Chapter 951: Xu Bai Is Not Being Liked (2)

The soldier still kept his mouth shut, but his finger was pointing at a location. It was the location of King Sheng You's tent. His meaning was obvious. If there was anything, he could go there and ask. He said nothing.

They were all on the same side. Xu Bai had only said a few words casually just now. He could not interrogate the soldier with torture, let alone use the method of soul control. Therefore, when he saw that the soldier refused to say anything, he let go.

However, he had already obtained some information, and that was that this place was indeed related to him.

After releasing the soldiers, Xu Bai didn't stay any longer and walked to the tent.

The door to the tent was closed. Before he could knock on the door, he heard the voice actor Wang's voice coming from inside.

"Come in."

His voice was very low and hoarse.

Xu Bai didn't bother to explain any manners and directly pushed the door open.

After entering, he closed the door behind him and finally had the time to look at the scene inside.

The furnishings inside were very similar to the ones he had seen before, but there was an incongruous person standing not far away.

King You Sheng's expression was very serious, and no one could tell what was going on. However, this serious expression, coupled with King You Sheng's unlucky expression, made all of this seem very ridiculous.

"Wangye, you're really unlucky. Why do you look like you ate a fly?" Xu Bai said in a slightly teasing tone.

According to their usual habits, if Xu Bai teased him at this time, King Sheng You would definitely follow suit and tease him. The two of them would brag about each other for a long time.

But this time, after Xu Bai said this, Sheng You King actually nodded and admitted it. He had no intention of arguing with Xu Bai at all.

“Sigh...” King You Sheng touched his face and recalled the time when he was beaten up. His tone was filled with nostalgia.”Sigh... It had been a long time since she had last played the King of Bounds. She felt quite comfortable playing the King of Bounds all of a sudden.”

“Hiss...” Xu Bai gasped and took two steps back. He looked at King Shengyou with a strange expression.

Damn, a Saint Realm master actually had such a special hobby. It was simply unbelievable.

“Is this very strange?” When This King had not risen up, his strength was not strong. She was already very strong at that time. It was very normal to be beaten. Beating was a form of love. It was normal for husband and wife to fight.”

“That’s true, but there’s no need to make it so obvious.” Xu Bai chuckled.”

King You Sheng pursed his lips, implying that Xu Bai still didn’t understand.

Seeing this, Xu Bai expressed that he really didn’t want to understand.

Who would want to come into contact with such a strange attribute!

I’m a very normal person!

Normal people wouldn’t like it, right?

Seeing Xu Bai’s refusal, for the first time, the Underworld Ascending King felt that there was still some conflict between the two of them.

After a silent sigh, King Sheng You looked at Xu Bai, and his expression gradually became serious.

He wanted to return to his former state. After all, he used to be so serious and unsmiling.

However, what he did not expect was that ever since Xu Bai found out about his special attribute, his image in front of Xu Bai had completely collapsed.

“Why did you come to look for this king this time? Also, can you put away this expression of yours? This king feels that it’s too cautious.”

What expression did Xu Bai have?

It was that very strange expression.

It made people want to kick him in the face.

If it wasn’t for the fact that King You Sheng had better self-control, he really wanted to go up and kick him.

Xu Bai coughed and rubbed his face hard to make his expression disappear. Then, he explained what had happened and why he was here.

Getting down to business was more important. There was plenty of time to think about these things in the future.

This time, it was King Shengyou’s turn to have a strange expression.

In front of Xu Bai, King Shengyou was first surprised, then complicated. Soon, it turned into an expression that was similar to schadenfreude.

This expression was as if there was a huge pit in front of him, but someone was about to jump down. Not only did he not stop him, but he also wanted the other party to jump in because he had fallen into this huge pit before.

Xu Bai instantly felt his hair stand on end.”

Whose anger?

Naturally, it belonged to that person from Gu Yue Sword Sect.

“What do you think?” King You Sheng vented through his nose.”

Xu Bai grinned.” To be honest, I really don’t know why it has anything to do with me. I’ve never seen it before...”

King Sheng You was so happy that his mouth almost reached his ears. He patted Xu Bai’s shoulder hard and put on a very heroic look.”You’ll know when you go...”

Xu Bai shook his head.” I feel like there’s a big hole. I’m not going.””

King You Sheng retracted his hand.” This pit will fall sooner or later. If you explain it clearly, then nothing will happen. If you don’t explain it clearly, this pit will become bigger and bigger until you can’t avoid it and will automatically fall in.”

"Then you have to tell me what kind of pit it is," Xu Bai said speechlessly. "I don't even know what kind of pit it is. How am I supposed to bury it?"

That was what he said, and that was what he thought. If he didn't even know what a pit was, how could he bury it?

King You Sheng laughed. "Don't worry. Just go. I can't explain this to you. As long as you fill in this hole, there will be benefits for you."

"Don't you like secret manuals the most? There are a lot of secret manuals in the Ancient Moon Sword Sect."

Chapter 952: Xu Bai Is Unwelcomed (3)

Xu Bai's eyes lit up, but soon returned to normal. His face was filled with rejection.

No matter what he said, he would not go if he did not make things clear.

"Are there really many secret manuals? If I fill this hole, can I really get all of them?"

At the end, he added. Although his face was still full of rejection, he could not help but be curious.

King You Sheng said matter-of-factly, "There must be a lot of them. An ancient inheritance is considered the top force in the world even now. Think about it, if they are willing to give you all of them, you will definitely make a fortune."

This appearance, coupled with the fact that King You Sheng was still rubbing his hands when he spoke, gave people an extremely wretched feeling.

"Then I'll go and give it a try?" Xu Bai pondered.

"I'll try," replied King You Sheng.

Xu Bai didn't say anything else. He said goodbye and turned to leave.

Although he had rejected it earlier, it was not impossible if there were many secret manuals.

Sigh, it smells so good.

Thinking about the progress bar, he felt that he had no reason to refuse.

“Wait!” King Sheng You stopped Xu Bai before he could leave the tent.

“What else?” Xu Bai turned around.”

King Sheng You moved closer to Xu Bai and said, “This king is thinking about it. If you can explain this matter and bury the hole, why don’t you say a few words to this king’s wife? When it comes to beating this king, you can do it secretly. Although this king likes it very much, in front of so many people, you can do it secretly in the future.”

Xu Bai felt that if he could make an expression right now, it would definitely be a petrified expression.

Why did it feel like the higher the strength of the game, the weirder these attributes would be?

Forget it, forget it. Fortunately, he was a relatively normal person and was loved by people in the martial arts world.

Look, as long as he made a trip in the martial world, who wouldn’t give him some face? Wasn’t this a sign of being loved?

Xu Bai nodded, waved his hand, and left.

Before he left, he had also inquired about the location of the Ancient Music Sword Sect. He did not stay any longer. After leaving the tent, he immediately soared into the sky and rushed towards the Ancient Moon Sword Sect.

..

It was not far from the border to the Ancient Moon Sword Sect. After all, the Sect Master of the Ancient Moon Sword Sect and King Sheng You were husband and wife, and the distance between them was very close.

It didn’t take long for Xu Bai to arrive.

There were many top forces in the world, such as the Academy, the top ten Buddhist sects, and many Taoist sects.

And the Ancient Moon Sword Sect was also an existence that belonged to a top force. After experiencing so many ups and downs, they still stood tall in this world without any signs of wavering. Their foundation could not be underestimated.

In the pugilistic world, Ancient Sword Sect was very popular.

Other than their strength, their disciples were also upright and upright. These were all signs of their popularity, but what made them the most popular was their inheritance.

Gu Yue Fei's sword technique.

It was not an exaggeration to describe the inheritance of the Ancient Moon Sword Sect as 'taking the enemy's head from a thousand miles away.

Of course, this was also to describe their powerful strength and powerful inheritance.

And the most crucial point was that they used swords.

Who didn't have a martial arts dream?

Most people who had just entered the martial arts world liked swords. The sword had always been a symbol.

In the past, many people liked to hold a long stick and kill in the rape field, fantasizing that they were a chivalrous swordsman.

Although he still couldn't escape from his parents' clutches in the end and painfully admitted his mistake in the midst of a series of screams, it didn't erase the supreme position of the sword in everyone's hearts.

Thus, after combining all these aspects, Gu Yue Sword Sect's reputation in the martial world was truly unparalleled.

When Xu Bai stood at the entrance of the sect, as usual, no one stopped him.

There was not even a notification!

Xu Bai could not help but sigh when he saw the excited gazes and whispers of the Sword Sect disciples beside him. Sometimes, status was really useful.

Of course, the premise was that he didn't hear these guys' sighs.

"Aiyo, they're finally here. There's going to be a good show this time."

"Everyone, guess, will he be chased out by the Sect Master?"

"I don't think so. No matter what, it's still Prince Xu. However, the Sect Master will be very angry."

"That's right, that's right. Ever since the sect master returned, this anger has not subsided."

..

Hearing these conversations, Xu Bai silently turned his head. Then, he took a step forward and used the Phantom Grand Magic to appear in front of a disciple.

The disciple was still whispering when he saw a face full of killing intent. He instantly felt as if he had fallen into an ice cellar, and his legs went weak.

“Come, come here.” Xu Bai was very enthusiastic. He grabbed the disciple’s arm and forcefully dragged him in front of him, looking like a warm-hearted person.

“I’ll give you a chance to organize your words. Tell me what happened, or else...I’ll find a pond and throw it in.”

This sentence was originally very normal.

However, after he finished speaking, the disciple actually revealed a terrified expression.

It had to be said that a frightened expression was very normal, but the words that followed were wrong.

“No! Please don’t, don’t throw it into the pond. I don’t want to be caught by Senior Brother Qin.”

Xu Bai was speechless.

Chapter 953: Xu Bai Is Unwelcomed

Well, Qin Feng was really famous here.

“I won’t throw you into the pond. Tell me, what exactly happened?” Xu Bai was speechless.

The Gu Yue Sword Sect disciple looked dazed and said blankly, “I don’t know. We only know that after the Sect Master beat up Sheng You King, he came back gnashing his teeth and kept calling your name as if he hated you.”

Xu Bai was speechless.

Alright, he really didn’t manage to find out anything.

Due to Chu Yu's relationship with King You Sheng, it did not seem very polite for him to use his divine soul here.

When the other disciples saw Xu Bai looking over, they shook their heads, indicating that they did not know. Their faces turned pale.

In the end, they even added a sentence. The general meaning was that they really didn't want to be hooked up by Senior Brother Qin Feng.

Xu Bai didn't get any useful information, so he ignored them and continued to walk up the mountain road.

The mountain path was built neatly and smoothly. The higher the mountain, the closer Xu Bai was to his destination.

Soon, a platform appeared in front of them. The platform was surrounded by buildings built against the mountain. It looked extremely luxurious.

On the platform, there was an endless stream of Gu Yue Sword Sect disciples.

When Xu Bai stepped onto the platform, he bumped into someone before he could react.

He wore a straw raincoat and a bamboo hat, paired with a pair of straw sandals. He carried a bamboo basket in his left hand, a fishing rod in his right hand, and a long sword on his back.

This nondescript attire was especially eye-catching in the Ancient Moon Sword Sect, so Xu Bai could tell at first glance.

"Brother Qin, you want to go fishing again?" Xu Bai smiled and walked up.

Qin Feng was dressed like a fisherman. When he saw Xu Bai walking over, he quickly retreated. Then, he pretended not to know Xu Bai and chose another path to escape.

Xu Bai raised his eyebrows and stepped in the middle again. "Brother Qin, why does it seem like you've met a passerby when you're meeting an old friend?"

Qin Feng looked up at the sky. "Brother Xu, we're just going to fish. We don't know anything. Don't ask us. We really don't know."

He wasn't sure, but when someone couldn't explain it clearly, that person was the clearest.

Xu Bai quickly pulled Qin Feng to a hidden corner and curiously asked why the sect master of the Ancient Moon Sword Sect didn't like him.

Qin Feng still maintained the expression of looking at the sky, as if he was afraid of saying a word.

However, this expression told Xu Bai that Qin Feng definitely knew something.

Perhaps when dealing with other people, it would be very difficult to use divine souls and violent methods. However, if it was to deal with Qin Feng, it would be very simple.

The easiest way to deal with a fisherman was to fish.

“I have a secret fishing recipe that can help you catch a big fish.””

“Brother Xu, there are many ways to fish in World City. I know my situation very well. You don’t have to fool me.””

Xu Bai rubbed his chin. It seems that this thing is not enough to move Qin Feng.

However, this was not a big problem at all. He had other methods.

“I know a place with a lot of fish.”

Initially, Qin Feng was still looking up at the sky, not wanting to talk to Xu Bai. However, when Xu Bai said this, his expression stiffened slightly.

Then, like a puppet, his raised head slowly returned to its original position in a particularly stiff posture...

“That’s true. Brother Xu, I feel that between you and me, we actually tell each other everything we know. Since Brother Xu wants to know, I’ll tell you.”

Xu Bai was speechless.

..

When Xu Bai walked out from a hidden corner, Qin Feng had already left happily.

Before he left, he grabbed Xu Bai’s hand and thanked him again and again.

Of course, it was Xu Bai’s first time in the Ancient Musical Sword Sect, so he didn’t know where there were many fish.

He had lied to Qin Feng without a conscience. However, these things were not important. What was important was that he knew the reason.

Xu Bai took a deep breath, slowly lifted his feet, and walked toward the largest building...

Chapter 954: Mark (1)

Just now, Xu Bai had already learned about the specific situation from Qin Feng.

However, how to deal with it would depend on the next step.

He was not far from the main hall. This was the largest building. When he came to the door, he found that the two disciples guarding the door silently made way for him.

“Please!”

One of the so-called disciples stretched out his hand and made a gesture of invitation. However, Xu Bai could see that the smile on this guy’s face was obvious.

The corner of Xu Bai’s mouth twitched slightly. Then, he sighed and walked forward. Not long after, he reached the door and knocked on it.

“Enter.”

A voice came from the room. Although it was a female voice, it carried a sense of majesty that made people unable to look straight at it.

The sect master of the Ancient Moon Sword Sect had an extremely high status and was in charge of such a large force. People like him who had been in power for a long time did not need to learn from them. They only needed to subtly influence them and they would be able to have such an imposing manner.

Xu Bai took a deep breath, pushed the door open, and walked in.

The space behind the door was huge. Looking from here, there was a red carpet all the way to the end.

Outside the red carpet, there were exquisitely carved bluestone bricks.

At the end of the red carpet was a huge throne. The throne was inlaid with various gems and looked extremely luxurious.

At the top of the throne was a sword.

This was an ordinary iron sword. Its shape was not exaggerated, and it belonged to the kind that no one would look at if it was thrown anywhere. However, when it was inserted into the throne, it imperceptibly increased the power of this sword.

These were not the most important things. The most important thing was the person sitting on the throne.

A woman in her thirties was dressed in a man's attire.

Although the woman was in her thirties, she was extremely beautiful. The man's attire did not stand out on her, but instead made her look like a sharp sword.

Seeing Xu Bai come in, the woman waved her hand. A sharp sword aura bypassed Xu Bai and closed the door behind her.

The sword qi was originally an offensive weapon, but in the woman's hands, it was like an arm controlling it. Even when it hit the door, it did not cause any damage. This control was already shocking.

Seeing this, Xu Bai took two steps forward and folded his hands."Junior Xu Bai greets Sect Master."

Gu Yue Sword Sect's Sect Master Gu Yao's eyes were cold. After seeing Xu Bai's actions, she chuckled.

Her laughter was cold, as if she was unhappy to see Xu Bai.

"The dignified Prince Xu actually saluted me, this is too unreasonable. If word of this spreads in the pugilistic world, it will probably come to curse my Ancient Moon Sword Sect."Gu Yao's words were filled with ridicule.

"Sect Master," Xu Bai put down his hand helplessly, "I already know why you're hostile to me. But I'm here for something urgent."

Xu Bai explained his purpose.

Gu Yao's eyes were calm as Xu Bai spoke. When Xu Bai finished speaking, she suddenly raised her right hand.

The iron sword stuck in the throne followed her movements and left the throne, falling into her right hand.

The iron sword trembled slightly and emitted a clear sound. It did not seem like a dead object, but rather like a living thing.

“Good stuff.” Even if Xu Bai didn’t care much about artifacts, he could see that this iron sword wasn’t as ordinary as it looked.

“Of course it’s a good sword. It’s passed down from a distant era.”” A sword that can cut through space.” Gu Yao wiped the blade with her finger.” It’s a seventh-grade Saint artifact, and it’s not a one-time use.”

“Hiss...” Xu Bai gasped.

A Seventh Grade Saint might not be as powerful as a Ninth Grade Saint, but it was a treasure, and not a one-time use treasure.

There were very few treasures in the world, let alone saint treasures.

It could be said that with this sword, the Gu Yue Sword Sect’s foundation as a top force would not waver.

Xu Bai rolled his eyes. He could also tell that Gu Yao seemed to be waiting for him to speak. He took a few steps forward and said with a smile,”Sect Master, can I use it?”

Gu Yao shook her iron sword, and the sound from the sword became clearer.””This sword is the foundation of my Ancient Moon Sword Sect. After using it once, it will take a month to use it again.”

“Moreover, due to the special characteristics of this sword space, even if a Ninth Grade Saint comes, I can use it to escape. So, with such a sword, what reason do you have for me to help you?”

The smile on Xu Bai’s face did not change. He had already heard it. Since he could communicate with him, it was not that there was no way. It just depended on whether he could communicate with him.

If he could convince Eunuch Wei, everything would be fine. If he couldn’t, he could go back to Eunuch Wei and think of other ways.

However, Xu Bai knew that this trip would probably succeed.

Seeing that Xu Bai was still able to maintain his smile, the coldness in Gu Yao’s eyes became even more obvious. She inserted her sword back into the throne and waved her sleeves,””You can go. I don’t want to lend it to you.”

“Sect Master, I already know what’s going on, but things have to be resolved, right?” Xu Bai did not take a step back.”

When he said this, Gu Yao’s aura changed. She originally looked like a sword hidden in a scabbard, but now she was like a sharp sword unsheathed.

Chapter 955: Mark (2)

Rolling sword qi rushed over. Every sword qi seemed to split the sky and earth, extremely terrifying.

Xu Bai stood where he was and did not move a single step, allowing the Sword Qi to rush towards him.

Just as the sword Qi was about to touch his body, the sword Qi inexplicably disappeared as if it had never appeared.

Gu Yao's cold gaze softened slightly. "You're a good person. I heard that you're good at fighting above your level. Can you fight a saint now?"

"I think I'll be able to break through to Saint First Order." Xu Bai thought for a moment and said.

He had three Saint Realm Level 1 skills. Although he was not a Saint Realm expert, he believed that he could still fight.

"Good!" Even though Gu Yao was somewhat displeased with Xu Bai, she could not deny his strength.

"Then can it be solved?" Xu Bai asked with a smile.

Gu Yao chuckled. "Do you think it can be resolved? My daughter hasn't been happy for a long time because of you. She even secretly wiped her tears. Tell me, how can this matter be resolved?"

Hearing this, Xu Bai helplessly spread his hands and said, "I really didn't expect this!"

Speaking of which, he felt that his EQ was quite good, but this matter...He really didn't expect it.

"You didn't expect this?" Gu Yao stood up, and her aura began to rise again. "Ye Zi, Chu Ling, Liu Xu, and the little girl beside Chu Ling. You thought of all of them, but you didn't think of Chu Yu?"

Xu Bai narrowed his eyes and said nothing.

Gu Yao continued, "I heard that you even left some words for Liu Xu and Qing Xue to make them very happy. I don't even need to think to know what it was. Back then, that old bastard Shengyou said the same thing to several women."

Xu Bai was speechless.

Alright then.

He had never expected that in the end, Sheng You King would still be attacked.

However, from what he said, it seemed that King Nether had played around quite well in the past, but unfortunately, he was subdued by this tigress in the end.

Terrifying, it was too terrifying.

In the past, what No Flower said was right. Women were tigers!

After Gu Yao pointed at Xu Bai and spoke, her anger subsided a little. She then sat back down on the chair and said, "Come on, tell me a method. From the looks of it, you seem to be able to convince me."

As she spoke, her face was filled with disdain.

Xu Bai scratched his head and didn't think much of it. After all, this expression was the most normal.

Which parent would not protect their children?

Xu Bai Ma was a man who was going to be a father. If one day his children were wronged, he would probably cut them into eight pieces with a knife.

Therefore, putting himself in her shoes, this matter seemed particularly normal.

Of course, the prerequisite was that he had to explain it clearly and make Gu Yao happy.

How could he be happy?

It was actually very simple.

Xu Bai suddenly raised his hands and bowed to Gu Yao.””Mother-in-law, please accept my bow.”

Gu Yao was “...”

Xu Bai stood up and blinked his eyes, meaning that this was enough, right?

To put it simply, it was about Chu Yu.

Can't he agree?

Don't talk about anything else. He was very clear about agreeing to this matter.

Chu Yu was good-looking, and they had gone through many things together. Before this matter was exposed, they were all friends.

But what about after it was broken?

Only a fool wouldn't be willing.

It wasn't like he couldn't have many wives in this world.

If a man was liked by a beautiful woman, and the two of them got along very well, then why couldn't he marry her?

Don't talk about other useless things. As long as it was a normal man, he would agree.

Those who were clingy and wanted to do this and that were cheap bones. Those who did not agree and were ambiguous were scumbags.

Xu Bai himself was not such a person. He treated Liu Xu like this and treated Qing Xue like this.

Gu Yao felt like she was about to collapse. It was the first time she had seen someone like Xu Bai.

She had thought that she would have to waste more time, but the other party's actions and words just now made her stop talking.

"Are you that happy?" Gu Yao said.

"Of course," Xu Bai nodded. "But it's not the right time yet. I have to seize the time to improve my strength. I'll give them a satisfactory answer in the future. I'll definitely be satisfied."

Gu Yao didn't say anything and just stared at Xu Bai.

Xu Bai didn't say anything and just looked back at Gu Yao.

The surroundings became so quiet that one could hear a pin drop.

After a while, Gu Yao silently stood up and pulled out the iron sword from her throne.

“There are two of you, right?”

He didn’t say yes, but this action showed that Xu Bai had passed.

Xu Bai nodded and snapped his fingers. The controlled Wang Xing walked in from the door with a dull expression.

The value of the game is over Gu Yao didn’t waste any time and walked out with her iron sword.

Xu Bai followed closely behind him. After a while, they left the building and headed straight to the back of the mountain.

They went straight up and arrived at the top of the mountain. There was a platform on the top of the mountain that looked very messy.

“Once this iron sword is used, it will attract a terrifying phenomenon, so it’s better to stay here.”

“Tell me, where are you going?” Gu Yao said.”

Xu Bai turned around and looked at Wang Xing.

Wang Xing's eyes were dull as he gave a location.

Gu Yao nodded."

Xu Bai quickly expressed that he knew and would not go back on his word.

I Have Unparalleled Comprehension #Chapter 956: Mark (3) - Read I Have Unparalleled Comprehension Chapter 956: Mark (3)

Chapter 956: Mark (3)

Gu Yao twirled the iron sword in her hand. Soon, a ray of light appeared on the iron sword and landed on a withered grass on the ground.

The withered grass was glowing as Gu Yao pulled it up and handed it to Xu Bai.

"This is..." Xu Bai asked in puzzlement.

"This sword has the attribute of space. This is a temporary gift. The withered grass can store things for a month. If the withered grass loses its effect after a month, the stored things will run out."Gu Yao explained.

Xu Bai suddenly realized that there was a huge space hidden in the withered grass.

This kind of thing was temporary and could not be prepared in large quantities. Moreover, it seemed that the iron sword would also be consumed, so Xu Bai could only use it as a temporary emergency.

But this was enough.

This trip was for those treasures. He could bring them along alone. At most, he could make a few more packages, but they were too eye-catching. With this withered grass, it would be much more convenient.

"Thank you, mother-in-law!" When Xu Bai spoke, he didn't even blush.

Gu Yao only nodded and did not say anything else. She stretched out her hand and wiped the sword. Her fingertip was cut by the sword, and blood seeped into the iron sword.

The iron sword was like a huge sponge that instantly absorbed the blood. At the same time, the ordinary-looking iron sword became a little sharp.

The air around the iron sword became distorted. At the same time, Xu Bai saw fine cracks in the air around the iron sword.

Space!

It was a saint level treasure that could break through the space limit, and it was showing its power at this moment.

“Go!”

Gu Yao didn't make any big movements. She just let go of her hand and let the iron sword leave.

In the next moment, the iron sword seemed to have a soul as it directly disappeared into the sky and soon disappeared without a trace.

Under Xu Bai's puzzled gaze, a huge pillar of light suddenly appeared in the sky and landed on an empty space not far away.

Gu Yao pointed at the pillar of light.”

Of course, Xu Bai didn't mean that he didn't trust her.

Time was of the essence. He thanked Wang Xing and led him into the light pillar.

As soon as they entered, the light pillar suddenly shrank and disappeared. Xu Bai and Wang Xing were nowhere to be seen.

A small black dot appeared in the sky and gradually enlarged in the blink of an eye. The iron sword fell from the sky.

Gu Yao stretched out her hand and held the iron sword in her hand. The corners of her mouth curled up slightly, and her men's clothing could not hide her fierce posture.”Mother-in-law... This title is not bad.”

Her mood had improved, and her footsteps were much lighter. She walked slowly along the mountain path back...

..

After Xu Bai entered the light pillar, he didn't feel any discomfort, as if he was still standing in the same place. However, his vision blurred.

He realized that he could hear the sound of waves.

He turned around and found himself standing on a beach. Behind him were the raging waves that were crashing against the shore.

Wang Xing stood next to him, his face still as lifeless as a wooden block.

This was a small island, an extremely remote island. There was no one there.

The island was full of rocks, and there weren't many trees.

With how remote this place was, even if they knew of its existence, Great Chu would not care.

"Lead the way," Xu Bai said.

He was very excited. After going through all kinds of obstacles, he had finally arrived here. Now, he only wanted to go to the place where the treasures were stored and loot everything inside.

Wang Xing received Xu Bai's instruction and led the way silently.

They soon arrived at a cave on the deserted island. When Wang Xing led Xu Bai into the cave, Xu Bai realized how many treasures these guys had collected.

The cave was not too complicated. After all, this place was too remote, so there was no need to do such secretive things.

When Xu Bai came to the cave, he found that it was a different world.

Inside the huge cave, all kinds of treasures were dazzling. At a glance, one's eyes were filled with dazzling golden light.

Books, artifacts, pills...

All kinds of treasures were placed in different categories. Each category was piled up like a small mountain.

"I'm rich, I'm rich, I'm really rich this time!" Xu Bai's eyes lit up, focusing on the small pile of secret manuals. There were hundreds of extraordinary secret manuals. At a glance, they were all shining progress bars.

He knew that he had struck it rich this time.

Without further ado, Xu Baicong took out the withered grass that Gu Yao had given him and circulated his True Core Strength.

The withered grass had a huge suction force, and the mountain of treasures was sucked in by him.

In the blink of an eye, the karst cave in front of him had become empty.

In exchange, it was only a slightly heavy withered grass.

Xu Bai narrowed his eyes. After putting the withered grass back into his arms, he turned to Wang Xing and said, "Next, it's your turn to call your companions over."

He wanted to take the treasure and kill the person.

He didn't want to delay either of the two things. Otherwise, he would have made a wasted trip.

Wang Xing nodded and sat cross-legged on the ground.

Xu Bai didn't know how Wang Xing contacted his accomplices, but he knew that Wang Xing was absolutely loyal after being controlled by him, so he waited patiently.

However, judging from Wang Xing's current appearance, there should be a special method of communication between them, and it was extremely mysterious.

"It's all because of that huge eye. What exactly is he?" Xu Bai took advantage of this spare time to think.

