

Uzumaki 161

Chapter 161 - Misunderstanding

Fugaku Uchiha looked at the Fireball that the girl just destroy, he know how powerful his fireball is so he can't accept how she managed to catch it and endure the explosion.

And besides that, the Ying Release that the girl is using is unusual, he never find such Ying Release on any of the clan document.

As how he manage to know this is because the Uchiha Clan had encounter so many different king of Shinobi and different kind of Ninjutsu so he knows it in one glance.

Right now, the Ying Release that the girl is using is more powerful and more versatile than the Nara Ying Release: Shadow Release.

Could it be.....

This is a new Blood Limit of the Uzumaki Clan?

Otherwise with such young age, she can use it like using a simple Clone Jutsu while maintaining calm expression.

It just that he never heard of any Blood Limit from Uzumaki Clan.

Frowning, he glanced at Naga." What are you doing!"

"You stupid man, what so you mean what are you doing? You attack us first!"

"Then why do you pull weapon at me?"

"What weapon?"

Fugaku pointed Xin who still his hand inside of his pocket.

"See? If not weapon, then it's a invitation?"

He looked at them like a fool, who can such bizarre thing appear, maybe on dream will Uzumaki Clan come and send invitation.

"How did you know?" Uzumaki Xin said pulling the recruitment paper from his breast pocket.

"...." Fugaku

"...." Naga

"..." Kushina

"How did you know I'm pulling this?" Xin take it and casualty throw it to Fugaku, he then remember something and pull another paper with official Uzumaki Clan Seal on it.

"Give this last one to your father, I think I have enough fun looking at your clan, we will come back later." Xin said then look at Naga.

"Let's go."

"Yes!"

Naga slap the ground and use his Shadow Release.

"Shadow Release: Shadow Transfer Technique!"

The three of them sink in the ground leaving Fugaku alone while holding two pieces of paper on his hand.

"This?!"

"Space-Time Ninjutsu? But he is using Ying Release?"

Fugaku is still confused for what happening right now, looking at the place where the three kids left, he come and checked and see nothing.

"New Blood Limit, and Space-Time Ninjutsu.... Uzumaki Xin.."

He then look at the paper on his hand and take a look at it.

Few minutes later.

"What the hell is this writing?"

The corner of Fugaku's lips keep twitching, even his pokerface can't maintain, he couldn't understand at all.

How the heck Uzumaki Clan will go to them and recruit Uchiha Clan at all people.

....

Chapter 162 - Being Monitored

Back to Senju Clan

"Hey guys."

Uzumaki Xin patted one of the Uzumaki Shinobi on the shoulder and asked." Why stay here if you can go out and look around?"

There are only trees all around here and it's so quiet, well except for the Root and Anbu who are watching in distance.

"Konoha has nothing to look at." The Shinobi reply.

"Have you resolved all your affairs Young Master?"

"It's all solved." Uzumaki Xin nodded and said." We'll go back soon."

It's really uncomfortable to stay in Konoha, even if he doesn't take them seriously, they are still in the middle of the enemy territory.

And if you loiter around for too long, the Hokage will eventually start pestering them.

Uzumaki Shinobi glanced at the Anbu around and shook his head helplessly, he sighed and said." We are still being watched."

He did not even bother to speak silently making the Anbu around taken back.

Xin look at the Anbu who are hiding in the tree and helplessly said." You know, we Uzumaki Clan is good in sensing Chakra, so if you want to watch us just watch us openly, it's embarrassing to see you guys trying to hide but it's useless."

"..." Anbu

"..." Root

Even though Xin said this, no go out and confirm, they are still maintaining their job watching them.

"Do you want to drive them away Young Master?" Naga frowned and asked.

Feeling of being watched by other is indeed uncomfortable.

"Forget it, dont cause trouble." Uzumaki Xin shook his head." Anyway, will leave later."

