

Uzumaki 411

Chapter 411: Madara apply to become a Teacher

"Oh, I'm sorry."

Uchiha Mikoto regained consciousness and said, looking at the old man, "Go straight along this road, then turn right and take the small road, walk to the three-way intersection, like a left turn, and then again."

"You will see."

Uchiha Mikoto looked at the old man in front of him curiously, he went to college when he was so old. Could it be that he was going to pick up his grandson?

She really envy it! !

When she was very young, her relatives had passed away, and she was able to grow up so much only if she was adopted by the family.

"Is it this far?"

The old man frowned and murmured, "It looks like it will take a long time to walk!"

"Need help?" Uchiha Mikoto said with a smile on her face, "I'm fine now, I can take you there."

The old man glanced at Uchiha Mikoto faintly, then nodded and said blankly, "Yes."

"Grandpa, what are you going to do at the college? Do you want to pick up your grandson?" Uchiha Mikoto asked curiously while leading the way.

And the old man

Still expressionlessly said, "Go to be a teacher!!"

"Old man, you are too old." A Uzumaki ninja looked at the white-haired old man in front of him with a wry smile. This age is even older than their Uzumaki clan's elders!

Are you trembling with crutches, come to apply for a teacher?

And also a physical teacher...

I'm afraid this is not here to touch porcelain!

"Don't embarrass us." Uzumaki said helplessly, "You are really not suitable for moving at this age."

How can you teach others physical skills if you can't even walk?

"Haha." Madara looked at him disdainfully, a mere stubbornness, not enough for him to explain.

and so...

"That black-haired little girl over there." Uzumaki looked at the silent old man, thinking he was embarrassed, and shouted to Uchiha Mikoto, "Hurry up and take your grandfather back. He is so old that he can walk. Shaking, can't you buy him a wheelchair?"

"There is a subsidy for buying a wheelchair in Uzumaki at this age, so don't worry about the high price."

Just...

"..."

Calm down!

Uchiha Madara took a deep breath, and comforted him not to do it, this is the Uzumaki Kingdom, and this Shinobi is not wrong...

He is indeed old.

Chapter 412: Hiring Madara as Teacher

Mikoto Uchiha next to her was stunned when she heard Uzumaki's words, she was not the granddaughter of this grandfather at all! ! Although she agrees with Uzumaki's words in her heart, but...

In any case, it hurts too much self-esteem.

Especially for an old man who is still such an old man, who actually came to look for a job at this age, it must be because the family's situation is not very good.

And so...

"Poor thing!"

When she was about to explain...

"Grandpa."

A voice suddenly came from inside.

Suddenly everyone looked behind, and saw a young man with black hair and straps with his hands walking out behind him.

"Is it you kid?" Uchiha Madara frowned and looked at the purple city that came out, and said, "Why didn't you go for training today?"

Is it because the training is too hard and you want to give up?

"Oh, I came here today to apply for graduation."

Chan scratched his head and said embarrassedly, "Because I am not a student of the college, I can only come over to see if I can register for the exam."

"After all, joining the army requires at least a certificate of forbearance."

After hearing this, Uchiha Madara nodded faintly, and did not speak any more, but turned his head and still looked at Uzumaki in front of him.

However...

"Little Chan, this old man is your grandfather?"

Uzumaki Shinobi said curiously, "I remember you were adopted by Ryu?"

Why did a grandpa show up.

"He is my physical training teacher." Chan said cheerfully, "He taught me a lot of physical training."

"He taught you the physical skills you used in the morning?" Uzumaki was shocked.

Today, Chan came to the academy to take the exam to obtain a certificate, so he did show it in the academy, which shocked everyone.

If only relying on physical skills, Chan has far exceeded the general ninja.

"Yes." Chan nodded and said, "This old grandfather is very strong."

Suddenly...

"Hello, how do you call it?" Uzumaki Shiboni didn't dare to doubt the old man in front of him, and quickly asked seriously, "Can you show your valid ID?"

Uchiha Madara snorted coldly, looked at Chan and said, "I am not your teacher."

"You are too weak."

Then, he took out the nationality certificate of the Uzumaki Kingdom and handed it up to Xin.