I Have Unparalleled Comprehension #Chapter 957: Mark (4) - Read I Have Unparalleled Comprehension Chapter 957: Mark (4)

Chapter 957: Mark (4)

After a while, Wang Xing opened his eyes.

"It takes time for them to rush over, and they didn't rush over together."

Xu Bai nodded, understanding the meaning behind it.

His True Core Strength surged, and his body swayed. He had already transformed into another person.

This was also one of Wang Xing's companions. He had personally sent him away before he left. It was absolutely safe to become this person.

"Then, let's wait and see." Xu Bai thought.

He found a seat and sat down patiently. While waiting, he took out a book and started to check the progress bar.

..

Time gradually passed. In the blink of an eye, three to five days had passed.

In the past three to five days, Xu Bai had been working on the progress bar for the first day, but he hadn't been working on it for the rest of the time.

In the past few days, people had come one after another. As soon as they came, they were controlled by Xu Bai. In the past few days, he had already controlled dozens of people.

More than half of the hundreds of people were under his control. Xu Bai felt that this matter was settled.

During this period of time, Xu Bai's life was quite regular. Every day, he would be outside enjoying the sea breeze and watching the progress bar.

When they arrived, they controlled the situation. The entire process was extremely pleasant.

Humans always yearned for a better life. In Xu Bai's mind, when life was peaceful, he would either live in seclusion in the city or live on an island like this with his woman. That would be wonderful.

Lying on a rock, Xu Bai looked at the progress bar.

Around him, dozens of people stood like blocks of wood.

Xu Bai didn't kill them, so keeping them alive could avoid suspicion.

The people who came were all extraordinary experts, and they had flown over. If they saw that there were very few people on the island, they would definitely be suspicious. This would greatly reduce the possibility of being suspected.

When the time came, he could kill them all together and save him a lot of trouble.

Not far away, Wang Xing quickly ran over.

"The rest are all here."

Xu Bai stood up from the rock, put the book back into the withered grass, and looked at the sky in the distance.

At the end of the sky, dozens of figures were rushing over.

“You guys have finally gathered. Alright, I can finally send you on your way.” Xu Bai laughed.

As soon as he finished speaking, the dozens of figures had already descended from the sky and landed on the island.

Before they could stand firm, Xu Bai circulated his Refined Qi.

In the next moment, all the Transcendents present were under his control.

Xu Bai let out a long breath and rubbed his forehead. He still felt a little tired.

Using the Saint Level One skill to control more than a hundred Transcendent experts, he himself was only a Transcendent Level Nine, so it was normal for him to take a lot of effort. He estimated that he would not be able to control them after a few more.

“Is the number correct?” Xu Bai looked at Wang Xing.

Wang Xing nodded, indicating that the number of people was correct.

Only then did Xu Bai stretch his neck. His True Core Strength surged again. His divine soul carried a terrifying pressure as it swept toward everyone present.

In an instant, this group of people was killed by Xu Bai and turned into corpses.

Xu Bai didn't feel anything at all. This was how he treated his enemies. If he didn't treat them ruthlessly, he might be the one to die.

“Yes, the matter here is considered finished. Next, I will quietly return to the land of the barbarians.”

This trip only included going out but not returning. After all, even if it was an iron sword, it couldn't send them back and forth, so Xu Bai had to hurry back quietly.

Of course, there was no problem at all. After all, the two barbarians still didn't know that he had left.

Xu Bai stretched his body, which had been warmed up by the sun, and prepared to fly into the sky and continue on his way.

Just as he was about to fly up, his heart suddenly skipped a beat. Then, he felt a huge pain in his head.

“What's going on?”

Xu Bai pressed his forehead with his hand and found that it was covered in sweat.

He felt as if something had burrowed into his forehead and left a mark.

Chapter 958: Danger! Use Fusion Technique!_1

Mark!

He could clearly feel that something had appeared in his mind.

Xu Bai, who was sweating profusely, wiped the sweat off his forehead with his hand. The feeling he had at the beginning was slowly fading away.

As he circulated his true essence and sank his consciousness into his mind, he discovered that there was an eye flashing between his eyebrows.

This eye was very small, but from its outline and appearance, it was exactly the same as the huge eye he had seen before.

It looked like the giant eye that had been shrunk countless times.

"This is a mark. It seems to remember my location." Xu Bai instantly understood.

After he killed these people, the huge eye used some unknown method to actually leave a miniature version of the eye in his mind.

Most importantly, there was no reaction from his golden finger.

Moreover, there was a consciousness that told him that his current position had been exposed. He had already been exposed in front of the huge eye.

"You're still imprisoned, and you want to kill me so badly, but you can't get out now." Xu Bai raised his head, his gaze gradually turning cold.

This time, the threat of the giant eye was getting bigger and bigger.

He didn't know if the huge eyes could hear what he had just said, but he felt that he had to say it.

After saying that, Xu Bai quickly calmed himself down and tried to touch the miniature version of the huge eye with his soul.

When his soul touched the miniature eye, the vertical eye suddenly vibrated and bounced his soul away.

The Soul Slaying Technique was also a Level One Saint, but it couldn't do anything to this miniature eye. It couldn't even touch it.

"Damn it, I really have a headache." Xu Bai rubbed his forehead and was speechless at the sight of the miniature eyes.

Keeping this thing in his mind was equivalent to exposing his coordinates. The huge eye was currently in a cage, but once it appeared from the cage, it would definitely find him immediately. At that time, it would really be troublesome.

He still remembered the scene he saw in the illusion bead not long ago. The huge eye descended on the sect master of the God Invitation Sect and easily killed the surrounding Saints. This proved that the huge eye itself was even higher than the Saint Realm, or at least an Ex-Saint Realm.

Being noticed by someone who had reached the Saint Realm wasn't just a bad feeling. It was a very bad feeling.

"Anyway, let's get out of here first. There are still two Barbarian Saints waiting for me. I have to eliminate this danger first."

Xu Bai was far away now. He had to go back quietly and study the eye slowly. He had to reach the Saint Realm at least to find a way to break it.

Thinking of this, he did not stay any longer and prepared to fly into the sky.

However, at this moment, Xu Bai suddenly felt an intense pain in his mind.

This pain came very quickly without any warning. It was as if someone had taken a steel thorn and stabbed it into his head.

Due to the sudden pain, Xu Bai froze on the spot.

A dark purple mark appeared between his eyebrows. The outline of this mark was exactly the same as the giant eye.

When the mark appeared, it quickly separated from his forehead and floated in the air.

When the mark appeared in the air, the pain in Xu Bai's mind slowly dissipated.

He raised his head and looked at the mark in the air, but his brows furrowed tightly.

The pain and the pain disappeared in just a short moment. Very few things could happen in that moment.

The mark in the air made Xu Bai sink his consciousness into his soul and realize that the miniature eye in his mind was gone.

“You ran out?”

The shrunken eye followed his forehead and floated into the air, becoming an existence similar to a mark.

There was only a dark purple outline of the mark. It looked like an eye, and it was extremely blurry.

Looking at the mark in front of him, Xu Bai instantly felt a sense of danger. He felt a chill that made his hair stand on end.

Although the mark was blurry, it looked down at Xu Bai like a giant looking at an ant.

This situation made Xu Bai very uncomfortable. He raised his hand, and a bright white light appeared on his palm.

At this moment, Xu Bai seemed to be holding a ball of stars, dazzling and dazzling.

The sea breeze blew by the sea, causing Xu Bai's sleeves to flutter.

Along with the sea breeze, the white light in Xu Bai's hand became even more glaring.

There was a despairing killing might that was faintly discernible within the blinding white light.

Xu Bai narrowed his eyes and sent out the white light in his hand...

All kinds of attacks!

No matter what, he could not let this thing stay. Since it had already appeared in his body, destroying it was the best outcome.

Therefore, when he saw the mark, Xu Bai didn't think about anything else. He had to destroy the mark first to ensure his own safety.

All kinds of attacks were launched, and dazzling white light shot out like the sun. The entire island began to tremble violently as if it was submitting to the white light. The seawater was evaporating into a hazy fog, rising into the air gracefully.

In the blink of an eye, a white light as bright as the sun approached and landed on the mark that was suffused with purple light.

I Have Unparalleled Comprehension #Chapter 959: Danger! Use Fusion Technique!_2 - Read I Have Unparalleled Comprehension Chapter 959: Danger! Use Fusion Technique!_2

Chapter 959: Danger! Use Fusion Technique!_2

The white light that was like a scorching sun exploded like boiling water, turning into a ball of white without any other colors.

The red sun in the sky also became timid because of the appearance of this white light. It was actually covered by the white light and was completely inferior.

After a while, when the white light disappeared, there was nothing in front of him.

However, Xu Bai did not let his guard down. On the contrary, he turned his gaze to the ground of the island.

Just a moment ago, the mark left behind by the huge eye had disappeared, but it did not mean that it had been destroyed.

“Stomp...”

A series of dull footsteps sounded. Xu Bai suddenly turned around and looked to his side.

Not far from his right side, a figure was slowly approaching. When Xu Bai saw the figure’s true appearance, his frown became even more intense.

The person was not wearing any clothes, but there was nothing exposed. Instead, it was all twisted.

Due to the distorted air, one could not see its true appearance. Even its face was shrouded in a layer of fog, looking extremely evil.

“You...” Xu Bai reacted and spoke. He had just said one word, but before he could finish, the other party suddenly launched an attack.

The attack came very suddenly. Fortunately, Xu Bai reacted very quickly. He disappeared almost at the same time as the other party.

“Boom!”

Explosions rang out one after another. The entire island was left with afterimages that kept colliding. It was like two deadly machines that kept colliding.

The aftershock from the collision made the island unable to resist anymore.

The island began to crumble and sink to the bottom of the sea, but the attack between the two sides was still not over.

Xu Bai's body was wrapped in a layer of golden light, and his hands were white balls of light. He attacked the figureless figure.

The faceless man did the same thing. He did the same thing as Xu Bai and did not defend himself at all.

The two fists bombarded each other without holding back, bringing about waves of sound waves.

A huge whirlpool appeared on the boundless sea surface and was gradually expanding. As the whirlpool expanded, the surrounding sea level was rising at a visible speed.

It was as if there was a huge force pushing the surrounding seawater, and the entire world was filled with seawater.

Xu Bai did not dodge. When the faceless man's fist landed on his body, the golden light on his body flickered, but he was able to withstand it.

On the contrary, the faceless man did not dodge either. However, he did not have Xu Bai's defense. He relied on his body to withstand the attack.

Even so, it was still extremely terrifying. This faceless figure's physical body was unbelievably strong, because Xu Bai had never seen anyone who could withstand his attacks with their physical body.

Although he thought so, his hands did not slow down at all. The attacks of the two were dazzling. If one was weak, they would not even be able to sense that there was someone here.

The waves were getting higher and higher. From this angle, the waves that connected the sky and the earth were centered on the two of them. As they got higher and higher, the bottom of the sea actually appeared in front of them.

“No, this is not a solution.” Once again, he used all kinds of attacks to bombard the faceless figure's chest. Xu Bai was already thinking.

His opponent was very strong, so strong that it was unbelievable. Other than all kinds of strange techniques and miscellaneous techniques, he had combined all kinds of attacks, support, and defense into one, but he was only able to fight evenly with his opponent.

The most important thing was that the current situation was very unfavorable to him. All three abilities were at the first level of the Saint Realm, but he was only a ninth grade Transcendent.

Although it was very powerful if he forcefully used it, if he dragged it out for too long, he would suffer a huge loss.

This was the trouble of not being able to keep up with his realm. At this moment, Xu Bai could feel that the true essence force in his kidneys was rapidly decreasing.

That was a myriad of supplementary True Core Strength. Although it was at the first level of the Saint Realm, it could not withstand such consumption. Once it was exhausted, it would be the True Core Strength of his own Transcendental Ninth Grade.

Moreover, it seemed like the faceless man was determined to take him down. Otherwise, he would definitely not let the matter rest.

“Run?”

He couldn't run away.

The reason was simple. The faceless man's speed was not any slower than his, and it would also consume his True Core Strength. To him, it was just a delay in losing.

Most importantly, if the two of them were chasing each other, Xu Bai would have to do his best, which would cause a lot of trouble. These things might be noticed by the two Barbarian Saints, which would be a big problem.

“Do I have to use my golden finger? No, I definitely can't use it. If it was someone else, I might use it, but against this thing, I definitely can't use it!”

Xu Bai had originally wanted to activate the cheat and let it help him escape, but after thinking about it, this method was not reliable at all.

The giant eye's thoughts were very tight. It was obvious that after Xu Bai killed its backup plan, the faceless shadow was drawn out.

Then, there was a chance that the cheat would lead to something else.

After all, in Xu Bai's mind, there was a deep connection between the golden finger and the giant eye.

While he was thinking about this, he exchanged another hundred moves with the faceless man.

Xu Bai could feel that the Refined Qi in his kidneys had reached a warning level. If this continued for at most half an hour, all of his Refined Qi would be exhausted. At that time, he would really have no power to resist.

Chapter 960: Danger! Use Fusion Technique!_3

“How ruthless. Why did they send an iron bastard over?”

He sighed and tried to escape while facing the faceless shadow’s attack.

However, this time, he didn’t just fly away. Instead, he used another method.

Xu Bai retracted his hand and quickly descended into the sea.

As he pulled back his hands, the waves that connected the sky and the earth returned to normal, constantly making terrifying crashing sounds.

One of all kinds of miscellaneous techniques—————

All kinds of miscellaneous skills were of the highest level, which was Saint Realm Level 3. Due to the improvement of all kinds of miscellaneous skills, this skill had also been upgraded to Saint Realm Level 3. In the water, Xu Bai was more agile than on land.

Xu Bai wanted to give it a try. Perhaps he could escape from this vast sea.

He tightly held the bag of withered grass that contained all the treasures in his hand. In just a blink of an eye, he had already covered an astonishing distance.

In the sky, the faceless figure also stopped after Xu Bai gave up his attack.

A vertical pupil appeared on his forehead.

At the same time, his four limbs kept twisting and turning, leaving the original appearance of four limbs and turning into four incomparably huge fins.

“Puff!”

As a figure entered the water, the faceless figure dived into the bottom of the sea. He was even faster than Xu Bai and chased after him.

In a hurry, Xu Hai suddenly turned his head. When he saw the scene behind him, his eyes widened.

“What ability is this?”

It was the first time he had seen someone turn their limbs into fins, so he was surprised.

Of course, aside from being surprised, he already knew that he really had no way of escaping.

“Could it be that I can only rely on my cheat? No, I absolutely can’t use it, or it will cause unknown danger. That huge eye might be waiting for me to use my cheat.”

Xu Bai thought of this again, but he quickly dismissed it.

He looked at the faceless man who was getting closer and closer, and a glimmer of light appeared in his heart. It was gradually enlarging, and his mind gradually became flexible.

This faceless figure was very strong.

No matter which aspect it was, it was ridiculously strong. Moreover, it was just a little stronger than him. The other party seemed to have specially set it according to his template.

Xu Bai thought of the eyes in his mind. Perhaps that was the reason.

Then, this was the way to break through!

No matter what direction the other party came from, he was just a little stronger than him. As long as he was stronger than the other party, wouldn’t he be able to counterattack?

Then how could he be stronger than the other party?

He just needed to make a temporary breakthrough.

He still had something that could increase his strength with just a glance. Although he did not know how much he could increase his strength, this was the best way.

If this method could not solve the problem, then he could only rely on the golden finger.

Thinking of this, Xu Bai stopped running. Instead, he swam upward. In the blink of an eye, he had already rushed out of the sea and stopped in midair.

Behind him, the faceless man also rushed out of the sea. The fins on his body instantly turned into four limbs and pounced toward Xu Bai.

Xu Bai took advantage of this gap and took out a book from the withered grass.

There was a golden progress bar on the book. He was just a little bit away from completing it.

— ——————

He originally thought that he would use it after he accumulated more skills, but now it seemed that he could not.

The other party had forced him to this point. If he didn't use it now, he would be waiting for failure, and Xu Bai didn't want to taste failure.

He looked at the progress bar in his hand, which was filled up instantly. At the same time, a light blue smoke appeared in front of his eyes.

[You have studied the experiences of failing to become a saint and comprehended the fusion technique!]

[Fusion option found, fusing...]

Xu Bai didn't look at the light blue smoke, because the faceless figure was already attacking him.

He could only see that a large number of skills had appeared. Under the effect of the fusion technique, they were gradually disappearing. These skills were obtained from the ruins not long ago.

The True Core Strength in his body was still disappearing, and it was getting closer and closer to exhaustion. However, the faceless figure was still alive and kicking.

At this moment, the blue smoke in front of him finally changed.

[Fusion successful!]

In front of Xu Bai, the latest attribute panel appeared.

[Name: Xu Bai]

[Realm: Transcendental ninth-grade unspecialized.]

[Myriad Form Heavenly Summoning Art (Transcendent Rank 9.1):[Maximum level.]

[Myriad Attack (Saint Realm Level 2):[Maximum level.]

[Myriad Defense (Saint Realm Level 2):[Maximum level.]

[All kinds of spells (Saint Level 3):[Maximum level.]

[All kinds of support (Saint Level 2):[Maximum level.]

[Myriad Mystical Technique (Saint Level 1):[Maximum level.]

” Comprehension: Maximum level.”

..

There were no changes to the various miscellaneous techniques, but the rest had all been upgraded to a new level.

The Great Phantom Art was gone, and it had been merged into the myriad of strange techniques, making them reach the first level of Saint Realm.

A powerful feeling surged through Xu Bai’s body.

At the same time, he realized that the other party’s attack had fallen to a level compared to before.

“Very good, very comfortable!”

Although there was no change in his level, his current ability had made great progress compared to before.

“What a pity. If it weren’t for you, I could have saved up a little more.”

Xu Bai’s hand once again exploded with a fierce white light. This time, the white light was even more terrifying than before.

Chapter 961: Danger! Use Fusion Technique!_4

If the white light before was like a mountain, the white light now was a mountain range.

With the white light in his hand, Xu Bai pressed his hand on the faceless man's chest.

With Xu Bai as the center, dazzling light filled the air, making it impossible to see what was happening inside.

After a long time, the light gradually dissipated.

In the sky, only Xu Bai was left. The faceless figure had already disappeared.

“Hu...”

Xu Bai let out a long breath and relaxed a little.

Sure enough, as he had expected, the faceless man's overall strength was only slightly higher than his.

As he improved, the faceless figure's strength became relatively weak. That move just now directly shattered the faceless figure.

Looking at the empty sky, although he felt relaxed, Xu Bai's sense of urgency deepened.

“Let's leave this place first. After we go back, we should become a saint as soon as possible. Otherwise, when danger comes, we won't be able to resist it.”

Thinking of this, Xu Bai did not plan to stay any longer. He turned around and prepared to leave.

However, at this moment, before he could take two steps, a gust of wind came from behind him.

Xu Bai turned his head abruptly and found that there were dense light spots in the sky. These light spots were constantly converging.

In the blink of an eye, the light spot turned into a huge eye.

At this moment, this huge eyeball was exactly the same as the one he saw in the ruins. It was not a smaller version.

However, there were still some differences. This eye looked slightly illusory, as if it would disappear at any moment.

Xu Bai only paused for a moment. His huge eyes emitted a strong light, and the surrounding scenery gradually faded.

The void in front of him distorted as if something was about to come out.

“This is...The entrance to the ruins?”

Xu Bai could feel that he was surrounded by the entrance of the ruins, and it was impossible for him to escape.

He already knew what the huge eye wanted to do.

Although this guy was imprisoned in the ruins, he still had some tricks up his sleeve. Since he had exposed his location just now, he actually wanted to create an entrance to the ruins and drag him into the ruins.

If he was really dragged in, then only death awaited him.

“No, we can’t be dragged in!”

That was what he thought, but there was no place for him to lay his hands on now.

The surroundings were filled with entrances to the ruins. As long as he moved slightly, he would encounter them. Moreover, these entrances were still spreading. Even if he did not move, he would be drowned.

“You f * cking hate me that much. No, you should hate Xiao Jin, right?”

Under this kind of crisis and urgency, Xu Bai had the courage to go all out. He suddenly felt that it was time for him to risk his life.

Without any hesitation, when the relic was about to touch him, Xu Bai used all kinds of attacks, but all of them were aimed at his soul.

“Didn’t you want to deal with me? Fine, I’ll let you see what you want to deal with.”

“I don’t have a choice. You two go and play by yourselves!”

Open!

Xu Bai's divine soul was in pain. He held his head and shook it gently.

He didn't scream, but he couldn't control his instinctive reaction to the pain.

Fortunately, the pain was very fast, and he instantly fell into a blur.

At the same time, his tightly shut eyes opened. One side was grayish-white, while the other was golden.

The madness formed by chaos and rationality was no longer the change of the heavens. It was as if he himself was the madness.

Those eyes were emotionless as they stared at the huge eye.

" Xu Bai " raised his hand. The surrounding space was being torn apart.

The entrance of the ruins was torn open, and Xu Bai stepped in without hesitation.

At the end of this opening were terrifying shadows.

..

Today, the monsters in the Bizarre City discovered that they had welcomed a terrifying human.

Chapter 962: Corpse Mountain Blood Sea (1)

The Bizarre Demon City was still the same as usual. The blood moon hung high in the sky and darkness filled the air.

The whole street was empty and deserted. The demons walked numbly on the street.

Currently, the Human and Evil Cities in the Kingdom of Gui and Evil Cities in the Kingdom of Gui were at war. Up until now, many powerful Evil and Evil Cities in the Kingdom of Gui had already participated in the war.

Originally, these streets were quite lively, but now there were only a few demons walking around.

The strength of the two bizarre markets was on par with each other, and the two were balanced. This battle would probably take a while, and it was unknown who would win and who would lose.

However, this had nothing to do with them. They were just some demons living at the bottom of the society. Now, they could only seize the last of their free time and enjoy it as much as possible.

The two monsters were chatting in front of the stall. Most of their conversation was about how long this battle would last.

“How long can we fight? No matter how long they fought, there were only two outcomes.”

“Whether we win or they win, it’s useless to us low-level monsters.”

“The human market? ” I don’t know. Not long ago, the Saint Realm experts of the Humanoid and Bizarre Market were very cunning. The Saint Realm expert who came in seemed to be the emperor of the human world. The Saint Realm experts of the Humanoid and Bizarre Market wanted to lure him here.”

“Oh? There was such a thing? The two of them told each other in detail. Recently, they had been out of the game and there was no exciting news.”

“It failed. We discovered it and sent it back. Now, the Bizarre City is not peaceful.”

The two monsters chatted casually about some important news that had happened recently.

There were also some scattered monsters beside them. After hearing the conversation between the two monsters, they came over to listen and interrupted before leaving.

There was always a time to talk about topics.

After chatting for a while, the two monsters found it boring. One of them was about to leave, but before he turned around, he heard the monster beside him let out a surprised cry.

“What is that thing?”

The voice was especially loud, attracting the surrounding monsters. All the monsters looked in the direction of the voice and saw a terrifying phenomenon.

At the end of a street not far away, space began to distort like worms, making him dizzy.

Moreover, this distorted space actually gradually expanded. In the eyes of all the monsters, when this space expanded to the height of a person, it slowly stopped.

For some reason, the demons present felt a tremble, as if something terrifying was about to appear from inside.

They had all died once, so they trusted their instincts. Immediately, one of the monsters wanted to turn around and escape.

However, it was too late to escape now. A crack appeared in the distorted space, and a young man walked out.

The young man was handsome and had an elegant and otherworldly aura, but there was a sharp aura about him.

His eyes were of different colors. His left eye was golden while his right eye was grayish-white.

The moment this man walked out, all the monsters felt a bone-chilling coldness. That coldness came from the bottom of their hearts and gradually spread throughout their bodies.

“His eyes are so cold.”

“This is a human! But why was he unscathed in the Bizarre Demon City?”

“I know who he is. There was someone who entered the Bizarre Demon City unscathed before. It seems to be him!”

“Run, what are you all standing there for?”

Although there weren't many demons on this street, they knew that they had to run for their lives to save their lives.

” Xu Bai's ” golden pupil rotated slightly, while the other gray-white pupil remained the same.

As the golden pupil spun, time seemed to slow down.

The escaping monsters stopped in their tracks, and their speed was slowed down infinitely.

Xu Bai's face was cold like ice.

This wasn't an act of arrogance, but the indifference of a person standing at the top to the ants below.

“Crack!”

A crisp sound rang out, sounding particularly abrupt in the dark and quiet street.

With a crisp sound, spiderweb-like cracks appeared on the slowed monsters. In the blink of an eye, they turned into ashes that filled the sky.

“Uh... Ah!”

A muffled groan was heard. Xu Bai held his head and slowly squatted down.

With him as the center, gold and grayish-white intertwined and spread in all directions.

Everywhere it passed, it turned into ashes.

In an instant, the entire city had turned into nothingness.

The golden and gray-white color continued to extend as if there was no end to it.

..

On a mountain.

A demon with two horns on its head was scolding a one-legged demon beside it.

“What bullsh * t battle? You want to go to the battlefield? Let me tell you, those higher-ups are the main characters this time.”

“The most important thing is to stay alive. No matter if we win or lose, there’s no harm to us low-level monsters.”

“If we win, we’ll still live our previous lives. If we lose, the Bizarre City won’t be able to kill all of us. It’s just that we’ll live a little worse. It’s better than losing our lives!”

The single-horned demon lowered its head weakly and looked listless when it heard the scolding.

The twin-horned demon seemed to have not had enough of talking and continued to talk. This time, it was about the human world.

“Don’t get involved. It’s better to settle the matter here as soon as possible. It’s better for us to focus on the human world.”

Chapter 963: Mountain of Corpses and Sea of Blood (2)

“When that time comes, we will destroy the human world. We don’t know how much better our lives will be compared to now, so survival is the most important thing, understand?”

The single-horned demon nodded repeatedly.

They had also come to the Bizarre Demon City after the death of their brothers.

The single-horned demon wanted to go to the battlefield, but he was stopped by his brother. Now that he was being scolded, he could only give up for the time being.

However...

Thinking that he could attack the human world, he licked his lips and revealed a bloodthirsty smile.

At this moment, a gust of wind suddenly blew in, allowing him to regain his senses.

“What’s that?”

The single-horned demon looked in a strange direction with a face full of disbelief.

His gaze fell into the distance, and in the distance, there was a madness that was intertwined with gold and grayish-white. It was approaching at a speed that made people speechless.

The twin-horned demon also realized that something was wrong.

A sense of danger burst out from his heart. He only said the word “run” and prepared to turn around and escape.

However, the golden and grayish-white madness seemed to be moving very slowly, but its true speed was unimaginable.

Just as the word ” Go ” fell, the madness formed by the interweaving of gold and grayish-white color covered the entire mountain.

The two demonic beasts did not even have the time to scream out before they turned into ashes along with the mountain...

Scenes like this were repeating themselves in many places.

Xu Bai was still in the state of a cheat. He held his head and trembled on the ground.

However, the madness of his gray-white and golden-colored intertwtwining was still spreading. The area it covered was getting wider and wider, so wide that it was suffocating.

If it continued to spread at this speed, the entire Bizarre Demon City would be covered by it.

Xu Bai was still squatting on the ground with his hands on his head. His body was trembling, and his eyes were wide open. The gray-white and golden pupils did not disappear. Instead, they became more and more solid.

“Who dares to cause trouble in the Bizarre Demon City!”

At this moment, a loud shout sounded. A figure with a golden and grayish-white madness was quickly rushing over.

The figure gradually became clearer. It was a middle-aged man with wings on his back.

The middle-aged man's aura was very strong. The surrounding madness circulated around his body and did not invade into it.

Saint!

Zhou Sheng was speechless. He was dealing with the various arrangements in the Human-Bizarre City on the battlefield.

People at the top like them had all gathered on the battlefield to fight with the Human-Bizarre Market with all their might.

But today, something different happened.

For some reason, they felt a powerful force attacking them, destroying everything in the Bizarre Demon City.

