

Uzumaki 351

Chapter 351 - Dangerous Plan

It seems the Konoha is still having hard time even now.

Uzumaki Xin touched his chin with thoughtful expression, wondering how Konoha Village would solve this problem in the end.

Or maybe.

How long will Uchiha Clan have to wait?

...

Somewhere in the Ninja World.

"Do you all know the mission?"

The Shinobi wearing Konoha Forehead protector looked at the people around him with a serious expression.

"Knowing our mission is very important, once we don't handle it well, Konoha Village will be over."

"But Captain, is this really okay?" One Konoha Shinobi frowned while thinking.

"Everyone know that Uzumaki Clan is here to help us."

"Shut up! The Ninja only need to perform a task!" The Captain sharply said.

"What's more, this is an order from Lord Orochimaru and we need to complete it anyway."

"... Yes."

Even though it's hard to accept, they still did their job as Ninja, but they feel that this will going to cause something that they will never want to happen.

"Remember, as long as you make a little movement at the frontier of Hidden Cloud Village and kill a few people the mission is complete."

"Finally, don't leave any evidence, don't fall behind, and just retreat after you don't your mission."

"Only by dragging the Uzumaki Kingdom into the War, Konoha Village may hope to win."

...

Konoha Village.

"Oh? What so you think the palm of Orochimaru?"

Sarutobi Haruzen took a breath and helplessly said." Orochimaru said that this is the most possible to win the war."

"But this will going to break all emotion left of Uzumaki Clan if they found this." Koharu said while frowning.

"In any case, they helped the Konoha to withstand the Hidden Sand Village and Hidden Rain Village."

Although the Uzumaki Kingdom ask for compensation and only drinking tea on the frontline, and never fight in the whole war, you can't still denied the huge help of them

It was the Uzumaki Kingdom that distracted your attention to the Hidden Sand Village and Hidden Rain Village in the end.

"And if it is not handled well, Konoha can fall to a huge trouble."

"If the Uzumaki Clan turns their weapon on us, no one will hold down the last two Hidden Villages and this will cause Konoha to fall in the end."

You know, they are already fighting the Hidden Cloud Village, and Hidden Rock Village.

If ever the plan failed, they will have to face not two but five in the end.

Hidden Cloud Village, Hidden Sand Village, Hidden Stone Village, Hidden Rain Village, and Uzumaki Kingdom.

They don't need to ask, it's 100% sure the Konoha will be destroyed in the end if that happened.

They know the ability of Haruzen, even if the book and other literature said that he is the strongest Hokage in the world, this does not mean that he really is that strong.

"Orochimaru also said this, but we can't do anything anymore so they choose to gamble, to forcefully open a way for Konoha."

He then pointed to a place on the map.

"If the war pushes here, the Defense Line of Konoha will be more easily breached, at the same time, there will be an opening for us to breathe and counter."

"Orochimaru wants to push the Uzumaki into a big melee with four different villages!!"

Chapter 352 - Preparing to Slip Away

"Pfft!!"

Hearing Lucci's words, Uzumaki Xin immediately sprayed out the water that he just been sip out, wiping his mouth dry, looked at Lucci whose face stained with water in front of him while feeling embarrassed.

"Sorry."

However, Lucci calmly wipe the water from his face and didn't seem to bother from the rudeness.

"An unknown group of people attached at the border of Hidden Rain Village and Hidden Cloud Village creating huge chaos there."

"A unknown ninja?"

Uzumaki Xin frowned while thinking.

"Did you find out which Shinobi Village they come from?"

It's clear that this group of people did not come just to watch the fun.

They are here to create some trouble for them

Uzumaki Xin feel that this is not just a accident at all.

"No one know yet."

Lucci shook his head and said." Those people ran away after throwing Detonate Talisman and bunch of explosive weapon."

"??"

Why is this method somewhat familiar?

Uzumaki Xin suddenly narrowed his eyes and coldly said. "Someone is trying to frame-up us."

"Immediately, recall our people, we are going to go back."

Anyway, there are bit many refugees recruited these days so they can slipped away if they want.

"As for Konoha..."

