

Unparalleled 91

Chapter 91: The Boundless Dao Scripture Is Perfect

The green Buddhist light surrounded his entire body. Then, his legs shot out like a cannonball, charging towards the black tree root.

The Buddhist light and the tree roots intertwined. Then, No Flower bounced back at an even faster speed and fell to the ground.

Even though he wasn't injured, he looked at the black tree root in the sky with shock.

It couldn't be broken, it couldn't be broken at all!

The roots were as hard as iron plates, and the attacks he had condensed with the green Buddhist light were ineffective.

"I'll do it!" Liu Xu's almond-shaped eyes widened. She flipped her right hand and waved the Green Cloud Brush, writing in the sky.

A moment later, an essay was completed and landed on the book in his left hand. As the pages fluttered, a murderous aura swept across the entire sky.

Liu Xu spun the Green Cloud Brush, and the pages of the book followed the rotation of the Green Cloud Brush, echoing in the sky. Then, one after another, the words on them appeared and fell on the black tree root one by one.

However, after the words landed, they were scattered and returned to the book.

The yellowed pages returned to his hands and automatically combined into a book.

Liu Xu looked at the tree roots that were slowly pressing down in front of her, and a solemn expression appeared on her face.

“Join forces!”

No Flower nodded, sat cross-legged, put his palms together, and recited Buddhist scriptures.

As he chanted the Buddhist scriptures, the green Buddhist light soared into the sky and bombarded the black tree root.

Liu Xu didn’t stop either. The charred book appeared once again, and the lively characters bombarded the roots one by one.

The old postmaster also began to lend a hand. He shook the pipe in his hand, and the layers of smoke turned into a big hand that pressed against the black tree root.

This was the difference between them and martial artists. Long-range attacks made some low-quality martial artists drool.

As the three of them worked together, the black tree root was finally stopped from pressing down.

But this was the only way.

No Flower and the others couldn’t hold on either. They couldn’t counterattack and could only fall into a stalemate.

“Work harder!” Beads of sweat appeared on Liu Xu’s fair forehead. Her right hand did not relax in the slightest as she continuously waved the Green Cloud Brush.

No Flower didn’t even reply. He just chanted the Buddhist scriptures, not allowing his Buddhist light to pause.

The stalemate had turned into despair.

Liu Xu and No Flower started to worry. At this moment, Xu Bai was heading to

Sheng County alone. They didn't know what kind of threat he had encountered.

"It's all my fault." No Flower muttered to himself as he read the Buddhist scriptures. He felt guilty.

If he hadn't insisted, he wouldn't have dragged Almsgiver Xu into this.

"Sigh..." Liu Xu sighed silently, her emotions complicated.

"I have a feeling that we can turn the tide."

Hearing this, No Flower was slightly stunned.

"It's just a kind of feeling" Liu Xu said.

She recalled the first time she met Xu Bai. She felt that this mysterious man had many tricks up his sleeve.

"If I die today, I'll have a place to go." Liu Xu said with a smile.

No Flower nodded silently.

The few of them continued to focus on dealing with the black tree root.

Liu Xu and No Flower hoped to increase their strength and break out of the encirclement as soon as possible so that they could rush to the county to help Xu Bai.

Something big had happened at the Yin Posthouse, and far away from the Yin Posthouse, Xu Bai had already arrived at Shen County.

When he arrived, the sun had already set.

There were still one or two people walking on the street. Other than that, there was no more noise and liveliness like in the morning.

It was a little cold at night in this year. A few passersby in thin clothes quickened their pace, wanting to go home early to get warm.

When they passed by Xu Bai, they subconsciously glanced at him. However, when they saw the Ghost Head Blade hanging from Xu Bai's waist, they quickly retracted their gazes. Not daring to cause any more trouble, they buried their heads and continued on their way.

Xu Bai didn't care about the gazes of the people around him. He walked straight toward Spring Rain Pavilion.

The sky was slightly dark and the streets were quiet.

Even the usually lively Spring Rain Pavilion no longer had its doors closed at night like before. It had become lifeless.

Other than a faint light in the house, there was no sound. There were no people seeking pleasure outside the Spring Rain Pavilion.

The strange thing was that even though the Spring Rain Pavilion had fallen into silence, the door was still open. The lights inside the door were dim, and it made people feel a chill in their hearts.

Xu Bai came to the door and looked inside. He saw Yang Chang standing on the ground floor with his back facing him.

“You’re here.”

Before Xu Bai could say anything, Yang Chang let out a low voice that was filled with sorrow and despair.

Xu Bai walked in and was about to reply when he was shocked by the scene in front of him.

The beams on the second and third floors of Spring Rain Pavilion were filled with the corpses of prostitutes.

These corpses had ribbons tied around their necks, and they were hung neatly like old bacon.

The second and third floors were all filled with them. It made one’s hair stand on end. Coupled with the special shape of the Spring Rain Pavilion, it looked like a coffin.

Xu Bai took a deep breath and pulled out the Ghost Head Blade from his waist. He said in a deep voice, “Did you do it?”

“Who else is there besides me?” Yang Chang didn’t deny it at all. He slowly stood up and turned his body to face Xu Bai.

At this moment, Xu Bai saw that Yang Chang was carrying someone in his arms.

She was wearing a red shirt and her face was covered in burns. It was a woman.

“Is this the evil witch you were talking about?” Xu Bai said in a playful manner.

"Shut up!" Yang Chang seemed to have been angered. He reached out his hand and slowly stroked the woman's cheek. His tone was extremely strong. "She's the woman I love the most in this life. She's not some evil witch, but a righteous one."

"So...You killed her." Xu Bai narrowed his eyes..

Chapter 92: Boundless Dao Scripture Is Perfect

As soon as he said this, the scene fell into silence, so silent that a pin drop could be heard.

Yang Chang didn't say a word. He lowered his head again and looked at the burned face. Suddenly, he released his hand and slowly put the woman on the ground.

"I have no way to do it" Yang Chang grabbed his hair with both hands, his facial features contorted as he said maniacally, "Do you know that after we were saved by the Ninth Princess, His Majesty ordered us to destroy our foundation. All our strength will forever stop at Rank-7.

He said that merits couldn't offset faults. If this road was opened, countless people would follow suit, but the punishment for this was too much."

As he spoke, Yang Chang kept pulling his hair, causing his black hair to become messy.

"So...Are you doing this for strength?" "You're not as noble as I thought," Xu Bai teased. "No wonder you covet the Spring Flower Brush.""

He couldn't wait to chat more. After Liu Xu and No Flower finished their business and rushed over, he would have a greater chance of success.

