

Unparalleled 911

Chapter 911: Planet Zi's Powerful Backing, Three Pseudo Immortals

Holy Violet Temple Lord took action to suppress Chu Kuangren.

The combat strength of peak-stage Heavenly Daoist Celestial erupted!

He took a step forward and raised his hands before Chu Kuangren. Several sparkling starlight rivers swirled between his hands and smashed towards Chu Kuangren.

Each starlight river was sufficient to kill a late-stage Heavenly Daoist Celestial. Holy Violet Temple Lord was activating countless starlight rivers now.

His cultivation base was advanced and was not far from a Pseudo Immortal.

Upon looking at the continuous bombardment of starlight rivers, Chu Kuangren manipulated his Stellar Undying Body to the ultimate and swung out his fists one after another.

The strength of the fists shattered the starry sky.

Several starlight rivers exploded abruptly!

“Starlight River Annihilation Palm!”

Holy Violet Temple Lord grabbed with a hand, then starlight gathered to form a gigantic palm and push forward with a horrifying force.

“Dao Proclamation Seal!”

Two beams of light shot out from Chu Kuangren's body.

Soon, two mysterious runes suspended above his head, then he slashed forward Descendant Self Sword, releasing Imperial Monarch Sword Art's energy wave.

The golden sword shadow doubled its power under the blessing of the Dao Proclamation Seal.

Boom!

The sword shadow and the gigantic palm collided and exploded!

Chu Kuangren and Holy Violet Temple Lord were forced back a few feet.

“Planet Zi Divine Eyes!”

Holy Violet Temple Lord yelled with a dazzling bright purple light blooming in his eyes. It was Planet Zi's most terrifying Immortal Technique!

A purple light beam erupted from Holy Violet Temple Lord's eye!

The powerful light beam pierced through the void.

Chu Kuangren yelled and manipulated his raw physical strength to the ultimate. His Emperor qi and mind power swirled, and Imperial Monarch Sword Art was being cast again!

This time, his power was even more terrifying!

Chu Kuangren slashed the purple light beam into pieces forcefully. Holy Violet Temple Lord's pupils shrank, and he flew out after being slashed.

"His combat power is above me?!"

"How is this possible?!"

Holy Violet Temple Lord was incredibly dumbfounded.

Planet Zi's cultivators were also taken aback. Their invincible lord was not Chu Kuangren's opponent?!

How could they accept this?

"You're too weak!"

"Holy Violet Temple Lord, you've let me down!"

Chu Kuangren said.

He took a step forward. With two Dao Proclamation Seals above his head, his Dao Techniques were unparalleled, impacting everything around him madly.

Then, he raised his hand to slash forward. The golden sword ray ripped the void apart, and the oppressive sword aura completely locked Holy Violet Temple Lord.

"Starlight Shield!"

Holy Violet Temple Lord cast a defensive move.

The surrounding starlight turned into seven Starlight Shields before him.

Bam, bam, bam!

Seven explosions in a row!

Seven shields were shattered one by one!

Holy Violet Temple Lord was sent flying by the impact of the sword qi.

"Will I die if I continue fighting?!"

Holy Violet Temple Lord uttered in disbelief.

Besides Pseudo Immortals, none in Violet Gold Galaxy could corner him to such a point, let alone an Immortal Progeny.

"Stop right now!"

At this moment, a growl sounded from Planet Zi. Following that, a purple-gold coffin rammed towards Chu Kuangren violently.

“Such energy...”

Chu Kuangren repositioned himself and swung his sword.

The sword shadow collided with the coffin, causing the surrounding void to collapse!

Chu Kuangren was forced back a few dozens of feet. He looked at the purple-gold coffin and narrowed his eyes slightly. “Such energy, it’s a Pseudo Immortal!”

A Pseudo Immortal possessed a strength that surpassed a Heavenly Daoist Celestial, but he could not be an Immortal due to various conditions.

“A Pseudo Immortal has stepped in.”

“Such powerful energy. Could it be a Pseudo Immortal?!”

The crowd gazed solemnly at the coffin.

There was a hidden Pseudo Immortal in Planet Zi.

The crowd was mentally prepared for this.

“Old Monster Gu, you and I ended in a tie in the last battle. Let’s fight again today!” An indifferent voice sounded outside Planet Zi.

A white ray of light was approaching at a rapid speed.

The purple-gold coffin seemed to sense something and exploded.

An old man in a grey robe walked out.

The white ray of light approached the crowd and turned into a white-haired old man dressed in white. He was Dusty Sky Pseudo Immortal!

A horrifying power swept out with Dusty Sky Pseudo Immortal’s appearance, locking the Pseudo Immortal who came out from the coffin, Old Monster Gu.

A war had broken out between two Pseudo Immortals.

“Dusty Sky Pseudo Immortal...”

Old Monster Gu looked solemn.

Last time, he was responsible for holding down Dusty Sky Pseudo Immortal when Planet Zi sent someone to attack Chu Kuangren, but it was a reversed situation now.

Dusty Sky Pseudo Immortal held him down while Chu Kuangren and his troop attacked Planet Zi.

The tables had turned.

“Attack!”

Old Monster Gu yelled while rushing towards Dusty Sky Pseudo Immortal. The power shook the world as two Pseudo Immortals fought.

Chu Kuangren looked at Holy Violet Temple Lord with a cold expression and walked towards him, closer and closer.

Sword qi and Daoist patterns entangled and collided wherever he went. Planet Zi's cultivators that approached Chu Kuangren to stop him were all killed by him.

"Chaotic Starfield, Black Blood Tower, Ancient Godly Moon Kingdom and Dusty Sky Pseudo Immortal... Chu Kuangren, I didn't expect you would be able to gather so much power. You've amazed me."

"If we can start all over again, I won't cause you trouble even if Planet Zi's Immortal Progenies dies. I'll recruit you instead."

Holy Violet Temple Lord lamented.

However, Chu Kuangren ignored his expression. "Unfortunately, it's too late now."

His army of spiritual weapons gathered and aimed at Holy Violet Temple Lord.

"Is that so?"

A cold voice sounded.

Following that, a radiant Planet Shield appeared before Holy Violet Temple Lord and blocked the army of spiritual weapons.

"Oh, is this also Pseudo Immortal energy?"

Chu Kuangren was a little surprised.

A black figure rushed out from Planet Zi.

It was a man in black armor with a mighty aura, far exceeding a normal Heavenly Daoist Celestial Realm.

He was also a Pseudo Immortal!

"What!"

"There's another hidden Pseudo Immortal in Planet Zi?!"

"How is this possible?!"

Godly Moon Daoist Celestial's expression changed.

Pseudo Immortals were very rare. Although they could not be Immortals, most of them had gained insights from source energy and combined them with Emperor qi.

Therefore, they could cast combat strength far exceeding a normal Heavenly Daoist Celestial.

There were only a few Pseudo Immortals in Violet Gold Galaxy.

All this while, there had always been only one Pseudo Immortal strength cast, but another one appeared now!

"Do you all think that's all I have?!"

Holy Violet Temple Lord sneered.

There was a sudden quake in Planet Zi.

A roar that reverberated throughout space was sounded from Planet Zi.

A majestic lion with golden-yellow hair appeared in the air, with a pair of golden eyes swept across the crowd. A Pseudo Immortal strength which was utterly different from Dusty Sky Pseudo Immortal and the rest shocked everyone!

He was also a Pseudo Immortal!

Yokai Cultivator Pseudo Immortal!

“How dare you all offend Planet Zi!”

The golden lion said coldly.

Godly Moon Daoist Celestial, Yang Xiao and the rest gulped with their eyes in shock. There were three Pseudo Immortals in Planet Zi!

“D*mn, we’ve underestimated Planet Zi!”

“Being able to stand at the peak of the galaxy for so long, their hidden power is too terrifying. There are three Pseudo Immortals!”

“We’re in trouble this time.”

Chapter 912: I’ve Fallen Into Disadvantage, My Strength Isn’t As Powerful As Yours? Six Sources Emerged

“Haha, Chu Kuangren, as I said, you, Chaotic Starfield, and Godly Moon Daoist Celestial will all die today!”

Holy Violet Temple Lord laughed.

Then, an extremely tyrannical aura suddenly erupted from his body. Everyone’s expression changed upon sensing the aura.

‘Such aura was like Heavenly Might!’

“It’s Planet Zi’s Heavenly Dao!”

Holy Violet Temple Lord is Planet Zi Ruler. He’s using Heavenly Dao energy now. I’m afraid his combat power at this moment isn’t weaker than that of a Pseudo Immortal!”

Two Pseudo Immortals and Holy Violet Temple Lord under Dao Convergence state.

Such battle was the actual backing of Planet Zi!

Even Dusty Sky Pseudo Immortal, who was fighting against Old Monster Gu from far, felt dignified while facing such strength.

Far away.

A man in a golden robe looked at Planet Zi's battlefield in the distance and shook his head slightly, "Planet Zi and Planet Jin are both greatest rulers in Violet Gold Galaxy. Their backing is unimaginable."

There was not only one Pseudo Immortal in Planet Jin too.

As Planet Jin Ruler, the man had some understandings of Planet Zi, who was one of the two Violet Gold Galaxy's Immortal Civilizations.

Therefore, he was not optimistic about Chu Kuangren and others' actions, thinking they were digging their graves.

"Palace Lord, why are we not helping them?"

A young man beside said.

"Help? Why do we need to help them?"

The golden-robed man said with a smirk, "Let them fight. Although it's difficult for Chu Kuangren and the rest to destroy Planet Zi, it's unbearable for Planet Zi. Wouldn't it be better for us to take advantage later?"

The young man nodded slightly upon hearing this.

"Moreover, if Chu Kuangren died in this battle, then you would be the First Immortal Progeny in Violet Gold Galaxy," uttered the golden-robed man again.

