

## Uzumaki 111

### Chapter 111 - Yuki Clan Orphan

Xin lowered his head and look at the the child pulling his sleeves, with malnourished looking face, a small, scrawny body staring at him with her cute and big eyes.

What's wrong to this kid?

Now instead of lining up for free food, why he come to find him?

Maybe she is to small and weak to squeeze in?

"Big Brother, are they true?" The child raised her head curiously and asked.

"You mean the food?"

Uzumaki Xin nodded with a smile and said." Of course, it's true, why don't you go on line? Aren't you afraid they all eat all the food?"

However upon hearing what Xin said, the child did not run to go in line but she pouted unhappily and said." I'm not asking this, I'm talking about the recruitment."

"Oh, you said this!"

Xin's eyes turn bright, he look at the girl with pretty bluish hair and said." Of course it's true, the work is included the food and housing."

"The Uzumaki Kingdom treatment is good, especially when you become a citizen of Uzumaki Clan, there's are benefits during holidays too."

"Then... "

Th child was little happy when she heard it, she asked shyly." Can you recruit children?"

"...."

Hey kid, we are legitimate business, we never do child trafficking!

Uzumaki Xin looked at the malnourished child in front of him, he think carefully and ask something.

"Why? Do you want to apply?"

"Yes."

"What about your parents? Where are they?"

"They die from the cold, I'm only left alone, I'm orphan."

Looking at this child, Xin can see the sadness from her eyes but the positive outlook makes her motivated doing things while trying to forget those sad things.

"There's an orphanage in the Uzumaki Clan, it's peaceful."

"The dead is kind and beautiful, she treats everyone fair, you can eat food without getting hungry at night."

"I don't want to enter orphanage."

"Then what kind of job do you know?"

Xin can't see any potential form this kid, except for unique hair color of her and strang cool aura coming from her body.

'Wait!'

Xin look at the kid carefully, he thought something so he asked again." Are you from Kirigakure?"

"Ah?! How did you know?"

"... Are you part of a big family or clan?"

"Well, mother told me that she comes from powerful Clan but I never see that clan she tell me."

"What clan she belong?"

"It's sound like Snoe Clan I think?"

".... So you come from Yuki Clan."

Xin understand now why this kid is unique, when he open his Kaguya Eyes, Xin finally see the thing this kid is hiding.

She is a rare genius, holder of a powerful Blood Limit.

Ice Release

Chapter 112 - Ice Release

Level 4 Wind Release

Level 4 Water Release

Level 4.5 Ice Release

Level 1 Chakra

Xin's eyes shine brightly when he check the kid overall condition, except for her crappy physical strength because of prolonged period of being malnourished, her overall stats is high.

With her level of Element, Upper Shadow Level is her lowest strength attainment she can accomplish, while she have great potential becoming Peak Shadow Level in life time.

Xin know that not just her physical strength is being affected by her malnourished body, some of her aspect is also get lower.

He can be sure the level of her strength will be elevated if her body can recover from being to weak and scrawny.

"So what job you want to do?"

"I can become Ice Maker."

"Ice Maker?"

"I can freeze your raw food to prevent it from getting spoiled."

She open her palm and show a chilling air coming form her hand.

"See? I can chill the air, if the weather is cold like today, I can do more."

"You pass, Naga!"

Swish!

Naga come out from Xin's shadow.

"Young Master!"

"Take this kid, by the way what is your name? So you have one?"

"Me? I'm Yukihome, 6 Years Old."

"Bring Yuki with you, let her eat until she full, inject the blood supplement that we bring and dress her up."

"Yes."

"I'm hired?" Yukihome blink her eyes couple of times asking.

"You are good kid." Naga did not reply and pull her into her shadow.

"Wait- my luggage!"

Plop!

Her luggage also sink into the shadow then disappear.

"Lucky! One genius got!"

Xin then start to look around more attentively trying to see if he can find another wild Pokemon...  
Ahem! Wild genius.

Konoha Village is really a Village bless with great luck, he is also lucky that he manage to snipe one before she can even discover by Third Hokage.

As for the spy, he don't care if they report, he is sure they will not going to pull Yuki because of her Blood Limit.