"Do you know that the Boundless Dao Scripture can imitate anyone's ability as long as they are of the same level? The Extreme Life Cult has the Boundless Dao Scripture. My foundation as a scholar is gone, but I see a new path. "Yang Chang stopped his movements, his face filled with fanaticism. "I can re-cultivate. I am a genius of the Academy. I shouldn't remain silent."

“Bullsh * t.” “What did you do?” Xu Bai pointed at Yang Chang. Didn’t he have any idea? There are many geniuses in this world. You’re not lacking in one.”

Are you playing with me?

You’re a f * cking man, play your sister!

Hearing this tone and looking at his expression, Xu Bai wanted to give him a tight slap.

‘Yes, there are many geniuses.’ After being scolded, Yang Chang did not get angry. Instead, he laughed and said, “So, you are also a genius.”

Xu Bai frowned.

He seemed to have understood the meaning behind his words. It meant that

Yang Chang wanted to use the Boundless Dao Scripture to imitate his ability.

Yang Chang raised his head and said, “I’ve done so much for the Extreme Life

Sect before I finally got the Boundless Scripture. Previously, that slut, the

Ninth Princess, didn’t want us to give it to the Extreme Life Sect. She was afraid that we would cultivate it.”

At this point, Yang Chang turned his head and looked at the woman’s corpse behind him.

“And her, she shouldn’t have stopped me. After I succeed, she can succeed too. At that time, we can live together again. That would be a beautiful thing.”

“Ha, even in death, he still wants to side with Great Chu. What else can he say?”

Everything he does is because he loves me. He only loves Great Chu.”

Hearing this, Xu Bai shook his head. He felt that the person in front of him was hopeless.

If one was so sick that they were blinded by ointment, even if a miracle doctor who could bring life to life came, he would still shake his head and sigh.

“You don’t love her either. You will always love yourself. “Xu Bai said.

“Cut the crap. I know what you’re thinking. The two of them can’t come. They can’t even protect themselves now. “Yang Chang regained his maniacal smile.

As soon as he finished speaking, he lifted a brush and pointed it at Xu Bai. The pages of the book appeared around Yang Chang’s body like a whirlwind, slashing at him.

“Boom!”

A rumbling sound rang out.

A moment later, the page was flipped back.

Yang Chang stared at Xu Bai and frowned.

At this moment, a faint layer of black light appeared around Xu Bai’s body. The attack just now had no effect on him.

Tier 4 Skill, Diamond Heart Devil Body.

It had to be said that Yang Chang, as a scholar who was about to enter Rank-6, was really quite strong. The attack just now made Xu Bai feel that the True Core Strength in his body was decreasing very quickly.

“Good ability!” Yang Chang was stunned for a moment before he regained his senses and revealed an ecstatic expression.

Similarly, a faint layer of black light appeared on the surface of Yang Chang’s body.

Vajra Heart Devil Body!

No one knew this skill better than Xu Bai. He looked at the black light on Yang Chang’s body and understood that his ability had been simulated by Yang Chang, but only 80%.

“Give me a little more. Let me see what else you have. “Yang Chang was ecstatic. “Don’t you know the side effects of the Limitless Dao Scripture?” Xu Bai frowned.

“Of course I know, but you might not know how to solve this side effect. “Yang Chang came to the side of the female corpse in red and pressed his hand on her body.

Beams of destructive power were injected into the female corpse, and in the blink of an eye, she was reduced to dust.

“I know. I’m a scholar. I read the deeper meaning behind it.” Yang Chang looked at his hands and said, “As long as it is transferred to a person or a corpse, it will be alleviated.”

“You really disgust me.” Xu Bai said in disgust.

Just a moment ago, he was still so in love with her that he wanted to die. Now, he did not hesitate to destroy the corpse of the person he loved. It was really disgusting.

“What do you know! The female sect master created the Boundless Dao Scripture and knew that there was such a method, but she did not use it for the so-called benevolence and righteousness. In the end, she disappeared without a trace.”

“His Majesty erased this part, worried that someone would go crazy over it, but he forgot that I... The most amazing thing was finding traces in books. This was also why I was called a genius back then.”

“In this world, as long as you can stand at the peak, it’s just a fleeting cloud.”

Yang Chang said slowly.

“I won’t kill you right away. I want to slowly exhaust your ability.”

“Really?” Xu Bai said.

After saying that, he did not wait for Yang Chang to reply. He put his hand into the money bag and sprinkled it like a rain of maple leaves.

A black light rose from Yang Chang’s body and blocked all the copper coins..

Chapter 93: Boundless Dao Scripture Is Perfect

Then, he picked up the copper coin on the ground and threw it at Xu Bai in the same way.

Xu Bai’s feet slightly swayed as he used the Four Xun Movement Technique, dodging like a ghost.

But in the next moment, the Four Xun Movement Technique was simulated by Yang Chang.

Yang Chang didn't wait for Xu Bai to speak. He knocked down the two corpses on the second floor with his copper coins and injected the backlash into them.

"Alright!" Yang Chang waved his hands and said, "More!"

Xu Bai's frown deepened.

The current situation was very troublesome, more troublesome than he had expected.

This guy actually made her his wool plucking machine. It was simply infuriating.

"What's wrong? Why aren't you moving? Do you feel desperate? I understand how you feel. Back then, when my foundation was destroyed, I was even more desperate than you are now. That feeling has enveloped me for so many years, but I still couldn't get through it."

Yang Chang's tone was filled with ridicule. He pointed at Xu Bai with one hand and covered his stomach with the other. He raised his head and laughed loudly.

He was laughing at Xu Bai's ignorance.

He was laughing at the so-called genius.

What was a true genius? Only someone like him could be called a genius. He could simulate human abilities and could be ruthless, allowing others to become the carrier of his backlash.

As long as he was given time to slowly absorb and grow stronger, he would one day stand at the peak of this world.

As for how he reached the peak, it was not important.

The important thing was that no one would know, and no one would dare to say it.

“Hand over the item. Use all your strength. I know you’ve put in a lot of effort to deal with the Extreme Life Cult, but you don’t have to do anything now because I’ve already killed all of them.” Yang Chang pointed in the direction of the Yin Posthouse. “I lured them over. They’re already dead. It’s just that your two companions aren’t doing too well.”

“Do you think that you have done a good deed?” Xu Bai rubbed his chin. “No, no, no.” “I just want your ability alone.” Yang Chang shook his head. “As he spoke, Yang Chang attacked again.

He grabbed the copper coins on the ground and threw them at Xu Bai one by one.

Xu Bai dodged and did not attack.

“What are you waiting for? You’re still only at Rank-8. Do you really think you can defeat me? I can tell you clearly that as long as you hand over all your abilities, I’ll give you a quick death.” Yang Chang said.