"Just they'll the outside that Uzumaki Kingdom has suffered heavy losses because it carried defense on Hidden Sand Village and Hidden Rain Village and has no ability to continue, so..."

"I can only apologize to our Allies."

Anyway, they already paid last time so they don't need to stay here any longer, they just stay to recruit refugees and since refugees is gone now, it's time to go back.

"The Uzumaki Kingdom has don't it's best." Uzumaki Xin regretfully said

"Yes!"

Lucci immediately responded egrb he heard Xin's word's.

"I will go down and make arrangements."

"What about the fight there?"

"Just slipped away, looking at this situation, the other will start to move after a long time waiting."

Uzumaki Xin waved his hand.

"And also, send this girls back first, and notify Naga to come to me, I feel we need her this time."

"Three Ninja Village and Demigod..."

"I hope Konoha has the ability to carry this war, otherwise, they will need to speak d more money to buy weapon and our help."

Uzumaki Xin helplessly sighed.

"Konoha's Airship fee has not been paid yet, it seems that I have to notify the delivery group to rush."

Otherwise, what should he do it Konoha has no money anymore?

Chapter 353 - Konoha Side, Toad Immoral

Konoha Frontline.

"Has the mission been completed?"

Orochimaru looked at the Konoha Shinobi who come back and asked." There should be nothing wrong with the mission?"

"The mission is complete."

The Captain of the group said." It's just that all of the Detonate Talisman in the camp are.."

"It's okay, I have asked the village to add another batch. It should be delivered in a few days."

Orochimaru waved his hand, narrowed his eyes and murmured." I hope that both loyal and righteousness they talking is not all talk."

"Right now, Uzumaki Kingdom is ally, but if they found out that his, the Konoha will face huge disaster."

"Strengthen the surveillance on th Uzumaki Clan Battlefield, and lay attention to the movement of other village."

"This time..."

"If the battlefield move away from here, the Konoha can gian chance."

Orochimaru looked at the direction of the Uzumaki Clan with deep eyes, muttered." The Youngest Shadow?"

"What will you do this time?"

Or

Does the Uzumaki Kingdom really have the atreito survive this trouble?

And also...

"That idiot Jiraiya, why he didn't come yet!"

...

*Yawn~

The man with white hair and armor sneeze Id couple of time, rubbed his nose and murmured." Who the hell is thinking about me, Toad Immortal?"

"It is Tsunade?"

Jiraiya's eyes suddenly lit up.

"I have sneezed so many times these few days, it must be a lot of beautiful young ladies who are thinking of me."

"It seems that I am still quite popular with the girls, hahahahaha!"

"Jiraiya, are you going there?"

A Red Toad looked at Jiraiya and said." It you want me to say that you humans are really troublesome, why did you fight again after a short while!"

"The Old man asked me to go to the battlefield of the Hidden Rain Village." Jiraiya helplessly said.

"As for war..."

"Who knows?"

"By the way, what did Immortal Toad tell you last time?" Gamabunta asked

"Why the Immortal Toad wake up suddenly?"

"Are ther any prediction?"

"I don't know." Jiraiya also scratched his head in puzzledly.

"Great Sage want me to careful of a red haired person, but I don't know what that means?"

"But..."

"It's strange to ask me to take him to Mount Myoboku, this makes me confused all the time." Jiraiya said.

"What the hell does Immortal want to do?"

"Perhaps Immortal Toad dream again."

Chapter 354 - Arrangement before slipping

After the command is taken out, all the Uzumaki Shinobi start to move according to the command is they got.

"Everyone please don't worry!" Uzumaki Kaito shouted.

"According to the arrangement, please get on the boat in an orderly manner!"

"The civilians will evacuate first then the Ninja later."

"Don't worry, before the people leave, the Uzumaki Shinobi will not retreat."

"So don't be afraid!"

Uzumaki Kaito sighed helplessly, just like the previous war, ordinary people have no power to fight back, they can only watch silently in the corner.

"Is there anything wrong with the man who raised his hand over there?"

A Middle-aged man trembling put down his hand when he saw that everyone around him was staring at him.

He could only but the bullet and said carefully. "I... I can't not go.."

