

## **Uzumaki 311**

### Chapter 311 - Old and Young Fox

"What a good boy."

Sarutobi Haruzen didn't care about Uzumaki Xin's title or position, what he only see him as a kid who holding important position.

"I have always wanted to see the future God of Shinobi, the Clansmen of Mito-sama, but ther is no time."

"Sure enough... "

Sarutobi Haruzen showed a melancholy expression." Same as the first Hokage."

"Thanks."

Uzumaki Xin said with a smile." I dare not to compare with First Generation Hokage."

This is true for Xin.

How many people in the Shinobi World want to see another God of Shinobi appear?

For sure that if someone can become Hashirama, the first one who will send killer is Konoha Village.

Even the Demi-Gos in Hidden Rain Village was smashed by Sarutobi, otherwise, the Hidden Rain Village is still save from warm

This time, you even use their own back garden to be a huge battlefield.

This Old Man is really schemer.

"Hshahat, it's okay."

Sarutobi Haruzen said with a gentle smile." I believe that the First Hokage would be happy to see a person who has the same philosophy as him appear in Ninja World."

"Haha." Uzumaki Xin nodded with a smile, saying nothing, as for the same idea, no one know what he really thinking.

It is estimated that this bad old man is thinking in his heart how to cut him right now, after all, they own them a huge debt.

Haruzen on the other hand thing that this kid don't understand anything.

Seeing that the Little ghost was not excited by his compliment, Sarutobi Haruzen sighed in his heart.

It is true that he is a person who has become a Shadow Class Shinobi at young age, and his character is not equal to his actual age

"How did you know those people?"

Sarutobi Haruzen's eyes narrowed, he asked with a serious expression." What is their goal?"

He finally stop using useless words, he directly to tot he main topic.

"Well, this is not hidden anyway."

"This starts with the Airship that appeared in the Uzumaki Kingdom."

Uzumaki Xin ignored the power of Sarutobi Shinobi.

He don't care about this bad old man, with hai strength, he can escape here and beat anyone who want to stop him easily.

As for his question?

"Akatsuki Organization is a peaceful loving and a huge contributing of peace in the Ninja World...."

.....

"Damn it!"

Danzo returned to the village with a sullen face, he did not expect that he would be deceived by his own subordinates and make fool of him.

What's going on here?

"Crow, go back and catch that Aburame." Danzo said to Crow next to him.

"Ask him what he want to do!"

"Yes!"

....

Chapter 312 - 'Important' Information

"Lord Danzo!"

A masked ninja appeared in front of Danzo and said." Master Hokage trying to find you and see right now!"

"Haruzen?"

Danzo was taken aback, frowning while thinking. 'What are you going to do to see me at this time?'

Is it because of the problem in the war?

Or....

Is he the one who wanted to fool him this time?

By the way, remind him not to get too close to the Uchiha Clan?

But Danzo believes in his good friend, he will not really shoot himself no matter what, they had a friendship for decades.

"Go." Danzo said lightly.

He want to see what the hell Haruzen looking for?

....

"Akatsuki Organization is an organization yearning for peace."

"From its inception to the present, it has been committed to the noble cause of safeguarding World Peace, holding high the banner of space, development, cooperation, and mutual benefits, unswervingly safeguarding world Peace and promoting common development."

"At the same time, we advocate the virtue of benevolence, the heart of love, the embrace of fraternity, and the border of great love."

"Strive to create a new era of peace, harmony, prosperity, and beauty in the Shinobi World, creating a peaceful and beautiful place for all of us."

Uzumaki Xin helplessly look at Haruzen who nodded while listening.

He had been speaking for long time now but no one brought up a cup of tea at all, this Hokage is stingy.

"Akatsuki's goal is hope , in order to bring true peace to the chaotic Shinobi World, and to achieve direct harmonious coexistence between ordinary people and ninja."

"And the Uzumaki Kingdom, as Konoha's Friend has always kept in mind the concept of the First Hokage, and also the righteous teacher who maintain world peatabd stability."

