

Uzumaki 401

Chapter 401: Hatred Between Two

Uzumaki Kingdom

"Don't be nervous."

The young man handed a bottle of water to Uchiha Fugaku and said, "Our task will not be difficult. Just protect the country of Uzumaki and serve the people."

Looking at the hard work not far away The common people, with a smile on their lips, "They know some things better than us. Everyone lives free and equal under the law."

"Although the Uzumaki Kingdom is a law-based country, there are some reasons and customs that are different."

"You don't have to worry..."

The young man patted Uchiha Fugaku on the shoulder and said, "You will get used to it after a while."

"Thank you."

Uchiha Fugaku took the water, looked at the same water bottle, and said blankly, "How much?"

"No, no need." The young man smiled and shook his head, "As if the senior asked you."

"The Uchiha Clan still hasn't changed."

"It's always been so serious and serious."

Hearing the young man's words, Uchiha Fugaku suddenly squinted his eyes, and Sharingan automatically, and put down the water bottle in his hand and stared at him. Why would this ordinary police officer know his identity?

Did His Highness Xin let the entire Uzumaki Kingdom know?

However...

"Don't be nervous."

Seeing Uchiha Fugaku's nervous expression, the young man was taken aback and said with a smile, "I haven't introduced myself yet."

"Kamizuri Ya, a member of the Kamizuri Clan."

The Kamizuri Clan!

Uchiha Fugaku's eyes widened, although the director said that the Kamizuri Clan had forgotten everything the Uchiha Clan had done to them, it did not mean that the people below would also let go of their hatred, so...

He is still a little worried.

"Don't worry." Kamizuri Ya spread out his hand to indicate that he was not malicious, and said, "The Kamizuri Clan doesn't want to live in hatred forever."

Of course, the premise is that the Uchiha Clan became citizens of Uzumaki.

"Sorry." Uchiha Fugaku retracted the writing wheel, took the water in his hand, and said faintly, "I will also restrain the Uchiha Clan."

"No need." Kamizuri Ya shook his head, just as he was about to say something...

A little girl ran over.

"father!"

She held Ya's legs.

"Yuko!" Kamizuri Ya picked up his daughter with a petting face, touched her little head, and said with a smile, "Why are you here, mom?"

"Mom?" Yuko looked at both sides suspiciously, then turned his head and said happily, "Here."

"Really." A long-haired woman ran over, grabbed Yuko's face and said with a grimace, "What are you running around, don't you know that your father is still doing official duties?"

"I miss my dad." Yuko hugged Kamizuri Ya's neck tightly, turned her head unhappily, and said, "Mom hates it."

"Okay! Since I say my mother hates it!!" When my mother rolled up her sleeves when she heard these words, she was about to pull Yuko in the face.

"It's okay." Ya shook his head, "Just take a break." Then, pointing to Uchiha Fugaku next to him, he said to Yuko, "This is your Uncle TFugaku."

"Good Uncle Fugaku." Yuko said sweetly, and then took out a candy from her pocket, "Yuko, please have candy."

And Uchiha Fugaku...

His expression stiffened, he was only a teenager, still a teenager, how could he become an uncle before he got married?

But as a family of Uchiha, he didn't care about this little thing for a while, nodded, and said, "Hello."

And the woman greeted Uchiha Fugaku, and then hugged Yuko, squinted and said, "I'm leaving with mom, and my father still has a job."

Ignoring Yuko's wailing, I apologized to Fugaku and Ya and leave.

"Haha." Kamizuri Ya said, seeing this scene with a warm smile on his face, "I made you laugh."

"No." Uchiha Fugaku shook his head and said faintly, "It's cute."

Looking at a red candy in his hand, a smile appeared unconsciously at the corner of his mouth.

When Konoha...

No child would treat the Uchiha clan like this.

"Yeah!!" Kamizuri Ya raised his head and looked at the falling sun, and said with a smile, "The Kamizuri Can now cherishes their current life, so..."

"We didn't talk to the next generation about the past, any grudges, hatreds..."

"It's over in our generation."

It is enough to live happily.

Chapter 402: The Perfect Shinobi Darkness

Konoha Village

"The corpse of the Uchiha Clan..."