The young man was a little surprised upon hearing this. He looked at Chu Kuangren in the distance with an inexplicable ray flashing in his eyes.

There was jealousy, amazement and admiration in those eyes...

"I won't bother obtaining the fame of First Immortal Progeny in such a way."

...

In Planet Zi's battlefield.

Two Pseudo Immortals and Holy Violet Temple Lord under Dao Convergence state greatly encouraged Planet Zi's cultivators. Their morale was significantly boosted.

"Kill them! Kill all these bandits!"

"Hmph. How dare you bandits come to Planet Zi?! You all must be seeking death!"

"How dare you covet Planet Zi instead of staying at Chaotic Starfield?! You all are such reckless. Now go to hell!"

Planet Zi's cultivators rose and fought back, suppressing Chaotic Starfield's bandits immediately.

"Heh. Chu Kuangren, your people can't stand any longer."

Holy Violet Temple Lord sneered.

“Oh? My people?”

Chu Kuangren chuckled. “They’re only a group of bandits. No matter how many you’ve killed, it doesn’t matter to me. I can find another Chaotic Starfield if I want to.”

“However, it’s different for your side. Those dead are Planet Zi’s cultivators, while those destroyed are Planet Zi’s warships. Don’t you all feel heartache?”

Holy Violet Temple Lord and the rest’s faces were ashen as his words stabbed into their hearts like a blade.

Chu Kuangren was right.

No matter how many bandits they had killed, it did not matter to him.

The bandits were his tools for revenge.

On the contrary, Planet Zi’s people were either dead or injured, and warships were destroyed. Planet Zi suffered a significant loss.

“Chu Kuangren, you’re shameless for treating so many people’s lives as playthings just to retaliate against Planet Zi.”

Holy Violet Temple Lord said in a low tone.

“You should have known the consequences when you sent someone to attack Firmament Star,” yelled Chu Kuangren.

“I’ll send someone to destroy Firmament Star after killing you!”

Holy Violet Temple Lord said coldly.

“There’s no need to say more. Go to hell!”

The Pseudo Immortal in black armor said coldly. Then, he raised his spear and stabbed it towards Chu Kuangren.

The majestic spear energy erupted in an instant. It was mighty like a torrent and shattered the entire void.

The Pseudo Immortal energy was extremely powerful!

Not wanting to be careless, Chu Kuangren mobilized his Emperor qi, mind power and Invincible Techniques, erupting Inverted Universe power!

Boom!

Along with a violent collision, Chu Kuangren was forced back dozens of feet, but with his powerful physical body, the blow did not harm him.

The Pseudo Immortal who was holding a spear shocked upon seeing this. “A Great Daoist Celestial was able to take a blow from a Pseudo Immortal. Where did this monster come from?”

“He can’t stay!”

Golden Lion Pseudo Immortal beside was surprised. His eyes flashed with tyrannical killing intent, and sound waves spread as he roared.

The sound waves shattered the void and rushed towards Chu Kuangren.

Along the way, a few cultivators were blasted into blood mist by the sound waves.

“Hmph.”

Chu Kuangren scoffed lightly while standing.

The sound waves did not seem to harm his body.

“What a brat!”

The Golden Lion Pseudo Immortal transformed into a brawny man. He was looking at Chu Kuangren with a glint in his eyes. Yokai qi and source energy swirled around him, combining to form a tyrannical Pseudo Immortal energy.

“Take this, Golden Lion Raging Flames Fist!”

As soon as he unleashed a punch, the golden flames transformed into a lion apparition and rushed out. Facing this attack, Chu Kuangren stood still and unleashed a punch too.

The surrounding exploded with a bang.

When Chu Kuangren was sent flying again, Holy Violet Temple Lord seized the opportunity by casting Immortal Techniques to attack him.

A dazzling starlight river stretched across the void and fell on Chu Kuangren.

Chu Kuangren was blasted away and crashed onto a warship.

The warship exploded in a bang, sending flames everywhere.

“This is bad. Chu Kuangren isn’t the opponent of the three of them.”

“A Pseudo Immortal is already difficult to deal with, not to mention three Pseudo Immortals’ combat strength. Chu Kuangren won’t be able to resist no matter how strong he is. He’ll surely die if this goes on!”

Godly Moon Daoist Celestial and the rest were a little anxious.

However, they were surrounded by their respective adversaries and unable to help Chu Kuangren.

No.

Even if they could help, they were not Pseudo Immortals’ opponents!

“We’ve underestimated Planet Zi’s combat strength. It’s difficult to destroy Planet Zi’s civilization indeed. Let’s retreat.”

“I’ve been planning on doing so.”

Someone had already started to withdraw.

Unfortunately, Planet Zi's cultivators did not let them leave easily. Several beams of light erupted around the battlefield, then turned into a huge barrier covering a radius of countless miles and shrouded everyone in it.

"What's this?"

"That's bad. It's Planet Zi's trap. It's difficult to escape now as they've set up a trap."

"What shall we do?"

Godly Moon Daoist Celestial and the rest's face turned extremely solemn.

Boom!

At this moment, powerful energy erupted in the distance.

Chu Kuangren was seen walking out slowly from the shattered warship. He was dressing in white like snow and was not injured.

Holy Violet Temple Lord, the Pseudo Immortal with a spear and Golden Lion Pseudo Immortal's pupils shrank slightly and felt unbelievable upon seeing this scene.

"What on earth is his physical body made of?"

"Hmph. His strength isn't as powerful as ours. So what his physical body is powerful? Constant dropping wears away a stone. I don't believe that he's invincible."

Holy Violet Temple Lord said viciously.

"Oh, my strength isn't as powerful as yours? Where did you get the confidence from for saying so," Chu Kuangren uttered indifferently.

Following that, source energy gushed out from his body.

Moonlight Source!

"Source energy? He has gained insights from source?!"

The Pseudo Immortal with a spear was a little shocked.

"One source energy won't change anything."

"One?"

Chu Kuangren chuckled.

Immediately after, six source energies, namely Flame Source energy, Devouring Source energy, Immortal Source energy, Freezing Dao Source energy and Raw Physical Source energy emerged.. They were swirling around Chu Kuangren with powers that shook the heavens. The sources' immortal brilliance was reflecting him like a supreme immortal king!

Silence!

The entire Planet Zi's battlefield was dead silent!

Everyone was stunned when they looked at Chu Kuangren, who was like a supreme immortal king with six sources that radiated immortal brilliance, swirling around him.

Source energy?

Six source energies with different attributes!

'What the hell is going on with this person?'

'How did he comprehend such power?!'

The crowd was outrageous.

Especially Pseudo Immortals, they were dumbfounded while looking at Chu Kuangren. Their hearts were so shocked that it was beyond description.

They knew how difficult it was to comprehend source energy. It took countless efforts for a Pseudo Immortal to comprehend one.

'How old is Chu Kuangren?'

'He possesses six source energies of different attributes!'

'Which Dao is he at?'

"You all said just now that my strength isn't as powerful as yours? What about now?" Chu Kuangren had Dao Proclamation Seals above his head. He was surrounded by six source energies, which were so powerful that they shook the starry sky!

He raised the Descendant Self Sword in his hand and slashed forward.

Suddenly, a terrifying purple sword ray erupted, smashing the starry sky and slashing towards the Pseudo Immortal with a spear.

"Stop him!"

The Pseudo Immortal with a spear roared and danced with his spear. The spear was swirling like a storm and gathering surrounding starlight, then exploded with a bang.

The two forces collided. The expression of the Pseudo Immortal with a spear changed, and he was sent flying out while he spat out mouthfuls of blood.

"Such powerful!"

The face of the Pseudo Immortal with a spear turned extremely solemn.

"Planet Zi Divine Eyes!"

"Star Flame Heavenly Lion!"

Golden Lion Pseudo Immortal and Holy Violet Temple Lord both cast Daoist patterns. One of them had purple swirling in his eyes, and a light beam gushed out.

Another of them let out a long roar. Then, golden flames shot up into the sky combined with starlight, turning into a mighty and domineering giant lion apparition.

Two forces were smashing towards Chu Kuangren, one to the left and one to the right!

Chu Kuangren had a cold look in his eyes upon seeing this. While he raised his hands, the majestic Emperor qi merged with six source energies.

“Invincible Techniques, Inverted Universe!”

Invincible Techniques shattered the purple light beam and starlight giant lion when the punch was unleashed. Holy Violet Temple Lord and Golden Lion Pseudo Immortal were forced back.

“Hmph. Attack again!”

Three Pseudo Immortals wanted to fight again.

Chu Kuangren’s aura was still strengthening!

Vaguely, there was a Heavenly Might!

It was Heavenly Dao energy!

“You all think this is my limit?”

Chu Kuangren uttered.

‘Dao Convergence state, activate!’

Chu Kuangren’s combat strength had been greatly improved under the Dao Convergence state. His powerful strength swept the entire Planet Zi battlefield.

Everyone was shocked beyond words.

The energy was too horrifying!

“How could his Heavenly Dao energy be such powerful?”

Holy Violet Temple Lord gulped and said incredulously.

‘He’s also a Planet Ruler who possesses Planet Zi’s Heavenly Dao, but why does he feel that his Heavenly Dao energy isn’t as good as Chu Kuangren’s?’

‘Is Firmament Star’s Heavenly Dao such powerful?!’

“Master’s Heavenly Dao energy is even more terrifying after devouring Planet Sirius’ Heavenly Dao,” said Black Blood Tower Master in shock.

He knew about Heaven Devourer Techniques.

Most Heaven Devourer Techniques required long-term deployment, and sometimes even civilization power was required to be implemented.

It was the first time he encountered Heaven Devourer Techniques like Chu Kuangren did, devouring Heavenly Dao by using Planet Ruler as an intermediary.

“Is this the real strength of Sword Poet Immortal?”

“This energy is terrifying!”

