

Uzumaki: I can comprehend anything

Chapter 21 - Hokage and Senju

Konoha Village

"Report Hokage-sama! The Senju Clan on the front line acted without authorization to help the Uzumaki Kingdom!"

Hearing the Ninja who daudbthei, Sarutobi Hiruzen waved his hand and motioned him to retreat, the. Turned his head to look at the current Patriarch of the Senju Clan.

"That bastard! Who dated to act arbitrary! Ignored the Hokage's order, really damn it!"

He respectfully bowed his waist at Sarutobi and said." I'm sorry,, now I'll go back and take them back to the clan, I will expell then from the family and take the other back to the Clan

"... Forget it." Sarutobi Hiruzen waved his hand helplessly.

"Forget it this time, remember to restraint your clansmen and don't let them ignore the order."

'Let you send someone to catch them? Maybe you send more than taking them back.' Sarutobi inward said.

It just so happens that there are not many people running to the Uzumaki Village, and it does not play a big role in the battle, and they only cause a little trouble for them so why not let them go?

Who dares to say that Konoha didn't send any support to them?

Konoha loves peace very much, and strives to safeguard the interest of his own allies.

Didn't you see that we sent Konoha's largest family, the Senju Clan just to help them?

Thinking this, Hiruzen can't help but to nodded, he is really smart, not only he finds a good solution to send this stupid people to death, anyway the plan is to wipe the Senju to strengthen his grasp to Konoha.

No need to let the old clan to stay, a power that can't be grasp need to be destroy or else he can't hold everything completely.

Staring at the Senju Clan Patriach's back, Sarutobi Hiruzen shook his head and murmur with a sight."... Senju Clan.... Ha~."

In front of the Hokage Building.

"How is it Patriarch? Did the Hokage willing to send support to th Uzumaki Clan?" One of the Senju Clan people asked when they see their leaber coming our of the building.

"Shut up!" The Senju Patriach shouted loudly.

"Go back I'll talk about it when we go back!"

"Yes!"

The Patriarch stared at the Hokage Building and inward said." Master Hashirama, Mater Tobirama, is your decision really correct?"

"The Konoha has...."

Has changed, he don't need to speak but deep inside he knows it, it's clear and they did not even bother to hide it.

The Konoha is not the Konoha that the previous Hokage founded, the Konoha because huge one clan army that current Hokage want to hold tightly.

So tight that those who slip in should destroy.

...

Back to Uzumaki Kingdom

"Yawn~ so boring." One of the Uzumaki Nija rubbed his nose while looking at the fight in distance.

"Hahaha, it is estimated that the other is very depressed neo." Fifth Elder laughed loud while watching the fight.

"They did not expect the war can be doguht like this."

There is no headquarters, no large troops, no need to guard the rear because they are being enclosed, the way to fight her is by strength and by intelligence.

Although I he lethality is not great, but the feeling of teasing their enemy feels comfortable.

Just imagine they are only sending bunch of Shadow Clone to fight the war whole treating to recover the missing chakra they use.

A

fight full of strength at same time, a fight without casualties.