However, there was no way to spare any manpower since they were constantly fighting with the Human-Bizarre Market. Therefore, they could only transfer a Saint Realm expert over at the last minute, and this Saint Realm expert was Zhou Sheng.

Seeing that half of the Bizarre Demon City had been destroyed, Zhou Sheng's anger grew as he rushed over.

Originally, they were fighting each other on the battlefield, and both sides were evenly matched. Now that Emperor Chu had appeared in the Humanoid and Bizarre City, they were leaning towards the weaker side.

They thought that they could use this opportunity to obtain victory, but this happened today.

Qi!

Extremely angry!

Zhou Sheng looked at the man squatting on the ground and holding his head. He spread his wings without hesitation.

Behind him, a black shadow was gradually condensing. In the blink of an eye, it turned into a huge eagle.

The eagle spread its wings and covered the world. Its aura was so powerful that it made all living beings bow their heads.

In the next moment, Zhou Sheng slowly raised his right hand and clenched it into a fist. He punched at Xu Bai from a distance.

The distance was very far, but when the fist landed, the eagle phantom behind him flapped its wings and turned into a stream of light. With a destructive might, it swept toward Xu Bai.

Xu Bai was still holding his head as if he was in pain. He did not notice the destructive attack.

The shadow got closer and closer to Xu Bai, and the sense of danger grew stronger.

At this moment, Xu Bai, who had been holding his head, suddenly raised his head. His eyes were calm and indifferent, as if he regarded all living beings as equals, and he stood above all living beings.

The golden and grayish-white eyes moved at the same time, bringing with them a strange atmosphere that made one's hair stand on end.

Time seemed to slow down and stop. The eagle's speed had become extremely slow.

Zhou Sheng's forehead was covered in cold sweat. He realized that he could not move.

"This is not time, this is... Madness!"

He felt that he had become two parts, one part rational and the other chaotic. When the two parts merged together, the madness made him unable to move.

To be precise, he could move, but he had to submit to this crazy power and completely turn into something without emotions.

The reason why he didn't move now was that he was trying his best to resist that madness. As long as he moved half a step, he would be like a small boat on the waves, overturned by the torrential waves.

"Impossible, what is he? I'm a ninth-grade Saint!"

Zhou Sheng knew that he was panicking now, but he had no choice but to panic in this situation. If it were anyone else, they would panic. They couldn't fight, they couldn't escape, and most importantly, he couldn't even move a step.

He was a ninth-grade Saint, so he could clearly feel the madness in his mind. It was as if countless individuals were talking in his mind, making him almost go crazy.

Chapter 964: Mountain of Corpses and Sea of Blood (3)

“Don’t, don’t kill me, I beg you!”

Seeing that Xu Bai had already stood up, Zhou Sheng walked towards him with an indifferent expression. His legs were trembling as he begged.

Xu Bai was emotionless. He slowly raised his right hand and pointed at Zhou Sheng with his index finger.

The madness in the surroundings seemed to have found a point to pour out, and all of it poured out toward Zhou Sheng.

In the next moment, Zhou Sheng’s eyes turned red. He raised his head and roared, letting out a miserable cry.

His eyes were filled with madness. He lowered his head and looked at his hands. Suddenly, he reached out and grabbed his wings crazily, tearing them apart.

“Bang!”

In an instant, the sky was filled with blood mist, dyeing the entire sky red.

Zhou Sheng’s life force was gradually weakening. He turned around and looked at Xu Bai. The madness in his eyes was still burning like fire.

“I... Know Who You Are! You are...”

Before he could finish his words, he was already dead.

When a Saint died, the world changed.

The entire sky became even more blood-red, and it was filled with a sense of oppression.

At this moment, Xu Bai did not continue to stay. After he killed Zhou Sheng, it was as if he had found a suitable point to vent his anger and let him no longer suffer.

However, his eyes were still the same as before. There was no change in them at all, but they were no longer in pain.

Xu Bai turned around and ignored the mess on the scene. He lifted his feet and walked in a direction. He walked slowly, but every step was very stable. His face still had that indifferent expression.

Gradually, he rose into the sky and disappeared into the horizon.

..

On the battlefield of the Bizarre Market.

Corpses were strewn all over the ground, and smoke rose everywhere.

In this place, life seemed to be free. Both sides were killing with all their might.

Due to the arrival of the Chu Emperor, victory in this tragic battlefield was now in the favor of the Bizarre Demon City. All the Bizarre Demons in the Bizarre Demon City felt that they had seen the dawn of victory.

However, the current situation had changed.

“Pa!”

The four-eyed saint demon slammed the table hard, making a dull sound. Its four eyes looked around at the six members of the same level, and its face was gloomy.

“Zhou Sheng is dead!”

There was a suppressed anger in his tone. It was not pity or sympathy, but pure anger.

Normally, it would not matter to them whether Zhou Sheng died or not. It would even be better if he died.

However, it was different now. Zhou Sheng’s death put them at a disadvantage.

It wasn’t just the Four-Eyed Demonic Creature. The other seven Saint Realm Demonic Creatures also looked terrible.

However, none of the monsters spoke because they were all waiting for the four-eyed monster to speak.

The four-eyed demonic ghost fell into silence. The surroundings were so quiet that one could hear a pin drop. After about the time it takes for an incense stick to burn, he slowly opened his mouth, “Order all the monsters to turn from offensive to defensive!”

“As for the person who killed Zhou Sheng, let’s not worry about him for the time being. He doesn’t seem to have caused any other commotion. Our main focus is still on this battlefield.”

The demons nodded and agreed.

They had no choice. They could not give up on this battlefield, so the main focus was still here. As for the person who killed Zhou Sheng, if he continued to cause trouble, they would think of other ways.

The four-eyed demon gritted his teeth and looked in the direction of Zhou Sheng’s death. The anger in his eyes burned even more.

..

Xu Bai woke up.

He did not know what he had experienced. He only felt that he had slept for a long time and was especially energetic after waking up.

Opening his eyes and looking at the dark surroundings, Xu Bai got up from the ground and scratched his head.

“Where am I?”

There was a huge space around him, but it was pitch-black and there was no light.

Since he was still alive, he must have escaped from the hands of the giant eye. Therefore, the place where he was now should have been brought here by the Goldfinger.

Xu Bai circulated the True Core Strength in his body. In an instant, a golden light enveloped his entire body.

After the golden light appeared, it spread along the surroundings, illuminating the darkness. With the brightness of the golden light, Xu Bai could see the surrounding scenery.

A pitch-black wilderness!

There was black grass on the ground and black clouds in the sky. There was no light at all.

Similarly, there was no reference point.

He didn’t know where he was, but the scenery not far away shocked him.

It was a mountain of corpses and a sea of blood!

Countless corpses were piled up in the wilderness far away, making people's scalps go numb.

"Where am I?"

After a short moment of absent-mindedness, Xu Bai quickly returned to normal. He calmed himself down and took a deep breath.

He slowly raised his feet and walked toward the mountain of corpses and sea of blood in front of him.

The further he went, the stronger the pressure he felt. This pressure came from the corpses.

As he got closer, Xu Bai could see the corpse clearly under the golden light.

"Not human? No, most of them were not humans."

Every corpse had died a horrible death, and their faces were filled with pain. But most importantly, these corpses were not all human.

There were all kinds of strange corpses. Some were humans, some were beasts, some had human bodies and beast heads, and some were even wrapped in all kinds of withered vines.

However, that was not the most important thing. The most important thing was that Xu Bai could not understand what the corpses were wearing.

The corpses were all wearing different clothes, which were very different from what Xu Bai knew.

Even in the current Great Chu, many of the clothing styles were passed down from the Gale Country, and the Gale Country was passed down from the previous era when all countries were fighting for hegemony.

Chapter 965: Mountain of Corpses and Sea of Blood

Although the styles of these clothes had more or less changed over time, their general outlines were still similar.

However, these corpses were different. There was no similarity between them. They were like clothes made out of thin air, or rather...

Not from this world!

This thought was very abrupt, but Xu Bai knew that he was probably right.

Not long ago, No Flower had said that the person who had intercepted him had told him that the thing he had obtained from the black lotus did not belong to this world.

Back then, Xu Bai even thought that it was a bizarre market or a relic, but now it seemed that it was not.

Even if the clothes they wore in the bizarre market and the ruins were different, at least some of them were similar. However, these corpses did not, so they might really not be from this world.

Although this idea was very ridiculous, Xu Bai chose to believe it because there was no reason not to believe it.

"Then...Why did you bring me here?" Xu Bai looked at the pile of corpses in front of him and muttered to himself.

He didn't know why Goldfinger brought him here, so he was still confused.

Xu Bai tried to spread out his divine soul and use it to explore the magical place.

There were simply too many corpses here. It would take a very long time to search through them one by one, but it would be even easier to use his divine soul.

A moment later, Xu Bai noticed something unusual and withdrew his divine soul.

At the bottom of the pile of corpses, where many corpses were buried, there was a book.

Xu Bai thought for a moment and cupped his hands at the pile of corpses in front of him. "Everyone, I don't know where you came from, but since you all died here, you must be filled with hatred. This time, I wanted to discover the truth, so I had no choice but to take action."

After saying that, he did not continue to waste time. He raised his right hand and slowly pushed forward.

As he pushed, the pile of corpses in front of him was directly pushed away by his True Core Strength and scattered in all directions.

When the corpse descended at a speed visible to the naked eye, the book was finally exposed in front of Xu Bai.

There was no progress bar. This was not related to skills.

Xu Bai took a deep breath and walked over cautiously.

He had thought that something would happen along the way, or that there would be some danger. However, everything proved that he had thought too much. Nothing dangerous happened, and he naturally came to the middle.

This book looked very old. There were no words on the cover, but the paper was yellow and some of the paper was stained with blood.

Xu Bai bent down and picked up the book.

The book was very thick, so thick that one hand could barely hold it.

After getting the book, Xu Bai had an impulse to open it.

And this urge was being magnified infinitely. In his mind, there seemed to be a voice urging him to open this book. Once he opened it, he would know the truth.

Xu Bai took a few deep breaths to calm himself down, but the impulse in his mind made it impossible for him to calm down.

“Then let’s see.”

Since there was no way to calm down or suppress it, he would just let nature take its course.

Xu Bai reached out his right hand and flipped to the first page of the book.

When he flipped it open, he saw a dense number of small words.

But it’s so strange, so strange, so strange, so strange, so strange, so strange, so strange, so strange.

It wasn’t a language he had seen before. It was a completely new language that had nothing to do with this world.

“If you can’t understand the words, how can you find clues?”

Xu Bai rubbed his chin and thought carefully.

If he couldn't understand the words on it, he wouldn't be able to find any clues at all. Then everything would be empty talk.

"No matter what, I'll put it away first. I'll study it after I find the way out. Fortunately, I got this withered grass this time. Otherwise, it would be really difficult to put such a thick book away."

Xu Bai took out the withered grass and prepared to put the book inside.

Due to the book being placed at a slightly slanted angle, the last few pages subconsciously flipped open.

Xu Bai stopped and stared at the words on it in shock.

Chapter 966: Xu Bai's Ambition

The words written in the book were words that he could not understand, but as he subconsciously flipped through the pages, he saw the contents at the back.

He still couldn't understand the rest of the content. It was all in words he didn't recognize. However, what surprised Xu Bai was not that, but that the words at the back were completely different from the words at the front.

Although he couldn't understand it, it was an unfamiliar language from the font.

Xu Bai immediately put the withered grass away and began to read the book seriously.

He read every page carefully and did not miss anything. When he had finished flipping through the entire book, he slowly took out the withered grass and placed the book into the withered grass. He let out a long breath.

All the records in this book are written in different characters.”

“Does this mean that before they died, they left all their information in this book, and what this book gathers is different worlds?”

“If that’s the case, what does the world I’m in represent?”

Xu Bai pondered for a long time before shaking his head.

“Let go of all these thoughts. Now is not the time for me to think about these things. Let’s get out of here first. There will be plenty of opportunities to think about them in the future.”

Looking around, he was still surrounded by the despairing darkness. It was gloomy and eerie, and there were mountains of corpses and seas of blood. It made his hair stand on end.

He did not know where he was now, nor did he know how to get out.

Xu Bai thought for a moment and then raised his right hand to count.

After a while, he put down his right hand and shook his head.

“As I expected, this place is very mysterious. Even I can’t calculate it.”

If he could not even estimate a Saint-tier skill, then he had to change to another method.

“Let’s find a location and try it out first.”

Xu Bai didn’t stay any longer. He flew into the air and flew in a certain direction.

This place was very big, and it was completely dark. In the pitch-black environment, only the golden light covering Xu Bai’s body became the only source of light, and Xu Bai still found nothing.

He had been flying for a long time. With his speed, he had flown a long distance, but he still could not see the end.

“We can’t continue flying like this.”

Xu Bai slowed down slightly and frowned deeply.

He kept feeling that he was doing something useless. This was the first time he had encountered such a situation.

In the past, no matter how difficult a problem was, there would always be a source. It was like a messy ball of thread. There would always be a thread for him to grasp and follow the thread to find the root of the entire incident. However, he did not see the thread now, and he did not even know where to start.

“Are we really going to be trapped here?”

Xu Bai rubbed his chin and returned to the ground from the sky, walking back and forth.

His divine soul began to spread out continuously, enveloping the surroundings with the greatest range that he could withstand.

This time, he was not going to investigate in detail, so Xu Bai's divine soul expanded greatly in order to explore the edge.

Unfortunately, he did not find any peripheral existences.

"If flying can't solve the problem, then I'll have to find the source from the only place I can come into contact with."

Xu Bai retracted his divine soul and looked up at the sky. He shook his head and looked down at the ground.

This was a very magical space. The ground was covered with black grass. It looked like land, but it didn't feel like land when one stepped on it. These black grass were very suspicious.

Xu Bai reached out, grabbed a blade of grass, and pulled it out from the ground.

After he pulled out the grass, he looked back and forth and even used his True Core Strength to explore it.

There was no movement, and nothing related could be detected. It was like an ordinary blade of grass, just a little black.

“I really don’t believe it.”

Xu Bai stood up and looked sideways at the ground. Then, he slowly raised his right hand.

A dazzling white light appeared on his right hand, bursting with a blazing light.

When the surrounding darkness came into contact with the blazing light, it was as if it had met its natural enemy and was dispersed.

Gold and grayish-white mixed together, interweaving to form a change in the sky, emitting a maddening atmosphere.

Xu Bai’s face was calm as he pressed the white light in his hand on the ground.

In the next moment, the white light erupted with a fierce attack. With Xu Bai as the center, it spread out in all directions.

Cracks began to appear on the ground, and there was no scene of soil flying.

The moment the crack appeared, it turned into boundless ashes.

Xu Bai’s body began to descend, but he was ecstatic.

“Just as I expected, this ground is a disguise. There’s another world below.”

It was not soil, but a strange material with a layer of grass on it.

Xu Bai’s thoughts were simple. What if he looked at the ground from another angle and treated it as the top floor?

In other words, he was standing at the top of a secret space?

That was why he had such a move. This also proved that his idea was correct.

The white light became even more dazzling. Without caring about the consumption of his Refined Qi, his body gradually sank with the ground.

His speed of descent was extremely fast, and his speed of destruction was even faster.

He could only hear the cold wind blowing beside his ears. He did not know how much he had fallen, but he felt that the ground was quite thick.

After about the time it takes for an incense stick to burn.

Under Xu Bai’s terrifying attack, he finally blasted a huge hole in the ground.

Chapter 967: Xu Bai’s Ambition (2)

There was another world below the cave.

Xu Bai smoothly fell into the hole and found himself in a huge sky.

The surroundings were dark red, and a blood moon hung in the sky, as if blood had dyed the entire sky.

“Wait, this familiar atmosphere and familiar light. Is this a bizarre market?”

Xu Bai was also a regular customer of the Bizarre City. When he saw this scene, he quickly guessed it.

However, he did not know if this was the Bizarre City of Humans or the Bizarre City of Demons. After all, he had not seen anything strange yet.

There was no expected pain, and his spirit was not attacked. Xu Bai soon knew the reason.

The golden finger had brought him here. He had entered in the state of the golden finger. Naturally, he would not be attacked after he recovered.

“What a big move. Hiding these things in the high sky, even the strangeness of becoming a saint can’t find them.”

Xu Bai raised his head and looked at the sky.

The huge hole in the sky was repaired at a speed visible to the naked eye. In the blink of an eye, it disappeared and the sky returned to normal.

“My head hurts. I didn’t expect to come to such a dangerous place again. In any case, we should get out first.”

Xu Bai rubbed his forehead, feeling a little speechless.

He had long known about the dangers of the Bizarre Market and had experienced it quite a bit. Therefore, he did not intend to stay any longer. It was better to go out and find a safe place as soon as possible.

Fortunately, he had entered the Bizarre City before and knew how to get out. He only needed to find a city and then find the circular pattern. He would be able to get the token from the city lord to activate the pattern and leave perfectly.

As the True Core Strength surged within his body, Xu Bai casually transformed into an inconspicuous figure and left in a certain direction.

..

In the gray and blood-red sky, a demonic creature with wings on its back was flying non-stop.

Xu Bai didn’t want to be too ostentatious, so he had a pair of wings on his back. He was born with the ability to fly, and it was impossible to tell what realm he was just by flying.

The reason why he knew that this was Bizarre Demon City was because he had found a broken body while flying. It looked like a Bizarre Demon.

His original plan was to find the nearest city, get the token, and leave.

However, the next series of actions stunned him on the spot.

Ruins! It was all ruins!

All that could be seen with the naked eye was a despairing ruin. His soul continued to spread out, but he still could not find any city.

“What’s going on?”

If they were in the wilderness, it would be normal if they didn’t see a city after flying for so long. They just had to continue flying.

However, he saw the city, and the city had already turned into ruins. He could vaguely see the outline of the past from the ruins, which made him somewhat puzzled.

“Could it be that some powerful guy destroyed all these places?”

Xu Bai stopped in the sky and pondered carefully.

He didn’t understand who was so full of themselves that they were wreaking havoc here, but he knew one thing. It didn’t seem to be an easy thing for him to leave this place.

“I’m really speechless. Who the f * ck is always messing around here?” Xu Bai cursed under his breath and continued to fly forward.

Even if it was a ruin that could be seen with the naked eye, there would always be an end. He did not believe that the entire Bizarre Market had been destroyed.

After making up his mind, Xu Bai continued to fly forward.

After flying for another hour, a city finally appeared in front of them.

Xu Bai heaved a sigh of relief. He descended from the sky and walked toward the city...

The city stood on the barren ground and looked a little desolate. Only when they approached could they feel the creepy atmosphere.

There were only a few monsters guarding the door. These monsters looked listless and didn’t seem to care.

When Xu Bai approached, the monsters only checked him casually before letting him in.

Xu Bai did not use his soul to check. After all, he was not clear about the situation here. It would be dangerous if he was exposed.

Different from the past, when Xu Bai approached, he could feel that the surroundings were deserted. There were only scattered monsters walking on the street.

When Xu Bai passed by a demon, his divine soul enveloped the demon.

Like this kind of close distance use and range is not big, he is not worried about being discovered by the class.

After the demonic ghost was controlled, it quickly became sluggish and followed Xu Bai stiffly into a small alley.

After about an hour, Xu Bai walked out of the alley.

When he walked out, his expression was a little unnatural.

He already had a rough understanding of the situation. The reason why this place was so desolate was because the two bizarre markets were at war with each other. All the elites that could be used had been used.

The ruins he saw not long ago, according to what the demonic creature had said, were covered in golden and grayish-white things.

The golden and grayish white things were the things that Xu Bai understood the most. He finally knew who had done those ruins.

"I didn't expect that I would curse myself." Xu Bai shook his head speechlessly.

He truly did not expect that Little Gold would actually do such a thing.

If he wanted to leave now, it would be very difficult.

The elites from all over the world had already been transferred to the battlefield, and the City Lords had also been transferred over. There were less than a hundred monsters in this city, and the token was definitely not on the City Lord's body.

Chapter 968: Xu Bai's Ambition (3)

Without the token, they could not leave.

Unless they waited until the battle was over and the City Lords returned, they would not be able to obtain the token. However, the possibility of this was close to zero.

Who knew when the fight would end? Was he going to wait here?

Xu Bai felt a headache.

He randomly found a quiet place and sorted out his current situation. In the end, he still came up with a solution.

"Looks like I have to go to that battlefield and take a walk."

According to what the Bizarre Demon had said, the battlefield that was opened up could directly reach the Bizarre Human City and the Bizarre Demon City.

Those City Lords had already gone to the battlefield, so they could only go to the battlefield to find the token.

He had already asked about the location of the battlefield, but Xu Bai felt that he had to change his plan.

It was very difficult to obtain a token, and a suitable one at that, in a chaotic battlefield.

He felt that since he had come here, he could not come here for nothing. He wanted to go to the Bizarre City once.

The reason was very simple. This time, his goal had changed. He had changed from leaving the Bizarre Market to upgrading his cheat.

As long as he visited the two bizarre markets once, his cheat would be able to level up. This time, he was just short of the bizarre markets.

This idea was very risky. Xu Bai felt that this risk could be taken, because he still had a finale method.

The cheat had brought him here to prove that this place was safe, so he could use the cheat without any scruples.

When the situation was dire, he would destroy his own soul and let the golden finger appear.

After all, that demon had just said that he had killed a Saint Realm demon when he was in the state of a cheat.

Then what were they waiting for? If they didn't go now, he would feel that it was a loss.

If he could use his golden finger to exchange for a few more Saints, it would be a profit.

Of course, Xu Bai was not acting rashly. He had already made a plan.

Thinking of this, he did not continue to stay. Instead, he directly soared into the sky and flew towards the battlefield at the fastest speed.

..

On the battlefield of the Bizarre Market.

This place had been jointly established by the Saints of the two Bizarro Cities. They had paid a huge price, and at this moment, the Bizarro City was at a disadvantage.

It didn't mean that they had lost one saint warrior, but the other side had sent more. In fact, the other side didn't have any saint warriors at all.

However, the reason was also related to the loss of this Saint Warrior.

In such a huge battlefield, the investment between both sides was huge, and any big news was enough to change the situation of the entire battlefield.

The strange phenomenon caused by the death of a Saint Realm warrior was naturally known to all the demons. It was precisely because of this that the morale of the demons was greatly affected.

Morale was extremely important on the battlefield.

With their current situation, they had lost a Saint Warrior, and their morale had dropped to a terrifying level. They were losing ground.

This situation caused the remaining eight Saint Realm demons to fall into a deep dilemma.

He couldn't beat them, and he was short of a Saint Warrior. He couldn't fight them personally, or else he would be at a disadvantage if they fought eight against nine.

If this situation continued, it would be like cutting meat with a blunt knife. Sooner or later, they would be out of players. At that time, they would have no choice but to go down on their own, but they would still lose in the end.

The four-eyed monster hammered the table and roared angrily, "It's all that guy's fault. Otherwise, it wouldn't have ended up like this!"

The other saint realm monsters around him had the same expression. They were all furious.

If Zhou Sheng had not died, they would never have ended up like this. Now, they wished they could catch the person who killed Zhou Sheng, skin him alive, and tear his bones apart.

“Bastard!” The more the four-eyed monster thought about it, the angrier it became. It cursed again.

At this moment, a series of footsteps came from outside the tent. A demon rushed in from outside. Because it ran too fast, it even fell.

“What are you panicking about? What’s there to panic about?” The four-eyed demon was already in a fit of anger. Seeing this scene, it was even angrier.

Yao Gui, who was delivering the order, was so scared that he trembled. He hurriedly got up from the ground and said submissively, “My lord! Someone is here. He wants to see you.”

“People?” The four-eyed demon was slightly stunned, but it quickly reacted. Its four eyes revealed a cold light. “Is it the person who killed Zhou Sheng?”

Yao Gui nodded and quickly said, “He’s standing outside and said he can help us solve the problem.”

The four-eyed demon sneered, “Solve the problem?” We were just about to find him. It’s best if he walks into the trap himself. Call him in!”

The messenger knew that these masters were all in a fit of anger. He did not dare to stay any longer and turned around to leave.

Not long after, Xu Bai, who had returned to his normal appearance, walked in from outside the tent.

As soon as he entered, he felt the murderous aura around him and waved his hand indifferently.

“Why is everyone looking at me like that? Don’t be nervous. I’m here to discuss a business deal.”

His tone was very calm, and his movements were very casual, as if he was not afraid at all.

On the surface, it looked like this, but Xu Bai was really a little nervous.

After all, he was facing eight Saints, and they wanted to skin him alive. He would be lying if he said he wasn’t nervous.

To be honest, he knew that he had killed a Saint Warrior with his golden finger, but he wasn’t sure if he could deal with eight of them.

If he had a clear answer and knew that he could deal with eight of them, he would have used his cheat a long time ago.

Chapter 969: Xu Bai’s Ambition

Therefore, everything now had to be stable.

Beside him, a Saint Realm demonic beast wanted to attack.

Seeing this, Xu Bai continued to maintain his calm state and promised not to give himself away. "I will help you turn the situation around!"

The demonic saint who was about to attack was stunned. He retracted his hand and looked at the four-eyed demonic beast.

Xu Bai could also tell that the four-eyed monster was the one making the decision. He put his hands behind his back and looked straight at it. "Can we talk about this business?"

The four-eyed monster was frantically suppressing the impulse to kill Xu Bai.

Strange people hated living people, just like how living people hated strange people. This was their nature.

Even they, who had entered the Saint Realm, could not restrain themselves.

However, he had to restrain himself, because what Xu Bai had just said had moved him.

Seeing that the four-eyed demon did not move, Xu Bai knew that he had made the right bet. He smiled and said, "It seems that you are also interested. Then let's talk about this business."

"You can send me to the Humanoid and Bizarre Market through the battlefield. I'll help you get rid of a saint."

“You should have reached an agreement that you can’t attack unless it’s an extreme moment. Then can’t I do it for you?”

The four-eyed demon did not speak.

They had indeed reached some kind of agreement, which was very simple. It wasn’t the time for them to fight until the last moment.

The reason for this agreement was even simpler.

Even if he became a Saint, he was afraid of death.

They would first compete on the battlefield and fight until the end.

At that time, the person who had the advantage on the battlefield would increase the weight of victory in this final battle.

In a high-level battle like theirs, even if it was just a slight advantage, it could be infinitely expanded.

In fact, when they had lost one Saint Warrior, the other nine should have already arrived. However, there was a big problem on the other side.

The Chu Emperor, who was at the Saint level, could simply be described as killing wantonly.

Furthermore, the Chu Emperor, who had no divine soul, was acting purely according to his instincts. A human's instinct was to hate the strange, and this instinct would be fatal in this environment.

They were afraid of exposing their auras and attracting the attention of the Emperor of Saint Chu. Thus, they wanted to make this battle more stable.

The monsters also understood that if this continued, they would definitely lose this battle, and it would turn into an advantage for the other party.

Now that he heard Xu Bai talk about business, the four-eyed demon frankly admitted that he was really tempted.

If they could make the other side lose a Saint Warrior, then they would be tied again and could continue fighting.

However, when he heard Xu Bai's request, he frowned.

"How do I know if you're telling the truth?"

The human in front of him was only at the Transcendent Realm, but Zhou Sheng's death at his hands proved that the other party had the capital.

But here came the problem. If he really sent the other party over and the other party did not fulfill his promise, wouldn't he suffer a loss?

Xu Bai could also tell what the four-eyed demon was thinking. He smiled and said, "Do you feel that you're losing out?"

The four-eyed demon nodded and admitted that he thought so.

Xu Bai shook his hand.” Actually, you didn’t lose out at all. In fact, you earned a lot. The price you paid was just sending me away.””

The four-eyed demon frowned even more, not understanding what Xu Bai meant.

Why did he say that it was very profitable?

After all, there was no way to prove whether the promise could be fulfilled, so how could he earn money?

