Chapter 241 - Magical Black Pot

"You have all cleaned up for me!"

Kushina with her hand touching her waist looked at the few children in front of her frowning and threatening.

"All cleaned up!"

"Spare me!" A kid complain, looking at the little red haired devil witch in front of him pleadingly asking for mercy..

"That purple thing is not for human consumption!"

"Yes! Yes!" The other kids also said same.

"You can't cook at all...."

"And is this smse rice as before?"

However even if they complain, the result is the same.

"I'm making noodles." Uzumaki Kushina pinch her little nose and looked at the pot of purple material in front of her.

"Stupid, can't you see it's not a rice?!"

"...."

They don't care what you make, whatever it's rice or noodles, you can't eat it anyway.

But these little ghost only dared to mourn in their heart and never complained, they know if they complain they will only get beaten black and blue.

"Don't talk nonsense!" Kushina said with her hand on her hips. "Hurry up and eat this!"

"And remember, I don't like wasting food!"

"..."

Are you going to kill us!

You know that last time, a unfortunate kid become victim of same food she cook, they thought that the colorful the food, the more food taste delicious.

Even right not that kid still at home sick after eating that poison Kushina made.

"I suddenly remember that my homework hadn't been finished yet." A kid stood up blankly then start to run leaving a words.

"I decided not to eat tonight, I will do my homework all night!"

Then run without looking back.

Seeing this scene, all the children suddenly stood up.

"I remember too... "

"My homework.... "

"And me too.... "

"....."

They are panic planning to leave but...

"Everyone!"

How could she see this scene and still don't understand what's going on, Uzumaki Kushina showed hideous eyes and seaweed like hair.

"Give me all.. " She is about to roar when suddenly someone speak.

"Brother Xin!"

Seeing the children come in suddenly, Uzumaki Kushina immediately grabbed the pot and blocked it with the Root cover, she lowered her head while looking down.

The other little ghost saw this scene and hurried left, just now they always felt like they were going to die, could it be an illusion?

When Uzumaki Xin saw the same black pot behind Kushina, he suddenly felt he stepped on something bad today.

He can't help but to turn around as if he saw nothing leaving the kids behind.

He is not a idiot, he experienced such thing for many times and also become victim, he knew that escaping and using the kid as scape goat is the best solution for this kind of trouble.

Chapter 242 - Danzo Finally Realize Something

Konoha Village

Looking at the still peaceful Village, Danzo's heart is full of emotion, he feels that all of his hard work is worthy for what he protecting.

(PS: He never accomplish anything else hat is useful to his Village.)

(PS: He don't realize even until he died that he is the pest that is killing your hr Konoha, he only know that everything he did is for Konoha.)

Heo long has it been since he feel home?

As Shinobi, he has been secretly guarding Konoha Village.

This much desire ignite his blood to make Konoha Village to be stronger but there is a huge problem.

Sarutobi Haruzen was too indecisive, thinking about giving in under any circumstances and didn't even dare to make any ruthless hand.

Every good thing is made by him ven thought the one who did is not even him.

On the dark side of Konoha, Danzo will do all the dark thing that need to hide away from the light of Village.

But even it's hard, he did not complain, well sometimes he fight Haruzen but he never compiaabout his job.

Brocus ehe know, all of this is for Konoha!

Just, the know inhis heart is to tight, he don't know when and how he will going to remove it

When they are under attack, he did not bravely stand up for his Master so he lost the most important position in the end

"Perhaps I am better Hokage than Sarutobi."

Looking at the village full of laughter, Danzo's heart also calm down.

With unspeakable emotion, he said " it seems that I haven't seen the village in this mood for long time."

When is it last time he see everyone smiling?

Is to when the Konoha Village is founded?

Is it when they win the First and Second World War?

It seems that when Sarutobi Haruzen begged himself to help him manage the village back then.

From that moment on, he slowly hid in the dark place of Konoha, worried that someone would harm the interest of the village.

*This!

Suddenly Danzo was distracted, he felt someone hit his body.

When he looked down he saw a little girl looking at him with a scared face.

Seeing this, Danzo suddenly remembered the book he read last time, sometimes, a smile can change something.

