

Uzumaki 381

Chapter 381 - Everyday's Problem

Two Months Later, Konoha Village

Due to the union of Hidden Sand Village, Hidden Rock Village and Hidden Rain Village, Konoha Village was lost and suffered heavy damage.

Anti-war sentiment began to appear in Konoha Village. Most people complained about Hokage.

Why should they let their underage children go to the battlefield?

and so...

"Oh!"

Sarutobi Haruzen took a cigarette, turned his back to Danzo, sighed, and said, "Konoha can't wait."

"If this continues, we will be sorry to the teacher and the first generation adults."

And Danzo...

He have a word that should be said improperly.

....

"Where are you going?"

Black Zetsu asked with a speechless look in front of him, a pair of A Fei who was about to go out,
"Where is Lord Madara?"

"Master Madara is resting inside."

White Zetsu pointed to the room next to him, and said anxiously, "I have prepared the meal, now I am going to work."

"You will talk to Master Maddara later."

Don't hurry up, this month's full attendance will be gone.

Then, he hurriedly left, leaving a dumbfounded expression...

"What did he just say?"

White Zetsu asked, "Don't you need to take care of Lord Madara?"

"I don't know."

Black Zetsu replied on the other side, "It seems to be a part-time job, who knows?"

"Are you going to see Lord Madara now?"

"Forget it."

Absolutely glanced at Master Madara's room, shook his head, and said, "Let's go find the red-haired kid, Master Madara doesn't know how long to sleep."

"Zetsu..."

"Look at what the kid wants to do?"

He still remembers the task that the little ghost gave him, which caused a melee in the Five Ninja Village...

"What about the food?" Black Zetsu nodded when he heard it, "Do you need to talk to Master Madara?"

"..."

Call you a ghost!

Master Madara want to eat?

He has always eaten dirt in the cave!

Blazk Zetsu sighed speechlessly and said, "Leave a message."

Lord Madara doesn't know when to wake up, and now we still have tasks, but we don't have extra time to waste outside, and there are still many things to be arranged by the Goddess Usagi Cult...

Chapter 382 - Hidden Mist Cheekiness

"The process of urbanization is also accelerating."

Uzumaki Xin looked at the documents that came up below, and said to Naga beside him, "Now the roads in the Uzumaki Kingdom should have been re-paved."

Now that there is a war outside, Uzumaki Kingdom is taking advantage of this time to develop well.

And Business...

He took three airships with him a few days ago and had already gone out to serve as an arms dealer for a while.

An arms dealer who loves peace...

"Except for the undeveloped mountainous areas, in other cities, the docks have already been paved."

Uzumaki Xin looked at the memo in his hand and said, "The land has already started to develop the mountainous areas."

"So fast?" After hearing this, Uzumaki Xin frowned. It is impossible for a country to build all places into cities. Uzumaki Xin doesn't know if there are problems such as soil erosion in this world, but...

Thinking of Hidden Rain Village, he felt a bad feeling in his heart.

"We still have to protect the environment!"

Uzumaki Xinsighed and said, "Let my dad not start developing the mountainous area, and finish the construction of the delineated cities. As for the others..."

The Uzumaki Kingdom is still too small, and today's small island is not conducive to the development of the country of the vortex.

It seems that we are about to start an experiment of reclamation of the sea and land.

Uzumaki Xin touched his chin and looked at the map on the table. Now he can only build it up or towards the direction of Hidden Mist Village.

However, the original land reclamation technology in the world may not be suitable for the Ninja World, so...

We still need to wait for the research institute to study and investigate, and then see if there is a suitable way for ninja to build land. After all, the Uzumaki Kingdom does not have the equipment for land reclamation in the original world.

"Understood."

Naga wrote down the memo and asked again, "There is news from the scientific research institute that the chakra crystal and placer gold are now used up and need to be added again."

"I'll notify the people below." Uzumaki nodded, and said helplessly, "Is there no progress in the research on Chakra glass?"

As for the placer gold, he can solve it by myself. As for the chakra crystal...

Have no idea! !

Moreover, such long-term external purchases are not an option! !

"It seems that there is some progress."

Naga frowned as if recalling something, and said, "But every time the chakra is stored, it disappears automatically after a while."