But being kidnapped is pretty sure, after all a genius like her is not easy to find.

...

"Are you sure?" Nara Enchu look at the Konoha Shinobi seriously asking.

"Yes, the kid has rare Ice Blood Limit."

"Did they take the kid?"

"Naga took the kid with her."

"Good, I will report back to Lord Hokage, wait here."

....

Chapter 113 - Wild Nono Kayushi

While Xin is busy looking around, one of the Uzumaki Shinobi come with a small child following behind.

"Master Xin, this child is here to sign up."

Hearing the name, Xin feel his face slightly become hot, he always tell them to call him without formalities as it looks like he is a Young Master of rich family.

"Well, name."

"Nono Yakusho." The child weakly said.

"Age?"

"Seven years old."

"Gender?"

"Female."

"Wait! Your a female!" The Uzumaki Shinobi who come was shocked, he look at the small child with confused face.

Xin snap out, he look at the kid carefully.

Bowl shape brown hair, emerald green eyes, cute baby face, and a small that can heal any injured.

'Isn't this 'The Wondering Miko'? She is small.'

Xin can already trace the familiar face from the small child.

When she grow up, she enter the Anbu, and in the Root Division, Xin don't know she left the organization without getting killed but she become regular Jonin and a caretaker at the Konoha Orphanage.

At the orphanage she become know as "Mother", while undercover in Iwagakure, she went by the name 'Nanigashi'.

But it seems that Nono is not from Konoha, base from her appearance, she seems come from Iwagakure Village base on the rich Earth Element that still around her.

Xin can feel happy, he found another wild Pokemon, he successfully snipe another genius from Konoha.

"Are you alone?"

Nono nodded, she told them all her hardship and what she expirience.

Base on her story, she is orphan at birth, she come from Orphanage near in Iwagakure, but because of the war the Orphanage was destroy, all the orphan can only helpless flee to every direction that they feel safe.

Maybe because she like to read books and ask people older than her, Nono is knowledgeable than other kids around.

Xin look at her while sensing her attributes.

Level 3 Earth Release

Level 3 Water Release

Level 2 Yin Release

Level 1 Yang Release

Level 1 Chakra

Xin was surprised, she actually has four attributes with two rare type of element, Yin and Yang.

He also discovered why she is good in Medical Jutsu, she have Earth and Water Element with high level.

She is like a Weaker Version of Tsunade, if she got train well, she can become second Tsunami in the future.

"What kind of job you would like to accept?"

"I want to become a Nurse."

"You know any Medical Jutsu?"

Nono shake her head, how can she know any Jutsu, she come from Orphanage of civilian so how can such precious thing available their.

But this did not stop her from learning some basic thing base from the people she meet.

Chapter 114 - Trouble Really Comes

"Okay, follow me from now on, I will teach you everything you would like to know in Medical Jutsu."

"At same time, you need to follow Naga."

Naga appear again from his shadow.

"How is Yuki?"

"She still eating Young Master, do you want me to call her?"

Xin shake his head then pointed Nono.

"Let this kid join Yuki, feed and dress her well, at same time teach her how to extract Chakra and some basic things."

Naga look at Nono then nodded, she then pull Nono who slightly surprised from suddenly change then wave at Xin to said goodbye.

One Ice Blood Limit kid, and one Medical Ninja Kid.

The catch today is great, Xin don't know what kind of luck he can pick from stating her longer.

.....

People come to sign up one after another.

It seems that because they are full, they also feel trust in Uzumaki e, after all, they are just a group of ordinary people, becoming a Ninja id already luxury for them.

So getting food makes them happy, they will gladly work for them who help in the time of peril.

They know they are being feed because they have value, they don't know what kind but they are gladly use it for them.

The refugees don't care at all, they only care if there have value instead of being abandoned until they starved to death or freezento death.

Now that someone has taken them in, why not go?

Of course some don't have such mentality, they still chose to walk towards Konoha, they know that Uzumaki Clan is just a small Clan, much better to the 'Winner' of the Second Ninja World War.

Uzumaki Xin looked at the refugees who line up.

There should no problem now, he was afraid that no one would come in line but his negative though is baseless m

Once one person come, then everyone would slowly come to join them.