So he smiled and the little girl and kindly said." It's okay, are you hurt?"

"En!" The little girl nodded hurriedly and quickly said." I'm sorry Uncle."

The turned around and ran away.

Seeing this his even, Danzo can't help but to touched his face, he always heard how the villagers greet Haruzen.

'Old Hokage.'

Even if his people or even his disciple call him old man.

While that kid call him Uncle, it seems that he is also old but better than Old Monkey.

So this is the feeling someone is respecting you.

Danzo realize something, he understands now why Haruzen like to walk in the morning, so this is also for of socialize.

"It seems I need to wake up in the morning to take a walk."

Chapter 243 - Danzo Change

"Danzo is back?"

Senju Patriach frowned when he heard the information from the people below.

During this time, Danzo was not in the village they had a pretty good time, at least no one come to invite them to drink tea, and even Hokage didn't say anything.

He thought that the Hokage would boy hold them accountable anymore but this is just their own wishful thinking.

"Why did he come back?"

Senju Patriach murmured regretfully, why didn't that kid leave Danzo in the Uzumaki Kingdom directly?

Why not kill Danzo somewhere so they don't have any problem anymore, now that man is back, their Senju will going to have hard time again.

"What will happen next?"

Looking outside the house worried, if he could not leave Konoha, how could they leave?

"Maybe the situation will not be so bad."

....

"...."

Sarutobi Haruzen didn't know what to say, he look melancholy and muttered." Danzo.... Hr... He had changed... "

You know, he saw everything what happen just now in the entrance, he thought that Danzo will explode in spot but it's not.

After long time, Haruzen finally see Danzo laugh.

Sarutobi Haruzen couldn't believe his eyes.

He can't remember when Danzo show such smile, in his memory he never saw him laughing happily, even showing a kind smile.

It's been a few years now, Sarutobi Haruzen has never seen him smile it...

Danzo hasn't laughed since has become destined enemies with him.

But he change, this makes Haruzen worries, he is not use to see Danzo's smiling face.

He feel weird making his skin itchy.

From the picture see. In the crystal ball, Danzo, a guy with a stinky face all day would actually help a child.

Although he didn't help in the end, but it's indomitable that he really changed.

It seems that even his good friend doubt know him anymore.

He, what did he expirence in Uzumaki Kingdom that change him?

Now Sarutobi Haruzen is little worried in his heart, whether that change of his good friend is good or bad.

Konoha cant do without him.

Sarutobi Haruzen looked melancholy at Danzo who strolling around the village, and from time to time he showed a smoke on his face.

Even thought his smile is stiff and look force, but still it's undoubted he trying his best.

He is the Darkness of Konoha.

He is the Darkness of Konoha hiding in the shadow of the Konoha.

He don't know why, Sarutobi Haruzen suddenly felt a little flustered.

"Let Danzo come get quickly!" Sarutobi Haruzen took a puff of smoke and shouted." Hurry!"

There are still a long thing in the village that you need to deal with.

He don't have time to let Danzo do lazy thing, and he is not use to see Danzo is not busy.

Seeing this makes his skin itchy for some reason.

Chapter 244 - Technology and Science

"Oh."

Uzumaki Xin rubbed his head, now there are a lot of things in Uzumaki Kingdom that need to dealt with by himself.

Especially Kamizuru Clan, with their luxurious products, they brought a large number of businessman trk other countries to Uzumaki Kingdom.

They heard that if they enter the Uzumaki Kingdom, the rebby will be exempted of three years, the tax will be halved, and there are preferential policies.

Because of their, so many merchant plan to come and have a look, you know that any person like free things and discount, much more they are not consumer but merchant.

Although the Uzumaki Kingdom is only small country, the military strength is not strong, especially as a businessman, their information is always new.

The Five Great Ninja Village desire this piece of dat very much.

Therefore, in order not to lose their money, few merchant come back to settle in, moreover, the Uzumaki Kingdom is different before, but the situation is different now, whether it is exquisite colored Granite, or Kamizuru Clan slechal cultivate honey.

This things are always hot selling products outside, so they heard that there are huge discount for large scale purchase so they hurried over to inspect and buy.