If the other party didn’t fulfill his promise, it would be a loss.

The four-eyed demon was very puzzled.

Xu Bai shrugged.” How did your intelligence reach the Saint Realm?””

The corners of the four-eyed demon’s mouth twitched slightly.

To be honest, if it wasn’t for the fact that he wasn’t sure of the other party’s strength and the business that the other party had mentioned just now, he really wanted everyone to work together and kill this person first.

The four-eyed demon felt that this person was challenging his bottom line.

Xu Bai didn't care about the other party's anger at all. He raised his hand and pointed at himself."Because if I leave, you guys will profit."

Chapter 970: Each Using a Dark Move

When Xu Bai said this, the four-eyed demon suddenly felt like laughing. He didn't even try to hide it and laughed out loud.

Not only did he laugh, but the other monsters also laughed loudly.

The laughter lasted for a long time before it gradually stopped. Xu Bai did not disturb them. Seeing that they were laughing happily, he laughed along.

Then, the laughter gradually stopped, and the four-eyed demon's expression gradually turned cold, his tone carrying a hint of disdain.

"I know what you want to say. You mean that you're a danger in front of us, and it's a good thing that you're gone."

"But you don't quite understand. Sometimes, people aren't that important. Moreover, you're alone now, and we're the majority here."

"I know you're very strong because you can kill Zhou Sheng. Although you're only a ninth-grade Transcendent, you can kill a peak Saint Warrior. This proves that you have some secret methods."

"I've never seen such a method before, and it probably hasn't appeared since ancient times, but I don't believe you can kill all eight of us."

"If you really had the ability to kill us directly, you wouldn't be here talking nonsense with us."

Every sentence hit the main point. Xu Bai felt that the demon in front of him did not seem to have a low IQ as he had imagined. It could still think things through.

After saying this, the four-eyed demon did not continue. Instead, he took out a medicine bottle from his pocket and placed it on the table.

“Since you said it was business, then I’ll talk business with you. If you don’t have any guarantees, I won’t be at ease.”

“Why don’t we do this? After you take this bottle of medicine, I’ll send you to the Bizarre City. At that time, you can do whatever you want.”

“Don’t misunderstand. This bottle of medicine is not as poisonous as you think. It’s just an experiment. You should have heard of a profession called oaths.”

Xu Bai rubbed his chin and shook his head.””I really haven’t heard of it.”

There were so many businesses in the world, how could he have heard of every one of them?

The four-eyed demon choked on Xu Bai’s words. He looked at Xu Bai’s expression and realized that Xu Bai really didn’t know, so he could only explain,”Pledging is a unique profession. Their ability may not be inclined to battle, but it is very special. They can unleash the power of their vows.”

“Coincidentally, we have a Saint level oath master here. Drink this bottle of medicine and make an oath in front of everyone.”

“If you don’t follow the oath, then you will be miserable. But as long as you follow the oath, nothing will happen.”

Xu Bai stared at the medicine bottle on the table and suddenly laughed.

The four-eyed demon frowned when he saw Xu Bai’s situation. His tone gradually became sinister.”You don’t agree?”

“Do you think I’m a fool?” ” Who can say for sure whether this thing is real or not?” Xu Bai said disdainfully.” What if it’s a bottle of poison?” Besides, how could I believe your strange words? I’ll be laughed at if word gets out.”

The four-eyed demon kept the medicine bottle.”You’re right. No one would believe it so easily. Since that’s the case, there’s nothing to talk about. Are you prepared to die?”

The eight Saint Realm warriors stood up and approached Xu Bai.

Their bodies emitted a terrifying aura, which increased the pressure on Xu Bai.

Xu Bai had no doubt that they would really attack, but he did not panic at all. Instead, he calmly waved at one of the monsters and said,”Come on.”

His calm appearance made the monsters stop. They looked at each other, not understanding what Xu Bai was doing.

He didn't panic at all when facing the suppression of eight Saints.

Was there some secret? Or was there a trick waiting for him?

Humans cherished their lives, and so did strangeness.

After a person died, they could still turn into a strange creature and live on in another way. However, when these strange creatures died, there was nothing left. They would really vanish into thin air.

Therefore, they hesitated. They didn't dare to go forward unless they figured out Xu Bai's true purpose.

The four-eyed demon looked disappointed and roared, "Take him down, don't you understand? You're all Saints, and now you've been deceived by a Transcendent. Wouldn't you laugh if this gets out?"

Although he was angry and loudly reprimanded, none of the Saint Realm monsters took a step forward. Even he himself did not take a step forward.

Every saint demon had their own plans. No one would be careless in this place. After all, those who had lived to their age cherished their lives.

Seeing this, Xu Bai smiled and said, "I might not be able to beat the eight of you, but if I really fight with my life, I can replace one of you. Don't doubt my words, because you'll know once you try."

As he spoke, he paced back and forth. Suddenly, he reached out his hand and pointed at one of the Saint Realm demons.

"You! You! Why don't you try and see if I can replace you?"

The demonic saint who was pointed out took a step back silently. He didn't say anything. No one knew what he was thinking.

Seeing this, Xu Bai curled his lips in boredom. He pointed at the other saint-level demons and said as he pointed.

Chapter 971: Each Using a Dark Move (2)

"If he doesn't come, then you do it. Don't retreat. Why are you retreating?"

"Alright, then I won't look for you. Why aren't you willing?"

"If you guys aren't willing, then I'm going to find someone to be my scapegoat. Fine, then it's you. You're the most useless. I really want you to die with me."

Every time Xu Bai pointed at one of them, the saint level demon would dodge Xu Bai's finger. In the entire room, eight saint level demons were rendered speechless by Xu Bai alone.

It was a great feeling. Xu Bai was very excited. It was as if he was surrounded by a large group of people. He was alone, but he happened to have a weapon in his hand, and this weapon could kill one of them.

No one dared to come up. No one wanted to be the first to die.

When Xu Bai felt bored, he pointed at the four-eyed demon and said that he wanted to trade with him.

The four-eyed demon's face turned green. No one knew what he was thinking. When Xu Bai pointed at him, he took a deep breath and stood up."Alright, we agree. Don't cause trouble here."

Cowardly, very cowardly.

Although he had said it very arrogantly just now, now, when Xu Bai pointed at him, he looked very calm on the surface, but a layer of white sweat had already appeared on his back.

He could feel that the other party was very likely to make a move because from the moment he met him until now, this guy gave him the feeling that he was a fugitive, a guy who was good at using small things to make a big deal.

There was no need to. Whose life was not precious?

"We agree. We're thinking of a way to send you to the Bizarre City. We don't need you to make any guarantees. Just like you said, you just have to go."The four-eyed demon said.

Only then did Xu Bai retract his hand, his face full of disdain."Why didn't you say so earlier? After spending so much effort, you still have to follow my plan in the end."

"You!" The four-eyed demon was instantly enraged!

He had become a saint when he was alive and he was still a saint after his death. When had he ever been scolded like this?

This was the first time that the people who saw him were so respectful.

When he saw Xu Bai's calm expression, he knew that he couldn't talk nonsense with a lunatic because lunatics were reckless, and he was afraid of reckless people.

"Save time. Tell me how to get there." Xu Bai said calmly.

The four-eyed demon took a deep breath and tried his best to calm himself down. Then, he slowly said, "The method is very simple. Just go through the battlefield. We can definitely let you through."

"Go directly?" Xu Bai frowned. I know you can let me through, but what about the other side? I don't want to be exposed on the battlefield."

This side could be unimpeded, but the other side was different. This was what Xu Bai was thinking.

What he needed to do was to cross the entire battlefield and finally arrive at the Humanoid Bizarre City. Then, he would trigger the cheat and speed up the upgrade of the cheat.

If they followed this method, they would probably be discovered before they could cross the battlefield. After all, the nine Saints of the Humanoid Bizarre City were all on the battlefield.

If they were really discovered, those Saints would want to skin themselves alive. It was not worth it.

"We will attack to attract their attention and minimize their attention," the four-eyed demon said. "But this is the limit of what we can do. As for other methods, we don't have any."

"What you need to do is to seize the moment when we attract attention and cross the entire battlefield. Don't worry, we will help you stall them."

Xu Bai's frown deepened when he heard this.

He felt that it was a little unreliable. The other party's plan looked very simple, but because of its simplicity, there was basically nothing wrong with it.

He knew very well that the person in front of him probably wanted to kill him in one strike. He didn't even need to cause any trouble. If he hadn't been smart, he might have been surrounded by eight Saints.

Therefore, he definitely could not be at ease with this kind of fellow. He had to be careful. However, he had not discovered any flaws yet. Otherwise, he would really want to beat him at his own game.

Xu Bai thought for a moment and finally nodded.””Very good, we’ll do as you say.”

Since there was no other way, he would give it a try first. If anything happened midway, he would be able to retreat as quickly as possible.

“When exactly will it start?”

“Tomorrow.” “Tomorrow at this time, we will launch an abnormal attack to attract their attention.”

“The eight of us will even go to the battlefield to take a look. After diverting the attention of the other nine Saints, you will directly pass through the battlefield and should be able to reach the Human-Bizarre Market.”

“Alright.” Xu Bai nodded and turned to leave.

The four-eyed demon didn’t stop him and let Xu Bai leave.

Looking at Xu Bai’s back, his eyes became darker and darker. He could no longer control the anger in his eyes and slammed his fist on the table.

“Good, very good. This is the first time I’ve been threatened by a Transcendent.”

People at this realm had another characteristic, which was that they were especially thick-skinned.

At first, they were intimidated by Xu Bai, but now, they pretended to be angry. The Saint Realm warriors around them were acting the same way, as if they had just been wronged.

“No matter what, we have to teach this kid a lesson. We can do that tomorrow.”

In the dark tent, strange words sounded from the four eyes. As the words spread, a burst of carefree laughter came from time to time.

..

After Xu Bai left the tent, he found a remote place, which was coincidentally able to envelop his soul in the military camp.

He wasn't afraid of being discovered. Since he had come out in the open, all the fights and competitions would be on the surface.

"Tomorrow will definitely not be simple. I have to take precautions before that. I can't accidentally fail because of this."

After thinking for a while, Xu Bai closed his eyes and pretended to sleep.

..

The next day.

There was no sun in the Bizarre Market, only a blood-red moon. This moon was extremely bright at a certain time, emitting a dark red light.

As time passed, the light would gradually decrease.

The strangeness of the Bizarre City was born from this. They used the strength of this light to distinguish the time.

When the moonlight was brighter, it was day. When it was darker, it was night.

At this moment, Xu Bai walked out from a hidden corner and looked up at the blood-red sky.

Although the sky was covered in blood red and looked rather dim, it could already be considered daytime.

He only admired it for a while before turning around and walking toward the tent.

It didn't take long for them to arrive at the place where they were yesterday.

It was still the same delivery demon from yesterday who was in charge of delivering the orders. After a while, another delivery demon came over and led Xu Bai inside to the largest room.

Inside the room, eight Saint Realm monsters sat down in different groups. They seemed to have been waiting for Xu Bai for a long time.

Xu Bai walked in calmly and said with a smile, "Aiya, everyone, I'm sorry for the long wait."

The smile on his face was very fake. One look and one would know that it was too fake.

The four-eyed demon took out a map and handed it to Xu Bai. Without wasting any time, he said, "This is the map of the entire battlefield. You only need to fly in the direction that you are facing. You don't need other locations. I gave you the map so that you can have an understanding."

Xu Bai took it and glanced at it calmly before throwing it on the ground casually, looking indifferent.

"What do you mean?" the four-eyed demon asked coldly.

"I don't mean anything." Xu Bai shrugged. "I just don't trust you."

What kind of joke was that? Using a map given by Strange was a trap.

There was no need to take this map seriously.

As for how to get to the Bizarre City, he had already thought of a way.

The two sides were like a set of chess, clearly separated.

On one side of the battlefield was the demon, and on the other side was the human. He only needed to face the opposite direction of the demon.

Of course, he felt that things were not simple. He still had a backup plan.

The four-eyed demon did not say anything else. He knew that Xu Bai did not believe him. He waved his hand and said, "Come with us."

The eight Saint Realm crafty demons walked out, and Xu Bai followed behind them.

They rushed in a direction. The further they went, the more Xu Bai felt a murderous aura.

The sounds of killing gradually came. In front of them, they had already arrived at the edge of the battlefield.

"We'll split up here. Don't get too close to us, or it'll arouse suspicion." The four-eyed demon looked in a direction, which meant that Xu Bai was walking over. "In an hour, you can rush over with all your might."

Xu Bai didn't say anything. He just nodded and left.

After Xu Bai left, one of the Saint Realm demons whispered.

“It seems like he believes me.”

The four-eyed demon shook his head.” It doesn’t matter if he believes it or not. We just have to follow the plan.””

Yao Gui nodded,

The eight Saint Realm monsters rushed in another direction.

With the four-eyed demon leading the way, they soon arrived at the center of the battlefield.

“He didn’t follow us, did he?” The four-eyed monster turned around and looked at one of the monsters.

The demon ghost nodded, indicating that it did not follow them.

At this moment, the four-eyed demon finally heaved a sigh of relief. He turned his head to look ahead and saw nine terrifying figures descending.

The leader was a saint dressed in white. As soon as he arrived, the surrounding shouts stopped. The monsters that were killing each other on the battlefield stopped and silently separated.

The noisy battlefield instantly became silent.

“Four eyes!” The man in white said with a cold gaze,” Yesterday, we sent a message saying that we have something important to discuss. Now that we’re here, let’s talk about it.””

The four-eyed demon chuckled and told him everything about Xu Bai without hesitation, including what Xu Bai was going to do.

When the entire process was finished, the white-robed man was stunned on the spot.

” Why did you tell me that? I don’t think it’ll do you any good. You’ll get a lot of benefits if you send him to the Bizarre City safely.””

To be honest, the man in white was also very surprised. He thought it was something else. He did not expect the news to be enough to shock him.

A Transcendent who could kill his way into the Saint Realm and was immune to the rules of the Bizarre Market was simply inconceivable.

However, the problem was that if they really followed their plan, it would bring huge trouble to the Bizarre Market. However, the other party did not do anything and instead told them the truth. What was the reason?

I Have Unparalleled Comprehension #Chapter 973: Each Using a Dark Move - Read I Have Unparalleled Comprehension Chapter 973: Each Using a Dark Move

Chapter 973: Each Using a Dark Move

"Everyone is weird. Although the positions of the subordinates are different, we are all the same type. Of course, we won't let humans take advantage of it. I'm doing this for the sake of justice!"

"Speak in human language." The white-robed man said directly,

Righteousness, at this time to talk about righteousness, what righteousness was strange about?

It was simply a joke.

Although the white-robed man was also a Strange One, he firmly believed that not a single word of the Strange One could be trusted.

The four-eyed demon said hypocritically, "Why don't you believe me? Alright, alright, then I'll tell you my plan. That kid will rush over in a while, but he's not as fast as us."

"Let's kill that kid together and get rid of this future trouble, isn't it?"

"I originally wanted to call you over yesterday, but I also know that if you come to Bizarre Demon City, you definitely won't agree, so I specially told you here."

"Do you think this plan is feasible?"

At this point, the four-eyed demon stopped talking, as if waiting for the other party to speak.

The man in white fell silent.

What the other party said seemed to be true.

If what he said was true, letting that person go to the Bizarre City would definitely be a shocking disaster. However, this solution to the problem seemed very good, but no one knew what twists and turns there were.

The Bizarro City already had Emperor Chu, so they couldn't add anything else. Otherwise, it would only add insult to injury.

If it was any other time, the white-clothed person would have been able to think more with his peers, but now, it was like he was being pushed onto a perch. There was not much time at all.

If this Transcendent expert rushed over at full speed, it would not take much time to cross the entire battlefield.

Therefore, they did not have much time left. They had to make a decision as soon as possible.

"You're very cunning, and your plan is very good." The man in white sneered.

How could he not know what the other party was thinking?

The reason why the other party had told them at this time was because there was not much time left. They had to make a decision under such an urgent situation.

The more urgent a decision was, the easier it was to make mistakes. This was the situation now.

The four-eyed demon smiled sinisterly. "That depends on what you think. I've already told you the truth and the matter. It's up to you to decide. Think about it."

That's right, this was his plan.

Of course, this plan didn't really mean that they had to kill Xu Bai. They had to kill him, but they weren't going to do it.

There was still a follow-up to this plan. That was his main goal.

They were all smart people, and the man in white could clearly see it.

"Why don't you tell me what your next step is?"

The four-eyed demon acted like an honest man. "I really don't have any follow-up plans. I just want to kill him. You have to believe me!"

This performance was very realistic, but in return, it was a cold smile from the man in white.

The four-eyed demon said indifferently, "Anyway, I've already said that I don't have much time. You guys do as you see fit."

The scene quieted down, and time gradually passed. The man in white revealed a conflicted expression.

The other Saints were also very conflicted. Just as the other party had said, they did not have much time to make decisions.

That ridiculous fellow would probably not take long to rush to the Bizarre City. At that time, something big would happen.

Time slowly passed. The conflicted expression on the man in white's face gradually disappeared. He decided to agree first. After all, it seemed that he could not figure out what the other party's follow-up plan was.

There was no problem in agreeing to it first. As for what would happen later, he would have to improvise.

Thinking of this, the man in white opened his mouth and was about to speak.

However, at this moment, a voice slowly sounded, disrupting the entire situation.

"How about... Let me tell you, what are his next steps?"

Everyone present was stunned and looked in the direction of the voice...

I Have Unparalleled Comprehension #Chapter 974: Meeting the Chu Emperor - Read I Have Unparalleled Comprehension Chapter 974: Meeting the Chu Emperor

Chapter 974: Meeting the Chu Emperor

When the four-eyed demon heard this voice, his heart skipped a beat. He thought that Xu Bai had turned around.

However, when he turned around to look at the source of the voice, he could not help but be furious.

At the end of his line of sight, an ordinary demonic creature stood there with a dull expression.

"Which city are you from? Why are you spouting nonsense here? Get lost!"

Now was the critical moment. Although he had already grasped the time, he was really not sure if he could implement it smoothly, so he could not afford to make any mistakes.

Now that a troublemaker had suddenly appeared, he really wanted to raise his hand and destroy this demon ghost in front of him with a palm after saying this.

However, before he could do anything, the white-robed man suddenly spoke.

“Si Mu, if you make a move now, it means that you have an ulterior motive. This cooperation really can’t go on. If you don’t make a move, we can still talk.”

The four-eyed monster, who was about to attack, stood stiffly on the spot when it heard this. It slowly lowered its hand.

Beside him, a saint demon said, “He seems to have been controlled by someone. It should be Xu Bai. He has a control ability that surpasses the Transcendent Realm. We don’t have such methods here, so we didn’t notice it.”

“When did you control your power?” The four-eyed demon asked.

“I don’t know.” Yao Gui shook his head. “Maybe he has already controlled it a long time ago. He has been waiting for this opportunity. This guy is meticulous. I don’t know what he’s up to now.”

When the four-eyed monster heard this, its expression became extremely gloomy.

The mantis stalks the cicada, unaware of the oriole behind. He had schemed against Xu Bai, and now, Xu Bai had turned the tables on him and schemed against him.

However, now that the white-robed man had spoken, he could not attack and kill this controlled demon. He could only stand on the spot gloomily.

The white-robed man turned to look at the demon that was being controlled, and his tone gradually turned cold. “You’re the one who can escape the rules, right?”

Yao Gui, who was being controlled, nodded stiffly and said, “You’re right, but the most important thing now is not to discuss my identity, but what is the follow-up plan. For example, if you really listen to him and come to kill me, then this situation will be completely broken.”

“What do you mean?” the man in white said.

Yao Gui, who was being controlled, stretched out a finger and said in a simple and shocking manner, “I will only say one thing. As for how much you can comprehend, that will depend on your abilities.”

“That demonic saint is dead. I killed it. Now you know what to do next.”

After he said that, the controlled Yao Gui immediately hugged its head and cried out in pain. Then, it lost its life.

The scene fell into silence, and no one spoke.

Everyone shut their mouths, and a pin drop could be heard.

The man in white frowned and thought about what he had just heard. His eyes revealed a heavy expression.

He raised his head and looked at the four-eyed demon in front of him. A cold smile appeared on his face, and his tone became extremely cold. It was like a knife in the cold winter, cutting people's bodies in pain.

“I understand. You want to kill him with a borrowed knife. He is your knife, am I right?”

Everyone present was able to understand this level, and they were all smart like monkeys. It was obvious that they could guess the intention of Xu Bai's words.

They thought about it carefully. There was no other possibility.

From what he had said, the man in white knew that Xu Bai could kill a saint. The four-eyed monster had given them such a tight time to chase after Xu Bai and prevent him from going to the Human Bizarre Market. The answer was obvious.

If they really chased after Xu Bai and surrounded him, Xu Bai would unleash his strongest combat strength at the critical moment. It was possible that one or two of them would be replaced.

They couldn't afford to lose any men at this time, let alone one.

The Chu Emperor's arrival at the Bizarre City had already given them immense pressure. If they were to lose one more person, the outcome would be completely reversed. At that time, they would be unable to deal with the attacks of the Bizarre City, and the only outcome would be defeat.

“What a wonderful plan. Unfortunately, your plan still left something out. Now, we don't plan to chase after it.”

The man in white clapped his hands hard as if he was applauding the other party's wonderful performance, but his tone was mocking.

The four-eyed demon's expression became very ugly. The other party had already guessed his intention. His plan seemed to have come to a halt.

"I admit that this is my follow-up step. Since everyone has said it out loud, I won't hide it. However, you can only follow my method."

Although the plan had failed, there was still room for redemption. The four-eyed demon felt that he had to put his choice on the table and let the other party choose.

"We don't want the Human Bizarre Market anymore." The white-robed man sneered."

How could he not know what Xu Bai was thinking? If they did not plan to go back, Xu Bai would go straight to the Bizarre City and cause trouble there.

However, the problem now was that they had to decide the severity of the situation. The loss of a Saint Realm expert was far more important than the loss of the Human-Bizarre Market.

"Alright." The four-eyed demon's eyes flickered slightly." Since that's the case, we won't talk to you anymore. Everyone will go their own ways."

Chapter 975: Meeting the Chu Emperor (2)

As he spoke, he seemed to be in a hurry and was about to turn around to leave. However, before he could take two steps, he felt a murderous aura coming from behind him.

The four-eyed demon and the other seven saint demons turned around at the same time. They looked at the nine saint demons opposite them and frowned.

"All of you...Was he planning to have a final battle?"

The man in white smiled sinisterly." You're right. Actually, I have to thank that guy just now. He reminded me that at this time, it's best to cut the Gordian knot quickly."

"When I made this decision, I was already planning to let go of the Bizarre Humanoid Market. If I can even let go of something as important as the Bizarre Humanoid Market, I'll definitely have greater gains. Now is the time."

"Nine against eight, our chances of winning are very high!"

What the man in white was thinking was that he definitely could not go back. He would leave the Strange City to Xu Bai. As long as he took down the eight guys in front of him, the gains would definitely be much more than the sacrifices.

Now was the best time. The other party had also gathered. If they did not fight at this time, wouldn't they be at a loss?

"You have to calm down. You know that if we start a war, both sides will suffer heavy losses, and the other party will benefit from it. Don't forget that there's still the Chu Emperor." The four-eyed demon could feel the other party's killing intent and tried his best to dissuade him.

The man in white shrugged indifferently. "The Chu Emperor has already reached the Saint level. Even if we join forces, we won't be able to defeat him. Why should I go and deal with him? After taking back the two Ethereal Shops, I headed straight to the vast human world. That is our final destination."

Having said that, he did not waste any more time. The aura on his body continued to increase. At this time, the other eight humanoid monsters cooperated with his aura and continued to rise.

The blood-red light enveloped the surroundings. The aura that soared into the sky shattered the blood-red light.

"Fight!" The four-eyed demon knew that the other party really wanted to fight this ultimate battle. It was useless to say more. He would do his best.

The battle was about to start.

On one side, there were the Saint Realm monsters who had given up on the Human-Bizarre Market and could only choose this option. On the other side, there were the Saint Realm monsters who had fought to the death to save their lives.

When the two of them fought, the sky and earth instantly collapsed, and the entire space became dark.

The battle continued.

They fought very cautiously and carefully. It did not mean that they had to go all out in this final battle, because at their realm, a moment of carelessness could lead to death.

No one wanted to die.

Therefore, they were trying their best to grasp the other party's flaws.

This battle was destined to last for a long time.

While they were happily fighting, Xu Bai didn't know what was going on because he had already killed the demon he controlled and was rushing to the human city.

"You have your Zhang Liang scheme, and I have mine. Let's see who can play the other?" Xu Bai flew happily.

From the beginning to the end, he did not believe the four-eyed demonic creature's words, so he left a secret hand and planted a controlled demonic creature on the four-eyed demonic creature's side.

The four-eyed monster played a decisive role. After hearing their words on the battlefield, Xu Bai knew that the four-eyed monster was right.

The only thing that was right was that they had to go to the Human-Bizarre City. They had to go in the opposite direction and pass through the entire battlefield.

What Xu Bai needed the most was time, so he sent out the demon that he had planted there to tell him some things.

He didn't make it too clear. Instead, he said it in a daze so that the other party would have time to think.

Time was precious now. If he could think for a second, he could walk a great distance.

Because he couldn't guarantee that the other party wouldn't chase after him.

Reality proved that he was right.

These guys really didn't chase after him. Moreover, something must have happened. Otherwise, it wouldn't have dragged on for so long.

As for what happened, who would care?

Xu Bai only knew that he was getting closer and closer to the Bizarre Market.

The battlefield was very large, but Xu Bai was flying at an extremely fast speed, constantly approaching the edge of the battlefield.

After flying for a while, Xu Bai finally saw a distorted space in front of him.

"Over there...It should be the exit."

Seeing the distorted space, Xu Bai was relieved and quickly rushed over.

It seemed like a long distance from his position to the exit, but with his speed, he arrived in the blink of an eye.

When he entered this layer of distorted space, he only felt his vision blur, and soon, he appeared in an unfamiliar place.

Xu Bai stopped in mid-air and looked at the blood-red sky in front of him. He knew that he had made the right choice.

“They should be here soon, right?”

He thought to himself that after entering the Bizarre Market, that pain should come very soon.

As expected, just as he thought this, he felt a sharp pain in his head. It was so painful that he could not resist at all. He fell from the air to the ground and hugged his head as he cried out in pain.

The pain of the soul was not so bearable. It was a hundred times more painful than the pain of the body.

Xu Bai squatted on the ground and held his head. Soon, he fell into a daze.

He fell to the ground and fainted.

His soul was disappearing bit by bit, but soon, his tightly shut eyes suddenly opened.

Chapter 976: Meeting the Chu Emperor (3)

The pair of eyes had already turned into a pair of pupils of different colors. The left side was golden, and the right side was grayish-white. There was a kind of indifference that ignored all living things. It was like a creature at the top of the world that pitied some ants.

However, this time, other than indifference, there was another complicated emotion, which was endless chaos.

Xu Bai stood up and suddenly raised his hand to the void in front of him.

Gold and grayish-white interweaved and flowed out of his palm, repelling the blood-red color in the sky.

After the gold and grayish-white colors intertwined, they did not gradually spread out. Instead, they turned into human figures one after another.

These figures were as numerous as the hair on an ox. From afar, one could not see the end of them, and their numbers were countless.

Each of the figures started to twist and turn as they spoke. These words were not spoken in the language of Great Chu, but in a language that they could not understand.

When one person spoke, one might be able to hear clearly. However, when countless figures spoke together, and each person spoke differently, when these voices gathered together, it made one's head dizzy.

Xu Bai still looked indifferent, but the confusion in his eyes had disappeared.

What replaced it was calmness.

However, this calmness didn't last long. Countless figures quickly rushed into Xu Bai's body.

In the blink of an eye, the calmness was gone. It was still indifferent and chaotic.

