Chapter 301 - Trap for Konoha

Konoha Village

"Master Danzo, Captain Aburame has something to say with you!"

A Root Ninja respectfully said to Danzo. "He found a clue and need you to go over immediately!"

"What's the matter?"

Danzo frowned upon hearing the words of his subordinates, then faintly said. "Lead the way."

"Yes!"

However, after a while, something strange happen.

"Master Danzo?"

The Ninja who stayed behind looked at Danzo in front of him in confused.

Why did he come back all at once?

"En." Danzo nodded faintly, he then coldly said. "Immediately, take some people out of the village, block the enemy, and bring the Mangekyo Sharingan back to the village!"

"Yes, Master Danzo!"

Even though he felt puzzled in his heart, he still confused why they need to bring to the village the Mangekyo Sharingan when this Blood Limit is from Uchiha Clan.

Does Mangekyo Sharingan belong to the village?

But as the member of Root, he didn't ask, after answering the question, he turned around to summon the other Root to perform the taskm

After the Root Ninja left, Danzo turned into someone looking at the back of Root Ninja.

"Their perception is not even good as the kid back to the Kingdom." The Uzumaki Shinobi shake his head.

"Since the task is complete, I will leave first."

This is one of the task of the Uzumaki Shinobi, as why he need to do this? Well, he don't bather to ask.

Danzo who following the leading Shinobi can't help but to feel weird.

"Where are we going?" Danzo looked at the Root leading the way with the other Root Shinobi on doubt, frowning he asked." Is it there yet?"

"Danzo-sama, please wait a moment, we will be there soon." The Root Ninja said respectfully.

"En."

Hearing the words of the Root Ninja, Danzo was curious about what was going on, but he nodded faintly without asking.

As a Senior Konoha Official, this kid of tolerance is still there.

"Here."

The Root Ninja suddenly stopped and looked at the forest in front of them.

"Danzo-sama, please wait here, Captain Aburame said that there may be danger inside, let me check it first before entering."

"Yes."

Danzo nodded, he wanted to see what it was that they need to bring him out of here.

The leading Root Ninja turned around respectfully and ran towards the depth of the forest.

Then....

There's no then.

The task is to pull Danzo away, leave him here to wait, and let him do something stupid again after he come back

What they don't know is how much is Danzo's patience and how long he can wait until he explodes in anger.

Chapter 302 - Trouble for every Konoha Shinobi

"Hokage-sama, Danzo-sama is not at the Root." A Anbu Shinobi instantly entered the Hokage Building and respectfully came inside of the Hokage Office.

"I have arranged for someone to look for them in the village."

"It's gone again?" Sarutobi Haruzen murmured.

"Where did Danzo go at this time?"

He plan to invite him to ask about the war but he is not in his base.

"Fo to Uchiha Clan and ask."

Sarutobi Haruzen took his pipe and said." Maybe he ran to Uchiha Clan again."

Recently, his good friend seems to be very friendly to Uchiha Clan, has he forgotten thier teacher's arrangement?

The Uchiha Clan can only linger in the Village, and letting them to out to perform task has already violated the arrangements left by their teacher.

"What the hell is Danzo doing?" Sarutobi Haruzen frowned, thinking a reason.

.....

"What the hell?"

Danzo looked At the forest in front of him, the Root Ninja suddenly took him out of the village secretly.

Then he said that it was dangerous and asked him to wait outside because it's dangerous inside of the foreign.

It's been so long.

What the hell happened inside?

And when did he become weak that entering forest is dangerous for him?

Danzo's eyes gradually become cold, he faintly said." If it's not a big deal, you will honestly go back to the bae and get punished."

But right now, he just need to wait what was going here.

....

Right now.

"My day!"

Sakumo Hatake looked at the Anbu Ninja who suddenly appeared, he almost said something inappropriate just now.

He was about to rush up with the Konoha Shinobi and when they were about to caught both masked men.

Why did this stupid Anbu suddenly jump in front of them of all time!

Is that Mangekyo Sharingan is really Konoha's person?

