Chapter 421: Black Zetsu's Scam Plan

"Damn it!" Hanzo sighed helplessly.

Sure enough, all the arms sellers were unscrupulous, he bought so many arms from the other Akatsuki Organization and placed so many orders, he just want to pay for it, so I don't need to slam the door and leave without looking back.

What a bunch of ugly corners of the mouth!

It's been a long-term cooperative relationship, and you don't even give a credit. Isn't this not trusting him Black Salamander Hanzo?

You know that he is the number one figure in the Ninja world anyway!

Could it be that his Ninja demigod will do things that are not keeping promises and betraying justice?

This is obviously impossible!

"Oh!" With a bitter expression on Hanzo's face, looking at the information coming from below, he shook his head helplessly. If this continues, the Kingdom of Rain will really be gone, but

"Is it really impossible to find allies?"

And at this moment

"Have!"

A faint voice came over.

Hanzo quickly put down the newspaper in his hand, looked around, and shouted loudly, "Which rat? The one who hides his head and shows his tail, dare not show up?"

"Tsk tusk!" A figure slowly emerged from the ground, looked at the Hanzo sarcastically, and said, "It seems that the kingdom of rain has not reached the critical moment, our Ninja world is still half-spirited."

"Who are you?"

Hanzo frowned and looked at the dark figure emerging from the ground, with a wary look, and said, "You are definitely not a human being."

"Don't care who I am." Blazk Zetsu said indifferently, "Just know that I am the only one who can help Hidden Rain Village now."

And also, He is indeed not human.

"..."

Hearing Black Zetsu's words, Black Salamander Hanzo was silent for a moment, seeming to hesitate.

"Wait this way, the kingdom of rain will really be destroyed." Black Zetsu said with a sneer from the corner of his mouth, "you"

"Can't wait."

It is estimated that under the joint efforts of the three Ninja villages, the country of Rain will be destroyed sooner or later, plus there is a Hidden Cloud Ninja village eyeing up on it.

If it weren't for the red-haired kid looking for him, who would take care of this kind of thing.

Originally led a group of villagers to pray for the mother, why were they pulled away to do this kind of thing?

And there is still no salary.

His heart is bitter!

"How do you plan to help Hidden Rain Village?" Hanzo finally sighed and asked, "You are not enough!"

"My organization and I will not take action." Black Zetsu said lightly.

As far as his strength, if he goes out to join in the fun, it is estimated that he will never see his mother again.

Of course, he is also making a fake organization, he need to earn from thsi work before coming back.

Just like that kid said, if gentle plan don't work, why not use the second despicable plan and try if it will work?

"Your organization?" After hearing this, Hanzo frowned and snorted coldly, "Since I don't do anything, how can I help?"

Are you going to cheer beside?

"Our organization naturally has our own methods. As for how to do it, you don't have to worry about it."
Absolutely said indifferently,

"And-"

The Five Ninja Villages are not of one mind.

"You just have to be prepared for the reward."

Hearing these words, Hanzo suddenly narrowed his eyes and looked at Black Zetsu. Then, with a sneer at the corner of his mouth, he said faintly, "I hope you don't deceive me, or else"

"I will let you taste the consequences of deceiving Hanzo, the god of Ninja World, Black Salamander Hanzo!"

"Let's talk about it!"

"How much do you want?"

Now there is no other way in the country of rain, just look at what this mysterious organization wants to do.

"No need for other rewards." Absolutely shook his head, staring at Hanzo, and said blankly, "We only need."

"The steel of the country of rain!!"

Chapter 422: People Change

"Boss Madara."

Uzumaki Xin casually grabbed a chair, smiled at Mikoto Uchiha next to him, and then said, "How are you in Uzumaki country?"

He didn't expect Uchiha Mikoto to be Madara's assistant

He don't know what happens when Uchiha Mikoto knows that Grandpa Madara is really his grandpa?

She should be surprised if that really happen, after all, the Ninja world thinks that Uchiha Madara has died long ago.

Uchiha Mikoto looked at Uzumaki Xin, smiled and nodded, then poured a cup of tea, and said softly, "Please drink tea."

"Thank you." Uzumaki Xin took the tea, took a sip, and looked at Uchiha Madara who was still relaxing in the sun.

He changed.

He became more like an old man instead of the original domineering Uchiha Madara.

