

Uzumaki 231

Chapter 231 - Special Kid

Uzumaki Xin noticed some movement in the playground next to him, he feel confused a moment in his heart.

He know that all the students is in their classroom, taking their theory lesson with their teach so how there's a movement in the playground in this hour?

"This kid."

The Old Patriarch seemed to see the doubts in Xin's eyes, he shook his head with wry smile.

"Because he doesn't have the talent to become a Shinobi, we suggested that he apply for the Science Major, but that kid refused."

"And so...."

Uzumaki Xin nodded, he understands something, same at the Blue Beast of Konoha who don't have any talent to become a Ninja.

But how cmome he can enter the academy when he refused the offer for him, if he remember correctly, people who have nothing to do with academy can't enter.

"Ryota, he begs me to let his child br a student companion." Old Patriarch said.

"Ryota?"

The name is quite familiar, isn't this one of the few Uzumaki Shinobi who followed him to Konoha to recruit refugees?

He heard that man is very talented.

Suddenly, Uzumaki Xin become more curious inside." Is it a relatives of Ryota?"

"No, it's a refugee kid he brought back last time." Old Patriarch said.

"It's an Orphan in the Orphanage but it seems Ryota care about the kid well being, it seems he like that kid."

"Well."

Uzumaki Xin touched his chin thinking, he was going to see which kid it was that could make Ryota ga e such good relationship.

Maybe he see something special about the kid that no one noticed.

....

*Yawn~

Uzumaki Ryota sneezed a few ti Ms and rubbed his nose while murmuring." Is there a cute girl thinking about me?"

Thinking this, a smile appeared at the corner of his mouth." If it's Yuzu..."

However....

*Snapped!

Uzumaki Ryota turned his head angrily, looking at the person who would bother him, knowing that he was thinking about the future of himself and Yuzu, and already come up with a great name of his children.

"This!"

Seeing the person behind him who looked at him lightly, Ryota suddenly withered and feel embarrassed.

"What do you thinking with such wretched smile?" Uzumaki Xinooked at Ryota with serious face and lightly said. "Train now!"

"Yes!"

Ryota hurried responded the quickly turned around to look at his team that he leading, he then shouted. "Everyone!"

Hr need to make this thing serious, if not he and the other will going to be punished.

It's hmnot painful punishment, but embarrassing one that he don't want to expirence after seeing it couple of times.

Ryota sighed, looking at the kid who running around with huge rock behind his back

He don't know why Ryuta like to be a Shinobi so much.

Chapter 232 - Miracle?

You know that Shinobi Job is very dangerous, everytime to take mission, you also giving your life in the hand of death.

He saw many who want to become one even without talent but only come back with cold corpse, he don't want to see this kid inside of a body bag before he even find his own family.

But seeing how he train hard for his dream, he can't find his voice to stop him.

Who is he stopping someone to fulfilling his own dream?

But what is the use of dream when you can't even use a simple Ninjutsu to protect yourself form any harm?

Isn't this same as going to die?

Without any talent to Ninjutsu, what is the use of training desperately?

What a troublesome kid, he come back with an injury everyday after the training.

You should know that recently because he was treated by the medical ninjas, his money has shrink a lot.

You know that going to the hospital need money, the hospital is only free when time of war or there's emergency.

Uzumaki Xin was stunned by the seven-year old kid in front of him.

He did not expect he performing such a heavy training, it was really perseverance, he suffered such severe injures and was still doing one handed pushups.

"I have persuade him."

The Old Patriarch helpless said." This kind of training may produce dark disease if he continues, but he still doesn't listen.,c

"....."

That's it.

Same as that Green Monster of Konoha, same as stubborn tempers, it is estimated that the one in front is same race as those hot blooded full of Konoha.

"After training, let him go to the hospital and take full checkup."

"As for the cost, let the school pay for it "

Since he have so much perseverance, then let sponcoihim.

Maybe another Blue Beast appear in the Uzumaki Kingdom.

Thinking if this, Uzumaki Xin smile helpless, it seemed that he wanted to talent and he get one, but not smart talent as the Uchiha but same at Might Guy.

But still this is fine, after all, Might Guy can almost kick Madara back to Pure Land of Bliss

"Okay."

Old Patriarch sighed and said." Ryota also start to complain, because it cost a lot of money to care this child's body, so he never arrange too much training for him."

"But this kid doesn't listen at all."