"En!" Naga nodded and continue watching and guardian Xin besides him.

But still, when did the Uzumaki Clan come to Konoha and need to be monitored?

That's ridiculous!

Uzumaki Xin looked at Yukihome and Nono who exercising not far away, it seems they officially start their own training.

It should be that they need to refined chakra first but the training program that Xin made need to have strong body at first so they start this.

"The girls has been exercising here fo a long time." Kushina said whole looking at the two girls with smile on her face.

She can still remember when she start the same training five years ago, at first she don't want to so it because of the body pain after the intense training but with her persistent and Xin cheer she managed to complete the training with great hardship.

She know that the thing they doing right now is hard but it is the foundation of their own strength in the future.

The harder they train the better foundation they can prepared for the really training, this process will make the next training program more easier for them.

"It seems we have two more Shadow Level Shinobi in the future."

"Yes, one Ice Blood Limit, and one Excellent Medical Ninja."

"So Nono chose to become Medical Ninja?"

"She want too and she have qualification to become one "

"By the way Young Master, i found a interesting kid while walking just now." Kushina suddenly said.

"Where?"

"That way, he train alone and base on my observation he is a civilian and a genius too."

"Really? That's great, let's check the kid!"

....

Chapter 163 - Namikaze Minato

Uzumaki Xin looked at the child who was exercising not far away, it should be that he hasn't refined chakra, but has been exercising his physical strength.

But from what Xin see, this small kid has already Genin Level of chakra, it seems he also a student of the Konoha because he is using the Konoha Basic Physical Skill.

"This kid has been exercising here fo a long time." Kushina said while looking back at the kid with interesting smile on her face.

"I'm sure he will become a great Ninja in the future."

"But for some reason, I don't like his soft face that looks like a girl, he is more feminine than any girls I know."

Naga and Xin glance at Kushina at same time, heo can't they know the reason.

Being the first one who followed Xin, and being one of the sparing partner of Naga, they both know that Kushina is more like a boyish type than a girly one.

Kushina was a headstrong, impulsive, eccentric, and stubborn girl, she is not any typical girl you can see anywhere.

She is more like Uchiha Clan traits with Uzumaki Clan manners.

The surrounding trance have revealed thee child that has been training alone for a long time.

And the training is not just normal training that a normal kid could do, his training is intense and not for weak.

It's just this kid..... Blond?

Wait- blond hair?

Wouldn't it be so coincidental?

Uzumaki Xin heart is full of suspicious, does it mean that when meeting Sasuke 's parents in the morning, he will meet the father of the future God of Ninja?

"I'll take a look, you wait me here."

Uzumaki Xin said then jump directly behind the blond child.

"If you exercise like this you will fall unconscious, if you can't keep up with the nutrition your body need, it will cause hidden damage to your body."

"Who!"

Hearing a voice behind him, the blond boy turned his head and we that it was a child about his own age.

With a smile on his face like holy mother, he said." Hello!"

"..."

Uzumaki Xin looked at the blond kid in front of him speechless.

Now he can be sure to hat this beautiful sunny smile, needless to say must tbe the little golden sun of Konoha.

"Hello, my name is Uzumaki Xin."

"Hello." The blond child nodded a d said with a smile." I'm Namikaze Minato."

The father of Original Naruto, the teacher of the one eyed white wolf who killed his own wife in the next five to ten years.

Minato Namikaze, the future 'Yellow Flash of the Leaf, and the youngest and fastest to die Hokage in the world.

Shaking his head, he look at him and said." You can't exercise like this."

"You did all of this without using your own Chakra, plus the fatigue start to accure inside of your body, an eye food that cannot be supplement with nutrition, it will cause damage to your body."

It is estimated that even the Konoha Blue Beast has not yet refined Chakra and dare not to do some intense training like this.

"Haha!" Minato scratched his forehead with a smirk on his face." It's okay, I'm used to it."

Then his eyes fixed on Xin." You are strong."

