Chapter 22 - Arrival

"How many people have been sacrificed to our Uzumaki Ninja?" Xin asked.

It's been a week since the enemies landed in Uzumaki Kingdom, it's normal to have some casualty for this long fight.

"Don't worry Young Patriach, no dead is listed, but there some wounded who fail to escape fast, two Jonin, Five Chunin, and one Genin, their wound is not that heavy so the sacrifice is not big." One of the Captain detailed said.

Three is not much sacrifice there, this is simply a miracle, good or not, it deserves to be call genius of Uzumaki Clan.

Everyone understands, Xin drill soany positive idea on them, they need to be calm, cleaver, with at same time be shameless that even running makes you feel heroic.

Everyone around feel happy, they never encountered a fight that no one get killed, they can even accept if there's heavy wounded but there's not making them feel proud for them.

"Good, list the name of those who get wounded, try to heal them, at same time tell them, they will receive a heavy punishment after the war."

"What!" The Captain was shock hearing this, who can there a punishment when you sacrifice your self.

Everyone look at Xin asking why.

"Those idiot, I told them amny times that you need to run fast, even if you left your shoes on the way just run, they did not keep my words at all, the need to get punished."

Everyone look each other and feel absurd, they don't know why such punishment is need but when they heard Xin's said again they almost collapse in anger.

"Tell the front line, if someone get wound I will going to announce the most embarrassing sicut they have, this is not a drill, this sure, let see if they don't run faster this time."

"Didn't they know that it so embarrassed getting wound when you're only serious job is to run? How can we face the other village if they ehar this?"

Well, it's already embarrassing to run before you even see your enemies, they feel that there's no more face left for Uzumaki.

...

Konoha Reinforcement

"Leader, what should we do when we arrive at the Uzumaki Village?" A member of Senjuu asked.

"It is estimated that the situation in Uzumaki Kingdom must very bad right now."

Facing huge goirp of invader is hard, much more they are just small in group, bo one thought that Uzumaki Kingdom can even survive.

Senju Hen though for a while and said." If Uzumaki Clan is in distress, out first tast is to protect the Uzumaki Clan and obey the instructions of Uzumaki."

He is afraid of hearing two commanding voice in the battlei, so he remind them first to prevent trouble later

"But the Uzumaki Clan..."

Well, the Senju is lacking in term of commanding, they are used to follow all the command of the Second Hokage and remain Amar even now.

Senju Hen looked at the Uzumaki Kingdom that was getting closer and close, with doubt on his eyes.

At first, there should be huge noise and vibration, after all, the war start tong time ago, he also knows the Uzumaki Clan ability so it's impossible for them to get wipeout easily.

So why is it so quite now?

Could it be that they come too late and the other great Ninja Village shamelessly bring powerful Ninja just to invade the Uzumaki?

But that's impossible, there's no report of huge movement form other village.

He only hope there still be members of Uzumaki Clan survive, as long someone survive, then they still gave hope, if they all....

"Uzumaki Clan Inherits."

Senju Hen melancholy expression, wondering where the future if the Senju Clan is.

They are begging to feel chilled at Konoha, and as long as the late pillar of Senju passed away, maybe no one will be left in Senju that time

Chapter 23 - Konoha Late

"Young Master, there seems another group landed on the island."

"?"

"Who?"

"Konoha."

"..... Konoha?" The Elder look at each other and feel dumbfounded, they only arrived today? Isn't the war already on its first week?

They can still remember when they asked for help, at the same say, the Uzumaki Clan arrived and start to help them but now? He, help? Who need their help?

What are they doing here? Isn't it all friend? Didn't you come to support? Appearing here at this time, they can't figure out what accident happen when they report it long time ago before the war even start.

Did they think Uzumaki Clan are fools?

There was a sneer on each Uzumaki people's mouth. Konoha shouldn't trouble or even add to the enemies right, otherwise they wouldn't let them go easily.

Uzumaki family is not easy to bully, even if there is an agreement with the First Hokage, but if you shamelessly shoot up, don't even think getting away early.

"Konoha...." The old Patriarch frowned and murmured.