As for the Konoha Shinobi who watching nearby, Xin automatically ignore them, he had the approval from the Hokage and officially approved to recruit refugees here.

If there is a problem, you can talk to Hokage and the group hiding in the dark wearing masks 'root'.

....

Everything is proceeding in orderly manner until..

"Go away!"

A wandering ninja directly pushed away the refugees in the line, they come in front and shouted.

"This Lord want to come first, if you don't want to die then go away stinky rotten people!"

When Uzumaki Shinobi saw this scene, they can't help but to narrowed their eyes

Someone actually come to create trouble?

Turning their head to Xin who pulled the person listing the name of applicant.

"Name."

"Listi, this Lord is called Big Tiger!"

Without waiting for Xin to asked, the wandering ninja said directly." Jonin Level, Nickname Blood Tiger! Register quickly and then bring me all the food! This Lord is hungry!"

Kushina who followed by Naga, Yuki and Nono look at the commotion.

"Let's go, let's help Young Master!" Yuki said but she pulled back by Kushina.

"Wait

here and watch, Brother Xin is expert dealing such kind of people."

"?"

....

Chapter 115 - Pitiful Fool

This guy?

Not only the Uzumaki Shinobi look confused and very puzzled, but also the Konoha Shinobi who watching everything.

I'm afraid this guy is so stupid.

Uzumaki Naga and Uzumaki Kushina looked at each other, the mere Jonin Level dare to be so arrogant.

You must know that the weakest of the Uzumaki is Special Jonin while the strongest is not even hundred of Jonin can content.

And although the Uzumaki Kingdom is small country, it's clearly states that it is an ally with Konoha.

How dare you to be arrogant?

"This Handsome Uncle, with extraordinary bearing, we know you are not just ordinary ni janat first glance."

Xin said quickly with a look of admiration." Awesome, are you a Ninja?"

"Hmnp!" Brother Tiger feel proud hearing someone compliment him, he even put his hand on the knife on his waist and proudly said." You're good, you have a great vision."

"Ah~" Xin regretted said." You actually want to sign up for the Uzumaki Kingdom, it's really a honoy for the Uzumaki Kingdom!"

"Of course." Brother Tiger held his head high treating to show off.

"We absolutely cant let your powerful strength buried in the small country of Uzumaki like this."

Xin righteously said." You should have more brilliant and brighter future ahead of you."

"And so.."

"As Konoha Biggest Ally, we have the responsibility and obligation to recommend talent like you for Konoha."

"Such a Hero like you can only shine on a powerful Village like Konoha!"

"How dare I take you with my pitiful weak Clan."

Uzumaki Xin looked at him with great admiration.

"At first glance, you have the aura of the Five Great Ninja Village, the talent you have is urgently need in Konoha!"

"So take this recommend letter, as long as you reach Konoha and pass it to Third Hokage, you will be treated as VIP."

"VIP?"

"Like monarchy or prince of Kingdom? With your noble like look, and godlike strength, any village will take you will surely win all war in the future."

"I can even vision that you are the one who will stop the conflict of all Village, your the next God of Ninja, Brother Tiger!"

"Really?" Brother Tiger start to like this kid, he can see his inner strength with just one look, he can become a great spokesperson of him in the future.

But sadly, he is form Uzumaki Clan, he is sure with that proud clan, they will not let this genius kid follow his adventure

"But really, if I really come to Konoha and use your letter, they will treat me like a king?"

"Trust me, you are definitely the person Konoha desires, know your talent! Believe in your self!"

"Naga! Hurry prepare food for this Lord, we can't waste his precious time staying with weak like us!"

Uzumaki Naga look at Xin with speechless expression, she never encounter such good liar and deceitful.

He even lied to this pitiful person to go in Konoha and show his talent.

With just one look, this uncle will treat as bandit or even serial killer with just his hideous look.

Sending him to Konoha is like making his life miserable.

But still she follow her master order and send the fool away, she can't wait to hear what will happen to that stupid fool.

....

Chapter 116 - Despicable Move

"Master Xin, what do you want to do?"

A Konoha Shinobi was speechless as they watched the unforgivable operation of Uzumaki Xin in the very first start.

