

Uzumaki 431

Chapter 431: Last Male Senju Die

Konoha Late January

In this new year, something that shocked everyone in the Ninja World again...

The last male of the Senju Clan, the grandson of the Second Hokage, the Niwa Senju was sacrificed in the battlefield of the Land of Rain.

Konoha was shocked at once, and he criticized Hidden Rock Village for not keeping promises and secretly attacked allies during the war.

Konoha, Hokage-sama declared war on Hidden Rock Village in grief, suddenly...

The short-lived alliance broke down immediately.

Konoha Village

Sarutobi Haruzen patted the table with an angry look, and shouted loudly, "The big noses of Hidden Rock Village and Onoki, what a damn!"

You should know that the Nawa is the god of the Shinobi world in the future of Konoha!

And also the last young Senju people left in Senju Clan and now he is gone!

"Immediately declare war on Hidden Rock Village."

Sarutobi Haruzen said with a cold face, "They must give Konoha an explanation."

"I'll arrange it." Utatane said with an angry face, "This simply doesn't put Konoha in his eyes."

Know that the Nawa Senju are their Konoha... the hope of the whole village!

Sarutobi Haruzen took a breath of smoke to calm himself down, but still said with a cold face, "Mito-sama and Tsunade..."

"Do they know?"

"..."

Turning to bed, Utatane was silent for a while, sighed and said, "Tsunade is full of shortfalls, and she probably knows it now."

"The words of Mito-sama..."

"I haven't told her yet."

"Oh!" Sarutobi Haruzen put down the pipe in a melancholy voice, and said helplessly, "Master Mito is already old, if you know it, Master Mito's body may be..."

Can't hold it anymore but...

"In any case, Nawa is also Mito-sama's grandson." Utatane hesitated and said, "We have no right to hide it from her."

"A few days later!" Sarutobi Haruzen thought for a while, and said with a sigh, "I will tell her in a few days later."

In any case, there can be no accidents in Nine Tails, so you must be prepared!

He don't know these days...

How is that girl?

Chapter 432: Tsunade finally found the news

Uzumaki Kingdom, Daimyo Office

Uzumaki Xin looked at the Ninja Daily News in his hand, and sighed leisurely. In the end, the last Male Senju in Konoha was still...

He die at a young age.

Although this is also the fate of the Senju Clan, if there is no oneself behind the scenes, the fate of the him may not die, but for the Uzumaki Kingdom ...

This ninja world must be confused.

Otherwise, if everyone's eyes are on the Uzumaki Kingdom, the Uzumaki Kingdom's ending may be the same as the Rain Kingdom.

Perhaps his own power has been able to blast the Ninja World, but he didn't want people outside to think that the power of Uzumaki Kingdom was only dependent on him, and he did not want the people of Uzumaki Kingdom to rely too much on him.

After all, if the Uzumaki Kingdom wants to truly rise, it is indispensable to declare its power to the ninja world, so...

The next war is indispensable.

But winning by yourself is not the same as letting the entire Uzumaki country work together to win.

He doesn't want to be the Second Senju Clan...

So he must be a politician who makes others feel sick.

"Actually I really want to be a good person, but..."

he have to do this now.

Uzumaki Xin put down the newspaper and shook his head helplessly. Now, don't think so much. There is still a meal in Uzumaki that has not been completed, and...

"The country of rain is about to start a melee again, what is Black Zetsu staying there for?"

He haven't come back for so many days.

Is there a lot of business in the Land of Rain?

...

Land of Rain

"Damn it!" Tsunade angrily grabbed Jiraiya's collar, and shouted, "Why didn't you stop him, why didn't you protect him, why did you let him come to the battlefield?"

"Last time its my Brother.,. now that kid!"

"They are just a kid!!"

And Jiraiya also...

"I'm sorry!" The swollen face like a pig's head can no longer see the original appearance.