Anyway, the Shinobi World is still peaceful lately, it's time for thoe how want to earn to earn more.

"So science and technology are the primary productive force."

Uzumaki Xin looked at the report submitted to him, and sighed." But Uzumaki Specialties are still too few, whether it is good or other products."

Good quality and low price are the best way to occupy the market today, after all, the market in Shinobi World is still quite huge.

But...

"What should I do this time?" Uzumaki Xin rubbed his head and thought in distress.

This time the Chakra Storage and the Chakra Battery that imhe is planning is still not done, he need to ask the Elder to set up a anti theft seal to prevent anyone to copying it

Once someone forcibly open it, the goods will be destroyed automatically.

"Food, clothing, housing, transportation." Uzumaki Xin's eyes suddenly lit up.

"Textile Technology should also be upgraded."

Nwo the cloth in the Shinobi World is basically woven by hand, needle by needle, if there can be a large number of weacing machine in Uzumaki Kingdom then.

When Uzumaki Xin was about to recreate some simple textile Technology someone suddenly come.

"Are you here?"

Looking at the figure floating on the ground.

Finally come, how long hasn't seen this.

....

"Did you find him?"

The one who arrived is Lucci, after a long time he finally come out again, it seems he is missing because he have mission.

"I found the target Young Master."

"That man is still a student that is about to graduate."

"I see, so did you invite him?"

"At first he declined the offer but after I told him what you said he gladly accept the offer and start to pack up."

"That's normal, after all, he is a Researcher, for him, Will of Fire is nothing, what he like is do so some research and nothing else."

"Good, bring him to me, I want to see that man."

"Yes!"

Chapter 245 - Tanuki Shigaraki

Konoha Village

"What happened to the Uchiha Clan?"

Danzo looked at the Root Ninja below and asked faintly.

"What's the matter with Mangekyo?"

"There is not special action." Root Ninja said respectfully. "But it seems that Chief Uchiha has restrained the tribe from going out."

Hearing the words from Root Shinobi, Danzo can't help but to frowned, now long after he come back, he went to yh Hokage Building look at his good friend.

Who know he only get a bad News, the village is begging to be restless again.

Because the Senju Clan ignores Hokage's order and acted without being punished, the reputation of Hokage was provoked.

Some families began to move around restless, of course this is just small matter, theres more important thing then that

From the news of Iwagakure, a man with Mangekyo Sharingan appeared in the Kamizuru Clan base

It seems that one of the Six Treasure Tools that had been hidden for thousand of years in Iwagakure were stolen.

But the problem is that the Iwagakure is not even build hundred years ago so why they talking like their village is already thousand years old.

"I don't know if that person is from Uchiha Clan or... "

Danzo touched his own eyes frowning, and thought." It seems that het I needr to go to the Uchiha Clan."

....

Uzumaki Kingdom

"So you are Tanukin Shigaraki."

"Yes, Young Master." Tanukin respectfully said.

You know, the young boy in front of him is the Patriarch and Daimyo of the Uzumaki Kingdom, even though the Uzumaki Kingdom is small, the noble title is still important.

"Did you read the letter?"

"I understand everything Young Master."

"Good, don't worry, I will never restraint your movement, you can go anywhere in the Uzumaki Kingdom, if you need to hire bodyguard I will help you."

"But same time, you need to complete some of my task within the given time."

"I understand Young Master."

"Good, I like talking to smart people, I will give you money for all the scientific research you want to do."

"But remember, you can use people to do experiment, you can use Monkey and rat if you need to do some experiment."

"Why Monkey, Young Master?"

"Because monkeys are anatomically, physiologically, and genetically so similar to human, they can be useful models for human experiment."

"I understand Young Master!"

"Your laboratory is ready, you can call people to help you if you need, you can get your first research fund of you want to start."

"And also, everything that you did here in Uzumaki Kingdom is confidential, if you ever want to go and never return, we will seal your memory to prevent any secret information to walk out." Xin said.

"Yes."

Tanuki know that they need to be strict when it comes to scientific research, after all, this kind of thing need huge amount of resources and time to finish.

No one want something bad happen and everything you did only get by other for free.