Far away, the golden-robed man who was watching the battle in secret, could not help but stunned with shock in his eyes. “Sword Poet Immortal... A f*cking monster!”

Next to him, the young man looked terrified.

He sensed a vast and unprecedented frustration upon looking at Chu Kuangren.

Was this guy an Immortal Progeny like him?

That would be ridiculous.

Chu Kuangren was unbelievably powerful under the blessings of six source energies and Heavenly Dao energy, trembling the starry sky with his gestures!

He looked calmly at Holy Violet Temple Lord and the other two Pseudo Immortals.

“Planet Zi has existed in Violet Gold Galaxy for many years with an extraordinary backing. You all think I don’t know about it and would come here without any support?”

“You all think that Chaotic Starfield is my support?”

“You’re wrong. As I said, Chaotic Starfield is just my tool. I’m relying on myself from the beginning until the end!”

Chu Kuangren took a step forward and appeared before Holy Violet Temple Lord and the other two Pseudo Immortals in the blink of an eye.

An infinite might exploded instantly as he raised his hands.

A punch was unleashed!

The Pseudo Immortal with a spear roared and blocked the blow with his spear. However, the punch slammed on the spear, forcibly smashing it into a bend.

Bam!

He was blown away by the punch with both arms shaking frantically. His purlicues cracked, and blood spurted out.

“Roar!”

Not far away, Golden Lion Pseudo Immortal transformed into its true form.

He stretched his arms and gnawed towards Chu Kuangren.

“Little Kitty, stop screaming. Get out of here!”

Chu Kuangren raised his hand to activate Invincible Techniques. The terrifying energy slammed into Golden Lion Pseudo Immortal, blowing him up on the spot.

Following that, Chu Kuangren stared at Holy Violet Temple Lord.

Holy Violet Temple Lord who was being gazed at, had his pupils trembling and felt panic uncontrollably.

'How can such a scary person exist in this world?!'

Chu Kuangren activated Immortal Techniques.

Freezing qi, flames, Emperor qi's mind power turned into purple and crimson-colored bands of light and impacted Holy Violet Temple Lord.

"Heavenly Devouring Daoist Art!"

The next moment, Chu Kuangren approached Holy Violet Temple Lord and stretched his hands to grab him. With a single thought, he cast Heaven Devourer Techniques!

Immediately, Heavenly Dao energy in Holy Violet Temple Lord's body was pouring out like a river and gushing towards Chu Kuangren!

The entire Planet Zi trembled.

All Planet Zi's cultivators that were preparing to fight seemed to sense something. There was an inexplicable panic in their hearts.

"Devouring Heavenly Dao, he's devouring Heavenly Dao!"

The Pseudo Immortal with a spear looked extremely horrified.

Not far away, Old Monster Gu wanted to stop Chu Kuangren, but he was restrained by Dusty Sky Pseudo Immortal and could not leave.

"Chu Kuangren, stop!"

The Pseudo Immortal with a spear roared and threw the spear out of his hand, turning it into a ray of light and shooting towards Chu Kuangren.

"Hmph."

Chu Kuangren snorted lightly. With a single thought, his Emperor qi swirled and transformed into an invisible whirlpool, blocking the attack.

"How is that possible? How can he devour Heavenly Dao?!"

"What technique is this?"

All Planet Zi's cultivators shuddered.

At this time, the wind was surging outside of the domain. In the starry sky, a huge blood-colored pupil suddenly appeared. It was... Heavenly Punishment Eye!

Planet Zi's Heavenly Dao had made a counterattack!

With the reveal of Heavenly Punishment Eye, blood-colored thunders, which were stronger Planet Sirius' Heavenly Dao, madly smashing towards Chu Kuangren.

Each thunder strike contained a powerful strength of killing a Heavenly Daoist Celestial!

However, Chu Kuangren was not comparable to him while on Planet Sirius. With a single thought, the purple and crimson-colored bands of light spread frantically with him as the center, blocking the strikes of blood lightning one after another.

“Get devoured!”

Chu Kuangren raised Descendant Self Sword to reveal Grand Emperor Avatar behind him.

A golden sword shadow merged with six source energies and slashed forward under the blessings of the Dao Proclamation Seal and Heavenly Dao energy!

The blood-colored Heavenly Punishment Eye was slashed forcibly to pieces with a loud bang. Everyone seemed to hear a heart-piercing scream!

It was Heavenly Dao screaming!

Chapter 914: The End of Planet Zi’s Civilization, Planet Jin Ruler Appears

At Planet Zi’s battlefield.

Chu Kuangren defeated three Pseudo Immortals in a short period of time and began to devour Planet Zi’s Heavenly Dao at the same time.

He even slashed Heavenly Punishment Eye with his sword!

His behavior made one’s scalp turn numb!

The opponent’s combat strength was completely beyond their imagination!

“We’re doomed...”

A Planet Zi’s cultivator mumbled.

“Fight with them!”

A Planet Zi’s cultivator said with eyes wide with sorrow.

They could not retreat.

Behind them was the entire Planet Zi, just like Firmament Star prevented the invasion of Blood Origin Star in the past.

Now, Planet Zi wanted to stop the invasion of Chaotic Starfield’s bandits.

The carnage was still ongoing.

However, the result was clear.

As Planet Zi’s Heavenly Dao was continuously devoured, Firmament Star’s Heavenly Dao continued to grow, strengthening Chu Kuangren’s Heavenly Dao.

“You b*st*rd!”

“Planet Zi’s civilization has gone through seventy-one eras and dominated Violet Gold Galaxy. We’ve never encountered such a catastrophe!”

“Chu Kuangren, I’ll bring you with me even if I die!”

The Pseudo Immortal with a spear was in grief.

Purple flames were seen burning on him. He forcible improved his strength by burning life essence.

“Go to hell!”

The Pseudo Immortal with a spear roared. Then, his figure turned into a ray of light and seemed to merge into one with his spear, shooting towards Chu Kuangren.

It was a life-risking attack from the Pseudo Immortal!

Presumably, none in Violet Gold Galaxy could stop this attack!

“Burning life essence?”

“Great!”

Chu Kuangren took out Violet Immortal Bow and pulled its string. At the same time, his aura was rising rapidly.

A blood-colored arrow appeared on the bowstring!

Li Clan’s Forbidden Technique, Lifeblood Essence Shot!

This was also a powerful move at the cost of consuming life essence. Chu Kuangren once saw Li Xueying cast it, which it was able to pass a realm and kill a Great Daoist Celestial.

Therefore, besides Four Mystical Art Solar Shot, he also requested Li Clan’s Forbidden Technique.

“Chu Kuangren is also consuming life essence!”

“Is he planning to send himself to death?!”

“Two lunatics!”

Everyone was shocked and stared at Chu Kuangren.

A powerful Immortal Techniques’ energy wave erupted from Chu Kuangren. He quickly pulled the bowstring to release four arrows!

Azure Dragon, White Tiger, Scarlet Phoenix and Black Warrior!

The four divine beast arrows burst out of the sky and landed on the body of the Pseudo Immortal with a spear, one after another. Chu Kuangren’s life essence formed each arrow, and its force was so powerful that even a Pseudo Immortal could not resist.

Boom!

The Pseudo Pseudo Immortal with a spear had fallen along with a blood mist explosion.

His spear was also swept away and stuck on an uninhabited planet, covered with cracks as if it would be broken at any time.

Chu Kuangren put away Violet Immortal Bow.

His life essence was almost depleted after using it to activate Four Mystical Art Solar Shot, causing his hair to turn from black to white.

The crowd felt sorry for him.

“He’s such a fool to use a technique that’s consuming life essence and destroying one’s future based on emotion.”

“Alas, he should have a bright future, but now, let alone becoming an immortal, he probably unable to live for a few years. What a pity.”

“Brother Chu...”

Some people regretted it, some scoffed, while some were sad.

However, in the next moment, something that shocked everyone happened.

Chu Kuangren’s white hair turned black in an instant. His sluggish life aura became vigorous!

“For others, Lifeblood Essence Shot is a technique that causes severe damage. Unfortunately, it’s no different from any ordinary techniques for me.”

Chu Kuangren chuckled.

Destroying his life essence?

Impossible.

He had an immortal body. As long as he did not completely drain his life essence at once, it would automatically recover in the next instant.

Everyone was stunned upon looking at Chu Kuangren.

‘He could restore such rapidly after destroying his life essence?’

‘An alien!’

‘What technique is this?’

‘How many techniques does he have yet to cast?’

Everyone questioned in their mind.

Chu Kuangren’s successive trump cards had made them confused. His ability was like a bottomless pit that they could not see its end.

“Alright. You’re useless now.”

Chu Kuangren sneered at Holy Violet Temple Lord, who had been drained of Heavenly Dao energy by him. Then, he raised his hand and slashed his sword forward to end his opponent’s life.

His figure flashed and appeared before Golden Lion Pseudo Immortal.

“Spare...”

Before Golden Lion Pseudo Immortal finished his words, Chu Kuangren’s sword landed on him, tearing him apart with sword qi!

“Only one Pseudo Immortal left.”

Chu Kuangren looked at Old Monster Gu, who was fighting against Dusty Sky Pseudo Immortal.

His glance trembled Old Monster Gu with fright, making him lose his fighting spirit and want to escape.

How could Dusty Sky Pseudo Immortal fulfill his wish?

“Thinking to escape, such naive.”

Dusty Sky Pseudo Immortal laughed while several golden chains swept out from his body, crisscrossing and turning into a huge enchanted boundary.

Old Monster Gu was trapped in the enchanted boundary and unable to escape.

After a fierce battle, Dusty Sky Pseudo Immortal gained the upper hand and killed Old Monster Gu in the enchanted boundary.

“Haha, all Pseudo Immortals are dead. Planet Zi’s doomed.”