Sarutobi Haruzen looked at Uzumaki Xin that said to amny scum things, he can't help but to feel emotional.

"I cant imagine that ther is such peace loving organization in Ninja World.'

"I believe that Master Hashirama will be quite happy if he knows."

"Yes, the Uzumaki Kingdom is just like Akatsuki Organization."

Uzumaki Xin said with serious face." Don't forget your original aspiration, and you can always stay on your goal."

Of course, Xin know that is speech will never get isndie of Haruzen's head, this Old Fox is cunning and never let other to easily deceive him.

And just like Xin expected, Sarutobi Haruzen directly ignored what he said, and show a regretful face." That's it, did you buy your Airship from Akatsuki Organization?"

Alas, he didn't expect that this old fool finally bite the bait.

It seems that Konoha Village really going to bleed and vomit blood today.

"Yes, and they are expensive."

"Money is not a problem."

"Then can you pay your debt first?"

"..." Sarutobi Haruzen.

"..." Xin.

"Hehe." Haruzen only sneered.

Chapter 313 - Schadenfreude

"The current Uzumaki Kingdom system is based if the establishment of the of the Society of the Akatsuki Organization, so Uzumaki Kingdom and Akatsuki is on one organization."

"Cooperating and this Airship was developed by the Akatsuki eover many years, consuming countless manpower and resources."

Of course, Xin lied to him, Akatsuki Organization is just the Organization in the future, he just using the name to direct the attention from elsewhere.

"Akatsuki Organization..." Sarutobi Haruzen murmured after hearing this.

He still remember that Uzumaki Kingdom has been re-establish it's power at that time, abandoning the Great Policy if all Country and One Village by Lord Hashirama.

Raising the status of civilians, lowering the position of the Ninja, while abandoning the mission system of the Ninja Village.

"Now Uzumaki Kingdom want to come and become better than other."

Sarutobi Haruzen emotional said." Under such an environment, life of the common people should be very happy."

"The Uzumaki Kingdom also thought that way."

Uzumaki Xin shook his head with wry smile and helpless said." But this world is always the World of Ninja."

'So don't worry about us, we are not strong as we look.' Xin inward said.

"Because there is no income from Ninja, Uzumaki is unable to make end meet now, and the treatment of civilians is increased, resulting in Uzumaki's finances..."

Uzumaki Xin sighed and look at Konoha.

"Alas, so this time, I need to support the whole Uzumaki Kingdom, right now Uzumaki Kingdom is tightly restricted by the finance."

Hearing this words, Sarutobi Haruzen nodded in satisfaction, it seems that the policy of Lord Hashirama is correct.

People are only valuable if they are become a Ninja, if they don't accept task, they are just bunch of useless people.

Hahaha

The Uzumaki Kingdom will end sooner or later

Just like the Hidden Sand Village, who had been poor for a lifetime, wasn't it because the income from the mission couldn't maintain the Hidden Sand Village.

The Kazekage kept asking for money from the Land of Wind Daimyo, and was hated by the Daimyo so they don't get any money from them.

The Great Ninja Village, which has the highest task rate and completion rate in the Ninja World does not need the funding of the Nation, and even brings a lot of financial income to the Nation because of the task.

Therefore, the Uzumaki Kingdom will change back sooner or later

Or else, they can wait to die in hunger or get destroyed by someone.

"Don't worry about it either." Sarutobi Haruzen thought to keep his smile inside, he wanted to look more friendly for him

"Those common people will remember the blessings of Uzumaki Kingdom."

But this would always be the World of Ninja.

Now Sarutobi Haruzen's heart finally relaxed, even if there is a God of Ninja out of Uzumaki Kingdom, without Ninja Village, it will not bring the slightest threat to Konoha's position as the Overlord of Ninja World.

"If that's the case, how much is that Airship?"

Sarutobi Haruzen took his pipe and asked. "Konoha Village also wants to but few."

Finally, straight to business.