Hearing what Naga said, Uzumaki Xin nodded in satisfaction. If there is progress, it is good, but he is afraid that there will be no progress at all.

Moreover, from the original can't bear it to the present one, this is a huge improvement! !

Maybe glass can replace chakra crystal in a few days?

"Stay research, don't worry about waste."

Uzumaki Xin knock tapped his finger on the table and said, "Anyway, the glass scraps can be recovered and re-fired anyway."

"Okay."

Naga nodded and said, "The last thing is Mist Shinobi's prisoners, there is a message from Hidden Mist Village."

"They did not arrange for anyone to invade the Uzumaki Kingdom, they hope Uzumaki will take Shinobi handing it back to them and letting them investigate in person will surely give Uzumaki Kingdom an explanation."

Chapter 383 - Uchiha New Leader

"..."

Is Hidden Mist Village so cheeky? ?

Uzumaki Xin was speechless, and thought he was a teenager! !

"In this case, told Hidden Mist Village, Uzumaki Kingdom has made it clear that those are not ninjas from Hidden Mist Village."

A sneer appeared at the corner of Uzumaki Xin's mouth, and said, "You don't have to trouble Hidden Mist Village, our Uzumaki Council itself Deal with these captives."

Make you slick! !

That being the case, these Shinobu will be left in Uzumaki Country for transformation!

"At the same time, let the ideological and moral teacher teach the Mist Shinobi two more hours at night."

Uzumaki Xin narrowed his eyes and said, "Add ten more test papers every night!!"

If you don't believe in such an education, then these ninja three views will not be changed!

"Yes!"

Naga looked at His Royal Highness Xin with a weird smile, nodded, and said, "I will arrange it."

"And..."

When Uzumaki Xin was about to say something, he suddenly paused and said with a smile, "There is nothing more to do now, you can go down first."

"Yes, Your Highness Xin." Naga nodded, then turned around respectfully, planning to leave.

She could see that His Highness Xin seemed to have not finished speaking, and deliberately pushed himself away.

but...

As a ninja, he still earnestly implements the orders given by His Highness Xin, no matter it is...

When he sensed that Naga had left, Uzumaki Xin suddenly narrowed his eyes and smiled, and said, "Come on, welcome to the general manager of our branch!!!"

...

The Uchiha clan.

"Prepare to gather those people in the evening." Chief Uchiha stood at his training ground, staring at the sky with confused eyes and said, "It's about to begin."

When some people in the village refused to fight and began to resist the war, the Uchiha clan came to an end in Konoha.

After all, how can we ensure that the kaleidoscope will no longer appear?

There is no other way except the destruction of the Uchiha clan.

When Uchiha Fugaku heard his father's words, he opened his mouth as if he wanted to say something, but when he saw his father's sharp eyes, he finally sighed and said, "I understand."

He knows that his most important task now is to lead the Uchiha clan to survive, and his father...

They will sacrifice for the survival of the Uchiha clan.

"I will contact the daimyo of the Uzumaki country later." Seeing Fugaku nodded, Clan Chief Uchiha said lightly, "I will personally talk to the Uzumaki daimyo and the Uzumaki clan chief."

"As for you..."

"Just lead the Uchiha clan down!"

"But..." Clan Chief Uchiha stared at Fugaku's eyes blankly, and said, "Remember, the Uchiha clan are not dogs!!"

"You don't need to live without dignity like a dog!!"

"No one can blaspheme Uchiha's name!" When Uchiha Fugaku heard this, he raised his chest and shouted, "I will protect the reputation of the Uchiha clan."

"Go on!!" Chief Uchiha nodded in satisfaction, and said, "From now on, you will be the chief of the Uchiha clan. Remember to take care of your clan."

Chapter 384 - Konoha Surrender?

"Why are you here?"

Uzumaki Xin squinted at the Black Zetsu in front of him, he remembered that he should definitely hate seeing him. After all, he...

Tricked him so many times!

Why did you come to see him suddenly?

Did something happen?

Absolutely ignored the unkind look in the red-haired kid in front of him, and said faintly, "There is indeed an important thing to inform you."

He really don't want to see the kid in front of me. Now the Goddess Usagi Church has just begun, and there are so many things waiting to be arranged by myself.

He is very busy, but...

For the sake of mother's resurrection, I can't help but come!