Xu Bai stopped and stared at Yang Chang.

“What? You finally figured it out?” Yang Chang asked. “He was very carefree.

What kind of bullsh * t genius was he playing with?

He was the real genius. He was the genius in the past, he was the genius now, and he would be the genius in the future.

Xu Bai tilted his head.”

In fact, in this situation, he could totally turn around and leave. After all, Yang Chang could only imitate 80% of his ability.

With the Four Xun Movement Technique, Yang Chang couldn’t catch up.

However, he was very unhappy now.

When had he been bullied like this?

No, I'm not convinced!

"Try this." Xu Bai stomped his feet.

The Four Xun Formation was activated, and flames rose.

Yang Chang imitated Xu Bai and chopped off his feet as well. Flames appeared around him.

"Good, good, good! Don't worry, I'll definitely give you a great deal. If you have anything else, hurry up and use it."

Looking at Xu Bai's current state, he thought that he had already given up, so he took the time to comfort him. In the end, he added,

"If I was really happy, I might have let you live."

Xu Bai smiled." I don't want you to let me live. It's good enough that you can give me a quick death. Take a look at this. ""

He drew the Ghost Head Blade from his waist and waved it to the side.

At this moment, Yang Chang had already found another corpse to transfer the power of the backlash. When he saw Xu Bai use his strength again, he found the third corpse. After learning it, he injected the power of the backlash again.

“Is there more?!” Yang Chang said impatiently.

Tonight, Xu Bai had given him too many surprises. He was looking forward to seeing if there were any bigger surprises waiting for him.

“Mental cultivation method, can you do it?” Xu Bai circulated the Reversal of Yin and Yang.

Yang Chang was stunned. He tried to operate it and frowned. “Although its level is relatively low, its effects are excellent.”

As soon as he finished speaking, he found another corpse and injected it with the power of backlash.

After a long time, Xu Bai looked at the door and shook his head slightly. “Looks like those two guys are really trapped in the Yin Posthouse.”

Up until now, Liu Xu and No Flower had yet to come over. It seemed that they had really encountered something. However, it did not matter. Everything depended on him.

In this day and age, no one could be relied on. It was best to rely on oneself.

Xu Bai looked at Yang Chang and thought to himself, Don’t you like to take advantage of others? I’ll let you know now that I’m the only one who takes advantage of others.”

Looking at Yang Chang’s expectant eyes, Xu Bai took out the Spring Flower

Pen.

Yang Chang was taken aback. He did not understand why he was doing this.

However, he did not say it out loud and waited excitedly.

Xu Bai slightly rotated the Spring Flower Pen in his hand, pretending to be in a relaxed state.

“I still have one of my most powerful abilities, and I’ll give it all to you now.”

After saying this, he added another sentence in his heart, but Yang Chang couldn’t hear it.

“It depends on you.... Can you eat?”

Chapter 94: Someone Has Gone Crazy

After hearing Xu Bai’s words, Yang Chang didn’t suspect anything.

“Hurry up! Let me see!

Tonight, Xu Bai had given him too many surprises.

Putting everything else aside, just this many abilities were already beyond imagination.

Especially the mental cultivation method that Xu Bai had given him previously. He felt that it was a little strange when he circulated it. It was strange but magical.

It was as if several kinds of content were mixed together, but there was no conflict between them. They could be perfectly integrated.

Unfortunately, the mental cultivation method was somewhat inferior.

“Hurry up and hand it over. I’ve decided not to kill you. I want to bring you with me and let you perfect these abilities.”The madness in Yang Chang’s eyes grew stronger and stronger. His gaze was as if he wanted to eat Xu Bai up.

Even in that era, if Xu Bai was there, he would be considered a top-notch type.

Yang Chang’s foundation as a scholar had been destroyed, but he still had foresight. He could tell the good from the bad.

In troubled times, heroes come forth in large numbers.

In that turbulent era, with Xu Bai’s current potential, he could also surpass the rest.

Yang Chang had taken a fancy to Xu Bai’s potential. If he could grasp Xu Bai’s potential and allow him to continuously improve all his abilities, Yang Chang knew very well what it meant.

It was a chicken that kept laying eggs.

However, Yang Chang was still confused. Why would Xu Bai take out the Green Cloud Brush?

Wasn’t this something from the Academy?

Was Xu Bai supposed to be a scholar?

No, he could tell that Xu Bai was not a scholar.

Of course, Yang Chang, who was getting crazier and crazier, thought that he had everything under control.

Xu Bai stopped talking. He lowered his head and stared at the Green Cloud Brush in his hand.

As he did this, a golden progress bar appeared, and it was slowly increasing. Yang Chang was still waiting, but soon, he realized that Xu Bai was not normal.

“You’re now... Did you use it?”

Yang Chang wasn’t sure if Xu Bai had used his ability to do that.

“What, you don’t dare to?” Xu Baitou said without raising his head.

Hearing this, Yang Chang circulated the Boundless Dao Scripture and stared at

Xu Bai.

“Since there is, then come!”

The Boundless Dao Scripture circulated at an extremely fast speed. Then, his body began to imitate Xu Bails state.

At this moment, Yang Chang suddenly felt something strange.

“You...”

There was only one word. Yang Chang had only said one word and did not have the chance to say another.

His body began to expand, and in the blink of an eye, he swelled up like a balloon.

Cracks appeared on his skin, and a large amount of blood flowed out.

Yang Chang was speechless. His gaze shifted to where Xu Bai was.

At this moment, Xu Bai put down the Spring Flower Pen in his hand and the corners of his mouth curled up slightly.

“How do you feel? Can you eat?”

His tone was filled with mockery.

How could the power of the system be simulated by the Boundless Dao Scripture?

If he wanted to eat it, he should see if he could eat it.

If he really wanted to die, Xu Bai didn't mind letting him.

Xu Bai had already made this plan after learning about the Boundless Dao Scripture.

Since you want to simulate, I'll let you simulate the progress bar.

It was obvious that the Boundless Dao Scripture did not have this ability.

In other words, it was a dimensional attack.

Yang Chang felt despair in his heart. It was as if he had fallen off a cliff. The surrounding scenery was rapidly retreating.

Just now, he tried to simulate it, and in an instant, the backlash was like a monstrous wave that arrived in an instant.

He reacted quickly and quickly cut off the Boundless Dao Scripture, but even if he cut it off in an instant, it was already too late.

“What kind of ability is this?”

Yang Chang was shocked.

Even if he had met the College Chief, he would not have such a feeling.

Who was he?

At this moment, Yang Chang felt that the person standing in front of him was no longer the young man with the saber, but a terrifying beast.