"..."

The audience suddenly fell into silence.

Kaiyo looked at him with a black line on his forehead, then ignore the man and shouted to the other Shinobi.

"Hurry up and bring people up!"

Want to create some trouble?

Don't dream!

He had already remember this person and when he goes back to the Uzumaki Kingdom, he will arrange him to clean the toilet for ten years.

At this time, let see if he can create more trouble.

....

"What happened to the Frontline?" Uzumaki Xin took a sip of tea and looked at Lucci who standing in front of him.

"Is there any accident?"

The girls were sent back to the Uzumaki Kingdom a few days ago, but Kushina was so unhappy that she punch Xin whatever she saw him and only yesterday Xin successfully sens Kushina back.

"The Hidden Sand Village sent a message, asking the Uzumaki Kingdom to ahnd over the Shinobi who attack them " Lucci said.

"Otherwise, they will going to declare War against Uzumaki Kingdom."

Uzumaki Xin shook his head helplessly, it's clear that this is a well prepared plan for them.

Don't they know that those ninja were trying to framed the Uzumaki Kingdom?

They probably trying to play confused and want to ask something from them

After the extermination of Senju Clan, the other can't wait anymore and want to fight the other?

Did they think Xin is easy to asked?

Xin is just lazy to deal with them that's why he never come and fight anyone of the enemies.

"Don't bother about the Hidden Sand Village, we should be able to evacuate all in there's two days."

"And be careful if the refugees, don't make any accident during this time."

"Yes!"

Declare war to Uzumaki Kingdom?

That's a funny thing that Xin never think about when he first step in the war.

If they really do that, Uzumaki Xin will never think twice to remove the Hidden Sand Village in this world.

After all, he is not coward and fool, with his strength he can really hold even the strongest Konoha Village and Hidden Rock Village combined.

Chapter 355 - Orochimaru's Plan

Konoha Battlefield

"Orochimaru-sama, the Airship of the Uzumaki Kingdom has once again entered the defense line."

A Konoha Shinobi respectfully said." And the Hidden Sand Village and Hidden Rock Village has also begun to strengthen their border force."

"It seems that the Hidden Sand Village can't wait anymore." Orochimaru narrowed his eyes while thinking.

"After such a long wait and see, are they finally willing to fight properly?"

Konoha Village has been fighting with they other Shinobi Village for half year, while the Hidden Sand Village and Hidden Rain Village is just playing around.

He guess that they want to rip off all the benefits in the end.

As for Uzumaki Kingdom

"Dot Konoha, you have to join even if you don't want this time."

A smile appeared on the corner of Orochimaru's mouth, looking at the Konoha Shinobi and asked." Has the Uzumaki Kingdom also started to increase its troops?"

"They increase the troops had already begun."

"According to the investigation, this time, Uzumaki Kingdom sent 15 Airship to the Battlefield."

"Tsk! Tsk!"

Orochimaru licked his mouth." The Uzumaki Kingdom is really rich."

"The Hidden Rock Village has also weakened the offensive power." Konoha Shinobi reported.

"Now, the pressure in the Frontline has been reduced a lot."

"Hehe!"

Hearing thile report, Orochimaru chuckled and shook his head, said faintly.' the Alliance of the Four Ninja Village?"

"Hehe!"

"It's ridiculous!"

Each ot the Five Ninja Village has its own careful thinking, how can it really br an alliance?

As long as the Konoha bears it down, it will eventually become the ultimate winner in the end, but..."

"We need to be careful."

Orochimaru sighed." We must hold on tightly, only if we can resist, Konoha can win."

With his scheming, he can bring the Hidden Rain Village, Hidden Sand Village, Hidden Stone Village, and Uzumaki Kingdom into a big chaotic fight.

If this is the case, Konoha will have the opportunity to mess up the situation, and when that time comes ...

Maybe Konoha's situation will get better!

As for now, they can only wait.

When the Uzumaki Kingdom and Hidden Sand Village officially start the war, Konoha has a chance to move the battlefield up.

....