"It turned out to be a Madara." Uzumaki Xin nodded and said, "After verification, you meet the recruitment requirements of our college, but because you are too old, you need to ask the deputy dean, please wait... "

Then, with an excited expression on his face, he ran towards the academy. This is the most lacking physical ninja in the academy today!

It's really rare to finally have a ninja of physique type appear in Uzumaki country.

And so...

Must not give up.

Chapter 413: The Worker Black Zetsu

Land of Rain

"Come on, please sit down, please sit down."

Hanzo saw the masked man coming in and said enthusiastically, "It's really time for you to come!!"

Now is the critical fall of the country of rain, if you can get the help of such a strong organization...

Hidden Rain Village may really have a way to win!

And Black Zetsu

Seeing how warm and hospitable Hanzo is, my heart suddenly became excited. It seems that the current situation in Hidden Rain Village is not so good!

Is such enthusiasm to increase the purchase to fight the three Ninja villages?

After thinking about it this way, Black Zetsu's expression has also become more gentle.

Maybe he can talk about a big deal this time?

"Do you know if the organization accepts employment?"

Hanzo said with a smile on his face, "Now you know the situation in the Rain Country, so you don't know..."

However, he haven't waited for Black Salamander, Hanzo to finish talking...

"Sorry, the Akatsuki organization is an organization that has lofty ideals and great goals, and protects the peace of the Ninja world."

Black Zetsu shook his head and refused, "So if it is not necessary, it will not participate in any war."

"..."

Believe you a ghost!

Although Hanzo had a smile on his face, his heart was full of contempt.

An organization that sells arms actually talked to him about peace in the Ninja world.

He really thought that the title of the Ninja demigod of his Black Salamander Hanzo was called nothing!

And so...

"We paid!!"

Hanzo said with a smile on his face, "The reward will definitely satisfy Akatsuki."

"This is also for the peace of Ninja World, after all..."

"Money is very important for peace."

Hearing the words of Black Salamander Hanzo, Black Zetsu suddenly felt a little moved. If he has money...

Sure enough, he still can't agree! !

He is now working with the of Uzumaki Country, this kind of thing is not something he can decide at will.

And so...

"How much is Hidden Rain Village going to pay?"

Black Zetsu asked, "For the sake of peace in the Ninja world, Akatsuki is not incapable of making a move, but we must ask our leader."

"It should be." Hanzo said cheerfully, "it should be, after all, such a big thing."

But his heart was full of disdain.

Peace Organization...

It's ridiculous! !

It's just a group of guys who see money openly.

Hanzo hesitated for a while, but decided to ask. After all, Hidden Rain Village has some funds now...

Not enough!

"I don't know if Akatsuki can take credit?"

Result...

"brush!!"

Black Zetsu stood up angrily, and planned to leave toward the door.

No money?

What can you talk to me if you have no money?

No one should try to take out money from my corner.

Chapter 414: Xin's Worries

Konoha Village

"Hidden Rain Village." Sarutobi Haruzen sighed and looked at the map on the table, and they couldn't help Konoha.

he hope that Orochimaru can be workj this time. Otherwise, how can he inherit the position of the village head when he does not have a decent political achievement?

And...

The Senju Clan and Uchiha Clan's affairs made the other families in the village honest.

So knocking the mountain to shake the tiger is quite effective, although the mountain is broken in the end...

Moreover, the small Ninja Village outside has also begun to retreat. It can be said that the severe situation Konoha faced has finally been solved.

Don't worry about the three Ninja villages in the front and the anti-Konoha alliance at the back.

All troops were also liberated.

Sacrificing a Hidden Rain Village can bring peace to the world of Ninja...

"It's worth it."

Sarutob Haruzen smiled at the corner of his mouth and murmured, "This is all for the Shinobi world."

Just...

"I wonder what happened to that Kid?"

Has Wood Release successfully awakened yet?

If there is another god of Ninja world, it will be even more perfect!

.....

Uzumaki Kingdom

Uzumaki Xin frowned and looked at the short message that Black Zetsu had just passed by using Ninja Dog.

