

## Uzumaki 361

### Chapter 361 - Thankless

"I...."

The originally kind grandfather finally broken, looking at the information that just come in from his hand, he can't help but to cursed loudly.

Even his beloved smoke pipe did not even realized that fell to the ground, his eyes is looking attentively on the information from belowm

"Damn it! The Uzumaki Kingdom is really deceive!"

"I want a refund!"

"Refund my money!"

"Ask the Uzumaki Kingdom to refund the money!\*

"Lord Hokage."

Suddenly, a Konoha Anbu appeared in the Hokage's Office and respectfully said." Advisor Danzo and Advisor Utatane have arrived in the meeting room."

"Ok."

Sarutobi Haruzen took a deep breath calming his self, his picked up the pipe on the ground and nodded

"I see, you can go down first."

"Yes!"

Looking at sharply at the intelligence report in his hand, Sarutobi Haruzen sighed and murmured." It looks like a decision has to be made."

....

Meanwhile, Uzumaki Kingdom

"It's here!"

Uzumaki Xin said with a smile.

"Two story villa should be suitable for you to live in, and here..."

"The spacious balcony na lounge chairs, you will like to stay here.

"Studies in the Uzumaki Kingdom show that if people laugh more in the sun, they will not only live longer, but also benefits the development of ohystabd mental health."

"It's beautiful!"

Black Zetsu can't help but to amazed how beautiful the whole villa.

Just remembering how he stay on a dark, wet and humid cave underground with a Madara all Thai years makes him feel like a fool.

Looking at the whole villa, he feel that this is a perfect place for his mother to stay.

For the first time, Black Zetsu feel that Uzumaki Clan is useful on so many ways.

Not on he got free information and knowledge creating a cult, he also get money.

Black Zetsu can already see the whole Uzumaki Kingdom become worshipped his mother and serve them for life.

"So how much all of my debt?"

"With the Church fund and the Villa, it's ten million ryo over all, and because your are a founder of a pretty good church, I decided to give you 1% discount."

"Only 1%?"

"That's hundred thousand ryo, and you cant find another people who give discount on debt."

"Well... You are right."

Human are born greedy, they will not give you anything for free unless they are crazy or fools.

But this kid is not a fool for sure, even so, Black Zetsu can't help but accept all of his offer open-handed.

"I will pay you later, just save this villa for me."

"Sure."

Chapter 362 - Current Konoha Situation

Weeks later after Uzumaki Kingdom left the war

"Insufficient troops."

Sarutobi Haruzen took a mouthful of smoke and sadly said." We must be prepared, the current situation on the battlefield in the Land of Rain is not so good."

"But now all the Ninjas on duty have been dispai."

Utatane sighed and said." In Konoha, there is no other force available except for the Ninja needed for the daily maintenance."

"Of course."

"And the Uchiha Clan."

Turning her head at Sarutobi Hiruzen and said." As for how to arrange it, it's up to you, now the best way is to find allies.x

However.....

When Sarutobi Haruzen heard looking for an ally, the hand holding the smoke pipe suddenly trembled.

"Which Village can be allies now?"

It can be said that because of the Mangekyo Sharingan incidents, the Konoha reputation has been ruined m

Couple with the sudden appearance of Wood Release, it is estimated that no Shinobi Village want to see Konoha to win again.

"What should the Uzumaki Kingdom do?" Danzo asked with a frown.

"Our deposit is also given away."

The Uzumaki Kingdom is too shameless, immediately ran away as soon as it declared war by Hidden Sand Village.

It is estimated that the Uzumaki Kingdom has not really tough with Hidden Sand Village and Hidden Rain Village in the past months.

There must be some conspiracy in it!

It seems that they need to arrange for a Ninja to investigate.

Sarutobi Haruzen shook his head helplessly and said." I have already condemned the Uzumaki Kingdom, buy the hope should not be great."

In the situation Konoha is facing now, they can't do anything to Uzumaki Kingdom at all, much more that they come to help and they can't push them to fight for them.

There's also the villagers is spreading that the Uzumaki Kingdom has done it's beat so it's right to give them time to rest

The Uzumaki Kingdom has suffered heavy losses for Konoha so they deserve to go out of the war first.

The Uzumaki Kingdom is a good Kingdom, it you take it rashly, the Konoha Village reputation is really over

So far, Sarutobi Haruzen has not found out where the rumors come from, but now he can be sure.

This is definitely related to the Uzumaki Kingdom!

"There is also the rumors."

Sarutobi Haruzen sighed." In any case, the rumors in the village must be blocki."