Hidden Sand Village

"Master Kazekage, why are you declaring War with Uzumaki Kingdom at this time?" Chiyo frowned and look at Rasa in front on her

You know, the situation of war on their side is better than other part of the world, there's no heavy casualty, no death, no huge financial resources need, and they can keep their force whole while waiting for the right time to strike the other big village.

Unexpected, before they can even start the investigation, the Kazekage do such foolish and stupid move

Chapter 356 - Rasa's Hidden Ambition

"You know, the promise of own year is not arrived."

"As for the attack, we all know clearly that it's impossible for Uzumaki Kingdom to do such thing knowing what kind of people they are."

"Indeed, I know that those who attacked cannot be from the Uzumaki Kingdom." Rasa nodded, how can't he see that all of Thai is just a huge trap.

"But..."

He stood up and look at Chiyo with blank face." But we can't just wait, you know that Konoha already have a Mangekyo Sharingan User, and a Wood Release Shinobi."

"Who can guarantee that there's nothing will appear again?"

Thats why they united and ask the Konoha eto ahnd over the Mangekyo Sharingan User.

And as for Konoha, they dont care.

All they want is that Mangekyo Sharingan and the Wood Release User to disappear

[No one know that the Wood Release User, the last Senju Patriach died from the raid of Hidden Cloud Village so they thought that Konoha is hiding them.]

"..."

Chiyo sighed when she heard Rosa's words, and said." But now, the Sand Village is really can't compare to other four Ninja Village..."

They don't have money anymore.

"It's okay." Raasa faintly said.

"All the tools that the last Kazekage purchased from Akatsuki Organization have arrived, and even ordinary people can use it easily..."

Hearing Rasa's words, Chiyo's pupils shrank, staring at Rasa and said." I will never let you do that!"

"That's are just ordinary people, they shouldn't be involved in the the Shinobi War!"

"If the Hidden Sand Village want to rise, we just so anything that we can do."

Radablooed at Chiyo fearlessly." As for them? Haha!"

"Who can be save during the war?"

"Not to mention-"

Rasa looked at Chiyo and said word by word.

"I am the Kazekage!"

"Yo-Uou!"

Chiyo was choked by Rasa's words, she never expect that Rasa who haut become new Kazekage will use despicable mean to warm

"You will will regret this!"

Being treated, she can't wait to get out of here or else she can't stop her hand killing this bastard man

With one stamp of her feet leaving a hole inside of the room, Chiyo look at Rasa for the last time and leave.

Rasa looked at Chiyo who just left, with sneer on his face, he murmured." Do you think you can control me?"

"Stop dreaming!"

He really can't accept how those higher ups look at him, as if they looking to a An u ot normal Shinobi.

Did they think all the Shinobi here is part of the Consultant Team? And Second Kazekage Faction?

Rasa squinted his eyes, and a mysterious smile appeared of his corner of his lips.

"I heard that kid name Sasori is also a genius?"

Chapter 357 - Strange Church

Compared with the other battlefield, the Hidden Rain Village suddenly quieted down strangely this days.

The Ninja in the Major Ninja Village have not launched an attack in the past few days.

They all seem to be waiting....

Watching the he battlefield change in the side of Uzumaki e

Until the end, the Shinobi Village were assemble to launch a general attack on Konoha Village.

As for the Uzumaki Kingdom Defence line....

"This is the last batch!"

Uzumaki Xin stretched out, look at Lucci and asked." Do you need me to send you guys back to Uzumaki Kingdom first?

Anyway, he would not leave with the Airship.

It's really too slow, the Airship is shanking when wind hit, and you need week to arrive to the destination.

Xin don't have the mood to travel the sky.

And besides, he is capable of using Light Weight Technique, he can fly if he wany so no need to ride the Airship.

"No need, Young Master." Lucci shook his head.

"I will follow everyone to the Airship, so that if there is an accident at that time, I can also help."

"Fine."

Uzumaki Xin nodded helplessly, everyone was very energetic.

Well, maybe only him can be lazy at that time.

It's like a salted fish.

"Let me know if you have anything." Uzumaki Xin said.

"Then I'm going first."

Uzumaki Xin then used his Light Weight Technique and fly back to Uzumaki Kingdom.