Uzumaki Xin squinted his eyes and said with a smile. "One Billion for one, Uzumaki Kingdom only sold one boat until now, and the rest is barrow by some Merchants."

With a hint of regret, he lowered his head. "It's too expensive, I heard that I was quite troublesome to produce one, Uzumaki Kingdom also asked if they could sell the production method but I was rejected."

"Billion!?"

....

Chapter 314 - Rich Konoha

Sarutobi Haruzen frowned and thought, this price is really bit expensive, and not it's a war time, whether it's a Ninja's appeasement money or a mission bounty, it need a lot more money.

"Can you make it cheeper?"

Sarutobi Haruzen asked with his hand in his chin. "If Konoha buys five at a time, is ther a discount?"

Good guy!

Five at once!

A light flashed in Xin's eyes, he never expect that Konoha Village is really rich!

Maybe he should increase the price of the bounty for the Uzumaki Clan mission, Xin think that Three hundred Million holding two Village in this war seems to be to small.

But still, this one is five billions!

Sure enough, the arm business is really the way of making money.

It seems that other Ninja Village's plan to purchase Airship have to be put in the agenda.

When he go back, he will prepared Uzumaki Kingdom to make a low-level Airship, and then sell it to other Ninja Village and deliver at same time to prevent anyone from changing their mind.

"No discount." Uzumaki Xin said regretfully.

"At that time, Uzumaki Kingdom also bargained price, but Akatsuki Organization disagree, they said the cost was too expensive to make one."

"In that case..... "

Sarutobi Haruzen pondered for a moment.

Now the funds that the village can use are only more than Five Billions in total.

Although all the funds will not causes trouble to the current Village situation, if an accident occur, finds Amy be a little insufficient and it will be teovultat that time.

So he thinks....

"Then, Konoha will but three Airship." Sarutobi Haruzen taking a sip on his pipe blowing smoke around.

"I hope it can be delivered earlier."

It better to be safe, so that Konoha can react to any accident, as long as Konoha Village gets the Airship, they can able to dominate the war.

"Let send great gift to the Hidden Cloud Village."

"..."

This bad old man.

....

Not five but three.

Uzumaki Xin sighed inwardly and nodded blankly. "I'll talk to Akatsuki Organization."

Then business is over, the next step is to dig people from Konoha Village while he still here.

"That Mangekyo Sharingan belong to Konoha..." Uzumaki Xin asked while frowning.

"No matter how you say this Mangekyo Sharingan has caused loss to Akatsuki, the Leader will not let him go."

"And if Konoha Village refuse to hand him over, then maybe.."

"Mangekyo Sharingan.." Sarutobi Haruzen sighed, putting down his smoke pipe in his hand helplessly.

"Up to now, Konoha still trying to find any clue to that man but... "

"Knock!"

\*Knock!"

"Master Danzo is here!"

## Chapter 315 - Black and White

When Xin walked out of the Hokage Building, Xin was lost on thought, he knew that Sarutobi tans Danzo would bot belithis words so easily so the next task was to fill up another organization lead bt Unknown Uchiha.

In this wat, a real and huge organization will be forme against Akatsuki.

Maybe in the future, he and Akatsuki will lead the entire Ninja to attack the Evil Organization that he planning to make.

This is simply black and white

And even thought Akatsuki Organization is not founded yet an no such Akatsuki Organization either now it was not hard to make a fake organization.

Of course, the Evil Organization will going to be true, it's not hard to find bad people nowadays, filling up with all the bad people don't make Xin feel hurt if he needs to clean them all.

But thinking, Uzumaki Xin feel exited, creating evil organization and be the behind the boss and destroy it later

Just, what should he called it?

"It looks like it's time for Akatsuki to create branch." Uzumaki Xin murmured, touching his chin while thinking.

"The Organization is used to hold all black spot and be the culprit for all misdemeanor in the future."

After returning, he will ask Naga if there is people who want to play the role of Boss Villain, maybe Kushina will take the role but if he pick her, he don't know what kind of trouble she will going to make.

