"Paper Shuriken!"

Bunch of paper come out from Xin's hand as if his shin is mad of paper then the paper transform into Shuriken.

Grabbing couple of Paper Shuriken, Xin throw it into the tree stabbing half the length of Paper Shuriken into trunk.

"Flying Detonate Talisman!"

From Xin's pocket, five Detonate Talisman float and fold into paper plane, he then launch it forward.

Grabbing bunch of paper Xin throw it upward and shouted.

"Heavenly Flower Rain!"

All the paper floating in the air fold to paper darts then launched to the tree piercing the tree like hornet.

"Paper Angel Wing!"

A white wing start to form behind Xin, and with one wave of the paper wing, Xin start to float up in the air.

"Torrent Pear Blossom Feather!"

Feather made from paper start to raond own from above, each paper feather is sharp and deadly.

You can see that the paper feather stab into the ground leaving a huge hole while the paper feather can't even see at all.

Opening his arms, the paper wing behind him cover Xin and start to scattered in the air.

"Dance of the Shikigami!"

Like white paper floating in the air like small petal then disappear.

Xin appear behind Kushina and Konan who amazed from what they see.

"How is it?"

"Amazing! Brother Xin teach me that Ninjutsu!" Konan's eyes is shining like a sun, she look at Xin with rush on her face.

"I don't know Paper Ninjutsu can use like this."

It's hard to accept but, Kushina think that Paper Ninjutsu Art is so beautiful and artistic than a normal Ninjutsu.

Not only you can create so many different Ninjutsu using Paper, but also create a beautiful background on the end of the fight.

"If you want to learn this Level, you need to at least have Chakra Level 2 and that is not hard because you already have Chakra Level 1."

"The hardest part is the Chakra Control Level 3, because to get to this level, you need to train harder in the future."

"Ah!? Chakra Control? That's hard." Kushina sadly said, she know how hard to train Chakra Control because she already train her own into Level 4 for almost eight years.

Of course, he is just Semi Level 4, at best she is only Level 3, and Chakra Control Level 4 is for Special Jonin and Shadow Class Level Sense Ninja who train hard everyday.

"I can do it!"

Uzumaki Xin petted her head and nodded.

"I know you can, if you have a question, just ask me or anyone around me, don't be shy."

"Yes!"

"Then for last, let me show you my Paper Shikigami Summoning Art."

Xin stamp the ground transforming the ground into paper.

"Shikigami Summoning Art: Yamato no Orochi!"

The paper around start to move, transforming into a huge twenty meters legendary eight headed serpent made from paper.

Chapter 292 - Witch of Uzumaki

"Enemy attack!"

"Fire Release: Fireball Technique!"

"Uzumaki Art: Adamantine Whip!"

Kushina hold the Adamantine Chain and lashes all the Hidden Sand Shinobi in front of her, making those who get hit broke couple of bones and drop in the ground.

"Not good! She is the Red Witch of Uzumaki!"

The Sand Shinobi can't help but to be scared, they know that this small girl is famous in this war for being mean and bully.

All of her opponent have dozen of broken bone or paralyzed because of her unique fighting Technique that using Adamantine Chain to various weapon.

Of course, this not made Kushina famous, what made her famous is when she destroy rice groups of Sand Shinobi within one day without getting hurt.

It said that when the Witch come, the enemies will leave with broken bone and paralyzed body and that's true.

"Slow her down!"

"Try to call for backup!"

"Earth Release: Muddy Swamp!"

The ground start to become wet and turn into swamp, but Kushina did not even stop and start to run into the mud as if she is running to flat land.

"She is good in Chakra Control!! Try to blind her vision!"

"Earth Release: Smoke Dust!"

"Earth Release: Dirt Smoke!"

The whole place start to hard to see, dust and dirt is flying everywhere making hard to see anything within five meters.

"Use your weapon!"

*Swish!

*Swish!

Countless of Kunai and Shuriken flying from every direction towards Kushina, this attack is impossible to escape and hard to dodge.

But now Kushina.

"Uzumaki Art: Adamantine Chain Shield: Sphere Shape!"

She then jump down and all the Adamantine Chain form a ball of armor around her.

*Ding!

*Ding!

All clanking sound can be heard, almost every metal weapon that launched hit the Adamantine Chain Armor but not single one piercing the defense.