"Oh?"

Uzumaki Xin became curious and asked, "What's the matter?"

What is it that makes this person who is not afraid of being pitted by himself and muster so much courage to come over?

Looking at Uzumaki Xin, he said helplessly, "Konoha..."

"It seems to want to surrender!!"

Are you kidding me?

Uzumaki Xin looked at Black Zetsu in front of him with a dazed expression. 'What was he talking about?'

The village created by the god of ninja will surrender?

Do not make jokes.

If he really surrenders, Sarutobi Haruzen's Hokage position can't be done anymore? Is it because he sees that Danzo is still running for his ideals at such an age, and as his friend intends to help him realize his dream?

"Are you sure?" Uzumaki Xin frowned and asked, "Will the Lord of Land of Fire agree?"

"I don't know what's going on?" Black Zetsu shook his head and said, "But there is still anti-war sentiment in Konoha Village."

Anti-war sentiment?

Uzumaki Xin touched his chin with a look of thought. How long did Konoha have anti-war emotions shortly after the start of the war?

This can't work!

If you don't fight, how will the Uzumaki Kingdom develop?

"If this is the case, you continue to monitor Konoha's situation."

Uzumaki said, "If Konoha really surrenders by then, then you have to" *Sighed, patted Black Zetsu's shoulder, "It's up to you. !!!"

With a smile on his face, "I am optimistic about you!"

"??"

Looking at Uzumaki with a dumb look, what's up with me?

He just came to inform the news.

Konoha

He can't beat it!

Chapter 385 - Condition of Konoha

"Don't worry." Uzumaki Xin patted Black Zetsu's shoulder, with an expression that I believe you, and said with a smile, "You can do it!!"

The famous black hand in the Ninja world, who can do it if you can't! !

"I don't know if it's inappropriate to say something!" He hesitated for a moment, he didn't spit out something in his heart!

However

"Then don't talk about it." Uzumaki Xin said with a smile, he is already a thousand years old, and there is something wrong to say?

This is going to cause trouble!

"Now let's accompany me to Konoha first!"

He just felt that the special kunai placed in the Uchiha clan was activated.

Uzumaki Xin was excited in her heart

At this time, the Uzumaki Kingdom has finally gathered three of the four ancient families, besides Byakugan Eyes.

....

Land of Rain

Konoha Camp

"What should I do this time?"

Jiraiya frowned and said, looking at the Orochimaru in front of him, "We can't keep it at all."

If this continues, it is estimated that even the new little ghosts will be buried in this land together.

"Oh!" Orochimaru sighed and said, "Now I can't help it, Sakumo needs to frighten Hidden Sand Village, Tsunade is confronting Hidden Cloud village, only us"

Face two big ninja villages and one rain ninja village.

What can he do?

He is also desperate! !

"Tsunade's side"

Jiraiya also hesitated, sighed, and said, "Now, don't tell her about the Senju clan!"

Maybe we both stayed here in the end?

At that time, it won't matter to us, Tsunade will find the old man by himself.

"There still that kid for them"

"Send it back to the village! By the way, scold the crazy woman, Uatatane, really, they were sent to the battlefield before they graduated."

Jiraiya also complained on his face, "If I wasn't in the village. Here, or she will definitely let her taste the strength of the toad immortal!"

The old man is so true, he would actually agree with the suggestion of the crazy woman.

"I" Orochimaru opened her mouth, and finally nodded, and said, "I will let someone pass the news to the old man."

Licking his tongue and squinting, "But there is no denying that these little ghosts have some strength in them. Not bad."

"Indeed." Jiraiya also nodded in agreement, and said, "like that."

Wood Ninjutsu!

He was drooling.

"If I'm alive, I should also find an apprentice."

If you find the Son of Destiny then

Jiraiya is excited to think about it!

He became the master of the son who changed the destiny of the Ninja world, and surely many young ladies admired him and embraced him!

As for Tsunade

"Today you are ignorant of answering me, and tomorrow I will make you too high!" Jiraiya twitched, showing a smirk.

And Orochimaru next to it

Look at him with disgust!

Chapter 386 - Uchiha Chief shocked!

"Patriarch Uchiha."

Uzumaki Xin smiled and said, looking at Patriarch Uchiha, who was paralyzed in front of him, "Have you finally considered it?"