In a ninja world where dogs and eagles are used as communication tools, if you believe in eagles, Uzumaki Clan will still exist.

As for the messenger dog...

Ninja is currently available for purchase by Konoha's Inuzuka clan, but they sell castrated versions, and they can only simply run errands to spread letters and find things...

And those special Ninja dogs...

Konoha has regulations and cannot be sold at will.

"Are you a mercenary?" Uzumaki Xin murmured, putting down the text message in his hand, "Only for credit..."

It's a bit troublesome!

What should he do if Hidden Rain Village doesn't pay back the money?

After World War II, Hanzo would become weaker due to his old age and loss of willpower, and he would become a man of perfidy.

What should he do if Black Salamander Hanzo directly fails to pay?

Therefore, Uzumaki Xin still didn't dare to agree to this account at will.

And...

The war also doesn't conform to Akatsuki's philosophy!

After all, Akatsuki is a peaceful organization, once it becomes a mercenary...

The Five Great Ninja Villages will shoot directly, after all, no one wants to see a free mercenary group that has the eyes of reincarnation and the gods of the pseudo-nin world.

Therefore, maintaining neutrality is the magic weapon for Akatsuki to settle down!

The country of rain is a big steel-producing country! !

If you look at the sewer system after the Kingdom of Rain, you will know that all are metal structures full of punk style...

Therefore, if the Uzumaki Kingdom can cooperate with the Rain Kingdom for development, it is estimated that there will be no shortage of steel.

But after all, the country of rain is too poor. If there are not enough mining workers, the output is still too low. Moreover, there are three big Ninja villages around, and if it is not handled well, the country of Uzumaki may become the same as the country of rain. Become a difficult brother.

Chapter 415: Huge pit that everyone try to avoid

Konoha Village

Due to the demise of the Uchiha clan, the guards have no family that wants to take over for the time being.

Although the name of guarding Konoha Shinobi Village is pretty good, everyone in Konoha knows...

That's a pit!

Whoever answers, it may be the next Uchiha family.

So during this time, Konoha's order...

It's a bit messy! !

Shops are randomly arranged, and villagers randomly occupy pedestrian streets to set up stalls.

This not only affects the appearance of the village, but also brings safety hazards to the villagers, so...

"Recently, Anbu has received a lot of complaints from villagers."

Sarutobi Haruzen took a breath and said, "It seems that the guards in the village must solve them as soon as possible!"

Otherwise...

When the time comes, spies from other villages sneak in and it will be troublesome.

Especially this kind of wartime.

Always be vigilant at all times!

"No family is willing to take over the work of the guards."

Koharu shook his head helplessly and said, "After all, the end of the Uchiha clan..."

It's too miserable! !

"Oh!" Sarutobi Haruzen said, rubbing his forehead painfully, "What should I do?"

It's no way to leave the guards empty like this.

The image of the village is still very important. After all, Konoha is the leader of the five ninja villages anyway.

If there is not a clean and tidy village environment, wouldn't this be a shame to Hokage?

"Otherwise the Sarutobi clan will temporarily take the role of the guards?" Utatane frowned for a moment and said, "This is the best way now."

With the demise of the Senju Clan and Uchiha Clan, Konoha now only left the Hyuga Clan, Sarutobi Clan, and Shimura Clan with the ability to deter other families in the entire village, so that they would not dare to mess around at will.

Back then, the Uchiha Clan relied on the prestige of the Konoha clan and facial paralysis...

Only then did other families live in the village honestly and dare not mess around.

Therefore, the guard must be a family with sufficient prestige and strength, so as to prevent the guard from becoming a running dog of the next family and thus fish and meat villagers.

But the Uchiha Clan has already...

So it is estimated that apart from the Sarutobi clan of Hokage, other wealthy clan dare not take the pot at will.

"The Sarutobi clan?" After hearing this, Sarutobi Huzuren frowned and thought for a while. Finally, he sighed, shook his head, and said, "Sarutobi Clan is not suitable."

"In the Uchiha Clan incident, I discovered a shortcoming in the village."

Chapter 416: Great Change

Sarutobi Huzuren stood up, put his right hand holding the smoke gun behind his back, and said melancholy, "Konoha does not belong to a two-family village, but..."

