

Uzumaki: I can comprehend anything

Chapter 26 - Enemies that Fuming in Anger

"Brother, what do you think will happen to us?" A Ninja Wearing Cloud Forehead looked around boredly said.

"I don't know." The others reply staring at the sky." Maybe the war will end tomorrow? Well we don't know."

The night in Uzumaki Kingdom is nothing special, and they don't know how long this war last

"Hope so."

"As long as the battle of the Uzumaki Kingdom is over, the war is over."

"Now all the major Ninja Village are calling for peace, and the anti-war mentality is getting worse, so the fight coming end soon."

The Leader of the group don't know when this war end, this is the only type of war he don't want to join.

Not only they only face group of Shadow Clone, not only they never see the caster of Shadow Clone, they also get bomb by Detonate talisman every hour.

Not only that, when the time they will sleep, or take rest, a raid arrive in time to stop them to get proper rest.

This war is like punching a cotton with metal gloves and hitting the floor in the end, not only you get hurt your self, you also hurt your feelings.

"When is the next group who will going to vigil?"

"Ten more minutes Leader."

"I see-!"

"Clang!"

Suddenly ther was a loud noise, and a dazzling light appeared above the night sky.

"Damn Uzumaki! It's the Detonating Talisman again!"

Seeing the flame flying up the air, the leader loudly shouted.

"Enemy attack!"

The Anija who sleeping jump from their bed, all of them have red eyes, black mark on their face, a haggard and tired looks on each other.

But even they are tired, they push their self to stand up, lying will only makes you die faster so they need to move.

...

"It's you again! D. You Uzumaki Coward!" The Ninja of Hidden Cloud is about to go crazy, no one fights like Uzumaki Clan.

Throwing a few Detonating Talisman to wake up people up, and then escape away. Isn't the Detonating Talisman is free? They need money to buy it.

What they don't know is Uzumaki Clan also one of the producer of Detonating Talisman, so consuming it like drinking water is not a problem.

Don't we just wounded some of them, why so petty!

Or Uzumaki Clan is rich that they can throw such wasteful amount of resources as if they throwing dirty water.

And what kind of shameless tactics is that, throwing Detonating Talisman then run away without even looking if they hit the target or not

Can't you see the Group Leader's colorful face, they already see all color of rainbow from face changing Jutsu.

And it's rare to want to rest for a night and get a good night sleep, just when they about to fall asleep, they rudely awake by Uzumaki Fireworks.

Who will not angry such despicable ack.

Maybe even Hashirama who knows for his mild nature will become Shura like Madara if they experience such thing.

Suddenly, they felt whatever it was right thing to start war such poor and despicable county. Otherwise, who could they had such bad luck after setting foot on this territory.

Not only they have huge number of casualty, but th

ey never step more than hundred meters from their landing site.

Chapter 27 - Real Situation

"How?" The Leader of Hidden Cloud Village asked with cold face.

"Have you caught them?"

"Erm... No..." One of the Ninja helplessly answered, how can you fight a war with a bunch of shameless enemies.

"It's still the same as last time, running away after putting the Detonating Talisman."..

What the hell they want to do?

The Leader of Hidden Cloud was full of doubts, just throwing Detonating Talisman instead of sneaking attack, then running like crazy as if they were scared to know who did this shamelessness.

He couldn't guess it at all, they never encountered such a war, it is true that the Uzumaki is a bunch of shameless people who only know to use shameless things?

There are too many Detonating Talisman that they wanted, throwing away randomly.

Planning to set off a few more firecrackers to celebrate New Year?

But, the New Year is still half a year from now.

"Be alert, maybe they are just planning to attack us and just waiting for our guards to drop down, send more Ninja to patrol nearby."

The Leader thought for a while, but still couldn't think of anything, and could only continue with the arrangement made not long ago, otherwise there would be no way.

"Yes!

.....

Of course, the Uzumaki would not tell the real reason.

They really just wanted to harass them, and no other thought, they need to hold until those new batch of Ninja who enter the Time Room finally go out.

At the same time, they need to make sure to weaken the enemies as bad as possible to at least help those who will go to fight later even if it's only a small mean.

Of course, this tactics is also shameless and embarrassing but it's useful, and if it's useful, then why stop right? Just use it to hold and weaken them until the perfect time come.

Nothing will lose anything except some broken paper from Detonating Talisman.