It seems that Konoha will finally push Uchiha out to smooth the anger of other Shinobi villages, although that kaleidoscope

It is indeed not made by Konoha.

Chief Uchiha was silent for a while, and said faintly, "I need to know how Uchiha is in the Uzumaki Kingdom? Or say"

"What does the Uchiha clan need to pay?"

"You don't need to pay anything." Uzumaki Xin said with a serious face, "As for the Uchiha clan, how will they live in Uzumaki?"

"This requires your own efforts."

"The Uzumaki Kingdom is a country under the rule of law, and everyone is equal before the law."

Uzumaki Xin stared flatly at the eyes of Chief Uchiha, "I can only guarantee that the Uchiha clan in Uzumaki is the nationals of Uzumaki, and they enjoy all the rights that Uchiha citizens should have."

"No one will discriminate against the Uchiha Clan!!"

Hearing Uzumaki Xin's words, the smile on Patriarch Uchiha's face flashed, and he said faintly, "I hope you can keep your promise today!"

Commitment? ?

In the name of the name of the Uzumaki Kingdom, he promised whether it was the Uchiha clan, the Senju Clan, the Hyuga clan, the Mizutsuki clan, and the ghost lamp clan.

As long as they are citizens of the country of vortex, they are protected by the laws of the country of Uzumaki!

With a mysterious smile on Wuxi Xin's face, he said, "Don't worry, the Senju Clan is also in the Uzumaki Kingdom, you can ask them how they are doing?"

He heard that Senju Hen is doing well now, and I am used to moving bricks.

The first-hand soil escape and water escape are used like fire and innocent.

He is loved by all the captains of the infrastructure department.

I heard that he has now been promoted to the infrastructure department.

The captain of the third team.

Ugh!

Can a single dog with a dozen little ghosts not work hard?

Especially when he paid back the loan to buy a house, if he didn't work hard, he wouldn't be able to repay the mortgage by then!

"The Senju Clan!!!" Clan Chief Uchiha's pupils shrank, then he nodded faintly, and sighed in his heart. It seems that the bastard of Clan Chief also sacrificed for the family, but...

Will the battle between the Senju clan and the Uchiha clan continue to the Uzumaki country?

And this Uzumaki country is too courageous!

Aren't you afraid of being encircled by the Five Ninja Villages?

After all, it's a taboo to covet the blood of other Ninja Villages!

Chapter 387 - Alliance

"Little Xin!"

Old Patriarch Uzumaki looked around with a complaining look, and said, "What are you taking me here for? There are still many things that have not been done in the country."

The management of the new population, the adjustment of foreign trade, the affairs of the college...

Uzumaki has a lot of things that he needs to deal with recently!

"There is a clan chief who doesn't believe me and wants to meet the Old Chief of the Uzumaki clan." Uzumaki Xin spread his hands and said, "So I brought you here."

Had it not been for that they were the Uchiha clan, for the sake of the future of the Uzumaki country, Uzumaki would have ignored them long ago as the name of Uzumaki country.

"Which family?"

Old Patriarch Uzumaki frowned, and said, "Just hit him! You are now the name of the Uzumaki Kingdom, why do you look down on you?"

You must know that now Uzumaki Xin is not only the representative of the Uzumaki family, but also the name of Uzumaki Kingdom. Every word and deed represents Uzumaki Kingdom, so...

Absolutely not to be humiliated!

Not to mention...

The Uzumaki Can has always been able to do something and never step back!

As the name of the Uzumaki Kingdom, the youngest shadow, won't you directly do it?

"This is the family." Uzumaki Xin pointed to the Uchiha Chief hanging on the wall and said lightly.

"Which..."

Old Patriarch Uzumaki looked at the clan emblem on the wall, frowned, and muttered, "This seems a bit familiar!!"

And at this moment...

"It's been a long time, Patriarch Uzumaki."

A low voice came.

"The Uchiha clan!!" Patriarch Uzumaki turned his head, looked at the middle-aged man who appeared in front of him, frowned and said, "Who do I think it is?"

"It turned out to be the Uchiha clan!!"

What does Little Xin want to do?

The Senju Clan, the Kamizuri Clan, the Kamikaze Clan...

This is for the Uzumaki Kingdom to single out the entire Ninja World!