"Good! Pin her down! Use Earth Release to sink her into the ground! You guys! Use Fire Escape and burn her alive!"

"Yes!"

"Earth Release: Groundhog Technique!"

Kushina's ball of armor sink into the ground.

"Earth Release: Earth Wall!"

Four wall made from earth appear around Kushina locking her in place.

"Fire Release: Great Fireball Technique!"

Five of other launched rice huge fireball to burn Kushina alive.

"Wing Release: Upward Cyclone Technique!"

And the huge tornado is making the fire larger and hotter.

"Hmph! Let see if you can escape from this!"

The Hidden Sand Shinobi arrogant said while watching Kushina burn alive.

Chapter 293 - Unlucky Sand Village

When they think everything is about to end, the ball of glowing chain start to shake, seeing this they thought she is going to come out from her tortoise shell.

"Get ready! Land a killing blow don't let her scape!" The Captain said while holding their weapon.

"Yes Captain!"

"..."

From inside, they heard a voice.

"Adamantine Chain Technique: Blooming Sun!"

Out of nowhere, the sphere shape chain explode making all the chain fly everywhere creating a huge flower made from glowing hot chain.

"Not good!"

The Captain dis nto expect that girl use such technique on them, it seems she is desperate now.

"Attack!"

"Earth Release: Earth Dragon Spear!"

"Wind Release: Wind Bomb!"

"Water Release: Water Cutter!"

Different kind of Ninjutsu is being used attacking Kushina, but they miscalculated something, Adamantine Chain is not just a simple Blood Limit.

Adamantine Chain is the hardest metal you can find in this world, and not only that, Adamantine Chain is also Chakra resistance so using Ninjutsu Chakra base attack is useless to her.

Bang!

The earth dragon smash into small pieces, the wind cutter slap on the other side, while the fire release is pierced in the middle.

And then, the disaster start, the Adamantine Chain that is glowing is a dangerous weapon, anyone who get hit never stand again.

Not only they get broken bone, they also get various degree of burn all over their body, after all, a glowing metal is something that you can't touch easily.

"Not good! Escape!"

Seeing that his group is slowly getting eliminate, the Captain choose to escape, but how can he escape from Kushina's hand.

"Uzumaki Art: Adamantine Chain Binding Technique!"

From four direction, the Hidden Sand Captain experience how Tail Beast is being sealed, being bind in a huge ball by chain.

"How-How can you be fine!?"

Seeing Kushina's appearance, the Sand Captain don't understand how she look fine from what they did.

He feel that Thai girl is faking everything trying to look tough to prevent seeing her weakness by other.

"Your plan is good, but you forgot a important information."

"What?"

"I'm a Blacksmith also, so hot metal is one of my expertise, for me, glowing metal is same as cold metal sontis meaningless." Kushina arrogant said making the Hidden Sand Shinobi vomit blood in anger.

How can't he know what kind of Job is Blacksmith, this is the job you required to deal molten metal all year around so how can she scared from this?

"Your are just lucky!"

"Luck is part of strength, that's my Brother told me!"

"...."

This answer made the Hidden Sand Shinobi speechless, she is right, Luck is also part of strength, this is one of important thing you need to have in thainkodn of encouragement.

"Let's go, you guys is going to follow me, your unlucky that you are just part of my daily quota."

....

Chapter 294 - Danzo Unbelievable Change

Konoha Village

"The Senju Clan has already rushed to the battlefield." Sarutobi Haruzen looked at his good friend in front of him, smoking his pipe and emotionally said." It is indeed the family of the first generation and teachers, they still love Konoha in their heart."

"En."

Danzo nodded, but sis with some worries in his heart." Except the whole Senju Clan, except for Tsunade and Mito-sama remained in the village and no one left."

He don't know why he always feels uneasy when he sees this scene, does the Senju Clan really plan to sacrifice the entire Senju Clan for Konoha Village?

This is too great.

"Shut up!"

Sarutobi Haruzen said with serious face." The Senju Clan are Konoha's Hero, we...."

*Sighed!

"Maybe we did something wrong before, this time, after the Senju Clan come back ,don't so anything to them anymore."

"They are also the family of teacher."

"Yes."

Danzo frowned, and finally let it go." I understand."

Maybe he think too much?

After all, the Senju Clan is a family of the First Generation Hokage and their Teacher, they will definitely not do anything that will them Konoha.