"Everyone's village."

"If only one family acts as the guard, it will easily cause conflicts between the family and the village."

Just like the Uchiha Clan, why did the teacher want the Uchiha clan to become the guard?

Although the power and status of the guards are great, the core of Konoha that is far away, plus what the guards do...

It's all offending people.

In the end, everyone in the village hates the Uchiha Clan.

But only in this way will the Uchiha Clan fail to win the hearts of the people and be disgusted by the villagers, thus...

No one will support them to become a shadow!

And so...

"The guards can no longer be controlled by one family alone."

Sarutobi Haruzen took a breath and said helplessly, "Only when all the families act together can the conflict in the village be reduced."

"This!!"

Want the Sarutobi Clan to be the guard? ?

Didn't this make him unsafe for the late festival?

"What you said makes sense."

Utatane frowned when he heard Sarutobi Haruzen's words, thought for a moment, and finally nodded, and said, "Since this is the case, I will make arrangements."

...

Konoha months later

In order to avoid the recurrence of the tragedy of the Uchiha Clan, Konoha Elders and Hokage has made some changes to the guard policy, abolishing the system of re-election of the guards by a single family, and replacing it with a method where all Konoha families are in charge.

This system not only eased the tension between the guards and the village, but also prevented the situation of a dominance of one family.

Praised by all the families in Konoha Shinobi.

In the same month...

Uzumaki Kingdom

"Grandpa Madara."

Holding a cup of hot tea in her hand, Mikoto Uchiha looked at Madara Uchiha who was lying on a rocking chair basking in the sun, and said, "Today is the graduation ceremony of the first graduate of Uzumaki School?"

"Are you not going to look?"

"Look for that kid? No need, after all, he is not my student at all, and i dont accept stupid kid." Madara arrogant said while taking the cup of tea, sipping peacefully.

Mikoto's lips curl up, how cant she se that Madara like that Chan kid all along, he is just a old stubborn old man who cant face his own problem.

Chapter 417: The Frog Trio

The Ninja World in December is still quite cold.

However, because of the sufficient quantity of charcoal and cotton cloth and affordable prices in Uzumaki Kingdom, most people living in Uzumaki Kingdom can still feel a touch of warmth in this cold winter.

"Teacher Zetsu, point forward, then point forward."

Konan led Nagato, and Yahiko on tiptoe and looked forward, complaining, "Really, Teacher Zetsu, what position did you pick?"

"I can't see clearly at all."

"I didn't pick it."

White Zetsu scratched his head helplessly, and said, "This is assigned from above. Our class's position is here, and..."

"I can see it!"

"Oh!"

Hearing what White Zetsu said, the frog trio sighed, shook their heads, and said, "Teacher Zetsu, you can't do this."

"Don't you realize that we are still children?"

Really!

Konan pouted and looked at White Zetsu unhappy, and said, "I really can't see it!"

"No way!"

White Zetsu spread out his hands and said helplessly, "The superior said that you can't walk around at will, and you are too short."

"..."

The frog trio looked at White Zetsu expressionlessly.

"Teacher Zetsu..."

Konan stood on tiptoe, patted White Zetsu's shoulder, sighed, and said old-fashioned, "Teacher Zetsu, you won't find a girlfriend like this."

Nothing, nothing!

He is not good at drawing and talking, apart from playing, he has no other specialties. Who brought him into the nursery?

Wouldn't it be the back door?

"Girlfriend?" White Zetsu scratched the back of his head. What does he want this to do?

He only needs to be with Master Madara.

Then, stretched his neck and looked down, there was a burst of doubt in his heart.

"Isn't Master Madara working as a professor of physical skills in the affiliated college?" White Zetsu muttered inwardly, "Why didn't you see it?"

He heard that Master Maddara has not yet taken up his post because he is about to graduate, and he is now familiar with the teaching process. By the next year, Master Madara will officially take over as a freshman.

And it seems that the college also allocated a classroom dormitory to Master Madara, which is free!

So Master Madara has not gone home these days.

he really miss Master Madara.

"Oh!!" Konan spread his hands helplessly, and they were also helpless when they met such a teacher.