Although the time was a little helpless, the Old Patriarch still admired it in his heart.

You must know that even Uzumaki Clan with strong vitality rarely dared to train like this at this age

"..."

It turned out that someone is paying for the medical bill

Uzumaki Xin looked at the child who was still training again, with a smile on his face, he said." Maybe he can create miracle."

"Miracle?"

Old Patriarch smiled but said nothing, miracle are not easy to appear.

"Damn!" The kid scratched his head with a smirk and said." Hello, Vice President!"

Then turned his head and look at the child best to the Old Patriarch, he suddenly become excited." Young Master!"

Xin can see, another fanboy.

Chapter 233 - Xin's Golden Words

"Young Master!"

Seeing this expression, Uzumaki Xin nodded in satisfaction, it seemed that his prestige was quiet good.

He smile back and said." Hello."

"Young Master!"

The kid standup to his excitement, put in a serious expression and asked." How can I become a powerful ninja?"

"How can I become stronger?"

You know that Young Master Xin is the strongest person in the whole Uzumaki Kingdom, he must know any way.

"..."

Well, he become strong by using his head, he don't have any special training program or something that you can sue to become stronger.

What he is now is the fruit of his own knowledge, and what he expirience can't be replicate or used by anyone because it's made only for Xin.

"Be persevere!" Uzumaki Xin said.

"Hard work maybe don't show the result you want but it will give you the strength you need in the time you need it."

"You know, there's no such thing as strong in birth, even Uchiha Madara and Senju Hashirama train to become strong."

"Of course, talent is also one of the key, having talent will make your effort more fruitful."

"But this not mean that those who don't have talent but have effort gain nothing, sometimes talent don't mean anything if you don't have any effort.'

"So all of this is all about your own effort and preserve, what you gain in the end is the result of what you did in the past."

"Effort can't give you immediately strength, but effort never fail you for sure."

The kids eyes shine hearing Uzumaki Xin's golden words, even Ryuta and Old Patriarch can't help but to think deeply.

How many people who have talent but still weak?

How many people who don't have talent but give so much effort can defeat those talented in the end.

Talent is just you cheat code to the success, but this not mean you don't need to put effort in your training.

Because those who give everything is those who gisn something, this world is all about what you can persist and not on what you already have.

"So I can become a Ninja in the future?"

Looking at the shining eyes of the kid, Ryota and Old Patriarch already know the answer.

Xin never fail anyone, he always find a solution and never give negative answer.

"No way."

"..."

"You can't do this."

"....."

"Give up, you won't become a Ninja."

"..."

They feel that all the things Xin said haut now is useless, making the kids shining eyes turn blank.

"Kid listen up."

"Remember my words and plant it inside of your heart."

"If you even doubt yourself, then it is even more impossible to succeed."

"Those who have doubt on their goal is the people who will never success, so remember, the first rule to learn."

"Never doubt your self because you are the creator of your own future."

...

Chapter 234 - Night Intruders

Uzumaki Kingdom, Midnight

Somewhere in the Uzumaki Kingdom, a group of unknown Shinobi is gathering.

"Be careful."

A masked Kumo Shinobi, looking at the four companions around him and made a gesture." If you can't Dave it, just... "

"Kill!"

A cold voice without hint of emotion come from the mask.

After hearing this, everyone didn't show any reaction, and simply nodded because they are a special force

Assassination Troops, no matter whatever they are assassinating their own people or others, as long as they are ordered from above, they will strictly implement them.

"Then start!"

"Yes!"

Suddenly several figures disappeared into the night sky, and no one knew their target and what is their mission.

...

"Captain!"

A Uzumaki Shinobi said respectfully to the Captain. "There shouldn't be any problem tonight right?"

Captain Uzumaki patted the Uzumaki Shinobi on the shoulder and said. "We have been working hard recent."

"Young Master Xin said that in the past few days, some Shinobi Dog may jump over the wall and make trouble."

"Haha, everyone knows it." The Uzumaki Shinobi smiled awkward and helpless said in the end. "It just..."

"It's boring to work at night..."

"Hmm, it seems that your training intensity is not enough." Captain Uzumaki helplessly said to the young Shinobi.

"Then let you join the kids tomorrow, don't ever get late the leader of the training tomorrow is Captain Nags."

"...."

Uzumaki Shinobi suddenly become speechless, the vigil is really boring, this is the first time he participate in the vigil so it's normal.