Konoha Village secret weapon?

Is it true that Konoha did all those trouble just grabbing those Sage Tools?

And if the Unknown Uchiha Shinobi is part of Konoha Village, why let the other go?

"Did Hokage-sama said anything?" Sakumo looked at Anbu with angry voice.

Can't you do this kind of thing secretly?

Or tell yourself to prepigot it?

You know hat he also part of Anbu and know how Anbu work.

How can ther such unprofessional Anbu join the group?

"Hokage-sama said that you don't need to do anything, just let them be and continue your mission."

"Are they all Konoha Shinobi?"

"You just need to do your job and don't ask." The Anbu said and left making Sakumo's face turn green

Chapter 303 - Getting into Trouble

"Do it!"

Sakumo Hatake gritted his teeth and sisdbti the Konoha Shinobi around him.

"Help Anbu Shinobi to block the unknown ninja, but remember, do not hurt them!"

Looking at the situation just now, Uchiha Shinobi and the Unknown Shinobi should not be deadly enemies.

And it's still unclear who the Mangekyo Sharingan User is, and this is the order of Hokage so they can't decide if they will kill the Unknown Shinobi or not.

Of course, not hurting them while catching them is impossible, Sakumo just want to disgust the Anbu just now.

They know that it's impossible for them to stop this fight, much more trying to catch them but they all hopeless, the order from above is absolute.

With a sight in his heart, Sakumo rush in the middle of the fight while shouting.

"Please stop - oh shit!"

However, he got what he want but it's different from what he expected.

*Boom!

He was immediately kicked by unknown Shinobi away

Sakumo Hatake miscalculated something, the two Shinobi who fighting is not just ordinary Jonin, they are both Shadow Class Shinobi.

Even if Sakumo will become the famous 'White Fang' that is in the future, right now he is just a Jonin at best.

Of course, he is impossible to be the opponent of two.

"Have you finally come out?"

The Unknown Shinobi sneered looking at the Konoha Shinobi who appeared around him.

"Following me all the at, and you only take action now?"

"That Mangekyo Sharingan Shinobi is indeed your Konoha Village person."

"....."

Sakumo stood up and num.ip touching his broken ribs.

He never expect that the person who kick him is also a Taijutsu Expert, maybe even Dai is only weaker than this person.

If it weren't for the specialization in Swordsmanship and good health, he would have already call a doctor this time.

"He reached fast, is he also a Sense Ninja?" Sakumo furrowed his brows.

And it seemed that they had been discovered long time ago.

Wait a moment!

Even if they did not appear at first, showing right now will give other impression that they are on one group.

That unknown Uchiha Shinobi will be tied with Konoha Village.

"Sorry, we didn't mean anything." Sakumo's try to explain but the more he explained the more he look weird.

"Haha, no malice?"

The Unknown Shinobi coldly smile." Because of your getting on my way, now that Uchiha Shinobi has run away, now tell me, how can I accept your reason now?"

"???"

Ran away?

All the Konoha Shinobi looked in the direction of the Mangekyo Sharingan User just now, as expected.

He is missing, he really run away with the help of them. Now, the misunderstanding become bigger.

....

Chapter 304 - Missing Danzo, Anbu Private Movement

He actually run after so much fighting and powerful Ninjutsu?

They did not even notice he ran away leaving them here facing his enemy?

"It's really.... Mangekyo.... "

A Uchiha Shinobi said with emotion, maybe he can't accept the ending of the fight.

Now they need to talk to this Shinobi, because of them, the other party escape, now for sure the other is thinking that they are all comrades.

Not only that, Sakomo notice that everyone is trying to take distance making his cursed inside.

Even the Anbu who just warn them start to ignore him, he is the one who ordered to block and stop them from fight and now he seems want to escape.

"In fact..."

Sakumo stood up and helpless said." If we don't know him, do you think we...._

However...

"Don't talk nonsense! Hold your weapon! Clench your teeth! Embrace the pain of being beaten! Brace yourselves meddlers!"