More fun than them.

So now it can only be self-reliant.

She blinked at Yahiko and Nagato, and seemed to say, "Walk?"

Nagato was lying on the chair with a decadent look. He just wanted to stay quietly. Why did he run around.

Is it bad here?

And Yahiko...

She shook his head and whispered, "This is not good, what should I do if I get caught?"

But...

Konan raised his hips, squinted his eyes, and looked at them as if he was disobedient and would not give sweets.

"Okay!!" Nagato, and Yahiko nodded helplessly.

Chapter 418: Madara feel displeased

"Did you graduate?"

Uchiha Madara took the tea that Uchiha Mikoto handed over, took a sip, and said faintly, "The fire escape that I taught you recently, Uchiha's physical skills, Uchiha's Sword, and Uchiha's throwing techniques are both Have you learned it?"

Unexpectedly, the Uchiha clan was not extinguished by the monkey, but some of them fled to the country of Uzumaki...

What a shame!

If Tobirama dared to treat their Uchiha clan in this way, Uchiha Madara would have greeted him with a big mouth.

When the time comes, Hashirama will definitely say cheerfully, all according to you, all according to you.

How can it be like this... Just like the funeral, there is not much left, of course, at least better than Senju Clan.

Senju Clan are still less people.

So this time...

The Uchiha clan has won the Senju Clan again.

"Hehe." Uchiha Mikoto scratched his head and said embarrassedly, "I haven't learned yet."

"What a waste!!" Uchiha Madara said faintly, "This year Uchiha is not good!!"

Can't even learn so basic things.

Had she not seen that she was a member of the Uchiha clan or her own assistant, she would have ignored him a long time ago.

She assistant Uchiha Madara must be a strong one!

"Grandpa Maddara, how come you know so many things from the Uchiha Clan."

Uchiha Mikoto asked curiously, "And it's so amazing."

For Grandpa Madara, Uchiha Mikoto was already immune, and she knew Grandpa Madara was a good grandfather with a hard-spoken mouth!.

Uchiha Madara glanced at Uchiha Mikoto faintly, but said nothing, took the crutches, stood up, and said, "Go and see the trash in Chan, what's going on?"

"Okay, okay."

When Uchiha Mikoto heard Madara Uchiha's going to attend the graduation ceremony, he hurriedly packed up his things and said, "Grandpa Madara, I'll push you over without a wheelchair. It's pretty far there. "

"Huh!!"

Master Madara snorted coldly, and said faintly, "The old man is too old to walk!!"

....

The first graduation ceremony is still very important for Uzumaki Kingdom

Because this marks the new generation of Uzumaki Kingdom has officially grown up...

Of course, a certain hang-up doesn't count.

So early in the morning, not only the vice-president of the Uzumaki Clan came, but the senior members of the Uzumaki Clan basically attended.

As for the other families...

Participate only as a parent.

After the patriarch announced the history, present, and future of Uzumaki Kingdom, the graduation ceremony officially began.

Chapter 419: Uchiha's Old Problem

Uzumaki Xin did not copy the set of Ninja graduates. After all, Uzumaki's Ninja Academy graduation exam was not just a simple Three Body Arts, but also included ideological and political, basic mathematics and physics.

The students of Academu pay attention to the comprehensive development of morality, intelligence, and body.

They establish a correct outlook on life, values, and the world from an early age, and cultivate every student who is useful to the country, rather than a scum for genocide and teacher-killing.

Otherwise, no matter how smart you are, you will not contribute to the country in the end, or even endanger the safety of society.

And so the ideological and political cultivation of Uzumaki is very important.

Just the thinking of the Uchiha clan is too extreme.

Uzumaki Xin rubbed his forehead helplessly, recently, the thought teachers have come up to complain that most of the Uchiha Clan's thoughts are very dangerous, whether they are big or small, and if they don't pay attention, they will get thorny.

They make them very helpless.

Just Uzumaki Xin doesn't know what to do.

In the Ninja World, a five or six year old little ghost has his own independent thinking, and some have even begun to hack people.

This group of little ghosts, who had not accepted the positive thoughts of the Uzumaki Kingdom since childhood, can only slowly reverse their thoughts now.