"You go out first." Uchiha Madara opened his eyes, looked at Uchiha Mikoto, and said faintly, "There are still some little ghosts running around outside, you stop them for me."

"Don't let anyone in."

When Uchiha Mikoto heard this, she was stunned for a moment. Then, seeing Uzumaki Xin nodded, she whispered, "I'm going down first."

Seeing Uchiha Mikoto's appearance, Uchiha Madara coldly snorted and said faintly, "Uchiha is really inferior to the next generation!"

"..."

Except for this violent temper, there is still no change.

"There are still good ones." Uzumaki Xin shook his head helplessly and said, "Now the patriarch of the Uchiha Clan has opened the kaleidoscope."

That is, Uchiha Fugaku's character is even more extreme.

"Kaleidoscope." When Madara heard Uzumaki Xin's words, his tone fell suddenly and muttered, "Is it turned on?"

As the person who opens the kaleidoscope, he certainly knows how difficult it is to open the kaleidoscope.

Maybe the other one in emotion is not good, but the research on Sharingan is still quite right.

Kaleidoscope, it is an evil force.

"There is no righteousness or evil in power." Uzumaki Xin seemed to see what Master Ban was thinking, and sighed, and said, "And people are good and bad."

At this time, what else can he do besides pouring chicken soup? And he didn't make a mistake.

Look at the Akatsuki in the Naruto Theater

Although they are doing bad things, their goal has not changed, in order to make the Ninja world feel pain and learn to cherish peace.

This is a peace organization that gathers the strongest terrorists in the Ninja world.

Many contradictions.

Look at Boss Madara, Isn't he also for peace in the Ninja world?

So there is no good or bad power, only see if there is a pit in the brain of the person who uses it.

Chapter 423: Madara never change

"Hmph!" Uchiha Madara looked at Uzumaki Xin with disdain. He has been in the Ninja World for so many years, can he change a few bowls of chicken soup casually?

But thinking of the changes in the Uzumaki Kingdom, Madara sighed, looked at Uzumaki Xin sharply, and said, "What are you going to do?"

Want to know why they recruited this kid to join at that time, isn't it just to help them collect the nine-headed beasts, release the infinite moon reading, and let the entire Ninja world fall into peace?

Just now it seems, people don't do this at all!

"For the peace of Ninja world!" Uzumaki Xin said righteously, "My dream has not changed again, that is to bring changes to the Ninja world and achieve real peace."

Only by overthrowing the old system and establishing a new Ninja Philosophy system can real peace in the Ninja world be achieved.

The first step is to let Black Zetsu be the pioneer of the revolution and ignite a red flame for the Shinobi world.

Moreover, the cultivation of ninjas in the ninja world has always been profit-centered, focusing on how to complete tasks faster, kill people more perfectly, and obtain higher rewards. It can be seen from the root that the ninja's intentions at the beginning It's already wrong.

Uzumaki has abandoned the ninja system and established an academy system that is open to the public. It is to fundamentally kill the old ninja system so that students who graduate from the academy can better choose a career that suits them.

Whether it's moving bricks or joining the army, It's all very good.

After graduating, students will perform social voluntary labor, such as sweeping the streets, cooperating with the police to maintain order, inspecting public facilities, etc.

These tasks are unpaid, just to change the traditional concept of ninjas and let ninjas start from the beginning.

Walk into the masses, not for profit.

Relying on this method slowly kills the existing class between ninjas and ordinary civilians.

Uchiha Madara sighed and said, "Although I don't know what you are going to do, but"

"The root cause of the war in the Ninja world is the ninja."

"If Chakra cannot be fundamentally eliminated, then the Ninja World will never be able to achieve true peace."

Everyone in the column gave a little love back then. Didn't they succeed in achieving peace in the Ninja world at the beginning?

Without the god of the Ninja world to suppress the Ninja, the Ninja world is still chaotic after all.

Although the Uzumaki country has become very good now, ninjas and civilians can live in peace, but who can guarantee the future?

Thought of this, Uchiha Madara's mouth showed a smile unconsciously, and murmured, "I don't know what will happen to the column when I see this scene?"

He is also liked by a kid, unlike Konoha, every civilian there hates him.

If the Hashirama is here maybe he will be more popular than him, because he has become a professor.

This time, he won.