At least wait to see who's the best person to take the role.

While Uzumaki Xin was pondering how to create another organization, a Konoha Shinobi appeared in front of him and respectfully knelt.

"Your Highness Xin, Mito-sama wants to see you."

"?"

.....

Haruzen, do you really believe that kid?" Danzo asked while frowning.

"No matter how you look at it, it's all related to them."

"Oh, what can I do now?" Sarutobi Haruzen smokes helplessly.

"Uzumaki Kingdom is now Konoha's Ally, and Akatsuki Organization and Uchiha are enemies. We don't know anything now, only by finding out who that Uchiha was, we can restore Konoha's reputation."

"But... "

Danzo said with an uncomfortable face. "You must know that the benevolence and righteousness of the Uzumaki Kingdom are circulating in the village."

"No matter how you look at it, and this is a clear conspiracy of the Uzumaki Kingdom, so let just forget it."

"Maybe someone else did it to make Konoha's relationship with Uzumaki Kingdom broke?"

Sarutobi Haruzen sighed." When things are still unclear, Konoha shouldn't act lightly."

What's more, Konoha still need Uzumaki Kingdom to help block the Hidden Rain Village and Hidden Sand Village.

"Let the Uchiha Clan who are performing the task outside come back."

Sarutobi Haruzen put down the smoke pipe in his hand, stood up with his hand behind his back and said." Now the entire Ninja World is staring at the Uchiha Clan, they need to be kept safe."

Hearing Sarutobi Haruzen's words, Danzo's eyes suddenly shrank, he shook his head and said." You want... "

"It's all for Konoha!"

Sarutobi Haruzen melancholy said." You know I originally planned to destroy a few small Ninja Village in order to frighten other Ninja Village, but now.... "

"The whole Ninja World is staring at-x

\*Knock!

"Come in!"

Chapter 316 - Mito's Pleading

"Come in!"

Sarutobi Haruzen yelled uncomfortably, why is it like this again, once he talked about the point, someone would knock on the door.

Looking at the incoming Anbu Shinobi and asked." What's the matter?"

"Daimyo Uzumaki has been invited by Mito-sama." Anbu Shinobi said respectfully.

"Mito-sama?"

Sarutobi Haruzen and Danzo frowned when they heard this.

"What's the matter,mc

.....

Senju Clan

"Grandma Mito!" Uzumaki Xin look at the Older Uzumaki Mito in fron of him, he sighed inwardly, he can sense it, her Life Energy is so small showing her time is about to end.

Uzumaki Xin feel uncomfortable, looking at her older appearance not like when he first SE him couple of years ago.

"What can I do for you Grandma?"

"Hahaha, Little Xin." Uzumaki Mito leaned back on a thick cushion and said with emotion.

"I haven't se you in few years, you grow up so big."

"Grandma Mito is still so energetic." Uzumaki Xin said with a gentle smile.

"I am not old at all."

"No way, no way." Uzumaki Mito smiled and shook her head.

"I have not been a few years."

Then her eyes looked forward in confusion." Hashirama, I am about to see you."

Uzumaki Xin quietly looked at Uzumaki Mito, waiting for her to recover, no matter what, Mito is still a respectable person who once member of Uzumaki Kingdom.

"I'm looking for you this time,ni need your help."

Uzumaki Mito returned to her sense, narrowed her eye and said." I am sorry for her."

"What's the matter?"

Uzumaki Xin asked curiously, wondering if he had heard it wrong.

Mito's tone just now was a bit sad and regretful.

"Please.... "

....

Hidden Sand Village

"Airship?" Kazekage looked at the intelligence in his hand.

"This is a good strategic weapon, if you use it correctly, you can either win the war or change the flow of the war."

Kazekage pondered for a while and shouted." Come in!"

"Master Kazekage!" Anbu Shinobi appeared and said respectfully.

"Please give order!"

"Take this letter to the Uzumaki Kingdom Daimyo." Kazekage narrowed his eyes and faintly said." At the same time, look at what Uzumaki people are doing now."