Just don't let them give time to sleep or to take rest, always stress them out, lower their spirit and their guard, that's enough for them.

"Wait for a while, and then let someone release the Detonating Talisman again, run away as soon as they released those firecrackers."

"Yes!"

Glancing at the people below, he feel that the plan is 100% perfect, not single trouble at all, if times right they will start the last battle.

...

"Incredible!"

The Senju Clan Leader heard the he instructions of the current battle situation from the Old Patriarch, his face showed an unbelievable expression.

It seems that people don't need their own support at all, well with their number, they can only help other to escape by sacrificing their self for the Uzumaki.

Seeing his expression, the Old Patriarch can't help but to laughed loudly." We Uzumaki Clan was greatfuk to your support friend from Senju, to able to help us even in the worst situation."

"No it's not, we just come here and do nothing."

"No, you're appearance here show is what the Senju think about us and that's enough."

"By the way, my son want to see you."

"The Young Master?"

"That's right, he is waiting for you and your team two days ago."

"Two days ago? Wait! Two days ago when we left the Konoha?"

"You don't know?"

"....."

Chapter 28 - Art of Summon Jutsu: Book of Dead

Early Morning

The weather environment of the Uzumaki Clan is quite good, there is no haze, dark clouds, the morning breeze is cold and refreshing, while the sun gives warmth to everyone's morning.

In other words, the ecological environment of the whole Ninja World is almost perfect, after all, the Ninja World has an advantage that the Blue Planet does not have, Chakra, Pollution Free, and recyclable energy source, so the wildlife is rich, the natural resources are abundant, even some animals have wisdom, they refine Chakra and evolve into more powerful animals - Psychic Beasts.

Of course, there is still a small part, those who have a long tradition and possess secret techniques forcibly occupied the best area that is available.

Fresh air, no taxes, no labor, no war, and hidden to other humans, after a long period of time, they self-proclaim themselves as the Three Holy Land.

But there's also a different Summon that no one knows, well this Summon Jutsu is categorized as Forbidden and it's a Sealing Jutsu, a one-time use Jutsu with the death of the Summoner is also the payment of the contract.

Sealing Jutsu: Reaper Death Seal

The Sealing Jutsu: Reaper Death Seal is a Sealing Technique developed by the Uzumaki Clan to call upon the Shinigami from the Pure Land, well it's also categorized as Summon Jutsu because you will Summon something.

This is dangerous, the Jutsus consume the user's soul and eat it, at the same time as the target, so it's a one-time use Jutsu.

But Xin knows there's more powerful and more useful things that he can summon from the Pure Land.

"Art of Summoning Jutsu: Book of Dead!"

Xin bites his finger and puts a seal on his palm, he then slaps the table and boom, a smoke comes out.

He waves his hand pushing the smoke away and this time, a black book appears on the top of the table.

"So this is the Book of Dead."

He just wan to try to do experiment but who knows it works, using it Oni Mask as medium, he try to summon object form the Pure Land.

Who knows that the 'Book of Dead' really exist.

"Let me see."

It did not take to long before Xin discover the use of book of dead.

Well book of the dead is a book use by Judge, it was a magical item that can see everything that a dead person did all his life.

"Maybe I can use it when I visit the Konoha."

Xin can't help but to smirk, this tool will going to be useful to those Elder who want to destroy them.

And also, the consumption is huge, not only it consume huge amount of Chakra, it also consume huge amount of Spiritual Energy.

A Kage Level can hols the book for twenty second before getting brain to dead, but it not for Xin, his body is upgrade for unknown number of time.

Even him don't know how much chakra his body hold, after all he stop counting after get get enough.

As for Spirit, even if he get hit by hundred of Distinguished Heavenly God, one of the strongest Genjutsu that know, he still fine, that's how powerful he is when in comes to Spirit.

He even immune to any type of Genjutsu, so all Uchiha members who powerful using Illusion Technique is kid for him.

"Well, let's go back, it's time to see my distance family."

He want to see if he can pull the Senju Clan to his group, they are the best people he can find to be allies for his family.

As t smart time, the chance to awake the Wood Release on the side of Senju is also great help for them, not to fight but in terms of infrastructure.

A single Word Release can create a huge house after all.

Chapter 29 - Gift for Trust

Early in the morning, everyone move on the meeting place, of course the Senju also included with the team.

After hearing all the details and change of Uzumaki Clan, Senju Hen can't help but to surprise, everything actually change because of the amazing Young Master of the Uzumaki Clan.

