, you have to make yourself stronger.”

“I know you want me to accompany you more, but it seems that it’s not possible for now. But don’t worry, there will be a lot of time in the future.”

Ye Zi lowered her head and replied with an ‘oh’.

Chu Ling opened her sparkling eyes, “Husband, I only want you to be by my side on the day the child is born.”

“Yes.” “I will.” Xu Bai nodded.

He held the two girls in his arms and talked about all kinds of things in detail, including what happened in the ruins this time.

He spent the whole morning talking. It was not until the afternoon that he finally walked out of the two women’s embrace.

“It’s time to go and take a look. Maybe he knows. If he doesn’t, then I can only go to Director Mu.”

Without hesitation, Xu Bai headed straight for the palace treasury.

..

The palace treasury.

Liu Qingfeng was reading a book carefully.

Ever since the Abbey Dean left, and Xu Bai did not stay in the palace treasury often, Liu Qingfeng was the only one left.

Fortunately, there were enough books here. Liu Qingfeng was patient and stayed here.

“It shouldn’t be long before I can recover to the ninth-grade Transcendent realm.” Liu Qingfeng sighed in his heart.

Now, he didn’t expect to become a saint anymore. It was already good enough that he could recover to this extent.

He knew that Xu Bai had a lot to do with him being able to recover to his current level. Now that he had sold himself to Xu Bai, he naturally had to do his best.

“When I recover to Transcendent Ninth Grade, I’ll go look for the Ling King and see if there’s anything I can do.”

While reading the book, Liu Qingfeng made up his mind.

At this moment, he suddenly sensed something and looked at the stairs.

“Brother Xu, you’re here?”

I Have Unparalleled Comprehension #Chapter 921: Please Have Not Extinguished - Read I Have Unparalleled Comprehension Chapter 921: Please Have Not Extinguished

Chapter 921: Please Have Not Extinguished

An expert of his level could naturally sense it. Ever since Xu Bai stepped into this area, he had already known.

Xu Bai walked up the stairs and smiled.””Brother Qingfeng, you’ve recovered quite well. You’re already at Rank-8.”

Liu Qingfeng put down the book in his hand.” Brother Xu, it looks like you have something to ask me.””

He had lived for so many years. Even if he was stupid, he had long become a human spirit. Liu Qingfeng could naturally tell at a glance.

Xu Bai nodded and did not hide anything. He said directly,”I want to ask about the matter of inviting gods.”

Liu Qingfeng was stunned.” How do you know...”

Halfway through his sentence, he reacted and shook his head.

“That’s right. You were able to use this method to invite me back then, so you must know that I have an inheritance in the aspect of inviting gods.”

Xu Bai smiled and said nothing.

When he had reached level one of his God Summoning skill, he was already at the top of this field. Naturally, he knew the way to do it.

He didn't dare to say that Qingfeng Liu had the inheritance of inviting gods, but there was definitely a connection. Otherwise, it would be impossible to invite him alone without inviting anyone else.

"Brother Xu, just tell me what you want to know," said Liu Qingfeng."

"It's like this. Something happened in the remains this time around..." Xu Bai organized his words and told him about some of the things he had encountered, especially the way he had invited the God Sect.

Liu Qingfeng was stunned when he heard Xu Bai's explanation. He was still in a daze.

After a while, he finally reacted.

This might not be the case! "I've never heard of anyone who can hire a god or even possess him for a long time." Liu Qingfeng shook his head."

"If Brother Xu wants to ask about this matter, it might be beyond my understanding."

In fact, Xu Bai was indeed asking about this matter. He was most interested in this matter now. He had learned in the ruins that those guys wanted to use this method to solve the problem of resource depletion.

But at the most critical moment, he came out.

However, he could at least deduce what happened after that. He must have killed that Saint Realm expert and used that method, but he didn't see the final result.

Therefore, he wanted to find some clues now.

Moreover, he knew that Liu Qingfeng's God Summoning Technique was not as powerful as his. However, what he wanted to know now was not to get Liu Qingfeng to tell him useful information, but something else.

"Where did you get your inheritance from? Are there any more successors of the God Sect?"

This was what he wanted to know the most.

The branches of each profession were extremely wide.

Even he couldn't say that he understood everything, especially when it came to the sect of inviting gods. It couldn't be that there were only two branches of the mountain sect and the sea sect.

He wanted to know what faction Liu Qingfeng belonged to.

I'm in the faction? Liu Qingfeng smiled bitterly and said, "If you're asking about this, I don't know either. After I obtained the ability of this profession, I haven't focused on practicing it. You know that the more I practice, the worse it is for me. So I can only tell you where I obtained this profession, and I can be sure that this profession is not really extinct."

"Oh?" Xu Bai's eyes lit up.

This was out of his expectations. It was said that this industry was extinct, but it still existed in this world. Moreover, it seemed that Liu Qingfeng knew about it. This opened up a new path for him.

"Brother Qingfeng, don't keep me in suspense. Tell me what you know. Where is the inheritance now?" Xu Bai asked.

"Brother Xu, if you really want to know, I can tell you. You actually know the location of this inheritance." Liu Qingfeng smiled bitterly.

Xu Bai didn't say anything. He was waiting for Liu Qingfeng to continue.

"I came into contact with it by chance," Liu Qingfeng said slowly. "There are only a few people left in this sect. And these people are all..."

"Miao Sect!"

I Have Unparalleled Comprehension #Chapter 922: Miao Sect's Secret - Read I Have Unparalleled Comprehension Chapter 922: Miao Sect's Secret

Chapter 922: Miao Sect's Secret

Miao Sect?

When he heard Liu Qingfeng say these two words, Xu Bai did not react. He had thought of many places, even the Bizarre Market or the ruins, but he had never expected it to be the Miao Sect.

Xu Bai seemed to owe the Miao Sect a favor. When he became a Saint, he would have to help the Miao Sect solve the problem of the Golden Thread Gu.

After all, the other party was willing to exchange two books for failing to become a Saint Warrior. This was a business that required honesty.

Therefore, Xu Bai planned to make a trip there.

But now, he had heard new news, especially from what he had just heard. Liu Qingfeng's request to invite the gods was actually related to the Miao Sect.

He really couldn't understand how these two seemingly unrelated things could be combined.

"Explain." Xu Bai's eyes lit up with interest as he urged, "My interest is in the world."

The Miao Sect was definitely not as simple as they had imagined. In fact, the Miao Sect was one of the top forces back then.

Although the Gu Divine Sect had fled and split up, and the two sides had fought each other, causing this faction to plummet, they definitely had some foundation, so it completely aroused Xu Bai's interest.

He could feel a veil swaying in front of him. As long as he moved a little, he would be able to lift it and see the true face under the veil.

"Yes, you didn't hear wrongly." Liu Qingfeng nodded with certainty. "I know that no one will believe this news. After all, one is a voodoo player, and the other is a deity. It's impossible to connect them together, but it's true."

"A long time ago. I was still muddleheaded at that time. I was looking for things related to the divine soul everywhere. In the end, I found the Miao Sect."

As he said that, Liu Qingfeng looked like he was sighing. It was as if he felt very uncomfortable when he thought about his past muddleheaded state.

This was normal. After all, no one wanted to think about the past, especially the bad ones.

Xu Bai stroked his chin. Wait, could it be that you went to find the Golden Thread Gu?"

He suddenly remembered that not long ago, Miao Xiao had told him that the Golden Thread Gu was about to be in danger.

Therefore, when he heard these words, it was easy to connect them together.

"How can that thing be what I'm looking for?" Liu Qingfeng shook his head and said, "I'm looking for someone with a very strong soul. Because I lost my soul, my senses are

especially sensitive. I sensed it when I passed by, so I didn't think too much about it. I searched for it instinctively."

"At that time, the Miao Sect had a Transcendent expert overseeing it. Even if it had fallen drastically, it was still a top-notch force, so this trip was not safe."

"I had a great battle there. I fought against three extraordinary experts by myself. In the end, I had to rely on my powerful recovery ability to beat them into submission."

"However, the Miao Sect's Golden Thread Gu is indeed powerful. I was also seriously injured at that time, but fortunately, my recovery ability is strong."

Speaking of this, Liu Qingfeng's face revealed a fearful expression, as if he was very afraid of mentioning the Golden Thread Gu.

Xu Bai did not think that it would affect him much. After all, he had never seen a Transcendent controlling the Golden Thread Gu before, so there was no basis for everything, and he could not imagine it.

Liu Qingfeng knew that Xu Bai was anxious, so he didn't think too much about it. He continued,""After I won, I followed that feeling and found an old man."

"The old man was very old, looking to be seventy or eighty years old. His head was full of white hair, and he had been kneeling in front of a huge tombstone."

"Brother Xu, guess what I encountered next?"

Xu Bai's mouth twitched slightly." Brother Qingfeng, I think you're a good person. You just like to keep me in suspense. If you continue to keep me in suspense, I might do something.""

If he wanted to say something, he could just say it in one breath. Xu Bai hated it when people kept him in suspense, so he was a little unhappy now.

"Ahem." Liu Qingfeng pretended to cough and said,"I'm used to it in the past. I'll get to the point now. When I saw that old man, he actually didn't have much time left, but I could feel the peak of the ninth grade Transcendent's combat strength on him."

"The so-called strength of the soul was emitted by the old man. At that time, I didn't feel anything else. I just wanted to snatch it instinctively, but I never expected that I would be defeated in one move. However, the old man didn't kill me."

"He caught me and made me face that tombstone without saying a word. The tombstone was engraved with the method to invite the gods."

"I remembered it by instinct and learned it by instinct. That's why I know all of this. I haven't seen it since."

"But I'm sure of one thing. This person... He was definitely not from our era."

Xu Bai raised his eyebrows, but all kinds of thoughts rose in his mind.

The rest of the story was a normal experience for the first stage. The peak of the ninth grade Transcendent expert was indeed very strong, but the last sentence was a little intriguing.

Not from their era?

In Liu Qingfeng's era, it seemed that the Great Chu Country had not even been established. If it was not someone from that era, wouldn't it have to be pushed back?

If he continued to push forward, what era would he be in?

Xu Bai didn't know, but he knew that if what Liu Qingfeng said was true, there was a big secret hidden in the Miao Sect.

Chapter 923: Miao Sect's Secret (2)

"Brother Qingfeng, how can you be so sure that he is not from your era?"

Liu Qingfeng smiled bitterly." I'm a little ashamed to talk about it. This matter has to start from the day I wanted to solve my problem."

"Brother Xu, you should know that I was so arrogant that I wanted to leave my soul here, so I went to visit all kinds of Transcendent experts. I can say that in the world today, I have visited almost all the Transcendent experts related to the soul in our era."

"Therefore, if we encounter another soul-type Transcendent expert, I can be absolutely sure that he is not from our era."

"Words!"

Liu Qingfeng raised his index finger and said seriously.

“Many of the words on the tombstone didn’t exist in our era, but I can understand them.”

“That’s why I can deduce that he must have lived for a very long time. I can sense the aura of decay on his body.”

Xu Bai tapped the table lightly with his hand, repeating what Liu Qingfeng had just said in his mind.

After a series of deliberation, he temporarily believed that Liu Qingfeng’s words were true.

If there was nothing wrong with these words, then the root of everything lay in the Miao Sect, especially the old man who knew how to summon gods.

According to Liu Qingfeng, he didn’t seem to be from that era. Moreover, from the ruins on the tombstone and the decaying aura on his body, it was very likely that he came from a distant era.

Because after a long time, it was about to pass away.

“Looks like I have to go there myself.” Xu Bai stood up. There was no time to lose. He planned to go to the Miao Sect immediately.

“Brother Xu, are we going to fight?” Liu Qingfeng asked.”

Xu Bai looked at Liu Qingfeng strangely, "Why do you have such thoughts?"

Do you know how to fight?

This is really not necessarily the same.

He had to see the specific situation, but he estimated that there was a high possibility that he would not fight. Of course, his mouth had always been enlightened, so it was very likely that he would say the opposite.

Liu Qingfeng pondered. "Brother Xu, that old man doesn't look like he has any killing intent, but he's not easy to get along with. I can feel that he seems to reject everyone. You have to be careful."

"If you need me, I can accompany you."

Xu Bai shook his head. "Your mission should stay here. After all, this place needs a top-notch expert to guard it. As for the Miao Sect..." I'm not a pushover. Besides, who dares to attack me now?"

Except for the two rats hiding in the barbarians, there was almost no one in the world who could openly attack Xu Bai.

If he went to the Miao Sect openly, the people of the Miao Sect would probably still have to guard him. If he lost even a hair, then there would only be one word waiting for the Miao Sect.

Annihilation!

Xu Bai really wanted to say, "What background? This is what you call background."

Looking at the novels he had read in the past, the stronger the main character was, the more he fought alone.

This didn't make sense.

After becoming powerful, one would definitely have a strong backing, just like him.

If they were to lose even a hair on this trip, not to mention Great Chu, Eunuch Wei would probably be the first to destroy the Miao Sect.

"Let's go." After Xu Bai made up his mind, he didn't stay here any longer. He wanted to seize the time.

After all, Chu Ling was pregnant with his child. Due to his special nature, the child in Chu Ling's stomach was born very quickly.

After his child was born, he, as the father, had to be by his side, right?

Therefore, he had to end this quickly.

He didn't stay any longer. After he left, he first went to look for Chu Ling and told her his intentions.

Under the reluctant gazes of the two women, he left the palace.

Flying high up in the sky, after determining the direction of the Miao Cult, he rushed over at an extremely fast speed.

..

Long Province, Miao Sect, the land of the barbarians.

Unlike other places, this was the branch of the Miao Sect in Longzhou.

The person in charge was Miao Xiao.

At this moment, Miao Xiao was buried in a pile of work.

Ever since she became the person-in-charge, she had become busier and busier. From her expression, one could see that she was very serious and there was a hint of worry in her eyes.

Fortunately, after she became the person-in-charge of this place, her efficiency was still very high. She arranged the place in an orderly manner and did not let down the Miao Cult's trust and cultivation.

After about the time it took for an incense stick to burn, she finally relaxed.

After finishing the pile of things in his hands, Miao Xiao stretched his back and stretched.

Although he looked relaxed, the worry on his face did not disappear.

Ever since Xu Bai left, she had been worried.

The reason was simple. She knew Xu Bai was angry.

After all, as a friend, she had schemed against Xu Bai. No one would feel comfortable if this happened to them.

Miao Xiao had wanted to explain, but Xu Bai had been in closed-door cultivation not long after. She did not want to disturb him, so she had waited until now.

“Sigh, let’s wait a few more days. After I settle the matters at hand, I’ll go and explain.” Miao Xiao thought that Xu Bai had just come out of the ruins. After finishing his work, he would go to the palace.

Thinking of this, she felt a little relieved.

Miao Xiao picked up the tea beside him and was about to take a sip when someone rushed in from outside the door.

Chapter 924: Miao Sect’s Secret (3)

“Dong dong dong.”

There was a hurried knock on the door. The voice outside sounded very anxious.

“Milord, Prince Xu is here. He wants to see you.”

When Miao Xiao heard this, he was about to tell the people outside not to be anxious. However, after he reacted, he remembered who he was talking about and hurriedly stood up.

She anxiously walked to the door and opened it. When she saw her subordinate standing outside, she quickly said, “What are you waiting for? Quickly invite him in. In the future, when Prince Xu comes to our place, you don’t have to report to me.”

The subordinate was shocked. He quickly agreed and turned around to leave.

After this subordinate left, the sorrow in Miao Xiao’s eyes disappeared slightly, replaced by a happy expression.

“I wanted to explain it in a few days, but now I’m here in person. It’s just nice for me to explain it to you.”

She was very happy because she really wanted to resolve this misunderstanding. Now, the opportunity had come.

Not long after, Xu Bai’s footsteps sounded.

Miao Xiao looked at the direction of the footsteps. His eyes lit up. He walked forward and grabbed Xu Bai's sleeve, preparing to bring him into the room.

"Come, follow me into the house!"

Xu Bai was speechless.

Looking at the Miao Sect's girl in front of him in a hurry, he could easily think of a bad plot.

Of course, he also understood that the other party only wanted him to enter the house first, so he didn't say much and followed Miao Xiao's strength to enter the house.

After Miao Xiao pulled Xu Bai into the room, he closed the door with a bang.

Her eyes were wide open as she stared at Xu Bai. The excitement in her eyes was not hidden at all. She was about to speak.

"Xu..."

However, he was interrupted by Xu Bai.

"I came to you this time because I have something important to discuss. Take me to the Miao Sect's headquarters." Xu Bai said.

