

Uzumaki 121

Chapter 121 - Yin Release

"Damn isn't that Anbu?" A Konoha Shinobi saw the Ninja inside of Four Violet Flames Formation in distance.

Those mask, and Black Tights, isn't this work clothes of Anbu?

"No, it's not Anbu!" Nara Enchu denied it fast, he do t want other to see such embarrassing thing, and it's absolutely impossible to Third Hokage to attend Uzumaki Shinobi at this time and in this kind of place.

If there were no accidents, the Third Hokage would never start war in peaceful time.

You must know that there is an important person here right now, Uzumaki Xin, the Youngest Patriarch and Daimyo.

So there's only one possible Nara think.

They are Root!

The Root hidden in the shadow of Konoha.

He just don't know if it was th decision of the Third Hokage this time or someone is moving in the dark.

But still he need to prevent this accident to know by other, or else the face of Konoha will going to get damage.

"Help them!"

"But Leader, they don't look like they need to save."

Just looking at the Formation that being bomber by the Root, the sturdy formation did not even shakes.

"Naga can you do it or let me do it?"

Naga appear behind Xin and politely said." No need Young Master, let me clean this scum who want to dirty your hand."

"Fine."

Naga disappear and appear inside of the Formation.

"Fast!" Bithe Konoha and Root was shock.

She is so fast, faster than normal Teleport Jutsu, it's like the Forbidden like the Flying Thunder God Technique.

Flying Thunder God Technique is a Space-Time Ninjutsu created by Senju Tobirama.

"Fire Release: Great Fireball Technique!"

The Root spit a huge ball of fire towards Naga.

Naga use some hand gestures then cast his own Jutsu.

"Yin Release: Wall of Shadow!"

A black curtain of Shadow appear in front of Naga blocking the huge fireball, seeing this the Root laugh at her as if she is a idiot.

"Fool, fireball explode, even if you block it, the second fireball explode you will still get hurt."

Naga did not even look at the Root Ninja, she wave her hand and wipe enclosed the fireball using the curtain of Shadow.

Psst~

Steam and smoke come out form the shadow, there's no other reaction come out making everyone stop in place.

"What! How!"

"Stupid, do you think my Yin Release is simple as it looks."

Nara Enchu second later realize something, from the thing he saw, he knows that shado like curtains is not simple as it looks.

From his observation, the shadow is not just a simple shadow. He is not wrong that the shadow is Void. It means nothing. It's like cutting space and separating certain parts of the world into separate dimensions.

"This is not good, this girl Jutsu is stronger than my own Nara Shadow Release."

It's hard to accept but this is the truth, Naga's Yin Release is stronger than Nara Clan Yin Release by huge number.

Chapter 122 - Naga Capturing Technique

Seeing his Ninjutsu did not work, the Root Ninja did not stop in his track and start running around.

Thank goodness the area that the Four Violet Flames Formation is huge so they can run around to misdirected the enemies.

"Formation C!"

"Yes!" All the Root around reply and then start moving around.

Naga who left in the middle wave her hand creating a cloak made from shadow and cover his whole body.

"Yin Release: Cloak of Shadow."

Swish!

Swish!

Swish!

The movement of the Root Ninja is fast, it's hard to follow their movement but some of them can easily follow their movement.

"Now!"

The Root Ninja give the signal to them and then they all stop.

From different direction bunch of chain with iron ball on the end throw directly towards Naga.

Left to right

Up and down

Chain is throw to tie Naga and capture her alive, the Formation C is use to capture any enemies that need to capture alive.

With the Root expertise in capturing, the chain manage to entangled Naga's body, because she is small the chain bind her whole body leaving her small head outside.

"Capturing complete!"

"Stun her."

"Yes!"

"Lightning Release: Lightning Strike!"

They use A Class Ninjutsu to stun Naga, this move made Konoha Shinobi feel scared, they know A Class Ninjutsu is deadly and the way they capture her is rudely.

"Captain Naga, are we not going to move?" One Konoha Shinobi whisper, they know Uzumaki Clan is Konoha ally so doing this is bad for both party and the reputation of the village.

"Don't move, the Uzumaki Clan is not simple, if something really happen I will stop them fast."

Of course he only said that and not going to do.

The Four Violet Flames Formation is dangerous Formation that sealing everyone inside while the formation is also dangerous because if you hit it you can burn to crispy if your not strong enough.

But looking at the expression of Uzumaki Clan, he know this is not a easy one.

"Ah!"

