

Uzumaki 451

Chapter 451: Plan for Seven Swordsman

Lucci directly ignored the nonsense of His Highness Xin and said, "Now arrange for ninjas to catch them all?"

"No, wait a minute." Uzumaki Xin suddenly thought of a good idea, and asked with narrowed eyes, "Who is that informer?"

As a Kiri Shinobi who has no ninja ethics, it is really embarrassing to be a ninja. Is it because after receiving the education of Uzumaki Kingdom, I feel regretful and awakened, and intend to contribute to the construction of Uzumaki Kingdom.

"Seven Ninja swords, the owner of the Samehada, Mangetsu Hōzuki of Hozoki Clan." Lucci said.

"...."

No wonder, it turned out to be this boy.

Uzumaki Xin suddenly became speechless. If this bastard didn't enter the country by himself, he would betray intelligence to the enemy country secretly in a few years, and finally he would be hammered by the Kisame.

He thought it was someone who received the red-edged perception.

Unexpectedly! Did not expect, It's actually Mangetsu Hōzuki of Hozoki Clan.

A sneer appeared at the corner of Xin's mouth, and said to Lucci, "Don't catch them now."

"I suddenly got an idea!!"

Why did you leave to the people back then?

Isn't it just to make the Outer Village rebel, and when he defected, he could think of a country that might accept them.

After all, most ninjas in the ninja world are quite talented

It's a pity that this part is killed in this way. They should be educated in red thoughts, and they will be able to shine for the Shinobi world in the future, so

It would be too wasteful to let them hang up without blowing up their last bit of value.

"It's time to start the Uzumaki Kingdom's benevolent reputation." Uzumaki Xin murmured, narrowing his eyes.

As for what will happen to Hidden Mist Village then?

A group of poor ghosts, there is no need to bother.

Now both of their ninja swords are in the Uzumaki Kingdom, one is doing research in the research room to see if they can breed more Samehada, and the other.

"Let Mangetsu Hōzuki of Hozoki Clan inside." Uzumaki said with a smile, "Don't be found."

"His Royal Highness Xin wants it." Lucci looked at Uzumaki Xun in a puzzled manner and asked, "Can the Uzumaki Kingdom accept this kind of traitor? If you are not careful, problems will occur."

The Mangetsu Hōzuki is not the same as Senju.

No matter what, they are all high-ranking members of Hidden Mist Village Village. There are seven Ninja swords, so if it is reported that they betrayed Hidden Mist Village Village and seek refuge in the country of Uzumaki, Hidden Mist Village Village will definitely not give up, and

This also affected the reputation of Uzumaki Country.

After all, It's a big taboo to recruit rebels.

Chapter 452: Helping Kiri Shinobi to Escape

"Do you think that the Uzumaki Kingdom has been picked up in the past few years, and the country of the vortex is still running away?"

Uzumaki Xin looked at the Lucci, and said, "That is, most of the eyes are now on the Land of Rain. they didn't find anything wrong with the Uzumaki Kingdom."

"When the war is over, the Ninja world returns to peace and the nations begin to establish diplomatic relations, the secrets of Uzumaki will be discovered sooner or later."

After all, recluse the country will not work!

"But the Mangetsu Hōzuki is always different from those families." Lucci shook his head and said, "It is impossible for him to truly surrender to Uzumaki country."

"It's okay, just be a pig." Uzumaki Xin waved his hand, just wanting him to be a face, as he still wants to be a ninja?

Sorry, Uzumaki Country only has an army.

Then, he ignored Lucci again.

He knew what Lucci was thinking, and most people in Uzumaki Kingdom now have this idea. Because of the vigorous development of Uzumaki Kingdom, they are worried that this will be ruined by an accident, so they act more carefully.

But they do not know that no matter which country they are in, they can only rely on their fists if they want to live a stable and peaceful life.

So, the Uzumaki Kingdom will sooner or later show its fists to the entire Ninja Realm, but will there be a known at that time!

