

Uzumaki 321

Chapter 321 - Onoki's Speculation

Declaring War in Hidden Sand Village?

They already fighting for couple of months so why need to declared?

Isn't the good reputation that the build will be ruined in the end?

You must know how much pain, swear, hardship, and sacrifice WA made to help Uzumaki Kingdom to promote their current good reputation.

So it's not time yet to fight Hidden Sand Village seriously.

"Continue to recruit people, don't pay attention with the rest while trying to become aware from the change of the war."

"And also, send CP0 to monitor the whole Hidden Sand Village, tell us if they are showing abnormal moments."

"Yes, Young Master." Aokiji said.

Now, let see how long Kamikaze will hold up this.

Uzumaki Xin don't know when he will attack or when he will break the deadlock this time.

Still want to get Airship for free? Asking for Money and Weapon to provide a them.

And the most amazing thing is they asking for too much, are they not afraid being choked to their outrageous request?

You know, Konoha only ask Five at first but because of money issues, they only order three, and you, the weakest and poorest Village asking for ten?

It seems that Kamikaze is confused or he is already old tot hink straight.

.....

Hidden Rock Village

"Is this Mangekyo Sharingan is really Konoha Shinobi?"

Onoki looked at the information coming from the people below and start to analyze it

In order to kill the Uchiha Traitor, the Leader of Akatsuki Organization pursued thousand of moles and finally only blocked by Konoha Anbu.

"Mangekyo Sharingan, Akatsuki Organization."

Onoki put down the information in his hand, frowned and murmured." ...Akatsuki Organization....."

He still know about Akatsuki Organization, isn't it the peace messenger who selling arms secretly from last report?

Just, he didn't expect that their guess really become true, Konoha Village really know that Uchiha Shinobi.

After all, Konoha Village send Anbu to support and let the Unknown Uchiha to escape.

The corner of Onoki's mouth twitched, a smiled appear " it seems that Konoha really is going to face a huge problem this time."

Mangekyo Sharingan

That powerful eyes represent Blood, Death, Madness, Evil, Genocide, and many more bad and negative things.

It is estimated that Konoha deterrence don't last time was in vain, because they didn't point on wrong people.

The hard evidence come out, if Konoha had no other evidence to provide their innocence, ot had not given an explanation to the entire Ninja World.

This time, Ninja War was basically a one sided fight against Konoha Village.

As for whether this is Tuesday or not?

No one cares, because even Konoha denied this, they clearly send support.

How could you take this when there's a clear evidence?

And so, all of this will give everyone a huge benefits.

Chapter 322 - Konoha Hidden Mean

Konoha Village

Ninja Academy

"This ugly monster!"

A little kid looked at the little girl with her head down not far away mockingly." It's tattered just like a beggar."

"Why would Hokage-sama let thinking if people come to school?"

"It's disgusting!"

"Yes!"

"Yes!"

The children around responded.

"It should be a beggar from outside, Hokage-sama is also kind-hearted, and even such people are taken in."

"But for the best, they should monitor by Anbu!"

"Yes, they just need to be monitored by Anbu! And the best they won't let them out!" Other children nodded.

"Just..."

"...."

The blond little girl kept her head down and didn't lift it, she didn't know why there people hated her so much.

You must know that she didn't do anything to make them anger any of them.

As for herself like a beggar, well, when she is still not in Konoha Village, she really seemed to be a beggar.

Although what they said was awkward, the little girl still not dare to raise her head and resist.

As an outsider, she was afraid that she would be killed by the Ninja or be driven out of the village if she talked nonsense or has a fight m

She and some children were taken to Konoha that day, and then she passed out into a coma until she woke up a few days ago.

She started living here, and she was told to come to the Ninja Academy to go to school, she didn't know what happened to the people who were taken away with her because she didn't see them in the village.

Although many people in the school scold her, she still likes it because there is no war, there is food and a place to live.

But there is only a small bread everyday, which is a pity at all, but it is already very good.

With just small things that Konoha have, she was already very satisfied.

So she ignores those who scolded her, because she was afraid of losing everything that she have right now.

"I don't know what to eat today."

The little girl ignored the voice around her, lowered her head and thought.

'I hear that there is a small river nearby with fish in it, let's take a look after class if there is really a fish.'

Otherwise, the bread in the Orphanage is too small and hardly get her full.