The situation of the clan is very good, any additional reinforcement is not needed, it's just dragging everyone to death. At this time, if no accident happen, it's almost sure win for them.

Konoha? Only idiot still believe them.

"Call back the other Elder, we need to see what kind of fake medicine Konoha selling this time." The Old Patriarch thought for a while and said, he absolutely does not allow Uzumaki Clan lose, if the Konoha want to help, then they will thank them, but if not, then don't blame them for being bad.

"Yes!"

....

"Leader?" Seeing Senju Hen suddenly stopped then, the members of the Senju Clan frowned and asked.

"What the matter?"

Isn't it time to look for the people of the Uzumaki Clan now that they arrive? The situation can't be delayed.

Senju Hen frowned, looked around and said in low voice." Someone!"

"Ha?"

Suddenly the clansmen of Senju pull their sword and get ready, everyone is alert looking around, could it be that the Uzumaki Clan was exterminated? Are they from the other great village? Or some members of Uzumaki Clan who escape? If they are from the enemies side, then they are in danger.

"Come out!" Senju Hen shout deeply." My friend, we have found you, come out!"

However, there was no response, and there was still silence around them.

Seeing that no one paid any attention to him, Senju Hen held the sword in his right hand tightly. Once the situation went wrong, he will immediately fight them, but didn't know what happened to the Uzumaki Clan?? Are they really late?

But the Uzumaki Clan who didn't know how to hide in the dark was talking to each other.

"What to do?" One of them asked.

"I don't know, someone has already asked Young Master." Another one member of Uzumaki said.

"Let's just stay here and watch them."

"I don't know what Konoha is sending people here at this late time." Uzumaki Ninja murmured in low voice.

"Under the leadership of Young Master, we can definitely win. Why are they showing up now?"

"Shut up, don't be sent..." However, it seemed that when the leader of the group was about to scold them, he suddenly felt someone slap him on the back behind him.

He quickly turned around and held the sword in his hand to earn him.

"Who?"

Chapter 24 - Senju Reinforcement

Seeing the visitor, the Old Patriarch, the team suddenly let go of their worries, and said respectfully." Lons Patriarch!"

"How's the situation?" The Clan Leader took the position, take out the binoculars that Xin give to him and stare at the Konoha Ninja who had landed ashore.

Konoha suddenly sent someone over the evening. What exactly is going on here?

"I dony know, but I'm sure they are all from Konoha." Uzumaki Hen said.

This making them look fool.

"There is a clan emblem?" Old Clan Leader frowned and scanned.

There were not many people here, only more than 20 people, but they don't know why they come here now?

"This Clan Emblem is a bit family?_"

"Clan Emblem?"

Hearing that there was a clan emblem, the Patriarch was also puzzled. Konoha has many Ninja Family with Clan Emblem. So having some carry it is normal.

"It seems to be the clan emblem of the Senju Clan." Uzumaki Hen suddenly said.

"Indeed." The Patriarch nodded with a serious face.

"Full of them are members of the Senju Clan, but what do they want to do when they show up here?"

"Go out and asked?" Uzumaki Hen thought for a while and asked, there are no other Konoha Ninja, all of them are from the Senju Clan, maybe it's not a bad thing.

...

When the Senju Leader about to make a move.

"Friend of Senju Clan, what are you doing here?"

A sound suddenly come in the silent air.

"This voice is.... " The Leader of the Senju can't help but to stoin track.

"The voice of the Uzumaki Patriach."

He was very familiar with him, it was also because he meet the Patriarch long time ago when they visit them.

It seems that the situation of the Uzumaki Clan is not as bad as they imagine, and there are people who come here to warn them

The people of the Senju feel relieved immediately, it's not enemies but the friend.

Looking at the Patriach of the Uzumaki Clan who appeared in front of them, the Senju Clan glance as t each other, and then the Leader of Senju asked." Patriarch Uzumaki, we are not malicious, we are just here to help."

Here to help?

The Patriarch was stunned for a while, didn't your boss let us fend for ourselves?

Why did someone come suddenly? It just that there are few people.

"Did Konoha send you, or did someone else send you?"