Is there such an ally?

Did they send this scum to them, Konoha?

And with such Jonin qualifications, who is already on his late forties, almost fifty.

How can such garbage qualified to join Konoha, maybe after he join he will instantly quit and become another elder in the village.

Nara Enchu also speechless.

This ten years old Shadow Level opened his mouth to say Konoha is the ally, and closed his mouth about friendship for generation to generation.

Everything is fine in the war of everyone who don't know the truth, but it not, and the way he do this things makes him even more speechless.

How could be there be such an ally?

He waved his hand helplessly and said." Let people follow him and find opportunity... "

He cut his neck showing to them.

"And destroy the letter by the way."

This kid is troublemaker, he also notice the recommendation letters he give to some suspicious looking Ninja, but this last one is to he most scum and useless of them all.

Nara sure you his Brother Tiger is not a Shinobi of any Great Ninja Village, maybe he just a wandering ninja who knows ars that Uzumaki giving free food.

.....

In dark place.

"Do you want to do it Monkey?" A Root Ninja look at the person beside him and said viciously." They are actually ruining Konoha's reputation."

"No, none of us are opponents of this kid." Monkey said." It's not the time to do it yet."

"But-"

"Relax, Lord Danzo has already riven us the order, except for the child, everyone here including..."

"These civilians?"

"Don't let them go."

"And noe, first five Uzumaki and the kid who left-"

"Killed."

"Yes!"

....

Uzumaki Xin looked at Brother Tiger who being escort by Konoha Shinobi, that dude is a fool, did he really thing he can reach Konoha alive?

It is estimated that he was intercept by Konoha Shinobi halfway through.

"It's hard to become good ally, we need to introduce more talent to Konoha." Xin said full of emotion.  
After all, we are all allies."

"....." Konoha Shinobi

On the other hand, Kushina and the other Uzumaki looked at Xin speechlessly. Young Master Xin was really good at playing tricks on Konoha.

Didn't you see the Konoha Shinobi next to him wanting to come and smash the stall?

It is estimated that if it weren't for Third Hokage's order, they would have come to beat them all.

Of course that is impossible, with the strength of the Konoha Shinobi around, and even if they added the Root hiding in the dark, they will only get beaten in the end.

....

Chapter 117 - Brother Tiger escape

Looking at their reaction Xin know what they thinking.

"Don't worry, as long as we don't harm Konoha's Interests." Xin said casual, it's clear that as long as it does not cause any harm to Konoha, they can do whatever they want.

But the problem is, in the eyes of other, what Xin is doing is not just causing trouble but also digging the future pillar of Konoha.

This refugees is not just unfortunate people, from them, useful people also appear to add blood to Konoha.

This makes them speechless, so what they doing don't harm Konoha's Interests?

Not only they harming them but also stepping on Konoha's face.

"This is just trivial matter."

Xin glance at the Konoha Shinobi who was missing a bit next to him, and it seemed that they Amjad actually intercepted the fool just now.

"Don't say a mere Ninja, even if is a Shadow Level, the Five Great Ninja Village, what does Konoha count as one?"

"What's more, we are introducing talents to them!"

"Who know that silly \*ahem! Genius, .maybe he have Hidden Blood Limit or super powerful Forbidden Jutsu right?"

"..."

The Konoha Shinobi next to him heard such shameless words, and planning to beat the shameless kid but other Shinobi hold him down to stop him.

"Don't get excited! Don't get excited! Hat he aie is right!" Nara Enchu said helplessly, this kid really said nothing wrong.

It's just a mere fool Shinobi, and it won't cause any harm to Konoha and the others.

Hokage-sama said that only if it is harmful to Konoha, you can do it, and then they can arrest the Uzumaki Shinobi.

And also, there are indeed abnormal amount of refugees this year that come in the Land of Fire.

What they doing is helping to lessen the amount of refugees coming to Konoha, this is Helmand not harm.

Even if he bizarre move makes their teeth itchy in anger, he did not cause harm at all, maybe their blood pressure spike up but that doesn't matter to Konoha.

"It's so annoying." Nara Enchu helpless said." It's all over, now I should be lying on the big bed at home, enjoying afternoon tea."