He can feel it, just now suddenly appear behind him so easily, maybe stronger than his own teacher at school.

....

Chapter 164 - Future Hokage

"You are strong." Namikaze Minato seriously said.

Uzumaki Xin looked at him and nodded, without and hesitation he said." You are right, stronger than two Hokage combined."

"..."

This red hair kid is really bragging.

Minato smiled awkward and said." Impossible, Hokage is the strongest in the whole world and not single one can defeat Lord Hokage."

"And besides, in the future, I will also become him, a powerful Hokage!"

"En!" Uzumaki Xin nodded and said." I believe."

Then his son send to orphanage, become punching bag of the whole village, his family treasure is confiscated and lastly making his son live poorer than a beggar.

Finally, with so much hardship, the village who trying to hurt him become people who need his protection.

So much for Holy Mother of all Protagonist of a Shonin Manga.

Just, Xin don't know if Naruto still going to appear in this timeline.

"You believe it!"

Seeing someone believe it, Minato said happily. "Do you really believe it!"

"Believe that I can become Hokage?"

You must know that he is just one of thousands orphan in the village, everytime he utter his goal, he will only get the mocking and laugh of everyone around him, and this young kid in front of him...

The one who recognize his goal!

"Of course!"

"You will become perfect puppet!"

"Puppet?"

"No, I mean Hokage!"

He is the perfect Puppet, Third Hokage created in the future, a young man with sunny smile making everyone feel close to him, without any powerful background or clan, an orphan and at the same time a civilian.

Where can you find such perfect Hokage Puppet in this whole village.

"By the way, take this, it will help you to step further than all of your competitors in the future."

....

"Hokage-sama!" Anbu knelt down on one knee and said. "The Uzumaki Shinobi have already left."

"Eh!"

Sarutobi Haruzen took his pipe and smoke, he then said. "Did something strange happen?"

"No."

"But that Uzumaki Xin gave a child of scroll about Chakra Extraction."

"Child?" Sarutobi Haruzen frowned. "It's just Chakra Refining Scroll?"

"Yes, we check it."

Anbu then continued. "He is an orphan, he always goes to the mountain to train and exercise."

"A very preserving kid."

Sarutobi Haruzen frowned deeply, could it be that he gave it as a gift because of that his diligent?

Impossible!

There's something more here."Bring that kid here."

"Yes!"

....

Chapter 165 - Discovery

Uzumaki Xin took all of them back to the border of the Land of Fire, in the direction of Uzumaki Kingdom.

As for why he didn't stay any longer in Konoha? Well he got all the things he need so no need to stay and waste time their.

"Young Master, here is the report." Lucci suddenly appear behind them while walking.

"Tell me."

"Yes!"

"Out of hundred Uzumaki Shinobi send in the war, only fifty come back alive, twenty is wounded and can't become Ninja anymore."

"We found all of them not in the Konoha Hospital but on a secret base not far from Konoha, all of their have seal to prevent escaping."

"Is it Root?"

"Yes, the whole base is monitored by the Root, but don't worry Young Master, we clear everyone in the base."

"Out of fifty, twelve died from lost of blood, some of the organ is missing while some are missing limbs."

"There's also huge amount of corpse we found on that base, almost all of it is from our clan and from Senju."

"There's also some Orphan that they gather allover the place and amount of money left in the base."

Lucci pass the paper to Kushina and Naga.

"This! Are they insane? Using their own people to conduct fail experiment?"

Kushina can't help but to cry seeing the report, the amount of death is so huge that there's a huge morgue.

And a room full of different kind of organs from different clan, from Uzumaki, Uchiha, Senju, Hyuga, and many more.

"We also investigate the Sealing Class that is staying in the Konoha to teach them how to use barrier, but sadly, no one there, only member of Sarutobi left to that place."

"We heard that the people in the Sealing Class is send to the war by the order of Third Hokage." Lucci said.