Otherwise, the Uzumaki Kingdom will not be hit by that time.

"I will let Root move." Danzon nodded.

"I will definitely control the rumors in the village."

"Then, how is the situation going to be solved in Orochimaru."

That's Four Ninja Village.

Even him can't fight them so long, he is not the Ninja God who can push the whole world easily, they need to come up with a plan before Orochimaru's group crumble.

Chapter 363 - Drastic Changes

"What about those Small Village?" Homura asked while frowning.

"Can we gather forces to support Sakumo?"

"For Sakumo....."

Sarutobi Haruzen shook his head with wry smile." Those little Ninja Village have formes an alliance, and the situation on Sakumo's side is not so good now.'

If you don't at will, not only will it not be shocking, but it may also cause more troublesome results.

"Oh.." Homura sighed.

"Where is Mito-sama?"

"Have you asked about the situation in Uzumaki Kingdom?"

Maybe Mito-sama had a way?

"Haha."

Sarutobi Haruzen said with helpless expression in his face." Since the last time, Mito-sama has not seen me anymore."

"Except for the Nine Tails, don't go to her in the future."

"..."

Utatane and Homura frowned, feeling helpless inside, sure enough, Sarutobi Haruzen's affair made Mito-sama a bit disgusted.

But no matter what.

Konoha is not in trouble, Mito-sama shouldn't stand by!

"Then there's only way for us."

Utatane narrowed her eyes, looked at Sarutobi Hiruzen with sharp gaze and said." School."

"!!!"

Sarutobi Haruzen suddenly widened his eyes when he heard it, and said." Those kids haven't graduate yet, they shouldn't be that way!"

"But this is the only way!"

Utatane said sadly." And those Soxt Grade Students should have graduated, plus most children on the Scholl ate the children of the Konoha Clan, they have long been taught systematically back home."

"I'm sure they can handle a variety of Ninja tasks."

"..."

Sarutobi Haruzen was silent for a while, and finally sighed, nodded as if compromised and said." I'll leave this to you to arrange.'

"Keep the children safe away..... Ha.."

"It's Konoha's hope.."

"Okay!"

Hearing Sarutobi Haruzen's words, Utatane nodded." I will make arrangements."

Sarutobi Haruzen nodded in satisfaction, then after a vague glance at Danzo, he turned his head at everyone present.

"In that case, Konoha need them.'

"Anyway."

"Konoha must win!"

He don't know why but Sarutobi Haruzen feel something is bad going to happen, this not once but couple of times.

What confused him is that, whatever he try to think the reason, he can't find the problem, but they don't have any choice so he can only bite the bullet and follow the arrangements.

#### Chapter 364 - Chief Uchiha Decision

Uchiha Clan

"It seems we have to prepare."

Chief Uchiha calmly looked at the special Kunai on the table, he knew when the village let the Uchiha Clan go back to war.

Uchiha Clan could no longer stay in the village.

"Father."

"Call me Patriarch."

"... Patriarch."

Uchiha Fugaku looked at his father on front of him, with a trace of dimay on his face while thinking.

"Is it really necessary to do that?"

"We can't help anymore." Chief Uchiha shook his head.

"When the Mangekyo Sharingan appear, we have no choice."

Originally, the Uchiha Clan did not well in the Village, but after the Mangekyo Sharingan appear, Uchiha's situation become even worse.

Everyone is jealous, jealous to Uchiha's Eyes.

"The Old people of the clan..." Uchiha Fugaku hesitated for a while.

"There are still some in the clan who are pro Konoha Faction."

Especially the Clan Elders, most of them are a group of ambitious people, all want to return to Konoha's Core High Level.

But everyone is pretending to be confused.

You know, the Uchiha Clan stays away from the core, it's the rule set by the Second Hokage Tobirama.

Do they think that as long as they work hard as a Police Officer, the person above will let them go?

Unless the Uchiha Clan hasn't awakened Mangekyo Sharingan for a lifetime, maybe they will let them go.

"Ha..."

Chief Uchiha deeply sighed, stood up and said. "In the past, Lord Madara wanted the family to rebel and follow him."

"But those old foolish people refuse for the sake of a comfortable life here in Konoha Village..."

"But no one knows, only Lord Madara is in the Uchiha Clan, so no one would dare to do anything to the Uchiha."

"They are all foolish!"

Chief Uchiha emotionally said

"When Lord Madara leaves, the outcome of Uchiha Clan has already been decided."

"But some people still don't understand, they are eager to return to the Konoha's Core, and they want a Hokage to appear in the Uchiha Clan."

At this moment, still thinking of taking the position of Hokage by force?