They also want Airship in Hidden Sand Village

The fight with Uzumaki Kingdom is just a hoax that's why there no death and only injury personnel in this war.

He can understand this, he know that the Uzumaki Clan is using the war to show off and disgusted Konoha.

Knowing this, Kazekage play with them, no one get killed, everyone preserve their strength, and they also can pressure Konoha Village.

So the war is not a problem now, sending couple of people now and then to show that they are fighting is just a matter of fact.

Right now the Hidden Sand Village is having problem with money.

Although his Magnetic Escape can make money, the village still has no extra money to buy an Airship.

And so...

"I hope that kid can agree."

A sneer appeared at the corner of Kazekage's mouth." Otherwise don't blame the Hidden Sand Village for not keeping our hand."

Right now the Hidden Cloud Village and Hidden Rock Village is fighting like crazy, while the other two war is having good time.

This is a fake fight and will cause a huge scandal if other hear this that's why everyone is keeping quiet about this.

Not only they can preserve their strength, but also gather enough strength to launch a decisive strike to enemy.

....

Chapter 317 - Secret Message

After Uzumaki Xin come out of the Senju Clan, the whole person fell into silence, glancing at the Hokage Building with cold eyes.

He didn't think about it!

He really didn't this they will do it!

Sarutobi Haruzen would actually do such thing!

If they use Impure World Reincarnation Jutsu to Hashirama and Tobirama, how would this Third Hokage face the two late Hokage?

It's strange that someone appear for no reason and Senju did not even notice this.

He is sure that this one will going to be carry by Danzo again, but Xin k ow that Sarutobi is the one who did this.

"Sarutobi is looking for death." Uzumaki Xin sneer.

This was unacceptable to that family, but he didn't expect Uzumaki Mito would agree.

"It seems that the village created by Hashirama is more important for Mito."

Since Uzumaki Mito has promised to take care, then.

"It's time to respect the old and love the young." Uzumaki Xin sighed, he never expect that what he watched in the anime is the simplest that any audience can see.

From behind, theres more complicated thing that hard to describe, he don't know that there's more complicated hidden from this problem.

"I will settle this slowly with Konoha."

....

Uzumaki Kingdom

Not long ago, they all received a message from the people below that the Airship had reached the water of Uzumaki Kingdom and was about to reach the Uzumaki Kingdom.

Today, most of Uzumaki's High-level official gathered at the pier where the Airship were docket.

This pier is different from the pier of the Navy, this is purposely build for use of the Airship.

After the war, the Airship will be converted from Military to Civilians use when the Ninja World is settled si there's no need to waste everything just for the war

Now that there is not Village or other countrie allowed to enter, the Airship will going to be the main mean of transportation.

"Little Xin, how can you have time to come here today?" Seeing Uzumaki Xin was also coming, the Elders suddenly become happy.

In the past years, they have seen the changes in the Uzumaki Kingdom, although the status of Uzumaki Kingdom is not that high.

But with his leadership, the Uzumaki Kingdom is growing like crazy, becoming strong and richer as time goes by

The promise made by Xin back then have been seen by the Older Generation of them and they are slowly realizing one by one.

"Last time because I was too busy, I didn't come. This time since I was in the country I stop by to see."

Uzumaki smile at them, regardless what happened to Konohs Village, he didn't talk to toehr people, or not letting other to discover this.

It's uncomfortable if they hear this thing, blood is very important to a family, especially in the Shinobi World, a world that relies blood to beocme stronger.

"After all, no matter what you say, they Amy become citizens of the Uzumaki Kingdom in the future."

A Leader of a country appeared here to greet them, and coupled with the sugar coated words from Uzumaki Clan, they will follow then unconditionally.

At the same time, many bad news start to arrive from Battlefield, the news and information is not about the Uzumaki but their ally clan.

Seeing this, Xin know that this is the last blood of Senju, and this is the last time Ninja World will see Senju Clan joining the war

After this, the strongest Clan in Warrent State Period will disappear, and this is because of their own idiotic mindset who choose to die for something that never value them.