But seeing Tsunade's righteousness now, he still shouldn't fight back, or else with the strength of his toad immortal, who can beat him?

Teach him how to be a man in minutes!

Tsunade dropped Jiraiya casually, she then look up and start crying, "My tribe, my younger brother..."

"It's all gone."

"They are all gone."

Chapter 433: Alliance Broke Again

"Teacher Jiraiya...."

Minato looked at Jiraiya's back, especially the action of wiping his tears. He knew that Teacher Jiraiya was still very sad.

Only to keep others from being sad together, he can only keep smiled.

Teacher Jiraiya, he's... Consoling everyone in your own way!

"Oh oh!" Jiraiya turned around and looked at Minato, with a face full of self-confidence, and said, "It's Minato!"

It's just that he can't see clearly.

"This...Who beat this." Minato exclaimed, "This... Teacher Jiraiya, I..."

He didn't know how to say it.

It was too scary, if it weren't for this suit and that voice, he wouldn't recognize Teacher Jiraiya.

"I beat this myself." Jiraiya said cheerfully, "Suddenly I wanted to change my image, so I did it myself."

Then, he patted Minato on the shoulder and left.

As a teacher... He didn't want Minato to see him like this.

"Teacher Jiraiya is really amazing!" Minato looked at Jiraiya's chic back, and said with emotion, "Teacher Jiraiya is also very sad inside."

Otherwise... How can you beat yourself up?

...

Hidden Rock Battle Field

"How many such special tools does your Akatsuki organization have?"

Onoki frowned and looked at the masked man in front of him, and asked, "How long will it take to get it?"

"As much as you want." Black Zetsu said in a low voice, "If you time, it will be delivered within seven days."

Black Zetsu doesn't understand now, he is still wandering in the Land of Rain, why is this... the alliance just formed is starting to infighting.

"What if you want to hire your Akatsuki organization?" Onoki said, squinting. "No matter how much it is, we can afford it in Hidden Rock Village."

"Sorry, who of the Akatsuki organization will not intervene in any war." Black Zetsu said lightly, "We are a peace organization."

"..."

The peace of ghosts!

Selling arms, you actually talked about peace with me, but...

Hearing that they weren't participating in the war, Onoki felt a lot easier in his heart, after all, the eyes of reincarnation is same as the Legendary, Six Path Sage.

If you appear on the battlefield, you don't know what will happen.

And he didn't know why the Hidden Cloud Village mind suddenly went blind...

Don't you know that they are still in the alliance now when they shot Konoha for no reason?

Now... The reputation of Hidden Cloud Ninja Village is ruined.

"In that case, I hope that the special tools can be delivered as soon as possible," Onoki said. "After all, time waits for no one."

Konoha has declared war on Hidden Cloud Village.

They also have to prepare for Hidden Cloud Village. Since they are killed, they will be killed. In any case, they are also the blood of the Senju Clan. What if Wood Release is really awakened by that time?

Hidden Rock Ninja Village is not afraid of any war.

Now let Konoha take a look at their Will of Stone!

Perseverance and perseverance...

The Will of Stone left to them by the first generation of Tsuchikage.

Chapter 434: Foolish Third Kazekage

Months later after the three great village alliance, a huge news suddenly come out.

The alliance between Konoha and Hidden Sand Village is broken.

At the end of the same month, Hidden Sand village declared war on Konoha.

"I don't agree." Chiyo stood up with an angry look and said, "We are now an ally with Konoha. There is no need to go to war with Konoha."

"The villagers live in hardship now, plus those special tools"

So much money was spent.

"If you start a war on the two fronts, life in the village will be more difficult."

"Consultant Chiyo, this war is inevitable." Third Kazekage looked at Chiyo and said faintly, "It is precisely because of the purchase of so many cutting tools that I will declare war with Konoha. As long as we win, then. Then everything will come back."