Miao Xiao was stunned on the spot. He wanted to say something but was stopped in his mouth.

She knew that now was not the time to talk about this, because she could tell from Xu Bai's expression that there must be something very important now. Therefore, she did not continue talking and immediately changed the topic.

"What is it?"

Miao Xiao was still a little curious. For some reason, Xu Bai suddenly asked her to bring him to the Miao Sect headquarters.

"Could it be that you've already become a Saint?"

She looked at Xu Bai as if he was a monster. She stumbled back a few steps and opened her mouth in surprise.

Not long ago, the two of them had agreed that when Xu Bai became a Saint, he would go to the Miao Sect to deal with the Golden Thread Gu. Therefore, when Xu Bai said that he was going to the headquarters of the Miao Sect, she naturally thought of this scene.

"Not so fast. This time, there's something else." "Anyway, let's set off now." Xu Bai waved his hand.

Although Miao Xiao didn't know what was going on, she knew that it was something urgent when she saw Xu Bai's serious expression. She didn't even ask and dragged Xu Bai out of the door.

"You're bringing me over without asking what it is?" Xu Bai asked."

Miao Xiao turned his head and shook it vigorously. "No, there's no need to ask about this between us. If you want to go, then go. Anyway, you won't harm me, right?"

Xu Bai smiled, "That's right..."

"You're not angry anymore?" Miao Xiao asked.

Xu Bai shook his head, indicating that he was no longer angry.

Actually, there was nothing much to think about. Later on, he also understood that Miao Xiao was a little smart, but his thoughts did not develop in a bad way.

Seeing Xu Bai shake his head, Miao Xiao was overjoyed. The two of them hurriedly left the house.

Xu Bai was still wordy: "You directly tell me the location of the line, I take you to the past, the time to say stop when the stop.""

Miao Xiao realized that he was not as strong as Xu Bai, so he was not as fast as Xu Bai.

Seeing Xu Bai's current situation, he was in a hurry, so he pointed in a direction.

Of course, Xu Bai was in a hurry. He had to go and come back as soon as possible. After solving the problem, he would come back and wait for his child to be born.

Therefore, after Miao Xiao pointed out the location, he immediately grabbed Miao Xiao's belt.

Miao Xiao was speechless.

No, even if you're bringing me along, you should be using another method, right? At the very least, you should be carrying me, right?

Before she could react, she felt a huge force on her waist. Soon, Xu Bai held her waist and turned her into an "N".

Miao Xiao was speechless.

This feeling was not good at all!

Of course, she couldn't refute this because Xu Bai had already stepped into the air.

A gust of wind blew past, and the remaining words of the smiling young man were blocked by the strong wind. Soon, the two disappeared into the horizon.

..

Along the way, Xu Bai had been moving as fast as he could. The route he had taken was the general direction that Miao Xiao had pointed out. If there was a slight deviation, Miao Xiao would immediately point it out.

The two of them flew in the air at high speed. With Miao Xiao's guidance, it was much faster than carrying a map.

They hurried along the way. First, they arrived at the Great Chu Country. Finally, they arrived at the headquarters of the Miao Cult.

Great Chu was different from the land of the Barbarians. The two Saint Realm masters didn't dare to come here, and Xu Bai could do whatever he wanted.

In Xu Bai's mind, the headquarters of the Miao Cult should be a gloomy place.

After all, they were all voodoo players, so a gloomy aura was the most suitable. In his previous life, voodoo related things also had that kind of gloomy feeling.

Chapter 925: Miao Sect's Secret

However, when he looked at the buildings in front of him, he felt that his thoughts had been overturned.

There were many buildings that were densely packed, but they were all built against the mountain.

The beautiful scenery of the mountains and rivers set off the entire building, making it seem very spiritual.

From time to time, the sound of insects could be heard. Coupled with the beautiful scenery, the two combined gave people a sense of spirituality.

“Unbelievable.” Xu Bai stroked his chin and pondered.

Miao Xiao maintained his ‘n’ shape the entire time. He didn’t know whether to laugh or cry when he heard this.”Put me down first!”

She was now the person-in-charge of a branch and an important leader. If others saw her, she would probably lose face.

Hearing Miao Xiao’s words, Xu Bai finally reacted and placed Miao Xiao on the ground.

Miao Xiao tidied his clothes and rubbed his fair face hard to make himself look serious.

After doing all this, she placed her fair and tender hand by her mouth and coughed lightly.

“Prince Xu, please!”

This manner of doing things seemed to be full of grandeur.

Xu Bai’s mouth twitched.”

He didn't say anything and walked in.

As soon as he entered, Xu Bai felt many gazes on him. However, after seeing his appearance, these gazes quickly moved away, as if they were afraid that they would stay for too long and cause him displeasure.

"These young people are quite sensible." Xu Bai placed his hands behind his back and said with narrowed eyes.

Miao Xiao rolled his eyes.

Sensible?

Even if you don't understand, you should understand!

With Xu Bai's current identity, he would be recognized wherever he went. Who would dare to challenge Xu Bai?

The journey was smooth, not because Miao Xiao was leading the way, but because of Xu Bai's identity.

In short, Miao Xiao was acting as a map.

Because there was something important, Miao Xiao didn't know what it was about Xu Bai, but according to the rules, he still brought him to the largest hall.

"Our Miao Sect's current Sect Master is a Sixth Grade Transcendent expert called Miao Long..."

“And below, there are four third-grade Transcendent elders.”

Along the way, Miao Xiao didn't stop talking and introduced the Miao Sect to Xu Bai.

Xu Bai listened as he walked.

Not long after, the two of them arrived in front of a huge hall. At this time, Miao Xiao also shut his mouth.

Xu Bai looked at the few figures at the entrance of the hall and narrowed his eyes slightly.

There were a total of five people, and all of them were Transcendent experts. They should be the ones Miao Xiao had mentioned before.

The leader was an elderly man wearing the Miao Sect's unique attire. Standing at the very front, he was undoubtedly Sect Master Miao Long.

Before Xu Bai could get close, Miao Long spoke first.

“Everyone in the Miao Cult greets Prince Xu. Prince Xu, there's no need to say anything more. We already know why you're here. Please follow me. Miao Xiao, you don't need to get involved here.”

Hearing this, Miao Xiao looked left and right. He really wanted to get involved, but hearing the Sect Master say so, he could only sigh in disappointment and turn around to leave.

Xu Bai sized up Miao Long and smiled.”

Miao Long was also smiling like an old fox.”Prince Xu’s agreement with us was after he became a Saint Warrior, but he’s not here for this.”

“Now everyone knows that Liu Qingfeng has regained his consciousness and has been guarding the Barbarian Land. Since that’s the case, we know why Prince Xu is here.”

As expected.

Xu Bai liked to talk to smart people because it was easy to talk to them.

If Miao Long was a stupid person, he would have to waste more time.

“Please!” Miao Long raised his hand and made a gesture of invitation.”He didn’t die. When Prince Xu arrived, we asked him.”

“He’s willing to see Prince Xu.”

I Have Unparalleled Comprehension #Chapter 926: An Incomprehensible Secret - Read I Have Unparalleled Comprehension Chapter 926: An Incomprehensible Secret

Chapter 926: An Incomprehensible Secret

“Oh?” Xu Bai narrowed his eyes.

” He’s willing to see me and I’m not going to see him. It seems like he already knew I was coming before I came?””

He had thought that he would have to spend a lot of time arguing or at least argue a few more times about this matter, but he did not expect the other party to be so straightforward and agree directly.

Miao Long smiled bitterly when he heard Xu Bai's words."Prince Xu, your words are too serious. In the current Great Chu, you can see whoever you want. No one can stop you. Since you actually want to know about this matter, we can't hesitate at all."

“I know that you must have doubts in your heart about why we didn’t take the initiative to mention it. But if we really talk about this, I can only say that everyone has their own secrets, and secrets are not willing to be mentioned to others.”

Xu Bai stroked his chin and understood.

He understood what she meant.

It was obvious that the other party did not want others to know about this. However, when this matter had already been exposed, it would be difficult to hide it no matter how hard he tried.

Paper couldn't hide the fire.

If someone else had known about this, they might have been able to turn things around. They might have chosen not to agree, or they might have done something else. However, this matter was known by Xu Bai, so it was a different story.

Now, in this entire world, who could stop Prince Xu?

If Prince Xu wanted to know something, then everyone in the world had to agree.

"So, you think I'm forcing you? I won't do such a thing." Xu Bai frowned.

He was a man of principles. Ever since he entered this industry, he had always adhered to this principle.

[illegible]

Now, the meaning behind his words was as if he was forcing them. Wouldn't he become a villain?

When Miao Long heard this, he knew that Xu Bai was a little unhappy. He quickly cupped his hands and apologized, "Prince Xu, you've misunderstood us. We don't dare to say anything else, but I can assure you that you didn't force us to do this. We told him about you, and he thought about it for a long time before agreeing."

"Willingly?" Xu Bai glanced at Miao Long.

"Yes, it's voluntary." Miao Long quickly nodded.

Xu Bai waved his hand.” Then hurry up and lead the way. Stop wasting time. I’m on a tight schedule this time. Also, wipe the sweat off your forehead. I’m not a bad person. I’m usually very kind.””

Miao Long was stunned. Only then did he realize that his forehead was already covered in dense sweat. It was left behind just now.

Harmony?

The Bloody Slaughterer Swordsman actually said that he was amiable?

Everyone in the world knew Xu Bai's temper and knew his fickle-minded character. They also knew the origin of the name Bloody Butcher.

Now, the Bloody Slaughterer Swordsman actually said that he was amiable. This was simply inconceivable. Of course, Miao Long did not dare to say these things out loud.

“Then, please follow me, Prince Xu.” Miao Long quickly turned around and extended his hand to guide Xu Bai.

Xu Bai nodded and followed behind Miao Long silently.

The two of them walked into the hall one after another.

As for the remaining few people, they stayed outside and acted as if they were strictly guarding.

After entering the main hall, it was empty, but it was decorated in a particularly luxurious manner.

Xu Bai looked at the hall that was different from what he remembered as he walked slowly.

Under Miao Long's lead, they quickly passed through the hall and arrived at the backyard.

The backyard was also very spacious, with clean and tidy tiles everywhere. The houses around the backyard were also very stylish.

"Go through here and head up the mountain. We'll reach it soon." Miao Long was worried that Xu Bai would get tired of walking, so he turned back to explain to Xu Bai.

Xu Bai nodded and said that there was no need to worry about him. He just had to continue leading the way.

After Miao Long received Xu Bai's response, he felt a little relieved. He stopped talking nonsense and continued walking in front.

After passing through the backyard, there was a straight mountain road. The steps of the mountain road were extremely exquisite. At a glance, one would feel that it was expensive.

Since all the buildings of the Miao Sect were built on the mountain, Xu Bai could see the outlines of some buildings from time to time when he stepped onto the stairs.

Fortunately, they didn't meet anyone along the way, so they didn't waste much time. After about an hour, they finally reached the end of the road.

Not far ahead was a dense forest. If one looked from the outside, they would not be able to see anything strange.

When Xu Bai saw the forest, he subconsciously spread out his divine soul and scanned it once. Soon, he got the answer.

Through the scan of his soul, he could sense that in a secret part of the forest, an old man was sitting cross-legged on the ground.

In front of the old man was a lonely grave.

There was a tablet in front of the tomb, but there was no name carved on it. Instead, there were some words that Xu Bai could not understand. These words were not written in the language of Great Chu, so Xu Bai could not understand them.

However, as his divine soul swept over it, Xu Bai could sense that even if he could not understand the words on it, they were still transmittin

Chapter 927: A Secret That Puzzles the People (2)

“Is this the method to invite a god?”

As the saying went, one could understand by analogy.

Xu Bai himself had a saint-level technique to invite gods. In this field, he was considered a top existence.

Therefore, when he scanned it with his divine soul, although he did not sense the existence of the progress bar, he could read the contents on it, and this content revealed a message.

Please God!

The method to invite a god was different from the method he had mastered. It was another method to invite a god.

The so-called other kind of god was not to invite a god to possess him, nor was it to invite a god to his side. To be precise, this kind of method of inviting a god was to kill the god after inviting the god over and seize the god's power.

Of course, even though Xu Bai was an expert, he still couldn't grasp everything by just using his soul to scan for a while. Thus, he only had a rough idea.

However, his interest had already been piqued, especially when he thought about what big secret was waiting for him to discover. He became even more excited.

Miao Long was still walking in front when he suddenly felt that something was wrong. He turned around and saw Xu Bai's excited expression.

“Prince Xu, you are...”

He couldn't understand why Xu Bai's expression had suddenly become so excited. It was a little abnormal.

Xu Bai nodded and waved his hand without saying anything.

Miao Long knew that Xu Bai didn't want to talk about it at this time. He was just a little curious. However, since Xu Bai didn't want to talk about it, he didn't have the time to ask. He continued to lead the way.

The two of them continued to walk through the dense forest. After walking for a while, they finally stopped.

"We're here, Prince Xu. He's inside." Miao Long pointed ahead and said.

At first, Xu Bai had seen the scene with his divine soul, but now, Xu Bai had witnessed it with his own eyes.

Not far away, the old man had his back to them. He was still sitting cross-legged on the ground, guarding the tomb in front of him.

"You guys continue chatting. After you're done, Prince Xu can return the way you came."

Miao Long was sensible and had good judgment. He knew that it was not appropriate to stay here at this time, so he turned around and left.

After Miao Long left, the place became a little deserted. The old man kept his back to Xu Bai and did not speak, as if he was waiting for Xu Bai to speak first.

Xu Bai rubbed his chin."

The environment of the dense forest was very deep. Coupled with a lonely grave and an old man, it gave people an inexplicable sense of oppression. However, all of this was not a problem for Xu Bai.

Since he was keeping silent, he would break the silence. It was a very simple principle.

Thinking of this, Xu Bai walked up to the old man.

Before he could say anything, his eyes narrowed slightly as he realized that something was wrong.

"Why does it feel so familiar?"

Xu Bai looked at the old man walking back and forth in front of him.

The old man stared at the tombstone in front of him without saying a word. He let Xu Bai size him up as if he didn't see Xu Bai at all.

The old man gave Xu Bai an inexplicable sense of familiarity. He was sure that he had never seen this old man before. Moreover, the old man was old, and the wrinkles on his face were like crisscrossing gullies. As long as he took a look, he could remember it clearly.

Therefore, Xu Bai was sure that he had never seen this old man.

But what was with that inexplicable sense of familiarity?

Xu Bai didn't say anything. He just stared at the old man's facial features. The more he looked, the more familiar he felt.

He was about to speak, but when he saw this, he fell into deep thought.

At this moment, the old man's gaze finally turned to Xu Bai.

"Prince Xu...Isn't that right?"

Hearing the old man's words, Xu Bai came back to his senses and nodded slowly.

"Old man, why do I find you familiar?"

Since things had come to this point, he naturally had to say what he wanted to say. Xu Bai did not want to pretend to be careless or beat around the bush. He liked to be straightforward.

When the old man heard Xu Bai's inexplicable words, he did not show any surprise. Instead, he looked very normal."Then I guess you've really seen it before..."

Xu Bai raised his eyebrows."

The old man's answer just now was a little confusing. Xu Bai pressed forward and asked the old man the reason without giving him any chance to turn around.

The old man's eyes were cloudy, and he looked like he was about to die."Prince Xu...Perhaps it wasn't me who had seen him before. Perhaps it was my ancestor. Hmm...To be precise, Prince Xu should have seen my ancestor when he was young."

Xu Bai's gaze gradually focused." Get to the point. I don't like to guess blindly.""

The more he listened to the old man, the more he felt that it was impossible. Xu Bai felt that there was no need for that.

The old man was originally very calm, but after Xu Bai said these words, he was slightly stunned. Finally, he sighed."That child Miao Long said that Prince Xu has a very strange

temper. Now that I've finally experienced it, I won't keep you in suspense. Prince Xu probably met my ancestor in the ruins."

Ruins?

Ancestors?

When Xu Bai heard these words, he quickly came back to his senses. He finally understood why this old man looked so familiar.

Chapter 928: An Incomprehensible Secret (3)

The old man's facial features were very similar to the group of saviors he met when he entered the ruins last time.

The old man was like the leader of the Savior, who had soul-related abilities.

"Are you the descendant of the Savior?" Xu Bai frowned.

No matter how he looked at it, it fulfilled this condition. Xu Bai felt that this matter had become more and more important.

The old man's eyes revealed a nostalgic look. What a familiar name. Prince Xu, I knew that you must have come into contact with him since you were able to find him. It seems that my guess was correct."

