

Chapter 189

"Finally caught you, you little f*cking homewrecker."

"I would say I'm surprised to see you, Amy, but I'm really and truly not surprised at all." I can feel puzzle pieces falling into place. Not all of them though. Will you tell me why your mate needed to capture me?" I might as well try. She's not one for short answers. Hopefully her lips are still loose. 4

"I want to be a Luna."

"Is that not what you are now? Your mate is the Alpha of this group of rogues, that would make you their luna as his mate. I thought you were taught how all of this works at the age of, like, five." That earns me another slap. Her's are feather light compared to Dirk.

"Stupid b*tch." I want to be Ryker's Luna and I almost had him until your weak human ass came into the picture. Why couldn't you just stay away and let him keep hating you. He was so close to rejecting you. You shouldn't be allowed." 1

My stomach lurches at that. I know I can't believe a word that falls out of her mouth, but I can't help it. He was going to reject me for her? He never said anything. I would have let him go, especially in the beginning. I know he should have a wolf who is equal to him, but now. Now he says he loves me. Is that just part of the mate bond talking? He can't get rid of me because of it. I need to get out of my head. I can't let anyone, least of all her, make me doubt. I don't know if I can make the feeling go away though. 2

"What was your plan? Kill me and then reject your own mate in the hopes that Ryker would pick you? He never would, you know that right?"

"Of course he will! He has been mine for so long. He was going to choose me before you showed up."

"He has never wanted a chosen mate. Anyone who knows him, knows that basic piece of information." I roll my eyes at her. If I am going to die here, it will be tormenting this gigantic pain in the ass. "You clearly weren't close enough to him to have that knowledge."

SLAP!

I can't wait to look in a mirror and see how messed up my face is going to be.

"He will choose me if he knows what's best for him. He will reject you and claim me, otherwise you will die. When Ryker claims me I will reject Finn. Simple."

"That's your master plan?! You do know how many holes there are right?" I gently rub my hands over my face. This girl has always been a bit of a moron, but this is full on proof. "What are you going to do with the given mate you actually have if he doesn't accept your rejection?" I gesture towards the tent entry.

"I will reject him and command him to accept. He's only acting as an alpha. I deserve a true born alpha." She is actually preening, while looking like she has been in the wild for too long.

"How do you figure?" I don't try to hide the boredom in my voice this time. She is delusional.

"My dad is alpha-born, giving me alpha blood. I deserve a full blood alpha as a mate and I will have Ryker." She stomps her foot. I can't handle her toddler behavior anymore.

"So your dad isn't an alpha running a pack? He's just alpha-born?"

"He should be running a pack, but that will change soon enough." She has a manic look in her eyes. I'm not sure if she is still talking to me or just thinking out loud. 

"Is he trying to take something that doesn't belong to him too?" I ask as she starts to pace. 

"Ryker's pack belongs to us. It should have always belonged to us. Alpha Ryan never should have survived that attack. The plan was perfect. The warriors were set, and his car was sabotaged. If he would have just died we would have everything surrounding us." 

Wait, what? How does she know so many details about Alpha Ryan's attack? Oh, f*ck. This can't be happening. Now I get why all the little attacks seemed to be so targeted and well informed.