“Attack. Let’s loot Planet Zi’s civilization!”

“Brother Chu, good job!”

Several bandits laughed and rushed towards Planet Zi’s cultivators.

After Holy Violet Temple Lord and the rest died, not only Planet Zi’s cultivators did not flinch, but they had a strong will to survive in desperation.

They showed great courage in protecting Planet Zi behind them.

Chu Kuangren was not surprised to see this scene.

His heart was even more unwavering for the death of countless bandits, as they were just tools for his revenge.

No matter how Planet Zi resisted, it was all over.

The battle lasted nearly ten days.

The sound of carnage did not stop for a moment outside the domain.

With the fall of the last Planet Zi’s Daoist Celestial, Planet Zi’s civilization declared its end while the remaining bandits rushed into it to loot. It was a disaster, a disaster of civilization!

The number of people killed and injured in this disaster was countless!

One hundred million?

One billion?

Ten billion?

Perhaps more than that.

Even Godly Moon Daoist Celestial and Yang Xiao were astonished upon seeing the catastrophe that Planet Zi suffered.

However, Chu Kuangren looked indifferent, as if he did not bother about it.

Everyone was stunned.

‘What an indestructible Daoist core this person has to witness the catastrophe and remain indifferent?’

They were even more afraid of Chu Kuangren.

His talent, strength, Daoist core...

All were indestructible.

It was simply unreasonable if he did not stand at the peak.

“What a history of civilization disaster!”

At this moment, a sigh sounded.

Not far away, a man in a golden robe stepped into the air and approached with a young man. He was looking at Planet Zi with emotion in his eyes.

Chu Kuangren recognized his identity at a glance and said indifferently, “Planet Jin Ruler, what are you doing here?”

He then glanced behind Planet Jin Ruler.

He noticed hundreds of thousands of warships in the extreme distance and could not help chuckling. “You’re here to gain benefits from the tussle.”

Planet Jin Ruler gave a hollow laugh upon hearing Chu Kuangren’s words.

He initially had this idea, but he dared not think about it after seeing Chu Kuangren’s strength..

Chapter 915: Deficient Immortal Pill, Absorbing Wisdom of Civilization, Gaining Insights From Immortal Techniques

“You’re here to gain benefits from the tussle.”

Chu Kuangren chuckled.

Planet Jin Ruler gave a hollow laugh upon hearing Chu Kuangren’s words. “Brother Chu, you’ve misunderstood. I’m here to see if I can help.”

The crowd rolled their eyes.

It was shameless for saying such.

‘Why didn’t they help when the battle was in full swing?’

'It's all over now.'

'Isn't it clear that they're here to gain benefits from the tussle?'

Planet Jin's warships would have completely locked everyone if Chu Kuangren's strength did not frighten Planet Jin.

"Such a thick-faced Planet Jin Ruler."

Chu Kuangren said.

Planet Jin Ruler said while looking at Planet Zi, "Hundreds of millions of souls perished because of your single thought. Planet Zi's civilization will be a history from now on. What an extraordinary technique, Brother Chu."

"Are you condemning me?"

"Heh. Civilizations are dying every moment in this universe, but most are unknown. Planet Zi is not substantially different from them, so how can I condemn you, Brother?"

"Stop talking nonsense and get straight to the point."

Chu Kuangren said.

"I'm here to make a deal with you, Brother Chu. I would like to have all Immortal Techniques of Planet Zi's civilization."

Planet Jin Ruler said.

It was the purpose of his trip.

"What's your counterweight?"

"It's Immortal Techniques. How about I exchange Planet Jin's Immortal Techniques for Planet Zi's Immortal Techniques with you, Brother Chu?"

"Deal."

Chu Kuangren nodded and did not reject.

Shortly after, Chu Kuangren's figure landed at a palace in Planet Zi.

It was Holy Violet Temple, Planet Zi's power hub.

Chu Kuangren found Planet Zi's Immortal Techniques as he wished and completed the deal with Planet Jin Ruler.

Besides, he found a treasury.

In the treasury, there were countless hidden spiritual marrows accumulated by Planet Zi's civilization, supreme elixir, and Purple Source Metal treasures.

At the moment when the treasury was opened, a large amount of bejeweled light filled the air, stunned Godly Moon Daoist Celestial, Yang Xiao and the rest.

“F*ck me. As expected from an Immortal civilization. Its backing is extraordinary. Look at the top-notch Daoist-grade elixirs. There are more than I have ever seen in my life.”

“Also, these spiritual marrows. Tsk tsk, there’s a full box of Yin and Yang Rings. How many are they? One hundred billion? One trillion?”

“We’re lucky.”

Everyone was amazed upon looking at the treasury.

Chu Kuangren uttered, “Everyone, you can take away some of the treasures as much as you like.”

Everyone’s eyes lit up.

“In that case, we’ll help ourselves to them.”

“Haha, you’re such generous, Brother Chu.”

Godly Moon Daoist Celestial and the rest took some items from the treasury, but they had a sense of propriety and did not take too much.

After all, they knew that it was Chu Kuangren that they could defeat Planet Zi. Without him, they would have been defeated long ago.

“Oh? This is...”

Chu Kuangren noticed a jade bottle in the treasury.

The surface of the jade bottle was interweaved with Daoist patterns, which seemed to seal the medicinal properties of a golden-yellow medicinal pill inside the bottle.

“Lil Ai, analyze for me.”

“Analysing...”

Under the analysis of the Omniscient Spirit, Chu Kuangren figured out the effect of the medicinal pill in his hand. It was an... Immortal Pill!

To be precise, it was a deficient Immortal Pill!

It had lost much of its medicinal properties, and its medicinal effect is less than one-tenth of the original Immortal Pill. However, the deficient Immortal Pill was still the biggest treasure in the treasury that was useful to Chu Kuangren.

“With this medicinal pill, my cultivation will be able to break through to the Heavenly Daoist Celestial Realm.” Chu Kuangren held the jade bottle with a smile on his face.

He kept things that he got from the treasury into Yin and Yang Ring. After that, he came to Planet Zi’s library.

Planet Zi stored its civilization knowledge in the library.

Chu Kuangren was more interested in the library than the treasury.

He listed Holy Violet Temple as a forbidden place and prevented the bandits from getting near here to disturb him.

He stayed in the library for more than ten days while Godly Moon Daoist Celestial and the rest had already left Planet Zi.

More than ten days later, Chu Kuangren put down the last book in the library with contentment in his eyes.

“Planet Zi’s civilization knowledge is beneficial to me. Whether it’s runic alchemy, setting up weapon smithing formation, and more, they inspire me a lot, which is beneficial for Firmament Star’s civilization too.”

“I have to pack these books and send them back to Firmament Star for the rest to study.”

Chu Kuangren mumbled.

Following that, he took out several jade scrolls that recorded Immortal Techniques of Planet Zi and Planet Jin.

Unless it was some special Immortal Techniques, ordinary Immortal Techniques were not beneficial to him with his current attack techniques. However, he was still keen to find Immortal Techniques.

Immortals created immortal Techniques.

They often contained Immortals’ cultivation experiences and understandings of Dao, which had an analog effect on Chu Kuangren.

He also wanted to combine various Daoist Physiques that he possessed through Immortal Techniques to gain insights from source energy.

Soon, he started to comprehend Immortal Techniques.

The first was Planet Zi’s Immortal Technique, Galactical Starlight Immolation.

Among Firmament Star’s three thousand Daoist Physiques, a top-notch Daoist Physique called Starlight Physique was compatible with Galactical Starlight Immolation.

When Chu Kuangren was in Firmament Star, he searched worldwide for Daoist Physiques and expanded Tome of Physiques which included Starlight Physique.

Through Immortal Techniques, Galactical Starlight Immolation and Starlight Physique, Chu Kuangren’s consciousness came to the Source Realm and once again comprehended a source!

Starlight Source energy!

Then, Planet Jin’s Immortal Techniques.

Planet Jin’s Immortal Techniques were fierce and domineering. Chu Kuangren had Purple-Blooded Overlord Physique, which was somewhat compatible with it.

However, after half a month of research, Chu Kuangren could not comprehend new source energy.

“It seems like there’s still a little short. Planet Jin’s Immortal Techniques don’t fit Purple-Blooded Overlord Physique well enough,” Chu Kuangren mumbled.

He could rely on Immortal Techniques to comprehend sources instead of Daoist Physiques, but that would consume more time.

“I’ll put it aside for now.”

Chu Kuangren ignored it.

After all, it was a good gain for him to have comprehended Starlight Source. He had seven source energies now.

“After comprehending so many sources, I still can’t create my source. I wonder when I will be able to.”

Chu Kuangren mumbled.

Creating his Daoist source was the ultimate goal of his constant comprehension of various sources, which was also the key to his immortality.

He shook his head, knowing that he could not rush.

As he had crossed Demonic Blockade, such matter could no longer bother his Daoist core.

“Next, it’s time to break through Heavenly Daoist Celestial.”

After comprehending several Immortal Techniques, Chu Kuangren took out the deficient Immortal Pill and crushed the jade bottle.

Suddenly, majestic medicinal properties swept out like a tsunami. Chu Kuangren was amazed and swallowed it soon after.

The majestic medicinal properties were impacting him madly. A Heavenly Daoist Celestial would have exploded and died on the spot if he were to consume it.

However, Chu Kuangren’s physical body was strong, and he survived. Subsequently, Universal Cauldron Physique activated and started to refine the Immortal Pill..

Chapter 916: Becoming a Heavenly Daoist Celestial, Sending Over the Library, Devouring Planet Zi

Three months later, an incredible eruption of aura occurred inside the Holy Violet Temple and spread across all of Planet Zi. Every living being on that planet had sensed it.

“What an immense aura. So this is the power of a Heavenly Daoist Celestial?!”