"Wait a second! If I'm not wrong, those Sealing Class is only there to teach Konoha how to maintain barrier right? How can they send to war without us knowing?" Naga said.

"We don't know, but it seems they being harassed by some Civilians because they are not fighting in the war, so without any choice the send and never come back after the war."

"Everything left on our station is confiscated and being examine by the Anbu, and even now they still not finished."

Xin know that the Second Ninja World War is the start of Haruzen movement, he will destroy anything that Senju Clan have, and that is included the Uzumaki Clan.

"As Young Master order, we search all the clan inside of Konoha and found some of the missing scroll of the clan."

"From Sarutobi, Mitokado, Shimura, and Utatane, all of our Ninja Scroll is found to this four clan, and we also found some second copy of each Ninjutsu."

He then pull a huge scroll.

"And we found some important thing, we found a complete copy of 'Scroll of Seals' in Sarutobi Clan."

All of thei face turn weird, who can't they don't know how important is Scroll of Seal to a Village much more to Konoha.

A Scroll of Seal oe a scroll containing instructions about how to perform various dangerous Jutsu.

When certain types of Jutsu were deemed forbidden following the end of the Warring States Period, the First Hokage placed the information about these Jutsu within the Scroll of e.

The Scroll of Seal were subsequently stored at the Hokage Building, unavailable to be read by anyone but the Hokage.

But here is the problem, why the most important document is found inside of Sarutobi Clan?

It only show that Sarutobi Haruzen already think that the Konoha Village is his own.

....

Chapter 166 - Bad News finally come to Haruzen

"Hokage-sama!" From the window, a Anbu suddenly rush in, with pale face nervous looking at Sarutobi Hiruzen.

"What's the matter? Didn't I said to you that never rush anything? Always maintain calm?" Sarutobi Haruzen look at his elder son who breathing heavily while kneeling on one knee.

"It's not time to be calm Father!"

"Call me Hokage when we are outside!"

"This! Yes!"

After his son finally calm down, he finally asked. "Tell me, what makes you the Leader of Anbu so rush that you even use the window and not the door?"

"Hokage-sama, there's an incident in the clan!"

"What incident? Did the restless kid fight the Uchiha outside again?"

This is pretty normal, he can hear same report every two to three days, what is not normal is if he can't hear any report like this.

"No it's not?"

"What? Thai time they start to fight Hyuga Clan this time?"

Fighting Hyuga Clan is also notmi, but it's rare for them to hear any report because Hyuga Clan usually don't report this kind of incident.

"It's not a fight Hokage-sama!"

"Then what?"

"The Clan treasury is been robbed!"

Sarutobi Haruzen who leisurely smoking suddenly jump from usonsit, he look at his son who look calm reporting to him.

"Why are you so calm! The Clan is been robbed!"

"Didn't you said to stay calm?"

"This is different!" Sarutobi Haruzen angry shouted, he slap his son with his pipe in anger.

"Tell me! Who is it!"

"Clam down father, we know who did it!"

"Who! Who have guts to robbed the Sarutobi Clan?"

"It's the Uzumaki Clan!"

"Uzumaki Clan? Are you insane? How can be them? That's impossible!"

Sarutobi Haruzen actually denied it three times, he fully monitor every movement of Uzumaki Clan, from Senju to Uchiha, even when they see the kid in the mountain is being monitored so this is impossible.

"It's true! They left the Uzumaki Clan Emblem inside of the Clan Treasury!"

".... Do you have any lost of thing missing?"

Let see what kind of thing 'Uzumaki' take from the Treasury.

"That's make all of the Elder confused, the money is still complete, no gold or gem missing, the only thing is missing is the Uzumaki Ninjutsu and a copy of Book of Seal."

"Damn!"

Sarutobi Haruzen can't help but to slump in his chair, how can he don't understand what the Uzumaki Clan want to show.