"What a bunch of idiots!"

Chief Uchiha sighed and looked at Uchiha Fugaku.

"I will let some of the Clan members leaves these days, so follow along."

"Father... I.."

"I'm already a Shinobi!"

"Shut up!"

"Leaving this place and leading the people down is what you, the Young Patriarch should do, as for the rest...."

"It has nothing to do with you.."

Chapter 365 - Bad News

"According to the investigation of the Anbu, Uchiha Clan members have all returned to the village."

Sarutobi Haruzen sat in Hokage's position, looking at Danzo in front of him and said." But, the Uchiha Clan members have not taken it seriously recently."

"To guard Konoha's responsibilities, most of the people stay at home."

After the meeting, he gave Danzo a vague look and asked him to come to the Hokage's Office.

After all, there was something..

As Konoha's Hokage, Konoha's Light, those who cannot participate must endure the darkness to cooperate.

"The Uchiha Clan may want to launch a coup."

Sarutobi Haruzen said with a serious expression, smoking his pipe looking at the information on the table.

"I heard that there is a quite a lot of movement inside."

"....."

Hearing Sarutobi Haruzen's clear hint, Danzo looked at him speechlessly.

"Perhaps they are just having family dinner?"

"It will be restored ok a few days.,x

"Oh?"

Hearing Danzo's words, Sarutobi Haruzen sighed and said." I hope so."

"But Konoha can't have any accident during the war, so I can only trouble you, Investigate clearly what the Uchiha Clan are doing."

'Danzo, you have changed, you weren't like this before.'

'How you loves Konoha Village I'm the past.'

'Omce there is any threat to Konoha Village, you will directly solve it no matter what it is.'

'Now, you actually say..... '

'What the hell answer is that?'

Having dinner together?

'Danzo, you have changed.'

Sarutobi Haruzen want to say this but he keep it inside, he like Danzo changed but he also like when Danzo is extreme.

"Now Konoha's Anbu has gone out to perform tasks."

Sarutobi Haruzen took a deep breath and said." I can only rely on your Root."

"To know.... "

"Behind the big tree in Konoha Village, is the huge one that plunges deep into the earth..."

"Root!"

"I will arrange the Root to investigate this!" Danzo helpless said.

"But so you really want to do this?"

"In any case, Konoha is the Strongest Ninja Village among the Five Great Ninja Village.... "

".... Do you really want to compromise?"

Danzo really thought that the book a few years ago were for nothing.

Of you have stains, how can you

inherit the Hokage position?

And also...

Sorry, my good friend...

Chapter 366 - Frontline Situation

Sarutobi Haruzen took a breath and said helplessly, "There are so many enemies that Konoha will face in this battle."

"If it is not resolved immediately, Konoha will fall into more trouble. Seriously troublesome."

Looking at Danzo with clear eyes, "Everything we do is for Konoha!!"

"For the peace of Ninja World!"

Had it not been for the temporary retreat of the Uzumaki country army, how could they Konoha facing the current situation, so...

"Let the Uzumaki country return all the money, and the three airships Konoha ordered, let Akatsuki send it too!"

"Oh!" Danzo sighed helplessly.

How could he not know the crisis Konoha is facing now? Once it is not handled properly, there may be no Konoha in the entire Ninja World, and then his own Hokage Dream will be shattered, but...

"I didn't have a choice before..."

Danzo raised his head, looked at Sarutobi Haruzen with an implicit remorse, and said, "But now I want to be a good person."

"..."

My day ...

Sarutobi Haruzen cursed inwardly, but you still want to be a good person?

You are a good person, what does this Hokage do?

"I understand you."

Sarutobi sighed, nodded, and said, "No one understands you, but I understand..."

"Everything you do now..."

"It's all for Konoha!!"

...

There is a saying in Orochimaru that I don't know if it is inappropriate.

Uzumaki is not a small partner of justice, not Konoha's ally, is it loyal and righteous?

Why did you withdraw? ?

"What's the situation now?"

Orochimaru rubbed his forehead with a headache, and asked, "Has both hidden Sand Village and Hidden Rock Village started to attack?"

For his own Hokage's position! !

Why is this...that's it...

It's gone! !

I don't know what the teacher will do?

"We have been encircled with Hidden Cloud Village."

Konoha Ninja nodded and said, "The front line is not very good now, especially in Hidden Sand Village, and Hidden Rock Village, a new type of cutting tool has appeared."

"Although it is not powerful, it can instantly cast ninjutsu."

"Oh?"

Orochimaru immediately looked at Konoha Ninja curiously, and asked, "What the hell is it like?"