Chapter 246 - Danzo Visit Uchiha Clan

Konoha Village

Uchiha Clan

Danzo walked quietly towards the Uchiha Clan with his hand behind his back, he don't look like gloomy today as always.

However, the shadow movement from time to time in the dark shows that there are still ninjas following Danzo.

"Go and notify Chief Uchiha."

Danzo look blankly at them, looking at the clansmen who guarding the gate to Uchiha.

"Elder Danzo is taking a visit."

The two Uchiha tribes looked at Danzo with vigilance.

How can they don't know who is Danzo, everyone know who is he because everyone get information of the village

In recent days, some of their clansmen have been taken away for no reason, hearing the news from the Patriarch got from Lord Hokage.

It was the person named Danzo who took them away for inquiries.

Could it be this man with half of his face covered with bandages is that Danzo?

"Wait a minute!" One of the Uchiha Shinobi frowned at Danzo and said respectfully said. "I'll go in and ask the Patriarch for instructions."

He is not stupid, the person who can force Uchiha has not yet been punished by Lord Hokage.

The Danzo in front of them is definitely not an ordinary person so they need to be cautious and don't make trouble.

The high-level matters are left to the Patriarch.

"En!" Danzo frowned.

How do he feel that the Uchiha Clan guarding the gate is not so friendly to him?

You know how long he just come back and when he left Konoha, he didn't send to offend anyone from the other clan

Of course, except for Senju Clan so he don't know what happening right now.

If according to his previous temper, he would have arranged for people to arrest these people who were so rude at him.

But he know the right thing to do, he need to apply the knowledge he got from Uzumaki if he wants to become Hokage.

*Smile

Danzo smile at them and nodded." Okay."

He must change his bad image in Konoha.

....

Sarutobi Haruzen frowned and looked at the crystal ball.

When Danzo appeared at the door of the Uchiha Clan, there was news form Anbu, after all, the mysterious Uchiha is unknown to any of them.

In his heart, he was very worry about something harmful to Konoha Village, so the Uchiha Clan still arranged a lot of Anbu to observe.

But what's going on now?

Danzo.... Why he is smiling?

Even if it's stiff and laughable, he still trying to smile.

Sarutobi Haruzen felt like he had been pierced by a needle, this smile was too ugly and make anyone who see feel u comfortable.

But he can't stop him, looking at Danzo, he feel his friend is enjoying it.

Now he is really curious about what Danzo has experience in Uzumaki Kingdom?

Why is there some anxiety inside of his heart.

Chapter 247 - Hermit Clan, Kamikaze Clan

Uzumaki Kingdom

Uzumaki Xin looked at the people below with a surprise look on his face, he never expect that the people in CPO find this people after a long time.

They are the legendary Clan, Kamikaze.

A family that has the ability to communicate with the wind, and can control the intensity of the wind base of their own emotio.

And the stronger the emotion they show, the stronger the control fo the wind is.

They are like the Uchiha Clan but their ability is all about Wind and Controlling Wind to fight for them.

The only similarities is the emotion that need to strengthen their own ability.

"Honorable Lord, we are from Kamikaze Clan from the Far East side of the Snow County, I heard that you looking for royal retainer so we come to serve you."

"Can you tell me your name?"

"I'm Kamikaze Yasuo, a Sword Master, I'm a practitioner of Hiten Mitsurugi."

"I'm Kamikaze Akaliz, Master Assassin, one of the First of Shadows and member of the late Kinkou Order."

"Wait! Kinkou Order? Isn't that the famous assassin group that destroyed two years ago by unknown assailants?" Uzumaki Xin looked at the woman who said she was a member of that famous assassin group.

"Yes, I destroyed them." Akali coldly said.

He did not expect that famous group was destroyed by one woman, and from the Chakra coming from her she was just a Normal Jonin Level.

But Xin knew that Chakra was not the baseline of how strong a person is, this was already showed by the Might Family who only have Chunin Level Chakra.

He knew this Akali was stronger than Lucci and for sure a Shadow Class Shinobi or Assassin.

"Can you tell me why you choose to join my Kingdom?"