Chapter 424: Pitiful Black Zetsu

"Sister, what are you doing here?" Konnan led Yahiko and Nagato looking at Uchiha Mikoto curiously, and asked, "Where is this place?"

Didn't they follow His Highness Xin?

Where's Your Highness Xin?

Why did a black long straight lady walk out of the house?

Should they tell sister Kushina?

There was a tangled expression on Konnan's face. I don't know what will happen after telling sister Kushina?

There will certainly be no good things.

"What are you doing here?" Uchiha Mikoto looked at the frog trio with a smile, and asked, "This is the teachers' dormitory."

"Teacher's dormitory?" Konnan looked at Uchiha Mikoto curiously, "Miss Sister, are you a teacher?"

Why is he younger than Teacher Zetsu?

Wouldn't it be someone who came in through the back door again?

"No." Uchiha Mikoto shook her head and said with a smile, "I'm just Professor Madara's assistant."

"Are you students here?"

"Professor Madara?" The frog trio glanced at each other, then shook their heads and said, "We are not."

"We just saw His Royal Highness Xin and came over."

It turned out not to be what they thought, but fortunately, she haven't told sister Kushina yet.

"But-"

The three little ones held their heads proudly, "We are the next freshmen."

Uzumaki Xin looked at Madara Uchiha speechlessly. He found that Madara Uchiha's temperament began to gradually change. Although he wanted Madara to be a teacher at the academy at the beginning,

If this continues, what should the mother of Black Zetsu do?

The filial son of a thousand years has been preparing for so many years before waiting for such a pair of reincarnation eyes. If you quit

He will definitely go crazy.

Now Uzumaki Xin can only look at Madara with a smile, and absolutely can't let Madara know that he has known the purpose of the extremity long ago, or else Madara will go crazy!

"Boss Madara rests slowly." Uzumaki Xin stood up and said with a smile, "I won't bother you to sigh the sun."

Let's hurry up!

By the way, think about what to do to help Ninja to feel the care of maternal love again

Chapter 425: Labor Camp Situation

Uzumaki kingdom, Labor camps.

"Today's lesson is here."

Teacher Uzumaki pushed his glasses, looked at the group of mist below, and said faintly, "Tonight's homework is to follow the fifth article of 'Ideological Construction', 'Nin is calm for a while.'"

"The sixth article 'Repaying Complaints with Virtue' was copied ten times each."

"The 'Greater Ability, Greater Responsibility' in the 'Ninja Norms' is copied 15 times, and 'Serving the People' is copied 20 times."

"Check it tomorrow morning."

Just after Mr. Uzumaki's words were finished, the dozing Mist Shinobi shivered with the pens below, and the pens in their hands fell to the table in fright, their eyes widened, and their heads looked up in disbelief...

So many!

However even if they want to protest...

*Slap!

Seeing this scene, Mr. Uzumaki patted the table directly, frowned and said, "Stare at you, look at yourself, each ninja with three wrong views, don't give me serious study, fight for Re-behave, and when he is released from his sentence, he will become a person who is useful to the Ninja world and the people."

"If you haven't finished the copy tomorrow, double it ten times. By the way, brush all the toilets in the camp for me."

"It's considered social labor reform."

*Crack!

"What's wrong with Mangetsu Hōzuki? Are you mentally dissatisfied?"

Mr. Uzumaki stared at the Mangetsu Hōzuki in the first row, frowning, and said, "I broke the pen when I was angry?"

"Report teacher, no."

Mangetsu Hōzuki picked up the broken pen faintly and said, "I'm used to grabbing with a knife, and I feel a little uncomfortable with the pen."

One of the seven labor-management ninja swords, has always only used the sword to cut people, when did you take the pen?

And...

This will be copied fifty-five times!

Do they still need to sleep tonight?

"In that case..."

Mr. Uzumaki nodded sympathetically and said, "Everyone is used to carrying knives and carrying knives, and suddenly assigning so many homework, it will be a little uncomfortable, then tonight..."

Just when the Hidden Mist Village people thought that the teacher understood their difficulties and was about to reduce their homework...

"Then double each article again."

Teacher Uzumaki said with a smile on his face, "Copy a little more, then everyone can get used to it faster."

"..."

Suddenly...

The whole classroom fell into a wailing sound.

All the Mist Shinobi stared at Mangetsu Hōzuki, if it weren't for you...

Do they copy it more than a hundred times?