Nowadays, the Uzumaki Kingdom is also in full swing for infrastructure construction, it is because of the Chakra Battery that Stored Chakra so that the entire Uzumaki Kingdom is powered up at the same time.

"Well, if I can only Comprehend Hydro Power Station and Wind Turbine, but I only know the look but not what inside."

Xin's Comprehension only work to something that he know, with additional of knowledge that is available, he can create it recreate something.

The only problem to his plan is, not single book, knowledge ot any other materials he can use to recreate so he can only give the project to those Scientist.

...

When Xin arrived, he noticed something strange, near the West Side of the Uzumaki Kingdom.

It's a church, and what makes it weird is the huge statue outside of the church.

Floating down, he look at the statue while looking attentively.

'Isn't this Kaguya?'

When he open his Sensor, he notice the strange being peeking out of the door of the church, Xin can tell, it's Black Zetsu.

He don't know why this Dutiful Son is doing in his Kingdom so he need to know what is he planning.

"Is anyone here?" Xin shouted, he know no one is here except Black Zetsu.

"You! Are you the leader here? Can you tell me what kind of church is this?"

"Ah!" Black Zetsu taken aback, he want to escape but he don't want to be discover so he answered while hiding.

"Usagi no Megami, the Goddess who brings hope and peace to the Ninja World."

"....."

Chapter 358 - Fooling Black Zetsu

"Goddess Usagi."

"....."

This name....

Uzumaki Xin doesn't know how to complain, he really deserves to be a filial son of thousand of years.

If there is a reward for the best son, Black Zetsu can get every type of Best Award without any problem.

Kaguya is lucky to have such dutiful son.

Just....

Is this dude is not afraid being discovered by Oldmsn Six Paths?

You know that the Chakra around the world have some part of Sage of Six Paths.

"... It's pretty good name, what are you looking for?"

Uzumaki Xin felt that he need to pretend to be confused, it else he will found out that he was familiar with his goal and might be surprised.

'Of course, my mother's name sounds good.' Black Zetsu thought.

"I'm trying to find people who can worship Mother - *ahem! Goddess Usagi." Black Zetsu almost slip out but it doesn't matter he can see that Xin don't really care.

"Goddess of Rabbit? What kind of Goddess she is?"

"She is the Goddess of Beauty, Goddess of Wisdom, Goddess of Strength, and many more." Black Zetsu proudly said.

"I see, so you want people to worship her?"

"Yes!"

"Then what is your plan?"

"See this church? I will try to pull people to work here, and then I will send them to spread the words of my goddess."

"Hmmm, can I ask your name first?"

"Name? You can call me Black Zetsu."

"Black Zetsu? What a weird name, never mind, Black Zetsu, do you know how to make your church more popular?"

"Spreading the name of my Goddess?"

Uzumaki Xin shake his head.

"Wrong."

"Then what?"

"The first thing you need to think is how you can attract the attention of people to join you." Xin seriously said.

"I think my Goddess Name is enough to attract people right?" Black Zetsu confused asked

He feel that just using the name of his mother, he can pull people easily.

Xin chake his head.

"You know, for people who just expirencing war, name is not important, what important is what you can give to them so they can follow you."

"Give?"

Black Zetsu thought, he is right, people are all greedy and selfish, if you can't give anything, they won't look or hear you.

"Do what should I gave to them?"

"Right now, so many people is hungry, if you conduct a feeding program, you can pull people to listen to you."

"Food? But I don't have money."

Xin smiled inward, this dude finally take the bait.

"You don't have money? Why not I give you a loan?"

Chapter 359 - Scamming Black Zetsu

"Before I give you a offer, I want to know first how large do you want your church can be?" Xin asked.

"As large as possible."

How can Black Zetsu content for a small church, he want to everyone in this world know his mother and worship her.

So it's better to get bigger.

"If you want bigger, you need bigger loan."

Xin take out a piece of paper.

"The highest loan I can give you is ten million ryo for the first Loan with 10% interest every month."

Ten million is huge, Black Zetsu know that this amount of money can fees many people and many people will know his mother name.

"But before I give you loan, you need to give me assurance first."