Just when the little girl was thinking about how to catch fish and eat fish after school.....

A different voice came.

"You are also blond? Just like me?"

Hearing the sound, the little girl raised her head in confusion, she was taken back.

A blond boy in front of her looked at her with a smile and his face, in a gentle tone different from others.

"Hello, my name is... "

...

Hidden Sand Village

Dry Desert ten kilometers away from the Frontline.

Mangekyo Sharingan ?

Kazekage looked at Uzumaki Xin in front of him in shock.

What is he doing here?

But he didn't think too much about it, and immediately picked up the Seal Scroll and started using his Forbidden Jutsu.

"Magnet Escape: Sand-"

Just as Kazekage about to finished.

"Ice Escape: Cold Breath." Uzumaki Xin coldly said.

Still want to use Magnet Escape?

Stop dreaming, he really thought it was a joke to treat Uzumaki Xin and try to scam him?

You know, Xin don't care about the life of others, what he care is the wellbeing of his own people.

That's why he move alone, he want to let this stupid Kazekage to live longer but he made a wrong move this time.

Trying to ambush the supply team and creating trouble using their name to attack the other Village.

Xin will never let this slide so easily so he made a move alone.

Chapter 323 - Kazekage Murdered

Hidden Sand Village

Late Night, Hokage Building

"Lord Kazekage, I have important information!"

A Anbu knocked on the door of the Kazekage Office, however, after waiting for a while, he still didn't hear the Kazekage's voice.

He frowned." Could it be Lord Kazekage is sleep?"

Kazekage is indeed too tired these days.

Although the Hidden Sand Village and Uzumaki Kingdom are facing off at the border but there is no battle.

But the arrangements for the qe and the movement of the troops can not be slowed down for a moment.

After all, everyone knows that this moment of peace will not last long.

Sand Anu frowned, wondering whether to wake up Lord Kazekage, because Lord Kazekage is not young anymore.

Staying up all night for a long time is still very hurtful for the body.

"Should I come back later?"

Anbu thought for a while, then holding the fire planned to ask the Ninja who patrolling to give the information to Kazekage.

Once Lord Kazekage wakes up, they need to send the information and send someone to notify him

Afte all, this information come ffrom the Land of Fire.

It should be very important so this thing need to know by the Kazekage.

While walking, the Anibu nothing sometimes strange.

"Where are the Ninja on patrol?"

Sand Anbu waited for a while, frowning and looking around.

"Why haven't Ninja come over for a long time?"

And today, Hokage Building is strangely a bit quiet.

Suddenly, he seems to remember when he entered the Hokage Building.

There seems to be no guard here!

Sand Anbu sensed something was wrong in his heart, turned around and start knocking on the door shouting.

"Kazekage-sama!"

"Kazekage-sama!"

But still not respond.

*Bang!

The Anbu directly kicked the door away and walked in a panic.

"Kazekage-sama?.....!"

As a result, the Anbu was stunned in place.

"....."

Looking at Kazekage who lying on the poolmot blood lifeless.

Everything around is clean and no indication that there is a fight broke in.

But it's clear, the Kazekage of Hidden Sand Village is dead

"Enemy attack!"

When the voice end, a huge amount of Shinobi start to gather inside of the Kazekage Office where the Kazekage is lying dead.

....

Chapter 324 - Hidden Sand Village Huge Problem

Uzumaki Xin paused, looking at the Hidden Sand Village that suddenly become bright behind him and hearing a harsh sound everywhere.

"It looks like some Shinobi had discovered it."

Because the technology of this world is so old and low, not even a perfect light tools is invented.

The light behind are not the street lights of the Uzumaki Kingdom, but oil lamp and torches.

"Want to treat me?"

Uzumaki Xin looked at Hidden Sand Village with a mysterious smile on his face.

"I don't know what their expression would be when they found that the Village Chief was missing and the only trace left is a corpse wearing the Kazekage clothes."

It is estimated that after they get to that corpse and see the face of it, they will show expression of disbelief.

"Oh, I don't know what to do with that cooperation?" Uzumaki Xin sighed as he think those orders.

Because the Shinobi Village are only aware of the cooperation between the Uzumaki Kingdom and Akatsuki.

As for the others, they are just ninja who obey the orders of their superiors so Uzumaki Xin doesn't know if they will continue to cooperate with Uzumaki Kingdom when they see that the Kazekage is missing.