However, Mangetsu Hōzuki stared back fiercely, there were a few ordinary Jonin ,and Chunin. He could beat ten, so he still dared to show his superiors' expressions?

No no... Isn't it more than a hundred times?

Stay up all night and it's done.

Ninjas never fear any challenge...

Whether it's cutting people or copying books!

Mangetsu Hōzuki sighed disappointedly, shook his head, and murmured, "I can't bear it this time!!"

Chapter 426: New and Improve Danzo made by Uzumaki Kingdom Labor Camp

Konoha Village

"Don't worry, your children will come back."

Danzo looked at the noisy villagers below and shouted loudly, "Konoha is not the Konoha of one or two people, but the Konoha of everyone here."

"So your children are just going to protect Konoha. They are honorable and respectable."

"As their relatives, you should be proud, because..."

Danzo waved his fist and shouted passionately, "You are all contributing to protecting Konoha."

"Perhaps..."

"Some people may have died while protecting Konoha."

"But I believe they have no regrets in their hearts, because they sacrificed to protect Konoha."

"For them, my heart is the same as you, sad and gratified."

"They are all Konoha heroes!!"

"So please rest assured."

Danzo wiped the tears from the corner of his eyes and shouted, "As Konoha's senior consultant, I promise you that Hokage-sama will never let these heroic families shed blood and tears."

"Believe me... Master Hokage of our village."

"He will never let us down."

Danzo looked at the villagers who had calmed down below, and he was relieved.

Because Konoha's battle situation was unfavorable and many people were sacrificed, which caused some people in the village to be dissatisfied.

Although relying on the Senju Clan and Uchiha The matter of the family was temporarily suppressed, but...

After a long time, the civilians in the village began to feel anxious again.

"Sarutobi."

A smile flashed from the corner of Danzō's mouth, "Do you still want to push me out to calm the people's anger?"

Do you really think I'm still the Danzo of the past that cannot solve the problem, just solve the person who raised the problem?

he have changed a long time ago, during the time in the Uzumaki Kingdom, after reading a few books, he realized that just relying on the back pot cannot become the village chief.

He, Danzo will slowly use love to influence the villagers.

"In the afternoon, I will send Gen to do more practical work for the villagers." Danzo murmured, "The book still has a bit of truth. Do more practical things and less empty talk."

By the way, publicize more of your glorious image of loving the villagers.

"Everyone, don't gather here anymore." After regaining his senses, he looked at the villagers below and said, "Trust me... the Master Hokage of our village will definitely give you an answer."

And so... If something goes wrong, please find Master Hokage...

Chapter 427: Hidden Misty Village Problem

Hidden Misty Village

"Hasn't the Kubikiribōchō, and Samehada come back?"

Third Mizukage put down the files in his hand, frowned and looked at the Assistant Jonin in front of him, and said with emotion, "It is worthy of being a famous seal technique in the Ninja world. The Uzumaki Clan!"

"Indeed, it is estimated that the Kubikiribōchō, and Samehada should be sealed by the Uzumaki family."

The Assistant Jonin sighed and said, "Now they can't think of any way to solve the Uzumaki family's seal."

A hesitation appeared on his face.

With his expression, he decided to ask, "There are also conditions for the country of Uzumaki..."

"Hidden Mist Village has no money right now!" However, before Jonin's Assistant could finish speaking,

Third Mizukage said helplessly, "When you open your mouth, it is one billion, two billion. Now, Hidden Mist Village hasn't even got the fleet. , I can't pay the money at all."

Why didn't Hidden Mist Village participate in the Division of Rainy Country this time?

Isn't it because the loss in World War I was too heavy, and now you can only cultivate your body?

"But..." Jonin Assistant said after hearing it, "In this case, the Seven Swordman won't get together."

"I... will think of a way again."

Third Mizukage nodded and said, "Continue to send ninjas to condemn Uzumaki country and let them return the ninjas and ninjas in Hidden Mist Village. As for the money..."

"Wait a little longer!"

This matter must be resolved anyway!

If during the time he succeeded Third Mizukage, the Seven Ninjas became the Five Ninjas, then what kind of face would he have to see the first generation of Mizukage!

No matter what, he have to bring back Shinobi.

"Understood." Jonin Assistant nodded helplessly, and said, "I will continue to arrange people."

just... If you have no money...

How to let the Uzumaki country release people?