Suddenly, he felt guilty treating the Senju Clan like that before.

He feel that he did something wrong.

"By the way, how's Uchiha's arrangement?" Sarutobi Haruzen took a puff of smoke and faintly asked. "There shouldn't be any problem right?"

"It had been arranged." Danzo nodded.

"The Uchiha Clan also sent some ninja to join the battlefield, I will pay close attention to them."

"This time, I will not arrange too many people to leave the village."

"I don't worry about you don't things." Sarutobi Haruzen said with sight of relief, he smile and said. "I understand you for so many years."

"Yes." Danzo was lost in memory when eh that's what Sarutobi Haruzen said, he smile and said. "It has been so many years since we took over the village form teacher. For beginning, we walked on thin ice until now.... "

"Konoha is getting better and better under our management."

It's not a waste of being scapegoat that he have been carrying for so many years, all of his sacrifice is worthy.

"I think the Uchiha Clan is a bit paralyzed and speaks a little straightforward, but they are also part of the village."

"We don't have to treat them like that "

"?"

The pipe of Sarutobi Haruzen's hand fell in the table, looking at his good friend with a dazed expression.

When did he changed?

What sis he expirence in Uzumaki Kingdom?

Is he still Danzo the warmonger that he know?

When did he changed, as if he is not the Danzo that he know.

What is he planning to do?

Chapter 295 - Konoha Army Move

"Village Chief! Konoha is about to fight over!"

A Shinobi from small village ran into he office with a panic expression, shouting anxiously." Konoha's army is about to arrive!"

You know that Konoha is the leader of the Five Great Ninja Village, what can a unknown village like them to fight a storm village like Konoha?

"Shut up!" The Village Chief shouted sharply." We are the Hidden Mud Shinobi, what are we afraid of Konoha!"

But deep into, the Mud Village Chief is also flustered.

He just join the fun, asking Konoha to return the Sage Tools, why attack them first? There so many Village out there to destroy.

What about their dignity as the head of Five Great Ninja Village?

Are you worthy of the title Ninja Peace Ambassador?

If you don't want to do your job, then don't channel it like you're doing it for everyone.

He can leave the Hidden Mud Village and go to Konoha if they want to, after all, the village is built in the middle of a swamp, staying here is like staying in hell.

They actually sent an army to the Hidden Mud Village, what are they trying to do?

"Village Chief, what should we do?" Mud Shinobi saw that the Village Chief was not nervous, and he looked relaxed.

It seems that the Village Chief should have a way.

They are just Konoha Village, the Hidden Mud Village has.... Well, they don't have even Jonin Shinobi.

In addition to having better crab hunting technology, there is nothing more left in the village.

The population is just hundred or so, they don't have a Shinobi Group, the strongest at most is Chunin.

Only the crab hunting technology they have is better than Konoha Village.

"Konoha is coming soon." Mud Village Chief looked at the village cautiously.

"Or let's make peace, Konoha shouldn't be able to do it anymore."

Ninja World knows that Konoha Village is silly who long for peace, a good guy, the village of heroes who die for peace.

As long as they surrender earlier, the Konoha will withdraw their troops, and they can even get some benefits if they play their card well.

"Withdraw troops?" Mud Shinobi look at the Mud Village Chief weirdly, who can such good think can easy to say?

"We dont have troops, the people already escape, me and you and the other two who watching the gate left in this muddy village."

They want to surrender, but the problem is they join the fun without considering if they can actually join the fun?.

And think about it, the Konoha is getting beaten from all directions, they don't know if the Konoha longing for peace still long for oeateven now.

"Could it be that the village chief, you." Mud Shinobi looked at the Mud Village Chief with look of admiration.

It seems the thr Village Chief has some tricks to fight Konoha..

But the question is, what kind go weapon has the Hidden Mud Village have?

"Ahem!"

"Take everything valuable, escape while we can, the Konoha Village can't do anything here so we go back after they left."

"Yes!"

Without even thinking, the town of them grab their own clothes and left leaving the two unfortunate guard in front of the village.

They don't know if they can escape but that's their problem and not them, their own life is more important than their life.

Chapter 296 - Sakumo Hatake

Outside of Hidden Mud Village

"Has everything been cleaned up?"

A young man with white hair and short knife asked.

"Have you taken care of the rest of the corners?"