"If I'm not wrong, the Kamikaze Clan is a Hermit Clan, in the end of Warring States Period, you are the only clan who don't join any group or village and choose to become Hermit."

"Can you tell me the reason why you choose to join Uzumaki Kingdom?"

"I will be frank my Lord, the Kamikaze Clan is facing a dire situation, we are being hunt by two Royal Clan."

"Which Kingdom?"

"Land of Earth, Land of Lightning, and Land of Fire."

".... And what did you do to get so much anger from those three?"

"We killed some of their people, and this start in Warring States Period until two years ago."

"So your clan is actually National Wanted?"

Yasuo helpless nodded.

With the line of job they have, having enemy everywhere is actually normal, what is not normal is when Kamikaze Clan still alive today having such huge enemies.

"So you chose to accept our offer and ask to keep safe of your clan."

"Yes, Honorable Lord!"

"Good."

"Ha!" The two Kamikaze Clan people taken back.

They can't help but to look at Xin is he is joking at them but he look serious, what makes them both bewildered is how fast he decided.

"Are you sure my Lord?"

"Yes, don't worry, I will send someone to talk to the other Daimyo, I think we can resolve everything peacefully."

"... This..."

Chapter 248 - Getting Framup

Konoha Village

Uchiha Clan

"What are you doing here?" Chief Uchiha frowned while looking at the one eyed man sitting across of him.

"We Uchiha have done nothing bad receo, you should know that."

There was a hint if sarcasm coming from his mouth.

Recently, they caught so many Uchiha Shinobi and asked them some stupid question.

And now, suddenly appeared in front of Uchiha Clan as if nothing happen?

Did they think Uchiha Clan is pushover?

Uchiha Clan is open if founding fathers of the Konoha Village, and they are the strongest Clan in the whole world so how can they just think they are weak.

But what he don't know is that, Danzo also feel annoyed for the people that they arrested, the whole prison is full with Uchiha people.

He only know this after one of his right hand man said that the Anbu is sending people they caught to keep by them.

Basically, they are using the Root as prison guard while Danzo is away.

"Huh?"

Danzo had a dazed look, he only returned after being held by Uzumaki Clan so he don't know that he is being used by Sarutobi Haruzen again.

What even more confusing is how seems he know why he visit today.

What exactly is going on?

"What the hell don you want to say?"

You know he come over with good intentions, planning to ask the Uchiha Clan personally what is going on but they actually asking him back?

Isn't he as Konoha Elder, the second in command of the village don't need face?

"Hehe, what did Master Danzo ask me to say?" Chief Uchiha sneered.

"Coul it be that you have arrested almost half of Uchiha Clan and haven't releasing any of them for so many days?"

"Are my people are spy or death prisoner!"

"...."

Caught so many people?

Danzo felt surprised in his heart, why he didn't know this?

Didn't he just come back to Konoha?

When did he start arresting Uchiha people?

Could it be that the people below move without his authority?

In order to protect Konoha Village so they quietly move?

But that is impossible, he brainwashed all of them so they will prioritize his own order than their own feelings.

If there is no order coming from him, they will not be messed up at all.

Suddenly, Danzo seemed to have thought of something and nodded faintly said. "I have caught some insignificant people and how can I know anything?"

"So, now this old man is here to ask Uchiha Patriarch personally."

Able to act using his own bad reputation, Danzo knew who did this.

But for this pot, and for the sake of Konoha Village, he tried to tolerate it secretly.

He understands now why no one try to stop him coming here, so he already palm everything.

Chapter 249 - Mechanical Arms

"Yoma, does it look great here?"

A man about on his 40 old rubbed the headboa a kid who is about six to seven years old next to him and smile.

"It seems that you can make a lot of money today, and you will have money to heal your injury."

"In!" Yoma nodded with his eyes wide open, and then said with little frustration." Will it really he okay?"

He is been weak or sick for so long time, and because of physical reason, he can't exercise so he can't become stronger.

And the same time, because of his strange condition they need money to heal his body and this is huge waste for him.

He doesn't get better at all, and even him feel that his body is getting worse as days come.

And this days, he is sick again.

Yoma looked eagerly at the children running around playing in front of him with great joy, but sadly even if he wants, his body can't do it.