"But Konoha is too strong." Chiyo patted the table, took a deep breath, and said with a serious face, "Hidden Sand Village is not an opponent at all, especially if he goes to war with allies without permission, the reputation of Hidden Sand Village will be destroyed. It's treachery!"

"Haha." Third Kazekage sneered disdainfully, "The relationship between the village and the village is only of interest. Since the war can benefit the village of Sand, why not go to war?"

"Not to mention"

"How can the ninja matter be said to be treachery?"

"I can't see anything beneficial to the village at all, Third Kazekage." Chiyo sighed inwardly and said helplessly, "I only saw loss and death."

He slammed the door and walked out.

she knows the Third Kazekage had gone crazy, the special tools made him unable to recognize the reality. It is impossible for Hidden Sand Village to rely on those cutting tools to fight Konoha.

He doesn't want to think about it

Konoha has more money than Hidden Sand Village!

Wouldn't they buy it?

"Sister." Ebizo, who was wearing a bandage on his head, chased it out, looking at the angry Chiyo, and said helplessly, "In any case, he is already Third Kazekage, so sister, you should pay attention to your words."

"Sorry, I know." Chiyo sighed and said helplessly, "But declare war with Konoha, alas! I am not optimistic."

"Since Third Kazekage has done this, he should have his thoughts. My sister should go back to see Scorpion."

Ebizo said comfortingly, "Scorpion is learning puppetry recently. He is the future of the village! As for other things."

"We don't have to worry about it."

"Scorpion!" Hearing his grandson's name, Chiyo said with a kind smile on her face, "It's very smart, I heard Third Kazekage said that Scorpion can now be a simple puppet."

"Stupid!" Ebizo snorted coldly while looking at Chiyo who was leaving, "It is because Konoha is too strong that I will declare war. Otherwise, how can Hidden Sand Village catch up with Konoha?"

Chapter 435: Hidden Conspiracy

Land of Rain

Hanzo has something in his heart that he don't know when it is inappropriate to say it.

These three three Ninja village alliances are broken, and they still want to start a war with Hidden Rain Village. Isn't this looking down on people?

"It's so irritating!" Hanzo sighed helplessly, and said, "Let the Rain people cheer me up. These three three Ninja villages have no intention of withdrawing troops."

It seems that they still hope to destroy and divide Hidden Rain Village in their hearts.

But, this is exactly what he wants.

Now that the three major Ninja villages have dispersed their forces, Hidden Rain Village will be very likely to win as long as it relies on a large number of weapon.

"In any case, our Hidden Rain Village must win." Hanzo stood up, looking at Rain Village in front of him and said, "Only in this way can the country of rain have a future."

The sixth largest country, the sixth largest Ninja Village

His, Black Salamander Hanzo is the one who can bring hope to the country of rain.

.....

Hidden Cloud Village.

"So" Kumo Shinobi asked, "Are we still going to withdraw now?"

Originally, they didn't plan to go to the Land of Rain to join in the fun. After all, the battlefield was too far away, and Konoha had suffered heavy losses. There was no need to threaten it anymore, but now

The plan can't keep up with the changes!

Not long after this alliance, the three Ninja villages fought again.

Do they want to follow the autumn wind?

"It's not clear yet." Commander Kumo Jonin shook his head and said, "I have already sent an inquiry to Lord Raikage, I guess it should be today."

However, the words are not over yet.

*Tweet!

An eagle call came in.

With a smile on his face, Commander said, "Come on."

Sure enough, a faithful eagle flew in and stood on the table in front of the commander.

The commander took off Master Raikage's letter, opened it, and examined it carefully, then suddenly narrowed his eyes.

"What's the matter?" Kumo Shinobi said curiously when he saw the commander's appearance, "How does Master Raikage arrange?"

"Let's pass on the order and stay where you are."

Commander smashed the letter directly with Thunder Dune, and said lightly, "Raikgae-sama has a new order."

"let us"

"Cooperate with Konoha."

Chapter 436: New Invention

Uzumaki Kingdom

"The vitality of this cell and Chakra are too strong."