The task this time is very important.

When the Three Great Ninja Village and Hidden Rain Village declared war on Konoha, the other Ninja Village though that Konoha was going to end so quiet a few Ninja Village come out to declare war on Konoha.

Although he, Sakumo Hatake didn't know if the Village had robbed the Sage Tools, but as long as it is for Konoha's stability, he doesn't mind that his hand are covered with blood.

Therefore, this mission must not be missed.

Only when the Hidden Mud Village is destroyed will it beshick to other Ninja Village, so that they will not darr to jump around at will.

"It's all cleaned up, both Hyuga and Uchiha Clan have carefully inspected and found another Mud Shinobi." A Konoha Shinobi said with mocking face.

"It's true that the strength they have is nothing compared with other small village, they still act recklessly to us."

Hearing his companion words, Hatake Sakumo frowned and felt strange in his heart.

Base from report, the Hidden Mud Village strength is good, maybe the best of all small village.

Not only is the number of Upper Shinobi not many, even the Lower Shinobi are too few, he think they are hiding something form them.

After all, the threaten Konoha Village so they must have hidden force they can use.

What do they want to do?

Tired of life, planning to go to Blissful Land?

"Forget it, pay attention to cleaning the battlefield." Sakumo shook his head and said with serious face.

"We must rush to the battlefield of Hidden Rain Village after this."

The wat here is just a trivial matter, the Three Great Ninja Village and the Hidden Rain Village are the biggest problem in this war.

He just isn't know where is that bastard who have Mangekyo Sharingan.

Dumping dirty water to Konoha and left to hide.

Otherwise, why would they have fallen into the current situation.

"Fortunately, there is an ally of Uzumaki Kingdom." Sakumo sighed.

Back then, he complained that Uzumaki Clan actually seized the Konoha Shinobi.

Now it seems that the village should have don't too much.

Although the Uzumaki Kingdom had demanded Three Hundred Million, they think it's tomccij, this amount of money can help Konoha when there is danger.

The Great Ninja Village or the Small Village, most people don't know that Konoha will need to sell the legacy left by the First and Second Hokage just to pay the bill.

"Right now we.."

*Boom!

Before Sakumo could finish the order suddenly a violent explosion came from the forest not far away.

"Detonate Talisman!"

The Konoha Shinobi hurriedly defended, looking at the burning forest with exclaimed faces

"What the hell is going on"

"Go!" Sakumo said without thinking. "Let's take a look!"

They know that this place is still within the scope of Hidden Mud Village, why did an explosion suddenly happen?

Chapter 297 - Uchiha Appeared

"I do..."

The Head of Hidden Mud Village looked at the masked man in front of him and his heart already collapsed.

They were still discovered after hiding so tightly.

And what appeared in front of them was something that they don't want to face.

Mangekyo Sharingan, the perver demon of Uchiha Clan.

The Hidden Mud Village is already doom at start but this great God come to add for their own trouble.

The Village Chief only feels old tears coming from his eyes, suddenly feels regret in his heart.

It's okay to join in the fun but, why stupid enough to provoke Konoha Village of all things!

Okay, neo that the provocation has gone wrong, now that the other village start to take revenge, just, why they send this pervert person to deal to a low level Chunin like him?

"Hehe, it's actually a misunderstanding." The Village Chief looked T the Uchiha Shinobi with a flattering expression.

"We surrender! The Hidden Mud Village is surrendering! We surrender unconditionally to Konoha Village!"

"In fact, I'm ful of admiration for Konoha I'm my heart, I have Kong wanted to be a member of the peace ambassador of Ninja World!"

"Trust me, I'm serious and hope Konoha can give me a chance."

However, his clown face don't look pleasing.

"Heh!"

The Mask Man disdainfully." Why didn't you say that when you declared war on Konoha and do this when you are already caught?"

"...."

Damn it!

It's really Konoha Village sent to seek revenge!

The Village Chief was ashamed now, it seemed that Uchiha Shinobi would not let him go alive from this hidden hole.

Now he can k ly use his secret weapon, otherwise the Hidden Mud Village will really be destroyed and he will be the internal sinner of Hidden Mud Village.

And so, he use his secret weapon.....

"Don't kill me! I have a secret to tell you!" The Village Chief use his secret weapon.

Begging and try to look pitiful and low...."

"...."