And the most important is they see the second copy of Book of Seal inside of the Sarutobi Clan of all thing.

It's fine if they just take their own Ninjutsu, they have already people who Master it so it doesn't matter, but the problem is the Book of Seal.

This is also huge black for him, everyone know that the Book of Seal is being keep inside of the Hokage Building but to have second copy of Book of Seal I side of his clan show something.

If this news goes out, his reputation will going to get damage, and it will going to harder for him to hold all the big clan tighter because of this.

....

Chapter 167 - Danzo's Hidden Black Spot

When Sarutobi Haruzen is about to get up to check the Clan, the door suddenly slam open loudly making the father and son jump on shock.

"Sarutobi-"

Seeing the person who rudely open his door, Sarutobi Haruzen can't help but shouted angry.

"Danzo! Didn't I said to you not to open my door rudely! And you need to knock before you come in!"

"You-"

Danzo's face turn black hearing such childish words, he try to take deep breaths couple of times before calming his anger.

"I want to report!"

"Some of important material in the Root is missing!"

"My treasury is also empty!"

"Some of dangerous things is also missing!"

"We need to investigate this!"

"What dangerous thing you talking about so we have such thing?"

Sarutobi Haruzen look confused, he gave a list of dangerous things and he hold it on a secure place that no one know who how can Danzo said he missing some important things?

Danzo glare at Haruzen, then at his son giving him a hint.

"You go out first, and take everyone away, we will going to talk some important thing with Elder Danzo."

"Yes Hokage-sama!"

After the Anbu left, Sarutobi Haruzen sit down while frowning." Now tell me, what is the thing lost in your Room Base?"

"Couple of Uzumaki Clan Ninjutsu, and couple fo corpse-'

"Wait! What did you said?"

"I said that the collection of Uzumaki Clan Ninjutsu is missing and some corpse."

Sarutobi Haruzen look at Danzo with dangerous gaze, he coldly asked." Are you hiding something from me?"

"You! I'm doing. Thai for the village!"

Such generic answer as always.

"Danzo, so you know that the Sarutobi Clan is also being the robbed by Uzumaki before they leave, they did not take anything except the Uzumaki Clan Ninjutsu that we hiding."

Danzo face was stun, he then though something that makes his face turn pale.

"We need to catch them! Hurry call all the Anbu! We can still catch them all!"

Seeing his worries face, Sarutobi know the missing things from Root Base is not a simple matter.

"Tell me, for the last time, what is missing in Root Base?"

Danzo can feel it, he know Haruzen is angry, the Chakra that leaking form him is giving dangerous signal.

He know that he keep it on his self, something bad will happen to him, maybe not harsh punishment but something that will hinder his ultimate goal.

"..... Uzumaki People..."

"Are you insane! You keeping the Uzumaki Shinobi on your base!"

"So that's why no Uzumaki Shinobi come back after the war!"

"Wait a minute! Don't tell me you also keeping not o yl Uzumaki Shinobi but also some of the Clan too?"

Danzo take a deep breath and told him everything, and then the whole Hokage Building suddenly become cold like hell.

....

Chapter 168 - Danzo's Huge Problem

"Are you insane!"

"You take the survivor from the war and use them into experiment!"

"Not only Uzumaki but you actually touched every member of the clan in Konoha!"

"Do you have death wish Danzo!"

Haruzen angry pointed Danzo cursing the fool in doing something that will cause huge problem to the village.

Did he know that if such thing heard by everyone, no can escape, even being Hokage cant protect everyone of them.

Much more almost all the clan is being Target by them right now trying to hold the strength of the village.

"Tell me, except for the Uzumaki Shinobi, is there anyone who still alive in your base?"

"This-"

Aci, Danzo don't know, this job is left to the Root Ninja, he know that if they work this, everything is clean that's why he don't know how many of them left alive.

"Don't tell me you don't know? Do you know that if this thing push to top, I can only push you to become rebellious ninja?"