"You've come into contact with these things in the ruins. Then, how do you think the saviors save the world? Did they become food, or did they reverse the environment where resources were exhausted?"

Xu Bai rubbed his chin with his palm." I don't know how I saved the world, but I know that I failed in the end.""

What he said was true. He really did not know how it came about, but it must have failed. Otherwise, it would not have become like this.

The old man nodded and admitted that Xu Bai was right.""It was indeed a failure. Only a few saviors survived, and the bloodline continued. Prince Xu, do you know that even if

the people of that era treated us like this, we have always carried on this mission? I know that you really want to know some secrets, so please tell us.”

Xu Bai fell silent.

At this time, the amount of information was too much. He did not know how to open his mouth.

However, this was not a big problem.

“Why don’t you tell me everything you know?” Xu Bai raised his head and said slowly, “Let’s start with the subsequent developments.”

The old man was speechless.

To be honest, the old man had lived for so long and had seen many people, but he had never seen someone like Xu Bai.

So you came to ask about something and haven’t thought of how to ask. You still need me to tell you everything. Is this appropriate?

However, after thinking about it carefully, he also knew that Xu Bai had such a temper. After all, the people in Jianghu now knew Xu Bai’s personality.

“Sigh...” The old man sighed silently. “I don’t have many days left to live. If that’s the case, I’ll tell Prince Xu everything.”

The old man’s voice rang out in the dense forest. This voice matched the quiet environment and made the atmosphere seem a little tense.

..

He talked for nearly an hour. During this time, Xu Bai received a lot of information. He was also quickly sorting through the information he received.

After the last word, the old man closed his mouth.

Xu Bai looked at the old man with a complicated expression.

He already knew the cause and effect. This matter had to start from Savior’s team back then.

In order to avoid being killed, the Savior had banded together. However, because of one thing, he suffered a devastating blow.

In order to save a baby girl, they took the risk to attack. Because of the reason for the attack, they were noticed by some people in the industry and chased them all the way.

Those people were all extraordinary experts, and at that time, these saviors were only at the Extraordinary realm.

When a group of Transcendents were chased by Transcendents, there was only death.

Fortunately, this group of saviors had super strength, so after suffering heavy losses, they finally escaped.

Xu Bai knew this very well. Wasn't this the follow-up to the high pass?

Xu Bai had thought that the group of saviors would not be able to escape at all, but he did not expect that they would succeed in escaping in the end.

After the group of saviors escaped, they kept an even lower profile. Every day, they would secretly find other companions and recruit them into their team. Then, they would quietly develop.

Just like that, nearly a month passed. During that half a month, many things happened. For example, a sage expert in the deep mountains was killed by other sage experts.

Not only that, but the other Saint Realm master was also seriously injured.

"They really did it." Xu Bai thought.

The Power-Destroying Pavilion had three Saint Realm experts, and there were also two Saint Realm experts on Tu's side. At home, there was a sect master of a god-inviting sect. In order to invite an unknown god, these guys actually slaughtered other Saint Realm experts.

Of the nine Saints in the world, more than half of them had joined forces, so it was a great blow to the other Saints.

In the end, they succeeded. In the end, there were only six Saints left in the world.

Due to the depletion of resources, no one could enter in a short period of time.

Originally, these things were a good thing for the Savior because it meant that they had fewer enemies. However, they never expected that their disaster would finally come.

The six Saints seemed to have gone mad, searching for saviors and imprisoning them.

The small group could only hide in this crazy search.

Just like that, another half a month passed. Finally, the six Saint Realm masters used these saviors to invite the gods!

No one knew what had happened on that day. They only knew that a crack suddenly appeared in the sky. Soon, all the Saint Realm masters died.

No one knew how these Saint Realm masters died, but on that day, the world was in chaos.

Chapter 929: An Incomprehensible Secret

The Power-Destroying Pavilion and Tu fell apart, and the entire world was in chaos. There was slaughter and darkness everywhere.

People in these industries did all kinds of strange things for resources.

The saviors were struggling to survive in such an environment.

In the end, this bloodline was passed down.

The content of the old man's words stopped here.

However, Xu Bai knew that there were still some things that he had not explained clearly.

"How did the resources disappear? How did he recover? And how did you survive? What is your goal now?"

These were the most important clues. To the past, it was just history. What he really needed to do was to find clues from this history.

"I don't know." The old man smiled bitterly. "The resources were inexplicably exhausted and then inexplicably restored. I don't know why either."

"When all the resources are exhausted, everyone becomes an ordinary person. They have the lifespan that ordinary people should have. In the end... All dead."

"Without resources and even food, even those saviors can't survive."

"But in the end, the saviors found a way to survive."

"They started to kill each other because they were resources themselves. They went crazy too, and only a portion of them remained rational."

"My ancestor led the people he gathered to guard against the invasion of other saviors, but in the end... In order to survive..."

At this point, the old man stopped talking. His eyes were filled with grief.

Xu Bai knew what he meant.

Even if the resources were exhausted, the saviors themselves were resources. As they devoured each other, even the old man's ancestors began to follow this method.

"So, this is the final method to continue?" Xu Bai said.

"Yes." The old man sighed. "Using this method, we were struggling at death's door. In the end, the resources started to recover inexplicably. At that time, there were very few saviors left. However, it was also at that time that the ancestors realized that everything had started from scratch. Humans appeared again and began to develop at an extremely fast speed."

Xu Bai narrowed his eyes.

According to the old man, everything started over again.

Why did he feel that this was like a circle that had no end?

"Then..." The old man didn't know what Xu Bai was thinking, so he continued, "The ancestors suddenly understood their true responsibility, so they began to take on the path of the enlightened."

"What do you mean?" Xu Bai suddenly raised his head. "You mean that the people in the industry today are all taught by the saviors in the past?"

The old man nodded his head and said without hiding anything, "Yes, the Savior taught his own abilities to those people and continued to evolve to the current prosperous state. As the bloodline of the Savior, we have always been very clear."

"And we realized that no matter how hard the Savior tried, he couldn't become a saint. It was only then that we realized that this might be the Savior's fate."

"I'm not a savior. We're just a small role in adding fuel to the fire when this world starts from scratch."

Xu Bai did not say anything. He just looked at the old man in front of him.

There was a lot of information today. He needed to think about it, but now was not the time.

Because now, he still had to make one last confirmation, and that was to confirm if this old man was lying.

"Old man, although this is a little impolite, I still want to say it." "Release your soul and let me check if what you said is true."

The old man was not angered by this unreasonable request. Instead, he showed a relaxed expression. "Of course, but before that, I still have one more thing to tell Prince Xu. Otherwise, Prince Xu will have to do it again."

"Please speak," Xu Bai said with interest.

Chapter 930: What No Flower Saw (1)

Hearing the old man's words, Xu Bai felt that what he had said just now was not the main point. What the old man really wanted to say was the rest.

He was patient and didn't rush him. After saying two simple words, he continued to wait for the old man's reply.

As expected, the old man's expression became complicated. His turbid eyes were filled with traces of time and exhaustion.

He looked at Xu Bai from head to toe and finally spoke slowly.

“The Bizarre Market is not as simple as you think. Their strength is stronger than you think. This is because the Bizarre Market is older than any of the current dynasties. Even in that era, the Bizarre Market was created long ago.”

When the words reached this point, the old man’s complex expression gradually disappeared, replaced by a sad expression, as if remembering the unbearable years of the past, bringing great pain.

Xu Bai understood what he meant and asked, “You mean that there are more experts hiding in the city than we thought?”

Be it the Bizarre City or the Bizarre City, there were only nine Saint Realm masters in each place.

This was limited by the rules. There was no way around it, so no one could break this restriction. However, according to what the old man had said just now, if the Bizarre Market had existed for a very long time, then there were likely countless experts.

The experts here didn’t refer to saints, because there was a limit to the number of saints.

The so-called experts were actually those below the Saint Realm.

Up until now, the human world did not have much of an advantage. It could even be said that it was at a complete disadvantage. In the entire human world, there were only seven Saints, including Eunuch Wei, who had recently broken through to the Saint Realm.

However, according to the information Xu Bai had obtained, if the Bizarre Human Market and Bizarre Demon Market were united, their Saint Entry quotas would be added together. They already had a huge advantage in terms of Saint Entry, which was already an extremely dangerous situation.

Moreover, the old man had said that after such a long period of time, they must have reached a terrifying number. Even if the monsters who entered the Bizarre Market could no longer continue to cultivate, it was still a terrifying number.

The Saint Realm masters were already at a disadvantage. In addition to these circumstances, they were at a disadvantage in all aspects.

If the Chu Emperor had not ascended to the heavens back then, the current human world would have already become a strange paradise.

“The depletion of resources should also affect the Bizarre Market, right?” Xu Bai frowned and asked.

Logically speaking, no matter where it was, as long as the resources were exhausted, it would be affected.

During that period of time, humanity was almost completely wiped out. Only a small number of people survived. Then, the Bizarre Market should be the same.

The old man smiled bitterly." Prince Xu, you're right. Even the Bizarre Market couldn't withstand it. Therefore, almost all of them died. Only a small number of bizarrely survived."

" But you've forgotten one thing, and that is that many humans died at that time. After people died, even if there was only a small chance of them entering the Bizarre Market, when the number reached a large number, even if the probability was small, there would still be a qualitative change."

Xu Bai understood and agreed.

The Bizarre Market had indeed suffered heavy losses during the depletion of resources, but everyone had died. Instead, they had been replenished with a lot of fresh blood. That was also the reason...

Wait a minute!

Xu Bai suddenly thought of something and frowned."There are nine Saint Realm experts in both the Bizarre City and the Bizarre City."

"According to some of the rules of the Bizarre Market, are these Saint Realm experts who died back then?"

He suddenly thought of this problem. If it was really as he thought, then some of the Saint Realm monsters in the Bizarre Market came from a very distant era. Perhaps they had even seen them in the ruins.

The old man nodded." You're right, but not all of them are like that. Some of the Saint Realm masters are strange, and they don't belong to that distant era. After all, even if they are Saint Realm masters, they still need to pay attention to the timing when they become strange."

"Is that all?" Xu Bai said.

Earlier, this old man said that he wanted to talk to him about one last thing. Now, it seemed that it was this matter.

Xu Bai was already prepared to use his soul technique to see if the old man was right.

"Something like that. That's all."The old man's eyes became cloudy again.

He slowly walked to the tombstone and gently stroked the words on it.

“Prince Xu, do you think that in this era, when the resources are exhausted in the future, there will be a savior?”

Xu Bai shook his head.” That’s in the future. I can’t answer your question because I don’t know what will happen in the future.””

“If, I mean if.” The old man turned around and stared at Xu Bai seriously.”” If the resources are really running out and the saviors appear again, will people still treat them as they did before?”

“I don’t know.” Xu Bai shook his head again.

The old man let out a long sigh, and there was a hint of loneliness in his eyes.”Even a talented person like Prince Xu does not know the future...”

Xu Bai raised his eyebrows.” I’m just invincible under the Saint Plane. There are Saint Plane cultivators above me, including Director Mu. I’m afraid they’re all invincible.”

I Have Unparalleled Comprehension #Chapter 931: What No Flower Saw (2) - Read I Have Unparalleled Comprehension Chapter 931: What No Flower Saw (2)

Chapter 931: What No Flower Saw (2)

I can’t give you a satisfactory answer.”

“Perhaps in the future, when the resources are exhausted, the hearts of the people, who are the most difficult to grasp in this world, will change. But that’s all in the future.”

“What we need to do now is to grasp this opportunity. When Emperor Chu ascended to the heavens, he gave us such a long period of recuperation. We must seize this time and thoroughly work hard.”

“As for whether you can succeed or not, sometimes you might not succeed if you work hard, but you have to at least work hard.”

As the old man listened to Xu Bai’s words, the murkiness in his eyes became thicker and thicker. The life aura on his body was gradually fading.

Xu Bai was slightly stunned. He realized that something was wrong. The old man’s condition seemed to be gradually declining.

"I'm old, I'm old. I'm useless." The old man sat back down with difficulty and looked at the grave in front of him. "Prince Xu, I am the descendant of those saviors, and the last one left behind. The other companions who knew the whole story have all died of old age."

"I hope that Prince Xu won't blame the Miao School's disciples. They all know about my matters and have been very good to me. The reason why they didn't tell anyone was for my safety. After all, there wasn't only one Great Chu at that time."

"Before that, can I see Prince Xu's Heaven Transformation?"

"What do you think?" Xu Bai frowned.

The old man in front of him was already in his twilight years. He even suspected that the old man would die in the next second.

The old man revealed a forced smile. "Just watch. I've heard people in the martial world say that madness is formed by the entanglement of chaos and reason. Perhaps after I see it, I have a big secret to tell Prince Xu."

Xu Bai didn't waste any time. He immediately circulated his True Core Strength.

The gold and the grayish-white color continued to intertwine, forming chaos and rationality. After fusing, it became an extremely terrifying madness.

At this moment, Xu Bai gave off an immense pressure. If some Transcendent experts saw him, they would be greatly affected.

The old man's expression became dull. He looked at the gold and grayish-white and felt the changes within. He muttered to himself, "That's right... There was no mistake... Prince Xu, you must be careful."

"Don't ever step into the remains again, and don't meet that eye."

Eyes?

Xu Bai suddenly put away the Heaven Changing Spell and took two steps forward. "You say the eye is not a huge eye, it's floating above the sky?"

The moment he mentioned the word 'eyes', he recalled what he saw in the fat man's illusion.

The old man nodded and said, "Prince Xu, you're right. It's that eye. You don't have to ask me because I don't know what it is either. But I have an inexplicable feeling that it's very similar to you and your Heavenly Change."

“When I was young, I had set foot in the ruins to search for the clues left behind by my ancestors. That was when I encountered that huge eye.”

“I can confirm that it’s not a relic. It’s a living being, and it seems to be searching for something in the relic.”

Xu Bai fell into deep thought and did not speak for a long time.

He also had a pearl that he had obtained from the fat man. It was called the illusion pearl.

Perhaps he could find some clues after he learned the illusion skill.

“Come, Prince Xu.” The old man opened his hands.”

Xu Bai retracted his thoughts and temporarily stopped thinking about these things. He looked at the old man in front of him and swept his divine soul over...

Half an incense’s time later.

The divine soul that continued in the surroundings was put away by him.

The old man regained consciousness, but his condition was getting worse and worse.

Just now, Xu Bai had used his soul to confirm that everything the old man said was true. There was no adulteration. He also asked if there were any secrets that were still kept, and the result he got was no.

“How many more days?” Xu Bai asked.

The old man thought carefully and closed his turbid eyes.”Three to five days. Perhaps even sooner, I’ll be completely gone. Heh...I suspect that this is also our reincarnation. In the past, the saviors were able to continue, but now, they can no longer continue their bloodline.”

“This should mean that we are not needed. Perhaps when the resources are exhausted, a new savior will appear again.”

Xu Bai did not continue speaking.

What the old man said was true. The various businesses in the world today were all inherited from the descendants of the group of saviors.

Xu Bai felt that he should give this old man some respect.

At least for now, the inheritance of the descendants of the saviors had contributed greatly to the world.

“Right here?” Xu Bai asked.

The old man waved his hand.” This is the place. This is the last step of your life. Prince Xu, you can go. It’s a pity that I can’t see if you can succeed. I hope you can succeed.””

Xu Bai didn’t say anything else. He turned around and left.

Since it was the old man’s own decision to stay here, Xu Bai did not interfere. Just like what he said just now, he at least gave the old man some respect.

After Xu Bai left, the old man was the only one left in the empty forest.

The old man looked at the grave in front of him and sighed.”Let’s go. I’ll accompany you guys...”

His gaze gradually lowered, and the vitality in his turbid eyes gradually disappeared...

..

Xu Bai left the forest and returned along the path he came from. Soon, he met Miao Long on the mountain path.

Miao Long’s expression was very complicated. He looked at the mountain path, and his gaze seemed to pass through it and into the forest.

“The old man has left.”

Xu Bai looked back and expanded his spirit. He found that the old man had become a corpse.

“The three to five days I said just now seemed to be an exaggeration.”

“Cult Master Miao, I’ll leave the matters here to you. I still have some matters to attend to, so I’ll have to return to the land of the barbarians first.”

Before he left, he had already confirmed that there was no progress bar on the tombstone.

Now that he had heard so many secrets, he had to think about it carefully. At the same time, he found a progress bar related to illusions and cracked the illusion bead in his hand.

Time was of the essence, so he didn't want to stay here any longer.