"Know that Konoha's winter sunshine is extraordinary comfortable, it's good to enjoy the sun this time.,c.

"Why should I suffer here?"

"Master Nara, all the Ninja who wnr you at this time finally return."

"Good, dis anyone get hurt?"

"Well yes."

"That fool hurt you?"

Nara was confused, how can the Konoha Shinobi hurt by such scum?

"Master Nara, that Brother Tiger is not a Shinobi but a Mountain Bandit, there's a huge trap waiting in distance and almost get hurt in process."

"But in the end we wipe their group but because of suddenly change, Brother Tiger escape with his loyal retainer."

"You let that fool esc? This is trouble."

If the outside world hear what they did, the reputation of the Konoha will be hurt, and they all going to get punished for sure.

But thinking, no one will believe to a words of a Bandit much more a fool so he think this is not a problem at all.

"Nevermind, go to Black Market, put bounty on that fools head."

"How much we will going to put Master Nara?"

"Just hundred thousand is enough."

....

## Chapter 118 - Fate Chaser

"Master Nara, the letter is brought back."

"Ha? Did you not destroy it too?"

"We brought it back to check if the letter contains some bad things."

'Yoi don't care if the kid write something bad to the recommendation letter, that's not your job but mine!' Nara feel tired early in the morning.

Not only he need to eat h that kid preventing them doing something troublesome but also hsi own comrade to do something more trouble.

"Get it, let me see."

Nara Enchu yawned while lying in his back.

"I have to see how the Uzumaki Clan recommend Konoha's genius."

Then he open the envelope.

"Fool, you still don't figured it out?"

"..."

Damn!

When Nara Enchu saw that there was only one sentence above, he was speechless, yes, geniuses are all excuse for recommending talents.

He just want to borrow a knife to let Konoha solve his own problem, and at the same time not want to show too bloody in front of the civilians.

But still, is he not afraid to someone to peak inside of the letter and found that he just fooling them?

Nara Enchu notice some commotion at the beginning of the he line, and then some people slowly left the line seemingly to go in the direction of Konoha.

Now this is a good thing to watch.

"I want to see what you guys going to do it this time." Nara Enchu said whole yawning.

....

What to do?

Din did not do anything, since they want to go to Konoha, then go.

Anyway, if they stay here without any plan, they will only feel entangled, when time comes, they will not bring any good thing to Uzumaki Kingdom.

And maybe, in the end, they will start complaining about the Uzumaki Kingdom, it is better to let them go to Konoha.

As for the other who chose to stay, maybe because of the promise of Uzumaki Kingdom, ot because of the kindness from a single bowl of porridge, or even because the journey is too far while Uzumaki Kingdom is near.

But once the Uzumaki Kingdom can give them the stable and peaceful life, their hearts will be grateful to Uzumaki Kingdom, as long as they are peaceful, stable, full, and safe, that's enough for everyone.

Civilians who have suffered from war cherish every single good things more than ordinary people.

.....

The Uzumaki Shinobi saw that Uzumaki Xin ignored the commotion that occurred in the team, they didn't take any action, just let them go while the left need to queue in peace.

Those who chose already know why they want, those who left are all fate finder while who left is the fate grabber.

Any chose is different, the only thing they want is the chose they pick is the right chose that they want to have.

Xin who sitting in the table suddenly feel something moving

Not only him but also the other Uzumaki Shinobi around.

"What's the matter?"

Seeing that there was something wrong with Xin, they immediately asked others to get ready.

"My seal is moved."

"What?"

....

Chapter 119 - Enemy

"What's the matter?"

"My seal is moved."

"What?!" Uzumaki Kushina was shocked, there's actually a fool will attack them in front of this number of people.

"Is everything is fine?"

"Don't worry, everything is still under control."

Everyone look at you, look at me, they start looking around trying to sense something.

Kushina sense it second late.

"There something."

One by one, they start to feel the thing.

....

"What the matter with them?" A Konoha Shinobi looked at them suspiciously.

However, Nara Enchu also felt puzzled, but his expression become serious.

He muttered." It looks like something went wrong?"

Especially the face of Uzumaki Shinobi's.

Boom!

"Damn it! It's Ninjutsu!"