....

Have you seen the vortex country at three or four in the morning?

The Kiri Shinobo captured by Uzumaki Kingdom has seen it.

"Damn it, this has only been copied more than sixty times." A Mangetsu Hōzuki angrily dropped his pen and rubbed his wrist. He wasn't so tired after hacking people!

"Don't copy."

"Even if I die, here in the country of the vortex, I will not be able to copy another word if I am stabbed to death by this pen."

As soon as the voice fell, the Kirgakure people in the entire dormitory began to booze, yelling, 'you're right, don't copy.'

'Copy what? We can only hack people!'

'Yes, why should Uzumaki let us copy the book?'

'...'

However...

The person next to him was still copying with his head buried in his head, and the Raiga Kurosuki who didn't join in the fun, slowly said, "I haven't finished copying. I will copy ten times tomorrow."

"..."

Suddenly there was silence in the dormitory, and then grabbed the pen and continued to copy.

They can't escape. Chakra is sealed, and the surrounding area is covered with nets. Where can they go?

If Chakra is not sealed...

They just need to divide up a few more avatars to help, don't they not have to be so tired?

"I blame Mangetsu Hōzuki..." A Jonin sighed, with an angry expression on his face, and whispered, "If it weren't for him, we wouldn't have to copy so much."

"Hey!"

Chapter 428: War in Land of Rain

Land of Rain

"Our task is to take a small path from here."

A Commander Iwagakure shinobi pointed to the map on the table, looked at the surrounding Captain Iwagakure shinobi, and said with a serious face, "Enclose with Konoha Ninja, right Hidden Rain Village is being surrounded."

"After all, I will give Hidden Rain Village to... ahem, save the thousands of people in the country of rain."

Then, everyone can sit down and divide the spoils.

Hearing the commander's words, everyone smiled at the corners of their mouths. After the victory, they were immersed in the happy atmosphere of buying a house and marrying a wife in the village...

"Master Shi, if you cooperate with Konoha..."

A Captain Iwagakure shinobi raised his hand, hesitated, and decided to ask, "What if we fall into Konoha's trap?"

"After all, Konoha's words..."

Even the people in his own Ninja Village were able to play, let alone their Hidden Rock Ninja.

Hearing Captain Iwagakure shinobi's words, Commander Iwagakure shinobi suddenly frowned and said, "Now we are the Alliance, Konoha will not do such a thing."

Konoha is the head of the five great ninja villages, and the ninja village created by the god of the ninja world has a certain amount of belly fat.

"But Uchiha..." The Captain Iwagakure shinobi opened his mouth again when he heard the commander's words, as if he wanted to say something, but after seeing the commander's sharp eyes, he sighed and responded, "Yes!"

Anyway, Uchiha is a barrier that Konoha can't cross, so why did Chief Uchiha do it himself?

He really thought that their spies in Konoha didn't know that Konoha Danzo's consultant led Anbu to the Uchiha family, and then...

Brought out a batch of corpses!

And at that time, Konoha's Danzo consultant shouted, by Hokage's order...

"Wood Release.."

Shi Shinobi lowered his head, with strange gazes in his eyes before everyone could see, and said faintly, "Maybe the last man of Senju Clan has awakened Wood Release long ago. ?"

"After knowing that the entire family members are dead, how could he not awaken?"

"And so..."

"It's just Konoha hiding from us."

Chapter 429: Minato and Jiraiya

...

Konoha Village

"Teacher Jiraiya."

A blond child looked at the gray-haired youth in front of him, blushing with a book in his hand, and asked, "Did you give the wrong book."

This book...

He can't understand it at all!

"Ahem!" Jiraiya glanced at the book and coughed twice and said, "Good job, Minato."

"I use this book only to test and test your ninja ethics. I didn't expect you to do it at a young age!"

"I got this book from someone else."

Jiraiya also took the book with a serious face, and said, "This book is not suitable for you to read now, I'm just looking at it with critical eyes."

No wonder he didn't find it all night after he searched it last night. It turned out to be wrong. You know, he bought this book after searching for a long time. he haven't finished reading it yet!

He also...

He am determined to become a great writer, so this book is just a reference and reference to make full preparations for my career as a writer.

"Really good." Jiraiya had a gentle smile on his face and touched the head of the Minato. "This is what I want to give you."