But joining us hr training in the morning with Naga as the instructor? Isn't that asking for beating after complaining?

Everyone know that the training in the morning is ha sh, the instructor is a small girl but she is something that no one ever try to fight.

You know that Naga is the most fearsome instructor next to Lady Kushina and the CP0 dudes.

Going to the training with them is same as training for whole week without getting proper rest and get 100% abuse.

"Actually, it's quite interesting working at night so no need extra train, right Captain?"

"Haha."

Captain Uzumaki nodded with a smile, before ge was even become happy, he heard the captain said to another Shinobi beside him.

"Thsinkid will double his training tomorrow, wait! You need to triple!"

"Tell Instructor Naga that this kid like to do hard training without sleeping or eating so it's fine to train ha harsher."

"...."

"Yes!"

The short haired Uzumaki who next to him grinned and gleefully said." Make sure I will remember!"

"...."

Chapter 235 - Intruder Early in the Morning

The Uzumaki Shinobi want to slap his mouth for being so talkative, now he did not only get punished but also get the hardest one.

It seems that he really has to practice tomorrow, so he can only break the topic and say." By the way Captain, I heard that Uzumaki Kingdom will going to reform the Military Force?"

"Aren't we going to rebuild the Uzumaki Kingdom?"

Captain Uzumaki glanced at him faintly and said." Don't ask so much, you will know in the right time."

He also noticed the recent series of action, his Young Master Xin didn't seems to want to continue to rebuild the Uzumaki Kingdom.

It seems he also want to hold the Military Power in his hand, unified training, and gradually expand the Military Power.

This seems form some order form the above.

Of course, for him as small captain, this is good thing, you know that Uzumaki Kingdom don't have proper Military Power at all.

What they have is what th Uzumaki Kingdom can give, the military power is the people who is Shinobi and nothing else.

But if the while Military Power is gather to open person and with great plan, then it's better, having Military Power this days is must.

At smart time, this will also show some muscle to other who want to touch them, enough strength is enough to stop all those greedy bastard outside m

"Will there be no Shinobi since then?" Uzumaki Shinobi sighed and said." I thought Uzumaki Kingdom could become one of the Six Great Ninja Village."

"Close.." Captain Uzumaki glanced lightly, just as he was about to interrupt his complain.

*Beep!

A sharp and piercings sound suddenly come out.

"ENEMY ATTACK!"

All Uzumaki Shinobi was taken back and hurried shouted loudly, they then start to run and gather towards the place where the sound was made.

.....

Uzumaki Xin rubbed his eyes helplessly and stood up.

It was only a few days before someone attack him.

Why so impatient?

Uzumaki Xin looked at the dark sky, it is estimated that it is only three or four in the morning, what's going on at this time?

Do those stupid people think that Uzumaki Kingdom has no defense?

Although I always sleep late, this not mean he also wake up early.

"Let's solve the problem first."

This alarm is a sealing technique made by the Great Elder, he heard that it was thought up from his household registration and ID Card I.

Xin also improve this, by creating a special seal and form a small tattoo that can't detect by naked eyes.

This tattoo is the form of permit to enter and exit to the Uzumaki Kingdom, you can also remove this silently but only the caster can remove it and the caster must have Yin Release Level 4 and up.

The ID Card is a decoy, having ID Card doesn't mean you can enter, after all, one of the rules is you can't share and give the ID Card to anyone as passport to enter the Uzumaki Kingdom.

Now that the alarm turns on, the whole Uzumaki Kingdom is awake, hiding or escaping is not easy, much more the girls don't want to wake up early.

"Well the red and blue color is bad, maybe I should create a disco ball to change the alarm?"

Uzumaki Xin looks at the hurtful color shining everywhere and just realized that Red and Blue is not good in to the eyes.

"Young Master!" Naga suddenly comes out from Xin's shadow, you can tell that she is still sleeping when she wakes up, she is still wearing a black silk one piece.

"I'm fine, go back and change, it seems that our work will going to be early today."

Naga then realized that she wearing somehow revealing so she hurry dive down to change.

Chapter 236 - Punishment

The moment they stepped in, listening to the sudden loud sound coming from afar, and looking at the brilliant light shining around.

They knew that they were done!

But, they come here just to kill a few people, no need to wake up the whole Uzumaki Kingdom right?

Did they don't know that this people did not sleep for couple of days already just to finish the task.