The Grand Elder pointed to the cell that Uzumaki Xin gave him, and said, "Ordinary creatures simply can't bear it."

After so many animal experiments, no animal can accept it. No matter what kind of animal, as long as the cell is injected, it will explode and die without exception.

This cell is completely incompatible with the cells of ordinary organisms.

"Sure enough?"

Uzumaki Xin nodded and murmured, "Only the blood of the Uchiha Clan can withstand the blood of Hashiram Senju?"

The unfavorable relationship between the Senju Clan and the Uchiha Clan has been passed down for so long, and it has been integrated into the blood.

No wonder Uchiha Obito and Madara can do it, because they can not only transplant the Sharingan, but also inject the cells of Hashirama

It seems that he have to look for blood studies of the other Senju Clan and Uchiha Clan to see if there is anything to be discovered.

"It's time for all public officials in Uzumaki to undergo a national medical examination."

Uzumaki Xin murmured, narrowing his eyes with a smile on the corner of his mouth, "By the way, give them a blood test."

"Moreover, a special substance was found in this cell." The Grand Elder looked at the cell in front of him, showing indulging eyes, as if looking at a secret treasure, and said, "It's different from a normal chakra."

"It's not like Wood Release's Chakra."

Hearing the words of the great elder, Uzumaki Xin was taken aback and frowned.

Is it Ashura's Chakra?

"Anything to find?" Uzumaki Xin asked.

"No." The elder shook his head and said in a regretful tone, "The matter is just like living."

"We are totally helpless with it for the time being!"

"Forget it, let's not talk about this." The Elder withdrew from regret, with a smile on the corner of his mouth, and said, "This time I asked you to come here, not because of this, but"

"There is another new invention"

"That's it."

The elder smiled and took out an instrument, and said, "Lawn mower."

"....."

So you are so mysterious and enchanting to call me to show me this lawn mower?

Uzumaki Xin looked at the elder with a speechless expression. Could it be that because of so many years of scientific research, he has begun to be naughty?

....

Chapter 437: Different Treatment

However, he hasn't waited for Uzumaki Xin to speak.

"Don't underestimate this lawnmower." The Elder blinked and said mysteriously, "It's not the same as the design you gave me."

"Of course it's different." Uzumaki Xin said in an angry voice. One uses chakras and the other uses electricity. Can it be the same?

"Look at this." The Elder turned on the lawnmower and said with a smile, "This is the result of our research institute after months of sleepless sleep and food."

After Uzumaki Xin heard this, he felt puzzled in his heart. If you know that the elder never speaks big words, is there really something magical?

He just squatted down

"This, this" Uzumaki Xin pointed to the cutter below with a face full of disbelief, and said, "Did you succeed?"

"En." Seeing Uzumaki Xin's surprised expression, the Great Elder nodded and said with a satisfied expression on his face, "After so long, Chakra compressed."

"Finally let our research succeed."

Uzumaki Kingdom, public security bureau.

"Fugaku, I'm off work." Kamizuri Chief patted Uchiha Fugaku, who was still staring at the monitor while still opening his writing wheel, and said, "Although serious work is admirable,"

"I heard that you have been working overtime late in the past few days, and come to work early in the morning?"

"This is very harmful to the spirit."

"It's okay." Uchiha Fugaku shook his head lightly and said, "I'm not tired."

During this period of time, because of Konoha's affairs, he couldn't sleep at all at night. Once he calmed down, he started thinking wildly, wanting revenge.

Only when he is allowed to work seriously here can his heart calm down, especially when he sees other people's earnest thanks

He don't know why, he can always relax my irritable mood.

"Let's go!"

Kamizuri Chief directly pulled Uchiha Fugaku up, and said with a smile, "It's already so late.

You get off work.

You can't take up all the model workers and police officers throughout the year.

You have to keep it for others.

There is a back road!"