Xu Bai took two steps forward and raised his head to look at Yang Chang. He said slowly, “Go in peace.”

As Xu Bai finished his sentence, cracks began to appear on Yang Chang’s head. With a loud bang, it suddenly exploded.

Blood danced in the sky.

The ground, walls, and railings of Spring Rain Pavilion were all covered in Yang Chang’s flesh and blood.

A black light rose from Xu Bai’s body as the Diamond Heart Devil Body blocked the flesh.

When everything disappeared, Xu Bai looked up at the female corpse hanging on the beam and sighed.

Without saying a word, he turned around and left.

The street outside was as dark as ink, and there were few people.

Liu Xu and No Flower were still in the Yin Posthouse. Xu Bai wanted to rush over to take a look, so he didn't stay there for long and rushed straight to the Yin Posthouse.

Yin Posthouse.

Liu Xu and the other two were resisting with all their might.

The Buddhist light, the characters, and the smoke resisted the crushing pressure of the huge tree root.

The two sides were evenly matched, and no one could take down the other.

However, the situation was beginning to change. Liu Xu and the others were gradually losing more and more energy, and time was becoming more and more urgent.

They didn't have time to help Xu Bai because they couldn't even protect themselves now. They couldn't get out or break through.

"This little monk is about to run out of oil." No Flower finally stopped reciting the Buddhist scriptures. After saying this, he started reciting again.

He chanted the Buddhist gold again, and his green Buddhist light became much weaker. It looked like it was on the verge of collapse, like a building that was about to collapse.

After such a long time, No Flower had already reached his limit and could no longer hold on.

"Hu..." Liu Xu let out a long breath. The sweat on her forehead could not stop flowing. The hand holding the Green Cloud Brush trembled slightly.

Chapter 95: Someone Has Gone Crazy and Treading in the Air (2)

He couldn't hold on anymore.

Human strength would eventually run out. At this moment, they had already reached their limits.

That sense of powerlessness came like a tide, drowning them.

"Monk, will our deaths be recorded in history?" Liu Xu asked.

No Flower turned his head and didn't speak. He just shook his head slowly.

Since the establishment of the Heaven Inspectorate, the number of people who had died was as many as the hair on an ox, so how could there be records?

He remembered that when he first entered the Heaven Inspectorate, an old man had said this.

Even if the person in charge of the Heaven's Gate was dead, most of them would not have records of it. It was already very good to have a cenotaph.

No Flower didn't know Liu Xu's situation because he didn't know much about the Blue Cloud Academy. However, he thought that it wasn't much different.

"I say, the two of you, don't give up so easily until the last moment. I still have a month before I retire and return to the fields." The wound on the old postmaster's chest was still bleeding, and his face had turned from white to

green.

He didn't want to die here. He was about to retire after completing his mission.

It wasn't worth it to die here.

In the sky, the black tree root finally began to move.

Layers of black tree roots continuously spiraled and began to interweave in the air. In just an instant, they were like a curtain that covered the sky as they pressed down on Liu Xu and the others.

Liu Xu and the others were already powerless to resist. They no longer had the slightest strength and could only watch helplessly as the roots fell.

When faced with death, everyone felt different.

Some were afraid, some were in despair, and some were as calm as water. Liu Xu did not know what the others were thinking. She was very calm at the moment.

After entering this industry, he had this kind of awareness.

She had simulated many things in the past and was already used to it.

In the sky, the black tree root was getting closer and closer.

The three of them had different expressions.

At this moment, the black tree roots that were pressing down stopped.

"What's going on?" No Flower was already exhausted and spoke without any strength.

"I don't know." Liu Xu shook her head, indicating that she wasn't sure.

This situation happened too suddenly, and they did not react in time.

“Boom!”

A trembling sound rang out, accompanied by a voice.

The source of the sound was in front of them. There was a wall formed by tree roots that looked extremely hard.

Following the sound of the collision, they heard a sound coming from outside.

“Are you two still alive?”

Bai!”

This familiar voice cheered them up.

“Xu Bai, can you open up an exit here?” Liu Xu used all her strength to walk to the place where she had been hit.

Just now, she seemed especially calm in the face of death, but that did not mean that she liked death.

“Patron, do you need us to cooperate inside?” No Flower also walked over and asked. ”

After he finished speaking, he sighed to himself. Almsgiver Liu’s intuition was really accurate. Xu Bai had really brought a miracle.

“No need to cooperate. Stand further away. Be careful not to get blood all over your body. “Xu Bai’s voice sounded again.

Just as he finished speaking, Liu Xu and No Flower heard the sound of a collision again, their ears buzzing from the shock.

The tree roots began to tremble. In the blink of an eye, they had been hit five or six times.

Liu Xu and the others hurriedly retreated and made way for him.

They were about to be rescued. If they were killed, wouldn't the gains outweigh the losses?

Cracks appeared on the tree roots. With a final crash, Xu Bai rushed in from the outside, wrapped in black light.

Just now, he had tried many methods outside. Ghost Head Blade could not break through, and Maple Leaves Like Rain could not break through either. Only the Tier 1+ skill, Diamond Heart Devil Body, could be used for both offense and defense. It was like a heavy hammer that forcefully hammered open the tree roots.

Because he used too much strength, he didn't stop. He took a few steps forward before slowly stopping.

Liu Xu and the others were pleasantly surprised.

Finally...He was saved!

In the midst of despair, there was hope.

This huge difference brought even more joy.

Liu Xu wanted to speak.

But before they could say anything, they heard Xu Bai's voice.

“There’s something going on outside.”

These four short words instantly made Liu Xu and No Flower’s hearts sink.

Xu Bai turned around and walked out of the hole.

With the words just now, Liu Xu and the others did not say a word. They followed behind Xu Bai and walked out of the big hole.

It was pitch-black outside, and the cold wind blew, giving people goosebumps. There was not a single strange creature. It was as quiet as a barren land.

“Ah... Gah...”

A soft sound broke the silence of the night. It was like a bright firework in the silent night, extremely eye-catching.

Liu Xu and No Flower raised their heads and looked in the direction of the voice. Their eyes widened at the same time.

It was only then that they saw that the appearance of the black tree root had already undergone an earth-shattering change.

It was no longer a tree root. Under the intertwining, it looked more like a hundred-meter-tall giant tree.

It soared into the sky, and it was difficult to see its full appearance even if one raised their neck.

At the top of the giant tree, there was a blurry shadow.

The shadow twisted and changed, and its appearance could not be seen clearly.

There was a chaotic aura circulating in the shadow.

It was as if countless emotions were stitched together, contradicting each other, yet forcefully connected.

Strange!

This black shadow was strange, and it came from the tree.