"Captain."

An Anbu was silent got a while and said." We are trapped."

And they are trapped by a weird formation when they step in the Uzumaki Kingdom.

"Kill!" The Captain said faintly.

"Since we have been discovered, then go and finish the task! As long as the task is complete, out effort will not going to be wasted!"

"Yes!"

Just when they are about to do it.

"Don't think so much stupid."

They heard a voice inside of their head.

"Our Uzumaki Kingdom treats prisoners partiality."

Only five little nice, no accident happened, they were all captured by the Uzumaki Shinobi and even the Elite of Uzumaki Clan did not move, they were all got caught in the end.

Well, with the Shadow Clone Technique, getting besieged one by one is not option, Uzumaki Clan like to gank the enemies with number.

If there are no special circumstances, they will never let their own people go alone.

Just like in the anime, except that Naruto that can release a bunch of Shadows Clone, the Uzumaki Shinobi can also do this so fighting with number is the most proud tactics of Uzumaki.

You can tell the Shadow Clone is buggy, it's rarely use by everyone but the usefulness is something only Uzumaki Shinobi can experience.

"So how is the report?"

"Their chakra is sealed, the poison inside of their mouth is removed, not single Seal Cursed seen on them."

Captain Uzumaki respectfully said." And it has been discovered that they are Secret Group from Kumogakure."

"Oh?"

Uzumaki Xin was taken back for a moment, he know that Uzumaki Kingdom has good reputation with late Raikage so why they suddenly move like this.

Then he remember something, the Raikage that they chose is not the same Raikage who is smart, this one is muscle brain who only use fist to solve problem.

This Kumogakure Shinobi stole people from Konoha Village twice in a row and successfully took away the people without a problem.

So it's not shocking to know they will do the same as what they did in the Konoha Village in the original timeline.

"Then hear me, order first in the Moral Teacher of the school, they will take the prisoners and conduct two hours of ideological and moral education every night.,x

"Since they come to us at night, then it means they don't have any moral values."

"You know that Uzumaki is helpful party, we will help them to re-establish their three views."

"What three Young Master?"

"Moral Absolutism."

"Moral Universalism."

"Moral Relativism."

"In short, Truthfulness, Fairness, and Sincerity."

"Let's put the muscle brain of Kumogakure Shinobi to a test, let see if those gorilla can learn something from us human."

Chapter 237 - The Burden of Will

"Is it over?"

Danzo put down the book in his hand, listening to the disappeared voice, muttered." Which idiot Ninja Village is it?

He didn't expect them to be useless, it only took five minutes and it was over.

"That kid... "

"Did he take the shot?" Danzo narrowed his eyes.

What he felt was that Jud was definitely not a normal or ordinary Shadow Class Shinobi at all based on his feelings.

The momentum, even him a Shadow Class Shinobi felt scared that's why he did not flip the table.

"Perhaps the God of Ninja World will really appear again." Danzo muttered, and then picked up the book in his hand again.

"Social and Etiquette is still very useful."

After reading this book, he understands why he was so unpopular in Konoha Village.

It turned out to be because of his poor social skill and little time talking with anyone besides his three friends.

At the same time, his expression is really scary, if he can make a small kid laugh for a second, maybe that's a miracle but he knows that is impossible.

With the book, he understands now how important is social connection and proper etiquette, after all, Root way of doing is almost how Bandit level.

"It looks like i need to change my own prospective." Danzo murmured.

...

Danzo didn't wait too long before Konoha Shinobi come to redeem him and the other Root Members.

They didn't stay in Uzumaki Kingdom fot long after paying the money, they took Danzo away with his goons.

Anyway, Uzumaki people give the prisoners back unharmed and look healthy while Elder Danzo did not show any reaction so they left after paying.

As for Xin, he don't have any mood to tease Danzo and the Konoha Shinobi, and it is estimated that hat Konoha Shinobi don't have face to stay behind.

But listening to the Old Patriarch said that the leader of the group is a young man with hedgehog hair white hair and shirt knife behind.

He is also Strong as the report.

Uzumaki Xin immediately become interested.

If he guessed correctly, this may be the future White Fang, who was famous in the World War 2 and to the middle of Word War 3.

And also the father of future Fifth Hokage.

The storybof Konoha White Fan tell us.

Do not wrat the sleeves of the imperial robe if there is no backstage.