Then, turning his head, shouted, "Come on, take Fugaku's position."

"Follow me to the commercial street and taste some food!"

"Just relax."

Forced to be helpless, Uchiha Fugaku can only be dragged out by Kamizru Chief, although he can also resist, Kamizru Chief's strength is not as strong as his, but this feeling

Not too impatient!

He have never tried to be treated like this in Konoha. Everyone in Konoha is afraid of Uchiha.

Chapter 438: New Business Idea

"Okay, let me go by myself!"

Uchiha Fugaku said helplessly, "Don't pull it."

During this period of time, the Uchiha clan can be said to have fully integrated into the Uzumaki Country.

Even the little ghosts have begun to adapt to the life of the academy.

He heard Mikoto said that the academy has come to a teacher who is very familiar with the practice of the Uchiha Clan.

He will teach those in the next semester, Little devil, it's very strict.

He don't know how many times he have to go to the academy when I am seen by my parents.

Because it's a holiday now, he didn't run to the college anymore, and it is also because the Uchiha Clan lives well in the Uzumaki Country, so that he has no burden.

But there's is a feeling of wanting to find Konoha revenge.

"Haha." Kamizuri Chief let go of Uchiha Fugaku, patted him on the shoulder and said, "Sorry, sorry."

"It's okay." Uchiha Fugaku sorted out his uniform, and said lightly, "Let's go."

...

"Is it expensive?" Uzumaki Xin looked at the lawn mower and asked, "Can Chakra weapons also be made?"

Now that it can be made, why do you want to make a lawn mower?

It's also good to be a light knife! !

"This-" The elder took out a knife handle from behind, pressed it against the bottom, and said, "The weapon is also successful."

"According to your development of ninjutsu, helix pill may be inspired by it."

"Through special methods, the chakra is constantly compressed."

"Although there was an explosion due to compression imbalance in the beginning, but later found a way." The elder wielded a blue light knife and said with a smile, "It will succeed."

"Moreover, the machine is more confidential than ours. As long as we find a way, there will be basically no errors."

"It's just that the cost is a bit high, about ten times that of gloves, and too much dust is needed on it."

"This is Chakra Knife?" Uzumaki Xin looked at the light knife, frowning and said, "What about other attributes?"

"Basically, it's okay." The Grand Elder turned off the light knife and said, "It just consumes a lot of Chakra."

"A lot?" Uzumaki touched his chin, frowned, lost in thought, "It seems that this batch of goods can't be sold like the previous scientific tools!"

"Ten of each element are made, but the form is different." Uzumaki Xin squinted his eyes and said, "These scientific ninja swords go high-end."

Give them a tall and tall name, and at the same time let Zetsu promote and publicize in the world of ninja

A batch of legendary ninja swords appeared, and only the strong could match them.

In this case, in the black market, a ninja sword has to be sold for billions!

"Black Zetsu" Uzumaki Xin sighed and murmured, "There is a big business, why don't you come back?"

.....

"Yawn, yawn." Black Zetsu rubbed his nose and murmured, "Have you caught a cold?"

Then, looking at the Konoha ninja in front of him, "What is your commander looking for?"

Hasn't the airship been delivered to Konoha?

Is there something wrong?

However, if the money and goods are cleared, it is impossible for him to return the money.

....

Chapter 439: Late at Work

Uzumaki Kingdom

Today, the weather is fine.

"You," the gate of the palace held his chin with both hands, squinted at the two people in front of him, and said faintly, "Last night"

"Have you seen it?"

He deliberately chose such a late delivery time to avoid the redemption. As a result, It's so late, what are you still doing outside?

And he met two people with special pupil power, his own transformation technique is not very useful at all!

Really are, can't you go home early after get off work?

What kind of noodles do you eat?

Don't you have to go to work tomorrow?

"I didn't see anything." Kamizuri Chief said with eyes floating, "It was too late yesterday, the lighting was not good, it was a bit dim, and I couldn't see clearly."