Nara Enchu suddenly raised his head and looked at the Boise not far away and shouted." Go!"

Damn it! Who is this moron!

....

"Ah! Killed!"

"Help! There someone killing!"

"Help help!"

On the far side of the refugees, a huge commotion start, a huge fire bal explode everywhere hitting dozen of civilians.

"Kill them! Don't let go anyone! Don't leave any evidence!"

Shinobi wearing mask started to move.

....

"Shadow Clone Jutsu!"

The Uzumaki Shinobi released the Multiple Shadow Clone Jutsu avatar here and there, the number of Uzumaki explode ten times in number in instant.

"Naga pull anyone who is near the explosion."

"Yes Young Master!"

Naga sink in the ground and start saving people.

Xin also move, without any Seal he start using Jutsu.

"Multiple Shadow Clone Technique!"

Four Shadow doppelganger appear.

"Shadow Jump!"

The four Shadow doppelganger sink in th ground and appear on four different direction.

"Ninja Art: Four Violet Flames Formation!"

And then red barrier appear enclosing all the unknown ninja inside while Naga successfully save everyone leaving o ly the unknown ninja inside.

.....

Chapter 120 - Nara Enchu Worries

Uzumaki Xin stopped them and looked at the seven masks inside of the Four Violet Flames Formation.

"I don't know who you are or what is your reason attacking civilians but I think you know what this means in the eyes of the world."

"You come and try to kill them, from my perspective you guys are rootless tools, you brandish your knife to this poor people."

"I'm not saying that in a person in high moral but I can still see what's bad and what's good, and in my eyes you are the pest need to eradicate in this world."

Uzumaki Shinobi start to take action when suddenly Nara Enchu and Konoha Shinobi suddenly intervene.

"Young Master Xin, let us catch them, I feel that we can find the mastermind from this action."

Nara Enchu sweat bucket this time, how can Thai fools appear here and start attacking the civilians.

Did they know what Konoha will going to face if their identity come out, did they know what will happen if the world know what they did.

For him, killing Civilians is ack of weakness, but still it's needed in some times, but if you need to do this despicable ack, you should at least try to hide it not a shown in broad daylight.

Xin coldly look at him, his eyes is terrifying making the Konoha Shinobi step back couple of step, they feel that they are being watch by something terrifying.

Their guys are telling them this kid is not the playful and sunny kid just now but a terrifying existence that no one want to touch.

"Tell me, Nara Shinobi, give me a reason why should I pass them to you?"

"I give you a minute to convince me or else I will torture them all until they open their mouth and tell us what we need to know."

"Please believe me, I'm sure Third Hokage will find the mastermind behind this!"

Xin smirk at him making Nara shake from feet to head.

"Do you think I'm a fool Nara Shinobi?"

Xin pointed the Unknown Shinobi inside.

"Do you think I don't know who is them? With the mask they wear, and the Sealing Technique that is place to them, do you think we Uzumaki can't tell who are they?"

"Do you know how many of this rats I bury and become fertilizer in the soil of Uzumaki Kingdom? There's many!"

"Now tell me, who will carry this black pot? You? But I'm sure that Old Fool will not chose to cut his arm to defend Thai group of scum."

"And I'm pretty sure your Clan can't carry this black pot, after all, not only Nara will going to inflict but also the other two ally of Nara."

"Now tell me, are you sure you can still save them?"

Inside of the formation, the Leader of Shinobi hear everything, he knows they can't be caught here or they are doom for sure.

"Get ready to break the formation!"

"But Leader, the formation is cast by four Shadow Level Doppelganger, we can't break it!"

"Just shut up and do your work!"

"Yes!"

"Fire Release: Giant Fire Ball!"

"Wind Release: Wind Cut!"

"Combination Technique: Fire Dragon!"

"Lightning Release: Lightning Strike!"

Nara Enchu who still want to negotiate to Xin suddenly petrified in place, he look at the Shinobi inside of the Formation and feel is mind turn blank.

How can ther such stupid fool?

They don't know that the Four Violet Flames Formation made by Shadow Level Shinobi can only break by another or stronger Shadow Level Shinobi?

Isn't this wasting time and effort?

.....