After all, the Uzumaki Kingdom is a reason-speaking country, and there is nothing to do with other countries at will.

"Have you kidnapped that soldier's family?" Uzumaki Kingdom narrowed his eyes and said, "Have you told him?"

"No." Lucci shook his head and said, "The patriarch asked us to keep it secret first."

"In that case,"

Uzumaki Xin with a smile at the corner of his mouth, "What do you think of the Uzumaki Kingdom Festival for a few days?"

"??" Lucci looked at Uzumaki Xin in incomprehension.

"It's just being held!" Uzumaki Xin shook his head helplessly, and said, "The festival happens to be when everyone relaxes their vigilance. Let them do it at this time. The success rate will definitely increase a lot."

Is this perfecting the plan for the fog ninjas?

Lucci and looked at His Royal Highness Xin speechlessly.

What does His Highness Xin want to do this time?

"When the time comes, let the nearby patrol officers leave."

Uzumaki Xin squinted his eyes, pointed to the map of Uzumaki Kingdom on the table, and said, "Go on this road, close to the sea, and there are few people, so it's easy to run."

Chapter 453: Kiri Shinobi Plan

"Mangetsu Hōzuki, why did you go out again?"

Jūzō Biwa looked at Mangetsu Hōzuki who had just walked in, frowning and said, "What do you think of this plan?"

"At that time, let some people attract the head of the labor camp to the room, and we will do it again."

"After taking to that man, then, just wait until noon that day, when his wife and daughter come to deliver food, and then take them down."

Speaking of this, there is jealousy in the Jūzō Biwa, so why?

Everyone is captured, why can he marry a good-looking wife, give birth to lovely children, and become a high-ranking official?

This is simply the shame of the ninja's peak cough.

His, Jūzō Biwa is indeed a ethical ninja, and he will never betray the village easily.

"This time we can't have any accidents."

Jūzō Biwa looked at the watermelon mountain pufferfish seriously, "Or we will all have to die."

"Oh." Mangetsu Hōzuki ghost recovered, frowned, and said with a pensive expression, "I think your plan is perfect."

Just, has been known by Uzumaki.

Mangetsu Hōzuki feels a little regretful. It seems that after a while, he won't see his friends anymore, just don't know.

Can he marry a wife and have a baby and become a high-ranking official in the Uzumaki Kingdom?

"It's just that I have a suggestion." Mangetsu Hōzuki narrowed his eyes, looked at Jūzō Biwa and the others, with a smile on the corner of his mouth and said, "Maybe the time can be changed."

"I overheard Uzumaki's conversation outside just now"

"A few days later is an important day for Uzumaki Country."

Mangetsu Hōzuki frowned, as if thinking about something, and narrowed his eyes and said, "On that day the vigilance of the country of the vortex will be lowered."

"So that's the best time for us!"

"Oh?" The Shinobi around were happy in their hearts and asked, "When?"

"The festival in five days!" Mangetsu Hōzuki looked at them with a smile, and said, "The Reaper Festival in Uzumaki Kingdom!"

"Until then"

"It's our chance to escape."

....

Black Market

"Hello." A waiter respectfully said, looking at the man with a mask and cloak covering his body, "What does this lord have to tell you?"

They are already familiar with this dress up, because this is a black market.

In order to cause unnecessary accidents, most of the people who come here will do some cover-ups to prevent being discovered by the enemy.

"I'm here to sell cutting tools." The mysterious man's low voice came out, "Take me to the box."

"Okay, sir." The waiter nodded and said, "Please here."

It seems that this should be Lord Ninja, and the cutting tools he sells

From the looks of it, it should be extraordinary.

The mysterious man seemed to be familiar with this place, calmly followed the waiter into the box, and there was already a middle-aged man waiting inside.

The appraiser of the black market!

Identify valuable things to prevent some people from fishing in troubled waters.

After all, in places like the black market, everything is possible.

Chapter 454: True or False

"Konan and Yahiko."