Well, if no one know thae letter that Kazekage send, it's impossible for the other to think Uzumaki Kingdom is also involved to this.

Just, he don't know of the Hidden Sand Village will still pay him after he send the items they ordered.

Just when Uzumaki Xin was thinking about how to control the situation and not let Hidden Sand Village find out that this matter was related to Uzumaki Kingdom.

*Boom!"

Uzumaki Xin looked at the flames that suddenly appeared not fat away.

He was shocked seeing this." Fireball Technique?"

It seems that few of the Hidden Sand Village will can use Fire Escape, and Thai direction is not the direction of the Hidden Sand Village.

"It seems that some other Spy come to the border of Hidden Sand Village wrer discovered." Uzumaki squint.

"Who is it that come to Hidden Sand Village at this time?"

Sas soon as he solved the people, the other people for other village suddenly come.

Could it be that someone know the letter and they come here to create trouble?

But this is too urgent.

"Let's see who is are they?"

"I hope you that there's a surprise this time."

...

Kazekage Office

"It seems to be Magnetic Escape." A Anbu squatted down and touched the corpse in the Kazekage's Office, frowning and said." Someone use this technique to kill Kazekage."

"You mean?"

A woman with purple hair in her forties stood up frowning." Is it really him?"

When the surrounding seniors heard the woman's words, their eyes suddenly shrink and looked at the dozen or so Ninja lying on the floor with disbelief.

Their hearts were still full of doubt.

If this is the case, why did Lors Kazekage do this?

Magnet Escape was created by Lord Kazekage, and there is not many people in Hidden Sand Village who can use this.

In addition, these ninja in front of them, whether they are upper or lower ninja were killed by a single

blow without any time to reach.

But the question here is, why?

Chapter 325 - Missing Third Kazekage

"Has Lord Kazekage been found?"

A middle-aged man in his 30s grabbed the Sand Shinobi next to him and shouted. "Where is the Anbu!? Did you find out anything!"

"Consultant Chikamata, there is no discovery yet!"

Sand Shinobi respectfully said. "And there is no news about Lord Kazekage."

"It seems that we need to be prepared."

The woman frowned again and said. "Regardless of whether Lord Kazekage has rebelled against the village, we..."

"Impossible!"

Suddenly, a young man walked out and looked at the woman and said sharply. "Elder Chiyo, my Master will not betray the village, you know how much Master loves the village!"

*Sighed

Chiyo sighed and said. " I don't want to think that way but.... "

"Magnet Escape can't explain anything, neither can these Ninjas!"

The Young man looked at Chiyo seriously and said. " Maybe it's just that the enemy just happened to learn Magnetic Escape, and it's quite strong.. "

"Perhaps what you said is true."

Chiyo is helpless, she know that nothing can be solved unless they find the Third Kazekage or fins evidence that there's a enemy attack.

"But now is the time of war, we must immediately select the Fourth Generation Kazekage, or if other Shinobi Village have a chance to take advantage of the missing Third Kazekage, we are in big trouble."

"As for Lord Second..."

"Make it confidential first, at the same time, block today's information and send the Anbu on the Ninja below, especially we still have cooperation with Uzumaki e."

All this nes to be solved.

Chiyo only hope that today news will not be spread it else the Hidden Sand Village is in danger.

"Yes!"

The Young man squeeze his fist adlnd finally let it go, lowering his head and said. " I will arrange it."

"Don't worry, no one will doubt you." Rasa patted the Young man's shoulder. " But when thing aare not clear, you may need to.. "

Rasa did not finish speaking to the Young man, he know that the Youngman in front of him could understand.

As the Third Kazekage apprentice, he was originally a strong competitor for the fourth generation Kazekage, but now.

When there was no investigation in the village, it was no one would be assured that he would walk around the Village at will, ot even sit in the Kazekage's position.

"Understood." Th Youngman nodded, looked at Rasa calmly and said." I will cooperate with the Village's investigation."

But even he looks calm outside, there still a bitterness in his heart.

Originally, that Fourth Kazekage positive is already on his fingertips, but something bad happen and his name is hot right now.

"Ha~."

Rada patted him on the shoulder did not say anything and left with the large group of people.

Kazekage's disappearance, now the consultant is going to changed, the Kage's apprentice become the prime suspect.