Anyway, Uzumaki Xin felt that Konoha White Fang don't deserve his loyalty to those people that he serving.

He clearly made a great achievement for the village but in the end everyone watch him sink slowly until he take his own life.

Driven to death by the village.

Even after death he could not find peace, and it's not released until he finally meet Kakashi again.

"It's pity." Uzumaki Xin sighed and shook his head.

If he can pull that powerful soldier on his team, Xin will gladly save that man, but the problem is that the poison called 'Will of Fire' is deeply rooted already so he will never change his idea.

This is also the reason why he take his life, the Will of Fire is huge burden for him that he chose to believe to the Village Will, and seeing his will getting crush into pieces, he chose to kill his own life to prevent being tainted by those who trying to break his heart.

Chapter 238 - Life in Uzumaki Kingdom

Kamizuru Clan Retail Store

"Patriarch!" A member of the Kamizuru Clan come over, looked at the Kamizuru Patriarch and respectfully said. "This is the income of the past few days."

"I heard that because the honey bee we sell are good for the body, more people are rushing to buy them."

"The supply native inadequate._

Kamizuru Patriarch took the file and looked at it casually.

Seeing the report, his heart can't help but to jump couple of times before calming down.

"The people in Uzumaki Kingdom are really rich."

"By the way, are all taxes paid?" Kamizuru Patriarch looked at the young man in front of him and said with serious face. "Tax Evasion is illegal."

"En!"

The Young Man nodded and said. "We already paid the taxes, I have come to inform today, from now on, we will pay taxes once a month."

"Then I need to go to the taxation department to pay taxes by myself."

"Just pay attention to these things." Kamizuru Patriarch said.

"Remember to restrain the people below, you must never do anything illegal or criminal."

"Everyone know it." The Young Man said.

"It's just that some tribesman went out to look for work after collecting honey."

"The Uzumaki Kingdom is quite lack of Earth Based Shinobi so the salaries of Ninja who can use Earth Release are quite high."

"..."

After Kamizuru Patriarch heard it, his heart also relaxed, it seems that everyone's heart has finally calmed down.

They are not so afraid at the beginning and they are slowly adapting to the new life, this is also become the Uzumaki Kingdom has already made clear mark out what they can do and what you can't do.

As long as you don't break the law, you can do whatever you want.

So after getting acquainted with the environment, they are no longer so restricted.

"Let's follow them." Kamizuru Patriarch shook his head.

"By the way, who about the kid?"

....

"Mom I'm back!" A child knocked on the door, walked in and shouted." Mom! Dad!"

"I heard it, wash your hands first." A gentle voice come out." We'll have dinner when your dad come back."

"Okay!" The child put down his thing and wakes to the bai.

After seeing this, the mother nodded with a smile.

Her heart was full of emotion, life in the Uzumaki Kingdom is really great.

In the sink, the faucet is turned in and the vegetable are being washed.

Looking at the surrounding, the woman can't help but to smile.

Because of the financial problem in the family, there are basically three or four households living in one house.

But because in Uzumaki Kingdom, the house is sturdy, warm, comfortable and spacious, they don't feel crowded, it is more comfortable than the place they used to live before.

And it's also very convenient.

At least there are a faucet and a toilet here, at the same time each home has their own two rooms and kitchen.

It's already complete, it's more complete than his own previous house that everything you work is outside.

Uzumaki Kingdom is really heaven for those who are unfortunate.

...

Chapter 239 - Life in Uzumaki Kingdom 2

"How is the life in the Academy?"

Kamizuru Patriarch looked at her daughter in front of him, although Uzumaki Xin said that the children will go to have a good time staying in the academy, as the Kamizuru Patriarch, he still cares about the opinion of others.

After all, the youngster of the Kamizuru is the treasure in the future.

"Very good." The little girl with brown hair nodded.

"I have met a lot of new friends at school."

From her tone, she looks genuine happy from what she experience in the school of Uzumaki Kingdom.

"Have you been bullied?" Kamizuru Patriarch frowned asking.

You know that bullying is normal to any school, back on his school days, bullying is not new for them.

To anyone who is new and different from them, being bully is not normal except you are stronger than the other kid.

If they can't blend in here, something may bad happen in the future so he need to know what is the condition of the children.

"Bully? Well yes, but my classmate help me." The little girl said, it seems that her experience is not bad at all.

"They bully me first because they know I'm not local, but in the end the Teacher punish all the bully while the other kids help me in the end."