.....

"Lord Hokage, Lord Danzo was not found in the village."

Anbu Shinobi respectfully said to Sarutobi Haruzen.

"Neither did the Uchiha Clan find him."

"Didn't find him?"

Sarutobi Haruzen murmured. "Where did Danzo go?"

During the war, he is not standing and waiting in the village, now he is missing and no one knows where he is?

What does he want to do?

"Oh."

Sarutobi Haruzen deeply sighed, it seems only him can protect the Konoha Village in the end.

"Don't worry..."

However, his words are not finished yet someone enters.

"Lord Hokage!"

Suddenly, another Anbu appeared inside of the office.

"What's the matter?"

Sarutobi Haruzen saw the scene and his heart can't help but to trembles suddenly.

This is a bad thing, his guts is telling him that this is going to be a bad news.

"The traces of fighting were found in the forest outside the village, it seems that the Root has moved out of the village privately!"

"What are you talking about?!"

When Sarutobi Haruzen hear this, he can't help but to frowned.

Root acted privately?

This is a serious problem, only Ninja who obey orders are valuable, especially Anbu, as the direct unit of Hokage they actually act privately!

Once discovered, a huge trouble will come, except the move and get a fake information.

"How did you found out who it is?"

"Are there any registration re

cords?"

"It hasn't found out yet, and there is no record."

"..."

....

Chapter 305 - Fallen into Trap

Sarutobi Haruzen suddenly felt a strange feeling in his heart, first, Danzo left the village without authorization.

And then, Root left the village also without authorization, is there any connections from these two incidents?

Or.... Root?

Thinking of this, Sarutobi Haruzen's eyes suddenly turn sharp, he said to Anbu waiting.

"Arrange for Anbu to investigate immediately, if Danzo is found, order him to come back as soon as possible!"

"Yes!"

Looking at the Anbu who went on to execute the order, Sarutobi Haruzen drew a puff of smoke in a melancholy manner, looking at the report on the table in confusion.

"Danzo, don't mess around this time."

....

"So strong!"

Sakumo's eyes widened as he look at the Unknown Shinobi who beating all of them in the floor.

How can have such perfect Ninja.

Taijutsu Master

Ninjutsu Master

Tactical Master

He is not an opponent at all, much more even they have advantage in number they cant stop him at all.

Especially his own swordsmanship is basically useless in front of that man, as if he have eyes behind his head

Who is this person?

How can no one know him?

And their organization, they never heard their organization or group, not even a single news from the spy.

"Why haven't we found any trace of this people before?" Sakumo emotionally said.

"There are so powerful, and yet unknown."

And, what are they, what's their plan, what is their propose?

"Stop! We Konoha Village really didn't have any bad intentions!"

Sakumo helplessly said while fighting." Maybe we can sit down and talk?"

When the situation is not clear, it's better to not mess around and find the source of problem before solving.

"Talk?"

The Unknown Shinobi sneered at them.

"So many people are blocking me and you say you want to talk?"

"It seems that Konoha also want to declare war with my group."

"In that case.... " The Unknown Shinobi coldly said." Let me try you Konoha!"

"Not good!"

Sakumo saw this scene and remember the weird scene not long ago.

He feel that Konoha is being targeted by someone, unknown people, what they don't know is when they will move.

Seeing this, Sakumo know the reason now.

They are just trying to find reason to start war to them, and now there's a reason, so there's no holding back now.

....

Chapter 306 - Uzumaki Xin Appeared

Outside of Konoha Village

*Yawn~

Danzo rubbed his nose, frowning while looking at the forest in front of him, muttering.

"How long will I have to wait?"

What is the Root Ninja doing?

Actually want him to wait for so long?

"Crow!" Danzo called

"Lord Danzo!" A Masked Root Ninja with Crow Shape Mask stood up.

"Go in and see what's going on." Danzo looked at the Root Ninja on front of him frowning.

"And look what they doing right now."

"Yes!"

.....