Miao Long came back to his senses and put away his complicated gaze. He nodded and said respectfully, "Prince Xu, please take Miao Xiao with you."

Miao Xiao was the one who led the way and brought Xu Bai here, so Xu Bai didn't think much of bringing Miao Xiao back.

"If I become a Saint, I will come over as soon as possible to see if I can help you solve the problem of the Golden Thread Gu." Xu Bai said.

Miao Long nodded and agreed.

Xu Bai didn't stay any longer. After he found Miao Xiao, he carried Miao Xiao and flew toward the land of the Barbarians.

It didn't take long for him to return to the Barbarian's fief. He first sent Miao Xiao back to Longzhou before heading to the palace's treasury.

When he arrived, Liu Qingfeng was still reading his book. He didn't seem surprised that Xu Bai had returned.

There were still some books in the palace's treasury that he had yet to finish. Xu Bai directly asked Qingfeng Liu where the books on illusions were.

Liu Qingfeng often read books here, so he naturally knew about it, so he pointed out a location for Xu Bai.

Xu Bai didn't continue to talk nonsense. He picked up the book and started to work hard.

While he was thinking, he was still thinking about the information he had obtained previously. He wanted to find clues from it and sort out the messy information at the same time.

The palace treasury quickly returned to silence, so quiet that one could hear a pin drop.

..

On Xu Bai's side, the progress bar started again.

On the other side, Shengzhou, which was far away from the capital, had already been settled by the Buddhist Sect people brought by Wu Hua.

According to a reasonable plan, these forces naturally could not stay in the palace permanently.

It had nothing to do with their relationship with Xu Bai. No matter how good their relationship was, they had to follow some rules.

No Flower was fine. He just wanted to find a quiet place to continue comprehending his black lotus.

Up until now, he had already comprehended many new Buddhist scriptures, as well as many new Buddhist Dharma and cultivation methods.

Now, his identity was becoming more and more important in the Buddhist Sect.

All the Buddhist sects in the world were counting on him to open up a new path. Therefore, Wu Hua had been comprehending all this time.

Beside him, Ah Xiu sat on the side, resting his chin on his hand in boredom as he stared straight at No Flower.

No Flower's black hair draped over his shoulders, and he was dressed in black, giving him a strange feeling.

Especially when he sat cross-legged on the black lotus, this strange feeling became even more profound.

At this moment, he was comprehending an important Buddhist scripture that he had obtained from the black lotus. His eyes were tightly shut, and he did not feel the changes around him.

This Buddhist technique was extremely difficult, and with his current strength close to the Transcendent Realm, it was still somewhat taxing.

After spending nearly a month, he had only managed to solve most of the problems. He still had to continue working hard on the rest.

No Flower's eyes were tightly shut, and his face revealed a conflicted expression. His brows were also locked together.

Ah Xiu had already seen all of this.

At first, she thought that there was something wrong with No Flower, but after No Flower's explanation, she understood.

Because it was too difficult, it naturally consumed a lot of energy, so it was normal for these symptoms to appear.

Ah Xiu looked at No Flower's face and thought, "I wonder when I will be able to achieve a perfect result..."

Originally, she and No Flower were prepared to get married. Later on, the Buddhist Sect encountered a huge change, which made No Flower shoulder the burden. No Flower told her to give him some more time. At the very least, he had to restore some vitality to the Buddhist Sect.

Ah Xiu also knew this, so he didn't stop or even oppose it. He just silently guarded it.

She wanted to, but she had to restrain herself.

Seeing that No Flower's expression was becoming uglier and uglier, Ah Xiu couldn't help but sigh, feeling a little heartache.

But at this moment, Ah Xiu finally discovered something unusual.

"Something's not right. No matter how uncomfortable it was in the past, it wouldn't be to the extent of sweating. I've almost never seen such a situation."

Ah Xiu was also in the industry. Although he wasn't famous, he still had some insight.

After seeing this situation, she suddenly stood up. Just as she was about to take two steps forward, she remembered that her strength was weak and she could not move freely.

After all, if he were to casually touch it and cause a bad result, it would harm No Flower instead.

"Go find the abbot!" Ah Xiu reacted very quickly. Almost the moment this thought appeared, he turned around and left the room.

Now, only the same Buddhist Sect members could solve the problem.

After a few minutes, footsteps came from outside the door. The abbots of the ten great temples all rushed in.

No Flower was now an important figure in the Buddhist Faction. He was the most important. When No Flower decided to come to the Barbarian Territory, the ten abbots naturally followed him.

Chapter 933: What No Flower Saw (4)

"What's going on?" The abbot of the Titanium Temple was the first to rush in. When he saw the situation in front of him, he revealed a surprised expression.

Because of their back-and-forth kung fu, at this time, the expression of the flower was even uglier. Not only was there dense sweat on her face, but it also became as pale as paper.

"Let's take a look first." The other abbot reacted very quickly. He walked in front of No Flower and reached out to touch his wrist.

A moment later, the abbot put down his hand and shook his head.

"There's nothing abnormal. There's absolutely no problem with his body, but for some reason, his expression is very pained. Could it be that other than his body, he feels something different?"

Among the ten great abbots, this abbot was the best at medicine, so he could tell whether No Flower was good or bad at a glance.

"It's a very difficult journey to comprehend the Buddhist Dharma from the black lotus," the abbot of the Titanium Temple said in a deep voice. "Could it be that you encountered something terrifying on this journey?"

If there was no harm to the body, it meant that he had seen or felt something. Otherwise, such a situation wouldn't have occurred. To be able to make No Flower feel fear and pale, it must be something extremely terrifying.

"Abbot, what should we do now?" Ah Xiu said in a panic.

"Don't worry," the abbot said. "It's nothing serious. As long as he's not physically injured, everything will be fine when he comes back to his senses or wakes up."

Ah Xiu received a reassuring reply, and he felt slightly relieved.

Following that, everyone stood guard in the room, afraid that something would go wrong. As everyone stood guard, No Flower's expression began to change.

First, his face was extremely pale, and his head was covered in sweat, but his expression was extremely calm.

As time passed, his calm expression turned complicated, then into shock, and finally into endless fear.

This change in expression kept repeating until it lasted for nearly the time it took for an incense stick to burn. The expression on No Flower's face finally disappeared and returned to calmness.

At this moment, No Flower's black clothes were already drenched in sweat, but the paleness on his face was gradually fading.

After another half an incense's time, No Flower's tightly shut eyes finally opened slowly.

The moment he opened his eyes, there was a hint of exhaustion in them.

No Flower did not wait for the people present to speak. He stood up from his seat in a panic and hurriedly took two steps forward. At the same time, he said anxiously,

"Abbot, I'll leave this place to you for now. I need to go to the palace immediately."

The abbot of the Titanium Temple was stunned for a moment before he reacted. He frowned and said, "Did you see something?"

No Flower opened his mouth and was about to say it, but then he closed his mouth and shook his head gently.

He was unwilling to say.

Most of them did not dare to say it here.

The abbot of the Titanium Temple knew what No Flower was thinking. It must be a huge secret.

At this moment, there was a reason why No Flower didn't say anything. He wouldn't ask too much.

After all, as the abbot of the Titanium Temple, he knew Wu Hua the best. He was unwilling to say it now because it would not benefit anyone, so he kept quiet.

"Then hurry up. By the way, are you going to the palace to see Prince Xu?" The abbot of the Titanium Temple couldn't help but ask.

No Flower didn't hide anything from him. He nodded and admitted it directly.

A complicated expression appeared on his face. He put his palms together and sighed.

"I saw a lot of things from the black lotus, which shocked me."

“Perhaps...Only Almsgiver Xu could give me an answer.”

Everyone fell silent.

No Flower did not explain further. He seized the time and did not change his clothes. He pushed open the door and rushed directly in the direction of the palace.

After No Flower left, the room fell silent.

The abbot of the Titanium Monastery put his palms together and looked very serious.”I have a feeling that something big is going to happen. I don't know what Wu Hua saw, but he went to find Prince Xu personally.”

“Since that's the case, everyone should be slightly prepared. If something big really happens, we have to be able to react in time.”

Everyone nodded and understood what the abbot of the Titanium Temple meant. After a while, this group of people left.

..

In the sky.

No Flower was dressed in black and was flying at full speed.

The wind kept coming, but he stepped on the black lotus, forming a hazy black fog that blocked all the wind.

They were getting closer and closer to the palace.

But even though they were very close, No Flower still had a solemn expression on his face. It was as if he couldn't relax until he reached the palace.

The sky was blue, and he was flying alone.

At this moment, Wuhua suddenly stopped in his tracks. He looked at a spot not far away from him and frowned. At the same time, he raised his right hand.

After he comprehended the black lotus, he no longer possessed the golden Buddhist light.

At this moment, black fog enveloped his entire body. As he raised his right hand, the fog turned into a huge Buddha Bead that shot toward the person in front of him.

His speed was extremely fast. In the blink of an eye, he had already arrived in front of that person.

That person was wearing ordinary clothes and looked very ordinary. He could not be found in a crowd, but at this moment, the aura on his body was extremely fierce.

No Flower didn't know who the other party was, but he had to hurry to the palace. If someone stopped him, he couldn't let his guard down.

He didn't kill him. His goal was to make this person leave.

Seeing that the Buddhist beads formed by black fog were about to approach, this person did not have any intention of dodging. Instead, he raised his right hand and clenched it into a fist. At the same time, he made a bow stance in the sky.

"Boom!"

The cold wind blew as the strange man swung his right fist fiercely. At an extremely fast speed, it hit the Buddha beads in front of him.

The Buddha beads formed by the black fog let out a violent sound. When the fist approached, it exploded in an instant, turning into dust that filled the sky.

"Die!"

After the eccentric finished his punch, he turned his fist into a palm and grabbed at No Flower.

This palm gradually enlarged. In an instant, it was the size of a small mountain, carrying a terrifying destructive power.

"Buddha is merciful!" No Flower was unhurried. He put his palms together and chanted the name of Buddha.

At the same time, the black fog on his body condensed, and the black lotus under his feet was gradually expanding.

When the huge palm was about to land, No Flower slowly sat cross-legged on the black lotus.

“Boom!”

There was another terrifying explosion. The huge palm came into contact with No Flower. The black fog around No Flower’s body gradually disappeared, but soon, the black lotus under him emitted a burst of light, and the black fog condensed again.

No Flower slowly said, “I thought that you were just passing by. I only used that move to make you leave. I didn’t expect you to not just pass by. You really wanted to kill me.”

“I’m very curious. Could it be that you know what I saw? But how did you know what I saw?”

The strange man didn’t say anything. He looked at No Flower, who was like a turtle shell, and frowned. “Monk, it’ll be quick. Open up this black mist and I’ll give you a quick death. You saw something you shouldn’t have seen. Even if I leave, more people will come.”

No Flower smiled. “It seems that my guess is right. Seeing those things also attracted your attention. You are related to those things and have an internal connection, so you can find me. But you underestimate me.”

The strange man chuckled. “You’re just relying on the black lotus under you. In a while, many people will come. Can you escape?”

“Heh, this black lotus is a good thing. It has gathered the will of those damn monks in the past. Moreover, you can actually understand some things that shouldn’t belong to this world from it.”

No Flower’s expression was still calm, but he was deep in thought.

“Something that doesn’t belong to this world, are you referring to the Buddhist Dharma?”

After the words were spoken, the face of the strange person changed slightly. He closed his mouth. It seemed that he didn’t want to agree again. However, the words just now had already appeared. He didn’t want to spend. He became suspicious.

No Flower stood up and the black mist still enveloped him, protecting him from harm. “Benefactor, this little monk knows quite a few famous Transcendent experts in this world, but you are unfamiliar with them. Why don’t...How about you surrender?”

The strange man was stunned for a moment. After he reacted, he pointed at No Flower and laughed. “Who do you think you are, a person who hasn’t even stepped into the Transcendent Realm and you’re already pointing fingers at me? Do you know that if it wasn’t for this Black Lotus, I would have already lost my life?”

No Flower sighed.” Donor, don’t be stubborn. You have to wait for someone to come. But before that, I can take your life.””

The strange man’s face gradually turned cold.” Come on, you want my life. Then come quickly. Step out of the black lotus.””

No Flower stopped talking and returned to his cross-legged position. At the same time, he closed his eyes.

When he closed his eyes, the black lotus under him suddenly emitted a gorgeous light. This light was several times stronger than before.

Chapter 935: Wu Hua’s Killing Tribulation (2)

The strange man who was laughing suddenly froze, and his face turned solemn.

Just as the black lotus released its light, he suddenly felt his heart palpitate as if he was being stared at by something terrifying. Moreover, this feeling was gradually spreading.

“Impossible, a mortal evolution state, even if he’s infinitely close to the extraordinary state, he can’t beat me.”

After this thought appeared, the palpitation he felt just now was thrown to the back of his mind.

At this moment, Flowerless finally moved. When the black lotus released a dazzling light, the petal at the edge suddenly broke and scattered in the air.

No Flower opened his eyes and bent his middle finger, clasping it with his thumb. At the same time, he aimed it at the petals floating in the air.

“Bang!”

A dull sound rang out, and the petals turned into black fog with No Flower’s flick.

A moment later, the black fog condensed again, turning into a huge lotus flower that pressed down on the strange person in front of him.

This scene actually happened very quickly. In an instant, the huge lotus had already arrived in front of the strange person.

The strange man reacted quickly. He raised his hands and hit the huge lotus in front of him.

The huge lotus flower collided with the two palms. There was almost no state of being evenly matched. The strange person directly spat out blood and fell backward.

His hands had become a bloody mess, and his body was like a broken porcelain bowl. Cracks appeared inch by inch, and he looked like he would die at any moment.

The huge lotus didn't stop and continued to suppress the strange man. The strange man let out a miserable howl when he saw the lotus falling.

The howling stopped in an instant.

"Boom!"

Booming sounds echoed through the world. Under the suppression of the giant lotus, the strange man turned into smoke that filled the sky. The giant lotus also disappeared with the strange man.

"Puff!"

No Flower was still sitting cross-legged on the black lotus, but as the strange man died, he spat out a mouthful of blood. His face was as pale as a golden paper, and his eyes were filled with fatigue.

Just now, in order to kill the strange man, he used a move that he had comprehended after obtaining the black lotus.

He said that he had comprehended it himself, but in fact, he had used the black lotus as his foundation.

Losing a black lotus petal to achieve this effect.

With his current strength, he was heavily injured and could only use one petal black lotus.

"As expected, it's really not that easy to fight someone of a higher cultivation level. Only Almsgiver Xu can have it easy."

It was easy to say that he could fight someone of a higher cultivation level, but it was not so easy to actually do it.

The difference in strength was obvious. Even a Heaven's Favorite couldn't easily cross it. No Flower was able to cross levels and fight, so he was already considered the top.

"We have to hurry up. I think I've thought of something and just happened to tell Almsgiver Xu everything."

No Flower didn't stay any longer. He rushed toward the palace despite his serious injuries.

..

In the palace.

Xu Bai looked at the progress bar in front of him that was rapidly increasing, and his heart was filled with anticipation.

This was a progress bar related to illusions. As long as he comprehended it completely, he would be able to see the secrets of the illusion bead.

He did not relax and was always in the palace treasury.

His goal was to speed things up because he felt that the current situation was getting stranger and stranger.

Especially when he thought about the huge eye he saw earlier, it made him feel even more flustered.

The current situation was no longer just a bizarre market. That eye was even stranger than the bizarre market.

Moreover, the descendant of the Savior, who was also the old man, had once said that the huge eye was not a person from the ruins, but a real existence. It was just left in the ruins, which added to the mystery.

Xu Bai felt that perhaps the illusion bead was the clue to unravel this mystery. After all, the fat man had seen the giant eye before.

Thinking of this, his interest grew even greater.

Xu Bai flipped through the book in his hand to pass the time.

Liu Qingfeng was the same. Although he had no hope of becoming a Saint Warrior, he did not give up.

At this moment, Xu Bai suddenly frowned. He put down the book in his hand, stood up, and walked to the window.

“No Flower.”

Under the cover of his divine soul, the entire capital could not escape his eyes. Although he could not see it too carefully, he could roughly feel it.

He could feel that he was sitting on a black lotus and was gradually approaching the palace.

When No Flower appeared, Xu Bai’s attention was slightly focused. He saw the blood at the corner of No Flower’s mouth and his tired appearance.

“He’s injured. What’s going on?” Xu Bai pondered.

Of course, he only thought about it for a moment. He quickly put the book aside and jumped out of the window.

..

“Stop!”

No Flower, who was flying, suddenly stopped. He sensed seven or eight experts appearing from the shadows. They flew in the air and stopped him.