He also collapsed inside.

Isn't it just asking Uchiha Fugaku for a meal?

Why did you see your boss doing sideline work outside?

He feel a little flustered inside and, my patriarch actually went to sell his blood.

"It seems that the patriarch was forced by the debt collector"

"And we have been eating noodles yesterday. The special hairy blood is really "Kamizuri Chief's eyes showed nostalgia for food, and he licked his lips.

"All immersed in food"

"I didn't notice anything nearby at all."

Hearing Kamizuri Patriarch, Chief Police Kamizuri nodded in satisfaction, and said with a smile, "You go to work first."

Worthy of being an outstanding clan member of the Uzumaki Kingdom., he was very satisfied!

As for Uchiha Fugaku..

Chief Police Kamizuri turned his head and looked at Uchiha Fugaku, who was still staring at him, and suddenly felt a little headache.

This Uchiha clan, It's all from a group of dead brains.

What should I do now?

It's rare to find a job that the Uzumaki Kingdom can do. When the funds and raw materials are ready, it's just a matter of selling it. Then, pay back the money from the black-faced ghost to reach the pinnacle of life and become a rich man in the Uzumaki Kingdom.

At that time, you will be able to use the money to draw the Kamizuri family.

But right now, fate made a joke with him.

"You should be clear." Uchiha Fugaku said blankly while looking at the Chief Police Kamizuri, "Kamizuri Patriarch clearly stipulates that no public official shall be allowed to engage in business or perform any form of part-time job."

"As the chief, this is knowing the law and breaking the law!!"

Chapter 440: Asking Black Zetsu to make Counterfeit Goods

"What about White Zetsu?" Uzumaki Xin came to the warehouse of the Land of Rain, looked at the piled steel in front of him, and the steel that had been specially treated, and asked Black Zetsu, "I have something to ask him."

"White Zetsu have been very busy during this time." Black Zetsu said respectfully, "If you have anything to do with Master Xin, you can tell me, and they will know about the body by then."

"That's it!" Uzumaki Xin touched his chin and squinted at Black Zetsu body. It seemed that Black Zetsu didn't want to see him at all.

He didn't do anything

What is this Black Zetsu so afraid of him?

Both are the children of Chakra's mother, so how can they be so much intimidated compared to the other two?

It's really worthless! !

Is it because of premature babies?

Is that black one really a premature baby?

"It's okay." Uzumaki Xin said with a smile, "It's just a small matter."

In this case, then look for him later, as long as Boss Madara, and Nagato are in the Uzumaki Kingdom, he doesn't worry about running away and hiding.

"What's the matter?" Black Zetsu raised his split eyelids. Although he was only split, his IQ was not high, but he also knew that every time this red-haired kid said something trivial, it was not a good thing.

"I heard" Uzumaki Xin narrowed his eyes and looked at Black Zetsu , and said lightly, "Your fraud technology is very good?"

"Especially antique types."

He knows the stone monument of the Uchiha Clan

It's been completely changed.

Moreover, the modified ones can't even be seen as fake in the Mangekyo..

The absolute counterfeiting technology is still top-notch in the Ninja world.

"Haha." A cold sweat broke out on Black Zetsu 's forehead, wondering in his heart, does this kid know something? Do you want to slip away? Looking at Uzumaki Xin carefully, he asked, "Where did Master Xin know?"

"Black Zetsu said." Uzumaki Xin said with a smile, "What's wrong with you? Is the warehouse a bit hot? Sweating?"

"It's okay, it's okay." Black Zetsu said cheerfully, "It's just a little uncomfortable."

How can it be hot in winter?

It turned out that the silly boy White Zetsu said, it seems that this kid still doesn't know their real purpose.

My heart was relieved immediately, next time he must have a body to talk about it, let this White Zetsu take care of his mouth.

Black Zetsu asked respectfully, "What does Master Xin need to make and write?"