There are many things need to be solved right now.

And they still in the middle of the war.

....

Chapter 326 - Meeting Mikoto Again

"How did you come here?"

Uzumaki Xin looked at the two woman and one man in front of him frowning while watching them

"I remember Konoha's battlefield doesn't seems the be here?"

Originally planned to dig hole for Konoha, now it's all right.

Swing the three children who were about ten to fourteen years old in front of him, he couldn't get his hand oss, so after secretly using Instantaneous Skills to solve the two Sand Shinobi, he walked in front of them with helpless expression.

What a headache.

"It's you!"

A black haired little girl looked at Uzumaki Xin and said angrily." Your that nasty little red haired devil!"

"..."

Hearing Uchiha Mikoto's words, Uzumaki 's forehead suddenly appeared black line, he didn't seem to offended her right?

Wasn't just for her to elad the way?

So the grudge?

Or was it punished by the Uchiha Clan for taking to stranger indiscriminately?

"It's been a long time." Uzumaki Xin said with a smile on his face

After all, it is the mother of another son of destiny in the future, so don't offend her or else there may be an accident at that time.

And maybe, Uchiha will become a member of the Uzumaki Kingdom in the future?

At that time, Itachi and Sasuke will be the successors of the Uzumaki Kingdom Righteous Group.

It's better to ally a good relationship first.

"Hun!"

Uchiha Mikoto squinted at Uzumaki Xin. "You ran away without saying goodbye last time."

And her other two partners looked at Uchiha Mikoto's appearance, and suddenly they were puzzled.

They should know that their partner does not have the Uchiha stinky temper, not only she is gentle, but also good at cooking and taking care of others.

What is happening today?

What's going on?

They looked at the red-haired child in front of them, he was the same as themselves, as well as handsome.

And his strength is so strong.

You know, the Shinobi he solved is Jonin.

He was actually solved them by one move.

Mikoto looks like this, is it...

"Thank you for the help!" A little girl stood up, bend down." I am Shiraki Hinari, and there are my teammates Ueda Ren and Uchiha Mikoto."

"Uzumaki Xin."

Uzumaki Xin nodded his head with a smile.

It seems that except for Uchiha Mikoto, the other two are all running into a trap.

It is estimated that Sarutobi Hiruzen is still worry about Uchiha Clan is still strong and they need to eliminate some of them.

"Uzumaki Xin!"

The three Konoha team looks at the red haired boy and don't of them in shocked!

....

Chapter 327 - Being Famous

"Is that Konoha's Generation Ally, the name of Uzumaki Kingdom known got benevolence and righteousness, and your the youngest Shadow Class Shinobi I'm the history!"

Hinari held her mouth, and looked at Uzumaki Xin incredulously and said." It's you!"

Looking at Uzumaki Xin with bright eyes, it no wonder that their best friend has become like this after seeing him.

If she...

She also same as Mikoto for sure.

Uzumaki Xin nodded with a smile, although his record can make everyone proud,he still look humble.

"It's too much, I'm not great as you said."

It tuen out that he is already flso famous in the Shinobi World.

When Uchiha Mikoto heard Uzumaki Xin's name, she was stunned for a moment, no wonder she didn't see him in Konoha Village later

He is not from the Village.

There was a trace of regret in wr eyes, she walked out and bend over and said." I'm extremely sorry, and also..."

"Thank you."

Unexpectedly, when she saw him finally, she was saved by him.

"No."

Uzumaki Xin looked at Uchiha Mikoto, who looked just like a gentle housewife he had seen back then

Although she is still a little loli, she still so considerate.

"Just as thank you for showing me the way last time."

"No, than you anyway." Uchiha Mikoto shook her head with determined expression in her eyes looking at him.

"You saved us anyway."

Uzumaki Xin turned his head away as if looking for something. "Where are your leading instructor?"

He originally come to dig a pit, as for saving people, this I sjsut an accident.

Looking at these three people in front of him should be Genin, so there should be someone who leads the team to Jonin.

"Uemura-sensei.. " Uchiha Mikoto lowered her head and said nothing.

"...."

It seems that this unknown teacher should be dead.

Uzumaki Xin touched his chin and looked at the three girls, they should have followed Instructor to perform the task.

But he didn't expect that leading teacher to hand up, as for the task.

One upper Shinobi carries three lower Shinobi, no matter how you look at them, they are spying on news or something.