"It will be fine." The middle-aged man said holding Yoma's little hand

"I promise your father that I will take care of you."

"Uncle, do you think I will see my mom and dad soon?"

This words makes the man tremble, he try to look brave and look and the child." Don't think to much, that is still far from you, maybe I will go first before you."

"Okay, I'm going now before I get late toy work."

"Don't think deeply, you will eventually get better.,x

"En!" Yoma smiled when he heard this.

Suddenly a snow like thing start to fall from the sky

"It's snowing!"

What! It's winter here!"

"Stupid! Winter has passed not long ago."

"....."

....

Uzumaki Xin still quite curious about why the Third Elder was so anxious to let himself come to the research room suddenly.

He expecting that the Science and Technology should be any major progress base on their anxious face.

And it should be very important technology, otherwise the Elder would not let themselves come over.

"Third Elder!"

Uzumaki Xin walked into the research room and looked at the Third Elder who were surround a mechanic arms with excitement.

Now he even more curious what exactly is it.

Glancing at the nothing special mechanical arms, Xin think this is the latest scientific research results.

Just what on the earth did they do to this? It so ugly like made from scraps metals, it looks more like disabled arms then a perfect one.

"This is?"

"A perfect mechanical arms that can use as replacement for any missing arms, you can use chakra threads to move."

"This is good but... Why is the design is roughly made?"

"Thats why I call you, I want to ask if you can recreate the whole thing using your ability?"

"That's it? Let me."

Xin

grab the mechanic arms and use his Jutsu.

"Metal Bending Technique!"

Chapter 250 - Puppet Art

After couple of minutes the roughly looking arms turn into a piece of artwork, it become retro like arms that is well made.

"The Seal inside is very well made, but I think you need to add another Seal to prevent a second person using this."

"Why?"

"To prevent our research work flowing outside and sue by other people."

Third Elder nodded, if this latest research come out and copy by the other village, then it will be a huge lost for them.

"And here is a scroll."

Xin take a scroll and pass it to Elder.

"Mechanical Puppet Art Techniques?"

"It's a almost perfect version of Puppet Technique, but this is is easy to understand and easy to use, even Chunin Level Chakra work on this."

"Thai is great!"

If such sophisticated Ninjutsu is madez the kids in the school will gladly learn this, its another form of learning materials and same time opening another door for another profession.

"This is the design for Mechanical Skeleton, Mechanical Dog, Mechanical Cat, Mechanical Dinosaur, and Mechanic Bird."

"Ask Kushina and his team to create all of this using bones, stone, wood and some lgih materials."

"Why?"

"We will put it on our school so that the kids can use it as practice materials."

Having equipment for specific Technique will increase in the learning ability of everyone, being good is not better than being proficient.

"The Mechanical Skeleton is good for carrying things."

"Mechanical Dog is good in tracking things."

"Mechanical Cat, is for searching and spying."

"Mechanical Dinosaur is the best for fighting and defeating enemy."

"While the Mechanical Bird is a powerful sentry and lookout."

"Amazing! It's like a whole group consist of all Shinobi Class."

With this, everyone can become what they want to be, and the life is going more easy with the help of the Mechanical Puppet.

"Actually, the Mechanical Puppet is not only good for fighting, they are also useful for different kind of job like Mining, Planting, Clearing, Searching, and many more."

"Because the people in this world don't know the full potential of this simple technique, they only use it as what the original creator intension."

"Ninjutsu is not for fighting only, Ninjutsu can also raise a Kingdom without fighting if it use on different and most smart way."

Third nodded, he know this, he and the rothe can see the huge change in Uzumaki Kingdom because of this change.

In the past, they only think Ninjutsu as powerful and deadly weapon to kill your enemy, no one ever think using it to other purpose.

But with Xin, everything is change, right. Ow the Uzumaki Shinobi use Water Release to irrigate the whole Uzumaki Plantation.

Using Earth Release to create home and mien in mining area.

Use fire Release to create coal for winter and other use.

If they still think the same they will think that everything he did is useless and just play of a child but they are all open-minded people.

They can see the results and it's not bad so why not change the old way of thinking and follow what is best for them right?