Sarutobi Haruzentook a cigarette, narrowed his eyes while watching Danzo, and said, "Anyway, they were sacrificed for Konoha, so let them be buried as soon as possible."

My good friend suddenly took away the bodies of the Uchiha Clan. What did you want to do?

"I know."

Danzo nodded and said seriously, "It was only after investigation that a group of Uchiha people had disappeared."

"Root and Anbu also thoroughly investigated and found that they were not in the village."

"What about the recent record of leaving the village?"

Sarutobi Haruzen frowned when he heard it, and said, "Maybe it's just the Uchiha Clan who intends to leave some blood and transfer it out."

"It has been investigated."

Danzo shook his head and said, "The Uchiha Clan hasn't had any history of going out recently, and most of them have returned to the village."

"You mean?"

Sarutobi Haruzen seemed to have thought of something, narrowed his eyes and said, "Someone took the person away secretly?"

Moreover, some women and children were taken away.

Who will it be?

"It's still not clear." Danzo touched his eyes, shook his head, and said, "But I will investigate carefully."

"Perhaps it really has something to do with that kaleidoscope?"

Among the piles of Uchiha's corpses, not only the Patriarch Uchiha lost one eye, but also three pair of Three Tomoe Sharingan were also dug out.

And so...

Who on earth is it?

Or maybe that Shin Uchiha is Chief Uchiha, as for why he killed his clan members and committed suicide...

Maybe he loves this village deeply! !

And...

Danzo also knew in his heart that the kaleidoscope left by Patriarch Uchiha would definitely not be known to his good friends, or else he could not know what happened.

"Oh!" Sarutobi Haruzen nodded helplessly, and said, "Everything is up to you, now Konoha is at a critical moment!"

You must be careful wherever accidents may occur.

"I will protect Konoha." Danzo nodded and said seriously, "You are Konoha's light, and I am Konoha's darkness. Both of us are an indispensable part of Konoha."

"..."

I don't know why he heard Danzo's words, Sarutobi Haruzen had an urge to kill people in his heart.

Just stay in dark, and just be honest!

You have changed, old friend, shameless, more sinister.

Sarutobi Haruzen sighed and said sadly, "Then what should the Uchiha clan do now?"

"..."

Is this for me to make suggestions?

Danzo looked at Sarutobi Haruzen speechlessly.

You have noticed in your heart, and you want me to mention it. Didn't this make me carry a pot?

Carry a cold-blooded pot! !

But...

As the darkness of Shinobi, he has to say it again!

This is the deal...

Chapter 403: Preparation for Five Shadows Conference

Dealing with the corpses of the Uchiha clan.

"Recover the land of the Uchiha Clan to the village."

Danzo sneered. "At the same time, it spread. The Uchiha Clan ended up like this because they wanted to launch a coup."

"Will this be too cruel?"

Sarutobi Haruzen held the smoke gun in his right hand, hesitated and said, "Anyway, the Uchiha Clan is a Konoha clan."

"No, it's not cruel at all. This is what the traitor should have." Danzo shook his head and said, "Haruzen! You are so kind."

"In that case..."

Sarutobi Haruzen was silent for a moment, and finally reluctantly compromised, "Just do what you said, but..."

"Patriarch Uchiha was named a Konoha hero, because he didn't want Konoha to have a civil strife, he personally killed the Uchiha clan, and finally committed suicide."

"At the same time, the land of the Uchiha clan was harvested for the village, and distributed in the name of Naruto to ninjas who have made major contributions to the village or poor villagers."

"Remember..."

"Everything we do is for Konoha!!"

.....

Due to the coup of the Konoha clan and Uchiha clan, the chief Uchiha couldn't bear Konoha's suffering from the civil strife, and he executed the Uchiha clan with his own hands.

Lord Hokage sighed that the Uchiha clan had made so much dedication to Konoha over the years.

Following the last wish of the Uchiha clan, he canonized the Uchiha clan as the Konoha hero.

At the same time, the Uchiha clan's land was returned to the village, and the preparations were reasonable.

Assigned to ninjas who have contributed to Konoha, or people living in misery.

