

## Chapter 127

"No, you're fine. I should get dressed though."

"Why?!"

"I just should. I didn't have enough energy last night to make it further than the bed."

"So you did enjoy yourself last night?" I can't help the smile that creeps up on my face.

"Of course I did. Torturing you has become my new favorite form of foreplay."

"Well you could have fooled me. You walked out completely calm while I could barely stand upright. I still don't know what you did to me without actually doing a damn thing to me. I broke your shower, for f\*ck's sake."

"That you did. Speaking of, I need to take a real shower this morning, last night does not count." She fidgets at the memory, good to know the thought turns her on.

"You can just use mine." I throw it out hoping it sounds like a normal request and not like I am desperate to keep her close.

She nods and moves to get off the bed, taking the comforter with her. I snatch it on instinct and pull it away.

"Hey!" She is completely bare in front of me. She doesn't try to hide and I love the way her face is scrunched in annoyance at me. Her toned curves show off the fact that she works hard on her body, but there is a softness too. I want to dig my fingers into the flesh of her round ass, but I can't think about that right now. I have to remember, I need to take my time with her. She frustrates the hell out of me, but also gave me a lot

yesterday. I have to build on that trust and let her keep leading when it comes to this intimacy stuff. 1

"You were completely pressed up against me not ten minutes ago and it's mine to look at. Might as well get used to it." Well. She can lead sometimes. "Just get what you need and we can head next door." 1

She rolls her eyes, but does what I ask.

"Bennet. Are you guarding Ken's room?"

"So it's 'Ken' now?"

"Shut up. Are you?"

"Of course, bossman."

"Can you make yourself scarce?"

"Excuse me? You've been hounding my ass for almost two months about sticking to her like my life depended on it. What gives?"

"I'm with her, and she's talking to me, kind of. But she will use you as a distraction. I'm not ready for that."

"Of course you're not. I missed you going over there when did she let you in?"

"I stayed last night."

"Damn you work fast. She clearly hasn't forgiven you yet if she's going to bolt and blame me." This time he laughs at me.

"Just go, we'll meet you guys downstairs for breakfast."

She comes out of her closet wearing a loose t-shirt and shorts and

holding a pile of clothes. She's also trying to balance whatever crap she brought from the bathroom.

"Here, let me help. Are you moving in already?" I tease and her head snaps towards me as I take a few bottles. 1

"No! Of course not. I just have a routine and I like my stuff. I don't even know what you use." She cringes and shudders.

"To be honest neither do I. Soap is soap to me." We head out the door and into my room. She stops in the doorway, I can feel her uneasiness. The last time she was in here I wasn't kind. I know it was the absolute fear of losing her, but she left in tears. "Come on, I'll show you where you can put your stuff." I wrap my free hand behind her back and guide her in.

Once we are both showered and changed, we head out together. We don't even hit the bottom step in the entryway when Danny scoops her up in a hug and kisses her cheek. I f\*cking hate my delta right now and he's trying to piss me off.

"Get over it Bossman. You've kept our Luna away for too long. We need to get to know her too." 1

He sets her down in front of Bennet. This exchange I am interested in and maybe a little jealous of. They clicked almost right away. He was able to keep her calm and safe when I couldn't, I'm still afraid she has feelings for him. She leans her forehead on his chest and he wraps his arms around her slowly.

"Thank you, Bossman." He mindlinks me. 1

The air in the entire room changed in that moment. A peacefulness I haven't felt since my dad was the alpha, wrapped around me. She is

special.