The land of the Barbarians was already in order. Similarly, as the capital city, it was naturally heavily guarded.

Under Ying Yue’s arrangements, the Heaven Inspectorate had already set up an inescapable net here.

This was the first time he had seen such a situation. However, how could he be allowed to fly freely in the capital?

No Flower naturally knew these rules, but he was very anxious now. He could only put his palms together and say, “I’ll have to trouble everyone to inform Prince Xu that Wuhua is here to discuss something urgent.”

Chapter 936: Wu Hua’s Killing Tribulation (3)

The members of the Heaven Inspectorate looked at each other. One of them was about to turn around and leave to inform the others.

However, before he could take two steps, he saw a figure walking over.

This Heaven Inspectorate member was instantly stunned on the spot, but he reacted quickly and bowed in midair.

"Your subordinate greets Your Highness!"

With him leading the way, the others also reacted. When they saw Xu Bai, they bowed in unison.

"Your subordinate greets Your Highness!"

Xu Bai nodded and waved his hand. "Thank you for your hard work. It's so late and you still have to work here. This person is my good friend."

When Xu Bai opened his mouth, everyone present was very excited.

Prince Xu!

This was the famous Prince Xu!

In today's world, who didn't know Prince Xu? Moreover, Prince Xu had the capital to be admired.

If it were those who were born in prestigious families, it would be reasonable for them to have this kind of strength. However, Xu Wang had also climbed up from the grass roots and walked step by step to where he was today. It was admirable.

Prince Xu actually said that they had worked hard!

They couldn't help but be excited!

Xu Bai didn't expect that a casual remark could cause such a huge reaction. He could only smile bitterly and grab No Flower, rushing directly to the palace's treasury.

"Don't say anything. We'll talk when we arrive."

When No Flower heard this, he knew Xu Bai's personality and nodded silently.

Soon, the two of them disappeared into the sky.

The remaining members of the Heaven Inspectorate were still excited. They looked at each other. While they were excited, they also knew what they should do. They also disappeared from the sky and continued to do their jobs.

..

Xu Bai walked very quickly with No Flower and soon arrived at the palace's treasury.

"He's seriously injured." Liu Qingfeng also noticed the situation here. After checking Wu Hua's condition, he said, "But it's not life-threatening. As long as you recuperate for a period of time, you'll be able to get better."

No Flower nodded, indicating that he was fine. At most, he was injured.

Xu Bai frowned." In this world, there are still people seeking death to attack you?"

Now, No Flower was the treasure of the entire Buddhist Sect. Xu Bai also knew about this.

Whoever attacked No Flower would be an enemy of the Buddhist Sect. Why would anyone do such a thing?

Xu Bai couldn't figure it out, but he felt that the matter was very important.

No Flower sighed and looked at Qingfeng Liu.

Although he did not say anything, everyone present understood the meaning behind it.

Liu Qingfeng smiled, stood up, and walked towards the stairs."I'm tired of reading books every day. Let's go out for a walk tonight."

Soon, Liu Qingfeng disappeared from the staircase.

"Almsgiver Xu, please seal this place and not let anyone hear."No Flower still felt unsafe, so he added.

Xu Bai knew that there must be something important here, so he didn't waste any time and waved his hand.

In the next moment, golden and grayish-white interweaved with each other and sealed the surroundings.

"There's no problem now. Unless a Saint Realm master comes, no one will know what happened here."Xu Bai said.

No Flower nodded and said weakly: "Almsgiver Xu, this time, when I was searching for the Buddhist Dharma, I saw something that might be related to you. Therefore, I hurriedly rushed over..."

In the golden and grayish-white region, No Flower slowly told him what he had encountered.

With No Flower's explanation, Xu Bai understood.

He stood up and walked back and forth. At the same time, he rubbed his chin with his hand. "You said that you saw a mountain of corpses and a sea of blood. You also saw an old monk who was over seventy years old sitting on a black lotus."

"But what does this have to do with me?"

Wu Hua said, "It's related. Because in the entire space that I've seen, there's madness caused by the entanglement of chaos and rationality. And this kind of madness can only be found in Almsgiver Xu's Heavenly Change. Therefore, I suspect that Almsgiver Xu has something to do with it."

Xu Bai's frown deepened.

Insane?

Heavenly Change?

If that was the case, it might have something to do with him. However, there was no clue just from these few words.

"I understand. Thank you for coming." Xu Bai put down his hand and patted No Flower's shoulder. "What's with the injury on your body? Who left it on you?"

Now that the matter was over, the only thing that should be discussed was No Flower's injuries.

"Originally, I only came here for one thing, but now it's two." No Flower smiled bitterly.

"Almsgiver Xu, I suspect that there is a force that does not belong to all the forces currently."

"I just saw this, and they sent people to kill me. This proves that I can't let anyone know what I saw, and it also proves that they have the ability to sense this."

From the time No Flower saw those things to the time when No Flower was preparing to go to the capital, it was a very short period of time. However, he was robbed and killed. There must be a way to sense No Flower's abnormality.

And from the strange man's mouth, he knew that there were many more people.

"Things are getting more and more complicated," Xu Bai said."

At first, it was a bizarre market, then there was a ruin, and now there was a mysterious force. The three of them stacked together, and they seemed to be connected to each other. Coupled with that huge eye, it became extremely complicated.

I Have Unparalleled Comprehension #Chapter 937: No Flower's Killing Tribulation (4) - Read I Have Unparalleled Comprehension Chapter 937: No Flower's Killing Tribulation (4)

Chapter 937: No Flower's Killing Tribulation (4)

No Flower nodded." Almsgiver Xu, not only that, but that weirdo also let it slip. He said that what I comprehended doesn't belong to this world. That's worth mentioning."

"If it's not something from this world, then where is it from? It's possible that it's from a bizarre market or a relic."

"Didn't they catch him alive?" Xu Bai pondered for a moment and asked."

No Flower smiled bitterly." At that time, even his own life might not be preserved. That's why he attacked with all his might. There was no way to capture anyone alive."

Xu Bai understood.

He returned to his seat and sat down. He tapped his fingers on the table lightly, but his mind was thinking about the information he had just obtained.

No matter what, these things seemed to have something to do with him. The madness that No Flower saw was related to him, and it just so happened that he saw these things and was about to tell him when he was robbed and killed.

What did this mean?

This meant that the other party wanted him to know.

If he wanted to hide it from him, he could only kill No Flower.

However, with the clues he had obtained so far, he did not even know who that force was. There was no way to deduce it.

Thinking of this, Xu Bai raised his right hand and pinched it gently.

He used all kinds of Saint Realm techniques to calculate.

After the time it takes for an incense stick to burn, he put down his right hand and shook his head.

Just now, he had used No Flower as the cause and effect to deduce, but he did not deduce any useful information. The front was a blur and he could not see anything.

“Maybe I can figure it out after I become a Saint, but not now.”

Thinking of this, Xu Bai turned his head and said to No Flower, “Don’t go back. Just wait here. I don’t know if you’ll be attacked again. It’s safer here.”

No Flower understood the current situation and nodded in agreement.

Xu Bai didn’t say anything else. He took out the book again and continued to talk.

Now, the only clue was still the illusion bead. He planned to follow his previous plan and reveal the mystery of the illusion bead.

He only needed one night to complete the progress bar, so he was not in a hurry.

After a while, Liu Qingfeng strolled back. Seeing that he had finished speaking, he found a place to sit down and started reading.

No Flower closed his eyes and tried his best to recover from his injuries.

The night was silent.

The next day, when the sun shone through the window, Xu Bai put down the book in his hand and heaved a sigh of relief.

In front of him, the golden progress bar was complete, and light blue smoke appeared in front of him.

[You have studied the Illusionary Heart Technique and comprehended it.]

There was only a simple line of words. Illusion was a rare skill in the palace’s treasure vault. This skill was only at the Extraordinary Ninth Grade.

When the light blue smoke in front of him disappeared and Xu Bai understood all the information, he took out the bead from his pocket.

At this moment, the pearl in front of him became less complicated.

“Let’s begin.” Xu Bai didn’t wait long and started to ponder over the illusion bead in front of him.

The true essence force followed the specific trajectory of the Illusionary Heart Technique and gradually entered the illusion bead.

In the next moment, the dull illusion bead in his hand suddenly lit up with a faint light.

The surrounding scenery gradually changed, attracting the attention of Qingfeng Liu and No Flower.

In front of him was no longer the palace treasury, but scenes that were continuously pieced together.

These scenes were the experiences of the fat man’s life, messy and disorderly.

Xu Bai reached out his hand and gently brushed it across the air.

The scene in front of him began to become chaotic. After being messed up by Xu Bai, it was pieced together again according to a specific order.

Immediately after, these scenes appeared in an orderly manner from beginning to end...

Everyone present started to size him up.

However, before they could take a closer look, these scenes seemed to have found their place and entered Xu Bai’s glabella.

Xu Bai closed his eyes as if he was in another world.

The fat man, Wu Nan, appeared before him.

I Have Unparalleled Comprehension #Chapter 938: Why Did the Saints Die? - Read I Have Unparalleled Comprehension Chapter 938: Why Did the Saints Die?

Chapter 938: Why Did the Saints Die?

“So this illusion bead records all the important things that you’ve encountered in your life. Looks like there’s something to see this time.”

Xu Bai looked left and right, sizing up his surroundings. He found himself in a wilderness.

Many scenes of Wu Nan's experiences flashed before his eyes. Most of them were encountered during that era when resources were exhausted.

All kinds of killing each other, all kinds of schemes, and even servility were all seen here.

Xu Bai looked at the scenes that flashed before his eyes and couldn't help but sigh. "In order to survive, this guy really used all sorts of methods."

In the scene, there was even a scene of him licking a Saint Realm master in order to survive.

Thinking back to the time when they met in the ruins, Wu Nan said that he was a servant of a Saint Realm master. It seemed that this situation was because he was licking.

It had to be said that it was pretty good to lick him. Even this Saint Realm expert didn't kill him. He really treated him like a servant.

Sometimes, under extreme circumstances, people like him might live very well because he had already given up all his dignity and values. He just wanted to live.

Xu Bai shook his head and continued reading.

The scene changed again, and it was consistent with the clues Xu Bai had come into contact with before. The Saint Realm master was persecuted by the Power-Destroying Pavilion and finally died in the formation.

Xu Bai had experienced all these things in the ruins, so it was easy for him to connect them.

Although he had experienced it before, seeing it with his own eyes again still brought him a huge shock.

Wu Nan escaped. He used his unique illusion ability. In addition, those Saint Realm experts at that time were only trying to deal with his peers. Therefore, by chance, he escaped to that mountain.

Then, the next scene happened.

Because he was the servant of a Saint Realm master, the master had used a special method to cast the spell on his soul. The death of the Saint Realm master had made the seal on his soul disappear. He also knew that the Saint Realm master was dead.

Therefore, under the situation where the information was not equal, he seized the opportunity and became a saint first.

Of course, Xu Bai wasn't involved this time. It really happened in the past.

After Wu Nan became a Saint, he had been holed up in the mountains. He would go out to plunder resources from time to time. Gradually, his realm became higher and higher.

He seemed to know that the world was becoming more and more crazy, so he was careful with every step.

Just like that, he lived for a long time according to his own method. However, this scene did not last long. Soon, his doomsday arrived.

The scene changed and the sky turned dark.

At this moment, under the illumination of the moonlight, Wu Nan could be seen running for his life. As he ran, he would occasionally turn around to look at the people behind him.

There was a sharp wind behind him. Six people were chasing after him crazily.

Each of these six people had their own unique characteristics. Their auras were extremely terrifying, and they carried a pressure that made Xu Bai's heart palpitate.

"Six Saints?" Xu Bai was slightly shocked, and his eyes darkened.

According to the clues he had obtained previously, he quickly pieced together the scene in front of him, and everything slowly became clear.

Three of the six Saint Realm masters were from the Power-Destroying Pavilion, two were from the Tu Organization, and the last one was the sect master of the God-Seeking Sect.

"It seems like they have already started to capture the Savior. After capturing the Savior, they are ready to attack those who are also Saints."

"Wu Nan, that fellow, reached the Saint Realm by accident. I thought that he could live forever, but now he can't. His current realm is the beginning of his end."

Xu Bai continued reading after he came to a conclusion.

The six of them chased after him fiercely and quickly, gradually closing the distance between them.

After a period of silence, Wu Nan couldn't reach the peak of the Saint Realm very quickly. He was at most at the Third Stage Realm now.

If they continued to chase at this speed, they would die sooner or later.

Wu Nan himself seemed to be clear about the situation. He was not far from death, so he did not continue to turn around and continued to escape.

However, sometimes, the hardware always came first. No matter how strong you were, if your hardware was not in place, you could not escape.

After the distance between the two sides gradually closed, they had reached a suitable attacking distance. The six Saint Realm experts behind them began to attack.

Everyone had their own methods. When the attack appeared, the power of the Saint Realm attack brought with it a terrifying aftershock, instantly turning the area into a deserted place.

The ground shattered, and the sky was stirred into an endless vortex. All the creatures in the surroundings turned into ashes, and not a single one survived.

"I'm willing to submit and treat you as my masters!"

Wu Nan was only a person who had just entered the Saint Plane. Although he managed to dodge a portion of the attack, he was still heavily injured. His body was in pieces and he only had one breath left.

He quickly turned around and knelt on the ground, begging for mercy in fear.

When Xu Bai saw this scene, he frowned slightly. He kept feeling that something was wrong.

If that was all he saw today, then the benefits brought by this pearl would not be very great.

On the battlefield, the six Saints were already approaching. They looked at Wu Nan, who was prostrating on the ground. Just as one of them was about to attack, he was stopped by another.

Chapter 939: Why Did the Saints Die?(2)

"Why are you stopping me?" The Saint Realm expert who attacked was confused.

"Keep him and imprison him. I have an important role to play here." "You're right." The Saint who stopped him smiled and said, "When the time comes, we'll use the God Summoning Technique. If anything happens midway, we can use him to block it."

A method to invite a god?

Xu Bai rubbed his chin.

Seeing how confident this Saint Warrior was, he guessed that this person in front of him should be the sect master of the God Invitation Sect.

When Wu Nan, who was prostrating on the ground, heard this, he suddenly raised his head and quickly said, "As long as you can spare my life, you can take it whenever you need it."

The Saint Realm expert who had attacked just now retracted his hand after hearing what the sect master had said.

The sect master walked in front of Wu Nan and stretched out his hand to press on Wu Nan's head. In the next moment, Wu Nan directly fell unconscious.

"Let's go. This is the last person to become a Saint. When we return, we will directly invite the gods to change the situation of the world!"

No one responded, but they all nodded and left quickly.

..

The scene changed again.

The surrounding scenery became blurry, but it soon became clear again. In the next moment, Xu Bai appeared on a mountain.

Xu Bai looked around curiously. When he saw the scenery in front of him, his eyes widened slightly.

Not far ahead was a huge iron cage, so big that it made people feel suffocated. Inside the iron cage was a person whose end could not be seen.

Each of them was young, the youngest was only seven or eight years old.

Their bodies were covered in wounds, and their eyes were dull. Some of them were ashen, as if they had lost hope.

In front of the huge iron cage were six Saints and Wu Nan, who was bowing and scraping.

The sect master came out and looked at the huge iron cage in front of him. He stretched out his fingers and counted, revealing a sinister smile. "It's time. The time has come. These saviors can finally play their role and seek a great light for us."

Savior?

Xu Bai heard the Sect Master's words and looked at the sallow and emaciated people in front of him. He already knew the identities of these people.

"These six fellows, it seems like we have to go through the final step."

"According to the information I received before, the final call to the gods failed. There was a change in the sky, and then the six Saints all died inexplicably."

"Is it finally time to see the most exciting part? I'm looking forward to it."

Xu Bai narrowed his eyes, his interest growing.

After the sect master finished speaking, the group of saviors did not have any expression. They were still in a gloomy and dead silence.

When they were imprisoned here, they had lost all hope. After a long time, they had long become numb.

Life or death was not important to them.

Rather than being imprisoned here, he might as well die.

One of the saviors staggered to his feet and walked to the bars of the iron cage. He spat on the ground with a hint of disdain in his eyes.

"A bunch of animals, and they are at the top of the world. They are just so-so, yet they still want to do such vicious things."

"Disgusting, pui!"

These words and actions did not stir up any waves. It was only the final resistance of the Savior.

The Sect Master didn't care how the savior spoke. In his eyes, these people were all dead people. There was no need to talk to them. He turned to look at his peers beside him.

