

## Chapter 46

"Damn, okay. Remind me not to piss off the human." One of the girls, I think her name is Tanya, said.

That broke the tension and we were able to get to work. That didn't stop them from peppering me with questions the whole time though. It was a great session, I haven't been this sweaty and sore in a long time. I will have a couple bruises to prove it too.

We wrap up and head over to the guys who have made a circle around Gamma Bennet and I think Delta Danny, but they are moving so fast it's hard to tell. It looks like some kind of drill to pin the other person flat on the ground, similar to wrestling. So, no headlocks or anything like that. The movement is mesmerizing.

Both of these men are beautiful, and that isn't just my libido talking. They are both shredded in all the right places, and of course only wearing basketball shorts for our benefit and pleasure. Man, I really need to get my lady parts in check and I need my warrior brain to take back over. Please and thank you. You'd think I've never seen really fit werewolves train before or gotten laid. Something about the guys in this pack that have me distracted.

Neither of them can get a good hold on the other. Gamma Bennet has a little bit of size on the Delta, but Danny is flexible and lithe, he's able to slip out of any hold like a bar of soap. Which seems to be frustrating the Gamma. They go on for a few more minutes and someone near me yells 'TIME!'

I jump a bit at the shout, being lost in the moment.

"Who's up next?" Beta Josh asks, looking around the group. "You up for the challenge, Kennedy?"

My eyes go wide as everyone else stares at me. I feel like I'm going to wet my pants and run away, but my ego, thank heavens is still intact, so my response comes out stronger than I feel. "Sure, why not?" I step into the circle with him.

"Hey! I didn't know she was an option." Danny whines. "I totally would rather roll around with her than Bennet." He wiggles his eyebrows at me and I laugh with everyone else.

"Everyone is fair game. You should have thought through your options before you chose." Alpha Ryker taunts him with the first hint of a smile I have seen on him all day. He seems to reserve his pleasantries for his sister only.

"Actually," Josh stands from his position at the ready and I'm instantly on my guard. "Alpha, we haven't seen you partner up today. Why don't you step in?" His smirk makes me feel like I got played and I'm irritated for a minute. 1

There is a look that passes between them and Ryker doesn't move a muscle. I cross my arms getting more irritated by the minute. I know me being human is a novelty, but I don't want to be a spectacle or the butt of a joke either. I bust my ass every day to keep up with these guys. I'm making mental notes about how best to torture Josh when this is over.