“No wonder, no wonder we didn’t encounter any strange things.”The old postmaster suddenly said.

“They’re together. ”

Although the old postmaster wasn’t strong, he was an experienced person and had seen many things, especially in the Yin Posthouse. He had seen all kinds of people and things, so his horizons were much higher..

Chapter 96: Someone Has Gone Crazy (3)

Together?

At this moment, Wu Hua and Liu Xu also understood why there should have been groups of strange creatures in the forest earlier. However, when the tree roots wrapped around them, they disappeared. It turned out that they had merged together.

No wonder it looked so strange. It gave off an extremely chaotic feeling, like a stitched monster.

“Has it become strange?” Xu Bai stroked his chin and muttered to himself.

When he came here, he saw a huge ball in the sky. The ball kept letting out miserable wails. The sounds were so many that it made people’s ears go dizzy.

At that time, he had thought that he would first rescue Liu Xu and the others. He did not expect that in less than a moment, something strange would happen.

“We’re already at the end of our rope. This situation is really making things worse.” No Flower smiled bitterly.

The joy of being saved disappeared in an instant.

This strange creature was formed by the fusion of many strange creatures. Just by standing on the giant tree, a huge pressure swept over. It was filled with coldness and cruelty, causing people to have goosebumps.

Very strong.

If they were at their peak, they would not be worried.

Now, the only one who could fight was Xu Bai. They had no way to fight back.

“Sigh...” Liu Xu sighed, her heart filled with complicated emotions. He had just escaped from danger and was in danger again.

She had to admit that life was really full of excitement.

At this moment, the strange fusion finally had some movement.

It floated slowly from the tree root and landed on the ground, not far from Xu Bai and the others.

A cold aura circulated around its body. Other than the coldness, there was also disgust for living people.

This was a strange universal trait. Not only did they hate living people, but as long as they were alive, they would kill them without hesitation.

Liu Xu and No Flower pulled themselves together and looked warily at Strange.

Even if he had no strength, he would fight until the last moment.

If Xu Bai hadn't rushed over just now, they would have died already. Now, they were just going to die again.

What is there to fear in death?

"Almsgiver Xu, if you really have no other way, you should save some strength to run." No Flower turned around. "It's in the county town not far from Sheng County. You just need to enter the county town and head south. You'll be able to find the Yin Posthouse. Inform the Heaven Inspectorate there and ask them to send someone over."

Liu Xu took out a letter from her clothes and handed it to Xu Bai. "Help me give this to the Academy and tell them that I have died here."

Xu Bai was expressionless as he turned to look at the old postmaster. "What about you? Do you have anything for me?"

The old postmaster was stunned for a moment before shaking his head. "This old man is all alone. I only have some regrets. I was about to retire, but today I encountered this calamity."

These three people seemed to be giving their last words.

In their eyes, Xu Bai could escape.

After he escaped, he would inform the others. This was the safest way.

Otherwise, no one would know about the situation here, and this strange creature would not be eliminated in time. At that time, it would cause an even greater disaster.

“Since you’ve finished explaining, let’s fight.”

Xu Bai reached out his hands and patted their shoulders.

They hadn’t even fought yet, and now they were saying that they couldn’t beat him. Wasn’t that too disheartening?

Liu Xu and No Flower were stunned.

Did this mean that he wanted to fight to the death with them?

They couldn’t see through Xu Bai and didn’t have the chance to think because Xu Bai had moved.

The night was as dark as ink.

Xu Bai reached out his hand and took out a handful of copper coins from his belt. Then, he swept them across the air like a rain of maple leaves.

The black light wrapped around the copper coins, the maple leaves rained, and the rain of flowers scattered the coins.

The fusion was instantly pierced through. His entire body was covered in small holes, which were shattered by Xu Bai.

But then, the fused strange body shook, and the small hole on its body was instantly repaired.

At this moment, the fusion of strangeness finally took place.

Streams of black gas rose from the strange body and entangled in the sky.

This black gas contained countless abilities. They continuously interweaved and fused, appearing abnormally terrifying.

Each of them was a cultivator of the Boundless Dao Scripture when they were alive. After the fusion, these abilities would also correspond to each other and produce this special and strange ability.

The black gas swept over and kept shrinking along the way. In the end, it turned into a thumb-sized black ball.

It was extremely fast and shot towards Xu Bai Bai.

This wasn't an ordinary black ball. This small black ball contained countless abilities. They collided, fused, and were inseparable. Once hit, the abilities inside would explode and cause huge damage.

Could he dodge?

No.

The speed was simply too fast.

A layer of black light rose from Xu Bai's body and covered his entire body. His face could not be seen clearly.

Diamond Heart Devil Body, come at me!

Now, everything was useless. He directly used his strongest skill.

If he went all out, he would have the strength to fight.

At the same time, Xu Bai stretched out his hands and hammered both his kidneys at the same time.

Kidney Hammer Technique!

The kidney hammering technique that he had not seen for a long time had once again appeared in the martial world.

A burning sensation flowed from Xu Bai's waist. Immediately after, the black light on his body thickened by a layer, and the True Core Strength in his body also increased in heat.

The black ball hit the black light.

The abilities inside began to erupt one by one.

With Xu Bai's legs as a guide, cracks appeared on the ground, and the layer of black light gradually shattered.

The black ball continued to release its abilities and was gradually becoming smaller. When the last ability was released, it disappeared completely.

"Hu..." Xu Bai let out a long breath. He looked at the black light in front of him that was still standing firm despite the cracks. He turned around and made a safe gesture to Liu Xu and the others..

Chapter 97: Someone Has Gone Crazy and Treading in the Air (4)

Liu Xu and No Flower were stunned.

“Almsgiver Liu, if I’m not mistaken, Almsgiver Xu’s ability seems to have surpassed level three.” No Flower’s expression was dull, and his voice was trembling.

You can’t play like this!

Isn’t this nonsense?

They had even prepared their last words, but in the end, you were able to turn the tables. This was a little uncomfortable.

No Flower felt that the atmosphere that they had worked so hard to create was gone.

Liu Xu had yet to recover from her shock. After hearing Wu Hua’s words, she said in a so strange about it happening to him?” This was just a casual remark, but it made everyone silent.

That’s right.

Everything that happened to Almsgiver Xu was normal again.

After all, this was Xu Bai.

“Fortunately, there was no conflict on the street at that time. Otherwise...”

No Flower thought of the situation on the street that day and thought to himself, “Otherwise, you will die very quickly.”

Two against one?

This didn't exist at all, alright?

According to Xu Bai's current performance, if they really fought that day, Xu Bai would completely surround the two of them alone.

"I finally know what it means to be better than others." No Flower sighed.