Uchiha Shinobi looked at the e Mud Village Chief in front of him with a painful expression.

Even such persuasive person could become the Village Chief? Isn't this Hidden Mud Village have only insider to take lead?

"We Hidden Mud Village are studying a secret!"

Seeing Uchiha Shinobi's silence, the Village Chief said quickly.

"As long. As it succeeds, the Hidden Mud Village can become the Sixth Great Ninja Village.... "

*Ahem!

"Using it can make Konoha Village dominate the whole Shinobi World! Trust me!"

"I didn't lie..."

"Promise, it's 100% true....."

"Can you at least reply so I know your opinion?"

"Hello?"

....

Chapter 298 - A Uzumaki Shinobi

"Captain, what are we going to do now?" A Konoha Shinobi looked at Sakomo next to him in confused.

"Do you want to catch them or fight them?"

"Wait for a while." Sakomo said while watching the fight from far.

"Let's see what's going on first."

They don't know what really happened, a unknown ninja and a Uchiha Shinobi is fighting far, and from the strength they using they seem trying to kill each other.

Bow he doesn't know what the situation is, of her rush to get into Konoha trouble that's the thing he don't want to happen.

Although Mangekyo Sharingan seems to be a Konoha Shinobi as he heard, he still don't know the full story of this

He also feel something wrong here, but he don't know why.

"No!"

Of course, the Uchiha Shinobi people disagreed, they saw the Mangekyo Sharingan again after so many years so their hearts were excited.

If that person is really Uchiha clan, then it's time for the Uchiha Clan to rise again.

"He is member of my tribe, a Shinobi of Konoha Village, so we must help him!" One Uchiha Shinobi said excitedly.

"Konoha Village will never abandon any of their partners!"

....

"Hurry up! Hurry up!" One unknown Shinobi looked at the group of Scientific Researchers in form of him and shouted.

"It you want to survive, move faster or else you will all die here!"

When Uchiha Shinobi start using Fire Release to open the crack, he infiltrated inside of the hole to check.

after solving all of Hidden Mud Village Shinobi, he quickly take away the Scientific Researchers of the Hidden Mud Village.

As for loyalty and resentment? He know all of this people are crazy, they will do anything just to find something new and interesting

Anyway, Thai group of Scientific Researchers will be restricted form bringing them back to the Uzumaki Kingdom.

That's right, Uzumaki Kingdom, this is of the plan of Xin and he know that the small village like Mud Village is hiding group of Scientific Researchers.

This is the object of the operation today, to take them back safely and use them for Uzumaki Kingdom proposed.

But the Uzumaki Shinobi did not expect that happened next, the Scientific Researchers looked at the Village Chief who was lying on the floor and feel silent.

They are not moving or following the orders

Seeing this scene, Uzumaki Shinobi's eyes suddenly become dangerous,maybe this group of people want to live and die with the Hidden Mud Village.

If this is the case, this people really can't bring back to the Uzumaki Kingdom, or else if they figured out what happened here, maybe they will bring danger to Uzumaki Kingdom.

Anyway, the technical research materials are already in hand, and the Uzumaki Kingdom got every important thing here so the only thing left is the people.

"It seems that you all want to die?"

"In that case, let me do this silently and fast."

When Uzumaki Shinobi is about to move, one suddenly speak.

"I'll go with you!"

"I am not from Hidden Mud Village Shinobi, I am just captured by them "

"MN." Uzumaki Shinobi nodded in satisfaction and coldly said." Come here."

Then he started at the remaining people, if they don't choose he will choose for them.

....

Chapter 299 - Uchiha Clan Glimpse of Hope

"I also want to surrender!"

"And me, I was also captured by them!"

"And I!"

"...."

Seeing this scene, Uzumaki Shinob nodded in satisfaction, he then stared at some of the remaining people.

It seems these people are diehard loyalist of the Hidden Mud Village.

In this situation, they still remain silent, even to those who betrayed.

Some people even they to yell at each other, what village gave them, the food, the shelter, the people who try to protect them.

But Uzumaki Shinobi only see them as treat that need to solve.

...

"Fire Release!"

Uchiha Shinobi avoid the attack and started using handprint with both hands and shouted." Great Fireball Technique!"

Suddenly a huge fireball blasted towards the unknown ninja.

The Konoha who was watching this scene was shocked.

What a incredible chakra this is!