Chapter 318 - Senju Sacrifice, Danzo's Friendship

"Patriarch, we can't go on like this anymore!"

Senju Hen looked at the Patriarch with worried look on his face and said." In order for hold the Ninja from Hidden Cloud Village, the Clansmen sacrifices too much these days!"

He didn't know why the Patriarch wanted to bring the entire Senju Clan to your battlefield, even if it was to help family atonement, he feel that this is to much.

You know, apart from Princess Tsunade, Mito-sama, and people who can't fight, this is the entire Senju Clan.

"Not enough."

Patriarch Senju stared at the battlefield coldly and said lightly." Not enough."

He grip his hands signaled that his heart is uneasy.

"Senju Clan are the two big family who founded Konoha, and it is the Senju if Konoha, now....."

"Not enough!"

He can't shame the Senju Clan, even if he wants...

"Our Senju Clan is Konoha Family!"

The Senju Patriarch looked at Senju Hen, signed murmuring." Let's end it from my generation.."

.....

Konoha Village

"Assistant Danzo?"

Uchiha Patriarch frowned and looked at Danzo, who had reappeared in the Uchiha Clan.

"What's the matter?"

"..."

Danzo was silent for a while and said." Do you know the latest news?"

Uchiha Patriarch nodded, of course he knew.

The Ninja World is going crazy today because of the incident happened yesterday.

Konoha Village dispatched Anbu to support the Unknown Uchiha Shinobi and let him escape from his old comrade.

Although he didn't know what was going on, the people in the village looked at Uchiha Clan strangely.

As if the pervert genocide Mangekyo Sharingan belonged to Uchiha Clan.

The problem is, even the Uchiha Patriarch don't know that Uchiha has Mangekyo Sharingan?

He asked the Clan Elders about the information but they also don't know what's going on, so he restrained the clan and asked them to pay attention to any strange thing inside of the clan.

"The man with the Mangekyo Sharingan is not from Uchiha Clan." Chief Uchiha looked at Danzo and said faintly. "Even me, the Chief of Uchiha only know this after I researched to the old records of the clan."

"Although I believe you..... "

Danzo sighed and said with a look of shame on his face. "But the other people in the village won't believe you."

Hearing Danzo's words, Chief Uchiha frowned.

He didn't know what the senior leader in the Village thought, but the Senju Clan knew it, and then he hears the those fools began to go out and use their life to remove the bad names of Senju.

That's why right now, the Uchiha Clan is definitely an eye-catching clan in the eyes of the high-level official.

"Relax, no matter what, I will definitely not let you, Uchiha Clan suffer unjustified injustice."

Danzo saw what the Uchiha Clan seemed to want to

say and quickly said righteously.

"Trust me, I'm your friend."

Chapter 319 - Hanzo Foresight

Hidden Rain Village

"Konoha?"

Hanzo stared at Konoha's direction, as the guardian of the Land of Rain, he certainly knew what was going on with the long war in the Land of Rain.

Located in the middle of the three great land, the development of the Land of Rain is restricted by the three huge country.

And so, the Hidden Rain Village is not that no one can quell ears and bring peace to the Hidden Rain Village, but no one want to see the emergence of a peaceful country with a Demigod leading.

"Mangekyo."

Yesterday, Hanzo also received news that shocked the Ninja World.

Konoha Anbu supports Mangekyo Sharingan User to escape

It is estimated that Konoha want to wash white this time, it is difficult to do it, in the face of ironclad evidence, it is not say that they can't denied they don't know that Unknown Uchiha.

The Uchiha Clan is indeed Konoha Village Great Clan.

Hanzo heard that in yh past days, many Shinobi form different Hidden Village have appeared again, wanting Konoha Village to return the Sage Tools and hand over the culprit.

It's just pity that Hidden Rain Village took a huge amount of money to buy arms, he can't just send people to find trouble to Konoha as they are busy working to earn money.