At this moment, Xu Bai also began to move.

He controlled the black light on his body like a terrifying cutting machine and crashed straight into the strange creature.

There was no method or technique, he just went head-on.

Xu Bai had never felt so comfortable when he combined the Hammer Kidney Technique and the Vajra Heart Devil Body.

My kidneys are very good!

His entire body felt carefree and wonderful.

The black light flew down like a meteor and arrived in an instant.

When Xu Bai slammed into the strange body, the strange body was instantly scattered.

But in the next moment, the black fog that had been scattered fused again, turning into a strange thing again.

However, after this fusion, the color of the strange body became much lighter, and some parts of it became transparent.

“Aren’t you going to be reborn indefinitely?”

Xu Bai saw through it at a glance. He didn’t give the strange creature a chance to counterattack. He turned back and crashed into it again.

There was a good saying that giving others a chance was a chance to destroy oneself.

This was a battle of life and death, not a so-called turn-based game. If one could beat the other party to the point where they could not retaliate, one had to go all out.

“Boom!”

“Boom!”

“Boom!”

The loud noise broke through the darkness, adding to the liveliness. The liveliness combined with the darkness, and the entire night seemed to come alive.

Xu Bai’s body was filled with the unique wildness of a man.

He abandoned all his techniques and used the wildest and most brutal attacks.

With each collision, the strangeness became a little weaker. In this dark night, the sound of the collision was like a heavy hammer, striking everyone’s hearts.

Too... Directly!

This was what everyone thought.

The simpler it was, the more shocking it was. Xu Bai was one such example.

Time passed.

When the last collision was completed, it strangely turned into black gas that filled the sky and could no longer be condensed.

Everything disappeared, and peace returned. The night was silent again. Xu Bai stopped, his back facing Liu Xu and the others, his hands behind his back.

Just by looking at his back, he felt a sense of grandeur.

Thinking of the figure that was like a war beast, everyone shuddered.

‘It’s finally over. Xu Bai’s voice trembled slightly.

The people present were not ordinary people, so of course they could hear it.

Liu Xu and the others looked at Xu Bai’s back strangely. They did not understand why this situation had occurred.

Xu Bai turned around.

There were dark circles under his eyes, and his face was pale as if he hadn’t slept for several nights.

The side effects of the kidney hammering technique had arrived. Even if he was already at Rank-8, he would not be able to withstand it.

"Listen to me first." Xu Bai wanted to explain.

At this moment, No Flower walked over and quickly pulled Xu Bai's wrist. His fingers pressed on Xu Bai's pulse.

A moment later...

No Flower's eyes were filled with doubt.'

"What's wrong?" Liu Xu asked with concern.

No Flower was just about to speak when he felt a chill run down his spine.

He turned around and saw Xu Bai staring at him with a murderous look.

"I'm fine, I'm fine. I just overused myself." No Flower shivered and swallowed his words.

Master had said before that all men needed face.

He planned to keep this secret forever.

Otherwise, with Almsgiver Xu's gaze just now, he would have been silenced.

Liu Xu also felt that it was strange. She grabbed Xu Bai's arm with her fair and slender hand and prepared to put her other hand on Xu Bai's wrist.

"Don't move!" Xu Bai's body trembled and he quickly retracted his hand." "I understand my own situation. Now is not the time to do this. You guys take care of the follow-up matters first." What kind of joke was this?

He was not really weak.

It was only temporary, alright?

If it was true, he wouldn't be able to clear his name even if he jumped into the river.

Everyone knew the current situation.

"Let's talk about it after going back to the county." Liu Xu said.

The strangeness and the Extreme Life Cult had been dealt with. He should go back and recuperate.

No Flower nodded in agreement with Liu Xu.

"I'll stay here and report the situation to the Imperial Court." The old postmaster smiled bitterly.

He was the station chief, of course he couldn't go to the county.

Everyone nodded.

Now that there was nothing else to do, they were ready to leave.

Xu Bai had a lot of things to do. When he returned and recovered, he still had to get the Spring Flower Brush out.

Thinking of this, they checked the surroundings again. After making sure that they didn't miss anything, they prepared to leave..

Chapter 98: Someone Has Gone Crazy

As for the giant tree in front of him, it would be more suitable for the postmaster to deal with it.

"Let's go." Xu Bai placed his hand on No Flower's shoulder.

No Flower noded.

Everyone immediately prepared to leave.

A mutation appeared at this time.

It was already late at night, and the sky was so dark that one could not even see one's fingers. In the distant sky, a small dot of light seemed to have appeared.

This light spot was initially only the size of a thumb, but in the blink of an eye, it had already revealed its full appearance.

It was a woman wearing a light yellow Daoist robe.

His long black hair was scattered, looking very messy.

She had a gentle and beautiful appearance and a temperament like water. She was about twenty-seven or twenty-eight years old, but she had an indescribable charm.

[illegible]

If that was the case, it would be fine. However, there was something that destroyed a woman's temperament.

Eyes!

Those eyes that were as beautiful as the stars did not have the temperament that should exist. Instead, it was extremely crazy.

The madness that devoured everything, ignoring all madness.

After his eyes passed through, the smell of madness spread all over his body, and there was nothing normal about him.

In the sky, the woman in the Taoist robe with disheveled hair did not move at all, as if she had never seen them.

He stepped on the air!

This woman had actually stepped on the air as if she was walking on flat ground.

"This...

Liu Xu wanted to speak, but before she could, Xu Bai raised his hand and interrupted her.

Xu Bai shook his head. At the same time, he put his index finger to his mouth, indicating that he should not speak now.

Liu Xu and the others naturally understood what he meant. They all shut their mouths and quietly looked at the sky. At the same time, they also became vigilant in case anything unexpected happened.

Xu Bai narrowed his eyes.

Things had become unpredictable, and things had gone beyond their original plans.

This woman who suddenly appeared could actually fly?

It was as if there was an extra path in the air, steady and fast.

He had been in this world for so long, but this was the first time he saw someone who could fly.

“Hehehe, Big Tree Tree!” The woman in the Taoist robe finally spoke. It was as if she could not see anyone else. There was only this tree in front of her.

Moreover, her tone was filled with madness.

“Tree?” Xu Bai was stunned.

Was this woman here for the giant tree?

Of course, the current situation did not allow him to think too much. After the woman in the Taoist robe finished her sentence, she made another strange move.

“Boundless Dao Scripture, hehehe, the Dao Scripture is boundless!”

The woman in the Taoist robe uttered some incomprehensible words. Then, she finally raised her right hand.

A faint white light appeared on her fair right hand. Then, the woman in the Taoist robe slowly lowered her hand.