"Uchiha wants to form an alliance with the Uzumaki Clan!" Clan Chief Uchiha said lightly.

He had already thought about it. After all, Uchiha clan is not an ordinary family. Everyone in the Ninja world is coveting Uchiha's blood. It was a time when the Uchiha clan was the weakest, so...

No matter how arrogant his patriarch Uchiha is, he can't just send Uchiha to the Uzumaki country like this!

And the Senju Clan...

They are allies with the Uzumaki Clan!

Different from the Uchiha clan...

"The Uzumaki Kingdom does not want to join in a family style right now."

The Uzumaki Patriarch frowned and said, "Now Uzumaki Kingdom is no longer the kind of ignorant country in the Ninja world."

"It is a law-abiding, harmonious, and free country."

"Anyone must abide by the law, including me, the patriarch of the whirlpool clan."

....

Chapter 388 - Uzumaki Xin and Uchiha Fugaku

Hearing what Uzumaki Chief said, Uchiha was silent.

He didn't know the current situation of Uzumaki country at all, so...

Patriarch Uchiha glanced at Uzumaki Xin, he hoped to form an alliance with another patriarch as a patriarch!

When Uzumaki Xin saw the patriarch Uchiha's eyes, he frowned, and finally let go, and said, "If this is the case, I will leave the patriarch uncle first."

By the way, he blinked with Patriarch Maelstrom, motioning him not to be impulsive!

Let's see what the chief Uchiha wants to do first.

Actually want to avoid him, the famous name of the country of vortex!

And the patriarch Uzumaki, who originally wanted to refuse, saw Uzumaki Xin's eyes, nodded vaguely, and said, "In that case, I will talk to Uchiha as the Uzumaki patriarch!"

...

After walking out, Uzumaki went to Uchiha's training ground boredly and randomly found a position.

He watched a young man not far away keep throwing kunai, with admiration in his eyes, and muttered, "Ashamed It's the throwing technique of the Uchiha Clan!"

and...

"Who!"

Hearing the voice, the young man held Kunai tightly in his hand, turned his head and shouted loudly, looking at a little devil who was about five or six years younger than him, frowned, "Who are you? "

"What are you doing here?"

This time is the most important moment of the Uchiha clan, absolutely nothing can happen! !

Looking at the young Uchiha who turned around, Uzumaki Xin smiled and said, "It's been a long time, Uchiha Fugaku."

That's right, the young Uchiha in front of him is the next patriarch of the Uchiha clan and the father of another son of destiny in the future.

"You, red hair?" Uchiha Fugaku frowned when he heard the kid say his name, and said in a suspicious tone, "From the Uzumaki family?"

"Uzumaki Xin, the current daimyo of Uzumaki country."

Uzumaki Xin stood up, walked in front of Uchiha Fugaku, and said with a smile, "Don't remember me?"

"That kid?" Uchiha Fugaku said suddenly.

The youngest shadow in the Shinobi world today!

Chapter 389 - New Allied

"Why are you looking for me?"

Old Uzumaki Chief frowned and said, "Actually, you don't need to look for me. Now Little Xin is in charge of the Uzumaki Clan and the Uzumaki Kingdom. No matter what decision he makes, no one will refuse."
."

"I know." Patriarch Uchiha sighed and said, "But you and I know that Uchiha's writing wheel..." No one in the ninja world does not covet it.

and...

As the patriarch of the Uchiha family, he also knows that Konoha is so miserable now that there is this loyal and righteous Highness Xin behind him!

That alliance... It's just cheating! !

But he can't say these now, after all, the Uchiha clan will live in Uzumaki Kingdom in the future.

Still don't mess with the whirlpool who is different from the traditional Uzumaki tribe...

"Hey!" The Old Uzumaki Patriarch nodded and looked at Uchiha with empathy. Their Uzumaki clan was also coveted by the entire Ninja World because of their physique. If it weren't for the current Uzumaki Kingdom name, it is estimated that Ninja was born. There has been no Uzumaki Clan for a long time.

but...

"Nowadays, the Uzumaki Kingdom really does not have a family-style old clan." Said by Old Patriarch Uzumaki. "This is a violation of law and discipline. As long as Little Xin promises you, Uzumaki will definitely do it. You You can rest assured."