New cutting tools?

Who invented it?

Chapter 367 - Strange Tools

"A glove style."

Konoha Ninja said, "And it seems that ordinary people can use it, so Hidden Rain Village and Hidden Sand Village suddenly have a lot of ninjas."

Hearing Konoha Ninja's words, Orochimaru suddenly narrowed his eyes and said, "Do you know where they got it?"

If ordinary people can also use it, plus a lot of...

Perhaps Konoha may have hope of victory.

After all, Konoha doesn't have much, just more people and more money!

"Still still not clear."

Konoha Ninja shook his head and said, "Ninja has been arranged to investigate."

"But now..." Konoha ninja gave a wry smile, "Maybe I can't hold it anymore."

"Oh!" Orochimaru sighed, stood up and said. "The only way today is..."

The assassination was performed!

"Inform Konoha, we needs help here."

In any case, Konoha cannot fail!

I can't failure!

...

Uzumaki Kingdom

"Konoha's airship has been completed."

Katasuke walked in, looked at the whirlpool in front of him and said. "Do you need to send it over immediately?"

"Send it over!"

Uzumaki Xin nodded and said. "I guess Konoha is not feeling well now, so I have to give them some hope."

"If Konoha asks you for money then."

"Just say that Akatsuki has nothing to do with the country of Uzumaki!"

The corner rolled his eyes and said faintly, "No one can get money with me!"

"Oh, by the way, the scientific research institute just came here and needs to apply for a batch of funds for the experiment of Chakra extraction."

Uzumaki Xin found out the documents sent over not long ago, and said puzzledly. "What did you just say? "

"..."

Katasuke took the document, looked at him speechlessly, and said, "It's nothing, I will approve it, and if it's appropriate, I will approve it as soon as possible."

For the scientific research institute, he dare not confuse other people's funds, after all...

Science cutting tools and gloves are both profitable things! !

"Then I will trouble you."

Uzumaki Xin yawned, nodded, and said, "By the way, take the scientific tool price report."

"Maybe it will be used."

"Understand." Katasuke nodded, and the scientific tool for this battle will appear. It is estimated that many Shinobi will come back and buy it by then.

"Does the price need to be increased?"

"No need."

Uzumaki Xin shook his head and said, "It is fair to do business. It is not possible to have one price a day."

## Chapter 368 - White Zetsu & Black Zetsu's Day

"By the way, go to the Land of Rain, maybe there are other Shinobi villages that will buy it?"

Uzumaki Xin showed a mysterious smile and murmured. "I don't know what Konoha will do at this time?"

...

Early in the Morning

Three days have passed since he came to the country of the vortex.

Black Zetsu looked at the people coming out of the balcony one after another, with curious expressions on his face. Yesterday he asked absolutely, these people got up so early to go to work.

he heard that going to work can make money...

Black Zetsu scratched the back of his head, as long as they make money, they can pay the rent.

After paying the rent, he and his mother may be able to live here forever.

There are soft beds and comfortable sleeping chairs. If you can live here, who wants to go back!

For the past three days, mother will lie on the sun lounger on the balcony every morning, quietly looking at the people outside, with a confused expression on her face, until the people who lie outside come back from get off work.

He knew that Mother couldn't do this. No matter what, as a product of Infinite Tsukuyomi, Black Zetsu knew his mission. It would be bad if he had other thoughts about peace.

but...

Black Zetsu knew that he was different from White Zetsu, no matter what, he would listen to his mother.

He have another goal beside freeing his mother, and that is giving a good life for his mother retirement day.

...

Mountains' Graveyard

White Zetsu turned his head and looked at Master Madara who was sleeping aside. For many years, Master Madara had not lain down and slept.

He has always been...

Sitting.

"Master Madara, White Zetsu is going out."

White Zetsu walked to the side of Madara and said in a low voice, "Dont worry, White Zetsu will be back soon."

He didn't know how Master Madara would do after he wake up, he head that you need money now if you want to go out.

And with Master Madara's condition, White Zetsu doubt that they can get money easily.

After all, Master Madara is already old, and even walking is trembling.

and so...

White Zetsu decided to go out for a walk today. He hasn't been out for so many days. Maybe there is any way to go out and have a look?

He heard that Uzumaki Kingdom is hiring and paying money, maybe its better to go their.

Pretending to be a black long straight young man, rushed out happily.

Chapter 369 - Will of Fire

"Master Orochimaru, let's withdraw!!"

A Konoha ninja shouted, "We can't keep it."

Too many enemies!

If this continues, we may all have to stay!