"Everyone, the time is up. Next, it is time for me to completely rewrite my fate."

"This time, I modified the summoning of the gods, and what I need is sacrifices. These people in front of me are sacrifices."

"Everyone, please stand in the positions I have indicated. We will begin immediately."

The people present did not say anything. They turned around silently and walked to a special position. They waited patiently. Wu Nan followed them to one of the positions.

Next, the sect master stretched out his hands and made a special hand gesture.

Xu Bai was very familiar with this hand seal. It was similar to the method of summoning the gods, but there were also differences. It should be the improvement that the sect master had mentioned just now.

The sect master recited the incantation that belonged to the God Invitation Sect.

This chant was very long. It took half an incense stick of time to finish chanting. When the chant was finished, a change occurred.

The Saviors in the iron cage in front of them suddenly hugged their heads and cried out in pain. Their cries resounded through the world, and even the iron cage shook slightly.

From Xu Bai's perspective, he could see that the souls of every savior were gradually being extracted and gathering in the air.

"Is this extracting the soul? No, not only the soul, but also the flesh and blood."

Xu Bai's gaze was slightly focused.

As their souls were sucked out of their bodies, the flesh and blood of the saviors gradually turned into ashes. However, the ashes did not fall to the ground. Instead, a strange gust of wind swept through the air. The ashes and their souls became one with each other, covering the entire sky.

The entire sky had turned gray due to the divine soul and ashes. It was as if a piece of flawless white jade had been covered with a layer of grass ash.

The cries were gone, and the iron cage was empty.

"Please!"

At this moment, the Sect Master finally finished chanting the incantation. His eyes widened in anger, and his eyes were as hot as fire as he slowly chanted two words.

As the sect master finished speaking, the ashes and divine soul in the sky suddenly froze, as if time had stopped.

However, this pause was only a relative illusion. Very soon, his soul and ashes returned to normal, wandering in the sky like fish.

I Have Unparalleled Comprehension #Chapter 940: Why Did the Saints Die? 3 - Read I Have Unparalleled Comprehension Chapter 940: Why Did the Saints Die? 3

Chapter 940: Why Did the Saints Die? 3

Cracks appeared in the sky and spread like a spider web. The sky in front of them gave off a feeling that the end of the world had arrived.

Not only that, but the fish-like divine souls and ashes quickly penetrated the spiderweb-like cracks.

The speed was very fast. In the blink of an eye, the divine souls and ashes were gone.

With the disappearance of the soul and ashes, the spiderweb-like cracks became more dense and dense, making people feel a chill.

When the number of cracks reached a certain number, it finally began to fall from the sky as if it could not withstand it.

As the first crack fell, more and more cracks followed.

After these cracks fell, they did not fall to the ground. It was as if they had spontaneously ignited without wind. As they fell faster and faster, they disappeared.

"There seems to be something." Xu Bai narrowed his eyes. He felt that something was wrong.

As these cracks disappeared, he seemed to feel that something unusual had appeared, but there was nothing in front of him, as if it was an illusion.

"I don't know."

Xu Bai continued to look up at the sky.

Due to the falling cracks, the sky could no longer be called the sky. Instead, it had turned into a chaotic color.

At this moment, the sect master danced and began to shout crazily.

"It's done, it's finally done!"

"Did you see the chaos? They are the resources, the resources we need!"

“Now is the time for everyone to make a move. By condensing this chaos, we will be able to produce an endless stream of resources that will be enough for us to use!”

The Sect Master’s shout woke up all the Saints present, but no one moved. They stood where they were and fell into silence.

The scene at the scene became even stranger. This scene made the sect master, who was originally dancing around, quickly calm down. He looked around and was puzzled.

“Why do you all have such expressions? We have already done it, we have already succeeded!”

He didn’t quite understand why he had encountered such a situation, but now wasn’t the time to discuss this, so he only asked.

One of the Saint Realm warriors spoke slowly, telling everyone what they were thinking, “You told us before that you would invite a god over, and then we would kill the god. After the god died, it would turn into resources.”

“But where is the god that we invited now?”

The Sect Master finally felt that something was wrong after hearing what the Saint Realm expert said.

That’s right, where was the god they invited?

According to his logic and imagination, the ability he created would first invite an unknown so-called god over, and then they would kill this god. After killing him, these chaotic things would appear, but now it seemed that this step had been skipped.

Why did he skip this step?

No one knew.

Even he himself did not know.

“No matter what, it’s good that we succeeded. The resources have already come out. We already have the resources. Let’s start gathering all these resources first!”

The sect master thought for a while and really couldn’t figure it out. However, he didn’t need to think about it anymore.

As long as he had the resources, it would be fine. He had to gather the resources first. At that time, he could continue thinking about this matter at any time. The most important thing now was to solve the matter in front of him.

“Everyone, don’t think about this anymore. Let’s make a move first and gather these resources.” The sect master said in a panic.”

As he spoke, the sect master prepared to take two steps forward.

However, before he could walk far away, everyone present suddenly became cautious.

At the same time, the sect master felt that everyone’s eyes were locked on him.

“What are you doing? Are you trying to kill me? Let me tell you, I’m also a Saint Realm expert.”

“If you kill me, don’t even think about gathering these resources.”

The sect master’s tone turned cold.

He felt that something was wrong with the current situation. These people seemed to be targeting him, but he could not figure out why all of this was happening.

Wu Nan was the weakest present, but he was also the one who spoke now.

He pointed at the Sect Master, his finger trembling slightly. His tone became very flustered and carried a trace of fear.”Eyes, eyes! You have eyes on your forehead!”

“I know, it’s that eye, that eye. It’s back, we’re all dead!”

Eyes?

The sect master was slightly stunned. He reached out to touch his forehead and really felt a bulge.

At this moment, a cold eye appeared on the Sect Master’s forehead.

“Why, why! I will have an eye! Why?”

The sect master stumbled back and started to speak incoherently.

“Something’s wrong? No, no, no, I know, it’s him! It was a god! It’s the god we invited!”

“Everyone, quickly kill him. Don’t... Don’t kill me, don’t come over! What are you doing?!

All the Saints around him surrounded the sect master.

The eyes on the Sect Master’s forehead were emotionless. Compared to the Sect Master’s panicked expression, it was extremely strange.

Xu Bai had been watching this scene. When he saw the eye, he suddenly had a different feeling.

Perhaps in the eyes of ordinary people, this eye was extremely calm.

Chapter 941: Why Did the Saints Die?

However, in his eyes, this eye had a very strange feeling.

It was not calm, but an extreme coldness.

It was as if the person standing at the top was looking at a pile of ants.

Due to his extreme coldness, people would think that his gaze was calm.

Just as Xu Bai was watching, the group of Saint Realm warriors finally made their move. Each of them attacked with their strongest attacks.

These Saints weren't fools. They knew that things were going out of control.

Therefore, he had to kill the sect master in front of him. As for the resources...

Now was not the time to discuss resources. He had to get rid of the trouble that could be caused at the moment.

Only one person did not make a move.

Wu Nan knelt on the ground with both knees and used his hands to support himself on the ground, letting out a terrified sound.

“Don’t kill me, don’t kill me, I’m willing to submit, please don’t kill me!”

Xu Bai was speechless.

Damn, he already knew that he could ignore everything if he wanted to live, but he didn’t expect him to be so skilled.

It was so familiar that it was surprising.

Of course, these new new Saints did not care about Wu Nan, because they only had eyes for their sect master.

The attack arrived very quickly, and the entire mountain began to collapse.

Xu Bai had thought that this would be an amazing battle that would last for a long time, but that didn’t happen.

In the next moment, the Sect Master’s body stiffened. The emotions in his eyes quickly disappeared, and he became the same as the eyes on his forehead. They were extremely calm and indifferent.

The attack landed, but it did not cause any harm to him. The entire mountain collapsed, and only the sect master was unharmed.

The sect master slowly extended his hand and waved it around.

All the Saints present froze. This didn't last for long because they had turned into ashes in the next second.

Without any warning, it was as if it should be.

As the entire mountain had disappeared, Wu Nan maintained his flying posture and slowly floated in midair. When he saw this scene, the fear in his heart deepened.

"Don't kill me...Don't kill me..."

Wu Nan only kept repeating this sentence, like an emotionless block of wood.

Xu Bai frowned, but his heart was in turmoil.

Five Saint Realm experts had been turned into nothingness in just one exchange. Such strength was simply terrifying.

Now, he also understood what had happened at that time.

These people had indeed failed, and they had failed miserably.

"Huge eyes...What realm have you reached? Saint level?"

Xu Bai thought to himself.

At this moment, the Sect Master finally retracted his hand and placed it behind his back. He stared at Wu Nan in front of him with cold eyes.

All the Saints present were gone, only Wu Nan survived.

Wu Nan knew very well that there must be a reason why he survived. Hence, he hurriedly begged for mercy in midair.

The pleas for mercy continued, but the sect master in front of him was still cold as if he did not hear them.

Perhaps he heard it, but he was indifferent to all of this.

No one could see how the sect master moved. He only took a light step forward and arrived in front of Wu Nan. He raised his right hand and pressed his finger on Wu Nan's head.

Wu, who was originally begging for mercy, instantly turned dull.

This situation only lasted for less than a second before the sect master withdrew his hand.

The eyes on the sect master's forehead disappeared. At the same time, the sect master's body also disappeared.

Wu Nan's dazed expression returned to normal. He looked at the place where the sect master had disappeared, and his eyes revealed a respectful expression.

"Yes, I understand. I will definitely do as you say."

"I will find him and keep an eye on him until you escape from this cage."

Chapter 942: Xu Bai Makes a Move to Destroy the Faction

Find him?

Monitor him?

Cage?

What was this?

Xu Bai was confused. The more he listened, the more confused he became. He had no idea what this guy was talking about.

There was no information revealed just now. He saw the sect master controlled by the giant eye press his finger on Wu Nan's head as if he was transmitting some information.

However, this information was not revealed.

Xu Bai paced back and forth, taking advantage of the fact that there was no new progress, and fell into deep thought.

First, he had to find a person, and Wu Nan seemed to have been given this mission. Moreover, after finding him, he had to use surveillance methods.

Secondly, the huge eye seemed to be trapped in a prison.

Xu Bai could analyze these two points from the information he received.

Just as he was about to analyze further, the surrounding scenery changed again.

His surroundings started to blur, but it soon became clear again. When he regained his clarity, Xu Bai found himself in ruins.

Not far ahead, there was a group of people kneeling on the ground. In front of this group of people was the already old Wu Nan.

The life aura on Wu Nan's body was very weak, but there were no external injuries. It was very obvious that this was a situation where his lifespan was about to end.

The group of kneeling people were dressed differently, but they all emitted a powerful aura. Their levels and realms were not low.

At this moment, Wu Lan's eyes were already cloudy, and there were many wrinkles on his face that looked like they were carved by a knife. He looked like he was about to die.

He raised his head and looked around. His tone was old and weak.

"I'm going to die. I didn't expect that I wouldn't be able to survive the passage of time even though I survived the exhaustion of resources..."

His first words were filled with boundless emotion, as well as a sense of unwillingness. When they were mixed together, they became extremely complicated.

Everyone present remained kneeling on the ground. No one raised their heads, but when they heard Wu Nan speak, they all trembled.

Seeing that no one was speaking, Wu Nan wanted to struggle to stand up, but he no longer had the strength to stand up.

After trying several times, he was unable to move freely. Wu Nan gave up and sat on the ground, panting with great effort.

"I'm unwilling, but I'm also willing. I won't die like this because Master promised me that when he appeared, he would definitely let me regain my vitality."

"You guys are the same. You have to remember your mission, which is to find the person that fits Master's description."

"Keep an eye on him, but don't disturb him, and don't let him know too many things. Master gave you a special ability, so you have to do it well."

"This way, when you are about to die, you will have a chance to live again."

One sentence after another came out of Wu Nan's mouth, but the people present still did not speak. They all lowered their heads, and no one knew what they were thinking.

When Wu Nan saw this scene, he sighed."I know that you have such powerful strength, but you can't go to the world to pursue fame and fortune. It's very uncomfortable, but don't forget your identity."

"Everything you have is given to you by Master. Once Master is freed from the cage, he will know what you have done. So, you can weigh it yourself. Anyway, I'm about to die, so I don't want to care so much."

When he said this, Wu Nan had already become less breathing and more breathing. It was as if he would completely lose his life in the next moment.

At this moment, one of them raised his head and spoke on behalf of everyone," My lord, if you find us, you can kill him before he gets up. If you kill him, then why do you want to monitor him?"

Everyone present nodded in agreement.

Although they were all bestowed by their master, they were also considered to be their own. As long as they killed the person their master mentioned, they would be able to complete the mission ahead of time. They would also be able to use their own abilities to enjoy the rights they deserved.

Wu Yan said and sighed slowly. He looked around with an inexplicable emotion.

How could he not know what these people were thinking?

That's right. He had a powerful strength, but he had always chosen to keep a low profile. In anyone's opinion, it was very difficult to accept.

But... He had no choice.

The aura on Wu Nan's body turned from weak to strong. He suddenly stood up and said,"I should tell you all these things. You just need to know that he can't be killed."

"Maybe you can kill people, but you can't kill him. Every time he dies, he will become stronger."

"Master once said that he had sent people to kill him more than ten thousand times. Every time he died, he would become stronger."

"All of you only need to remember that in the future, if you see a madness where chaos and rationality are intertwined, just stare at him..."

At this point, Wu Nan, who had just regained his senses, finally could not hold on any longer. He fell to the ground again and slowly closed his eyes. The life aura on his body gradually disappeared and finally turned into nothingness, turning into a stiff corpse.

Everyone remained silent as the scene froze.

At the same time, everything in front of him began to dissipate. Xu Bai appeared in the palace's treasury.

It was over.

All the content regarding the illusion bead ended here.

The content had ended, but it didn't mean that Xu Bai's side had ended. On the contrary, Xu Bai's shock at this moment could already be described as monstrous waves. It was simply impossible to suppress it.

I Have Unparalleled Comprehension #Chapter 943: Xu Bai Makes a Move to Destroy the Faction (2) - Read I Have Unparalleled Comprehension Chapter 943: Xu Bai Makes a Move to Destroy the Faction (2)

Chapter 943: Xu Bai Makes a Move to Destroy the Faction (2)

He understood. He understood everything.

Chaos and rationality intertwined. Wasn't this referring to him?

It turned out that he was the one being monitored!

He seemed to understand something.

"Perhaps it wasn't me, but him."

Xu Bai recalled everything that he had just seen, and he soon had an idea.

He had said that he had been killed many times, but he would become stronger every time. Did this mean that 'he' was referring to a cheat?

In other words, did it mean that the golden finger had been given to many people, but those who had been given all died, but the golden finger did not die. Instead, it gradually became stronger and finally fell into his hands?

If that was the case, Xu Bai felt that his explanation made sense.

However, there was still one thing that he could not understand.

Cage, it must be a relic.

Xu Bai had learned from the old man that the only real thing in the ruins was the huge eye.

However, the huge eye was only in the ruins. In other words, the ruins were cages that imprisoned the huge eye.

Then... He had died over ten thousand times, all because he was killed by the person controlled by the giant eye.

After sorting it out like this, Xu Bai also understood some of the things that followed, especially the person who had ambushed No Flower. It was the organization that Wu Nan had set up back then.

This organization would not care about anything in the world, let alone others. Their only goal was to find him and monitor him without letting him know.

“So that’s how it is. It seems that this is specifically targeted at me.”

Xu Bai heaved a sigh of relief after he figured everything out.

The mysterious force understood, the cage understood, and the giant eye’s targeting was also understood.

Although he still did not know the identity of the giant eye, nor did he know the origin of his golden finger, he already knew that there was a certain connection between the two. Most importantly, the giant eye’s strength was terrifying.

It would be a wonder if it wasn’t terrifying for one person to fight five Saints.

Xu Bai was deep in thought. He was about to pour himself a cup of water to calm himself down, but when his hand touched the teacup, he suddenly retracted it and thought of something wrong.

“Something’s wrong!”

“The giant eye can descend. In that era, it once descended on the sect master and killed five Saints. Moreover, it had met Wu Nan before.”

“How could it be a cage?”

Xu Bai felt that many of his brain cells had died because he had fallen into a blind spot again.

He stood up and walked back and forth to make his mood a little more flexible.

On the side, Wu Hua and Liu Qingfeng saw that Xu Bai had been silent all this while. Now, he suddenly stood up and paced back and forth. Although they didn't know why, they understood that Xu Bai was thinking about something important. Moreover, it seemed that he wouldn't let them get involved in this matter.