“It’s too frightening. I’ve never felt such a terrifying aura from other Heavenly Daoist Celestials before. Even a Pseudo Immortal’s aura isn’t as scary as this.”

Countless elites were shocked.

They all looked towards the Holy Violet Temple. None of the Holy Violet Temple members were there anymore, barring one person who destroyed the entirety of Planet Zi’s civilization.

Inside the Holy Violet Temple, Chu Kuangren's eyes opened, with sparks of light gleaming in them. As he felt the vast power surging within his body, he let out a satisfied smile.

"That's an Immortal Pill, alright. Despite being an imperfect variant, it allowed me to break through the peak-stage Great Daoist Celestial to a Heavenly Daoist Celestial. This is wonderful and amazing." Chu Kuangren chuckled.

For someone with a deep foundation, he would always require more resources than his peers just to reach the next cultivation level.

If it were not for his luck, fated encounters, and not mentioning the vast help that was the Fantasy Roulette that allowed him to obtain many treasures and resources, it would simply be impossible for him to reach the Daoist Celestial level before the age of sixty.

A Heavenly Daoist Celestial was out of the question.

"Alright. Next up is to send these manuscripts and scrolls from the library to the Firmament Star," said Chu Kuangren.

With his current cultivation level plus his Combat Unit Clone as a medium back on the Firmament Star, Chu Kuangren could use his Spatial Conveyor Skill to send all these manuscripts and books back to the Firmament Star.

He immediately started doing it.

With a flicker from his mind, the fluctuations from his Spatial Conveyor Skill enveloped the entire huge library in front of him.

Far away on the Firmament Star, the Combat Unit Clone, who was in wooden dummy form, suddenly opened its eyes. Many Daoist patterns swirled around it before it turned into Chu Kuangren's appearance.

The Combat Unit's activity attracted the attention of many.

The Chaos Daoist Celestial and others quickly arrived at the scene. All of them had stern expressions on their faces as they observed the Combat Unit's movement.

'Don't tell me... Are we being attacked again?'

"Don't worry, everyone. I'm just sending a few items over, that's all," Chu Kuangren said.

Then, he walked to a vast empty area.

With a thought from his mind, a gigantic library immediately appeared out of the blue and landed on the ground with a thud, causing the whole palace to rumble.

"What is this?"

The Chaos Daoist Celestials and others were a little surprised.

"Every wealth and knowledge from Planet Zi's civilization."

Chu Kuangren chuckled.

The Transcendental Daoist Celestials and others gasped upon hearing that. “Planet Zi’s wealth and knowledge? Is this true?!”

After all, Planet Zi and Planet Jin were the two Immortal civilizations of the Violet Gold Galaxy. How could their resources appear on the Firmament Star out of nowhere?’

‘My King, what have you been doing in the Violet Gold Galaxy?’

“I believe the knowledge contained within this library will greatly benefit the growth of our empire. Get someone to look through it. I’ll leave them in your good hands.” Chu Kuangren smiled, and then his thoughts disappeared, reverting the Combat Unit Clone back to wooden dummy form.

There was a limit to how much energy that strand of thought he left on the Firmament Star had. In order to preserve energy as best it could, it would not appear unless the situation required.

In Planet Zi, which was hundreds of light-years away from the Firmament Star, the Heavenly Gale Bandit King and others arrived at the Holy Violet Temple.

Inside the great hall, Chu Kuangren was sitting on the main throne with strands of Emperor qi swirling around him. It was so terrifying that the surroundings trembled.

He had now broken through to the Heavenly Daoist Celestial Realm.

As such, his combat strength had become even more unfathomable than ever.

“Greetings, Master.”

The Heavenly Gale Bandit King and others greeted him.

“How’s the looting coming along?”

Chu Kuangren nodded and asked casually.

“It’s going well.”

A complicated look flashed across their eyes.

Had they obtained tons of treasures?

They sure did.

However, they knew that real treasure was the countless items, weapons, manuscripts, techniques hidden in the Holy Violet Temple. All of which were Chu Kuangren had taken.

Although the remaining items were not bad, they had suffered great losses in their war against Planet Zi. Their victory may overshadow their losses, but they did not feel too good about it.

Nevertheless, they could never tell Chu Kuangren that.

So what if they did?

Would Chu Kuangren take pity on them?

Quit joking. They were only tools to Chu Kuangren from the very start, and that was a fact they had come to terms with since the beginning.

“If that’s the case, I shall give you and your men three days to evacuate Planet Zi as soon as possible,” Chu Kuangren said.

“What? Only three days?”

“Master, there are still tons of resources left on Planet Zi that we still haven’t mined. Isn’t it a bit too hasty for us to leave now?”

The Heavenly Gale Bandit King and others said.

Chu Kuangren then replied, “I’m planning to devour Planet Zi. If you and your men do not wish to become nutrients for my nourishment, then I suggest you leave quickly.”

The Heavenly Gale Bandit King and others immediately shuddered.

They recalled the scene of Chu Kuangren devouring a planet previously. If they stayed back, they would surely die.

“Understood.”

The Heavenly Gale Bandit King and others nodded.

Three days later, the forces of the Bandit Kings gradually evacuated.

After that, Chu Kuangren started devouring Planet Zi.

On that very day, the whole planet shook. Countless living beings trembled with fear as they fled from the planet frantically for safety.

Chu Kuangren’s activity was soon picked up by several elites throughout the Violet Gold Galaxy, all of whom were incredibly stunned.

“This is just too merciless and tyrannical. As if destroying their entire civilization isn’t enough, I can’t believe he’s going to devour their whole planet too.”

“So the Planet Devourer who has been causing a ruckus recently is the Sword Poet Immortal? How many tricks does he still have hidden up his sleeve?”

“How terrifying...”

“Planet Zi’s civilization is truly gone for good now.”

Countless elites and even Pseudo Immortals were frightened by the sight of that.

All of them secretly swore that they would never get on Chu Kuangren’s bad side, even if it meant crossing someone else.

Otherwise, they would end up dead and have their civilization burned to the ground. Even their whole planet would be gone too.

That was simply terrifying.

“The Firmament Star is just an ordinary advanced cultivation civilization. How did it give rise to a monster like him? This is just too horrifying.”

“Throughout the entire universe, only a handful of Immortal Progenies on his level exists, right? I bet only those with Immortal Physiques and those who have been reincarnated Immortals can go against him.”

“That’s right. If nothing goes wrong, this person will certainly accomplish great things in the Fragmented Immortal World that’ll appear soon.”

Many Emperor Thoughts intertwined in the void and engaged in a discussion.

Now the most powerful cultivator in the Violet Gold Galaxy, no one dared to mess with Chu Kuangren and his Firmament Star.

After all, Planet Zi’s consequences were happening right before their eyes.

That was also Chu Kuangren’s other motive.

He was setting an example for the rest!

Only by dealing such a devastating blow to Planet Zi had he made every civilization change their minds about attacking him or the Firmament Star.

In the vastness of space, a gigantic planet collapsed inwards.

It was Planet Zi.

Toward the end, Planet Zi collapsed until it was a bundle of light. Within it was a vague figure of someone, whose every breath unleashed surges of cosmic winds into the distance. That was Chu Kuangren.

Finally, when all the energy of Planet Zi had dissipated, Chu Kuangren opened his eyes and stood up slowly. Every movement of his flowed with surges of starlight and caused the void to rumble.

He gently let out a punch, and a large portion of the void before him collapsed.

“Not bad. I’m now a step closer to attaining the perfected stage of the Stellar Undying Body. With my Heavenly Daoist Celestial power, seven source energies, techniques that allowed me to devour Planet Zi’s Heavenly Dao and Heavenly Dao energy, and many more, I’m basically undefeatable throughout the Violet Gold Galaxy! Next up is to wait for the Fragmented Immortal World’s appearance..”

Chapter 917: The Fragmented Immortal World Appears, the Immortal Ascension Path, Setting an Example for the Future Generation

The Fragmented Immortal World was one of the shattered fragments from the Immortal World back then.

Those fragments were scattered all over the universe. Containing various Opportunities of Fortunes within, the Fragmented Immortal World was the dream place of cultivators seeking to become an Immortal.

However, the universe was vast. How could it be so easy to come across a Fragmented Immortal World? Yet, something as huge as that was about to grace the Violet Gold Galaxy with its presence!

No.

Not only the Violet Gold Galaxy but the dozens of galaxies nearby would also welcome the arrival of such a magnificent occurrence. As such, the inhabitants of those galaxies would be able to enter the Fragmented Immortal World in search of treasures and valuables.

In the Ancient Dusty Sky Planet, Chu Kuangren was currently having a mental spar with the Dusty Sky Pseudo Immortal.

Looking at Chu Kuangren sitting before him, the Dusty Sky Pseudo Immortal could not help but lament. "I can't believe you've gotten so powerful in such a short time, Brother Chu. This is truly impressive."

He had never encountered someone like Chu Kuangren before.

It was as if the person in front of him was born to live a life of cultivation.

"Haha, I don't deserve such praise, Brother Dusty Sky."

Chu Kuangren chuckled.

"How long until the Fragmented Immortal World appears?"

He suddenly asked.

"According to one of the great ones of the galaxy who's skilled in Deductive Dao, it'll be appearing in the next few years." said the Dusty Sky Pseudo Immortal.

"I hope I won't have to wait too long for that."

Chu Kuangren mumbled.

In fact, he did not wait too long either.

Just three months later, a tremendous explosion suddenly occurred within the Violet Gold Galaxy, sending powerful waves of energy fluctuation everywhere. All of the elites sensed its presence.

A mirage-like conjuration suddenly appeared in space.

Everyone who looked into space could see countless mountains, rivers, wild beasts, and many more like it was a beautiful picture scroll unveiling another world within itself.

All of the cultivators were extremely excited to see it.

"The Immortal World! The Immortal World has appeared!"