Xu Bai didn't stay any longer and kept the chaos going. He flew up into the sky.

The sky was filled with blood-red light, but when Xu Bai flew up, these lights avoided him as if they were afraid of touching him.

Xu Bai flew higher and higher. From the ground, Xu Bai could no longer be seen.

When Xu Bai was getting higher and higher from the ground, he reached a limit and stopped in the sky.

He slowly extended his right hand and patted the void above his head.

The next moment, a crack appeared in the void above his head. A huge suction force pulled Xu Bai over.

After Xu Bai entered the crack, the crack slowly closed.

The blood-red light once again covered the entire sky as if nothing had happened.

..

In a dark space, the ground was covered with black grass.

Xu Bai stepped on the grass and walked forward.

Not far ahead was a mountain of corpses and a sea of blood. It looked extremely terrifying. The corpses were piled up as high as a mountain, and it was unknown how many people had died.

Each corpse was wearing a different outfit and looked like they were from a different world. The difference was huge.

Xu Bai walked straight to the pile of corpses in front of him and stopped. He stretched out his hand and gently fanned himself. The pile of corpses in front of him split open from the middle, opening up a path.

In the middle of the road, where many corpses were buried, there was a thick book.

Xu Bai calmly walked to the book and took it as if nothing had happened.

When he held the book in his hand, the golden and grayish white in his eyes gradually disappeared and turned into normal black.

Xu Bai's golden finger state had disappeared, and now he himself had appeared.

After Xu Bai returned to normal, he looked around.

"So there's such a space in the Bizarre City."

He had encountered the Bizarre Demon City before, so when he saw this scene, he felt that it was extremely familiar.

Then, he felt his hand become heavy. When he looked down, he saw a thick book.

"It's still a book. I've seen it before in Bizarre City. There's also a book here. It seems that the Goldfinger has hidden quite a lot of things."

After thinking for a while, Xu Bai opened the book in his hand. There were still words he could not understand.

He flipped to the back and looked at it carefully. He realized that it was exactly the same as the first book.

Xu Bai took out the withered grass and put the book back.

"The two books are hidden in two different places. I don't know what the contents are. I can only go out and see if there are any clues."

There was no point in staying here now. He didn't understand the words on it, so he couldn't rely on guessing, so Xu Bai decided to go out first.

After leaving this place, he would find a place to return to the human world.

His divine soul gradually expanded and enveloped the surroundings, but he did not find what he wanted.

Looking at the piles of corpses around him, Xu Bai sighed silently.

“I don’t know what kind of disaster happened, but these things are much more serious than I thought. I keep feeling like big trouble is coming.”

Xu Bai didn’t stay any longer. He walked out of the passage surrounded by the corpses and came to an empty place. Looking at the black grass below, he imitated what he did last time. His hand emitted a fierce white light and pressed it on the ground.

A terrifying white light suddenly appeared, smashing deep pits on the ground. Xu Bai’s body was falling at a speed visible to the naked eye.

Not long after, a passage was blasted out of the thick ground. Following this passage, they arrived at the Humanoid Bizarre Market that was covered in blood-red light.

Xu Bai stretched his arms and took out a withered grass used for storage. He took out a token from it and played with it in his hand.

The demon he controlled was the City Lord of a city. He just happened to have obtained the token. Now, he just needed to use the token to find the pattern and return.

As for which city this token belonged to, that was not important.

This was because not all of the people in the Bizarre City had been sent out. There were still some weak ones left here. They only needed to capture two of them for questioning.

I Have Unparalleled Comprehension #Chapter 977: Meeting the Chu Emperor - Read I Have Unparalleled Comprehension Chapter 977: Meeting the Chu Emperor

Chapter 977: Meeting the Chu Emperor

At the thought of this, Xu Bai put away the token in his hand, identified a direction, and flew in that direction...

..

This place wasn’t destroyed by his Goldfinger state, so the city was still easy to find. After flying for about 15 minutes, a desolate ancient city appeared in front of them.

Xu Bai's soul expanded and enveloped the entire city.

There were no experts here now. There were only two or three kittens in the entire city. He did not have any scruples at all. He directly controlled a human ghost and showed the token in his hand.

The person being controlled said a direction in a daze. After saying a long distance, Xu Bai finally understood and prepared to walk in this direction.

Before he left, he used his divine soul and killed everyone present.

They were all enemies, so killing them was fine. Although these people did not go to the battlefield, if they were really put in the human world, the slaughter would not be small.

After doing all this, Xu Bai rushed in that direction.

Along the way, Xu Bai attacked whenever he encountered a city. He killed all the human monsters. Although the distance was not very far, it still took him some time to get there.

Fortunately, the journey was smooth and there was no danger. Xu Bai arrived at his destination smoothly.

When he arrived, he extended his divine soul. However, he quickly retracted his divine soul and prepared to turn around and escape.

However, his movements were coincidentally a little slow. A figure had already blocked in front of him.

Xu Bai was speechless.

No matter how much he had calculated, he had only missed one point.

There was indeed no one here who could take him down, but there was someone who could.

In this place, other than him being a human, there was another person, and that was the Chu Emperor.

Xu Bai fell silent as he looked at the man in the yellow robe. His eyes were empty, but his aura was as imposing as a mountain.

– Emperor Chu.

At this moment, his thoughts suddenly jumped.

The Chu Emperor still looked the same as before. He had a natural air of nobility about him, and the pressure he gave off was extremely strong. However, the expression on his face was not lively. On the contrary, it was like an old and decrepit piece of wood. Especially his eyes, there was nothing in them.

“Once upon a time, he was the strongest existence in the world.”

“But now we have fallen into this situation.”

Xu Bai only sighed in his heart because the current situation was not suitable for him to sigh too much.

Under normal circumstances, he could even hug someone’s thigh. After all, he was the first person in the world to become a Saint.

But if he was in this state...

Forget it.

Just like Liu Qingfeng back then, he was a time bomb that could explode at any time. He might be calm one second and attack in the next.

The scene was so quiet that one could hear a pin drop.

Xu Bai didn’t move, and neither did the Chu Emperor. The two of them looked at each other.

Although Xu Bai looked calm now, he was ready to destroy his soul at any time and draw out the golden finger.

There was no other way. In the current situation, if they really encountered danger, they could only give it a try.

Fortunately, the Chu Emperor didn’t make a move for the time being, which gave him more time to think of a solution.

However, Xu Bai later felt that he was overthinking things because there was nothing he could do. Under the suppression of absolute strength, no matter how much time he was given, there was nothing he could do.

This kind of quiet situation could not continue. Xu Bai tentatively took a step back, ready to destroy his divine soul at any time.

One step.

The Chu Emperor did not move.

Two steps.

The Chu Emperor still did not move.

Xu Bai took a deep breath, turned around, and tried to escape.

The moment he turned around, he felt his vision blur. The Chu Emperor was blocking his way again.

“What exactly do you want?”

Xu Bai was a little confused.

He didn’t fight and even stopped him. What was he thinking?

Just as he was thinking this, the Chu Emperor suddenly stretched out his hand and grabbed at him.

Xu Bai felt his chest move.

Very quickly, the withered grass in his bosom was taken out by the Chu Emperor in the air...

“My baby!” Xu Bai was stunned.

I Have Unparalleled Comprehension #Chapter 978: The Truth of the World - Read I Have Unparalleled Comprehension Chapter 978: The Truth of the World

Chapter 978: The Truth of the World

After the withered grass was taken away by the Chu Emperor, Xu Bai didn’t move. He wasn’t in any danger now, but he could sense that the Chu Emperor had something to do, so he maintained his silence.

The Chu Emperor’s eyes were still as empty as ever. He looked like a piece of wood, devoid of any emotion. He stared at the withered grass in his hand and carefully examined it. His eyes were also empty and dull.

Just like that, after a few dozen seconds, the Chu Emperor raised his left hand and slightly waved it at the withered grass.

Soon, two things floated out of the withered grass.

Xu Bai's eyes widened when he saw the two items, but he still didn't move. In fact, he was looking forward to it.

These were two books that came from the Bizarre Human City and the Bizarre Demon City respectively. He had once entered those two special spaces as a cheat and obtained them by chance.

All of them were words that he could understand, but he guessed that they came from different worlds.

Now that the Chu Emperor had taken out these two books, Xu Bai felt that there was definitely something going on. He quietly observed the situation and didn't immediately use the Soul Annihilation method to attack him.

As expected, Xu Bai's feeling was right. The Chu Emperor raised his hand again, and the withered grass was returned to him.

Xu Bai took the withered grass and put it into his arms, then looked at the Chu Emperor.

The Chu Emperor no longer had his divine soul and was acting on instinct.

The so-called instinct was actually very complicated. Now that these two books had attracted the attention of the Chu Emperor, it was definitely because he had experienced something related to these two books that triggered the Chu Emperor's instinct.

The Chu Emperor gently waved his hand, and the two thick books floating in the air landed in his left and right hands.

Immediately after, a powerful aura gushed forth from the Chu Emperor's body.

"Is this what it means to become a Saint?"

With Xu Bai's current strength, even if this aura was not targeted at him, he still felt very strenuous. Fine beads of sweat appeared on his forehead.

He could feel that this difference was very obvious, so obvious that he could see it keenly.

Fortunately, this aura was targeted at the two books.

Under the pressure of the Chu Emperor's powerful aura, the two books suddenly began to move.

The originally neatly bound book instantly became scattered pages.

These pages floated in the sky, appearing very messy.

The Chu Emperor, who was in the middle of the pages, suddenly stretched out his hand and waved it gently at the pages that filled the sky.

As he waved his hand, the pages in the sky kept spinning, turning from disorderly to orderly.

The words on the pages were slowly changing. In the blink of an eye, the words of the two books had turned into words that Xu Bai could understand.

Following that, as the words changed completely, the pages gradually closed and returned to their original state, turning into two thick books.

However, Xu Bai knew that the words in these two books had completely changed.

Two thick books fell from the sky. The Chu Emperor stretched out his hand and caught them.

The scene became quiet, so quiet that it made one's hair stand on end.

The Chu Emperor's hollow eyes stared straight at Xu Bai, without the slightest emotion. He just handed the book in his hand over.

Xu Bai looked at the book floating in the air and hesitated for a while before walking toward the Chu Emperor.

As he walked, he focused his attention on the Chu Emperor, and at the same time, he was prepared to attack his own soul at any time.

These two books were very important, not because of the progress bar, but because they were related to some important secrets.

Since he could get it, he would never give it up. If he could learn a lot from the book, it would be of great benefit to him.

Looking at the Chu Emperor's current appearance, it was very obvious that he wanted to give the book to him.

Xu Bai felt that he could take this risk, because the Chu Emperor's instincts didn't show any hostility towards him.

As a human, the Chu Emperor's instinct was to kill the strangeness in this place. He was also a human, so perhaps he wouldn't be in too much danger.

Of course, this was only Xu Bai's guess. Therefore, Xu Bai was ready to attack his own soul at any time in case something unexpected happened.

The distance between him and the Chu Emperor was getting closer and closer. Xu Bai looked at the two books in front of him and slowly stretched out his hand.

When his hands came into contact with the book, the Chu Emperor's expression did not change. Only then did Xu Bai heave a sigh of relief.

After taking the two books, Xu Bai took out the withered grass and put the two books inside.

After doing all of this, he raised his head and sized up the Chu Emperor, a complicated expression flashing in his eyes.

"You must have come into contact with some secret here, right?"

To be able to restore these two books, and even restore them to the language of Great Chu, this proved that the Chu Emperor had come into contact with something.

However, he couldn't answer Xu Bai's question based on his instincts. Everything he did was based on his instincts.

Xu Bai had asked this question subconsciously. Of course, he couldn't get an answer.

The Chu Emperor tilted his head and looked at Xu Bai with an empty gaze. It was as if he was looking at an ordinary object and did not move at all.

After looking at Xu Bai for a while, the Chu Emperor shifted his gaze away from Xu Bai and looked behind him. Then, he slowly raised his foot.

The aura on his body was gradually becoming stronger, and the direction he was rushing towards was the direction of the battlefield.

Only then did Xu Bai remember that there were still 17 Saint Realm monsters left on the battlefield.

"Are you going to kill them?"

The Chu Emperor didn't reply to him. In the blink of an eye, he had already disappeared from his original spot, never to be seen again.

Xu Bai looked at the place where the Chu Emperor had disappeared and took a deep breath. After calming himself down, he hurried in the direction of the image in the city.

Chapter 979: The Truth of the World (2)

He did not read these two books because the current environment was unstable. He needed to return to Great Chu before he could slowly read them.

As he followed this direction, a circular pattern soon appeared in front of him.

Xu Bai descended from the sky and took out the token from his waist. The True Core Strength in his body surged toward the token.

Just as he was about to activate the token, he suddenly felt a powerful pressure coming from afar. This pressure did not bring him any danger because it was from the direction of the battlefield.

“Looks like they’ve already started fighting.” Xu Bai thought to himself.

A battle of this level was not something he could participate in.

He didn’t think too much about it and continued to activate the token in his hand.

Soon, the circular pattern reacted. Xu Bai’s figure flashed and disappeared from the spot.

..

Outside, on an island.

After the space was distorted, Xu Bai walked out. Seeing the familiar surroundings, he finally heaved a sigh of relief.

The huge eye had already left, and the distorted space had also disappeared.

” This guy is really trying to kill me. In the future, when doing things, you must be careful.””

Xu Bai pondered for a moment and did not stay any longer. He accelerated in the direction of the Great Chu Imperial Palace...

..

Since he had set off in a very secretive manner and had used a special method to teleport, he did not attract the attention of the two barbarians when he returned. Xu Bai had successfully traveled a long distance and returned to the barbarian fief.

He first went over to take a look at Chu Ling and found that Chu Ling's belly was getting bigger and bigger, but there was no sign of her giving birth.

After consoling him, he couldn't wait to walk towards the palace's treasury.

He was in a hurry all the way, so much so that when many people in the palace bowed to him, he only waved impatiently.

They hurried to the palace treasury.

Xu Bai took a few quick steps. After entering, under Liu Qingfeng's surprised gaze, he took out two thick books from the withered grass.

Liu Qingfeng was stunned." I've never seen you so anxious. Did something big happen?"

Ever since he met Xu Bai, the feeling that Xu Bai gave him was that he was very calm.

This was the first time he had seen Xu Bai so anxious, so he was very curious.

Especially when he saw Xu Bai take out two thick books, he really wanted to go over and take a look.

However, before he could take two steps, he was interrupted by Xu Bai.

"You probably can't handle the things involved in this. Don't look at it yet. Wait for me to see it." Xu Bai raised his hand and stopped Liu Qingfeng from moving forward.

He said it very straightforwardly, but it was all from the bottom of his heart.

If Liu Qingfeng was involved in these matters, something might happen.

After all, his biggest enemy now was that huge, unfathomable eye.

The eye gave him a feeling that it was too mysterious, more mysterious than any of his enemies. Even the two Barbarian Saints couldn't compare to the huge eye.

If he encountered that huge eye, he could still use his cheat to escape. If Liu Qingfeng got involved in this matter and entered this inexplicable battle, he would have no way to escape.

Liu Qingfeng was originally very curious, but when he heard Xu Bai's words, he suddenly stopped in his tracks and retreated back to his seat.

His curiosity was suppressed, so he didn't say anything else. He knew Xu Bai wouldn't lie because Xu Bai wasn't that kind of person.

Now that he had said all this, he definitely could not let him get involved, so he did not want to get involved.

Xu Bai waited for Liu Qingfeng to retreat before taking out a book. He opened it and read the words on it.

When Xu Bai first saw these words, the shock in his heart never stopped.

He flipped through the pages one after another. His speed was very fast. Every time he looked back, the shock in his eyes increased.

With Xu Bai's current speed, it took him the time for half an incense stick to burn to finish reading the two thick books.

After reading them, Xu Bai placed the two books on the table and took a deep breath to calm his emotions.

It was huge!

This was a huge matter!

Xu Bai had a complicated look in his eyes.

He finally knew the origin of his golden finger and what that huge eye was.

This book recorded everything from beginning to end in great detail.

To be precise, it recorded the beginning and end of every world.

First of all, the Great Chu was not the only world written in this book.

To be precise, there were countless worlds.

Before the accident, every world thought that they were the only one, but after the accident, they realized that there were countless worlds here.

Every world was separated and could never be connected to each other. If not for the disaster, they might never know.

And the disaster was very simple. They were destroyed by the huge eye.

The huge eye was not a living creature, but more accurately, it was another living creature.

It could be seen that countless worlds combined into one person.

The rise and fall of every world would be reflected on this person.

The huge eyes were the incarnation of this person.

Humans were just a metaphor. In Xu Bai's opinion, the huge eyes were more like the Heavenly Dao in the novels of his previous life, but this Heavenly Dao was not good.

In the novels of his previous life, the so-called Heavenly Dao did not care about the world and did not have selfish desires.

Chapter 980: The World's Truth (3)

And this huge eye had a huge selfish desire.

The countless worlds that had been destroyed called this huge eye the Absolute Saint.

The existence of the Absolute Saint was to maintain balance between everything.

Every world would experience various events, from birth to prosperity, from prosperity to decline, from decline to extinction.

However, when special people appeared in these worlds, there would be problems with these changes.

If these special people were in Xu Bai's world, they would be called people in the industry.

Of course, in other worlds, they had other names.

Their existence broke this rule, making every world stronger and stronger.

As mentioned before, countless worlds would form an Absolute Saint. Letting these worlds rise and fall was the best way to maintain the Absolute Saint.

The people of those worlds discovered that they would fall into a state of resource depletion after a period of time, and this state would repeat itself.

After a series of developments, they wanted to break this state, so the arrival of the Absolute Saint appeared.

In the words of Xu Bai's world, as long as he reached the Saint Realm, he would be able to break this state.

Every world was set with rules, and those rules were extremely difficult to break.

For example, in the world that Xu Bai was in, only when the world was unified would there be an existence of a saint. For example, Emperor Chu.

However, since ancient times, resources had been exhausted before they were unified. Therefore, it was very difficult to produce saints, but there were always people in countless worlds who produced saints.

For Absolute Saints, once someone became a Saint, that rule would be broken.

After the rules were broken, those worlds would become more powerful. As the saying went, the strongest world would weaken. A powerful world would consume the power of an Absolute Saint, so the Absolute Saint would destroy these worlds and restore them to their starting point.

Countless worlds had been destroyed over the years.

Finally, as more and more worlds were destroyed, one world stood up. In order to deal with the Absolute Saint, they gathered the power of the entire world and began to gather the dead worlds. Then, they piled them all up in Great Chu.

Every world turned into a corpse. In the world where Great Chu was located, a space was broken open and became a bizarre market.

He let the dead people enter the Bizarre Market and used the power of these people to maintain the vitality of the corpses.

When these energies gathered together, they finally formed Xu Bai's golden finger.

They had been very secretive, but they had been discovered in the end. The Absolute Saint had turned into a giant eye and wanted to destroy them, but they already had a way to deal with it.

They couldn't kill the Absolute Saint, so they created ruins and trapped the Absolute Saint inside.

Ruins were always repetitive, and the Holy Place was the only place that would never repeat itself.

They didn't know how long they could be locked up, but this was their only way.

In Xu Bai's previous life, he had been in a world of the same type of world, and he had taken another path.

There were many such paths in countless worlds. The world that Xu Bai was in in his previous life had not reached that level yet. It could even be said that it had just started.

And then...Xu Bai was hit.

He was randomly chosen to become the heir of the golden finger.

To be precise, he was one of the heirs.

They used many methods to select countless inheritors, no exceptions all failed.

And these heirs were the saviors of the past.

Later, they investigated the reason and found out the reason. It was that spreading the golden finger to the Savior would weaken his power.

Therefore, they were released in various worlds.

It was even released many times.

But in every world, there would be some people who were traitors.

These traitors were organized by the giant eye to monitor the existence of the golden finger.

At first, these organizations wanted to kill the golden finger, but when they realized that they could not do so, they eventually turned to surveillance.

After countless extermination, the Goldfinger became stronger and stronger. It was actually very simple. It was because the strongest world consumed its own origin to maintain the Goldfinger.

In the end, they came up with the last solution, which was to find a world that had just reappeared and had not developed for long. Thus, they found Xu Bai's world.

Later on, there was the scene of Xu Bai transmigrating.

When Xu Bai finished reading the contents, the heavy look in his eyes never disappeared.

"I became a savior for no reason. This feeling is really uncomfortable. I just want to be a salted fish." Xu Bai was speechless.

He looked at the book placed beside him and raised his hand to hold it. As his True Core Strength surged, the two books turned to ashes.

These things could not be seen by others. If they were seen, they would leave a mark and turn into the power of the giant eye.

The Saint Realm was a very mysterious realm. Once one reached that realm, one would be able to see the truth of the world. For example, Emperor Chu.

According to the book, the only way to break it was for Xu Bai to reach the peak of the Saint Realm.

But... It was very difficult.

The book didn't say it was difficult, but Xu Bai knew it was.

It didn't mention how he could reach the peak of the Saint Realm. It only said that he could use the power of the golden finger. The golden finger had gathered countless worlds, so Xu Bai showed a rational and chaotic madness.

Reason was what these powerful worlds retained, and chaos was because there were too many worlds.

Chapter 981: The Truth of the World (4)

“There’s no way to become stronger. I only said that I could rely on my cheat. However, I can only rely on the progress bar now, and this progress bar is very slow...” Xu Bai suddenly felt that he was caught in an endless loop.

What he lacked was time...

Moreover, the truth of this world could not be told. If it was told, it would be a big problem because the huge eye could sense it.

The Bizarre Market was the only place that could be shielded. The reason why one’s soul would be completely gone after entering the Bizarre Market was because there were too many worlds there. Therefore, after entering, one’s soul would be instantly devoured.

As for the most powerful world, according to the book, it was already dead.

Xu Bai was the last hope. He was formed by condensing the strongest world as the main body and countless other worlds as secondary bodies.

“By the way, I’ve entered two bizarre markets this time. My speed should increase. Perhaps this is the only breakthrough.”

Every time he entered the Bizarre Market, he was actually consuming the remaining power of the countless worlds.

There was a benefit, which was that it could increase the progress of the Goldfinger. There was also a disadvantage, which was that the more remaining power was consumed, the less the ruins could trap the huge eye.

This was an endless loop, but Xu Bai thought that he could use his golden finger to speed up and seize the time to increase his strength.

Xu Bai took out a book from the withered grass and looked at the progress bar on it. He was stunned.

“I like this speed!”

He was not a particularly pessimistic person. Although he was inexplicably given the responsibility of being the savior, he was still very optimistic.

There was a saying that went like this: there was always a way out when the car came to the mountain.

There was no need to carry those difficulties too heavily. The more you thought about the difficulties, the difficulties would still be there. It was best to solve them.

In front of him, the progress bar was increasing at a speed visible to the naked eye. This speed was much faster than before.

"It seems that there is still hope in the world!" Xu Bai heaved a sigh of relief.

He looked at Liu Qingfeng and said, "Brother Qingfeng, I'm going into seclusion for a while. If there's anything I can't solve, I'll need you to help."

Liu Qingfeng nodded and agreed.

Although he didn't know what Xu Bai had obtained from the book, Xu Bai had already said that he had basically sold it to Xu Bai. Of course, he wouldn't sit idly by.

After Xu Bai got the answer, he didn't say anything else and continued to read the progress bar in his hand.

The palace treasury fell silent.

..

Time gradually passed. In the blink of an eye, nearly half a month had passed.

In this half a month, everything seemed to be calm, and the world developed according to its original trajectory.

Great Chu, Imperial Palace.

Director Mu was sitting cross-legged on the bed, his forehead covered in sweat.

On his body, waves of power of providence continuously surged.

Ever since the Chu Emperor ascended to the heavens, he had taken on all kinds of affairs in the Great Chu State. Other than the necessary matters, he almost never left the house and was constantly in seclusion.

He had inherited the throne of the Great Chu State, combined with the Emperor's profession and the Fate Master's profession. At this time, he had already reached the edge of becoming a saint.

On the surface, he lived a mechanical life every day. No one knew what he was thinking. Only he knew how much responsibility he had.

The Chu Emperor ascended to the heavens in order to give them time.

This responsibility naturally fell on Director Mu.

Director Mu wanted to reach the Saint Realm. After such a long period of seclusion, he finally saw hope.

The luck on his body continued to revolve around him. As the luck revolved around him, Director Mu's aura continued to rise.

He was getting closer and closer to the Saint Realm, and he was already on the verge of it.

"Soon, soon!"

Director Mu's forehead was covered in dense sweat. At this moment, his aura suddenly stagnated and his eyes suddenly opened...

"I'm about to get a chance to be a god!"

Director Mu opened his eyes, and there was a sense of oppression that made it impossible to look straight at him. His aura had already reached its peak, but as he roared, his aura that had reached its peak increased again. At this moment, he was one foot into the Saint Realm.

Half-step into the Saint Realm gave Director Mu hope.

"Just a little bit more, just a little bit more, and I would have succeeded!"

His eyes were bloodshot and he looked very uncomfortable. His forehead was drenched in sweat and his face was as pale as a sheet of paper. It was as if he was enduring great pain.

Other than pain, there was also boundless pressure.

Director Mu could feel that there was an insurmountable mountain in front of him.

It was so high that it was suffocating.

He had already stepped on the peak. He was just one step away from successfully crossing it.

However, there seemed to be an invisible wall in front of him, preventing him from advancing at all.

What was more, he felt that there were countless terrifying things hidden behind the wall. Even he felt that there were terrifying things that made his scalp go numb.

This was something he had never seen before. In the past, he had never encountered it when he broke through to the next realm. Today was the first time he had encountered it.

“I’ve already reached this stage. Even if there’s an abyss of death ahead, I still have to step forward!” Director Mu roared.

He didn’t hesitate at all. He gathered all the power in his body and charged at the mountain in front of him.

Blood oozed out of his seven orifices, and luck flowed through his entire body. In addition to the special ability of an emperor, Director Mu took a step forward. In front of his eyes, he crossed the mountain with this step.

“Boom!”

The ringing in his ears, accompanied by the rumbling of his entire body, made Director Mu feel dizzy.

Although it was very uncomfortable, he knew that he had successfully reached the Saint Realm.

“I finally succeeded. I finally didn’t let everyone down and reached this level!”

Director Mu was ecstatic. He didn’t care about his dizziness and got up to walk.

However, just as he took a step forward, an illusion suddenly appeared in front of him.

He was very clear that this was an illusion because he was currently in the imperial palace of the Great Chu Country.

“Is this the horror I saw just now?”

In front of Director Mu’s eyes, the surrounding scenery changed. He was in darkness, and in the darkness, there was an atmosphere that made him afraid.

“I’m already a Saint, so why would I feel fear? What’s going on?”

Director Mu found it unbelievable. He tried his best to suppress the fear in his heart and looked around.

The darkness made him unable to see anything, but he could feel a thick smell of blood in the darkness that constantly reverberated around him.

Just as he thought about it, his body unconsciously walked towards the smell of blood.

The closer he got to the smell of blood, the weaker the darkness in front of him became.

As the darkness grew weaker, a light suddenly emerged from the darkness and enlarged in front of Director Mu's eyes.

Director Mu froze on the spot. He saw the sign of the light being magnified.

It was an eye, an incomparably huge eye. It was floating in the sky, staring at him with a cold gaze, causing goosebumps to rise all over his body.

Director Mu suddenly felt that he had no privacy in front of this huge eye. He felt that his entire body was seen through by this huge eye, and he did not hide anything.

This feeling made him very unhappy, but there was nothing he could do.

At this moment, he felt that the huge eye had suddenly changed. Its gaze was still cold, but there was an endless killing intent hidden in it.

This killing intent was directed at him, making his scalp tingle. He felt like a small boat in the sea, drifting with the current and could capsize at any time.

This feeling only lasted for a moment before it quickly disappeared. The huge eye disappeared, and Director Mu returned to his original position.