"But we still have time left, the Uzumaki Shinobi is still inside of the Land of Fire, we can still chase them!"

Sarutobi Haruzen take a deep breath, sitting down while looking outside, he take his pipe while in deep though.

"Stop dwindling! We have no time! The copy of Book of Seal is also missing from my inventory!"

Snap!

Slamming his pipe, Haruzen look at Danzo with dangerous gaze.

"I can't send Anbu to chase them, I cant promise to control the news so you need to do it your self."

"Make it clean, don't let anyone of them come back to Uzumaki Kingdom alive, and bring your strongest force."

"It you can't finish this, I will announce your defection so be prepared."

"Monkey you!"

He did not expect that this problem come to such point that he need to carry everything to him and defected.

You know Danzo's ultimate goal is to become Hokage, but how can that happen if he become defected ninja?

You know that the last thing a Shinobi don't want to so is become Rebellious Ninja, because they are people who can never hold any power to the village.

Hiring is so hard, no job can allocate to you if you are rebellious ninja except for toms dangerous task with huge percentage of death.

Rebellious Ninja is same status as Jinchuriki in the eyes of civilians, even being on your home need to be monitored but he is sure that Haruzen will never do that to him.

This is the last thing he don't want to happen.

"I will accept it, but you need to send help form your clan."

"I can't move them Danzo, they are Shinobi that the village don't need to see or hear."

"That's why I'm asking you them, they don't have any information, no resident, they can categories as Wandering Ninja so exposing them is fine."

Sarutobi look at Danzo, thinking deeply, the number of reserve Shinobi of Sarutobi a clan is huge, hiding them is not easy.

His original plan is to send them to borders to hide while keeping the border monitor.

But sending half to intercept the Uzumaki is also a good plan, with the number even that kid is Shadow Level Shinobi, he will drop dead from tiredness for sure.

"Good, I will send thousand, you need to move faster and make it clean."

"And also, I want the whole thousand Shinobi come back alive!"

"Yes!"

....

Chapter 169 - Reaction of all Clan

Meanwhile, when huge number of Shinobi left in Konoha, the clan suddenly alarm, they thought that a war is going to start but they only heard from that there special mission given by Hokage, it's a secret mission so no one know what is it.

But they know this is not a simple one, there's also a report come that Danzo and all the Root members monitoring the Konoha suddenly disappear following the small army that just left.

.....

Uchiha Clan

"Father that's all." Fugaku said with confused.

"Sarutobi will not send such huge force of they just want to clean all them bandit around the Land of Fire, I'm sure there's huge thing happening."

"You are right father, what confused me is where those thousand Shinobi come from?"

"I don't know,ayeb only the Hyuga Clan know where those Ninja come from."

"Hyuga.... "

Hyuga is one of the famous big clan in the Konoha, they also using Eye Technique like Uchiha but not like Uchiha, the advantage is clearly to everyone.

While Uchiha Eye Technique is knows as the most powerful technique, Hyuga on the other hand have powerful sensing technique, useless except for monitoring everything around huge areas.

.....

Hyuga Clan

"Father!"

"Father!"

"Hiashi, Hizashi you both here, what's the matter."

Hiashi and Hizashi look each other and report what the other members see today, this made the Patriarch Hyuga while the Patriarch turned silent.

"Did the monitor see them where they come?"

Both teon brother look each other and nodded.

"Thousand Shinobi Cole from Sarutobi Clan, they sue secret passage to hide from the eyes of everyone." Hiashi said.

"But father, I'm confused, if Lord Hokage's Clan have such huge amount of Shinobi, why they did not send them from the war, im sure we can win the other village easily."

The Hyuga Patriarch shake his head while staring blankly.

"Do you know that the Hokage is gathering his own power for almost ten years now, it's not secret that the Hokage is dealing all powerful Clan trying to prevent us to become stronger."

