After Noelle's return, Nicolas immediately informed the Anderson family and brought her home.

As soon as they **arrived** at the Anderson family home, Kimberly rushed over, tears streaming down her face, and embraced Noelle.

"Noelle!"

"Mom.

Noelle hugged her mother tightly, feeling a bit guilty. "I'm sorry for worrying you."

Kimberly, sobbing uncontrollably, shook her head and said, "Don't **say** sorry. Don't, Noelle. I know everything now. fault. You've suffered so much over the years, **and** I didn't know. When you first came home, we were so cold to you, and I didn't realize how much you were going through. I'm sorry, Noelle, forgive me..."

I'm sorry, **1**

Noelle was momentarily stunned when her mother brought up how they treated her when **she** first returned. She **then** revealed the truth to her mother. "Mom, actually, when I first came back to the Anderson family, it was because of a **mission**. The laboratory asked: me to build a relationship with you..."

I know. I know everything," Kimberly said, cupping Noelle's face. I heard it **was** part of an emotional test. They wanted you to form a family bond so they could make **you** kill **us**, **but** you didn't. You even left with Brandon to protect us, didn't you?"

"Yes, that's right." Noelle nodded.

Kimberly hugged Noelle tightly, her eyes filled with warmth. "Noelle, you don't need **to** feel guilty. The lab is at fault for everything. You did nothing wrong.

"Mom." Hearing her mother's strong reassurance, Noelle finally felt relieved.

Although Nicolas had repeatedly told her that her family wouldn't blame her, Noelle still felt uneasy. After all, it was because of her that her family **had** been put through such hardship, and Damon was still in the **hospital**.

She had prepared herself for a scolding, but to her surprise, when she came home, it was her mother who cried and apologized.

In that moment, Noelle felt a rush of emotion, overwhelmed by both sorrow and gratitude.

"Noelle, welcome back." A soft, slightly stammering voice called out.

Noelle turned **and** saw Elsie. Her heart skipped a beat, and she rushed over, taking Elsie's hand and saying. "Elsie, I heard the lab ordered you to **hurt** my family too, but you defied them. Thank you

Elsie's round eyes sparkled **as** she **looked at** Noelle with a sweet smile. "Noelle, you don't have to thank me. I just didn't want to **make** Adriel **sad**

"I know it! I knew your love for Adriel could overcome the lab's orders." Noelle grinned, her joy palpable.

Elsie laughed, her smile **as** sweet as ever,

The two girls, both looking adorable, shared a moment of connection, their past struggles **making** everyone around them feel an overwhelming sense of affection for them.

Just then. Adriel walked over, naturally wrapping his arm around Elsie's shoulders.

"Noelle, **Damon** is awake. Do you want to go **ser**