"What kind of assurance?"

"Assurance wireless hat you can pay back the loan you get."

"Is that so?"

Black Zetsu almost forgot, he is borrowing money and he need to give it back.

"What kind of assurance you want?"

"Business, monthly salary, way to earn money, assets."

Black Zetsu suddenly though, he don't have anything at all, no money, job or form of work that can earn money.

For the first time, Black Zetsu thought that money is important.

"You don't have any eat to earn money?"

"Well..."

"But don't worry, I accept different form of payment, you can pay me using Ninjutsu Scroll, Weapon, Arms, Precious Material."

Black Zetsu suddenly taken aback, if he is not wrong, back to his hideout, there's a huge amount of materials and Ninjutsu stored by Madara.

Before Madara left, he store huge amount of resources to the base, and those resources is never used even now.

'If I take some of those things, Madara will not notice it right?'

Thinking this, Black Zetsu think that Madara will never noticed if something is missing.

"I have some collection of Ninjutsu and weapon, do you think that is enough?"

"Are you a Ninja?"

"Ah? I'm just a Collector."

"Collector? That's good, you can take your collection and let me see the worth of it."

"Then the money?"

"Don't worry, after I see the value of your item, I can give you money."

"At the same time, I think you need some knowledge if you want to build a cult."

"You know how?"

"Of course." Xin said.

How can't he know when he already see different kind of cult in his past life.

"Then please teach me."

"Good."

Uzumaki Xin did not expect that Black Zetsu will not only send him money but also want to learn from him.

Having Black Zetsu near him is preventing this Black Fool doing something behind his back, if he is here and he can make this cult work, maybe Black Zetsu will end up for getting his true proposed for meantime.

Chapter 360 - The Chaotic War Finally Start

Orochimaru looked at the map in front of him, with a smile at the corner of his lips, narrowed his eyes and murmured." This record is properly enough."

When the time comes, his teacher should be helping him publicize his achievement in the Konoha Village.

Prepare for his addiction and take over the Hokage position.

Just....

It is not time yet.

So he must not Gail in this war."

Orochimaru's eyes showed a sharp light, picked up cup next to him, place it directly on the map of the Hidden Rain Village, and smiled to himself.

"Wat should start... "

"Lord... Big thing!"

Before Orochimaru could even finished his plan, a Konoha Shinobi rushed in with panic expression.

"Orochimaru-sama, there's a bad news!"

"What's the matter?" Orochimaru frowned, looked at the Konoha Shinobi in front of him

"Don't panic, speak slowly."

Did something unexpected happen?

"Hidden Sand Village attacked!"

Konoha Shinobi took a breath, pontes outside the tent and said." They finally start attacking!"

Finally start attacking?"

Orochimaru smile, his plan is starting, the Konoha is about to come back.

"Sure enough, as I guessed, Hidden Sand Village, and Hidden Rock Village can't wait."

"But..." Konoha Shinobi look pale.

"The situation is different from what we plan."

"Of course, the battlefield is changing rapidly, and I can guess all of them."

Orochimaru smile." Don't panic, as long as Hidden Sand Village declared war with Uzumaki Kingdom, then everything else doesn't matter."

"It's just..." Konoha Shinobi looked at Orochimaru with weird gaze.

"The Uzumaki Clan...."

".... Ran..."

".... What!!!"

"What are you talking about!"

Orochimaru is right, the battlefield is rapidly changing, no one can predict what will happen next, of course, he did not predict that Uzumaki Xin will run away with his people.

...

A week later after the incident on the border of Land of Wind and Land of Earth.

Hidden Sand Village, and Hidden Rock Village officially declared war on Konoha.

As for Konoha's ally who resisted the Hidden Sand Village and Hidden Rain Village, the Loyal and Righteous Uzumaki Kingdom with a small population.

They don't have enough Ninja, and finally couldn't hold back, in the end, they 'suffered' heavy casualties and officially announced the withdrawal from the war.

It is claimed that the Uzumaki Kingdom has no ability to guard the rear for its allies.

Of course, this is not the real situation.

Maybe only those in the battlefield know the truth.