"Mountains as huge as planets... Is this what the Immortal World used to look like?! What a gorgeous world."

"Huh? Isn't that the Divine Beast, the Azure Phoenix?"

“Also, is that the Divine White-Jaded Statue mentioned in the legends? I can’t believe there are so many of them. By the heavens, is this what the Immortal World looks like?”

The appearance of the Fragmented Immortal World sparked huge commotion throughout the Violet Gold Galaxy and dozens of other galaxies nearby. Its gorgeous conjurations were displayed in space, exuding the air of magnificence, danger, treachery, and beauty everywhere. It made everyone very excited.

At that moment, all of the conjurations disappeared one by one. Then, several white stone pillars with dragons and phoenixes carved onto them started appearing in the depths of the universe.

Mysterious Daoist patterns flowed all over the stone pillars as they aligned neatly against each other, forming a very long pathway in space.

At the end of that path... was a great gate!

Through that gateway laid the Fragmented Immortal World.

“This is the Immortal Ascension Path!”

“In the ancient legends, cultivators who wish to enter the Immortal World will have to first pass through the Immortal Ascension Path. It looks like we’ll have to do the same to enter.”

“We must move now.”

Every cultivator looked at the Immortal Ascension Path excitedly.

Countless rays of light immediately dashed towards the Immortal Ascension Path one after another.

...

“The Fragmented Immortal World has finally appeared.”

Inside the Violet Gold Galaxy, Chu Kuangren looked at the Immortal Ascension Path in the depths of the universe and mumbled. There was a look of eagerness and adventure on his face.

“I wonder how many surprises this Fragmented Immortal World has for me.”

He chuckled, immediately bid farewell to everyone, and quickly headed to the Immortal Ascension Path. Besides him, the Immortal Progenies throughout the Violet Gold Galaxy had started heading there in their respective warships as well.

The dozens of galaxies nearby soon followed suit.

Far away in the direction of the Firmament Star, a fiery red flaming light shot up into the sky.

The red light dissipated, revealing a gorgeous Godly Phoenix. She looked into space as she, too, had sensed the arrival of the Fragmented Immortal World.

“With the Immortal World’s arrival, Brother will never let this chance slip by. Now that I’ve become a Daoist Celestial, just you wait, Brother. I’ll come and find you right away.”

The Godly Phoenix, Lil Red, mumbled.

Chu Kuangren had left a strand of his consciousness on the Firmament Star. When it manifested, he once told everyone about the Immortal World.

In a mountain range somewhere else, a ray of white light shone brilliantly and illuminated the area around it.

A silver-haired woman in silver armor and holding the Scepter of Light in hand was slowly walking out with a heroic air around her.

“I’ve finally become a Daoist Celestial after burning through so many resources,” Lan Yu muttered with a smile.

Then, she looked into space.

“This aura... It looks like the Fragmented Immortal World that Master mentioned has appeared. Please wait for me, Master. I’ll surely catch up with you soon.”

A look of determination flashed across Lan Yu’s blue eyes.

Inside a stronghold fortress in the Extraterritorial Region, a woman in a red uniform and a spear in hand could not help but get excited as she looked into space.

“Hua’er, are you sure you want to venture into the Fragmented Immortal World?”

The Heavenly Imperial Ghostblade asked Shang Honghua with a frown.

Frankly speaking, he was a little reluctant to let Shang Honghua leave. With the Fragmented Immortal World’s appearance, the major forces throughout the galaxy would certainly make their move too.

In the face of those major forces, Firmament Star was not worth mentioning at all, let alone Shang Honghua.

It would be too dangerous to let her venture into the Fragmented Immortal World.

“Well, now that the empire is prospering, the Heavenly Dao has gotten stronger as well. This has made cultivation many times easier for the cultivators on this planet. I’m certain that many talented individuals will sprout like mushrooms after rain. I have to set an example for them, you know.”

Shang Honghua chuckled. Aside from Chu Kuangren, she was said to be the most talented person on the whole Firmament Star. Even throughout the Violet Gold Galaxy, she would be considered a top-tier cultivator. If the Firmament Star were to send someone to venture into the Fragmented Immortal World, someone like her would undoubtedly be selected.

“Besides, we can’t keep on relying on the same person to pave the way ahead for us, can we? That would be outrageous.”

Shang Honghua said.

There was an endless yearning in her eyes when she talked about Chu Kuangren.

At that moment, a white light bursting with Holy aura and red light filled with scorching flames flew out into space out from the Firmament Star.

Shang Honghua grinned upon noticing those two auras. "It's Lan Yu and Chu Hong, huh? I knew there was no way they'd sit idly."

"Hua'er, if you wish to go, then by all means."

The Heavenly Imperial Ghostblade pondered and said.

He understood that the younger generation had surpassed him long ago.

The only thing he could do was not hold them back.

"Just you wait, grand forefather. I'll surely return one day!"

Shang Honghua said with a smile.

The members of the Redshirt Army behind her looked at their Commodore Junior with a reluctant gaze. However, none of them said anything to make her stay.

"Please take care, Commodore Junior."

"We shall wait patiently for your return, Commodore Junior..."

Inside the Imperial Palace on Firmament Star, Gu Linglong and Elder Ruyan were busy dealing with the empire's affairs.

Suddenly, Elder Ruyan received a message.

She let out a sigh helplessly and said, "Lan Yu, Lil Red, and the others have left Firmament Star. I suppose that they're going to the Fragmented Immortal World."

Gu Linglong froze a little when she heard that. After that, she chuckled. "Although it's a bit of a surprise, it's still within our predictions."

She looked at the sky and said, "You know, I really do admire them sometimes. These people have the ability and talents to follow in my husband's footsteps."

"Oh, but you're also helping our king with your own strength. It's only because you're taking care of things for our king here that he can pursue the path of Dao he wants without any worry. Our king might be the one paving the path ahead, but you, you're the one who's helping our king to run his huge empire," said Elder Ruyan to Gu Linglong with a smile.

Gu Linglong shook her head gently. "It's not me."

"Huh?"

"It's the both of us." Gu Linglong smiled. "I never thought that running an empire was something I could do alone. Without you, Elder Ruyan, it's impossible for me to do it. That's why I'll be counting on you more from this day onwards."

"Very well, my queen.."

Chapter 918: The Fox-Eared Girl, Beasthunter Planet, I'll Give You Two Choices

The Fragmented Immortal World had appeared.

With its Immortal Ascension Path opened, every cultivator who saw that was instantly attracted to it.

That also included dozens of other galaxies besides the Violet Gold Galaxy. Every cultivator from those galaxies quickly headed to the Immortal Ascension Path, hoping to enter the Fragmented Immortal World in search of Opportunities of Fortunes.

As such, the influx of cultivators towards the Immortal Ascension Path caused various commotions to occur.

As the cultivators from dozens of nearby galaxies headed to the same location, the closer they got, the more trouble they found themselves getting in.

Adding to the fact that a lot among these cultivators were sky-prides and even Immortal Progenies, more clashes there were among the prideful people.

Some wanted to steal what belonged to others, while some simply wanted to compare who was the strongest among them.

What was even more absurd was the ones who would pick a fight just because they crossed gazes.

‘Why the hell are you looking at me?’

‘I’ll look at whatever I want.’

‘Do it one more time. I dare you.’

It was along those lines.

...

In space, a single warship was sailing through.

Looking at the Immortal Ascension Path that was getting closer and closer, Chu Kuangren’s initial excitement, delight, eagerness had now turned into a dead calm.

He had encountered a few trouble seekers along the way.

Most of them were from other galaxies, which was a first for someone like Chu Kuangren to meet them. Although they were far weaker than him, after some fights and battles, Chu Kuangren learned that the Violet Gold Galaxy was not that advanced compared to the other galaxies. It could be regarded as average to below average at most.

Obviously, there was a difference in strength between different galaxies.

He also heard about some galaxies having a few or even dozens of stars supporting life and the growth of civilization inside them.

Boom...

At that moment, a wave of energy fluctuation appeared from afar.

It was as if a fight had broken out.

Chu Kuangren had long gotten used to things like that as he had quite a few similar encounters along the way.

He did not want to meddle in other people's business.

However, just as he was going to pass by quietly, several warships suddenly flew towards him from a distance. One of them that was caught on fire immediately crashed towards him. It seemed like that warship had gone out of control.

"Argh! you at the front, watch out!"

A scream came from that warship.

Chu Kuangren frowned.

If that warship collided, his warship would be rendered useless. As such, his mind power surged and formed an invisible barrier that stopped that warship from crashing into him.

Right after that, a young girl suddenly tumbled out from that incoming warship. She was dressed in blue robes, about a meter and fifty-six centimeters tall (TN: 5'1" feet), and had a pair of fox ears. A faint crescent mark could be seen on her forehead too.

Panic was all over that girl's face as she fell towards Chu Kuangren. She could not even do a simple leap into the air as if she had no cultivation base at all.

Chu Kuangren ignored her.

With a thought from his mind, he activated the warship's defensive formation, and a barrier of light immediately formed. He reckoned that girl would probably crash onto it.

However, to Chu Kuangren's surprise, that girl who seemingly had no cultivation base passed through the warship's defensive formation instead.

Not only that, but the formation did not react to her at all. The instant she passed through, Chu Kuangren sensed a peculiar fluctuation coming from the crescent mark on her forehead.

"I see. Interesting."

Chu Kuangren grinned a little.

Bam!

"Ow! That hurts!" The fox-eared girl cried in pain as she directly fell onto the warship's deck after going through that barrier.

She stood up and rubbed her butt while looking at Chu Kuangren with slight resentment. 'I can't believe he did not do anything at all even though he saw such a beautiful girl like me fall so badly. This human is too cold-blooded...'

After looking over Chu Kuangren carefully, her eyes lit up.

'This human looks very good-looking.'

'Oh well, I'll forgive him, I suppose.'