Uzumaki Xin looked at the new list of Uzumaki Kingdom with a smile, and muttered, "This is the future pillar of Uzumaki Kingdom!"

he don't know what will happen when the master of the frog team becomes Uchiha Madara Team?

It's fun to think about it!

Just, if Nagato does not have the reincarnation eye, he will not become the Heavenly Way Payne, so he can only learn the seal technique passed down by the ancestors of the Uzumaki clan, but for Yahiko, he looked the same as Jiraiya at the time.

It was a funny comparison.

Do you know if you can get the fairy technique of Young Seedlings, let him try it?

And Konan

She is a child with an idea, she can develop paper escape by herself, but she doesn't need to bother, he can teach her what she need to know.

"I don't know if Team Frog has never experienced a tragedy. Can it become a talent under Madara's education?"

A curious smile appeared at the corner of Uzumaki's mouth, and he murmured, "And the little ghosts of the Uchiha clan"

The future of Ninja is really interesting.

.....

Konoha Village

"What do you think of the stone tablet that suddenly appeared a few days ago?"

Sarutobi Haruzen a cigarette, looked at Konoha's advisory team, and said faintly, "At this critical moment, Konoha can't have the slightest accident. "

"I think it's fake."

Utatane shook her head and said, "How could there be such a cutting tool?"

"You need to know that according to ancient records, that era was the era of the samurai, and it was impossible for a knife and chakra to appear at all."

"But after research by professionals,"

Sarutobi Haruzen shook his head helplessly, and said, "That flame stone is indeed a thousand years old, and the previous history has long been lost. No one knows how to return it. thing!"

"And so..."

"We must be prepared."

This is the legendary tool that can beat ten gods of the Ninth World!

Only by holding him in Konoha's hands can Konoha feel relieved that no matter who gets it, it is not a good thing for Konoha.

"But according to the record on the stone tablet, the ninja sword entwined with fire has long been lost. No one knows where it is?"

Homura said, "Perhaps it was just a joke a thousand years ago?"

How can there be people in this world who are stronger than the gods of the Ninja World, the first generations of adults, let alone one beat ten.

This is false no matter how you look at it.

"But according to the news from the water country spy," Sarutobi Haruzen said with a wry smile, "A similar stone monument also appeared there."

"We must be true or not"

And at this moment

"Boom!"

Chapter 455: Legend Emerge

The door of the conference room was knocked awake.

"Hokage-sama, there is urgent information." An Anbu Shinobi walked in and said, "This is the information just received."

"Bring it." Sarutobi Haruzen frowned and said.

Anbu handed over the intelligence scroll respectfully, Sarutobi Haruzen slowly opened, and he muttered in his heart, "There is news at this time, is it because something happened on the battlefield?"

"This" Sarutobi Haruzen widened his eyes, looked at the intelligence in his hand, and said with eyes full of disbelief, "Is this really happening?"

"What's wrong? Monkey?" Danzo glanced at the intelligence curiously and asked, "What happened?"

"Appeared." Sarutobi Haruzen put down the information, took a cigarette, still with a shocked expression on his face, said, "Then the ninja that is entwined with flames has appeared."

"...."

All the consultants looked at Sarutobi Haruzen, they just talked about it, why did it appear?

Suddenly, they smelled a conspiracy inside them.

Is it a trap for others? ?

If so

What do they want to do?

"Whether it is a conspiracy or not." Sarutobi Haruzen saw the advisors present, and shook his head, and said, "Konoha must send a ninja to see if it is true."

"The Shinobi sword must be handed over to Konoha for safekeeping."

"Otherwise"

"At that time, it will definitely bring unpredictable harm to the Shinobi world."

"So" Sarutobi Haruzen looked at Danzo, who was lowered in thought, frowning, and said seriously, "It just so happens that Sakumo is also back, Danzo, you go with Sakumo, and see what it is. what happened."

However, before Danzo nodded

"But just now Sakumo has been appointed as the commander of the battlefield with Sand Village. If he is allowed to go, what about Sand Village's offensive?"