Otherwise, he will going to the other and see if he can get a piece of cake from Konoha.

And besides, Konoha will finished sooner or later.

"Wait!"

Hanzo murmured, holding his hand behind him with deep eyes." Perhaps this wat is the time for the rise of the Hidden Rain Village."

"Are those people starting to use those tools?"

Hanzo looked at the Ninja next to him." Tell them, let them get acquainted with those tools as soon as possible, or else... "

"The Hidden Rain Village does not need waste."

"We arranged training for them." The Ninja nodded, hesitated for a while.

"But I don't know why, many civilians have start disappearing in the Hidden Rain Village, their house left behind while no one know where they go.'

When they went to check everything, the civilians are still there few days ago, they visited several place but the next day, the people start to go missing.

"Some civilians have disappeared mx

After hearing this report, Hanzo frowned." Did you find out why?"

Are there Ninja who enter without them knowing and start killing civilians to get revenge?

Although he doesn't care about these civilians who don't have the talent of Ninja, they are still citizens of the Hidden Rain Village.

"It seems to be taken by someone, we did not find any force or fight marks."

Kidnapping? But who?

"In that case."

Hanzo hesitate for moment and said." Don't bother about it for time being, now focus on teaching those people how to use those weapon."

Anyway, Hidden Rain Village can't afford so many Scientific Tools to buy, and doesn't need too many civilians to train

These things should be solved I'm some time.

"This quiet days will going to end soon "

Hanzo stared out of the village with serious expression and said lightly." We must start to prepared."

In the upcoming war, they need to establish the prestige of the Hidden Rain Village.

Chapter 320 - Secret Letter and Treats

Battlefield between Hidden Rain Village and Hidden Sand Village

"This letter?"

Aokiji frowned as he looked at the letter handed over from the borderland of Hidden Hidden Rain Village.

"Letter for Young Master?"

What the hell is this?

As an insider of this war, he knew that Young Master Xin and the the two Village have made a trade.

The five months haven't arrived yet, what the Hidden Rain Village want to do from Uzumaki Xin?

"Did something happen?"

Uzumaki Xin walked out, looked at Aokiji who was staring back at him with weird expression.

"What's the matter?"

"Someone send a letter, the own who send it is a Shinobi from Hidden Rain Village."

"What Hanzo want?"

"I don't know Young Master."

"But recently, the people in frontline start to become more vigilant, I have a bad feeling about this."

"As for the letter, I did not open it yet, I'm waiting for you Young Master."

"?"

Xin take the letter and read it, he don't know what Hanzo is thinking sending his own people to pass a letter to him.

Uzumaki Xin opened the letter with doubt and look first.

He take a glance, then his eyes suddenly turn sharp.

"This Kazekage is crazy!"

Uzumaki Xin sneered att the letter from Kazekage in his hand, then a small fire appeared on his palm and burn it.

He understands now, it's not Hanzo who send it but the Hidden Sand Village.

He don't know when Kazekage suddenly become crazy and try to scam him out of the goods he ordered.

He thought that the Second Generation Kazekage who created the Technique Magnet Escape and Puppet Art is smart.

But he didn't expect that hat person is lunatic.

He want to pay them money to keep their secret of the secret trade of Hidden Rain Village and Uzumaki Kingdom.

Asking for ten Airship and thousand of weapon and Detonate Talisman.

Did he thnk Xin is crazy?

Or he think that Uzumaki Kingdom is afraid of their Hidden Sand Village?

But for sure, he only know Uzumaki Kingdom is selling Airship and Weapon, but they don't know that everyone except them know that Akatsuki Organization is the one who provide all of this.

They only going to make them look like a clown in the end

Uzumaki Xin touched his chin while thinking.

"Does Young Master Xin want to make everything in Hidden Sand Village become serious?" Aokiji asked.

After seeing that Uzumaki Xin expression, he know that something bad is going on, he know someone touch the bottom line of Xin.

"Don't think about killing and fighting everyday.'

"It's not time yet."