In the fight of Unknown Shinobi and Konoha Shinobi, someone arrive unexpected.

"Xin?" The Unknown Shinobi looked at the person whom just arrived.

After a moment of contemplation, he walked to the opposite side of him and faintly asked." What's the matter?"

Seeing this scene, everyone except the Anbu Shinobi was relieved, especially when Konoha current ally appeared in front of him

Uzumaki Clan is known for benevolence and righteousness, they dragged the Hidden Rain Village and Hidden Sand Village to help Konoha Village in this war

And right now, the person come is the current Uzumaki Patriarch, Your Highness Uzumaki Xin, the youngest Shadow Class Shinobi I'm the world.

"What's the matter with you?" Uzumaki Xin asked curiously.

"Why did you fight Konoha Shinobi?"

"We found the tractor." The Unknown Shinobi said.

"But this people let them run away."

"Uchiha Wo Cao? Is it the tractor of your organization?" Uzumaki Xin frowned and ask.

"How did he run away? With your strength, you shouldn't.... "

However, before Uzumaki Xin finished speaking, he followed Unknown Shinobi's gaze to Konoha's direction.

"..."

Sakumo and other Konoha Shinobi saw Uzumaki Xin and the other looking at them and smile embarrassing.

This is really because of them, otherwise, it is estimated that this Unknown Shinobi has indeed caught the other people.

It's just, since the Village made the decision, they can only bite the bullet and do it, after all, they are Konoha Shinobi.

"It's really Konoha again."

Uzumaki Xin said in surprise.

"At this time, I thought someone would pour dirty water on Konoha Village again, but I didn't expect.... "

Touching his chin, he squinted at the Konoha Shinobi in front of him.

"So it's really true, that Uchiha Shinobi is Konoha Shinobi?"

"If you have such powerful Shinobi, why not send him in front line to help, you guys are wasting him causing trouble

everywhere."

"Is having 4 Villages is not enough for Konoha now?"

....

Chapter 307 - The Friend

"Sorry.*

Sakumo Hatake walked out helplessly and said." We don't know what that Mangekyo Sharingan is all about."

He know that if Konoha Village admitted, then Konoha will really be over

"Hehe "

Unknown Shinobi sneered with disdain." Hypocrite!"

You all send someone to support you, don't you know?

Even if you are blond or fool, you can easily tell that they are trying to help the other guy.

Much more than this Unknown Shinobi is not blind nor fool.

"Don't you know how to help him?"

Uzumaki Xin was shocked said with emotion.

"You deserve to be a friend of the Ninja World."

"Konoha families basically helped everyone all over the world."

Fortunately, that Uchiha Shinobi is one of his man, otherwise the Uzumaki Kingdom would probably be finished.

" ... "

Hearing Uzumaki Xin's words, Konoha Shinobi's face turned green, how did they know what was going on, didn't they just jumped after watching Anbu Shinobi come out to help?

They originally planned to see who the Mangekyo Sharingan user is but that guys after helping him actually run away without looking back.

Their heart are also full doubts.

Is that Mangekyo Sharingan user really Konoha's secret weapon?

In order not to be discover, he slipped away.

Just it is estimated that tomorrow that whole Ninja World will know that Konoha Village has a Mangekyo Sharingan user.

"We really don't know if that person is Konoha Shinobi."

Sakumo sighed helplessly.

"As for why we let him run away, it was just an accident."

"Accident?"

The Unknown Shinobi sneered disdainful." Youu sure?"

"You still want to get rid of Uchiha relationship after what you done?"

"Sony even think about it, or else what you have don't will be wasted."

"In that case."

He then shouted." I also let you have a taste of accident!"

"Fire Release: Phoenix-!"

However, before he could even finished shouting, Uzumaki Xin grabbed him And helplessly said." Don't be impulsive, maybe it's really an accident?"

"Now Uzumaki Kingdom and Konoha Village are allies, even they are good selling their own teammates, even they are excellent assassin killing their own Shinobi, even if they are so bad that the higher ups push everything to Danzo."