It was as if a huge mountain range had appeared out of nowhere. The giant tree in front of him fell with his palm, as crisp as a piece of paper.

In the blink of an eye, half of the tree was destroyed.

The other half was well preserved, as if someone had cut it from the middle. The cut was smooth and neat.

The scene became very strange, and the half-tree was out of place.

The pressure from this attack was overwhelming.

Xu Bai narrowed his eyes.

This woman in Taoist robes was very strong.

At this moment, after the woman in the Taoist robe finished what she had just done, she turned her gaze downward.

His crazed gaze swept across Xu Bai and the others.

Liu Xu and No Flower's faces turned pale. After being swept by that gaze, they felt a buzzing sound in their heads. It was as if it could stir up their emotions, causing their consciousness to become chaotic and crazy. Just a glance was enough to put them in such a situation.

Xu Bai didn't say anything.

He could feel that although the woman in Taoist robes seemed crazy, she did not seem to be hostile.

With the method he used just now, it would be easy for him to deal with them. However, he did not make a move now.

Under everyone's gaze, the woman in the Taoist robe retracted her gaze.

Although he looked extremely crazy, he did not attack.

The daoist robed woman started walking again.

As she walked, strange lotus flowers grew under her feet and supported her feet. Finally, she arrived in front of half a tree.

The woman in the Taoist robe stretched out her hand and pressed it on the stump of the giant tree.

The tree stump seemed to be made of paper. As the woman in the Taoist robe pressed down lightly, a palm print was left on it.

"Ah!" The woman in the Taoist robe suddenly held her head with both hands and cried out in pain.

"Boundless Dao Scripture!"

"Harming Daoist Scripture!"

"The sea is boundless, and everything is myriad!"

A series of sounds rang out, causing everyone to be puzzled.

The roar gradually disappeared. The madness on the woman's body still existed, but she was no longer in pain.

She took another step and gradually rose into the air.

In the blink of an eye, he had already disappeared into the horizon.

The entire process was flawless.

The scene was silent.

“Who is she?” Xu Bai frowned.

“The sea is boundless, and everything is myriad. This sentence is so familiar.” Liu Xu fell into deep thought.

She had a feeling that she had heard this sentence somewhere before, but she couldn’t remember where it was at the moment.

At this moment, No Flower didn’t say a word, as if he was thinking about something.

Xu Bai noticed that No Flower was acting strangely. He looked over and said, “You know about it?”

No Flower came back to his senses and put his palms together. “I’m also very familiar with that sentence and I know where I’ve heard it before. I have a guess about that person just now.”

At this point, No Flower took a deep breath..

Chapter 99: The Mystery of the Spring Flower Brush (1)

Everyone looked at No Flower, waiting for his next words.

No Flower organized his words. After a while, he slowly opened his mouth.

“My master had met her once. The sea was boundless, and there was nothing but an outline of her life. She was one of the most talented people of that generation. She was the female head of the Jade Face Temple.” After saying this, the scene fell silent.

This sentence was like a stone thrown into the sea, causing a ripple.

Xu Bai frowned. He recalled what Yang Chang had said before and connected the dots.

According to Yang Chang, the female Abbey Dean was on the verge of losing control at that time, but she didn’t want to hurt anyone, so she disappeared.

Now that it had appeared out of nowhere and become so crazy, could it be because of the Boundless Dao Scripture?

After thinking about it, Xu Bai could only come to this conclusion. As for the reason for its appearance, it might have something to do with this tree.

After all, the giant tree that had fused together had a large number of strangeness. These strangeness had cultivated the Boundless Dao Scripture when they were alive.

After fusing together, it might have attracted the female Abbey Dean Master.

“Are we leaving?” Liu Xu’s eyes revealed fear as she asked.

The female Abbey Dean Master was a genius of that era. To put it bluntly, Liu Xu was worried that if the crazy Abbey Dean Master suddenly returned, none of them would be able to stop her.

After all, if the Heaven’s Favorites of that era had lived safely until now and did not leave behind what they had learned, unless those older generations, such as the elders of the Qingyun Academy, took action, they would not be able to control them.

“I think it’s feasible.” Xu Bai rubbed his chin.”

This female Abbey Dean didn't have any hostility now, but that didn't mean that she wouldn't in the future.

Moreover, the world was unpredictable. In the next second, something unpredictable might happen.

Why would he stay here?

Trust your instincts and nothing unexpected will happen?

Intuition was sometimes a lie.

Of course, Xu Bai wanted to leave. He even wanted to go far away.

"What a pity." he said quietly.

When everyone heard this, they were shocked.

"What else do you want to happen..." The old postmaster was shocked.

He now understood that the backbone of the other two was actually the man in front of him with the Ghost Head Blade.

One was a disciple of the Titanium Temple, and the other was a scholar of the Academy. They were both proud people, but they actually listened to the Jianghu people's decisions.

This was simply too inconceivable. The old postmaster felt as though he was violently shaken once again.

"Sigh... What a pity." Xu Bai sighed.

It was indeed a pity that he didn't get any clues, and there was no progress bar.

He thought that after this matter was over, he would seize the time to finish the Spring Flower Pen before collecting a new progress bar.

Sloth was a thing that couldn't be started. If he wanted to survive in this world, he had to work harder.

Thinking of this, Xu Bai was ready to look away and return to Sheng County.

But the next moment, he stopped and was slightly stunned.

When he retracted his gaze earlier, he had only subconsciously glanced at the tree that had broken in the middle. He did not expect that he would discover something unusual with just one glance.

On the broken tree root, there was a golden progress bar floating on the handprint that the female Abbey Dean had pressed just now. It was extremely eye-catching.

He hadn't noticed anything just now, but now, it had appeared out of nowhere.

Xu Bai guessed that it might have something to do with the female Abbey Dean's palm strike.

Thinking about it this way, it seemed more and more possible.

This was a pleasant surprise, and the biggest surprise.

Nothing was more important than the progress bar.

"This is a big one. I want my liver." Xu Bai thought.

He was still worried just now, but now, wasn't it delivered to his doorstep?

I've worn out my iron shoes and searched everywhere. It's easy to find it.

Moreover, just by looking at the reason for the appearance of this progress bar, he felt that things were not that simple. There was a high probability that the things inside were very good.

After all, this was left behind by the female Abbey Dean.

What kind of person is the female abbot?

Self-created Boundless Dao Scripture, fusing thousands of skills into one.

One word, fierce and powerful.

Although he still failed in the end and even became crazy, his talent and boldness were top-notch no matter where they were placed.

This progress bar was definitely very good!

Thinking of this, Xu Bai began to crave for it again.

"Sigh, it's an occupational disease. There's really nothing I can do." Xu Bai rubbed his hands and said excitedly in his heart.