"This is my great toad immortal who came and took a very long time, and it was meticulously compiled."

"It contains a lot of my experience in ninjutsu and chakra. It will definitely be helpful to you." Jiraiya hurriedly hid the book that Minato handed him, and then took out another book and smiled and said, "Remember to read it carefully."

"Thank you, teacher." After receiving the book, Minato turned to the first page. Seeing that it was correct this time, he said with excitement, "I will definitely work hard, and I will never disappoint Teacher Jiraiya!"

"En!"

With a relieved smile on his face, Jiraiya nodded and said, "You will become an excellent ninja."

"It just happens that tomorrow there will be no danger, so I will join the division on the battlefield, let you see the strength of the division."

"He will also go with the Senju Kid."

"As the pillar of the future, how can you not experience the atmosphere of war?"

"Relax, relying on the strength of my toad immortal will definitely be able to protect you."

"So..." Jiraiya also poked his hand, and said embarrassingly, "Can you teach No-Seal Jutsu, cough cough, I don't want to learn it secretly, I just see if I can improve it for you. ?"

"That ninjutsu is still pretty good."

After Minato heard what Mr. Jiraiya said, he almost nodded his head a little emotionally, but...

"This ninjutsu was not developed by me, but a redhead kid taught me."

"If Teacher Jiraiya wants to learn, I need to ask him."

In any case, this is someone else's ninjutsu, so he can't decide whether it can be handed over to Teacher Jiraiya, he just happens to have some thoughts about Rasengan, then he will meet him and ask about it.

Chapter 430: Maybe Second Nawari

Land of Rain

Complete its work in one battle.

"The Senju Kid, you and Minato have listened to me."

Jiraiya looked at the two little ghosts in front of him with a serious face, and said seriously, "The battlefield changes rapidly, and if you are not paying attention, you may lose your life, so On the battlefield, except for their trusted partners, everyone else is untrustworthy."

Although this kind of remark is a bit bad for these little ghosts, since they have all come to the battlefield, we must let them understand how terrible things are for ninjas on the battlefield.

Every year in the ninja world, compassion There are countless ninjas who have lost their lives because of compassion and so...

These must be clearly stated, or else there will be an accident at that time, and I will regret it too much.

"I see, Brother Jiraiya."

Senju Kid waved his hand impatiently, and said, "My father told me about it, and he also said it in the Ninja Academy, so don't worry about it, and..."

"I have been on the battlefield for so long, why didn't I see my father and uncles?"

Where did the people of the Senju Clan go?

"Ahem!"

Jiraiya coughed twice, turned his head and looked at the Orochimaru who was looking at the sky next to him. He could only bite the bullet and said, "Your sister will also be here in a few days, and I will take you to Tsunade when the time comes."

He felt helpless, what would he say to Tsunade?

Touched his chest.

Do you want to put more steel plates on your body before that time?

He don't know if the steel plate can resist Tsunade's strange power~

"Sister is coming?" When Senju Kid heard Jiraiya's words, his face suddenly showed a hesitant expression. He don't know if he want to talk to Big Brother Jiraiya, sister she already...

She don't accept any boyfriend after the incident last war.

And the unrequited love of Brother Jiraiya seemed useless.

My sister won't like him.

"Don't worry, Brother Jiraiya." Senju Kid sighed and said old-fashioned, "I support you."

"Huh?" Jiraiya blinked his eyes inexplicably, what did he say?

"Oh, it's nothing." Senju Kid saw the faint look in the faint eyes of Mr. Orochimaru, and said with a erratic expression, 'I just think that the older brother Jiraiya treats me very well, and he will bring me cough books and me. Go see Keke..., Keke! It's nothing.'

"I did not say anything."

His talking nonsense. Didn't you see that teacher Orochimaru's eyes were not right?

Even the eyes of Minato... Did he also know something?

Did he know how Tsunade's Younger Brother Died last time?

"Cough cough!" Jiraiya coughed twice, slapped the Senju Kid on the shoulder and said, "It seems that you have read all the books I gave you about ninjutsu, which is very good."

"Don't run around today, follow me and Orochimaru, when there is danger, we will also protect you."

"Humph." Senju Kid said with a grimace, "I'm very strong."

Now that he came to the battlefield, let the name of his spread throughout the Ninja World like his grandfather.

It's time for the name Senju Kid to spread throughout the Ninja World.