Especially the Uchiha Clan, the excitement almost made them passed out.

This Fire Release made from Mangekyo Sharingan user is definitely a member of Uchiha Clan.

Although the chakra is but huge and almost exaggerated, as long as it is from the Uchiha Clan so it's fine.

When they return to the Uchiha Clan, the family will surely flourished.

Maybe they can even get the position of Hokage at last.

"Hurry up, Dave him, he is member of our Uchiha Clan!" One of the Uchiha Shinobi shouted excitedly.

"We must save him!"

Sakamoto still on silence, seeing the amazing Fireball, he didn't know if he wanted to save the Uchiha Shinobi.

He don't know if he is safe to take back or just a huge bomb that is waiting to explode in the right time.

Not to mention this kind of battle, it is correct that they should not intervene easily.

Sakumo sighed inwardly, if the Hokage was here at this time maybe they can find solution.

Looking at the two men wearing mask who were fighting, they don't know the reason why they are fighting.

And that unknown Shinobi, who so he and with such strength, he is not unknown person for sure.

"Beware, don't get hit by them!"

Sakamoto said warning everyone, but he noticed something, the Great Fireball Technique hit that place of all thing.

"Damn it!"

He saw the huge flame directly immersed the Hidden Mud Village and the entire place in fire

You can heard some people asking for help, and even people who trying to run to escape but only burn to coal by the heat

Couple second later, the sound coming inside of village disappear.

"What the hell does this Uchiha Shinobi want to do!"

Sakamo can't help but to be angry, although the mission is to destroy the Hidden Mud Village, but the one who did it is the Unknown Uchiha.

Chapter 300 - Konoha Village Bitterness

"Elder, those people are Scientific Researchers in the Hidden Mud Village." Uzumaki Shinobi pointed to the dozen or so Scientific Researchers who were panicking next to him.

"You can arrange them."

"And this is the Scientific Research Materials of the Hidden Mud Village."

Taking out from Empty Scroll is a bunch of items they collected from the Mud Village.

"Don't worry, I will pay attention." The Elder smiled and nodded, he knew that this command came from the kid.

He also needs to watch them carefully, after all, they are from enemy village, and. It they can't rest assured to let them wander freely in the Uzumaki Kingdom.

"Then please, take your time Elder."

The Uzumaki Shinobi left after leaving this matter to them, he still needs to finish some important mission that his young Master gave to him.

....

Not good!

Sakumo's heart almost collapsed now.

Why did Konoha arrange to destroy the other small village directly?

Isn't it just to frighten other Shinobi Village so that they dare not to love lightly.

Then, let Lord Hokage stand up and declare that the Mangekyo Sharingan owner is not from Konoha Village, Konoha Village did not snatch the Sage Tools to declare Konoha Village desire to get to warm

They firmly oppose any kind of trouble, even though Konoha doesn't want any kind of trouble, this doesn't mean they fear war, as long as others can bear the consequences of war

But now, everything is over

The two masked men kept running toward Konoha, and the destruction of the small village will not only be known by those small villages but everyone in the world

It is estimated that Konoha Village would make headlines again the next day, and this is a huge trouble for them.

How can they deny the person who created the huge mess and started the war is a member of Konoha Village?

They don't care if the two masked men are deliberately doing this, as long as it is beneficial to them, they don't care about others.

It is estimated that Hidden Cloud Village and Hidden Rock Village are now having fun.

It was originally the righteous party, and can control the public opinion, but now it's different.

.

They will surely condemn Konoha to releasing Mangekyo Sharingan, and asked for compensation cutting a huge land for compensation.

Sakumo even suspected that hat these two were acting.

Otherwise, why is there always feeling of being pitteoin his heart.

"Damn it!"

Sakumo said with ugly expression." Get up and stop them!"

They most stopped them into the road and bring them back to Konoha for questioning.

By doing this, Konoha can still have chance to fixe and white wash.

"Yes!"

All Konoha Shinobi around found that this matter is more serious than they expected.

Now is not the time to watch other to fight, once Konoha can't handle it well,, Konoha Village reputation will be damage.

However, it's easy to said than done, the Unknown Uchiha Shinobi and Unknown Shinobi releasing Ninjutsu as they ran.

And this Ninjutsu is deadly, not single one of them willing to block any of the Ninjutsu they releasing so this mission is impossible.

....