Orochimaru narrowed his eyes, looked at the defensive map in front of him, and sighed inwardly. In the face of absolute strength, any strategy is useless.

"Can't retreat!"

Orochimaru said with a sigh. "If you retreat, you will be at the border of the Land of Fire!"

Why did they set the battlefield in the Land of Rain?

Isn't it just to weaken the risk of war to the Land of Fire?

"But..." Konoha Ninja hesitated, but decided to say it, "We will die!!"

There is no need to make indifferent sacrifices, now Konoha faces the Three Ninja Villages and the Hidden Rain Village, and there is no hope at all!

"..."

There was a moment of silence.

"Isn't that the way the ninja is?"

Orochimaru said with a confused look, "sacrifice for the sake of protection."

...

Konoha Village

"Have you arranged for the academy?"

Sarutobi Haruzan took a cigarette, and looked at the sleeping girl in front of him, and said. "In any case you need to ensure the safety of the children, they..."

"It's Konoha's future!!"

Sarutobi Haruzan stood up, the bearer walked to the balcony, looked at the child with a smile on his face, and said with a smile. "Where the leaves fly, the fire is endless. The fire will continue to illuminate the village, And let the new leaves germinate."

"Young people will eventually become the pillars of Konoha's future!!"

"It has been arranged." Utatane nodded and said, "But there is a trouble, you need to decide!!"

-

There is no undead in war! !

Now she can only let the frontline take care of these children.

"What's the matter?" Sarutobi Haruzen asked, frowning, "Know that Konoha can't have any accidents now!"

Is there any family that refuses?

"Even my grandson wants to go out to perform tasks." Utatane said helplessly, "His teacher is almost annoying by him now!"

"Didn't I say that in any case, neither of them can go out?" Sarutobi Haruzen said with a frown, "This is just a nonsense!"

"That ninth-rank girl, but nothing!"

Utatane shook his head, looked at Sarutobi Haruzen calmly, and said, "But..."

"We promised Master Mito that she would have a happy childhood."

"I'm doing what Mito-sama told me now." Sarutobi Haruzensaid helplessly, taking a puff of smoke.

"Those who have experienced war, desire peace more than anyone!"

"Perhaps staying in the village is what she wants."

"Wood Release..." Sarutobi Haruzen showed a trace of confusion in his eyes. Finally, he sighed and said,

"Let him go to Orochimaru!"

Chapter 370 - Hokage Dream

...

Konoha in mid-year.

Because of the severe situation Konoha faced, consultant Koharu turned to Hokage to suggest that most students of Konoha Ninja Academy graduate early and enter the battlefield.

In order to solve the current problem of Konoha's scattered forces.

In addition, Master Hokage came to the academy in the afternoon to apologize personally, and at the same time encouraged the students of the academy to understand that they are Konoha's future and that they should protect their own safety.

By the way, I blew the Will of Fire.

Suddenly aroused a piece of children chasing Hokage's dreams!

...

Konoha battlefield.

"This is absolutely not possible!!" Orochimaru frowned and looked at the three Ninja Village Alliance not far away.

He knows that if this continues, the line of defense will collapse sooner or later...

Konoha has too few ninjas! !

Even he, the commander-in-chief, went to the battlefield in person, and you can imagine how severe the situation is now.

"It's starting again!"

Orochimaru sighed, the ninja who attacked again not far away. "Let the people below start defending!"

"We must hold on anyway!!!"

"Yes."

...

Uzumaki Kingdom

An old man with gray hair walked slowly on the road with a cane.

Uchiha Madara was curious about everything in the Uzumaki Country.

What is the reason why the people of this country can live in peace with the ninja without creating a gap?

"Is the Uzumaki Kingdom"

Madara murmured, "What a strange thing!"

In the morning, White Zetsu went to work, he heard that it was a place to take care of children. What does it seem to be called a nursery school? ?

just...

"The owner of that nursery school is probably an idiot."

Madara shook his head helplessly, otherwise, how could someone hire someone who only knows how to paint to teach a child to paint?

"Huh?" Uchiha Madara muttered, looking at the surrounding trees, "I'm here."

He remembered that this place seemed to be the big mountain next to the farmland of the Uzumaki Kingdom, an undeveloped place! !

"Go back!" Madara looked at the sun about to set, sighed, and murmured, "It is estimated that White Zetsu will be off work too."

By the time he can't see himself, he will be anxious again.

however...

Just as Madara was about to turn around and leave, she suddenly stopped, frowned and turned her head, looking at the depths of the forest behind, and muttered. "This movement..."

"Who on earth is it?"