Suddenly, the village was filled with happiness, the anti-war sentiment was weakened, and Master Naruto also received a lot of praise...

Kindness, kindness, and kindness are the fame of Konoha Light.

At the same time, in the middle of the month, Konoha sent out the Five Shadows Alliance to the other four ninja villages.

The theme was to discuss the future of the ninja world and to guide the ninja world towards the right peace.

The meeting address is tentatively set as the Rain Kingdom.

However, Konoha was unable to leave the village because of the Uchiha clan. To participate in the meeting, Hokage's disciple, Orochimaru, participated temporarily.

...

Uzumaki Xin looked at Ninja Daily Morning News this morning, the newspapers published by Uzumaki Ping newspapers were mainly divided into Global News and Uzumaki News.

The Ninja Daily mainly reports on major events in the Ninja world, as well as the situation of the five major countries and their Ninja villages, while the Uzumaki News mainly reports on domestic developments, some policies, and future changes.

"It's amazing!" Uzumaki Xin looked at the news from Konoha above, and said with emotion, "It is the longest shadow in Konoha's history."

Sure enough, it is not only because there is a professional back pot inside, but people still have some skills.

"I just don't know what will happen to the Uchiha Clan after seeing it?" Uzumaki sighed and said, "This hatred..."

"The knot is big!!"

"Five Shadows Conference." Uzumaki Xin murmured, looking at the four words in the newspaper, "It seems that we must be prepared."

Chapter 404: New Working Place

After a while, the Uchiha clan has basically settled down in Uzumaki. Everything is as promised by His Royal Highness at the time. They have not been discriminated against or threatened at all, and they have taken some with them before leaving. Money, the life of the Uchiha clan is pretty good now.

"It looks like you have to restrain those little ghosts." Uchiha Fugaku shook his head helplessly and murmured, "Otherwise, things will be troublesome."

Because of the catastrophe of the Uchiha clan, those who survived have basically opened up the writing wheel. Uchiha Fugaku believes that the Uchiha clan will surely become stronger again in the future, even more than the Senju Can who are still moving bricks.

"What a idiot, I left without a penny." A sneer appeared at the corner of Uchiha's mouth. Because of patrols in the past few days, he has also met Konoha's elite Konoha, and now the Uzumaki Kingdom's infrastructure is small.

"A dozen kids."

"It's really hard work!!" Uchiha Fugaku narrowed his eyes, wondering why he wanted to laugh a little, this time...

The Uchiha Clan won.

However, it is precisely because most of the little ghosts have awakened Sharingan. These little ghosts have begun to be a little skinny and arrogant. As the patriarch these days, he was also called by the Uzumaki Elementary School to meet his parents several times...

The Uzumaki Kingdom expressly stipulates that teachers should be respected and respected.

Therefore, Uchiha Fugaku is not easy to say anything. You must know that he is still a teenager and has become a parent before getting married.

He...

What can I say?

In the end, I don't know why, this incident was passed to Senju Hen, and the bastard recently came to him to laugh at him.

"If it doesn't work, I can only hit it." Uchiha Fugaku reluctantly said, "Otherwise, I don't know how many times I have to go to school."

In the end, they still inherited Uchiha's name and did not change other names.

This is also because of the special nature of Sharingan, once the mood swings are too big, it will open, so it will not be long before His Highness Xin simply does not ask them to change their surnames.

Just make them pay attention.

"Police Officer Fugaku was so early?"

Unknowingly, Uchiha Fugaku walked to the farmland. An old man in his 60s waved to him cheerfully and said, "Come for breakfast?"

"No, I still need to perform a task." Uchiha Fugaku pulled out an ugly smile and said, "I've already eaten it, you can eat it."

He is still not used to smiling! !

Although at first these civilians in the Uzumaki Kingdom would think that this cold-faced person was not easy to get along with when they saw Uchiha Fugaku, but after a long time, these civilians also knew that the police officer was just a little paralyzed, and he was still very good.

"That's hard work." The old man didn't care when he heard it. He was still cheerful and said, "It should be fine to come over and drink a glass of water."