"But we are one village right?"

"Hizashi your mind is to shallow, First and Second Hokage is different than the Third Hokage, out current Hokage is power hunger, he want to hold everything inside of the village firmly."

"I will tell you a secret, don't tell anyone this."

"The Sarutobi Clan actually hiding almost five thousand Shinobi below their or clan, some is scattered around the village preventing us huge clan from discovering this."

"But it's useless, even if they use barrier, their barrier is not strong as the Uzumaki Clan barrier so it's useless in front of our Byakugan."

"Not only Sarutobi Clan, Mitokado, Shimura, and Utatane Clan have huge hidden Shinobi army on their own Clan."

"What! The Elder Group!? Why?"

"To secure their place, they will only show this when time is ripe, so don't worry about them, what we need to worry is when they going to sue Wich huge force and to whom."

The teon brother did not expect that the Konoha Village is deeper than they think, it's seems that going to elder group is a huge risk.

...

Senju Clan

"What are we going to o do? Are we going to help or not?" Senju Hen look at the Senju Patriach asking for opinion.

Chapter 170 - News

While on their way to the border of Land of Fire, Lucci suddenly appear beside Xin while bowing his head low.

"Young Master!"

"Did they start moving?"

"Yes, from the spy we left in Konoha, the Sarutobi Clan start to move, they sending thousand Shinobi just to chase us." Lucci said.

Xin smile and said." That's pretty normal, we got the copy of Book of Seal that is important to any village so sending troops is normal."

"Not only that, the Spy Owl also see a huge group of Root Ninja leaving their own base, and base from what we see, their target is us."

"So Danzo also make his move, it's not confusing as that stupid person is the one who carry all the black spot of the village."

"And besides, we found their hidden experiment base, and the people we save come from powerful Clan or big clan."

"They don't want anyone to find this thing by anyone, this will cause huge problem and lose of fame."

You know that Konoha is the flag carrier of "Peace and Justice" in this world, having such dark side will cause a huge backlash to them.

Much more they using their own Shinobi who fight for the Village in the war for inhuman experiment.

This will make the whole village fall into panic state while everyone will start to doubt the higher ups.

And this is not just speculation, this will going to happen base on Xin's though, at same time because of Higher Ups trying to squeeze the other clan to follow up them while trying to hold the power of the whole village will also add to the problem they facing.

"Don't bother, if they come, then we fight."

Lucci look at Xin and asked." Do you want me to call General Kizaru to solve them?"

"I'm sure with General Kizaru's strength and speed, no single one of them can escape."

"No need, I'm feeling edgy for couple of data already, I think the punitive force Konoha send come in the right time."

"I'm going to join too!" Kushina shouted while throwing punch in the air.

"Don't worry Young Master, they will never touch you." Naga said.

"It's a fight? Don't worry I can help even a little!" Yuki also voice her self.

"I'm going to heal you if you need, I just learn healing Jutsu yesterday." Nono.

"Don't worry Young Master, we will rbat all those Konoha Shinobi!"

All Uzumaki Shinobi are positive to the fight, they know that even they facing thousand Shinobi they still happy to fight them.

"No need to be enthusiastic, we are going to beat them and not kil th m, thousand Shinobi is perfect send to us as mining slave."

Right now the quarry area is lacking in man power, the thousand Shinobi is just come in the right time when Xin need more hand to help.

"Young Master, are we still going to recruit later?"

"Recruit? Of course we going to recruit, but we need to solve the chasing team before we start recruiting."

"And also, Lucci asked Kizaru to go back in the Uzumaki Kingdom and call for help, we need more people to escort the prisoners later."

"Yes!"

"Naga."

"Yes Young Master!"

"Make me a letter, tell them all what we know, and asked for the ransom of thousands Shinobi and send it to Hokage."

"Confirm Young Master!"

"Hehehe, let see how I bleed Konoha this time."