Nara Enchu heard the screaming and look back towards the direction.

What he saw is bloody massacre, Naga who holding a dagger stab the Root Leader on all of his limbs.

Townleg, two feet, left and right shoulder, and in the right side of the stomach, there's also strange shadow like binding holding the mouth and the body of the Root Leader.

She then disappear and appear on the top of two Root that close by, with her small feet she step on their head then push them deep into the ground.

With one hand seal, she created two shadow clone and holds the two other Root while keeping their mouth open.

Lastly is she throws her dagger four times then disappear and transform into black light then appear after second.

Like a falling leaves while four more shadow clone grab the other four and capture them alive.

"Young Master, mission complete."

Chapter 123 - Removing Cursed Seal

Xin remove the formation and walk towards the enemies.

"Good work Naga."

Xin praise her work and pet her head making Naga smile gleeful, while Kushina on the other hand pouted while looking at her with envy.

"It's all thanks to Young Master."

He then look at the Root Ninja and ask the other Uzumaki Shinobi around to remove the poison in their teeth.

"Now tell me, who are you?"

Root Ninja did not answer, they only look at him with vengeful eyes.

Of course, Xin know this cold blooded Shinobi is train to not speak any information and never let any information come out.

But still, making the Konoha Shinobi feel nervous and afraid makes Xin feel happy.

"I can feel you are being held using Sealing Technique, let me remove it."

"Excuse me, Mater Xin, removing Sealing Technique is dangerous." Nara Enchu nervous said, he don't want them to know this Root Ninja.

"Don't worry, we Uzumaki is expert with Sealing Technique so this kind of cheep Jutsu is simple as snapping my finger."

Xin walk in front of the Root Ninja and grab his head.

"Yin Release: Cursed Unseal Technique."

From Xin's hand a dark chakra come out sipping from his finger coming from the head of the Root.

Of course the process is not smooth as it looks because the Root Ninja is howling in pain.

"What happen! What happen!" Nara nervous asked.

"It's nothing, this is my first time using this so some error is normal."

"What! First time! Isn't this Jutsu is not fully develop by Uzumaki Clan!"

"Of course not!" Kushina angry said.

"The new Technique is develop by Brother Xin, of course we need to conduct experiment to see if the Justu is working properly."

"Then why not do experiment somewhere?" Nara irritated asked.

Xin smile at him coldly and said." It's hard to find living target so I never use it, but who knows there's some good people willing to be my experience subject."

Nara and the Konoha Shinobi broke a sweat hearing this, they then realized now that this kid is not just a ordinary kid but a dangerous one.

Click!

"Oops! I got distracted and accidentally kill this dude."

Xin helpless look at the Root Ninja, he release the Ninja lifeless with open eyes with a face full of agony.

"Fire Release: Corpse Cremation!"

With one hand, Xin spit a ball of dark red flame into the body of Root Ninja, when the flame touch the corpse it instantly turn into ash.

Nara was shocked, who can a Fire Release produced such tyrannic fire, with his distance nea Xin, he can feel his skin instantly dry just from near the white fire.

His brain calculate fast, he can say that small flame can categories as S Rank Jutsu or eneven Forbidden Jutsu.

If the size is right, he can make half of Konoha reduce to ash.

He don't understand, how can Uzumaki so proficient using Fire Escape, better than Uchiha Clan who also skilled using same Release.

"Okay next one, go pull one here, let me see if I can remove the seal form them this time."

Chapter 124 - Soul Devouring Technique

"Arg!"

"Next."

"No! Help!"

"Next."

"Help us!"

"Next!"

"You demon! You will die horrible, Lord D-"

"Oh? The Cursed Seal trigger? How stupid, next."

"Young Master, this is the last one, the Leader of them."

Uzumaki Shinobi pull the last, the Lease of the Root, they pull him down and push him to kneel in front of Xin.

"Your the last? Don't worry, I'm more skilled now, you will not going to die."

*Spit

"Scum, do you think you can scare me by killing my people? Don't belittle me, I will not going to tell you anything!"

"Oh? That's great, I change my mind, I don't want your information now."

"Ha?" Root was confused.

"?" Nara also confused.

"What happen?" Konoha Shinobi also confused like other two.

"You don't hear what I said? I don't need your information, but your disrespectful and dirty deed makes me feel little bit angry at you."

Root Ninja feel relieved, it seems he escape from a certain death this time, this makes his ego become huge so he can't help but to taunt them.