Uzumaki Patriach suddenly asked, this must be clear. Otherwise, he wonder what Konoha is going to make, and only left the Uzumaki Clan five up by Konoha, so they can see king of road they will going to take

In this trouble world, if there is no fate to each other, they would be dead long time ago.

Especially for that whit eye wolf Konoha, they can't blindly believe them, after all, they already stabbed in the back by other.

Looking at them, the Old Patriarch asked again." Did the Konoha send you or someone else?"

"Hehe~" The Leader of Senju shook his head with wry smile.

Although he wanter to restore Konoha's friendship with the Uzumaki Clan, but he can see the the other is worry about the Konoha.

He said." It is not Konoha who sent is here, but we Senju Clan come to help you guys as part of covenant."

Chapter 25 - Senju Hardship

If the twenty people from Senju Clan were support sent by Konoha Village, there's no way they can fend all the Ninja that is coming, at same time the Uzumaki Clan are not stupid or fool seeing them.

Hearing the leader of Senju said, Uzumaki Patriach frowned and thought about it.

As expected, it was not they are not the rescue sent by Konoha, but the Senju Clan who waw the one who choose to help and arrange to support the Uzumaki Kingdom by himself.

The situation is also very good, now Uzumaki Clan doesn't want to have any relationship with Konoha, in this way, there's no need to be hurt when they said they send support.

"Thank you very much for the help of the Senju Clan." Uzumaki Patriach walked out gratefully said. It is really not easy to be able to help at this time.

Sending a coal in the snow weather is better than giving a blanket on hot summer day, especially for Konoha, it not easy to send people when the head of the village don't want to send anyone.

Maybe this is also the reason why the Konoha today is pressing the Senju Clan hard, the Hokage don't want any disobedient on his hand.

What will happen if o those Ninja who disregard the order of the he Hokage? It is estimated that this time not only that Hawk of the Elder side whill move, but even the Hokage will be dissatisfied with them.

Although you're family has had First and Second Hokage, and even the Third Hokage are the apprentice of the he Second Hokage, you can't still be disobedient.

Hokage also need face, and giving out the face of Hokage is deadly.

You didn't listen to Hokage's order and move on your own. You violated the order on the front line.

What will the other people think? If everyone doesn't listen to order, do you still need a Hokage as the Leader?

If there is a another one like this, who emphasizes feelings and ignore task, he must be crushed to death before someone follow, otherwise people will choose to disregard his position.

Thinking of this, Uzumaki Patriach's heart suddenly become active, wondering if he could bring it he Senju Clan over. Anyway, if they return to Konoha, they will face the consequences of their disobedient.

It is better to stay in the Uzumaki Kingdom to shine and create a better place to live than waiting for their own death.

Uzumaki Kingdom is really lacking Ninja, they need new blood on their group, and it takes so many years to add new blood to the group.

Open road, move mountains, and planting tree are ready good.

It's just that they need to wait until the end of war. It's not the right time. After all, no one thinks that the Uzumaki Clan has survived from the hand of the other great Ninja Village.

The Uzumaki Kingdom is to weak and small in numbers, it is not even exaggerating to say that they are just one big family. That's why Senju is precious for them right now.

Secretly cast a look at the Senju people, he already think a solution.

He asked someone to arrange a proper place for Senju people to take test, take a break first, they come from far place, and then arrange a task for them tomorrow.

Moreover, seeing you he suppor of Senju Clan, Uzumaki Patriach suddenly thought of a good idea.

Maybe they can put the Konoha with it.

...

Seeing the sky already dark, the Leader of one of the team command, it's almost time now, it is estimated that the other Ninja have need asleep after long day of harassment.

If you want to sleep, I'm afraid that's impossible here, no one will sleep when Uzumaki Clan is guarding.

Let's come out and enjoy the fireworks together. If it weren't for the Young Master Xin's request that they can only use Detonating Talisman, he would have wanted to try to set fire of all them.

He hears that the new Fire Release that bring pass around the battlefield is pretty useful and fast to spread.

A few fire ball can burn a huge base after using.

Thinking this, the leader feel itchy, the blood of arsonist is kicking in making them hard to hold back when the enemies is just lying down waiting to roasted.

"Yes!"