At first they don't believe it, but as they explained little by little everything Xin did, they can't help to feel dreaming, how can a young child predicted everything what will happen in the future.

And also, all the prediction come true making all of what he said is truth and not just simple words.

So he decided to follow the Young Master, he want to see what kind of development he can do for them and also for the country.

So early in the morning, after eating and preparing for the war, they meet in the meeting place, and this is the first time they see the Legendary Young Patriach of the Uzumaki Clan.

Sitting in the middle of all Elder is a young child looking attentive at them, he looks so young and cute, he don't look like a small leader at all.

But when he see him eye to eye, everything change, those eyes full of knowledge and wisdom that a clear eyes of child can't hide at all.

Instant, Senju Hen seems understand what he greatness of the his young child, maybe, maybe he can also change the current position of the Senju Clan.

"Before we start, from Senju side, I want the people with Water and Earth Element to come forward."

They confused why but they still follow, there's three people including Senju Hen in the group, well Senju Hen is a rare three Type Element with the additional of Wind Element.

Kushina walk at them with a wooden tray holding on her and small vial on the top of it.

"Take each one of each color and drink it."

Without asking anything, Senju Hen and the two other take and drink it, and in instant the three of them fall done on the chair with the eyes close.

"What happen!?"

"Why did you poison them?!"

One of the Senju Medic Ninja the head of those hot-blooded idiot and said." They are being help idiot!"

"What?"

"Can't you feel the rich vitality coming from them?"

They all confused and look at the three, and they noticed, that the wooden chair is starting to create branch and leaves, below is the grass that is growing like crazy.

"This?!"

"Grass Release?"

"....." All of them look at the idiot who just said Grass Release.

"In joking okay?"

"It's Wood Release."

"What!? Wood Release! Isn't that the Blood limit of Lord Hashirama!?"

Everyone look at him again.

"What? Do you think I'm idiot who don't know anything?"

After beating the stupid Ninja, they start to watch closer the other three

"What do you think?"

"Rank 3 Water, Rank 4 Earth, Mid Level Wood Release, Semi-Shadow Level Ninja."

"All three of them?"

"Yes, but if they only control their new power perfectly, but right now, they all both Peak Elite Jonin at most."

Chapter 30 - Senju New Mission

When everyone finally wakeup, they was surprised from what they see, a Chakra that overflowing from their body, the amount of Vitality that almost uncontrollable, and the Wood Release that is unconsciously come out from the tip of their fingers.

Senju Hen look at Xin with feverish look in his eyes, he can see it, he can clearly see it, the future of his clan.

The past glory, he can clearly see it, all the hardship and sadness they experience for this whole time is finally have a solution.

It's not only him but also everyone from Senju look at Xin like looking to their own mother or father, their respect is almost same as they look at Hashirama and Tobirama.

They can see the new change is coming, something bigger than the last God on Ninja did, ending the Warring States Period.

And right now they are all the witness of the start of more prosperous and more grand era that is coming.

Without even thinking, all of them kneel down on one knee bowing their head towards Xin.

"We are Senju Clan Ninja, thank you for your help, please use us as you please, we will try to accomplish all the hardship for you."

Looking at the pledge of alliance they doing, Xin know that his way is useful.

Well, it's useful for everyone who is smart enough to see the value of what he is doing right now, maybe some will not but Senju is smart people, so his efforts did not go to waste.

"Thank you for your help."

"Please stand up."

"Yes!"

Everyone stand up straight while waiting for the order.

"I will go straight to the point, Uzumaki Clan don't need any help right now, as you all know, the Uzumaki Clan main force is enough to hold and push the enemies without breaking a sweat."

"But we need your help with different thing."

"Please tell us."

Senju Hen understand what the condition of the Uzumaki Clan so he did not persist to his idea, not only him and everyone know that adding to the perfect plan will make everything troublesome.

But still they want to help, anyone, or anything they can do to lessened the burden of the Uzumaki Clan.

"Third Elder please."

Third Elder who also awake the Wood Release look at them with dark smile on his face making the Senju feel nervous.

"My job is infrastructure, I'm using my Wood Release to create new home and bridge, I also the one who kaing the rode andther wooden building around."

"Creating House and bridge?"

"That's right, also including the plantation is on my hand."

"Farming and carpentry?"

"That's right, is there's a problem?"