"Father, I think Uzumaki people is good people, I can sense any malice from them." She is sensitive when it comes to emotion, this is one of her unique traits that she can avoid any kind of problem she about to face.

Kamizuru Patriarch can't help but to sighed, my daughter got bully, but not like other village, in Uzumaki Kingdom threes no discrimination, what's wrong is wrong, they see you as one of them that's why he like the life they have here.

Not like in the Iwagakure, every try to avoid them as if they are plague, trying to not close to them as if they are criminal.

Other clan start to distance form them as if they are outside, they even feel outsiders in Iwagakure than here in Uzumaki Kingdom.

"Father, can you give me money?" The little girl looked at her father longingly and asked " I will treat my friends tomorrow."

"En."

Kamizuru Patriarch nodded, and he said with serious face " When the time comes, you can ask your Uncle Feng later."

"Thank you, Father!" The little girl jumped happily omtonher room leaving her own father shaking his head.

Kamizuru Patriarch murmured." Maybe... "

"This kind of life is also good."

.....

Uzumaki Kingdom, Orphanage

"Mother."

Uzumaki Xin come directly with his Shadow Release.

Both of his father and mother seldom go home or say one as the head of Orphanage and the other is the head of Land and Resources Department.

It's all crazy to think that they even forgot that they had ten years old child back home waiting for them.

Recently, Uzumaki Xin cook his own food, of course there some people want to so this job but Xin stop them because bone of them can cook real food.

Like Kushina who don't have any talent in cooking or any type of household chores.

Hee finally understand now why Minato always cook at home and still go back to cook, if he left Kushina back home, maybe evening later there's nothing left at home.

That's why he chose to go to his mother, he want a good mother and child conversation, he can't cook all of his life like this, he also need to call his father to pass the leadership back to him.

He realizes that he never stop working for the clan, his strength stop after he become the Small Patriarch and this is not good for his development.

He need a change, a huge change.

Chapter 240 - Uzumaki Mei, the Over Attached Mom

"Come here!"

A red hair Uzumaki Mei come out, rubbing her baby face to Xin's face, this is normal for Xin as her mother is like a animal who like cuddling and rubbing her face to him.

"So comfortable, your face is so soft my baby, dis you eat well this days? Are you sleeping well? What about the work, are you not getting your self tired?*

"....."

Uzumaki Xin ignored her mother's ranting, he know that if he answer her this conversation will going to become longer and longer.

"Id the Orphanage very busy these days?"

"That's not true."

Uzumaki Mei blinked couple of times and said." It's just the begging of the school and there are somethingsbbyhst need to dealt with."

"If that's the case, why not go home?"

"Go home?"

Uzumaki Mei was surprised, she never expect of all people that she pestered in the past, her son is the one who want her to come back.

You know Xin don't like being touch or being make fun so he try to get away from her as long as possible.

But right now he is asking if she wants to go home?

Did my baby son finally know the value of her mother?

Is he finally willing to sleep with her while cuddling?

You know, after Xin finally start to speak and walk, he stop sleeping with her and ask for his own room.

But even she want to go play with her son, there still thing she need to do something.

"By the way, I forgot to tell you."

"Your dad bought a house the other day, and I have been with your dad these days."

"....."

Uzumaki Xin was speechless st once

You moved out because you dislike your son and disturbed your young couple on your honeymoon?

And you did not even inform him?

Of course only Xin think this, if he knows what her mother's thinking he will start running in fear.

"Are you not going back?" Uzumaki Xin asked helplessly.

"You have grown up and start to be independent.,c

Uzumaki Mei touched her son's cheek whole rubbing it softly." But if you sleep with your mother, I will ask your old man to take you back home.'

"..."

She finally said her intention, so she is looking at his body all the time, he know that her mother like cuddling him everytime she saw opportunity.

If course Xin never expect after he gets caught, he don't like hurting her mother's feelings, but if his father, he will decline him without second thought.

But still, Uzumaki Xin was taken back at his parents so big heart.

You let your own son, a ten years old kid to be alone at home?

According to the Uzumaki Lwe, he is only now in his fifth grade of elementary school.

Maybe because Xin turn silent, Uzumaki Mei think that he is sad so she can't help but to hig him and give him a few big wet kiss on his face.

"It's okay, I will go home later, don't worry, I will let that old man sleep along tonight."

"...."