"I can't just watch Konoha Shinobi being killed in front of me."

Original, when they feel the monstrous amount of Chakra gathering, Konoha Shinobi made a defensive plan to avoid.

But as a result, Young Master Xin stopped the rage of the other part, this makes them feel relief.

Seeing the huge amount of Chakra, they know that only couple of people can escape here, so they are all prepared.

Seeing that the Daimyo and Patriarch Uchiha actually confronted him, they feel that having Uzumaki Clan Allie is a good investment.

Of course, they forgot the sarcasm of him, after all, he save all of them just now.

Chapter 308 - Trying to Trap?

All Konoha Shinobi heart was immediately filled with unspeakable emotion.

It is true the friendship that Konoha has passed down from generation to generation.

The Uzumaki Clan are all good people.

Even Konoha change, they never change at all.

Uzumaki Xin secretly glances and saw that Konoha Shinobi is full of grateful expression making him secretly nodded with satisfaction.

As for Sakumo and Anbu Shinobi?

Well, they are frowning, they did not show any emotion, did even comment or reacts form what they saw.

Sighed in his heart, this Anbu is really not easy to fool, he understand that they are a group of normal from a legion of fools.

As for Sakumo Hatake?

Well, this show how great he is, even thought that thier own position is greatly disadvantage, he still calm and composed.

"Go to Konoha first, and ask what's going on." Uzumaki Xin sighed.

"Maybe it's just a conspiracy by others."

"In order to provoke a bigger war they will do anything, we absolutely cannot make this to happen."

"That's right!"

Sakumo hurriedly shook off all random thoughts in his mind, the mapt important now is to finish the thing in front of him first.

Otherwise, Konoha Village may have to face another powerful enemy if they can't handle this cleanly.

"You can follow us to meet Hokage-sama, he will definitely give you an answer."

Sakumo don't have enough information right now, he sit neven know who's the enemy or who's the friend.

He still doesn't know what Hokage want to do, so he should take people to Konoha Village first to see what Konoha's Senior Leaders want to do.

"Hehehe." Unknown Shinobi sneered.

"Want to trick me to go to Konoha Village? And what? Surround me so I can't escape?"

How could he go to Konoha?

It's not easy to be fooled by this people, by following them, it's like basically sending your self into enemies hand.

"..."

"How is it possible? Trust us, Konoha Village never do such thing." Sakumo hurriedly said..

Although it is indeed impossible, but if that Mangekyo Sharingan user is really Konoha Shinobi.....

Well, he can't say that thing, or else they will never get out of here unharmed.

"Don't worry, we Konoha will never do anything sorry to our friends."

Sakumo Hatake righteously said " your Excellency is so strong, even if Konoha want to do something to you, we will definitely not do it in Konoha, this will only bring huge loss to is."

"So don't worry about Konoha doing this kind of thing."

Well..... Maybe?

He don't know what will happen but he is sure that it's unavoidable to have a fight later.

Except for those who were able to go as an ally like the Uzumaki Kingdom, anyone who had nothing to do during war should be taken for review and long as they stepped into Konoha's territory.

He only hope they will not anger this man.

Chapter 309 - Back to Konoha Village again

"Why are they long?"

Danzo looked at the forest in front of him, it's been so long time when they entered but why hasn't anyone returned?

Is there really any danger inside?

His eyes turned dangerous suddenly, just when he was about to call someone to Konoha to make a huge army to investigate.

Someone finally come, and that is the one who just come in just now.

"Master Danzo!"

A Root Ninja comeback, kneeling respectfully on one knee and said." We explored it for a long time and we didn't find anyone inside."

"Aren't Aburame also here?" Danzo frowned and murmured.

"What the hell is going on?"

Call yourself out, then let yourself wait here for so long and then disappear?

What does this Aburame Shinobi want to do?

Danzo's gaze suddenly turned cold, he looked and Crow coldly and ask." Did you find anything wrong inside??"

"No." Crow shook his head.

"I checked with Sparrow and nothing is wrong."