"Xu Bai, what are you thinking about? Hurry up and leave." Liu Xu saw that Xu Bai was in a daze and reminded him.

Xu Bai came back to his senses and said, "Then let's go back to the county first.'

She was too engrossed in her thoughts just now and did not notice the situation here.

There was nothing he could do about it. After all, the progress bar was too fragrant.

However, Xu Bai knew that it was not reasonable to stay here at this time. He should go back to the county first.

He still had the Spring Flower Pen.

He would go back and rest for a while before making other plans.

The few of them did not stay any longer. Before they left, Xu Bai specially asked the old station chief what to do with this tree in the future.

The old postmaster looked at the broken tree and fell into deep thought. After a long time, he gave Xu Bai an answer.

“Let’s leave it here for now. After the people from the Imperial Court come down and take a look, we’ll make other plans.”

There was still a month before the old postmaster would retire and return to the fields. Now that such a thing had happened, he could not shake it off. As for the giant tree, he would definitely wait for the people from the imperial court to come down.

At this time, the sky was still dark. The three of them did not stay here for the night. They took advantage of the night to rush to Sheng County.

After returning to Sheng County, Xu Bai had planned to return to the Bodyguard Agency first, but Liu Xu and No Flower seemed to have something on, so they didn’t let him go back. Instead, they rushed back to the Liu residence together..

Chapter 100: The Mystery of the Spring Blossom Brush (2)

After he returned, Liu Xu did not go to her room. She followed him into the room she had stayed in before.

As soon as they entered the room, the atmosphere became slightly strange.

On the other side, Xu Bai had just sat down and had yet to warm his butt when he heard Liu Xu speak.

"The promotion of the county is over. I will return to the Academy after a while. My holiday has already passed, so it is time to go back." Liu Xu leaned against the door frame and crossed her arms.

"I'm leaving too." No Flower put his palms together.

One of them was a scholar of the Green Cloud Academy, and the other was an official of the Heaven Overseeing Bureau and a disciple of the Titanium Temple. They stayed here to complete a mission.

Liu Xu didn't have much time on vacation, and she wouldn't be able to stay for long.

"You asked me to go back to the Liu residence with you just to talk about this?" Xu Bai stroked his chin.

Liu Xu shook her head and looked at No Flower.

The two of them stared at each other, but neither of them spoke.

In fact, after the incident with the Extreme Life Sect, the three of them had experienced life and death.

Based on No Flower's guess of Xu Bai, Xu Bai was not someone who was content with the status quo. On the contrary, if he was given a little more time, he would definitely be able to amaze the world with a single feat. "If there's anything, just say it. Why are you being so mysterious?" Xu Bai frowned when he saw the three of them.

“Sigh.” No Flower sighed and opened his palms.””Let me tell you. Patron, do you have any plans in the future?”

“I don’t have any plans for now. Right, Liu Xu, if you’re not in a hurry, don’t go back for the next few days. I’ll return it to you after I study the Spring Flower Brush. “Xu Bai said ambiguously.

Liu Xu shook her head. She still needed a few more days before she left. It

didn’t matter if she returned the Spring Blossom Brush or not.

“It’s like this. A long time ago, I had an exchange with Almsgiver Liu about your future.”No Flower said slowly.

Xu Bai rubbed his chin and didn’t interrupt him, but signaled him to continue.

He knew that there must be something going on when he was asked to return to the Liu residence for no reason. Now, No Flower was making it clear.

She asked him what he wanted to do in the future and even said that they had communicated before.

Could it be that she wanted to introduce him to some work?

The facts proved that Xu Bai’s guess was right.

“Patron, what do you think of the Heaven Inspectorate?”No Flower probed.

Halfway through his sentence, Xu Bai raised his hand and interrupted him.

“Stop, don’t mention this matter again. I have no interest in the Heaven Inspectorate at all. “Xu Bai spoke decisively, blocking all the words that No

Flower wanted to say.

What kind of joke was this?

Wu Hua wanted him to go to the Heaven Inspectorate.

Impossible, absolutely impossible.

He would not go to the Heaven Inspectorate.

The reason was simple.

Danger.

To ordinary people in the pugilistic world, doing the work of the Heaven Inspectorate might be an opportunity to get promoted and make a fortune, but the truth behind it was very deep.

Other things aside, he could ignore the politics, but the danger could not be ignored.

Just the danger alone made Xu Bai give up on this idea.

Safety was the most important thing these days.

Perhaps there was no absolute safety, but there was relative safety.

Soon, he changed the topic.

“Actually, it’s not like I don’t have a place to go.” Xu Bai said.

When No Flower heard Xu Bai’s answer, he had already felt that there was no hope. Now that he heard Xu Bai’s turn of events, he immediately perked up.

Even Liu Xu pricked up her ears to hear what Xu Bai had planned.

Actually, Liu Xu had also suggested that Xu Bai join the Heaven Inspectorate.

Neither of them had any bad intentions. They just felt that Xu Bai should not be in a small county. He should have a bigger stage.

Diving will trap the dragon.

After experiencing so many incidents, they had long figured out that Xu Bai was definitely not a simple person. He would definitely rise to the sky in the future.

If he was really allowed to continue upgrading to a county, wouldn’t that be a waste of his talent?

Only a real macro world could allow Xu Bai to unleash his potential and display his true strength.

Unfortunately, the result they got was the opposite.

Xu Bai’s answer was not unexpected. After all, they knew that Xu Bai would sometimes do extraordinary things.

However, now that they heard Xu Bai say that he had other plans, they were also very curious about what Xu Bai’s plans were.

"I think that Yin Posthouse is quite good." Xu Bai said slowly.

When he said this, No Flower and Liu Xu were both stunned.

They looked at each other, unable to believe their ears.

Yin Posthouse?

Did they hear wrongly?

Did he really say the word Yin Posthouse just now?

"Benefactor, I don't know if I should say something." No Flower revealed a troubled expression.

Liu Xu glared at No Flower." What's there to say? We've all experienced life and death. There are many things that need to be explained clearly. If you don't say it, I'll say it.""

No Flower sighed and remained silent.

"Xu Bai, there is a saying that has been circulating in the martial arts world. "Liu Xu changed the topic." Once you enter the Yin Posthouse, it's as deep as the sea. You can see the end at a glance.""

After saying this, she was still secretly observing Xu Bai's expression, but Xu Bai's expression did not change at all.

The Yin Posthouse was also an official of the Imperial Court. This was an undeniable fact.

However, it was also the most difficult position to transfer.

Many people had worked in the Yin Posthouse for their entire lives and never made any moves.

Until the end when he retired, he was still a small station chief..
