

Chapter 126

68 - Ryker

What the f*ck just happened? I came in my shorts without any contact to my d*ck at all. Kennedy's so incredibly sexy and she knows her way around her body. She doesn't need me at all, clearly. But she let me watch her and it was phenomenal. She also said my name. She called my name when she came, not the title she calls my wolf and nothing sarcastic. My name, like she needs me as much as I need her. But she also walked away. She didn't stumble or stagger away. I broke her shower from the force of my org*sm, did I not affect her the same, do I mean so little to her? 3

"You did abandon her and isolate her like Rapunzel. You're lucky she let us get this close. Don't do anything to f*ck this up more."

"I'm aware, thanks. What do I do now?"

"You are going to get us out of these cummed up shorts and go lay next to her. Dumbass."

"What if she kicks me out?"

"So what? You have to try and right now action is your best best. Words are not working so well for you." 2

"You really are a f*cking asshole, you know that?" 1

"That's why the Goddess gave me to you. Now go to our girl and see if she will let you stay." 1

I lose my underwear and freeball it in my shorts, which I realize is probably not the best idea since I get hard just from listening to her breathe. But, I don't have to worry, when I finally get a grip and stop

having my b*tchass panic attack and head out of the bathroom. I see her already in bed, asleep on her side.

She's so feral and sharp when she's awake. Looking at her now with a relaxed face, hair fanned out around her, she looks like an angel. My angel.

"I thought you said she was a lamb." My wolf chirps in my head.

"She still is, always will be. She's innocent and precious. Easily attacked and harmed. But she's an angel, look at her."

"I have been looking at her, idiot. I've been waiting for you to catch on. Now go lay down before she figures out she still doesn't like you."

I have to let out a chuckle, he's not wrong. I climb in next to her and lay facing her. I want to memorize every feature, just in case. I'm so beat, I won't last, but I will fight to stay awake as long as possible. [1](#)

"No, please, no." I hear a soft whimper and my eyes fly open. Kennedy is in trouble, I can feel her anxiety. I don't move, assessing my surroundings. "Please..." I feel a tension and tingling around my ribs and look down. Kennedy is laying across my chest wrapped up in my arms. I have no idea when that happened, but I do know she came to me. I'm in the exact same spot I fell asleep in.

I tighten my grip on her, tucking her head under my chin. I want her to feel safe and protected with me, even when she sleeps.

"Kennedy, wake up. You're having a nightmare." Her grip gets tighter, but she's not crying out anymore. "Wake-up little lamb, before the wolf gets you." I smile into her hair. I have no idea if she can hear me or not.

But I do enjoy our joke.

"Ryker, Alpha, help, please." She whimpers into my chest. I don't know what to do, she's still out cold, but she's calling for me, for us. I don't think I have ever felt helpless before now.

"Kennedy, angel, wake-up. It's a dream, just a dream. You're safe. Wake-up for me." I pull her tighter to me so she is molded to my side and kiss the top of her head. She gasps and struggles against me. Against every fiber of my being, I release her as she pulls away. I feel the loss of her body heat immediately. 

"What? When did you get here?" She pulls the blanket tightly around her and I am only just now realizing that she was sleeping naked next to me all night. How did I miss that?

"I never left and you didn't ask me to leave when I came to bed." I shrug. That sounded better in my head, but my wolf is right. Words don't seem to go well for me when it comes to Kennedy.

"I didn't think you would stay." She looks down at her lap.

"I thought I made it clear yesterday. I can't fight this bond anymore. I still don't know if I can mark or mate with you and not hurt you, but staying away seems pointless. It's hurting more than just me. You, my team and the pack feel the separation. It's too early to head down for breakfast, but I'm awake. I can leave if you want me to."