"The hallucinations are gone?" Director Mu was slightly stunned. He reached out to wipe his forehead and realized that it was covered in sweat.

It was indeed an illusion just now, but it was so real that it made him feel scared.

That feeling told him that the huge eye would kill him and make him unable to resist, even if he had reached the Saint Realm.

"What's going on?"

"Where did this eye appear from? Why have I never seen it before? And why is it releasing killing intent towards me?"

"I've already reached the Saint Realm, but I still feel powerless. What realm is this giant eye at?"

One question after another arose in Director Mu's mind, but no one answered him. He had no way to answer them because he was already confused.

He had already reached the Beyond Saint Realm, but he was still not happy. Because of the huge eye, he felt like there was a sharp sword hanging above his head.

"We can't tell anyone about this for the time being. We can't let them know, or else something will go wrong." Director Mu thought to himself.

Now, everyone in the world knew that their opponent was the Bizarre Market, but they did not know that there was a huge eye above the Bizarre Market.

However, he could not tell anyone about this. At least for now, it was very important to keep this a secret.

Even he didn't know what the consequences would be if he told anyone.

Director Mu exhaled slowly to calm himself down. Then, he pushed open the door and walked out.

Chapter 983: Liu Xu's Stupid and Director Mu's Sage (2)

..

When someone became a saint, the world would naturally change. No matter where they were, as long as they were in the industry, they could feel it.

Their gazes were all directed towards the Great Chu Imperial Palace.

Now that the world was united, other than a small number of people, most people were ecstatic. With a Saint Realm expert, they would have greater confidence in fighting against the Bizarre Market.

Xu Bai had spent half a month in the treasury of the Great Chu Country's Barbarian Race's land, which was far away from the palace. He had finished reading all the books, including those in the treasury.

At this moment, light blue smoke appeared and formed the attribute panel.

[Name: Xu Bai]

[Realm: Transcendental ninth-grade unspecialized.]

[Myriad Forms Heaven Attracting Mountains and Seas Art (Transcendence Level 9.5):[Maximum level.]

[Myriad Attack (Saint Realm Level 2):[Maximum level.]

[All kinds of support (Saint Level 2):[Maximum level.]

[Myriad Mystical Technique (Saint Level 1):[Maximum level.]

” Comprehension: Maximum level.”

[..]

At the end of the attribute panel, a series of ellipses were used to represent various skills.

However, he did not have the experience of failing to become a saint, so he could not fuse them. His skills were very mixed now.

None of this was important. After he spent a lot of time on the progress bar and used the upgraded cheat to complete it, he finally made a huge progress. His mental cultivation method had already reached level 9.5.

He felt that he was getting closer and closer to becoming a Saint Warrior.

This was supposed to be a joyous occasion, but he could not be happy now because he had sensed the news of someone emerging from the Saint Plane. This news was definitely from Director Mu of the Great Chu Royal Palace.

Xu Bai looked at the attribute panel in front of him. When the attribute panel disappeared, he frowned and pondered.

Liu Qingfeng, who was standing beside Xu Bai, was confused when he saw Xu Bai's expression.

During the past half a month of closed-door cultivation, he could feel that Xu Bai's strength had increased at a speed visible to the naked eye, making him extremely envious.

Sometimes, comparing people was infuriating. He thought he was a genius, but in front of Xu Bai, he was like a fool.

Who would have thought that in half a month, his strength would increase so quickly? It was simply inconceivable.

From the initial shock, to envy, and then to numbness, Liu Qingfeng felt that he had already gotten over it.

However, he was very puzzled. Xu Bai's progress was already so fast, so why did he still look so unhappy?

Of course, Xu Bai wasn't happy. He didn't know what happened to Director Mu after he reached the Saint Realm. He was worried about this.

Previously, when the Chu Emperor was about to leave the Saint Realm, he had seen something. He wondered if Director Mu had seen it as well.

He didn't want to tell others about the huge eye because he was afraid that others would get involved in this matter. If that happened, they wouldn't be able to get away without his cheat.

Now that Director Mu had reached the Saint level, Xu Bai felt that he could ask or take a look.

"I'm going to the Great Chu Imperial Palace. I'll have to trouble you to take care of this place." Xu Bai stood up from his seat and left after saying that.

Liu Qingfeng looked at Xu Bai's back as he left and scratched his head in confusion.

..

In the Imperial Palace of Great Chu.

Xu Bai had rushed over at lightning speed. Even when he reached the palace, he did not descend from the sky. Instead, he went straight to the royal study where Director Mu was.

As soon as he landed in the courtyard, he felt the spies of the Dark Tower cast their gazes over.

Xu Bai returned his gaze. The scouts quickly looked away, indicating that they had not seen anything.

At this moment, Director Mu's voice came from the room.

“Come in. You haven’t been here for so long. You must have something to say.”

Xu Bai didn’t reply and pushed the door open.

After entering, he closed the door behind him. Looking at Director Mu sitting in his seat, he fell into deep thought and didn’t know what to say.

Director Mu frowned.” I’ve never seen you with such an expression. Just say what you want to say. There’s no need to hide anything between us.””

Recently, Director Mu had been very upset, especially when he thought about that huge eye every day.

This was a very normal thing. It was not easy for him to stand at the top of the world and settle all the subsequent bizarre markets. However, he realized that there was still someone standing above him. No one would be happy.

Xu Bai pondered for a long time and finally organized his words. He said,”Did you see anything when you broke through to the Saint Realm?”

Director Mu was stunned. He really didn’t expect Xu Bai to ask about this.

After recovering from his daze, Director Mu stared into Xu Bai’s eyes and said,””What do you know?”

He felt that Xu Bai knew something, but he didn’t say it out loud.

“You have to tell me what you saw, then I can tell you what I know,” Xu Bai said.”

If Director Mu saw that the pair of eyes were not related to the pair of eyes, Xu Bai would never tell anyone. If there was a relationship, it would prove that Director Mu was related to the pair of eyes.

Both of them fell into silence. Neither of them spoke.

After about half an hour, Director Mu finally spoke.

“You should know something, right?” Director Mu smiled bitterly.

He could tell that Xu Bai knew something, and what he knew was related to what he knew.

"I know." Xu Bai nodded.

The power of providence surged continuously on Director Mu's body, sealing off the surroundings and preventing any information from being transmitted.

After doing all this, Director Mu told him everything he had seen. "I saw a huge eye."

When Xu Bai heard this, his heart skipped a beat.

"As expected!"

When someone reached the Saint Realm, they would be known by the giant eye. Although the giant eye was trapped in the ruins, it still had this ability.

"What happened after that? What happened after that?" Xu Bai asked anxiously.

Director Mu continued, "That eye was very strong. It was so strong that even I, who had reached the Saint level, couldn't resist it. He had a murderous aura, and that murderous aura was directed at me. I don't know why."

When he mentioned the huge eye, Director Mu's face was still a little horrified. Obviously, the shock that the huge eye gave him was too great.

When Xu Bai heard this, he finally confirmed the answer in his heart.

Just as he had guessed, Director Mu was indeed being watched by the huge eyes.

"In that case, there are some things that can be said."

Director Mu had already met the giant eye, which proved that there was a connection. There was no harm in saying it out loud. There was someone else to share it with, and he could also have another person to think of a plan.

Thinking of this, under Director Mu's expectant gaze, Xu Bai told him everything he knew. Of course, he hid the part about the cheat.

After Xu Bai told them everything he knew, the entire room fell silent.

Although he looked quiet on the surface, Director Mu's eyes were filled with shock.

He could no longer describe his feelings. After hearing this huge secret, he really could not say a word.

Who would have thought that there were countless other worlds besides his own?

Moreover, the depletion of resources in every world was actually caused by that so-called Absolute Saint.

“Wait for me to sort things out first. I’m a little confused right now.” Director Mu felt that these things really made him upset.

Xu Bai nodded.

He also understood that it was right to be upset.

Anyone would do the same.

If it was his first time hearing it, he would be even more confused.

After a while, Director Mu finally reacted.

“In other words, I should be targeted.”

“But after he targeted me, did he have any other methods? After all, even if he was targeted, he would still be trapped in the ruins and could not come out.”

Xu Bai shook his head and said, “I don’t know about that either. I came here just to ask. Now it seems that you do know about these things. As for whether you can come over after being targeted, I’m not sure.”

As long as there was a saint, this world would be destroyed by the absolute saint, and the world would start all over again.

The most important thing was that the Absolute Saint was trapped in the ruins. He didn’t know what the Absolute Saint’s glance at Director Mu meant.

“Looks like I have to speed up the progress and unify the Bizarre Market as soon as possible.” Director Mu said slowly.

Now, he could only unify the entire world and see if he could find other ways.

Of course, there was one more thing to do before that.

“I need to do something, and I need your help.”

Director Mu did not hesitate at all. He waved his hand and said, "Tell me, as long as it's something I can do."

Xu Bai nodded and said, "I want books. Many, many books. But I can't collect them all by myself. I need you to help me collect them. The more, the better."

Books?

Director Mu was also a smart person. He quickly reacted and knew what Xu Bai was thinking.

"You should be very close to that realm, right?"

What realm?

Of course, he was referring to becoming a Saint.

"I'm indeed going to take that step," Xu Bai said without hesitation. "And it's going to be very fast. But I'll need a lot of books."

There was no need to think about anything else now. There was no need to hide it.

As long as he didn't say it clearly, they could guess.

The most important thing for him was to improve his strength. According to the book, as long as he reached the peak of the Saint Realm, there would be a solution. He was looking forward to that solution.

Director Mu pondered for a moment and agreed. "Alright, I'll do this. Don't worry."

He had asked what he needed to ask and said what he needed to say. Since the matter had been settled, Xu Bai did not stay here any longer.

He was pressed for time. Other than waiting for news from Director Mu, he also had to collect some books. Moreover, Chu Ling was about to give birth, so he had to rush back and did not go to Eunuch Wei's place.

Xu Bai immediately flew into the sky and rushed toward the barbarian fief.

..

With his full speed, he soon arrived at the palace.

Just as he was about to make a trip to Chu Ling's place and ask her to help him collect books, he realized that there was a group of people surrounding Chu Ling's room.

Xu Bai immediately stopped.

His arrival attracted the attention of this group of people.

The leader was a scholar in white. To be precise, this group of people were all scholars.

“Prince Xu, something big has happened!” The leading scholar walked over quickly, shouting anxiously as he walked.

Xu Bai frowned.” Aren’t you scholars from the Academy’s branch here? Why are you here?””

The branch was led by Liu Xu.

Most of the scholars had entered the barbarian backstory as officials, but there were still some who did not have this ability, so they were still studying hard.

Xu Bai didn’t know why they had suddenly come to him at this time.

When he asked, the leading scholar revealed a bitter smile.

“Acting Principal...Something happened!”

As he spoke, the scholar wiped the sweat off his forehead, his eyes filled with anxiety.

Xu Bai stood rooted to the ground and only reacted after a while.

Acting Principal...He was referring to Liu Xu!

Ever since the Principal went into seclusion and started arguing with Prime Minister Wen, all the matters in the Council had been handed over to Liu Xu. Now that something had happened to the Acting Principal, it meant that something had happened to Liu Xu.

“Tell me, what happened?” Xu Bai’s face turned serious.”

The scholar quickly said, "Acting Principal..." Just as he was about to break through to the Transcendent Realm, suddenly... You're crazy."

"But this is not absolute stupidity. As long as someone comes close, they will be attacked by her. If no one comes close, she will always stand in place."

"We don't know what to do. This place is the closest to our place, so we came here specially to look for it."

Silly?

Xu Bai felt his head buzz.

This news was like a bolt out of the blue. He already felt a lot of pressure, and now that he suddenly heard this news, it made him feel even more stressed.

Xu Bai grabbed the scholar's shoulder."

He had been telling himself that he shouldn't be impatient and that he should see Liu Xu first.

The scholar knew the urgency of the matter and quickly led the way.

Xu Bai did not go in to look for Chu Ling. It was more important to settle Liu Xu's matter first.

He felt that the speed of the scholar was too slow, so he directly grabbed the scholar and rushed towards the branch.

As for the other scholars, he couldn't care less. He just let them go back on their own.

The scholar who was caught only felt a gust of wind. He had already arrived at an extremely far place. His speed was so fast that it made him feel scared.

"Don't talk. I know the location of your Academy. When the time comes, just tell me where Liu Xu is."

Just as he was about to speak, he heard Xu Bai's voice. He nodded and shut his mouth.

..

In the Academy.

At this moment, everyone in the Academy panicked.

They were walking around the Academy in a daze. Everyone had an anxious look on their faces.

At this moment, two figures descended from the sky and landed steadily in the center.

When the scholars present saw who it was, they were pleasantly surprised.

“It’s Prince Xu!”

A few people were about to speak, but Xu Bai interrupted them.

“Tell me Liu Xu’s location.”

The scholar who was caught by Xu Bai quickly pointed to a direction. Xu Bai did not waste any time and immediately rushed towards that direction after letting go.

After going around the building in front of him, Xu Bai came to the backyard and saw the situation in the backyard.

In the backyard, Liu Xu was standing on the spot, looking up at the sky.

His originally lively eyes became dull and lifeless.

She stood there with a veil over her face like a block of wood.

“Liu Xu!” Xu Bai shouted, but there was no response.

He tried to take two steps forward. The closer he walked to Liu Xu, the more he felt that Liu Xu was emitting an increasingly powerful threat. It was as if he would be attacked if he got close.

Xu Bai stopped and continued, “Don’t be agitated. It’s me.””

There was still no response. After Xu Bai stopped, the sense of danger lessened.

Xu Bai’s frown deepened. This scene was just as the scholar had said. Liu Xu really seemed to have become stupid and could only rely on her instincts to defend against people who approached her.

He didn’t know what was going on, but if he had become a fool, it should have something to do with the divine soul, and he had quite some achievements in the divine soul aspect.

Xu Bai tried to spread out his divine soul and swept it toward Liu Xu.

But at this moment, Liu Xu suddenly turned her head, her eyes turning from dull to cold.

At the same time, a thick black book appeared in Liu Xu's hand.

A strong light flashed on the black book. In an instant, it condensed into a small black sword and flew toward Xu Bai.

I Have Unparalleled Comprehension #Chapter 986: Book in the Human, Another World - Read I Have Unparalleled Comprehension Chapter 986: Book in the Human, Another World

Chapter 986: Book in the Human, Another World

The moment the small black sword appeared, Xu Bai felt a chill run down his spine. He realized that after being locked onto by the small black sword, there was a sign of danger.

Even at his realm, it could still pose a threat to him. This small black sword was stronger than he had imagined.

The small black sword was very fast. In the blink of an eye, it had arrived in front of Xu Bai. The target of the small black sword was Xu Bai's forehead. Once it hit him, it would not end well.

At the critical moment, Xu Bai's reaction was surprisingly fast. In an instant, his body was enveloped in a hazy golden light.

At the same time, a brilliant white light burst out from his hands and blocked between his eyebrows.

When the small black sword came into contact with his hands, Xu Bai felt a sharp pain in his palms.

In his vision, the small black sword was not blocked by the white light, nor was it blocked by the golden light on his body. It directly merged into it like a pool of water. After penetrating it, it entered his palm.

The moment the small black sword entered his palm, the sense of danger in Xu Bai's heart grew stronger and stronger. He could even feel that the small black sword that had entered his palm was spreading to the surroundings.

Without hesitation, he reached out his hand and cut off the entire hand from the wrist without even frowning.

In the blink of an eye, a new palm grew out of the severed limb, and the palm that fell to the ground turned into ashes. A pool of black water danced on the ground and was about to condense into a small black sword.

“Bang!”

This time, Xu Bai didn’t give the pool of black water any chance to recover, nor did he let the black water condense again.

He flicked his finger and a ball of white light enveloped the black water.

The power of the black water, which had not condensed into a small black sword, was greatly reduced. It was simply unable to continue breaking through the white light.

Wrapped in the white light, the black water continued to weaken and finally turned invisible.

After the puddle of black water disappeared, Xu Bai waved his hand to disperse the white light. Only then did he look at Liu Xu again.

Liu Xu was still holding the black book. Her hair was fluttering in the wind, and her body was filled with cold killing intent.

When she saw Xu Bai looking over, she reached out her hand and flipped the pages gently. As she flipped, small black swords appeared around her.

Just one sword was enough to put a lot of pressure on Xu Bai, not to mention that so many black swords had appeared at the same time. Xu Bai felt even more pressured.

However, with the foresight from the beginning, his reaction was naturally different from before.

Almost at the same time that the small black sword was formed, Xu Bai had already taken a step forward. His figure flashed and he appeared beside Liu Xu.

At the same time, his right hand covered the black book. A fierce white light enveloped the black book. The offensive power inside was constantly destroying the black book.

He could tell that the small black sword was no match for him, but this book seemed to have no other effect other than condensing the small black sword. Why not change his mind and see if he could destroy this book first?

The black book continued to melt away, and the small black sword that had condensed in the air instantly disappeared as the black book melted away.

Liu Xu’s body became extremely stiff, standing on the spot like a block of wood.

Xu Bai knew that he was doing the right thing. He sped up his grinding of the black book.

A small part of the black book had already melted. At this moment, a scream came from within.

“Stop! Stop! Stop!”

Accompanied by a scream was a female voice.

When Xu Bai heard the female voice, he sneered, “I knew there was something wrong here, but I didn’t expect someone to be hiding. If that’s the case, I can’t stop.”

The fight was so intense just now, and now she stopped just like that. Who did she think she was?

If he really stopped, wouldn’t he lose face?

Not only did Xu Bai not stop, but he also increased his strength, causing the black book to melt even faster.

The woman hiding in the black book screamed even louder.

Behind Xu Bai, a golden and gray-white Heavenly Change appeared, covering the surroundings to prevent the scholars from coming in and disturbing him.

At this moment, the woman in the black book spoke again.

“Stop hitting her, I can save her!”

Xu Bai’s hands did not stop moving. “Then hurry up and tell me how to save her.”

The woman spoke again, “Let me go first. If you don’t let me go, how can I say it?”

Xu Bai didn’t continue to talk. He sped up the destruction of the black book, as if he didn’t want to say another word.

Release him?

It was impossible.

He really wanted to save Liu Xu, but now was not the time to let her go, because it was very likely that the gains would not make up for the losses.

He was destroying the black book now, but Liu Xu didn’t show any abnormalities, which meant that it wouldn’t affect her.

When the time came, he would have to resolve this book and bring Liu Xu to the imperial palace of the Great Chu State. Director Mu, who was in the Saint Realm, would be able to resolve it.

Xu Bai's attitude was so unyielding that even the woman in the black book fell silent. She even forgot to scream.

Sensing that the black book was disappearing at an even faster speed, the woman in the book was completely flustered and shouted loudly.

"I have a big secret. I'm not from this world. I attacked you to protect her because she can't be approached in her current state."

After saying this, Xu Bai's attack eased slightly.

"Tell me."

"I really want to know what your goal is. If you really did it to protect Liu Xu, then I can let bygones be bygones. If you dare to lie to me, I will make you wish you were dead."

Chapter 987: The Person in the Book, The Otherworld (2)

The black book trembled when it heard this. It was clearly afraid.

Xu Bai's Heavenly Change was all around him. The outside world could not hear or see what was going on inside. Xu Bai asked without any scruples.

The woman sighed." I come from a destroyed world. This is what happened..."

In the empty courtyard, only the woman's words continued to speak. There was a lot of content to be said. She spoke for the time it takes for an incense stick to burn before gradually stopping.

After Xu Bai finished listening to all the content, he fell into deep thought and combined the scattered words in his mind.

According to this woman, she was one of the countless worlds, and the direction of development in that world happened to be reading.

It was not like the place he was in, where there were all kinds of businesses everywhere. There was only one business in that world.

This woman was the only one who had reached the Saint Realm in this world. However, when she was about to reach the Saint Realm, she attracted the attention of the Absolute Saint.

In order to restart the cycle of this world, the Absolute Saint killed all the lives in the world. He even wanted to kill this woman.

The woman knew that the difference in strength between the two was very obvious. She could not defeat them, so she used countless methods to hide her soul in the black book and avoid the Absolute Saint's pursuit. Although her body was dead, her soul was already attached to the book.

After the black book passed through countless worlds, it landed in Xu Bai's world and finally fused with Liu Xu's body.

This could be considered a coincidence. As time passed, Liu Xu also displayed a strange reading ability, especially the various changes and studies of the evil books. It could be said that she was unprecedented.

And all of this was thanks to the black book. More accurately, it was thanks to the woman hidden in the black book.

Of course, a person who had become a Saint could not be a vulgar person. Even if only his divine soul was left, it was still not something that ordinary people could compare to.

The reason why Liu Xu had become like this was because Director Mu had become a saint.

Not long ago, when the Chu Emperor had appeared, this woman had also sensed it.

But soon, the Chu Emperor disappeared. Thus, this woman was hoping that the Absolute Saint wouldn't be able to find her.

However, after Director Mu left the palace and stayed there, the woman could no longer hope for luck.

She knew that if they stayed any longer, the Absolute Saint would soon find them. When the Absolute Saint arrived, no one would be able to stop them.

This was a very realistic question, but at the same time, it was also a very simple question.

The woman really wanted to leave, but she couldn't do it alone, so she wanted Chu Liuxu to take her away.

However, if she wanted Liu Xu to take her away, she had to tell Liu Xu the truth and the follow-up solution.

She had a way to escape from this world, just like the method she used before.

The only difference was that his soul had to be attached to the dark book. Only then could he escape together.

Thus, she had shown Liu Xu some scenes of her world being destroyed by the Absolute Saint. However, she had never expected that it was precisely because of this scene that Liu Xu had fallen into a daze.

"Because the impact is too great, she has already hidden herself in the depths of her soul, unwilling to face these things. Indeed, if it were anyone else, they wouldn't be able to stand this."

The woman's helpless voice rang out.

He had seen a world go from prosperity to decline and then destruction. He had also seen countless forests disappear and decline. He had also seen the power of an Absolute Saint. How could a person withstand so many blows?

It was extremely normal for Liu Xu to choose to hide herself in the depths of her soul and not be willing to face these things.

After Xu Bai understood the cause and effect of the matter, he rubbed his chin and said, "You said that you have a way to cure her. What is it?"

The woman said directly, "Search her soul, find her in her soul, and then open her up so that she can come out. It's that simple. But I can't do it because I don't have the strength now."

"The attack just now was already the limit. Moreover, I'm not good at this aspect."

Xu Bai fell into deep thought.

If it was about the divine soul, he was very good at it. If he really wanted to use this method to solve it, then there was no problem.

Thinking of this, he increased the frequency of his attacks again.

The woman's scream came from the black book again. This time, it was filled with incomparable anger.

"I've already said what I should say. What else do you want me to do? I didn't harm her. I even wanted to take her with me."

The woman was very angry. She felt that she had done nothing wrong. She even felt that she had done the right thing. However, she was attacked for no reason. Now that she was about to be destroyed, she felt very wronged.

Xu Bai's tone became extremely indifferent." I don't care if you're right or wrong. Right now, I want to save Liu Xu. Your presence here is an unforeseen event, so it's better to destroy her."

He did not know if this woman's words were true or false, but he could not let her stay.

Because if he wanted to save Liu Xu, he had to eliminate all dangerous factors. Even if it was just a possibility, he had to nip it in the bud.

If this woman made trouble while he was saving Liu Xu, then it would be a small matter if he failed at the brink of success. If she brought irreversible harm to Liu Xu, that would be a real big deal.

Chapter 988: The Person in the Book, The Otherworld (3)

He had no reason to keep this woman.

The woman's heart was filled with sorrow,"Am I going to die..."

She felt that she was a little ridiculous. She had tried everything to live, but in the end, she could not escape the fate of death. Now that she was dying, she felt very aggrieved.

Once upon a time, she was also an expert who had reached the Saint Realm. She was the person who stood at the top of the world, and everyone could only look up to her.

But now, she didn't die a heroic death, but died in the hands of a Transcendent. This made her feel the sorrow in her heart, erupting like a volcano.

Xu Bai didn't care if she was sad or not. She was still speeding up.

At this moment, a hand suddenly rested on his wrist.

Xu Bai's heart skipped a beat. He looked in the direction of the fair hand and saw Liu Xu's empty eyes.

You don't want me to kill her?"

Liu Xu's expression did not change when she asked this question, but her hand was still on Xu Bai's wrist.

"You still don't want to come out?" Xu Bai asked again.

Liu Xu's eyes were still empty.

Xu Bai stopped his attack and suddenly reached out to pull Liu Xu into his arms. He immediately soared into the air. "Since you don't want me to kill her, then I won't kill her for the time being. But I have to save you."

The golden and gray-white light disappeared, and the sky changed.

The scholar who was guarding outside saw Xu Bai soar into the sky and fly towards Great Chu...

..

Great Chu, Imperial Palace.

Xu Bai landed in the courtyard of the royal study and walked straight in. He pushed open the door and saw Director Mu bending over his desk to review the memorials.

He was not surprised to see Xu Bai enter because he had already sensed Xu Bai's arrival, especially Liu Xu, who was beside Xu Bai.

"Restraining one's soul. Is this an instinctive choice to escape after suffering a major blow?"

It had to be said that after reaching the Saint Realm, Director Mu had a different vision. He could see Liu Xu's condition at a glance.

A woman's surprised voice came from the black book. "Saint! It's a Saint!"

"Shut the f * ck up!" Xu Bai's tone was cold. "You survived because Liu Xu begged for mercy for you. But I can't guarantee that I can endure it."

He was very anxious now. If it wasn't for this woman, Liu Xu wouldn't have had so much trouble. If it wasn't for Liu Xu stopping him just now, he would have killed this woman.

Those who dared to touch his people would not have a good ending.

The woman could feel the anger in Xu Bai's heart, so she shut her mouth and didn't continue speaking.

This man gave her a very different feeling.

He was unimaginably strong, ruthless, and decisive.

In order to survive, she did not hesitate to give up her physical body. At this moment, being a little cowardly was also very consistent with her personality.

Xu Bai didn't pay any more attention to this woman. He cast the golden and gray-white Heaven Transformation to envelop the surroundings before telling her what had happened.

"Oh? A Saint Realm expert who had experienced the destruction of the world once?" Director Mu looked at the black book with disdain.

The woman could not help but retort, "I just want to live. I know you'll say that I'm spineless, but I really just want to live. You don't know how terrifying an Absolute Saint is. The feeling of being powerless to resist..."

"I told you to shut up. Do you really want to die?" Xu Bai's hand emitted a white light.

"Okay, okay, okay. I'll shut up." the woman said hurriedly.

Xu Bai then retracted the white light and looked at Director Mu.

Director Mu knew what Xu Bai was thinking. Before Xu Bai could say anything, he said directly, "This kind of situation where you become autistic after a major blow has happened many times in the past. Her method is correct. I'll protect you."

Xu Bai nodded. This was what he wanted.

First, he wanted to verify if the method was correct. Second, although this woman only had a divine soul left, she was at least a former Saint. He needed to use some necessary methods.

"Don't worry. With me around, there won't be any problems." Director Mu said.

Xu Bai did not say anything else. Instead, he circulated his True Core Strength and directly used his own soul to explore Liu Xu's soul.

It was very easy for a Saint-level skill to explore Liu Xu's soul. Xu Bai felt the light and shadow in front of him change, and he arrived in the world of Liu Xu's soul.

It was a vast expanse of whiteness that seemed endless.

Xu Bai walked forward, and the white light not far away changed.

Light and shadow continued to condense, condensing into the appearance of Liu Xu.

Liu Xu was sitting on the ground with her hands around her knees as she looked up at the sky.

In the sky was Xu Bai's appearance. Liu Xu looked very infatuated as she watched.

It was also Xu Bai's first time performing treatment. He was very good at killing people with his soul. He had done many things like murder and arson, but he really couldn't do it to save people.