However...

"No." Clan Chief Uchiha shook his head, and said, "I need you to guarantee in the name of the Uzumaki clan for thousands of years."

"That's too much." The Uzumaki patriarch frowned and said, "Uzumaki country is a matter of law. As long as the Uchiha clan abides by the law in Uzumaki Kingdom, it will be fine."

Guaranteed in the name of the Uzumaki family? ?

Back then, when they formed an alliance with Konoha, the Uzumaki Clan swore in the name of a thousand years. What happened?

The Uzumaki clan had been keeping their promise and was almost wiped out by Konoha.

"Bloodstains of the Uchiha clan!!!" Clan Chief Uchiha didn't seem to hear the words of the Uzumaki clan, and said lightly, "I exchanged the blood inheritance of the Uchiha clan and the fire escape secret art of the Uchiha clan!!"

At this moment...

"..."

Chief Uzumaki stared wide, looking at Chief Uchiha.

"You... are you crazy?"

Chapter 390 - Small Resistance

Night

"Do you really want to do this?" Uzumaki Xin looked at the chief Uchiha beside him, and said, "If you want me to say that you should listen to your elders, you will directly coup and let Konoha taste the pain."

"After all, it is not that you are sorry for Konoha, but Konoha is sorry for you."

It really deserves to be Itachi's grandpa.

The ruthless guy who personally killed the reactionaries in the family in order to maintain the harmony of Konoha.

Uzumaki Xin decided that after Itachi was born, let him learn the core theoretical ideas of Uzumaki Kingdom from an early age, or else...

As the name of the Uzumaki Kingdom, he feels uneasy.

What should I do if I force the second pillar back?

Uzumaki Xin didn't know what the chief Uzumaki and Uchiha talked about in the room, but he knew that the smile of the chief Uzumaki was weird, so...

It looks like it should be a good thing.

As for whether Chief Uzumaki will fight against Chief Uchiha...

Uzumaki Xin is not worried at all, no one in Uzumaki now dares to make a coup.

So after sending away some Uchiha clan and Uzumaki clan leader, he was dragged by Uchiha clan leader to kill people, or...

Kill the Uchiha clan! !

"Just take it as the last thing for Konoha!" Chief Uchiha sighed and said, "In any case, Konoha was also created by the Uchiha and Senju clan."

"Stupid!!" Xin said with disdain, "Everyone wants to destroy your whole family."

You are still thinking of Konoha, killing your own people for Konoha's harmony and stability...

I have to say that the Senju Clan and Uchiha Clan are two idiots! !

but...

He had to admire it in his heart.

In addition to being a bit silly, these two families are both good and law-abiding families!

"Uchiha Fuki, you are going to harm the Uchiha clan!"

With gray hair, staring at a pair of blood-red three-tomoe sharingan and writing round eyes, he looked at the middle-aged man in front of him, and the kid next to him, with a sharp expression, and finally closed.

He raised his eyes and said in a sad tone, "You, you, you will harm us"

And haven't waited for him to finish

"Bah!" Uzumaki Xin directly stabbed in, and said lightly, "If you are wronged, you have a debt, you should go down and talk slowly!"

Grand Elder Uchiha tilted his head directly and fell on the ground, his wide-eyed eyes beckoning him to die.

The patriarch Uchiha next to him looked at Uzumaki Xin speechlessly. Although he didn't mind carrying a scapegoat, he was going to hang up anyway, but

Can you stop talking! !

"It's solved." Uzumaki Xin beat the Grand Elder, turned his head and ignored Patriarch Uchiha's pale face, and said, "Is there anything else that needs to be solved?"

There is really no one who can fight. If the Uchiha clan didn't open the kaleidoscope, they would basically endure it. For Uzumaki Xin, it would be a one-shot deal.

"No need." Chief Uchiha looked around, shook his head, and said sadly, "Enough is enough."

Why does he want to do something to his people? But if you don't do it

At that time, if the Anbu Ninja finds something, those Uchiha people who go to Uzumaki will be in danger! !

"Hold these three pairs of writing wheel eyes!"

Clan Chief Uchiha dug out the elder's three-god jade and added the two pairs before, and said, "I hope the Uzumaki clan can abide by the promise, so that the Uchiha clan can ah!"