As for direct inquiry.

Uzumaki Xin still has some ninja ethics, as a Ninja, it is a taboo to ask about Ninja task in other village.

"I'll send you back."

Uzumaki Xin thought for a while and said. "It's still quite dangerous here, I found out the news that something happened in Hidden Sand Village those days."

"But it's still unclear, so you should leave as soon as possible."

"We... " The three girls looked at each other and bowed. "Thank you."

Especially Hanari and Ren nodded, they did not say anything, even felt a little excited in their hearts.

She is a Shadow Class.

If he sends them back, it must be quite safe.

As for Uchiha Mikoto, looking at Uzumaki Xin, a smile appeared on the corner of her mouth.

She remembered the first time they met.

It's weird.

Chapter 328 - Sending Girls Back Safely

Konoha Village Camp

"Who!"

Just when Xin and Mikoto's team approached, a Konoha Shinobi jumped out and looked at them.

Looking at Uzumaki Xin, preventing him from entering.

"We are Konoha's Shinobi."

Uchiha Mikoto stepped out, submitted the certificate and said her reason.

"Because of some accident... So, so, and so.."

"It turned out to be team led by.... "

After learning that one of their comrade die, the Konoha Shinobi sighed in his heart and looked at Uchiha Mikoto and the other.

"Don't be sad, as a Ninja....."

"Sacrifice is inevitable." After comforting, he looked at the red haired kid behind Uchiha Mikoto and said.

"Thank you for your help, but sorry, please wait here for a while, I need to go in and ask Master Orochimaru first."

It turns out that Commander here is Orochimaru.

Uzumaki Xin shook his head and said." No, I still need me to sit on the Battlefield of Uzumaki Kingdom, so I must go back quickly.'

He didn't wait for their words and webt straight away and disappear in the air.

This is not the time to meet some important people.

Before he blackened his heart for Konoha, he still shouldn't meet with Orochimaru if he might be found out something.

After all, the IQ who engages in scientific research is high, especially Orochimaru who has created a technology that no one ever created.

It's better not to see this kind of people now, although Uzumaki Xin is eagerly for talent but promise that it's not so smart like Orochimaru.

He won't show in front of Orochimaru for now, but there's a chance later.

Maybe there will be any cooperation with Orochimaru at that time.

Now Uzumaki Xin would rather see the Ninja World super scientists than his current status right now.

Let's wait for him to be abnormal, and then talk about cooperation.

.....

"It's really the Youngest Shadow."

Konoha Shinobi sighed as he looked at where Uzumaki Xin had left and said. "He is fast, as if he is using Space Jutsu."

Uchiha Mikoto looked at the disappearing Uzumaki Xin and sighed inwardly, then turned her head and saw her friends looking at her weirdly.

"What's the matter?"

She touched her face. "Is there's a dirt on my face?"

"No."

Hanari hug Mikoto and smiled.

Uchiha Mikoto was taken aback by Hinari's. Movement, but he calmed down without saying anything.

"It's okay."

"That's right."

"It's good to be alive."

....

Chapter 329 - The Making of Evil Organization

"Sister Sakura, is there anything wrong with my father?"

A child with an orange hedgehog head looked at Uzumaki Sakura longingly and ask anxiously." Why haven't you woken up yet?"

"Your father is fine." Uzumaki Sakura knelt down, looking at the child in front of him and smile.

"What's your name?"

"My name is Yahiko."

"Good to see you Yahiko." Uzumaki Sakura touched Yahiko's head and said." Your father is sick and need to rest now."

"He will eventually wake up after a while so don't worry."

"Really?" Yahiko shouted with happy smile on his face

"Father will wake up later?"

"Yes."

Uzumaki Sakura nodded and said." So you can go to dinner now and help your father prepared some by the way."

"Remember, only by eating food will the recovery be quicker."

"Okay, okay."

Yahiko jumped up happily hearing that his father is going to be fine.

"I'm going to eat now!"

He walked to the door, stopped again and turned around looking at Sakura then bent over.

"That you, Sister Sakura!"

"En."

Uzumaki Sakura waves his hand and said." Go."

....

"You want to create a fake Evil Orgat?" Naga looked at Uzumaki Xin in confused.

"Why?"

Although she don't know what her Young Master thinking and will follow his order, she still can't help but to asked.