Utatane frowned and said, "You must know the wind in Sand Village. The shadow is already on the battlefield."

"This" Sarutobi Haruzen suddenly fell into deep thought when he heard the words of Koharu. No matter what, the Uzumaki country at the Sand Ninja village must have a pillar, otherwise

It will shake the morale of their military.

"Let Kato cut it off." Sarutobi Haruzen lowered the smoke gun in his hand, eased his eyebrows, and said, "My son's strength is also very good, I believe he can hold the offensive of Sand Village."

"In that case, it's okay." Koharu nodded and said, "I will make arrangements."

"Then it's so decided." Sarutobi Haruzen said with a satisfied smile, "The commander of the battlefield between my son and Sand Village."

"Danzo and Sakumo will go out together to see what is going on with that Shinobi?"

"If necessary, the Shinobi sword must be brought to the village and sealed."

"Maintain the peace of Ninja World!"

Chapter 456: Change in Fate

Uzumaki Kingdom

"I'm back."

Konan opened the door and shouted loudly. Then, when he heard the movement, she ran directly to the kitchen, his little face suddenly surprised, "Mom?"

"Why did you come back so early?"

"Konan is back?"

Xiao Nan's mother turned to look at Konan with a smile on her face, and said, "Because the factory gave her a day off today."

Wiped her hands on the rag beside her, and walked to squat in front of Konan and asked. "Does Konan like the Uzumaki Kingdom?"

"I like it."

Konan said without hesitation, "The people here are nice, you don't need to be hungry, no one is bullied yet, Konan likes it here."

"It's just that I haven't obtained the nationality of the Uzumaki Kingdom."

Konan showed a trace of regret on her face, and immediately took it back, showing a serious expression, holding a small pink fist, "but I believe that Konan will work hard in the future, and he will be able to of."

"At that time, I will buy a big house for my mother to live in."

"En!"

When Konan's mother heard it, she smiled happily and touched Konan's head, and said, "Mom believes Konan, Konann will definitely be able to."

"But-" shook her head with regret, "Look at this!"

Carefully took out a red book from her pocket, with a sly smile on her face, and said, "The Uzumaki Kingdom nationality, mother has already got it."

"In a few days, Konan can go to the Affiliated College of Uzumaki to sign up and go to school."

"Really!!"

Konan looked at the red book in his mother's hand with eyes full of disbelief, then jumped up happily, hugged her mother tightly, and said, "Mom is really amazing!!"

"We are also citizens of Uzumaki Kingdom now, haha!!"

"Mom is amazing."

"Okay, okay."

Konan's mother patted Konan, with a smile on her face, and said helplessly, "Come down!"

"Mom still has to cook!"

At such a happy time today, my mother bought a lot of vegetables. If she doesn't let her down, she won't be able to cook them.

With a smile on his face, looking at the red book in her hand

What a happy life!

Thanks to Uzumaki for allowing their mother and daughter to live a stable life.

Konan, one of the strongest Villain in Original Story finally change her own Fate

Chapter 457: Konoha's Darkness Start to Move

"People in front, please stop."

"Swipe!"

Several dark ninjas with weird masks appeared, surrounded the caravan, staring at them deeply.

"The legendary Ninja sword was taken by you?"

The middle-aged man in a green uniform with his right eye bandaged stood up from the Anbu Ninja, expressionless, and said lightly in a commanding tone. "Hand him over!"

"Master Ninja."

In front of the caravan, a short man with a big belly and two small beards gestured to the a little flustered convoy behind him. Then, looking at the middle-aged man in front of him, he respectfully said, "We will not Did not get any legendary Shinobi."

The short man has an urge to curse in his heart. Didn't those people say that Konoha Ninja won't come so fast, and the black market also said that they would keep customers secret?

What's going on, anyway, they are all guests who have spent tens of billions of dollars!

How come they were caught by Konoha Ninja before walking a few steps in a blink of an eye, if the black market didn't reveal their information, they wouldn't believe it!