Then he asked his grandson to pour a glass of water and give it to Uchiha Fugaku.

Uchiha Fugaku thought for a while and said to the chubby boy in front of him, "Thank you."

He took the water and drank it directly, then turned and left.

But when he turned around, a smile appeared unconsciously at the corner of his mouth.

"Really as the chief said..."

"The Uzumaki Kingdom- is..."

"Different!!"

Chapter 405: Madara's Thought

"The higher the Chakra intensity, the faster the speed, and the greater the strength."

Madara sat under the stone bench, looked at Chan who was not far away, and faintly shouted, "So it's not enough, it's still not enough."

"Increase the volatility of Chakra."

Hearing Madara's words, Chan gritted his teeth and called Chakra in his body, resisting the pain, and shouted, "Ah!!!"

Then, he continued to attack the trees in front of him.

"Yes, hold on!"

"This is the maximum amount of Chakra you can withstand now."

Madara nodded and said, "If the ninja with physical skills wants to become stronger, then the pain will be ten times, one hundred times that of other ninjas.

Double, if you think it hurts too much and you can't bear it, just give up."

"Ninja..."

"It's not that easy."

"I won't give up." Chan shouted loudly, the strength in his hand also increased the points, and he swung it out, only to see a bowl-sized tree in front of him...

"Crack—!"

broken.

"Take a rest." Madara nodded with satisfaction, and said faintly, "It's still too weak."

When Chan heard Madara's words, he lay down on the ground, panting, and said, "Thank you, grandpa."

"Haha." Madara sneered, ignoring Chan.

"By the way, grandpa, why don't you go to the academy as a professor if you are so strong, grandpa?"
Chan didn't care either.

Even though he didn't know his name, he knew that the old man in front of him was a face. Good cold-hearted man.

"The country of the vortex is very short of physical skills teachers." Chan murmured, "they are still only teaching some basic physical skills."

"Professor?"

Madara frowned when he heard Chan's words, and muttered, "It seems that he should be the teacher who teaches other people's physical skills."

During this period of time, White Zetsu has been making money to support his family. As a strong man who was once close to the god of Ninja World, Madara would feel ashamed in his heart. Although White Zetsu is just a tool he created, but...

The strong have the dignity of the strong.

and so...

"Maybe it would be nice to find a job," Madara murmured.

Chapter 406: Kage Meeting

The Land of Rain

The Five Shadows Conference did not include the rest of the Ninja Village.

"Tsk tsk, Sarutobi Haruzen old monkey is really a big name!"

Raikage looked at Orochimaru sitting in Hokage's position uncomfortably, and said, "Not even participating in the Five Shadows Conference."

It seems that this pale-faced guy should be the next Hokage.

"Master Raikage."

Orochimaru licked his tongue, looked at Raikage without fear, and said faintly, "My teacher is just because there is still something in the village and can't make it through."

"Haha." Ai sneered disdainfully, "Then I don't know if you have the right to represent Hokage? Boy with a white face!"

"Don't worry."

Orochimaru shrugged and didn't get angry, and said, "I'm sitting here as a temporary substitute for Hokage's authority."

He glanced at the Jiraiya beside him. As long as the two of them are here, they are not afraid of any shadows. of course...

It's another matter for them to go together.

"In that case." Seeing that the atmosphere was almost rendered, Kzekage said faintly, "How can Konoha compensate us?"

"Compensation?"

With a smile on Orochimaru's face and a flash of cold light from the corners of his eyes, he said, "Konoha has not been defeated, nor has he done anything out of the ordinary. What compensation is he talking about?"

"Haha." Kazekage sneered, "In this case, what does Konoha want us to come over?"

Why don't we go back and wait for us to call Konoha's door to talk?

"I asked you to come here, of course, so that everyone can maintain peace in the Shinobi world."

"So there are a few things that must be made clear. First, the kaleidoscope is not Konoha." Orochimaru put her hands on the table and smiled. "The legendary knife was not stolen by Konoha."

"Even Konoha doesn't even know if the situation you are talking about is really true."

"And through the Uchiha clan..." Orochimaru licked his lips, "You all know."