They didn't say anything, afraid that they would disturb Xu Bai and cut off his train of thought.

The palace treasury fell into a dead silence.

A moment later.

Xu Bai's walking speed finally slowed down and he slowly stopped in place.

He connected the two appearances of the giant eye and found some patterns.

"The first time it appeared, I don't know why, but the second time it appeared was because of the God Summoning Technique, which directly brought the huge eye over. In other words, the God Summoning Technique must not be touched."

After Xu Bai figured out the crux of the matter, he had already silently dismissed the method of inviting the gods.

Now that the God Summoning Technique had been integrated into all kinds of miscellaneous techniques, he could use it anytime he wanted. However, when he thought of the consequences caused by the sect master's actions, he felt that he should not use this thing if he could.

If he really accidentally brought the huge eye over, fine, then there would be no need for surveillance. He would just destroy it. He didn't even know who to reason with.

"The plan now is to seize the time and finish all the remaining books in the palace's treasure vault."

After seeing the clues and figuring out the illusion bead, Xu Bai quickly made up his mind. He decided to finish all the books in the palace's treasure vault and increase his strength first.

Thinking of this, he was ready to continue looking for a book to read, but before he could pick it up, he overthrew his previous thoughts.

"The most important thing to do now is not to create a progress bar, but to destroy that force."

Since he had received accurate information and knew that the force was targeting him, he would never let a fierce tiger sleep beside his bed.

Moreover, that group of people was related to the giant eye, so they could not stay.

"If you want to spy on me, fine, then I'll uproot you." Xu Bai thought to himself.

Following his thoughts, a fierce aura naturally circulated around his body.

When No Flower and Qingfeng Liu saw this, they knew that someone was in trouble.

"Wu Hua, do me a favor." Xu Bai narrowed his eyes and said.

No Flower was slightly stunned. He didn't understand what it was, but since Xu Bai had asked, he nodded and agreed.

"Can you lend your black lotus to others?" Xu Bai asked.

No Flower nodded subconsciously. "Yes, it can be used, but it can't unleash its power."

After he said that, he quickly reacted and stared at Xu Bai in shock.

"Almsgiver Xu, are you trying to borrow my black lotus?"

I Have Unparalleled Comprehension #Chapter 944: Xu Bai Extinguishes the Faction (3) - Read I Have Unparalleled Comprehension Chapter 944: Xu Bai Extinguishes the Faction (3)

Chapter 944: Xu Bai Extinguishes the Faction (3)

Xu Bai nodded.

He came in front of No Flower and patted her shoulder. "You know that since you have already become their prey, they will definitely attack you again. Because if you can see it once, you can see it a second time."

"Then the question is very simple. Lend me the black lotus, and I'll transform into you and go out for a walk."

"Hiss..." No Flower gasped.

According to Xu Bai's analysis, it was possible.

Liu Qingfeng listened from the side and muttered to himself, "This is the fishing you always talk about, right?"

Xu Bai smiled. "First, catch a small fish. Then, use this small fish to follow the vine and find the melon. Then, we'll find the big fish behind. That'll do."

"But it's not absolute. What if the other party doesn't come?" Liu Qingfeng continued to ask.

Xu Bai shrugged. "It doesn't matter. If the other party doesn't come, I'll think of another way."

He had to try everything. Xu Bai had thought of this method, so he wanted to try it out.

If he couldn't succeed, he could just think of another move. If he could succeed, it would naturally be the best.

No Flower also understood what Xu Bai was going to do. He raised his right hand and a miniature black lotus appeared on it.

"Brother Xu, you only need to inject your power into it to control its size and transformation, but you won't be able to attack or defend."

Xu Bai took it and tried it according to No Flower's instructions. It really worked.

However, this function was greatly reduced.

Only the function of changing size could not even carry Xu Baifei.

After all, this thing was considered No Flower's treasure. Even Xu Bai couldn't use it smoothly.

However, it was enough. It was actually very simple to make it fly. Xu Bai just needed to fly with this lotus flower.

"It's better to wait a few days before taking action." Xu Bai said with a smile.

According to common sense, No Flower was seriously injured. After coming here, he would definitely need some time to recover. He would only leave after he recovered.

Under Xu Bai's control, the black lotus gradually shrank to the size of a chess piece and was casually placed in his pocket.

No Flower's mouth twitched slightly as he watched his treasure being so casually taken away by the other party. To be honest, he felt very strange.

“In that case, let’s act according to the plan.” Xu Bai narrowed his eyes and said.

..

Time slowly passed, and in the blink of an eye, three days had passed. During these three days, Xu Fan did not stay idle. He kept looking at the progress bar. All the low-level skills were all used up. After obtaining a lot of skills, he did not choose to finish the book on the failure to become a saint.

This was very uncomfortable. Xu Bai didn’t expect to feel uncomfortable after he made this decision.

Everyone pursued perfection.

He didn’t know how many skills could be integrated into this book, so the more the better. He hadn’t used it yet.

The feeling of having a treasure trove but not using it was unbearable.

Xu Bai couldn’t hold it in any longer. He wanted to finish the last bit of his experience of failing to become a saint, but he forced himself to hold it in.

Fortunately, he had something to do now, so he could temporarily distract himself.

“Almsgiver Xu, please be careful.” No Flower stood in the palace’s treasury and pressed his palms together.

Today was already the third day, and in these three days, they had done everything they could. A large number of medicinal herbs had been sent into the palace’s treasure vault, just to make it look like they were treating No Flower’s injuries.

Now that the time had come, Xu Bai would not stay here any longer. He had to pretend to be Wu Hua and rush to the Buddhist Sect in Shengzhou.

After circulating his True Core Strength and wearing the same clothes as No Flower, Xu Bai had already turned into the black-clothed, black-haired No Flower.

He didn’t talk to them anymore and left the palace treasury.

Because of the prior greeting reason, the people here also did not stop, even if now Xu Bai is no flower appearance.

Soon, Xu Bai walked out of the city gate and left the capital. He arrived in the wilderness.

When he arrived at the wilderness, he did not walk anymore. Instead, he flew up and rushed towards Shengzhou.

It was very fast and it looked like it was in a hurry.

The black lotus under his feet was being absorbed by his True Core Strength, as if the black lotus was dragging him along as he flew.

Nothing happened along the way. After flying for about half of the journey, the sky gradually turned dark.

Xu Bai frowned slightly, but he was not anxious at all.

He knew that if the other party really wanted to get rid of the future trouble, this was the perfect time to make a move. However, the other party had not made a move until now. He was probably looking for the best opportunity.

Thinking of this, Xu Bai stopped thinking and continued to rush.

As time passed, they were getting closer and closer to Shengzhou.

Just when Xu Bai thought that the other party would not make a move, danger suddenly descended.

A gust of wind blew, and a bright spot appeared in the distant sky.

This light spot was only the size of a sesame seed at first, but in the blink of an eye, it had already arrived in front of him.

It was an arrow, an arrow covered in green light.

The green light was suffused with a dangerous aura. If one was hit, the outcome would definitely be very miserable.

Xu Bai narrowed his eyes." Finally, you're here."

He had thought that the other party would really let No Flower go, but now it seemed that the other party would not miss this opportunity.

Chapter 945: Xu Bai Makes a Move to Destroy the Faction (4)

Looking at the arrow in front of him, Xu Bai slapped him.

“Bang!”

A dull sound rang out. The arrow was broken by him, but the green light on the arrowhead suddenly exploded.

The exploding green light quickly spread and enveloped Xu Bai.

At the same time, more than a dozen figures rushed over from afar. These people looked very ordinary, but when they attacked, they revealed their powerful strength.

Each of them had an extraordinary realm. If No Flower really encountered them, he might die on the spot.

The attack landed on the green light and entered the green light, causing a series of explosions.

The clouds in the sky were scattered by the aftershock. A dozen people surrounded the green light, their faces cold.

The leader was a man with a longbow. He was obviously the one who had started shooting.

“It’s done?”

someone asked.

The longbow-wielding man shook his head.

The green light shrank and soon disappeared. After the green light disappeared, Xu Bai appeared in the air with a faint smile on his face.

“Impossible!” The person holding the longbow was stunned. He obviously could not believe what he was seeing.

“How could a fellow who has only half a foot in the Transcendent realm survive in front of more than ten of us?”

It wasn't just this person who was shocked. The others were the same. They all found it unbelievable.

At this moment, Xu Bai smiled and spoke slowly.

“Everyone, I didn't expect that you would really want to kill me. Since that's the case, I'll give you a quick death.”

His words were very calm, but the tone of his words made people feel terrified.

Xu Bai's appearance was changing, and soon, he looked like himself.

At this moment, no matter how stupid the people present were, they knew what had happened.

The person holding the longbow was the first to react and shouted, "Not good! It was Xu Bai! Everyone, run!"

After he shouted, he did not care about the people around him and immediately took the lead to run.

The surrounding people reacted quickly. Almost at the same time as he said this, they turned around and prepared to escape.

But how could they escape?

Xu Bai's eyes narrowed slightly, and a dangerous light flashed across them. Under the circulation of his True Core Strength, his divine soul quickly expanded and enveloped the surroundings.

In the next moment, everyone present stopped in mid-air, their expressions extremely dull.

"Tsk tsk tsk..." Xu Bai smacked his lips and said, "I thought that the eye would bury something in your souls. It seems that it didn't. I guess it's imprisoned in the ruins and has very few tricks up its sleeves.""

He thought that the control was ineffective, but it was unexpected.

After all, when he asked Wu Nan about Wu Nan in the ruins, Wu Nan had instantly gone crazy and turned into a consciousness.

But thinking about it carefully, it was normal for Xu Bai to be able to control it.

If the giant eye was imprisoned in the ruins, these people wouldn't need to do anything if there was such a method.

Xu Bai's original plan was to capture a person and interrogate him, but now it seemed that there was no need for interrogation because there was a more direct way.

"Pa!"

With a snap of his fingers, everyone with stiff expressions turned around and came to Xu Bai.

Xu Bai pointed at the longbow-wielding man and said, "Name."

"Wang Xing." The longbow-wielding man's face stiffened as he answered honestly.

"Now, tell me everything you know." Xu Bai's eyes flashed with excitement, as if the mystery was finally revealed.

He knew that he would definitely be able to gain something this time.

This was because the people in front of him were the ones closest to the giant eye.

Under Xu Bai's control, Wang Xing revealed everything he knew without hesitation.

Xu Bai had been listening. When he finished listening, his expression became strange.

"I think...I found a very important treasure."

Chapter 946: I'm Rich (1)

The surroundings were quiet. After the person named Wang Xing spoke, the entire sky was silent.

Xu Bai stroked his chin with one hand and pondered over what he had just said with the other.

If he really did as Wang Xing said, then he would make a huge fortune.

This faction was similar to what he had imagined. It was indeed a faction formed by Wu Nan. Moreover, it was extremely powerful. It had lasted since that era?

In order not to be discovered, they didn't even expand their members. They just passed it down from generation to generation. Up until now, there were no more than a hundred people.

100 people might seem like a small number, and even some medium-sized forces would have far more than this number. However, if these 100 people were all Transcendents, then this would be very meaningful.

One had to know that even now, there were only a few hundred known extraordinary experts in the entire world, but this force accounted for a total of a hundred. What kind of concept was this? It was equivalent to a top force, and they accounted for a small portion.

As for why they were all Transcendents, according to what Wang Xing had said, it had something to do with that huge eye. If they continued to pass on the inheritance like

this, they would be able to obtain extraordinary cultivation speed and eventually reach the Transcendent Realm, but that was all.

They couldn't break through to the Saint Realm for some reason. Later, someone tried to find out that it was probably because the giant eye hadn't escaped from the cage.

However, this was already very good. It was very rare for people in the world to become extraordinary, but they could easily reach the extraordinary realm. The only price they paid was that they could not become saints.

Wang Xing didn't know much about anything else, including the origin of the giant eye and why it was in the cage.

All they knew was to keep a close eye on Xu Bai and even eliminate the person who let Xu Bai know the truth.

Just like No Flower not long ago.

There was a seed in their minds. As long as someone knew something about Xu Bai, this seed would be triggered, allowing them to sense the existence of that person.

Of course, this was within a certain range.

Therefore, their people were all scattered in various corners to maintain this area so that they would not be missed. Back then, No Flower happened to be in that area, so he was discovered and brought about a fatal disaster.

Fortunately, there was Black Lotus without the flower. Otherwise, he would have really failed that time.

They didn't know much about these things, but there was one thing that they had done on their own accord, which was why Xu Bai felt that he had made a fortune.

These people knew very well that they were working for the giant eye, so when they did things, they also thought about their future. They had never seen the giant eye with their own eyes, but they knew the ability of the giant eye. Once this matter became their reward, they would not be short.

Therefore, up until now, they had never thought of doing anything to dominate the world, nor had they thought of letting themselves surface. However, not wanting to do something did not mean that they would not do something.

Along the way, they had been plundering all kinds of treasures and secret manuals. Along the way, they had plundered a lot.

Up until now, they had obtained a large number of treasures and hundreds of extraordinary secret manuals. As for those below the extraordinary level, they did not pay attention to them at all because they did not care.

Among the other treasures, there were all kinds of weapons, all kinds of pills, and some strange things.

Any one of them was enough to make many people scramble for it. It was also a treasure that belonged to the Transcendent Realm.

These were the things that made Xu Bai happy, and also the reason why he felt that he had made a fortune.

Those treasures that everyone was scrambling for could be used to expand the palace's treasury.

As for the hundreds of extraordinary secret manuals...

Xu Bai rubbed his hands together, and the light in his eyes became hotter and hotter.

These things would definitely allow him to reach a very high level. If there were many mental cultivation methods inside, he could even slowly grind them to raise himself to the Saint Realm.

What he lacked the most now was the state, and it was very lacking. Because he failed to become a saint and couldn't integrate his heart cultivation method, he could only slowly grind it. Now, there were only two people left in the world who could become a saint.

It was said that Prime Minister Wen of Great Chu was getting closer to that position, and the College Chief was also not far from that position.

He didn't know if this rule was useful to him or if the golden finger could break through this layer of rules. However, before that, he had to fight for it.

If he couldn't break through this law, then wouldn't he be the unlucky one? He would be trapped in the Transcendent Realm.

What he lacked was time and a progress bar.

"Bring me to your treasure vault to take a look. Also, can you think of a way to gather all your people?" Xu Bai narrowed his eyes and said slowly.

The goal this time was to eliminate all those people. The second was to take a look at the treasure vault and get everything inside.

These people were controlled by their divine souls and could not resist at all. When Xu Bai asked this question, they all nodded.

"If there's something special or particularly difficult to deal with," Wang Xing said, "it's possible to gather everyone together. We've gathered together before because of this reason."

"As for the treasury, it's very far away from here. It's in an extremely remote place."

I Have Unparalleled Comprehension #Chapter 947: I'm Rich (2) - Read I Have Unparalleled Comprehension Chapter 947: I'm Rich (2)

Chapter 947: I'm Rich (2)

It was good that there was a way. Xu Bai didn't say anything. As long as there was a way to gather people together, everything would be fine. As for whether it was remote or not...

Wait a minute!

"Do you want to stay away from the barbarian fief?" Xu Bai raised his eyebrows. Or should I say the capital far away from the Great Yue State?"

He suddenly thought of something. There were still two Saint Warriors in the Barbarian Tribe who were eyeing him like tigers eyeing their prey.

These two dogs couldn't wait for him to run to the wilderness and then kill him as soon as possible.

So if it was too far, he had to think of another way.

Wang Xing nodded. "When we were searching for the treasure, we had already decided to hide it in a remote place. That place is extremely remote. Ordinary people really can't find it."

"Moreover, we've discussed it before. If we want to gather everyone, we can only gather at that place. After all, there are too many of us, and all of us are Transcendents."

Is that so...

Xu Bai's frown deepened. If that was the case, it would be difficult for him. If he went alone, he would definitely encounter danger. It seemed that he had to think of a way.

Disguise?

No, no, no. This method wouldn't work either. Although he had all kinds of saint-level techniques, he was still only at the first level of the saint realm. This level was still a little low for those two dogs. If he didn't fool them, he would really be the one in trouble.

He had a cheat that could trigger the cheat in one strike. However, he almost didn't plan to use this method anymore. After all, after knowing about the huge eye, he felt that it was better to use it less.

Unless it was a critical moment, he would never use it.

"It seems like if I really want to go, I need at least two Saints to protect me, but I can't find them now." Xu Bai pondered.

There were still seven Saints in the world, including Eunuch Wei, who had recently advanced.

But now, every saint had their own things to do, and they were very important.