There is a forest inside, except for couple of virsa and wild pigs, there's nothing suspicious at all

"Go back to the village!"

Danzo said with ugly face." I want to see where Aburame went!"

Even Danzo is being cheated, so they think his smiling face when talking to Uchiha Clan made his inner darkness change?

Maybe they forget the terror of the Root Chief already, and he need to reestablish his own power again.

"Patriarch Xin."

Seeing Konoha Village gate in front of him, Sakumo Hatake felt relieved.

He originally planned to ask Anu what was going on but he didn't expect that he would find him and just slip away.

It seems that they are indeed performing a secret mission that's why they left fast

Even if he, the future Minister of Anbu doesn't care, they just only follow the order coming from Hokage.

Just, what exactly does Hokage-sama want to do?"

"Please wait a moment here." Sakumo Hatake said helplessly.

"I'll go and inform Lord Hokage."

Although this Uzumaki Xin is the Uzumaki Kingdom Daimyo, and the Uzumaki Patriarch, they still need to properly show etiquette.

Uzumaki Xin nodded indifferently, except for the names of Five Great Countries, basically anyone who's aware of Konoha's Hokage needed to pass it through.

Although he was a little unhappy in his heart, this is also the same as the Uzumaki Kingdom proper etiquette.

.....

"Hokage-sama!" Sakumo walked into the Hokage Building and bowed respectfully.

"The Missions are complete" Sarutobi Haruzen took a breath and asked.

"Is there anything going on in the frontline?"

If he hasn't forgotten, the war should have been develop long time ago.

After Sakumo Hatake completed the mission, he need to go directly to the Battlefield of the Kingdom of Stone to help.

Chapter 310 - Second Meeting between Xin and Haruzen

"The Hidden Mud Village is destroyed."

Sakumo though for a moment and said helplessly." But something went wrong."

"What's the problem?" Sarutobi Haruzen frowned.

"Is the loss heavy?"

"There's nothing to lose but..... "

Sakumo Hatake said." It's just that we meet... "

It's better to clarify the situation they encounter first and see if Lord Hokage really had any secret mission.

Or if Hokage know that Mangekyo Sharingan User.

"Mangekyo Sharingan and Unknown Shadow Class?"

When Sarutobi Haruzen heard the words of Sakumo Hatake, he was stunned.

"I didn't send the Anbu to support."

However, Sakumo looked at Sarutobi Hiruzen suspiciously.

If it wasn't for Lord Hokage's order, then who could order Anbu?

"It seems that someone is framing Konoha."

Sarutobi Haruzen took a deep breath and said." Those Anbu were not sent by me, I will arrange for someone to investigate this."

Haruzen suddenly remember that a group of Anbu went out of the Village without registration.

Suddenly, his eyes turn sharp and said." I think I know what's going on."

What exactly does Danzo want to do?

Who is that Mangekyo Sharingan User? Is it really from Uchiha Clan?

If so, what are Danzo and Uchiha colluding with?

Sarutobi Haruzen frowned, looked at Sakomo Hatake and said." You don't need to pay attention to this mater "

"I will arrange it, and. It I invite the Daimyo of Uzumaki Kingdom to come over."

Unknown Shadow Class?

Sarutobi Haruzen was smoking a cigarette in a melancholy manner, why did this people suddenly appear in the Ninja World?

For so many years, it has been hidden deep enough that even the First Hokage and teachers have not found them.

He hears that there is a strong man if the same age of First Hokage and fought against the First Hokage.

Who will it be?

"What do they want to do?"

Sarutobi Haruzen leaned back on his chair while looking outside of the window.

"It is really for the peace of Ninja World?"

....

"Lord Hokage!"

As Sarutobi Haruzen was meditating, Sakumo walked in with Uzumaki Xin behind him.

"Hokage." Uzumaki Xin enter and nodded to Sarutobi.

They are at them same level now, there's no need to lower his own status.

Well, it is estimated that when things happen and discover by them in the future, the first thing Sarutobi want is to hack him to death.