"It's indeed clear." Tsuchikage said with squinting eyes, "Konoha's heart is so black!"

"The Uchiha family, who even pioneered Konoha and made great contributions, said that they would do it."

"It was Chief Uchiha who started it." Orochimaru said with a smile, "So what you want Konoha to do, Konoha has already done."

"Hehe." Hearing Orochimaru's words, the four shadows fell silent.

Especially the Kirigakure...

He was just here to make soy sauce, and Hidden Mist Village didn't want to participate in the war.

"But, what does this have to do with us?"

Raikage said, shirtlessly, "If you don't return the cutting tool to us, then you will go back and wait for us to fetch it personally."

"Master Raikage, don't be nervous." Orochimaru said with a smile, "Listen to me first."

Then, she gestured to Jiraiya to spread out the Ninja World map and pointed to the Rain Country above.

"Look here, everyone, if you continue to attack Konoha, your losses will be even greater."

"The Land of Rain is adjacent to three countries, the Land of Fire, the Land of Wind, and the country of earth."

"Due to the long-term war, so even if a demigod of the Ninja world appears in Hidden Rain Village..." Orochimaru glanced at Onoki's expression and said, "The Land of Rain is still a small country."

"There is no possibility of getting stronger."

"But according to Konoha Ninja's investigation, Hidden Rain Village seems to be gradually gathering the ordinary people of Rain Country." Orochimaru licked his lips, narrowed his eyes and said, "This represents Black Salamander, Hanzo he wants to..."

"End the domestic chaos of Land of Rain!!"

Chapter 407: Hanzo's Reaction

If there were no black hands behind the domestic turmoil of Hidden Rain Village, Orochimaru would definitely not believe it, after all...

The country of rain can be said to be the buffer line of the three major countries!

A chaotic country is more conducive to peace on the borders of the three countries.

"You don't want to appear in the sixth largest Ninja Village, right." Orochimaru said with a smile, "not to mention..."

"If this continues, Konoha will do her best, and no one will feel good at that time, and will even give..."

"Snapped!!"

Orochimaru patted the country of rain on the map and said, "Let the country of rain come in while it's empty and become the sixth largest country and the sixth largest Shinobi Village!!"

And so...

Stop grabbing Konoha, let's come to the country of rain! !

For the sake of peace in the Ninja world, there is absolutely no possibility of a sixth big country, a sixth big Ninja village, otherwise the balance in the Ninja world will be broken.

...

Hidden Rain Village.

Hanzo stared at the country of rain with deep eyes through the misty light rain, and muttered, "Now the Five Shadows Alliance should begin."

For Konoha who actually looked down on Hidden Rain Village and only let the five major Ninja villages participate, Hanzo was angry in his heart. No matter what, he was also a part of the attack on Konoha.

Konoha even surrendered and looked down on Hidden Rain Village, which was really deceiving.

"It seems that the war is about to end." Hanzo said with regret in his eyes, and said with a sigh, "This is the chance that the country of rain wants to rise..."

Gone! !

No one knew that Konoha was so cruel that he wiped out the two big families that created Konoha, the Uchiha Clan.

"It's a pity." Hanzo clenched his fist and said grimly, "It's a pity."

Obviously he prepared so much, bought so many cutting tools, summoned so many civilians, but in the end...

It was in vain.

"Master Hanzo, we..." Anbu hesitated and said, "Do you need to do something?"

Most of Rain Shinobi felt a pity in their hearts. Regrettably, they obviously took advantage of this opportunity to rise to the sixth largest Ninja Village. They did not expect that in the end...

Konoha is so sinister!

"..."

Hanzo was silent for a while, sighed, and said, "Forget it, once we do it, we may be facing the four great Shinobu villages by then."

"So this time..."

He seemed to have used all his strength, and said helplessly, "Give up!!"

"Let the order go on and let the people below gather the defense line and prepare to retreat."

Now Hidden Rain Village can only wait until they evacuated, and then take the opportunity to calm the civil strife, and wait until the next opportunity to announce to the world...

The country of rain has risen.

"Yes!!" Although there was some regret in his heart, Anbu nodded and took the lead.