The only person he could call out to was Eunuch Wei.

If Eunuch Wei protected them alone, it would be a bit risky. After all, there were two Barbarians, and the other Saint Realm masters were all very busy.

"What should I do to catch them all in one fell swoop and take all the treasures inside?" Xu Bai continued to think, feeling a headache coming on.

This kind of feeling was quite similar to the situation where there was an empty mountain of treasure in front of him, but no one could enter.

Xu Bai stood in the air and thought for a long time. Finally, a light flashed in his mind and he thought of a way.

"Yes!" Xu Bai narrowed his eyes.

That's right, he really couldn't rush over now because there were two dogs watching him, but that didn't mean that he couldn't get someone else to help him get it.

There were at most two purposes for this trip. One was to directly destroy this faction, and the other was to obtain all the treasures inside.

And if these two graves were to be merged into one, then the person who was going to go had absolute crushing strength, able to deal with all these Transcendent experts.

Then there would be manpower...

Only a Saint Realm expert could suppress a Transcendent expert and a large number of Transcendent experts. The only one who was free among the Saint Realm experts was Eunuch Wei.

If it was someone else who went, he might not be at ease. However, he was extremely at ease with Eunuch Wei. After all, even the entire martial arts world thought that he was Eunuch Wei's illegitimate son.

Thinking of this, Xu Bai snapped his fingers.

In the next moment, out of the ten or so Transcendent experts present, only Wang Xing was still alive. The other divine souls had all been annihilated.

"Next, I'll make a trip to the Imperial Palace of the Great Chu." Xu Bai thought.

Without any hesitation, he immediately rushed towards the imperial palace of the Great Chu Country.

Wang Xing followed behind with a dull expression. The two of them quickly disappeared into the sky.

..

Great Chu, Imperial Palace.

In the current Great Chu, Director Mu had completely run all the affairs, and it was running very well.

It was a sunny day, just like any other day.

The guards in the palace were still doing their jobs, and the spies of the Heaven Overseeing Bureau were also doing their own things. However, their gazes were now deeply attracted by a figure.

Xu Bai, who was wearing the Sun and Moon Daoist robe, walked inside. He was like the moon in the night sky, extremely dazzling.

These people were secretly sizing up Xu Bai. No one dared to look him in the eye. Although there was excitement in their eyes, they suppressed it.

Prince Xu!

Only God knew how long it had been since they last saw Lord Xu. In the past, Lord Xu was a frequent visitor to the Imperial Palace. It could be said that no one dared to stop him from running around the entire Imperial Palace. However, ever since he went to the Barbarian Land, he rarely came back, so they rarely saw him.

Everyone present had only one thought about this Prince Xu, and that was that he was a walking legend.

From ancient times until now, no one had been able to rise to the top of the Saint Plane in such a short time like Xu Bai.

It was truly unprecedented.

Therefore, the current Xu Bai had long become a legend in the entire Great Chu.

I Have Unparalleled Comprehension #Chapter 948: I'm Rich (3) - Read I Have Unparalleled Comprehension Chapter 948: I'm Rich (3)

Chapter 948: I'm Rich (3)

Xu Bai was already used to the gazes around him. He also knew why these people were so excited, so he was already used to it.

It couldn't be helped. Sometimes, it was like this.

When you were just an insignificant ant, no one was willing to pay attention to you. However, when you became a giant tree that connected the sky and the earth, even if you were far away, there would still be people looking at you.

Although it sounded very cliché, it was the truth.

Xu Bai's journey was smooth. He led Wang Xing around the streets and soon arrived at a building he was very familiar with.

There were two eunuchs standing guard at the door with serious expressions. No one was playing tricks.

Those who were familiar with Eunuch Wei knew that he was very particular about rules. Therefore, those who worked under him naturally began to talk about rules.

When the two guards saw Xu Bai, they were obviously shocked, but they quickly recovered and greeted him tactfully.

"Greetings, Your Highness!"

They were all people from the palace and were familiar with the various tricks in the palace.

They could be shocked, they could be surprised, but they could not lose their manners.

Otherwise, he would have a bad impression in front of these big shots.

Xu Bai nodded his head in response, and then walked in.

No one dared to stop him, no one dared to say that they needed to report. Everyone knew that with the relationship between Prince Xu and Eunuch Wei, there was no need to report.

As for Eunuch Wei's rules...

The two of them could drink at the same table until the sky turned dark. This rule was also very flexible.

Xu Bai walked into the familiar courtyard with ease. He came to a house and gently knocked on the door.

Soon, Eunuch Wei's voice came from the room.

"Prince Xu, it's been a long time since you've come to the palace."

In his words, there was a hint of kindness and ridicule.

Xu Bai felt a little enlightened.

Indeed, it seemed that he had not been to the palace for a long time. After all, with the increase in his strength and status, there were more things to do.

He didn't say anything more about etiquette. He pushed the door open and closed it behind him.

In the room, Eunuch Wei was sitting on a chair, sipping tea.

Beside him were the Four Treasures of the Study. On the white paper, there was the word "Tranquility". The ink was still wet, and it was obviously written by Eunuch Wei.

Xu Bai came to the mirror and looked at the words in front of him. He praised, "Good words."

Eunuch Wei glanced at Xu Bai.

Xu Bai scratched his head awkwardly.

He was a boorish man, how could he tell good from bad?

He just thought that the handwriting was not bad, so he praised it casually.

Eunuch Wei put down the teacup in his hand with a kind smile on his face.

“Eunuch Wei, why don’t I see you drinking?” Xu Bai asked curiously. What’s the meaning of this tea?”

Eunuch Wei smiled and said, “There’s no point in drinking with us. It’s good to have tea when you’re alone.””

Xu Bai waved his hand. “How can I do that? Today, I will get drunk with Eunuch Wei!””

As he spoke, his eyes kept darting around like a thief.

Speaking of wine, after drinking with Eunuch Wei, he naturally had some ability to taste it. Eunuch Wei’s wine was very good, but the quantity was too small. Moreover, Eunuch Wei was sometimes a little stingy.

Eunuch Wei knew what Xu Bai was thinking. He said, “Don’t look around anymore. During this period of time, we can’t drink with you.”

“Oh?” “Are you very busy?” Xu Bai asked.

He looked at Eunuch Wei’s handwriting, which meant that if you were really busy, you didn’t have to practice calligraphy here.

Eunuch Wei picked up the words on the table and said, “This wasn’t written by our family. Although the ink is still wet, it’s still the same even if it’s been left there for a month. Do you know who wrote it?”

Xu Bai shook his head, indicating that he didn’t know.

“Hey... The dean wrote it.” Eunuch Wei smiled. “This old thing came all the way here to deliver this calligraphy. He said he wanted to show it to Prime Minister Wen. But after Prime Minister Wen saw it, he started cursing and swearing as if someone owed him a few hundred taels.””

“This word was placed on the table, so I asked for it. After seeing it, I understood what it meant.”

“It’s not uncommon for scholars like them to fight each other, but this level of fighting is rare.”

Xu Bai’s eyes lit up after hearing this: “From the looks of it, the Principal seems to be faster than Prime Minister Wen.”

Currently, among the entire world's ninth grade Transcendents, the fastest were the Principal and Prime Minister Wen. The two of them were almost certain to seize the last two spots.

Normally, it didn't matter if you were one step ahead of me, since the two spots had already been decided.

However, it was not necessarily the case for the two of them because their relationship was extraordinary. It could even be said that they had a deep grudge.

The two of them had different ideologies, so they could not stand each other.

"If I'm one step ahead of you, it means that I'm stronger than you. Even if you become a Saint, it doesn't matter. I'm stronger than you anyway."

Since the dean dared to send this piece of calligraphy, he must have revealed something in it. It could prove that he was very fast.

"Sigh, these two old fellows have been fighting for so long and they are still fighting. It is really annoying. But no matter what, Prime Minister Wen is still an official of our Great Chu." Eunuch Wei sighed.

Xu Bai said, "Let's take a look at what he means. You guys are planning to make a move. However, how this thing helps him to break through the realm is his own business."

I Have Unparalleled Comprehension #Chapter 949: Xu Bai, I'm Rich - Read I Have Unparalleled Comprehension Chapter 949: Xu Bai, I'm Rich

Chapter 949: Xu Bai, I'm Rich

His words were very clear. Clearly, Great Chu still had to help Prime Minister Wen.

Eunuch Wei said helplessly, "You're good at everything. It's just that sometimes, you overuse your brain. We won't help him because both of them are already in the capital."

"No matter who they are, it's good for Great Chu. There's no need to offend one just to help one, because they're all from Great Chu."

"I'm under orders to protect them now because they want to break through with all their might. In order to prevent accidents from happening, although this accident is very small, we have to prevent it."

“Director Mu is now fully prepared to leave the Saint Plane, so he doesn’t have time at all. After all, he still has to manage the government.”

” Eunuch Wei,” Xu Bai’s mouth twitched slightly.” Is this what you mean by preventing an accident? Is it just drinking tea here?””

” Everyone has already reached the Saint Realm,” Eunuch Wei said.” As long as we’re in the capital, we’ll be able to grasp it.””

Alright then.

Xu Bai finally understood. It was not wrong to say that. How could there be any accidents when a Saint Warrior was in charge of the capital?

Eunuch Wei looked at Xu Bai strangely.””You must have something to do this time, right?”

Xu Bai nodded. He indeed had something to do, but now it seemed that this matter could not be completed.

Of course, he still told her the ins and outs of the matter.

Eunuch Wei frowned slightly,”A force that specifically targets you...” Your method is indeed very good, but I can’t get away.”

Xu Bai understood.

He really couldn’t get away from this situation. He planned to leave first and think of other ways.

Although Eunuch Wei had a good relationship with him, he couldn’t ask Eunuch Wei to disregard his interests just because of this matter.

Thinking of this, Xu Bai decided to leave.

But before he could say it, Eunuch Wei spoke again.

“Don’t be in such a hurry. It’s not like there’s no other way. What you’re most worried about now are those two barbarians.”

” It’s good to disguise myself,” Xu Bai shook his head.” But my ability to disguise myself is not high enough.””

Even if he borrowed a mask, it would be useless because his current ability had long surpassed that of Thousand-faced Female Bandit.

"Disguise yourself," Eunuch Wei said slowly. "In addition, you'll appear at the place you want to go by surprise. Moreover, you'll arrive in an instant. In this way, even if those two old fellows opposite you have heaven-defying abilities, they won't know that you've left."

Hearing this, Xu Bai was slightly stunned.

Teleporting here?

If that was the case, it was really possible.

As long as he was within the boundaries of Great Chu, even if he was in the land of the barbarians, the other party would not dare to come in and investigate.

However, if he went out of that range, the other party would have a chance to detect him. In other words, if he appeared in the range for no reason, the other party would not even know that he had left.

But was there such a method?

"Eunuch Wei, please show me the way." Xu Bai asked curiously.

Eunuch Wei said with a smile, "Gu Yue Sword Sect is under the protection of the Bane."

Gu Yue Sword Sect?

Xu Bai frowned.

He was very familiar with this inheritance. Although he had never been there before, there were a few people who had a lot of connections with it.

King Sheng You, Chu Yu, Qin Feng.

Let's not talk about the fisherman first.

He knew that the Ancient Moon Sword Sect's Sect Master was Chu Yu's mother.

However, why would a swordsman have a method to instantly arrive?

Eunuch Master Wei seemed to have seen through what Bai was thinking. He picked up the teacup next to him and took a sip before putting it down.

"Swords are all very fast. They have an ancient sword that has been passed down for generations. I don't know the exact situation, but I have the ability to do so."

Xu Bai's eyes lit up.

If there was a way, then do it. This was what Xu Bai did.

Eunuch Wei saw Xu Bai's energetic appearance and stopped him again. He said helplessly, "It's usually fine, but recently, there's been some trouble..."

I Have Unparalleled Comprehension #Chapter 950: Xu Bai Is Not Being Liked - Read I Have Unparalleled Comprehension Chapter 950: Xu Bai Is Not Being Liked

Chapter 950: Xu Bai Is Not Being Liked

Eunuch Wei's expression was a little awkward, as if he was talking about something that was difficult to talk about.

Xu Bai was also a discerning person. He could tell that something was wrong with the situation.

For Eunuch Wei to make such an expression, there must be something big going on. There were a lot of tricks up his sleeve.

Thinking of this, Xu Bai rolled his eyes and revealed a mysterious smile.

"It's hard to become and I'm related. I won't, I won't, I won't."

This sentence was meant to be a joke, but Xu Bai was just using it to lighten the atmosphere, because the atmosphere was so awkward that he could dig out a house.

But sometimes, he felt that things were just so wonderful. It was clearly meant to be teased, but he accidentally hit the nail on the head.

Eunuch Wei fell silent, but from his expression, it seemed that this was the case.

Xu Bai's mouth twitched slightly." Could it be that it really has something to do with me? I don't think I've been to the Gu Yue Sword Sect before. How can I bring trouble from afar?"

Eunuch Wei shrugged." It does have something to do with you. This matter is very complicated. In short, the Sect Master of the Ancient Moon Sword Sect has been in a bad mood recently, and the reason for his bad mood is related to you."

Xu Bai stumbled back two steps.

Impossible, absolutely impossible!

Who was the leader of Ancient Moon Sword Sect? She was Lord Sheng You's wife and Chu Yu's mother.

There were all kinds of complicated relationships involved. In front of the other party, he should be a junior who admired him very much. How could he be so depressed because of him?

Just think about it. He had a good relationship with Sheng You King, not to mention his relationship with Chu Yu. Why did it become so bad when he was in the Gu Yue Sword Sect?

"It's very strange, right? At the beginning, our family was also very strange." Eunuch Wei seemed to like the teacup in his hand very much. He picked it up and took another sip. "I don't know what happened in here. I only know that when you went to the remains, Chu Yu's mother ran to the border and ran away after giving the prince two punches. It was as if there was some conflict between the husband and wife."

"That has nothing to do with me, right?" Xu Bai was speechless. "I've never even met her before. Could it be that she admires my talent, so she hates me?"

Seeing Xu Bai's exaggerated expression, Eunuch Wei rubbed the space between his eyebrows. "It's said to be related to you, because after she left, King You Sheng gritted his teeth and said your name. Anyway, you have to go to the border first and see what his highness has to say."

Xu Bai understood.

It turned out that they could not go smoothly this time.

Most importantly, he did not even know what he had done. He did not seem to have done anything, but he had somehow offended Chu Yu's mother.

"Then I'll leave?" Xu Bai pointed at the door.

Eunuch Wei said, "The one who tied the bell has to undo it. Let's see what the situation is. If it doesn't work, come back to us. We'll think of a way for you."

Xu Bai understood. He didn't stay here for long because he really had to destroy that force, so he had to hurry.

As for the reason why the Sect Master of the Ancient Moon Sword Sect was in a bad mood, and why it was related to him, Xu Bai would only know after he arrived.

The distance from the Great Chu Imperial Palace to the border was very long. However, with Xu Bai flying at full speed, the time taken was shortened by quite a bit.

When he stepped on the border again and arrived at King Sheng You's camp, he saw that every soldier in the camp was very strange. The strange thing was their expressions.

Everyone was trying to hold back their laughter, as if they had just seen the funniest joke in the world. However, the key was that they couldn't laugh.

Holding it in like this, with a half-smile, instead made people feel very strange.

Especially after Xu Bai arrived, these people looked at him even more strangely, like the audience under the stage watching a wonderful play.

Although he did not know what was going on, no one stopped him. He decided to capture someone first.

Thinking of this, he stopped and grabbed a soldier who was about to leave.

The soldiers were dejected, looking as if they were down on their luck.

Especially when he saw the smile of his companion beside him, he felt that he was even more unlucky. He could only turn around and force a smile.

"Prince Xu, I still have something to do. The firewood in the kitchen is gone, and the food is not ready yet. Otherwise, everyone will be hungry today."

A reason, a very bad reason. Even an idiot would think that this reason was bad.

Xu Bai narrowed his eyes slightly." Not eating for one or two meals won't starve anyone to death. Besides, it can also train everyone's willpower. What I'm more interested in is what exactly happened."

The soldiers were all stunned.

What did he mean by skipping one or two meals and training everyone's willpower?

Haven't you heard of this saying before? A poor general doesn't lack hungry soldiers!

The soldier felt that the way Prince Xu thought was a little strange, especially when he looked like this.

Of course, he also heard the other party's words. He immediately shut his mouth tightly as if he was sewn up. He could not spit out a word.

"Oh, you're quite stubborn." "I like stubborn people the most," Xu Bai said with a smile."