You know, Akatsuki Organization's reputation spread to the entire Ninja World, even if you add the real people, there are only four to five people in the Organization.

But even there's only four really people, they created so many different Characters that they need to use to play.

And now they will going to create a Evil Organization this time, for sure this Organization will play the role of villain.

"Nothing, I just want to create balance, and having a Evil Organization will create a imaginary enemy for everyone."

"This will make the Akatsuki Organization reputation even more wider while we are waiting to harvest in the end."

"So what is your plan?"

"Look for anyone who is free and good in acting, I will choose couple of them to pay the role of villain."

"Yes, Young Master."

....

Konoha and Hidden Rock Village Battlefield

"A twelve years old Shadow Class..."

Orochimaru looked at the information that the lower ninja had handed over, he don't know how to express his emotion right now seeing the record.

"What a genius."

As for Konoha and Uzumaki Kingdom generation of friendship, he doesn't believe such word, and he is not an idiot like Jiraiya.

As the Hokage Oldnabz he still know some inside information that hidden by the Upper Shinobi.

Such as this time the alliance was exchanged for a huge sum of money.

And looking at this situation, Uzumaki Kingdom djs bit fight with Hidden Sand Village and Hidden Rain Village at all

Although he don't know the reason, but there's one thing for sure.

Uzumaki Kingdom dis take advantage of Konoha Village.

"Have they all received the order Konoha Village sent to Uchiha?"

Orochimaru's narrowed his eyes with a smile on his face and said." Don't be surprised now."

"They have been arranged to go back." Konoha Shinobi nodded.

"But there are still some who perform tasks outside who don't know yet."

"It's okay." Orochimaru waved his hand.

"When they come back, you can notify them."

Chapter 330 - Time Goes by

Konoha, half year later

After a period of time, Hidden Sand Village did not tell any news about the disappearance of the Third Kazekage.

It seems that the news was directly blocked by the Upper Shinobi of the Hidden Sand Village to prevent any panic.

The major Ninja Village did not even received any wind and knyк listened to the external claims of the Hidden Sand Village

Because the Third Kazekage was already old, he voluntarily abdicated and passes the Kazekage position to his apprentice

But who knows that there's a huge fight broke out and the final winner, Rasa win the position after defeating the Kazekage's apprentice and gaining the favor of everyone.

And because of the defeat of his apprentice, the old Kazekage take his apprentice and chose to live their life a hermit and no one know where they go next.

"Unexpected, Rada still get the Kazekage position even without Pakura.

Uzumaki Xin shake his head as he look at the report." It seems that the Hidden Sand Village is also forced to be helpless."

Among the younger group, few can carry the banner of the Kazekage, especially during the war time.

If the Kazekage of the Village is not strong, it is a joke, and it does so, it can also conceal the disappearance of the late Kazekage.

Just, Uzumaki Xin have the Kazekage's corpse hidden somewhere, and the only problem is how long he need to hold the corpse and when he going to use it.

"Brother Xin, today we recruited more than fifty people!"

A child with orange haired hedgehog head come over with a smile on his face happily telling their achievement.

"Most of them are children!"

Uzumaki Xin touched Yahiko's head and smile. "Yahiko is really amazing, it's just..."

"Why don't you follow them back to the Uzumaki Kingdom?"

"You need to know that there are more delicious and fun things in Uzumaki Kingdom."

The second batch of refugees sent to Uzumaki Kingdom, but Yahiko and his father choose to stay.

"Because I want to help them."

With a smile on his face, Yahiko scratched his head and said. "I'm afraid they might misunderstand Uzumaki Kingdom, I believe Uzumaki Kingdom will definitely make them live a good life."

"...."

This kid has high level of consciousness.

Just a few emails, he actually believe him.

He is now start to worry, his naiveness will bring trouble to him in the future, like in the original story where his foolishness bring death to him and to his friends.

Uzumaki Xin look at him seriously." You will become an excellent member of the Uzumaki Kingdom."

Haven't started receiving ideological education, Xin started to give him a motivation and trying to install patriotic.

"Hehe."

Yahiko scratched his head with embarrassed look on his face.

"Because Sister Sakura and Brother Xin are both good people."

"The people here are nice, they speak kindly, and everyone is good."

"You can eat until you full."

"You are safe under your protection."

"This is perfect place for use civilians."