"Kill me I'm not afraid of deaths!"

"Uzumaki scum go kill me! I will not going bat an eye on your technique!"

"Hurry kille!"

Xin clapped his hand and cheerfully said." You are great! I never see such request, don't worry Im not bad, I will grant you the most painful death."

"Yin Release: Soul Devouring Technique."

A black smoke start to come out from the skin of Root Ninja, at first they don't feel any different but as time goes by the expression of the Root Ninja become hideous.

"This technique will devour your Soul slowly, there's no cure or technique to solve this, while you are hit by this technique your sense will be increased by ten fold so you feel being chew by countless insects alive."

"Your soul will devour, I don't know the feeling but I'm sure it will hurt you for sure."

The expression of Root Ninja start to change, he look at Xin with pleading look, he regret to taunt this child.

Seeing him no reaction, he look at Nara Enchu and give him a signal, he want him to kill him to end his misery.

Of course Nara Enchu see his pleading look, he want to help him by ending his life but something dangerous is lock on him so he can't move.

When he look in front he was Kushina looking at him with dangerous eyes, he knows of he try to move he is done for sure.

The other Konoha Shinobi was stunned when they saw the scene, they want to stop Xin but Nara Enchu stop them.

Seeing this they can only look at Uzumaki with an angry face, they actually torture Konoha Shinobi in front of them?

It's fine if he end them fast to prevent them from suffering but this is different, he is torturing a Konoha Shinobi in front of them, Konoha Shinobi.

Chapter 125 - Xin Cheekiness

He actually killed Konoha Ninja in front of them!

Does this look down on them?!

Does Uzumaki Clan want to provoke war between two village!?

"You!" Nara Enchu calmed down and looked at them with cold look.

Uzumaki Shinobi raise their eyes and looked back at them, thinking that they would fight Konoha Shinobi next.

But Xin move first, he smile at them interrupting Nara Enchu and said." Don't be impulsive, Konoha is here to help us!"

"..." Nara Enchu

"...." Konoha Shinobi

"..." Uzumaki Shinobi

Konoha and Uzumaki Shinobi were taken back, as if they misheard something from him.

They can't believe it, either they heard it wrong, or Young Master Xin was crazy or something speak and they misheard it.

It should be the Konoha Anbu that they killed just now right?

But they are right, how can they forget the appearance of Konoha Anbu when they are not secret or hidden from everyone.

Konoha Shinobi come back on senses, when Uzumaki Xin said that they were here to help them, they immediately become angry.

He killed Konoha Anbu in front of them and said they were here to help?

Did he come just to mock them?

However, Uzumaki Xin ignored them all, he cheerfully said." Don't thank me, we are just helping you solve this Rebellious Ninja who come to kill civilians."

"Don't thank me, I'm just doing my work."

"If we did not caught up in time, the consequences would be disastrous!"

"..."

Konoha Shinobi was silent for a while, Uzumaki Clan is so cheeky!

Can't he see that this people are the Konoha Anbu of Konoha Village, how can they be wrong seeing them.

Do not make a joke, it's not funny.

But Nara Shinobi see different, looking at the civilians with horror in front of them, this is a huge problem.

"Yes! Yes!" Nara Enchu's face suddenly changed into a smile and said." This Ninja had need wanted by Konoha Village for a long time, I didn't expect you to catch them!"

"What a great help!"

Now is not the time to make a shame with Uzumaki Kingdom, the peace they want just come so they don't want to destroy it easily.

And this is the Root Ninja, Nara Enchu is from Pro Hokage Faction, it is better to not enter to this huge trouble, everyone need to ask the option of Third Hokage.

"Oh? So its still wanter criminal!?"

Xin look shocked, his expression look like he only know them right now, he fool every civilians but not the Shinobi around.

Xin look at Nara Enchu and smile." Then the bounty?"

"..."

Hearing his words, Nara Enchu's face suddenly stinks, when did Uzumaki become so cheeky?

If he is not wrong, they are innocent and kind, always the one who help them when Konoha is on trouble, he only realize today that they are also cheeky and schemers.

Chapter 126 - Uzumaki Protection

When everything finally end, something bad happen again, from behind someone come out form the ground and appear behind Xin.

"What's this?"

Xin's smiling face change, looking at the Shinobi who looks like a purple potato, Xin sense his plan in instant.

"Aburame Clan?"

"Secret Jutsu: Poisonous Dust Jutsu!"

A small poison sphere start to gather on the Unknown Shinobi hands giving dangerous aura making everyone shudder.