The fox-eared girl thought generously.

However, the few warships in the distance earlier had gotten close to them by now.

"There's nowhere to run, little monster!"

A cold yell sounded.

Upon hearing that, the fox-eared girl panicked and subconsciously wanted to seek protection.

However, after looking around that warship, she noticed that there was nowhere good for her to hide. Besides, the only person there was Chu Kuangren.

"Greetings, fellow human Daoist. Are you the only one onboard?"

The fox-eared girl quickly asked.

"That's right."

Chu Kuangren nodded.

He had activated his Omniscient Spirit by then and was currently finding out everything about the fox-eared girl. The more he learned, the more interested he felt.

"I'm done for."

The fox-eared girl revealed a look of despair when she heard Chu Kuangren. Then, she sat on the ground as if resigning herself to her fate.

"All this bad luck has truly ruined me. Why do I have such bad luck?!"

"It's all over now. I still haven't even found that irresponsible father of mine. Am I going to meet my end here now?"

"Sobs. I don't want to end like this."

The fox-eared girl started crying upon recalling a sad memory. Her tears flowed down her face like pearls falling from a broken string, dripping one by one onto the floor.

She was crying as if a calamity had struck her. It was quite an awful and painful sight.

Nevertheless, Chu Kuangren looked calmly while standing on the side.

The fox-eared girl thought Chu Kuangren was even more cold-blooded than she thought. Seeing that she was bawling her eyes out, he did not even bother to console her.

Her fate would be even worse after she was caught too.

At that thought, her crying got worse.

"Quiet down."

Chu Kuangren said.

The fox-eared girl did not care and continued crying her heart out.

Several warships had surrounded Chu Kuangren's warship not far away. Judging from the build of their warship, Chu Kuangren could tell that these people came from a powerful civilization or force.

Even Planet Zi could only build a few similar warships like those with their current technology.

"Hey, you at the warship in front. Hand over that fox yokai right now!"

A loud voice rang out.

A middle-aged man came out from one of the warships riding a pair of lions as his mount.

There was a large number of cultivators around him who were also accompanied by their respective beasts. They were... enslaving those beasts!

That brought back a memory from Chu Kuangren's past.

There was once an orthodoxy known as the Craggy Ocean Tower on Firmament Star. Their sect members specialized in enslaving demonic beasts and their bestial souls, using them in combat.

In the end, their whole orthodoxy was wiped out because they offended Chu Kuangren.

It seemed like those people had some similarities to the Craggy Ocean Tower.

"I'll give you two choices, Lil Fox."

Then, Chu Kuangren spoke.

He was not talking to the enemy warships but the fox-eared girl beside him instead.

The fox-eared girl did not seem to react when she heard him. She looked at Chu Kuangren while sobbing, with confusion and doubt in her red and swollen eyes.

"What do you mean?"

"Choice number one. Submit to me, serve me as your master, and I shall help you get rid of these men. Choice number two is beating you into submission once I get rid of these men," Chu Kuangren said.

The fox-eared girl was a little dumbfounded. "Is there even a difference?"

"For the former, you won't have to suffer by taking the initiative. For the latter, you'll surely suffer some physical pain," Chu Kuangren replied.

When the cultivators on the other warships heard what he said, their faces immediately turned grim. Of Chu Kuangren's two choices, he clearly had no intention to hand over the fox-eared girl at all.

"This guy wants to take the Moonlight Fox all to himself."

"D*mn it. The Moonlight Fox is a very rare beast. We must ensure that the Beasthunter Planet gets its hands on it. We must not let anyone stop us."

The cultivators discussed.

They looked at Chu Kuangren with a hostile expression.

Meanwhile, on the warship, the fox-eared girl continued sobbing as she considered Chu Kuangren's offer..

Chapter 919: The Beast Subduing Ring, I Submit, What Did He Take In This Time

"I'll give you one more chance to hand over the Moonlight Fox, young man. She still has the Beast Subduing Ring we created and placed on her. With my command, I can ignite it at any time. If you don't hand her over now, I'll make her explode on the spot. If we can't get her, we'll make sure you can't either."

The lion-riding cultivator standing on the opposite warship said to Chu Kuangren. The next moment, an incredible power erupted from his body.

The fox-eared girl could not help but shudder upon hearing him.

She touched the silver collar on her neck and felt a cold chill running through her. She felt helpless, as though she had no control over her own life and death.

"Oh, the Beast Subduing Ring, huh? So that's the item that has sealed your cultivation base?" Chu Kuangren looked at the Moonlight Fox's collar and said.

The fox-eared girl quickly nodded.

"This collar may be able to seal your cultivation base, but it seems like it can't seal your talents and divine ability. No wonder you can escape from them," Chu Kuangren said.

The expression of the middle-aged man nearby changed. "So you know about the Moonlight Fox. In that case, you should know about her divine ability."

"Yeah, I just found out."

Chu Kuangren said.

The Moonlight Fox was an ancient and rare yokai beast. They possessed tremendous cultivation talents and could even be compared to the likes of the True Dragons, Phoenixes, and other divine beasts.

More importantly, the Moonlight Fox had an incredibly powerful divine ability. It was the ability to... negate the effects of formations, restrictions, and seals!

It was an extremely powerful ability.

That was because any location with great hidden treasures would surely have some form of formation or seal protecting it, making it hard for anyone to enter as they wished.

As such, the Moonlight Fox would be perfect for finding hidden treasures, so much that countless cultivators would go after them for that ability. Due to that, the Moonlight Fox was ranked almost equally as the divine beasts.

When the Beasthunter Planet captured this Moonlight Fox at first, they thought it would be fine to lock her up just because they placed that Beast Subduing Ring on her.

However, because it was their first time coming across a Moonlight Fox, they were not experienced in dealing with it. They did not know that the Beast Subduing Ring could only seal the Moonlight Fox's cultivation base but not their divine ability. Only by taking advantage of this loophole could the Moonlight Fox escape.

That was why they ended up hunting her down.

As for the option to ignite the Beast Subduing Ring to kill the Moonlight Fox, there was no way they would do it.

"Quit the nonsense, young man. Are you handing it over or not? Don't blame us for being rough if you don't," said the middle-aged man coldly.

"Bring it on then."

"This bast*rd! Men, attack!"

The middle-aged man ordered coldly.

Immediately, many terrifying beasts were released from the warships. All of them were emanating powerful auras as they charged toward Chu Kuangren.

"A bunch of beasts that have lost their ferocity, huh? What can they do to me?"

Chu Kuangren said,

With a single thought, thousands of spiritual weapons rained down everywhere!

Soon, the beasts were all reduced to ashes.

"What!"

"This strength... A Heavenly Daoist Celestial?!"

"I can't believe this guy is a Heavenly Daoist Celestial! Judging from his aura, he does not seem to be very old. Yet, he has reached the Heavenly Daoist Celestial Realm! This guy is certainly an Immortal Progeny, and not an ordinary one too!"

"A Supreme Immortal Progeny!"

A Supreme Immortal Progeny was someone that ranked the best among the Immortal Progenies!

Even the Beasthunter Planet only had one Supreme Immortal Progeny. That was how rare they were, and all of them could not believe that they had encountered another here today.

"From the looks of his warships, the civilization he's from doesn't seem like the type that can produce such a Supreme Immortal Progeny."

"D*mn it. He's a Supreme Immortal Progeny!"

"Which galaxy and civilization do you come from?!"

The middle-aged man asked.

Chu Kuangren did not reply. Instead, a new wave of spiritual weapons gathered in the air and aimed toward the warships before him.

“F*ck. Shadow Ghoul Beast, attack!”

At the middle-aged man’s order, a mysterious beast suddenly rushed out from his shadow and charged at Chu Kuangren.

A surge of ghastly and grim aura instantly locked onto Chu Kuangren.

“How dare a lowly beast like you approach me?”

Chu Kuangren snorted.

Then, he unleashed a punch.

As his terrifying physical strength landed on that beast, it immediately blasted the beast apart into a mist of blood.

“This... How is this possible?!”

The middle-aged man gasped.

The Shadow Ghoul Beast he raised had strength comparable to a Heavenly Daoist Celestial. Even if Chu Kuangren was a Heavenly Daoist Celestial, there was no way he could blow it up with a single punch! That was simply impossible!

‘This is just ridiculous even for a Supreme Immortal Progeny!’

‘Unless... Could he be a... King Immortal Progeny?!’

‘No, that’s impossible!’

Someone who was a king among the Immortal Progenies would be incredibly rare even across the entire universe. How did they encounter one just like that?!

“D*mn it. Since we can’t get the Moonlight Fox, don’t you even think about getting it too!” the middle-aged man said bitterly.

After that, he formed a mysterious seal with his hand.

Suddenly, the silver collar on the fox-eared girl’s neck started glowing, and she was horrified about what was to happen.

“I-I don’t want to die.”

“Don’t worry. With me around, you won’t die even if you want to.”

Chu Kuangren said before reaching towards the silver collar.

The middle-aged man sneered. “It’s no use, this collar can’t be removed without special techniques. If it was broken by an external force, it would instantly explode.”

However, his eyes widened in shock the next instant.

As Chu Kuangren reached out and grabbed the collar, a mysterious fluctuation appeared on his body, and that collar immediately disappeared.

'How?!'

'That energy fluctuation... It's a spatial technique!'

'He has removed the collar with a spatial technique!'

Before the middle-aged man could react, he suddenly felt something around his neck.

Following that, the surrounding cultivators looked at him with horror.

"This is bad!"

The middle-aged man felt his neck. It was the collar!

That collar has been teleported onto his neck. He tried to disable the collar's self-destructing command, but it was too late.

The collar exploded the next instant!

The middle-aged man's skull was turned to ashes, leaving only a headless corpse standing on the deck. After falling over, it twitched for a while before it stopped moving. That man was dead.