Chapter 408: Life in Uzumaki Kingdom

Uzumaki Kingdom

Chief Kamizuru stretched out.

Today he got off work early, so he decided to go home later and go shopping in the commercial street. Because of working overtime some time ago, he didn't have a good rest, so...

"Eat something good today."

Chief Kamizuri yawned and murmured, "Otherwise, I will have to work overtime again after some days."

The Five Shadows League and the Uzumaki Kingdom also know about it, so according to His Highness Xin's guess, the Ninja World will be more chaotic in a few days, so...

Uzumaki Kingdom must be careful about the invasion of other ninja villages or wandering ninjas.

In addition, because of Konoha's actions, the whole family's heart is not normal. Especially because of Konoha's promotion of Uchiha's affairs, the whole family has become a little gloomy. Let him rest these days. I went to see a psychiatrist during sick leave. I hope nothing will happen.

"Uzumaki Ramen Restaurant."

Looking at the expanded ramen restaurant in front of Chief Kamizuri, he decided to eat the hot ramen, and then went back to teach that bastard.

He heard that for about a month, Ya, he was about to graduate, a smile appeared at the corner of Chief Kamizuri's mouth, "That stinky boy was quite honest at school during this time, and he didn't mess up anymore."

At first, Chief Kamizuri was still noisy and didn't want to go to school, and finally was forced to go to school, and then messed around in the academy, making himself, the director of school, run several times.

What a shame.

Then, Chief Kamizuri raised his head and looked at the newly expanded ramen restaurant, especially with a blackboard standing at the door...

"New product:

1 Secret pork blood ramen

2 Secret duck blood ramen

3 spicy hairy blood

...

"

"It looks like there is a new ramen!!" Chief Kamizuri murmured, "How about a taste of it today."

....

Konoha at the end of November

Winter is coming.

The major ninja villages began to gather their defense lines, especially the Anti-Konoha Alliance, a temporary alliance established by the small ninja villages to coerce Konoha to return the cutting tools. It was instantly misfired, and basically began to recall the ninjas. After all,

The three Ninja villages are gone, so what are they going to join in the fun?

You have to be counseled.

As for the people of Ninja World

The war has affected the hardest people who cannot control their destiny. Cold and starvation are still the most terrifying demons they face today.

At the beginning of December of the same year, when all the small ninja villages gathered their troops, the three big ninja villages did not withdraw their troops in the country of rain.

Instead, the three Ninja villages headed by Konoha jointly announced to the Ninja world at the same time that in order to maintain peace in the Ninja world, assist the country of rain to quell the civil strife, and bring hope of peace to the people of the country of rain, they formally gave Hidden Rain Village declared war.

Chapter 409: Foreign Aid

They heard the news that leader of Hidden Rain Village, Black Salamander Hanzo, when he heard the news, wanted to kill people.

In Hidden Rain Village, he denounced the three gangsters in Shinobi Village, thinking that they had no right to interfere in other countries' internal affairs, and the Land of Rain did not need it.

Their help.

He heard that Danzo's foul language at that time almost took a sickle and axe to fight Sarutobi Haruzen desperately.

People really do it in the village, and disaster comes from heaven!

Obviously everyone said yes, the whole Ninja village was logging together, why did the three big Ninja villages cut down the rain Ninja village before the first year, and then, the rest of the little Ninja villages shouted happy in the back?

Konoha is really a good strategy!

Push the contradiction directly to Hidden Rain Village.

Hanzo feel that he has a word in his heart that he don't know when it is inappropriate to say it.

But he also knows that reasoning is not reasonable now. The Three Ninja Villages only want to talk to him about ninjutsu.

Around mid-December of the same year, Black Salamander Hanzo officially declared war on the three ninja villages. In order to protect his country and his own ninja village, the leader of his ninja village will not compromise and will fight the evil forces to the end.

It is said that the entire Hidden Mist Village has an unprecedented cohesion under the slogan of Hanzo's sickle cough, and basically all the people have participated in the war.

....

Hidden Rain Village

"Damn it!" Hanzo's face looked at the information that was constantly coming up. The situation in Rain Village was not as good as he thought, although Akatsu Organization bought a large number of weapon.