"Not good! Everyone run!" Nara Enchu shouted.

How can't he knows that technique, but what makes him angry and helpless is they use it in the middle of them.

With the range and area of effects of that Secret Jutsu, running faster is the most correct way of dodging it.

But what he don't know if everyone can escape, from the reaction of everyone, maybe he is the only one who can escape unharmed.

Wait! There's also the kid.

Nara Enchu look back while running and see Xin suddenly appear in front of them Aburame Shinobi.

With open palm, a black sphere come out from him.

"Yin Release: Black Hole!"

In instant, Xin feel his chakra bottoms up, the small dot that comes out form his palm need huge amount of Chakra to activate.

When the black sphere come out, everything around get absorb in instant, of course the Jutsu and the Aburame also included.

All of this only last for a second and then Xin take the Jutsu back, but even he only use it for just a single second, the consumption is huge making him broke in sweat and become pale.

"Young Master!" Naga appear beside him half seconds later and hol him before he fall down.

Kushina also come and place her palm behind him and start transferring Chakra to help Xin to recover.

While the other Uzumaki also start to move, pulling Yukihome and Nono near Xin then start using Jutsu.

"Eight Trigrams Sealing Style!"

"Four Symbol Seal!"

"Four Red Yang Formation!"

"Adamantine Sealing Chains: Spiral Formation!"

Just few seconds a huge ball of chain is made, looking to it you can see that they use so much chakra to create such thing.

What makes Nara Enchu helpless is how they well protected Uzumaki Xin from any harm, maybe they are second late from saving him but they are well guarded when it comes from protection.

Just looking at the multiple layer of Sealing Technique and Barrier Jutsu, maybe even two or three Shadow Level Shinobi can't break this turtle like she'll fast.

"Leader?"

"Ha~ trouble, go and clam down all refugees, heal everyone who is wounded and find me a courier, I want to report this to Third Hokage!"

"Yes!"

Nara Enchu is speechless now, it seems that Danzo has sent many people to die.

You know that kid is a Upper Shadow Level Shinobi, and he sent so many Shinobi to kill him, he even want to clean ll the refugees, did he don't know what kind of mess he trying to make?

And more importantly is he fail, not only he fail but he let those important Shinobi die here on a useless fight.

Chapter 127 - First Shadow Level Death

"Master Nara, what are we going to do now?" A Konoha Shinobi come forward and asked.

"They are Konoha Anbu!"

"Shut up!" Nara Enchu coldly said.

"Remember to pretend not to know them, they are wandering ninja!"

"Third Hokage order hasn't come down yet, we absolutely can't act rashly!"

Heo can such stupid person join his team, is he stupid or blind? Do you know what kind of trouble this Root did right now!

Killing Civilians, assassinating Uzumaki Clan Patriarch, and even trying to start a war, how can they can't see this all.

Especially this time, he don't know what kind of action the Village will do but this thing need to make lessen and not to make everything bigger.

As for Uzumaki Clan, he don't care Thai kind of problem is out of his own position, even him don't want to get involved.

"I only hope this is the end."

Boom!

Konoha Shinobi and Nara Enchu were surprised to hear the loud noice not far away from them.

Nara Enchu raised his eyelids and felt bad feeling right now, maybe they do tbha e to rush like this anymore, and maybe there's already someone makes the movie.

He secretly glance at the huge sealing Jutsu that still silent, what made him shock is the fierce battle right now.

What is going on with such big movement?

When he feel the chakra finally, Nara's face turn pale.

Isn't this a Shadow Level Shinobi?

That's right, the chakra coming from that direction comes from Shadow Level Shinobi, and there's two fighting there.

He wonder why they chose to send a Shadow Level Shinobi out of all people just to kill this Uzumaki.

Bang!

A small object drow down in the group not far from them, that object is a human who's body is full of bloody hole and already cold.

"So fast!"

The fight is so fast, the only start couple of minutes but it end fast, and not only that, there's a Shadow Level Shinobi drop dead form the fight.

And base from the appearance of the dead body, this one is not from Uzumaki Clan because of the black hair of him.

"How scary ~ he almost got me."

Nara Enchu feel that the sky turn dark, he then heard the lewd voice coming from behind.

'When?'

How can't he sense someone getting ear him, not even a wind change when the person behind appear.

"Hey Mister, can I ask where is the Uzumaki Shinobi right now?"

Nara Enchu finally turned around, he saw a talk man with his hand on his pocket.