At that sight, the fox-eared girl could not help but shudder with fear. If it were not for Chu Kuangren, she would be the one lying on the ground headless instead.

"The elder is dead... Quick, retreat!"

"Let's get out of here!"

The cultivators from the Beasthunter Planet wanted to escape.

However, the void was filled with countless densely packed spiritual weapons the next instant, covering the starry space above them. Soon, it rained down upon them mercilessly.

Sounds of warships exploding sounded one after another.

After a while, the surrounding space was riddled with the wreckage of warships and many corpses.

"Alright, now. Have you decided on the two choices I gave you?" Chu Kuangren looked at the fox-eared girl and said.

"Alright, Boss. I choose the first option. I'll submit and listen to your every word from this day onwards. If you want me to run, I shall run. If you want me to light a fire, I'll go and bring you oil. If you want me to fight, then I shall do all my best to lay waste to our enemies." The fox-eared girl quickly expressed her loyalty.

Having witnessed Chu Kuangren's strength, she knew she could not go against him at all. Hence, without a second thought, she surrendered.

"Very well."

Chu Kuangren nodded. "You made a wise choice."

"My name is Yue Yue. The first Yue symbolizes the moon, while the second Yue symbolizes happiness. You can call me Yueyue, Lil Yueyue, Lil Yue, or whatever you want."

"How troublesome. I'll call you Lil Fox."

"As long as you're happy, Boss. By the way, what is your name, Boss?"

"Chu Kuangren."

"D*mn... What an awesome and bad*ss name. The moment I hear it, I know you're a dragon amongst men and a peerless powerhouse. You're no doubt our boss."

"That's quite some flattering skills you have, Lil Fox."

"You must be joking, Boss. I'm speaking the truth, you know. Besides, since you're a dragon amongst men, Boss, does flattery work on dragons?"

Chu Kuangren was speechless.

What did he take in...

Chapter 920: Meeting the Violet Gold Immortal Progenies on the Immortal Ascension Path, I'm Only Having It as a Pet for Fun

Lil Fox came from an advanced cultivation civilization in the Jade Emperor Galaxy. It was a civilization ruled by the yokai tribe.

She was a Maiden Sage of the yokai fox tribe there. However, she was not born from that civilization as she came from somewhere else.

"When I was very young, I followed my dad to visit my Third Mother and others. However, my old man ended up leaving me there for hundreds of years at that. This time, I've set out to find that irresponsible dad of mine. I heard he went to some sort of Immortal World..."

Lil Fox continued telling her story on the warship.

Upon hearing that, Chu Kuangren revealed a pondering look on his face. "How are you sure that the Immortal World your dad has gone to is this particular one?"

There was no longer a complete Immortal World in the universe. All that was left were its shattered pieces, which were the Fragmented Immortal Worlds.

Perhaps Lil Fox's father went to another Fragmented Immortal World instead.

"I'm not too sure either. However, I figured that since they are all Immortal Worlds in one way or another, I might find some clues there. That's why I came."

"That's it?"

"Yeah..."

Chu Kuangren looked at Lil Fox. 'Minor Daoist Celestial, huh? Her cultivation level is not bad. No wonder she dares to venture out here in space.'

'But because of her bad luck, she encountered the cultivators from the Beasthunter Planet who almost captured and enslaved her.'

"Check it out, Boss. We're almost there at the Immortal Ascension Path."

Lil Fox suddenly stood up and exclaimed. She was pointing at somewhere nearby that was shrouded in Immortal Sparks. It was the location of the Immortal Ascension Path.

Countless cultivators were already there.

Many of the cultivators stopped in front of those white stone pillars, looking at the patterns and engravings on them as if trying to study something.

Lil Fox had a weird feeling about it when she saw it.

"Hey, Boss. What do you think they're looking at?"

"They must be trying to gain insights into those stone pillars."

Lil Fox could not help but ponder. "I once heard Third Mother and others talking about this. Apparently, whenever a powerful Immortal passes by, a conjuration will appear on the Immortal Ascension Path in respect and welcome them. I wonder if that's true."

"It's always hard to tell whether ancient rumors are true or false," Chu Kuangren said.

There were many rumors about the Immortal World spreading across the universe.

However, no one knew how accurate those rumors were, especially for young cultivators like Chu Kuangren. The shattering of the Immortal World happened too long ago, and god knew how many eras it had been since then.

It could even be traced back to the previous epoch.

An era was one hundred, ninety-nine thousand and six hundred years. As for a universal epoch, it was one hundred twenty-nine thousand and six hundred eras[1].

A universal epoch was an extremely long time, even for Immortals. After all, only a handful ever lived past one.

Chu Kuangren maneuvered the warship towards the Immortal Ascension Path.

Meanwhile, a young man slowly walked onto the Immortal Ascension Path. His gait was firm as an air of arrogance emanated from him.

The moment he stepped onto the Immortal Ascension Path, the two white stone pillars on the side suddenly rumbled. A dragon and a phoenix apparition appeared and hovered above him, filling the surrounding with an air of prosperity. Many were stunned by this.

"This guy must be a top-tier Immortal Progeny."

“That’s right. The Immortal Ascension Path will only react when welcoming Immortals. However, if it senses someone with the potential to become an Immortal, basically Immortal Progenies, it will react too. This young man is no simple fellow, it seems.”

“I heard not long ago that an Immortal Progeny from the Jade Emperor Galaxy walked through the Immortal Ascension Path with ten dragons and ten phoenixes hovering above him. It was truly a magnificent sight to behold. That person must surely be a Supreme Immortal Progeny!”

“As long as nothing goes wrong, Immortal Progenies at that level have a twenty percent chance of becoming an Immortal. They’re way stronger than people like us.”

“That’s right. We’re no match to them at all...”

Countless people were discussing it as they looked admiringly at the young man with a dragon and phoenix hovering above him.

That young man reached the end of the Immortal Ascension Path under everyone’s admiring and envious gazes before entering the great gates that lead to the Fragmented Immortal World.

“In a way, the Immortal Ascension Path can be regarded as a tool to measure the capabilities of an Immortal Progeny,” Chu Kuangren muttered.

Next to him, Lil Fox nodded. “Ha! He only got one dragon and one phoenix. If you’re the one walking up there, boss, I bet at least ten dragons and ten phoenixes will appear.”

“I’ll take your word for it.”

Chu Kuangren chuckled.

At that moment, a few warships approached from a distance, and one of them was getting closer to Chu Kuangren.

“Brother Chu!”

A surprised and happy voice came from that warship.

Chu Kuangren looked towards it and saw Jian Sanjue, Duan Muhonh, Shui Qianhua, Planet Jin’s First Seat, and a few other sky-prides from the Violet Gold Galaxy.

It was clear that they were here to venture into the Fragmented Immortal World.

The one who called Chu Kuangren was Jian Sanjue.

He looked at Chu Kuangren and said, “I see you’ve come here too, Brother Chu.”

“Greetings, everyone.”

Chu Kuangren nodded gently. He noticed that besides the Immortal Progenies from the Violet Gold Galaxy, there were Immortal Progenies from other galaxies as well.

“Let me introduce you, Brother Chu. These Immortal Progenies are from Tempest Galaxy. This is Hong Xue, and that guy over there is Yun Qianliu...”

Jian Sanjue introduced them to Chu Kuangren.

Chu Kuangren nodded to them in response.

The Immortal Progenies from the Tempest Galaxy were secretly checking Chu Kuangren out. Having heard many stories about Chu Kuangren from Jian Sanjue on the way, they were very curious to find out what kind of person he was.

“Besides his good looks, I don’t think there’s anything special about him.”

The young Immortal Progeny, Yun Qianlie, secretly twitched his mouth.

Now that Chu Kuangren was a Heavenly Daoist Celestial, his aura restraint had gotten much better. Hence, it would be hard for ordinary cultivators to see through him.

However, some of the wiser cultivators could notice that his strength was a mystery, like still waters that ran deep.

Although Yun Qianliu was an Immortal Progeny, he was no way stronger than Jian Sanjue and the others. Hence, he could not sense Chu Kuangren’s strength.

Only an Immortal Progeny called Hong Xue was looking at Chu Kuangren with a look of caution. It was as if he had encountered a powerful enemy.

“His aura... is so deep and unfathomable. What kind of cultivation level is he at?” Hong Xue secretly wondered in shock.

“Hey... Brother Hong, look.”

Suddenly, Yun Qianliu noticed something and looked at Lil Fox behind Chu Kuangren. Looking at the crescent mark on her head, he asked, “Could she be the rumored Moonlight Fox?”

The Moonlight Fox was a yokai beast that could rival even the divine beasts.

However, its divine ability was even more sought-after.

“I suppose it really is.”

“Yokai qi, fox ears, crescent mark... Tsk tsk, these match the traits of a Moonlight Fox, alright. She’s most likely a Moonlight Fox.”

“What a great Opportunity of Fortune!”

The Emperor Thoughts of Hong Xue, Yun Qianliu, and a few other Immortal Progenies discussed it while looking at Lil Fox. Their gazes soon turned more and more coveting. They were so close to reaching out and snatching her.

“Brother Chu, is this the yokai beast you’re raising?”

Yun Qianliu pretended to ask Chu Kuangren calmly.

Chu Kuangren nodded upon hearing that. “Yup.”

“This little fox is quite well-behaved, from what I can tell. Seeing that the road to Immortality is a long one, having a pet can be nice as well. But I wonder, Brother Chu, are you willing to part with it?”

Yun Quanliu said.

“Forgive me. I’m only having this little fox as a pet for fun and have no intentions to sell it,” said Chu Kuangren as he petted Lil Fox. ‘Now that I think about it, her fur does feel good to the touch.’

Lil Fox’s pink ears soon turned pinker and pinker while her face blushed. However, she did not hate it and obediently stood still while being petted.