He recalled what that woman had said. The main purpose of this trip was to help Liu Xu resolve the knot in her heart. Then, everything would be easy to handle.

Thinking of this, Xu Bai walked forward.

When he arrived in front of Liu Xu, Liu Xu silently turned her head and looked at Xu Bai's face.

"You're here..."

"She didn't harm me. She's even protecting me. Don't blame her."

"All of this is a decision made by the system."

"You know everything that's happening in the outside world," Xu Bai frowned. "But you don't want to come out."

Liu Xu lightly nodded her head and did not answer.

"Why?" Xu Bai asked.

I Have Unparalleled Comprehension #Chapter 989: The Person in the Book, the Otherworld - Read I Have Unparalleled Comprehension Chapter 989: The Person in the Book, the Otherworld

Chapter 989: The Person in the Book, the Otherworld

Liu Xu smiled and lifted the veil on her face. Her smile was like the stars in the sky. "Do you think I look like someone who would run away?"

Xu Bai shook his head decisively, indicating that it didn't seem like it.

A woman who was soft on the outside but strong on the inside, even if she had suffered a blow and was in a state of seclusion, she would definitely not sink into a state of being just.

If Liu Xu would run away like this, she would not be Liu Xu.

Liu Xu raised her hand and gently stroked Xu Bai's cheek. "If I go out, you will be in danger. This time, not only did I see the destruction of the world, but I also saw something."

"In that world of the soul, I used the foresight technique in the book and borrowed the Black Book to see the future."

Xu Bai was slightly stunned and didn't say anything.

He didn't know how to answer. He felt that there was something bigger going on.

Liu Xu continued to rub Xu Bai's face. Suddenly, she threw herself into Xu Bai's arms and hugged him. "I saw the final battle between you and the Absolute Saint. I also saw you being threatened by the Absolute Saint and losing to death."

"I don't want you to die, and I don't want you to die because of me. I originally planned to come out and kill everyone related to you with my own hands before dying alone."

"Even if it's Chu Ling and Ye Zi, even if it's Chu Yu and Qingxue, I still want to kill them. Then, I want to kill Wu Hua and everyone related to you."

"When we are all dead, you won't be threatened. But after thinking about it, I can't decide the life and death of others. I can only decide mine. Let me die here. At least I won't cause you any trouble. Perhaps without me, there will be more variables."

At this point, Liu Xu didn't feel any sadness. It was as if what she had done was her responsibility.

Xu Bai suddenly laughed when he heard this.

He hugged Liu Xu tightly and said, "Let's go out."

Liu Xu was stunned. After she reacted, she said, "Don't you understand what I'm saying? I'm definitely not going out."

"Then I'll accompany you." Xu Bai shrugged. "Anyway, I can't increase my strength by staying here with you. I'll still die when the time comes."

“Future? The future you foresee represents our true future. I believe in everything but the future.”

Liu Xu broke free from Xu Bai’s embrace and pushed him away. She said, “Go out, quickly go out. You really don’t have to care about me!”

Xu Bai pulled Liu Xu into his arms. Suddenly, he bent down and whispered into Liu Xu’s ear, “It’s not convenient for me to tell you here, but I have absolute confidence. As long as you go out with me, I’ll tell you the truth. If you think it’s not enough, you can choose to go in again.”

Liu Xu was slightly taken aback and glanced at Xu Bai. “Really?”

To be honest, although she didn’t say it clearly, she was still tempted.

If he wasn’t worried about Xu Bai’s safety, why would he stay here?

Xu Bai nodded and said, “Why would I lie to you?” Let’s go out first, okay?”

Liu Xu thought for a while before finally standing up and nodding in agreement.

When Xu Bai held Liu Xu’s hand, the surrounding scenery was constantly changing and soon turned into nothingness.

When Xu Bai opened his eyes again, he found that he had returned to his room. Liu Xu’s eyes had returned to normal.

“Hu...” Xu Bai heaved a sigh of relief.

This time, he went through a lot of trouble, but the result was good. Liu Xu was brought out from inside.

Liu Xu threw herself into Xu Bai’s arms. She didn’t say anything and just hugged Xu Bai’s waist tightly.

Xu Bai wanted to say something, but he was suddenly interrupted by a commotion.

He turned his head and looked in the direction of the voice. He found Director Mu chatting happily with the woman in the black book.

Sensing Xu Bai’s gaze, Director Mu waved at him.

“Yo, Xu Bai, you’re finally out. Come over quickly. This sister knows quite a lot of things. I have an important piece of information here...”

Younger sister?

Xu Bai's mouth twitched.

This person...It was quite fun...

I Have Unparalleled Comprehension #Chapter 990: Helping Qin Feng Solve the Fishing Problem - Read I Have Unparalleled Comprehension Chapter 990: Helping Qin Feng Solve the Fishing Problem

Chapter 990: Helping Qin Feng Solve the Fishing Problem

Xu Bai really didn't expect that Director Mu would call his sister over so soon.

Moreover, the two of them seemed to be chatting happily as if they were old friends who had reunited after a long time.

He didn't expect that Director Mu would be so good at pleasing women despite his age. It seemed that he had played quite well when he was young.

"What happened between the two of you when I brought Liu Xu out?" Xu Bai's forehead was full of black lines. Don't tell me that your relationship is already very good."

"We're all on the same side. We're all here to deal with that absolute saint. We're all friends, not enemies. Come, come, sit down. I'll tell you in detail." Director Mu enthusiastically pulled Xu Bai to sit beside him and said to the black book beside him.

"Now that the misunderstanding has been resolved, we're all on the same side. You can tell us all the secrets you know."

The black book trembled, and a woman's voice soon sounded.

"It's very dangerous. This world is facing unimaginable danger. This level of danger doesn't just come from the Absolute Saint, but also from the Absolute Saint's eagle hounds."

Eagle Hound?

Xu Bai had just come out and had yet to understand anything. When he heard this, he was confused.

However, after thinking about it carefully, it was clear that the so-called Eagle Hound referred to the group of forces nurtured by the Absolute Saint.

For example, the hundreds of Transcendent experts that Xu Bai had killed previously were probably the so-called Eagle Hounds.

Could it be that the Absolute Saint had nurtured such a force in every world?

If that was the case, no one could say for sure what kind of trouble would follow.

After the woman started talking, she slowly told him everything. When she finished, Xu Bai finally understood that his guess was right.

In countless worlds, Absolute Saints had nurtured these forces so that they could have a backup plan.

But now, they were targeting Xu Bai, because the golden finger on Xu Bai was something the Absolute Saint wanted to get rid of the most. According to this woman, it was very likely that lackeys from other worlds would come to deal with his world.

Just the world he was in alone had a force formed by hundreds of extraordinary experts, let alone other worlds.

If the eagle hounds of these worlds were gathered together, the number would be terrifying.

Although they were all extraordinary experts, when they gathered together, it was enough to cause a disaster that could destroy the world. Xu Bai became unprecedentedly cautious.

“Do you have any countermeasures?”

Director Mu shook his head when he heard that, indicating that he did not.

Some of his words were very straightforward, but they went straight to the point.

Right now, they hadn't even settled the bizarre market yet. How could they have the mood to deal with other things?

Fortunately, they had some time left. Now, they only needed a buffer time to unify the entire world. At that time, they would be free to think of other ways.

The woman hiding in the black book interrupted, “Absolute Saints have their own desires, and there are times when they can't control them. For example, the people he controls won't reach the Saint Realm because once they do, there's a possibility that they'll become Saints. Even if it's a small chance, it will happen when there's a large number of them. That's why the Absolute Saint won't let these people break through to the Saint Realm, even if they're his own people.”

Xu Bai rubbed his chin and fell into deep thought.

It was very troublesome. The troublesome part was the quantity.

Director Mu was in the Saint Realm, so he was almost invincible for the time being. The experts who entered the Saint Realm were also top-notch combat strength. There were still many young talents and old monsters supporting him.

Behind them were some ordinary people in the industry. These were the strength structures of the world they were in.

The most important problem was that they had very few people. Perhaps to outsiders, they had a lot of people, but when they thought about how they were compared to the countless worlds, their numbers seemed extremely weak.

If it was a top-notch force, they could compare, but the other party had to split up and spread the disaster. It was impossible for one person to become a few people, which would cause a disaster.

And this disaster was spreading all over the world.

Director Mu slammed the table." The only thing we can do now is to seize the time and unify the Bizarre City. Otherwise, we won't even have the strength to resist."

"We're still two spots away from becoming a Saint. Once the quota is full, we'll attack the Bizarre Market as soon as it's unified."

Only when the Bizarre Market was unified could the rules be broken, and the two sides could attack each other.

"How are things with Prime Minister Wen and the Principal?" Xu Bai asked.

Director Mu shook his head." They are stuck in a bottleneck, but they only need time to break through. I'm more worried about another problem now."

Xu Bai knew what the problem was. He pointed in the direction of the barbarians and said,""The Barbarian Race has lost two Saints, which is the unstable factor. So, we have to find a way to kill them and make two more Saint Plane slots."

Director Mu nodded." Although I've already reached the Saint Realm, it's still very difficult to find them. After all, the two of them are deliberately hiding. Unless they come out, it'll be very difficult to find them."

It was no exaggeration to say that if a battle really broke out, the two Barbarian Saints would definitely stab him in the back. There was no doubt about that. Therefore, they had to solve the internal strife first.

Chapter 991: Helping Qin Feng Solve the Fishing Problem (2)

However, the problem was that those two fellows were deliberately hiding. As long as they did not come out, there was no way to deal with them.

Xu Bai thought for a moment and said, "If I become a Saint Warrior, and I've just become a Saint Warrior, will they attack me if I go out and use myself as bait?"

Those two fellows were not only a threat to the world, but they were even more of a threat to him. They were like fish bones stuck in his throat. If he did not pull them out, his heart would always be hanging in his throat.

"Are you confident of becoming a Saint?" Director Mu was shocked.

Xu Bai nodded, indicating that he had no problem, but he wanted Director Mu to collect more books.

He might not be able to go out for a stroll in the extraordinary realm. If he went out for a stroll in this realm, he might not even have the strength to resist when he was caught. At least he had the ability to resist in the Saint Realm.

In this world, unlike the Bizarre Market, one could not use a cheat.

Director Mu didn't ask how Xu Bai became a saint. He knew Xu Bai wanted books, and now that he heard Xu Bai repeat it, he nodded and said, "I'll help you find the book you want in a month's time."

"Mm." Xu Bai nodded. "When I really become a Saint, we can discuss our plans."

The two of them chatted for a while more before Xu Bai decided to return to the barbarian fief. He still had to ask Chu Ling to find him some books.

He already had a plan. He would first return to his fief and ask Chu Ling to help him find the book. Then, he would immediately head to the Gu Yue Sword Sect.

An existence that was still a top-notch force must have hidden many precious books that he could read.

He believed that Chu Yu's mother would agree to his relationship with Chu Yu.

Liu Xu did not say anything. She knew that Xu Bai was discussing serious matters, so she did not say anything. Now that Xu Bai was about to leave, she went forward and picked up the black book.

Xu Bai frowned when he saw this.”

Liu Xu nodded.” She won’t do anything to me. Ever since she attached herself to me, I’ve already formed a necessary connection with her. If something happens to me, something will definitely happen to her.””

Xu Bai looked at Director Mu.

Director Mu smiled.” Liu Xu is right. Don’t worry. I’ll give you my word.””

With a Saint Realm expert as a guarantee, Xu Bai was relieved.

He didn’t say anything else and left with Liu Xu.

After sending Liu Xu to the Academy, Xu Bai rushed to Chu Ling’s place without stopping.

He felt that he was going to be busy recently, but it was good to be busy. This way, he could also increase his strength as soon as possible.

..

In the royal study of the palace.

Xu Bai hugged Chu Ling and Ye Zi and told them his thoughts.

Chu Ling’s face was a little worried as she rubbed her belly: “Husband, I’m about to give birth. If...”

“How much longer?” Xu Bai asked with a smile.”

Chu Ling estimated the time and said,””Probably in half a month.”

“I’ll make sure to keep track of the time when I go to the Gu Yue Sword Sect. I’ll definitely come back when you’re in labor.”Xu Bai patted Chu Ling’s head and comforted her.

Chu Ling closed her eyes and quietly enjoyed Xu Bai’s touch.

Beside him, Ye Zi suddenly raised her head.”

Ye Zi had been by Xu Bai's side for the longest time and also understood Xu Bai the best.

If Xu Bai was busy, something big was about to happen.

Xu Bai did not avoid it." It's a big matter, but you don't have to worry about it. If it really happens, someone will naturally take over.'"

He didn't explain it directly because he was afraid that the two women would form a connection with the giant eye after knowing about it. After all, the ability of the giant eye was too strange.

After Ye Zi received Xu Bai's reply, she trusted Xu Bai and relaxed a little.

Xu Bai hugged the two girls and talked for a long time before releasing them, preparing to head to the Ancient Moon Sword Sect.

Just now, he had asked Chu Ling to help him collect the secret manuals. Director Mu was also collecting them, but he could not stay idle, so he had to go this time.

After bidding farewell to the two women, he directly soared into the sky and flew towards the direction of Gu Yue Sword Sect.

..

While Xu Bai was heading to the Ancient Moon Sword Sect, in a secret place.

The barbarian leader and the wizard were standing at the side, looking at the mirror-like water ripples in front of them.

In the mirror formed by the water ripples, the man in white looked very miserable. He was missing an arm or a leg, and there was even a big hole in his chest.

"The Chu Emperor has left. He's seriously injured!"

"Nine of them are Saints! Eight Saint Realm demons! A total of ten people had died to deal with a person who had just become a Saint!"

"I can only exchange him for a serious injury!"

"Haha..."

The white-robed man spat out blood as he spoke with deep resentment.

When Xu Bai had left the Bizarre City, the Chu Emperor had rushed over to the battlefield between the two parties and engaged them in an intense battle.

Even if it was just a person who had just stepped out of the Saint Realm, he was still in the Saint Realm. 17 Saints had to die to deal with a person who had just stepped out of the Saint Realm before he could seriously injure Emperor Chu.

The most important thing was that the Chu Emperor had even escaped. He had relied on his instincts to escape, and no one could stop him!

It looked like they had won, but in fact, they had lost miserably.

As long as the Chu Emperor didn't die, they would have failed.

Now, they were left with four Saint Realm experts and three Saint Realm demon experts. Their losses were extremely heavy.

When he thought of this, the man in white's face was filled with hatred. All his hatred was attributed to another person.

Xu Bai.

If it wasn't for this guy's appearance, which ruined all his plans, he wouldn't have had to abandon the Human-Bizarre Market and fight the Saint-level demons.

Chapter 992: Helping Qin Feng Solve the Fishing Problem (3)

If it wasn't for the final battle, the aura that they had attracted wouldn't have attracted the attention of the Chu Emperor, causing them to pay such a huge price.

Now, they had finally seen the situation clearly and reached an agreement. It was equivalent to uniting. They were only missing a ritual.

The barbarian leader wiped the sweat off his forehead when he saw the miserable appearance of the man in white."Xu Bai is really a strange genius. If we don't get rid of him, the upcoming battle will definitely have a huge change."

They had already communicated just now, and according to the white-robed man's intention, they had to eliminate Xu Bai first before the Bizarre City carried out the final ceremony to achieve true unity.

If they didn't do this, they were worried that Xu Bai's existence would cause many changes.

The barbarian shaman said from the side, "But the problem is that he's hiding in the area controlled by the Great Chu. We have no way of getting close to him at all, or we'll be killed."

In the exchange just now, the white-robed man had said that he wanted them to attack and kill Xu Bai. However, the problem was that Xu Bai did not come out at all, so they could not do anything.

It was impossible for them to sacrifice both of them just to kill Xu Bai. The reason why they chose to cooperate with the Bizarre City was to survive.

Moreover...

There was one thing that the barbarian shaman did not say, and that was that looking at the situation, it seemed that the Bizarre Market did not have the advantage.

Although he didn't say anything, the man in white was very smart. He had already seen through his thoughts and sneered.

"Are you guys thinking that we're already at a disadvantage, so you don't want to listen to orders?"

"Actually, it doesn't matter. You guys don't have to listen to our orders, but do you have anywhere else to go?"

"When you chose to cooperate with us, you were two spies on the human side, and spies that must be eliminated."

"So, there is only one path to the end. There is no other path for you to choose. As long as you follow this path and retreat, what awaits you is an endless abyss."

After saying that, the scene fell silent.

The barbarian leader's face turned extremely gloomy. These words had hit the nail on the head.

That was right. They really had no other choice. From the moment they stepped on this ship, they had no choice but to retreat.

"We will kill him, but we must wait for him to come out." "Don't worry," the barbarian leader said. "As long as he comes out, we'll definitely make a move. After all, we're really on the same boat now."

At this moment, they had no choice.

The man in white spat out another mouthful of blood. He was severely injured."Very good, as long as you agree. We won't give you any time. After you kill him, we will arrange a unified ceremony as soon as possible. Don't worry, we have a way to deal with the so-called Director Mu."

"We have seven Saints here, and with you, there are a total of nine. As long as we deal with that Director Mu, there won't be any problems."

As he said that, the mirror made of water ripples disappeared completely. After the mirror disappeared, the barbarian leader turned his gaze to the barbarian shaman.

"We can only give it a try. As long as Xu Bai comes out, we'll make a move."

The barbarian shaman nodded in agreement.

The scene fell silent again, and neither of them spoke anymore.

..

On the other side, in Gu Yue Sword Sect.

Xu Bai stood in front of Gu Yao and directly voiced out his thoughts.

Gu Yao calmly took a sip of tea and denied,"Impossible, these things are the most precious treasures of our sect. Although they might not be the secret manuals of our profession, every one of them will be fought over by many people."

"Even if I'm the sect master of the Ancient Moon Sword Sect, I don't have the ability to let you enter the treasure vault of the Ancient Moon Sword Sect. It doesn't conform to the rules. After all, I have to lead by example."

Xu Bai had thought that this trip would go smoothly, but he received this answer.

There was nothing wrong with what Gu Yao said just now.

All sects had their own rules, and if this rule was easily broken, then how could the prestige of this sect be mentioned?

Xu Bai pondered for a moment and was about to speak again.

Unexpectedly, before he could speak, Gu Yao interrupted him,"Don't talk about King Sheng You. He's useless, let alone your relationship with Chu Yu. Even if the two of you get married, you're still not a member of the Ancient Moon Sword Sect."

Xu Bai was speechless.

Alright, this sentence directly blocked his subsequent thoughts.

Of course, he would not give up. Anything that was difficult was worth challenging.

Xu Bai rubbed his chin and said, "If I join the Ancient Moon Sword Sect, wouldn't I also be a member of the Ancient Moon Sword Sect?"

"Then you have to contribute." "Your contribution points are up to standard," Gu Yao said. "Naturally, it's possible, but it's very difficult."

Xu Bai frowned.

It seemed that this path would not work.

Then he would change to another one.

"Your sect's contribution points have reached the standard. Who is the person who can enter?" Xu Bai asked.

Gu Yao did not know what Xu Bai was thinking, but she still replied, "There are some people. You know one of them, Qin Feng."

Qin Feng?

"The fisherman?" Xu Bai was stunned.

He had never expected that it was actually Qin Feng.

How did that guy, who was obsessed with fishing, reach the target?

Gu Yao said, "Although his hobbies are very strange, these are his hobbies after he has finished his work. He has never delayed his work. Moreover, every mission he completes is perfect."

I Have Unparalleled Comprehension #Chapter 993: Helping Qin Feng Solve the Fishing Problem - Read I Have Unparalleled Comprehension Chapter 993: Helping Qin Feng Solve the Fishing Problem

Chapter 993: Helping Qin Feng Solve the Fishing Problem

Xu Bai understood. He was wondering why Qin Feng was obsessed with fishing but no one cared about him.

From the looks of it, it was normal.

He had done what he needed to do, and he had even exceeded his quota. The rest of the time was used to fish. No one had the right to care.

After all, this was someone else's time.

"Alright, I got it." "Can contribution points be transferred?" Xu Bai asked again."

Gu Yao was stunned." You want Qin Feng to transfer the contribution points to you? There's no way to say if he will transfer it or not. No one will transfer the contribution points. You can try."

Xu Bai understood and left without saying a word.

Isn't it just transferring contribution points?

He might not be able to do anything to the others, but if it was Qin Feng, this matter would be easy to handle.

As long as Qin Feng was happy and transferred his contribution points, wouldn't it be easy to catch them? And to make a fishing brother happy was to let them catch fish.

Especially since Qin Feng had been in the air force since he went fishing, it was even easier to deal with.

Along the way, Xu Bai found out where Qin Feng was. Soon, he arrived at the small lake at the back of the mountain.

At this moment, Qin Feng was wearing casual clothes. He held a fishing rod in his hand and sat on a small stool. There was a fish basket beside him. He was focused on fishing.

If one ignored the empty fish basket and looked at him from the back, one would really think that he was an expert.

"Ahem." Xu Bai pretended to cough and stopped beside Qin Feng.

Qin Feng suddenly turned his head and placed his finger by his mouth. With a hush, he said in a low voice,"Brother Xu, you said that there are fish here. I indeed saw a lot of fish. I should be able to catch them today."

The last time Xu Bai pointed out a place to him, he was actually pointing at it blindly. He did not expect Qin Feng to really find it.

However...

"How long have you been fishing here?" Xu Bai's mouth twitched.

Qin Feng thought for a moment and said, "Since the day you came, you've been fishing here."

"There are a lot of fish here. Don't worry, I'll definitely catch them."

Xu Bai was speechless.

Good heavens, he had been fishing for so long, but he still hadn't caught a single fish. Xu Bai even suspected that Qin Feng was one of those people who didn't know how to fish.

"Brother Qin, don't be so busy. I came here to discuss something with you." Xu Bai sat beside Qin Feng and told him his purpose of coming.

Especially when it came to transferring contribution points.

"Contribution points?" Qin Feng stared at the lake without blinking. "That thing can still be transferred, hmm... Brother Xu, this matter is not easy to handle..."

"You know, I'm also a professional. Although I love fishing, contributions are also beneficial to me."

"I'm not talking about increasing my strength, because contribution points can allow me to fish more leisurely. If I don't have any contribution points, I'll have to go out and save contribution points, which will waste my fishing time."

Every word he said was about fishing. As expected of Qin Feng.

Xu Bai ridiculed in his heart. Then, he went forward and hugged Qin Feng's shoulder. He said enthusiastically, "Brother Qin, with our relationship, that bit of contribution points is nothing. Although you have more time to fish now, wouldn't it be a waste if you didn't manage to catch it? It's a waste of time."

When Qin Feng heard the words "failed", he almost jumped up.

"Brother Xu, you can't falsely accuse people like this. I will catch them sooner or later. Don't worry, I definitely won't...Wait!"

He had just said a few words when he suddenly realized that something was wrong.

“Brother Xu...Do you mean that I can catch a fish?”

Qin Feng’s expression became extremely excited. He threw the fishing rod aside and grabbed Xu Bai’s hand, shaking it violently.

“Brother Xu, if you can help me catch a fish, forget about contribution points, I’ll give you anything you want!”

Xu Bai’s hand was numb from the shaking. He quickly pulled his hand out and said, “Of course I have a way, but it might not be useful. I can only give it a try...”

Chapter 994: Fishing All Things (1)

“Give it a try?” Qin Feng even suspected that he had misheard. “Brother Xu, I thought you had absolute confidence. I didn’t expect you to be so uncertain. Forget it if you try. I’ve tried many times, but I’ve never caught a fish.”

When he said this, Qin Feng even wiped his tears. Although he didn’t cry, he seemed to be used to this action and used it quite skillfully.

From the looks of it, she was probably so sad that she cried when she didn’t catch any fish.

To a fishing old brother, the most unbearable thing is not being able to catch any fish. Even if he could catch two loaches, it would be good. However, since Qin Feng learned how to fish, let alone a loach, he didn’t even have a single strand of water grass.

Sorrow, extreme sorrow.

He had thought that Xu Bai had his own methods, but he didn’t expect that he was just trying.

Seeing Qin Feng’s sorrowful look, Xu Bai tried his best to restrain himself from laughing out loud. He didn’t want to ruin this solemn occasion, so he pretended to be serious and patted Qin Feng’s shoulder.

“Brother Qin, everything is tested out. If you don’t try, then there will never be a result.”

If he wanted Qin Feng’s contribution points, he would have to help Qin Feng solve the fishing problem. Xu Bai thought to himself. He wanted to see where the problem lay first.

He had heard a lot about it in his previous life and had read about it on the Internet. Many of these fishing buddies were easy to catch, but that didn't mean that they had never caught anything before.

On the fishing forum, there was another term called novice protection period. It meant that if one was a beginner fishing, they could just find a rod or a line and they would be able to catch it. However, Qin Feng clearly did not even have a novice protection period.

Xu Bai felt that something was definitely going on inside.

"Alright, you said I believe you. What should I do next?" Qin Feng hesitated for a moment.

As the saying goes, a dead horse should be treated as a living horse.

Since he had already reached Qin Feng's level, he didn't care about anything else. As long as he could help him solve his problem, that would be the best solution.

He remembered that many years ago, a new junior brother had found him and saw him fishing by the pond. He said with admiration that he wanted to accompany him.

At that time, he was especially happy because someone had the same interest as him, so he patiently taught this junior brother to fish.

He had fished for an entire day, and that junior brother's fish basket could no longer hold it, but he was still empty.

One word, miserable.

He didn't know how he got back in the first place. His mind was buzzing.

Now, Xu Bai had given him a life-saving straw. Regardless of whether this straw was good or not, he had to try it first.

Xu Bai pointed at the lake." You stay here and fish for a while. I'll go down and take a look.""

Qin Feng didn't say anything else. He followed Xu Bai's instructions and threw the fishing rod again.

The fishing hook landed on the surface of the water, and the surface of the lake rippled. Soon, it returned to normal.

Xu Bai waited for the hook to fall into the water before jumping into the lake.

The Water Adaptable Skill had been integrated into the myriad series of skills, allowing him to be more agile in the water than on land.

“So many fish?”

When Xu Bai entered the water, he saw that it was full of fish. These fish were swimming in the water leisurely.

If the other fishing buddies knew about this amount of fish, they would probably go crazy and rush over to fish.

However, the problem was that there were so many fish. Qin Feng was the only one fishing here, but he did not catch a single one. This was a little interesting.

Xu Bai did not doubt Qin Feng's skills. After all, people in this line of work were not lacking in skills. Moreover, he was also a professional. It was impossible for him to not catch something if he learned ordinary fishing.

“The problem isn't with the fish. The problem should be with Qin Feng.”

After some thought, Xu Bai looked at the lake.

In the clear lake water, he saw a fishing hook submerged in the water. There were fish around, but none of them bit the bait on the hook.

The fish swam around the hook, not wanting to be hooked.

“That shouldn't be. Let's take a closer look.”

Xu Bai made a decision. He wanted to get close to the hook and see what was going on.

When he got close to the hook, the fish around him were shocked and swam to the side, but one of them was caught by Xu Bai.

“Everyone says that the overlord is forcing himself on the bow. Let me force myself on the bow and see if it works?”

Xu Bai felt that he should take a wild path and not follow the formal way.

The better the effect, the better.

He hung the fish directly on the hook to see the effect.

At this moment, an abnormality appeared.

“F * ck?”

Xu Bai quickly swam back a few meters and looked at the fish on the hook.

The fish seemed to have a mind of its own, and it even opened its mouth so quickly that the corner of its mouth was torn open, and it broke free from the hook.

If a fish could have an expression, Xu Bai believed that the expression on its face would be one of disgust, as if the hook was not worthy of it.

“Is this the legendary One Chosen by Heaven? Was he born to be a real fishing conductor?”

Xu Bai was speechless as he watched the fish that had escaped the hook swim away.

He felt that he didn’t need to try again. If there was one, there would definitely be two. The latter ones were probably the same. It was impossible to rely on people to hang the fish up.