Wearing yellow suit and jacket drop form behind, he also have black sunglasses hiding his eyes.

Looking at his red hair he can tell he is from Uzumaki, but what makes him scared is his current appearance.

He dont like someone come from fighting, he don't even have dust at all, and from the explosion of chakra just now, he knows the fight is hard.

But with his current appearance, Nara know this man is so strong that he can kill Shadow Level Shinobi without getting hurt.

'Uzumaki Clan, so scary!'

Chapter 128 - Undercurrent

"Yawn~ so who are you?"

Nara Enchu is alert looking at the unknown ninja who suddenly appear, if he wants to kill him, he can easily do that with his speed.

"Are you also Uzumaki Shinobi?"

"Ah? Yes, yes." Kizaru lazy wave his hand while looking at the giant multiple seal.

"I did not expect that Young Master will need to use all of his chakra just to help all of you here."

"?"

"Do you know, that Ninjutsu that the enemy is about to use can kill you, the Konoha Shinobi, all the Uzumaki Shinobi, and the thousand of civilian around here?"

"There's so many way to defend from that attract but my Young Master chose to save all fo your poor life."

"What I don't know is why the way you look on my Uzumaki people is like we want to try to kill you? Is killing your own savior is the way to express thank right now?"

"Well nevermind, even if you try to attack my Young Master, I can easily kill you all here." Kizaru lazy said then turn into light particles and disappear.

Nara Enchu finally saw how he appeared, he don't know if he is using Forbidden Jutsu or maybe Blood Limit but he is strong for sure.

Crack!

Crack!

Crack!

The seal finally broken, the Uzumaki people come out with Xin that is looks fine.

"Ah? Kizaru come out? Ha, I'm yo open just tnoe and I let my enemies come near me." Xin said while ignoring them he Konoha Shinobi.

"Let's continue."

Nara Enchu come closer and nervous asked." Why not go back to Konoha and take a rest, I'm pretty sure you are already tired Young Master Xin."

Xin lazy said wave his hand." Don't worry about me, I'm not fragile as you think, I'm only feel empty just now right because I use some unknown Jutsu that I never use but I'm fine now so don't worry."

"Hmph! Do you know hibk we Uzumaki are weak! Restoring a Shadow Level Shinobi Chakra is easy as one two three for us." Kushina arrogant said, even though her face is pale, and her breath is in even, she did not forget to be arrogant.

"But still, it seems that the Law and Order in your country is not very good."

Xin said after looking at the dead body of the Shadow Level Shinobi.

"...."

" ... "

....

Xin planned to go to Konoha in a few days, after the first batch of recruit sent to Uzumaki Kingdom.

It nothing happened by this time, that is the current plan but there something happen.

As whatever Danzo send someone over again, that's not a problem.

It was still depends on whether Third Hokage can let Danzo pay for the price for today accident, it is estimated that the death of Shadow Level Shinobi will inflict pain for both of them because training of a Shadow required huge amount of time, resources, effort, and planning.

As for whatever they send another batch, that's their own problem, keeping four to five Shadow Level Shinobi is still on Xin's calculation.

As for the bounty, well Xin is serious that time, he is not joking, his time is precious and there is need to someone to pay for the time he lost.

Of course, he is sure Hokage will pay for the corpse of Anna he Root, the corpse is useless but what inside of the brain is the most valuable.

Information is hard to buy using money, and information that comes from your own enemy is more precious than the information that a spy give.

Xin sure that when they meet, he will let them bleed hard.

Chapter 129 - Future Expectations and Doubts

While everyone is busy doing their work, Nara Enchu on the other hand is also busy to his own investigation.

He frowned and looked at some black burned mark on his fingers and muttered suspiciously." This is?"

Lava Release?

Lightning Release?

Acid Release?

Nara Enchu try to remember what kind of Blood Limit can produce object that left from the Shadow that die just now.

But even he have knowledge he can't pinpoint what kind of Blood Limit that tall man use to defeat the Shadow Class Shinobi.

And with the burnark left, he can be aude that man comes from Iwagakure or Kumogakure, just that two Great Village.

He is sure that man is not Uzumaki, maybe the red hair is artificial, but Blood Limit is the thing that can't create artificially.

But if his though is right, then this is a huge problem, Uzumaki Clan is being friendly to the other Village.

The only question is who is the hidden Village is hat Uzumaki Clan getting close.

"Master Nara, the collection is complete." A Konoha Shinobi said.