There are also in Small Village!

The Land of Rain could not take advantage at all, and now it can only barely hold on, and so

"Foreign aid!"

Hanzo sighed and murmured, "You must find foreign aid from the Rain Country."

Otherwise, even if he claimed to be the demigod of the Ninja World, Hanzo, he would end up being made into Fry Salamander Hanzo by the three major Ninja villages.

But where should foreign aid go now! !

Anyway, he didn't dare to find the Uzumaki Kingdom. As long as he thought of how miserable Konoha was, he could only rely on betraying the rich family in the village in exchange for peace, he felt a sense of panic in his heart, after all.

In this poor place of Hidden Rain Village, there are no rich people to sell.

"Hanzo-sama, the person from Akatsuki's organization is here again." At this time, Anbu walked in and said respectfully, "Do you need to let him in?"

"Akatsuki?" Hanzo suddenly lit up, and quickly shouted, "Let him in, hurry up, let him in."

If Akatsuki can help

A strong man who has the legendary reincarnation eye, and a legend that is five to five times apart from the god of the Ninja world

Maybe Hidden Rain Village can really take advantage of this stop to rise to become the sixth largest Ninja Village!

Thinking of this, Hanzo was excited in his heart, 'I wonder if the Akatsuki organization can take credit?'

Chapter 410: Incredible News

Uzumaki Kingdom

"Sure enough,"

Uzumaki Xin looked at this morning's morning paper, with a smile on the corner of his mouth, murmured, "In the end, the country of rain will single out the three Ninja villages!"

When the contradiction cannot be resolved, then find a way to transfer the contradiction. have

In addition, Konoha is the strongest Shinobi village anyway, and there is a shadow that claims to be the strongest in it.

The other Ninja villages didn't dare to push too quickly. In this battle, Konoha had two less powerful clans, and they were still the two most powerful families in Konoha, so the three big Ninja villages were already satisfied.

"I don't know when to start!" Uzumaki sighed and said helplessly, then put down the newspaper in his hand, and now it has entered the cold winter. Fortunately, Uzumaki has vigorously developed the textile industry in the past few years, plus Chakra batteries.

The Chakra steam engine was also produced, which is a leap forward for the Uzumaki country textile industry.

The vortex country now has no shortage of cloth at all, and even exports a lot.

Therefore, it is possible to continue to develop national strength while the Uzumaki Country is fine, especially the first graduate of Uzumaki Country Affiliated College is about to graduate.

This time is still quite busy.

"Boom!"

Just as Uzumaki Xin was thinking about how the Uzumaki Kingdom should develop in the past few years, a knock on the door sounded.

"Come in."

Uzumaki Xin looked at Naga who had walked in, and asked, "What's the matter?"

"There is news from below."

Naga said respectfully, "The white-haired old man you showed us to seems to have gone to the college for an interview."

"??"

What are you talking about?

Uzumaki Xin took out his ears and looked at Xin with a face full of disbelief, "You, you, do you say it again??"

Who is going for the interview?

....

"What should I do?" Uchiha Mikoto wandered aimlessly in Uzumaki. It has been almost half a month since she had already graduated from Konoha Ninja Academy.

She did not follow the group of children. Go to Uzumaki Elementary School together.

In any case, she is a certified graduate, but

It is estimated that Konoha will not be able to bring it anymore.

So she wanted to find something to do, but she found that although Uzumaki had subsidies for ninjas, they were basically not suitable for her work.

And because the new patriarch brought some family possessions when he left, the Uchiha people of the Uchiha clan still lived quite well in Uzumaki, and they would not be like the Senju clan.

Working hard to pay off the mortgage.

Uchiha Mikoto also saw the Senju Clan last time, so he knew the situation of the Senju Clan.

She heard that the patriarch of Senju Clan moved three bricks to repay the mortgage, she also heard that the Minister of Finance in the Uzumaki Kingdom was very scary.

He was a cruel man with a machete to collect debts.

When Uchiha Mikoto was thinking about it,

"That girl over there." An old man with a cane walked up and asked faintly, "Where is the affiliated college of the Uzumaki Kingdom?"