The most important thing now is Uchiha Fugaku.

Uzumaki Xin glanced at Uchiha Fugaku, who was sitting on Uchiha's parent seat not far away, and listened to the report from Chief Kamizuri.

Although Uchiha Fugaku had gone to work during this period, the atmosphere of the whole person seemed gloomy with the family.

Therefore, Uzumaki suspected that he got depression.

This is not a minor illness. If you don't pay attention, it is estimated that life will be caused but now...

"I can only try to educate him with love and care." Uzumaki Xin shook his head helplessly and at this moment...

After the Old Patriarch's speech, it was his turn to be the dean of the college to issue diplomas and awards to outstanding graduates.

After all, he is still the dean of this academy.

"Sendo!"

"Kamizuri Ya!" Uzumaki Xin slowly recites today's outstanding graduates according to the list given to him by the Uzumaki Patriarch, only when he says the name very familiar.

Isn't this the son of the Kamizuri Police Chief?

If Uzumaki remembers correctly, this kid is not a savage skin, how can he become an outstanding graduate?

Glanced at the parent seat of the Kamizuri Clan

Police Chief Kamizuru was happily pulling Chief Kamizuri next to him, and laughed, "Haha, did you see it, this is my son, do you see it?"

However, Chief Kamizuri slapped the hand of Police Chief Kamizuru with disgust. As a rich man in the country, he disdained chatting with a man with a debt of several hundred million.

Especially the face, this makes him a little unhappy!

"Don't worry, maybe your daughter might have been criticized?"

Police Chief Kamizuru didn't mind, and once again happily gathered the shoulders of Chief Kamizuri, and said, "Oh, yes, it seems that after graduation this time I can't rate it anymore."

"It's a pity!" Police Chief Kamizuru said with a sighing expression, "I just don't know if I can apply for repetition. In this case, your daughter still has a chance."

Hmmm! let your god cranes show off their wealth in front of me all day long!

Chapter 420: Blood of Kamizuri

"...."

Chief Kamizuri turned his face and took a deep breath, comforting himself not to be impulsive. Today is an important day in the Uzumaki Kingdom. You must calm down and don't care about the poor ghosts.

Then, squinting and smiling at the gate of Police Chief Kamizuri , he said faintly, "Have you paid off?"

"....."

Damn it!

Police Chief Kamizuri's originally happy expression seemed to be pinched in an instant.

Can you stop talking about money on such an important day!

Just about to speak, he will despise the next generation of the Kamizuri Clan. It's time to save some face.

"Kamizuri Ya." Uzumaki Xin said a name again.

"..."

Police Chief Kamizuri said with a smile on his face, "This is not something to be proud of for our Kamizuri Clan."

"It's just a basic operation."

"It's not like some people!" Police Chief Kamizuri shook his head sighfully, "There is only this left to show off."

You just wandered around in front of me, let see if i anger you to death.

"Come on, never forget" Uzumaki Xin said with a smile, "You will be the pride of Uzumaki Kingdom."

"Serve the people!" After Kamizuri Ya heard it, he held up the certificate handed by His Highness Xun and shouted, "I will definitely work hard."

After seeing Uzumaki Xin, he nodded in satisfaction. It seems that Kamizuri Ya has been taught well by his old man for so many years!

This expression, this posture, a proper servant of the people!

It seems that in the future, he should not do anything to kill his family.

Then, it will issue the certificate to the next one

Uzumaki Xin has cancelled the ninja guard, but changed to the original world graduation certificate, a red copy, with a Uzumaki and Uzumaki No. 1 affiliated college drawn on it, and the following is Uzumaki Kingdom.

Since you want to take the new path of socialism with characteristics of the Uzumaki Kingdom, there is no need to follow some customs of the Ninja world.

"I will work hard." Kamizuri Ya also took the certificate with excitement on his face, "I will definitely study hard and become a useful talent for society."

Uzumaki Xin nodded with a smile, and then watched Kamizuri Ya go down, and there was only one last one left.

Looking at the list in hand, a different expression suddenly appeared on his face, and then he smiled and said, "Last one."