"Really? Have these debris been successfully recover?"

"Everything that can be recycled is recycled."

"Then retreat."

They need to go back now, they need to send the things they collected back to village and let the professional do the work.

....

"Another new Ninjutsu? What kind of Blood Limit is that light?"

Black Zetsu was surprised, he never expect to hear such report from White Zetsu.

"And another Shadow Like Blood Limit?"

Two Unknown Blood Limit that he don't know, this is interesting, he never see such weird Blood Limit on his life

But what is more weirder is the holder is from Uzumaki Clan.

Is this what the Uzumaki Clan can do?

That's impossible, he know what kind of strength Uzumaki Clan have, this is unscientific.

"Maybe I should meet that kid, maybe there will be surprises."

.....

As night is approaching, the number of civilians who have come to the relief point has gradually decreasing, there are it many recruits today, only more than three hundred of people who is skilled on different job.

It is estimated that the ship they use will be able to send them back to Uzumaki Kingdom tomorrow or so.

Tonight, they will going to rest on the bored of the Land of Fire.

After the Uzumaki tents and quilts were arranged, they separates the refugees according to their age and gender, of course, if they had a family, they would let them live together.

After giving them tools and food to sleep peacefully at night, the refugees left and back to their own station to take a rest.

Maybe because of what happen today, get people gathered in the tent and sat quietly.

The cold was slowly expelled under the burning coal that the Uzumaki give, the food made everyone full, while the temporary tent makes them feel safe and secure.

"Mom, won't we freeze to death or starved to death in the future?" A Sic years old girl raised her head and looked at her mother full of expectations

Seeing this, the mother strokes her little head and smile." I trust them, they save us so I think they are good people."

"..... I see..... They are good people."

A simple words left a huge change to a child, this happen not just here but to some other tent.

Chapter 130 - Peat, Coal Mine

"Master Nara, this is the thing they giving to the refugees."

"What's this?" Nara Enchu looked at the square black object that the Konoha Shinobi bring to check.

"Peat, that's the name of this, they said it's a artificial coal, there's no other information about the his but it works like coal and also more lasting than coal."

....

Peat

Coal forma when plants matter in wetland forests falls into the water and it quickly buried.

The organic materials begins as pear, becomes lignite, then subbituminous , bituminous and finally anthracite as it is buried deeper and become more centered in carbon.

...

Unexpected, the Uzumaki Kingdom would actually give them coal to warm their own tent, you know coal is one of the precious resources everyone need in winter season, and the amount of coal this time is small because everyone is trying to hold more.

Nara Enchu picked up a peace and looks carefully, frowning." This is precious, Uzumaki give this for free?"

"Yes Master Nara, they also send a huge sack for us to use.

Isn't it waste to give it to the refugees?

Nara think that log is enough for them to make their place warm.

And where this new thing scome from?

The shape is also particularly strange for a coal.

Did they dig this out of the ground and mine it?

"Do they have many of this?" Nara Enchu frowned.

Uzumaki Kingdom and Konoha Village know that they are just superficial friends now, and they even give them such precious resources.

You must know how important this kind of resources at this time, and now it's cold winter so the price of this 'coal' is higher than normal.

"Yes, even those refugees are allocated with sack of this." Konoha Shinobi nodded then added." And also, they told them that they can asked if they have not enough."

"..."

This is really incredible, they never expect that can get another batch of they need it.

You should know that Konoha, as the strongest of the Five Great Ninja Village, recruiting the refugees is nothing more than giving them a bowl of gruel.

There's is no meat on it, and you can only count the rice grain on it, while the soup in it is almost clear as water, not to mention giving them coal to prevent them from getting freeze to death.

"Could it be possible that a large natural coal mine was found in the Uzumaki Kingdom?"

Nara Enchu frowned and murmured." It seems that this matter need to be reported to Lord Hokage."

He take a piece of paper and start to write.

'A large natural coal mine that can be used by anyone is suspected found in Uzumaki Kingdom.'

"Lord Nara, do you want to send to this to?"

Konoha Shinobi pointed the sack of coal on his hand and asked, not to mention that the weather is really cold right now.

Their coal reserves are almost used up, if the Uzumaki send this, then it's better.

"Send some, and leave the other for us to us."

Maybe Third Hokage have idea what kind of coal is this.

"Yes!" Konoha Shinobi reply.

Nara helpless sight, he don't know what kind of stupid decision the Elder will do, Nara only hope that they are not inflicted from their decision.
