

### Chapter 193

I lean in to give her a kiss...finally. But, she whimpers at the brush of contact. Alpha growls in my chest. Now someone is going to die. They are keeping me from connecting with my mate.

Kennedy doesn't miss a beat. She holds tight to my cheeks, but isn't focused on me. "Finn, where's Dirk?" How can she be so calm and collected and how the hell does she have all of these names?

"I can call him here, if you want Luna."

"F\*cking suck up." Bennet doesn't hide his irritation, which makes Kennedy's lips turn up in a small smile.

Kennedy lets go of my face, making Alpha whimper again, until I feel a wash of calm hit me.

"Thank you Luna. I'm sorry." Bennet is so close I can feel his body heat radiate, making me uncomfortable, but I can't move away. She must have her hand on him, calming the both of us down. The moment is broken by the profanity of a wolf being dragged forward. 🐾

"Ryker, put me down." She whispers.

"Not a chance." I whisper back.

"Let me go you c\*cksucking motherf\*ckers." two of our warriors have this rogue secured at the arms, so there really isn't anything he can do but struggle. "What kind of Alpha are you?" He spits at Finn. "Selling out your own pack for what, a pair of tits? Did she suck you off too and now you're at the mercy of two b\*tches?"

"He tied me up and broke my face." Ken nods to the loser being held up by warriors. "He's the reason my blood is all over the forest." I hear her

squeak as I toss her to Josh, not even thinking twice about letting Bennet in on this asshole's torture. †

The warriors release him and jump out of the way just in time for each of us to deliver alternating blows to every part of Dirk's body we can. Alpha is lending me strength to ensure he knows exactly how Kennedy felt under his watch. I let all the frustration out at hearing what happened during her first capture, her being taken now and seeing her hurt again. I wasn't needed then, but I sure as hell am here now. †

When Dirk is a bloody heap on the ground, barely breathing, but very much alive, Kennedy taps me on the shoulder. I shift to the side and she crouches in front of his face. †

"I told you that you would lose an arm for this." She caresses her cheek that is swollen and a deep shade of red and purple. †

Like a well-tuned team, Bennet grabs his wrist and holds Dirk's arm out for me, hovering above the ground. I stomp on his elbow and then shoulder, dislocating both joints. As he's screaming and writhing I let out Alpha's claws and sever the limb.

Somewhere in the back of my mind I notice that Kennedy didn't even blink at the sight of the torture. I need to remember to ask about that sometime. We just leave Dirk to bleed out.

"Where's Amy?" Josh asks, bringing us back to our problem at hand.

"She took off when you guys breached the rogue camp. Finn, can you track her through your bond?"

"I can try. We have so many precautions. Our senses don't work as well inside the camp. Funny enough that was her and her dad's idea."

"While we wait. How many people are here with you Finn? Are there any kids or anyone who needs serious care?" My mate has such a big heart. She has been kidnapped and tortured and all she's thinking about is getting these rogues help. 

We have a few warriors that have been injured. No children, but we have been without a home for about a year now. All of these people could use a warm bed and hot meal"

Kennedy looks at me pleading. What she doesn't know is I would say 'yes' to anything she asked me to do right now.