“Qin Feng might not be that simple...” Xu Bai was in the water. He stroked his chin and thought to himself.

It was understandable that the fish could not be caught, but it was strange that the fish had detached itself from the hook.

I Have Unparalleled Comprehension #Chapter 995: Fishing All Things (2) - Read I Have Unparalleled Comprehension Chapter 995: Fishing All Things (2)

Chapter 995: Fishing All Things (2)

Xu Bai swam to the side of the fishing hook and pinched it with his hand. He tried to inject his True Core Strength into it. When he injected his True Core Strength into it, he carefully felt it and found that this fishing hook was just an ordinary fishing hook. There was nothing unusual about it.

Now, Xu Bai had eliminated another possibility. The problem was definitely not with the fish hook.

He rushed up and soon broke out of the water and landed on the shore.

When Qin Feng saw Xu Bai come out, he still maintained the posture of holding the fishing rod and asked anxiously, “Brother Xu, did you find anything?”

Xu Bai nodded and told her about what happened in the water.

After Qin Feng heard this, he said dejectedly, "Perhaps I really am not made for this. Even the heavens won't help me. You helped me hook the fish, but the fish still managed to escape. This is too unbelievable."

It was very sad and very uncomfortable.

This was equivalent to someone feeding him food, but he couldn't open his mouth and eat it. This kind of uncomfortable feeling was ten thousand times worse than him not being able to catch a fish.

Xu Bai patted the shoulder of the former and consoled him, "Brother Qin, don't be depressed. We can still solve this from other ways. Who did you learn your fishing method from?"

The problem was not with the fish, but with Qin Feng.

Qin Feng didn't feel better because of Xu Bai's comforting words. His mood was still low, but he subconsciously replied, "It's just an ordinary fishing book. I've flipped through that book countless times and have long understood it, but I can't catch any fish."

"Oh right, I bought that book at the market. At that time, the old man who sold me the book was quite strange. He said that although he was just an old man fishing, he was actually a savior in the past..."

"It's strange. I didn't like fishing in the past. After learning that book, I became addicted to this thing."

Savior?

Xu Bai was slightly stunned. Other than helping Qin Feng solve the problem, there seems to be another clue.

The Savior was the one who had been sent out to deal with the Absolute Saint.

"This matter sounds very strange." Xu Bai frowned. "You didn't suspect anything back then?"

Qin Feng said helplessly, "I was suspicious, but that old man was just an ordinary person. He didn't have the strength of a professional at all. I thought he was bragging."

"And when I heard that the book was used for fishing and it wasn't expensive, I bought it."

"Brother Qin, think about it carefully. If it was a ninth-grade Transcendent who wanted to hide his strength, would you be able to tell?"

“Transcendental ninth grade?” Qin Feng shook his head in disbelief.” Impossible. Why is a ninth grade Transcendent looking for me?” I didn’t provoke him. I didn’t have the strength to do so back then.”

Xu Bai felt that there was no need for him to continue. The more he explained, the more troublesome it would be. He could only change the topic and say, “Show me that book.”

Now that the clue had been found, the problem lay in the book. Xu Bai would take a look at what was in the book.

In the past, the strongest person in the world had united countless broken worlds to create the golden finger. The golden finger was split into countless types and landed on those people.

Later on, when the resources of that world were exhausted, this group of saviors became people who educated people. Xu Bai felt that there must be a deeper meaning to giving this book to Qin Feng. However, he had to read it to know what it was exactly.

Qin Feng knew that since Xu Bai didn’t give him an explanation, there must be something he couldn’t say.

He didn’t ask any questions and took out a tattered book from his pocket.

“I read it every day to find out where I went wrong. I’ve flipped through this book many times.”

Xu Bai took it and looked at the golden progress bar that was growing rapidly. His eyebrows raised slightly.

Judging from Xu Bai’s golden finger that had leveled up again, this progress bar would not take much time.

He really didn’t expect that this fishing book would actually hide a progress bar. This could be considered a coincidence.

Xu Bai didn’t say anything, but read through it carefully. The method of fishing was indeed written on it. It was so simple that even ordinary people could learn it.

From its appearance, it was impossible for it to be a book of someone in the industry.

However, the progress bar on the book told him that there was something hidden in the book.

Xu Bai checked every piece of paper. There was nothing wrong with the yellowed paper, and there was nothing wrong with the words on it. However, the solution just now was to look at it with the naked eye.

As his True Core Strength surged, his soul expanded and enveloped the book. Soon, Xu Bai understood the mysteries of the book.

This book actually contained a weak spiritual power. If one wasn't a person with a spiritual power, they wouldn't be able to detect it at all.

Of course, the power of the soul in this book was not harmful. Instead, it allowed the person who carried this book for a long time to subconsciously learn the contents of the book.

If the divine soul power in this book was harmful, Qin Feng would probably be able to detect it. However, this was to help him cultivate. Qin Feng had no way of detecting it.

"Brother Qin, please wait a moment." Xu Bai didn't explain the problem, but let Qin Feng wait for a while.

According to the progress of his cheat, the progress bar on the book was not difficult for him.

Qing Feng went back to fishing, while Xu Bai stared at the book. After a while, the progress bar was full, and he also obtained a skill.

Chapter 996: Fishing All Things (3)

[Fishing All Things: Transcendence Rank-9 (max level).]

Xu Bai watched as the light blue words transformed into information and entered his mind. When he absorbed all the words inside, he finally understood the reason.

The reason why Qin Feng couldn't catch any fish was because the fishing method written in this book wasn't fishing fish at all.

According to the skill explanation in this book, if he could reach the highest level of the skill, he would not be able to catch fish, but treasures hidden in various places.

The moment the hook was cast, it had already begun. The reason why the fish would not take the bait was because the fish itself was not worthy of being hooked.

As for why Qin Feng didn't manage to catch it, it was because he had only subconsciously learned it under the influence of his divine soul power. He hadn't raised it to a very high level.

Xu Bai told Qin Feng what happened.

Qin Feng was stunned when he heard this. However, he understood that he seemed to have been tricked by that fishing old man.

“In other words, if I don’t take this book, I can catch fish?”

“It should be.” Xu Bai thought for a while and said, “You only became interested in fishing after learning this book.””

Qin Feng nodded.

Xu Bai continued, “All in all, it’s not that you’re interested in fishing. It’s this book that made you interested in fishing. Do you understand now, Brother Qin?””

Since the words were already so obvious, Qin Feng naturally understood.

“I can only continue to carry this book with me and let the power of the soul on it affect me. Perhaps I can catch something, even if it’s not a fish.” Qin Feng asked.

Xu Bai nodded. “To be specific, it’s like this. In fact, when you cultivate to a certain level, you can also catch fish. However, you need a specific cultivation method.””

As he spoke, Xu Bai pointed at himself, implying that he had a cultivation method.

“Brother Xu, as long as you tell me the cultivation method, I’ll give you all the contribution points!” Qin Feng said happily.”

This was exactly what Xu Bai wanted. He didn’t hold back and told Qin Feng the cultivation method of Fishing All Things.

At their realm, their memory was naturally very good, so they could easily remember it.

“Brother Xu, let’s go find the sect master. I’ll help you transfer the contribution points.” Qin Feng was extremely excited. He pulled Xu Bai and prepared to leave.

Of course, Xu Bai did not refuse.

However, before they could take two steps, a voice sounded.

“No need. I’ll be right here. You can just transfer it to Xu Bai.”

Gu Yao suddenly appeared in front of Xu Bai and spoke indifferently.

Qin Feng was also slightly surprised. However, since it would save him more trouble, he didn't waste any time. He immediately expressed that he wanted to transfer the contribution points to Xu Bai so that he could focus on cultivating the fishing technique.

Gu Yao did not object this time and nodded in agreement. Her gaze then turned to Xu Bai.

"Mother-in-law, I think you have to give me an explanation for this." Xu Bai said with interest.

He came to help Qin Feng solve the fishing problem. Originally, it was nothing much. However, now, Gu Yao suddenly appeared as if she was guarding this place. There were quite a lot of things going on.

"Come with me, I'll tell you." Gu Yao's body swayed slightly when she heard the term 'mother-in-law'. She seemed to like this term very much and turned around to lead the way.

Xu Bai didn't waste any words and followed behind her silently.

The two of them left the forest and finally found a remote corner.

Xu Bai looked around and found a monument not far away.

It was just a very ordinary tomb, and there were no words on the tombstone.

An enormous sword aura circulated around Gu Yao's body, sealing off the surroundings, preventing outsiders from seeing what was happening inside.

"This is the monolith of the old fisherman?" Xu Bai thought for a moment and thought of the connection.

"Yes." Gu Yao nodded and said, "Not long after Qin Feng obtained that book, this old man found me and told me some secrets."

"Is it related to me?" Xu Bai frowned.

Gu Yao shook her head and said, "I don't know. He told me that there were many people like him, but as time passed, they were all mostly dead."

"One of them is proficient in fortune-telling. He calculated that if he planted a foreshadowing here, it might affect the future."

Foreshadowing?

"What foreshadowing?" Xu Bai pondered.

Gu Yao glanced at Xu Bai.” If the fishing book is practiced to the highest level, you will catch some very good treasures. However, this book has been slightly tampered with. You will catch what these people are hiding.””

Something hidden?

Xu Bai was expressionless, but his heart was in turmoil.

He noticed the meaning behind Gu Yao’s words. The most important thing was the words ” this group of people “.

It meant that he could fish up the things hidden by the saviors, and these things were all treasures.

From the time when the world’s resources were exhausted to the present, many industries were actually derived from the saviors.

In that case, the things they left behind must be treasures.

Xu Bai was a little tempted. He had already maxed out this skill and wanted to fish it out.

Gu Yao seemed to have seen through Xu Bai’s intentions and said,””What? You’re tempted just like that? Before that, I have something to remind you.”

“What’s the matter?” Xu Bai asked.

“Do you really think that a ninth-grade Transcendent fortune-teller can predict the future and be so accurate?”Gu Yao said.

I Have Unparalleled Comprehension #Chapter 997: Fishing All Things (4) - Read I Have Unparalleled Comprehension Chapter 997: Fishing All Things (4)

Chapter 997: Fishing All Things (4)

Xu Bai frowned. After thinking for a while, he shook his head.

The realm of a ninth-grade Transcendent was indeed the peak below the Saint Realm. However, Xu Bai did not believe that he could really predict the future. Even if he could predict it, it would not be so accurate.

Gu Yao raised a finger and continued,””Although I don’t understand what the Savior is, these guys are playing a big game. Have you ever thought that this is just one of their plans?”

At this point, Gu Yao paused for a moment before saying another three words.

“Spread the net.”

Xu Bai rubbed his chin.”

If the fortune-teller could predict the hazy future and cast a wide net in some possible places, he might really be able to catch something.

And now, he had encountered it.

Gu Yao asked again,”Have you ever thought about their motives? Is it good or bad?””

“I don’t know,” Xu Bai muttered.

In fact, he knew very well whether it was good or bad. This group of saviors had cast a wide net just to wait for him.

However, he couldn’t say these things. If he did, it was very likely that Gu Yao would be related to the huge eye, causing other variables.

Gu Yao sighed and said,” You definitely know something, but you didn’t tell me. I didn’t ask you to deliberately get close to Qin Feng. All of this was done by you. That’s why I kept an eye out and watched from the side.”

“Heh... Savior, the weight of these three words isn’t light. It seems like the world has encountered some kind of disaster. Take this token, you can enter the Ancient Moon Sword Sect’s treasure vault at any time. You can see whatever you want without Qin Feng’s contribution.”

A token flew out from Gu Yao’s hand and landed in Xu Bai’s hand.

Xu Bai was slightly stunned.

Gu Yao turned around and left. Before she left, she left behind a sentence.

“I hope that you can protect Chu Yu and the safety of the Ancient Moon Sword Sect when a major disaster occurs.”

Looking at Gu Yao’s departing figure, Xu Bai did not say anything and turned to look at the token in his hand.

Disaster?

It was indeed a disaster, and it was a rather big one.

He knew that Gu Yao was doing all this to get some information, but he didn't say it, so Gu Yao didn't know either. However, Gu Yao knew that a major disaster was about to happen, so she gave him the token, hoping that he could stop this disaster.

Could he stop it?

Xu Bai didn't know. He knew that he had to try his best.

Of course, the most important thing was that he also lived in this world. If this world was really destroyed by the Absolute Saint, he wouldn't be able to live either.

Thinking of this, Xu Bai left the dense forest and headed towards the Ancient Moon Sword Sect.

He had already made up his mind. He would first finish all of the treasures in the Ancient Moon Sword Sect's treasury, and then try out the Myriad Fishing skill to see if he could catch anything useful.

..

Along the way, he found an Ancient Moon Sword Sect disciple and asked for the location. Then, he went to the Ancient Moon Sword Sect's treasure vault. With the token in his hand, no one stopped him and he entered smoothly.

When Xu Bai pushed open the door to the Ancient Moon Sword Sect's treasure vault, he could barely keep his eyes open when he saw the vast space before him and the countless treasures in it.

The things inside were not inferior to the treasure vault of the Great Chu Imperial Palace.

As expected of Gu Yue Sword Sect, which had been standing at the top for a long time, there were too many things here.

In front of Xu Bai's eyes, there were golden progress bars.

He rubbed his hands and closed the door, then walked to the progress bar.

After about a stick of incense, a pile of books piled up in front of him.

These were all books with progress bars. He found all of them and piled them up in front of him.

"This time, I should be able to become a Saint!"

Xu Bai thought excitedly. He picked up one of the books and began to read it...

Chapter 998: Xu Bai Becomes Saint Chu Lingsheng

Barbarian territory, in the palace.

Chu Ling sat on a gorgeous chair with a big belly. Her face was filled with worry. She placed her hand on her belly and gently stroked it as she looked at Ye Zi beside her.

"How long has husband been in seclusion?"

Ever since he came back, Xu Bai had gone straight to the palace's treasury to cultivate in seclusion. He had not come out yet.

Now, she was about to give birth, but there was still no sign of Xu Bai.

He had originally wanted to go to the palace treasury to find Xu Bai, but after thinking about it, he realized that Xu Bai was in a critical moment. If he went over, he would easily disturb him, so he temporarily suppressed this idea.

But now that the delivery time was getting closer and closer, she was worried that Xu Bai would not be able to make it in time.

Ye Zi gently shook her head and comforted, "Elder sister, it has been almost half a month since husband went to the treasury. I don't know when he will come out."

"Sigh..." Chu Ling slowly sighed, "It's fine, it's more important."

She forced herself to stand up and walk around.

In fact, all she wanted was to see Xu Bai when she was about to give birth. However, she knew very well that sometimes business was more important than herself, so she did not force it.

When Ye Zi saw that Chu Ling wanted to get up, she hurriedly walked forward and helped Chu Ling up, then slowly accompanied Chu Ling to walk around.

The two women chatted as they walked. They talked about trivial things.

Now that Great Chu had stabilized, there were no major problems with the barbarian fief. There were only some small details that needed to be dealt with, but these details

could be slowly solved. Therefore, they did not talk about government affairs after resting.

Time passed quickly as they chatted. It was already afternoon.

Chu Ling wanted to eat something with Ye Zi. Just as she was about to walk out of the room, she suddenly frowned and clutched her stomach with her hand. She looked upset.

This expression gave Ye Zi a huge fright. She hurriedly walked over, wanting to help Chu Ling up, but before she could touch Chu Ling, Chu Ling spoke.

“Sister, quickly go and find the midwife. I think I’m about to give birth.”

At this moment, her stomach was in great pain, but Chu Ling was still unusually calm. Although her face was a little pale, the expression on her face was very stable.

“I’ll help you in first. Sit down. I’ll go find someone immediately.”

Ye Zi panicked earlier than Chu Ling and hurriedly helped Chu Ling into the room to sit down before hurriedly walking out.

Chu Ling looked at Ye Zi’s departing back view and felt the pain in her stomach become even more intense.

She turned her head and looked in the direction of the palace’s treasure vault, a hint of anticipation in her heart.

..

The palace treasury.

Xu Bai’s eyes were red as he stared at the book in front of him and the rapidly increasing progress bar.

In this half a month, he had not rested much other than eating. He had been watching the progress bar and seizing all the time he could.

With the speed at which his Goldfinger had leveled up, he had almost finished the last progress bar at the last moment.

There were scattered books behind him, piled up like a small mountain, looking rather messy. These were the progress bars of his work.

Under Xu Bai’s unwavering gaze, the last bit of progress bar was finally completed, and light blue words appeared in front of him.

[You have studied the Mind Sutra and comprehended it.]

After the light blue words appeared, they did not disappear. Instead, they were directly disrupted and recomposed into new words.

[Fusion option found. Fusion in progress.]

[Myriad Forms Heaven Attracting Mountains and Seas Art + Mind Art = Myriad Forms Heaven Attracting Mountains and Seas Art.]]

[Fusion successful!]

Finally, when the words "fusion success" appeared, the light blue text before him disappeared completely. It turned into lines of information and entered Xu Bai's mind.

Xu Bai closed his eyes and carefully chewed on the contents of the message. After a moment, he opened his eyes and the latest attribute panel appeared in front of him.

[Name: Xu Bai]

"Realm: Rank One Saint Loose Cultivator."

..

As there was no fusion skill, some of the messy skills were not fused, but turned into ellipses.

The ellipsis would only open when Xu Bai was thinking about it.

However, that wasn't the most important thing. The most important thing was that he had finally reached the Saint Realm.

Feeling the enormous power in his body, Xu Bai knew that he had made a qualitative leap compared to before.

He raised his head and looked at Liu Qingfeng. At this moment, Liu Qingfeng's face was blank and he did not know what to say.

He was dumbfounded to see a Saint Warrior appear.

"How long has he been cultivating? This person could no longer be described as a genius. A genius was only fit to carry his shoes."

Liu Qingfeng revealed a bitter smile.

At this moment, Xu Bai suddenly said something that confused Liu Qingfeng.

"It should be soon, right?"

"What is soon?" Liu Qingfeng didn't understand what she meant.

Xu Bai pointed at the ceiling above his head."The phenomenon of becoming a Saint."

As soon as he finished speaking, Liu Qingfeng, who was beside him, felt that something was wrong.

Chapter 999: Xu Bai Becomes Saint Chu Lingsheng (2)

An aura that could make people submit to him continued to expand from Xu Bai's body. Above the palace's treasure vault, a cloud made of gold and gray was continuously condensing.

At the same time, all the people in the world knew that someone had become a saint, and they all looked in the direction of the palace's treasury.

This was the image of becoming a saint.

Once he became a saint, the whole world knew.

The old monsters who were trying to become Saints from every force had bitter smiles on their faces.

They felt the strange phenomenon and knew that there was one less position in the Saint Plane. Adding on Eunuch Wei's recent breakthrough, there was only one spot left in the world.

"We must not give up until the last moment!"

After a brief moment of absent-mindedness, the group of old monsters immediately roused their spirits and began to fight for the last position.

Great Chu, Imperial Palace.

Director Mu looked in the direction of the barbarian fief and held the book in his hand in a daze.

There was nothing complicated in this book. The entire book was just a part of the table of contents.

What was recorded in the catalog were the secret manuals that he had collected for Xu Bai during this period of time. However, he didn't expect that Xu Bai had already become a saint warrior before he could send the secret manuals over.

"I didn't come here for nothing. I'll probably need these books after I become a Saint Warrior. Anyway, I'll collect them first. Now that Xu Bai has become a Saint Warrior, I can deal with those two barbarians." Director Mu thought for a moment and decided to let his subordinates continue collecting books.

After everything was done, he took a step forward. In a flash, he arrived in an elegant room.

The room was very large, separated by a huge screen in the middle. On both sides of the screen, there were some daily furniture and two futons.

Prime Minister Wen sat on one side of the futon, while the College Chief sat on the other side, separated by a screen.

Both of them had their eyes closed, and words kept appearing from their bodies and surrounding them.

Sensing Director Mu's arrival, they opened their eyes and looked over.

Director Mu smiled." Xu Bai has already become a saint. I know you two are very anxious because there is only one spot left. So, you two are trying your best to rush forward. But what I want to say is that haste makes waste. Our predecessors have many examples of failure."

No one answered him. The entire place was silent. Director Mu smiled bitterly. He felt that when these two guys fought, they really did not care about the occasion.

In order to anger the other party, they even moved into the same room to put pressure on the other party.

Director Mu had never heard of such a method before.

If it weren't for the fact that the two of them were of high moral standing, he would have suspected that they were doing something indecent here.

Director Mu's trip here was not for any other reason. He was worried that Xu Bai's advancement to the Saint Plane would put pressure on them and make them anxious for success.

The experience of many predecessors told him that sometimes, rushing for success would lead to failure on the verge of success, so Director Mu only came to remind him.

Still, no one answered him. The two of them were in a fit of anger, so of course they wouldn't speak.

Director Mu shrugged his shoulders indifferently. He had already reminded Eunuch Wei. When the time came, he would ask Eunuch Wei to keep a close eye on him and not cause any trouble.

Although the two of them were at loggerheads, they were both old and knew what was important. They probably wouldn't do anything out of line.

Before he left, Director Mu added, meaning that there would be two extra seats soon. These seats were vacated by the two Barbarian Saints.

After saying this, he left the room and returned to his royal study, waiting patiently for Xu Bai.

..

After a while, the strange phenomenon in the sky gradually disappeared. Xu Bai's aura gradually withdrew. He looked at Liu Qingfeng, who was standing beside him in a daze, and patted Liu Qingfeng's shoulder.

"Work hard!"

After saying these three words, Xu Bai hurriedly left the palace's treasury. He calculated that it was almost time and Chu Ling should be giving birth soon.

After leaving the palace treasury, Xu Bai felt his soul move. He sensed the abnormality in the palace, and his expression changed abruptly.

She was going to give birth?

His divine soul had originally enveloped the entire palace, but the moment he broke through, his divine soul did not continue to guard it, so there was a gap. When the phenomenon in the sky disappeared, he used his divine soul again and felt the difference.

"Looks like I came at the right time."

Xu Bai lifted his foot and disappeared in a flash.

..

A pained voice came from a room.

Ye Zi and Qing Xue brought along a bunch of servant girls and were guarding outside the door.

In the room, Chu Ling was giving birth under the guidance of the midwife.

The midwife looked very old. At this moment, she was so anxious that her head was covered in cold sweat.

She was not an ordinary midwife, but a professional. In the field of childbirth, she had achieved perfection and even reached the peak.

But now...She panicked.

Because he had never seen such a situation before.

Chu Ling's face was as pale as paper. She could feel that the power in her body was rapidly draining away.

It was as if there was a huge black hole in her stomach that was devouring her power.

Sensing that the midwife had stopped moving, Chu Ling endured the pain and looked to the side,""What's wrong? Did something happen?"

The midwife wiped the sweat off her forehead."Your Highness Ling Prince, this is a little problematic. This child is truly beyond imagination. He is currently devouring your power. If you continue to give birth, you might not be able to supply your power."

Chapter 1000: Xu Bai Becomes Saint Chu Lingsheng

As a midwife who specialized in delivering babies, she still had some professional qualities. Although it was the first time she saw such a situation, she quickly calmed down and hurriedly told him what she knew.

Chu Ling was stunned on the spot, as if she had even forgotten about the pain. After a while, she asked in a daze, "What will happen if I force the child?"

The midwife stammered and did not dare to say it.

Although Chu Ling was enduring the intense pain from the weight, her gaze became sharper and sharper.

His sharp gaze immediately put a lot of pressure on the midwife. She gritted her teeth and seemed to use all her strength to tell him the result.

"Your power is not enough for this child to absorb. If you force it to give birth, it might be sucked dry and you will die."

After she finished speaking, the midwife shut her mouth and did not say anything more. However, she still looked at Chu Ling with a timid look and found that her gaze was very firm.

"Are you planning to..." The midwife was shocked.

Chu Ling looked towards the door, "Ye Zi, go find your husband. I'll continue to give birth here."

Outside the door, Ye Zi had also heard the conversation between the two. How could she not know what Chu Ling was planning? She gritted her teeth and finally turned around to look for Xu Bai.

Ye Zi knew very well that Chu Ling wanted to give birth, even if her life was in danger. Now she quickly went to find her husband. After finding him, there might be a way.

Just as Ye Zi was about to turn around, she suddenly felt a large hand pat her shoulder. She turned around in shock and saw that familiar face. Her face revealed a pleasantly surprised expression.

“Husband, you’re out of seclusion!”

She couldn’t believe it and quickly came back to her senses. She quickly pulled Xu Bai’s hand and walked into the room.”Sister has a problem. Husband, come with me into the house.”

“I understand. You guys just stand guard outside. Qingxue, don’t let any random people approach.”Xu Bai patted Ye Zi’s head, indicating that he understood.

With his Saint Realm strength, he knew exactly what was happening inside.

With Xu Bai’s arrival, Ye Zi and Qing Xue instantly felt their hearts calm down. They nodded and surrounded the door of the room with a group of maids.

The ruler of the barbarian fief was about to give birth. There were no other people here. Besides Xu Bai, there was no one of the opposite sex. However, they still had to do their duty.

Xu Bai didn’t waste any more words. He pushed the door open and entered. He closed the door behind him and looked at the pale Chu Ling.

“Husband...” Even though Chu Ling was in great pain, she still forced a smile, unable to hide the joy in her eyes.

When the midwife saw Xu Bai, especially when she thought that this was a legendary figure and it was her first time seeing him, she instantly felt at a loss.

“You do your thing, don’t worry about me.” Xu Bai only said a few words to the woman before walking to Chu Ling’s side and caressing her cheek.””It’s okay. Since I’m here, it’s fine.”

Chu Ling nodded her head with difficulty. She wanted to lean into Xu Bai’s embrace, but it was very difficult for her to get up.

Xu Bai comforted Chu Ling, then looked at the midwife beside him and said,””Is there a solution? If not, she would abort the child.”

Beside him, Chu Ling was instantly stunned. She wanted to speak but was stopped by Xu Bai.

“Don’t ask about protecting the young and the young. If it’s dangerous, I will only protect you.”Xu Bai said.

Chu Ling’s expression was complicated. She opened her mouth, wanting to say something, but she couldn’t.

At this moment, the midwife said respectfully, "Your highness, since you're here, things are much simpler. We've encountered situations like this before, but it's not as exaggerated as this. You're the child's biological father, and your blood is connected. You can use your power to enter, and you're very strong."

"Oh?" "Is it that simple?" Xu Bai rubbed his chin."

The midwife nodded, indicating that this was indeed the case.

With the midwife's words, Xu Bai did as she said. After all, she was the professional in this aspect.

He comforted Chu Ling and used his True Qi to move along Chu Ling's arm to her stomach.

In the next moment, he felt as if his true essence force had entered a huge hole and was completely devoured.

"You can eat so much?"

Xu Bai was slightly surprised. It turned out that Chu Ling had been feeding a fetus that could eat so much. This was something he hadn't expected. However, this level of gluttony was still not enough in front of his Saint Realm strength.

"You have to remember how good your mother is to you. She has to bear such a huge burden every day, which is why you can grow up to be like this."

"Since you want to eat, I'll let you eat to your heart's content."

Xu Bai continued to slowly transfer his Refined Qi to fill the black hole in Chu Ling's stomach. As his Refined Qi continued to transfer, the paleness on Chu Ling's face gradually turned better, and a rosy glow appeared on her face.

A moment later, Xu Bai felt that his Refined Qi was overflowing. He stopped and looked at the midwife beside him, asking, "How is the situation now?"

The midwife nodded quickly. "Your Highness, you can stop now. The next step is the normal procedure."

Hearing this, Xu Bai retracted his hand and held Chu Ling's palm. "I'm with you."

Chu Ling nodded and interlocked her fingers with Xu Bai's.

Time gradually passed...

"Wow!"

Accompanied by the cry of a baby, Ye Zi and the others who were guarding outside the room all heaved a sigh of relief.