"Humph!" The middle-aged man snorted coldly, looked at the caravan in front of him, and said faintly, "If you don't hand it over, don't blame us for doing it yourself!"

No?

joke!

he really thought Konoha Anbu was eating dry rice!

If it is not certain that the ninja sword is on you, will Konoha ninja jump out at will?

"Konoha's Anbu?" Seeing that the group of people in front of them was so sure that Shinobi was on them, the short man knew that he couldn't talk anymore, and they would conduct a search anyway, just

"Right eye bandage?"

Glancing at the middle-aged man in front of him, he seemed a little familiar, as if he had seen him somewhere, "Shimura Danzo?"

"...."

Hearing the businessman calling out his name, Danzo suddenly narrowed his eyes.

This person is definitely not an ordinary businessman, you know, he bears the darkness

Not an ordinary businessman can know.

"Do it!!"

In any case, no one can know that Konoha took the Shinobi sword.

Danzo looked at the caravan in front of him, his eyes became cold, and he said to the Anbu beside him, "Don't leave one!"

"Swipe!!"

Hear the superior's order, the Anbu Ninja immediately started to act, since there is no one left.

"Hold on!

Chapter 458: Daimyo People

However, the Anbu Ninja hasn't made a move yet

The short man suddenly shouted, "I am the royal merchant of the Daimyo Mansion of the Land of Fire, and I came out to purchase supplies under the command of the daimyo."

"Let alone you, even Hokage-sama has no right to do anything to us."

A sneer appeared at the corner of his mouth, seeing the ninja who stopped after hearing his own name yelling his name, he was relieved.

As long as Konoha's ninja is in front of you, even Naruto is appointed by the daimyo, not to mention

"Damn! Rebels!"

Danzo only frowned, then said faintly again, "Do it!"

It seems that even the daimyo mansion has begun to covet that ninja sword, so now he can only finish them here.

"Don't keep one!!"

Make things more secretive and perfect, just leave everyone here at that time. Who knew it was made by them Konoha?

"You guys!!" The short businessman panicked suddenly, turned his head to look at a middle-aged man, and shouted, "Master Wanma, help!"

These ninjas want to rebel!

He didn't even listen to what the daimyo said.

"Trash!" Master Wanma snorted to the businessman, and then said lightly, "Do it."

"Swipe!"

Seven ninjas emerged from the caravan

"Do you Konoha want to rebel?" Wanma looked at Danzo coldly, "This is what the daimyo needs!"

"No one has the right to search!"

Wanma looked at the Konoha Ninja in front of him, and sighed inwardly, there were too many enemies, and he seemed to be ready to escape/

After escaping, explain the situation to the daimyo. Someone will take care of them and even dare to snatch things from the daimyo mansion.

Konoha's Hokage doesn't want to do it anymore?

Seeing so many ninjas suddenly appeared in the caravan, Konoha Ninja was still not worried, because these people are just some wandering ninja recruited by the daimyo mansion, compared with their elites.

It's nothing at all.

"These ones"

The ninja of Daming Mansion!

Danzo suddenly narrowed his eyes, and it seemed that things were a bit troublesome.

But now, they can no longer stop, and so they can only lean everything here to prevent the message come to the daimyo mansion.

"Do it!"

The ninja of the caravan suddenly turned green and scolded angrily, "Damn Konoha!"

Seeing that the name of the daimyo was really useless, they immediately got a seal and started with Konoha's ninja.

It seems that man of them will never leave this place alive, but the most important is to send the message back to daimyo that Konoha is rebelling.

Chapter 459: Number 1 Employee, Kakuzu

"Captain Kaminari, do we want to take action?"

A ninja with a misty head guard reply, "Just when they were in confusion, they secretly brought the Ninja sword back to the village."

"It's not the time yet."

Captain Kaminari narrowed his eyes and said faintly. "We wait."

"When the Daming Mansion and Konoha are both injured, I will prepare them for their burial."

However, he haven't waited for the words to finish

"Let Konoha prepare the funeral for you." A low voice came over, "Ninja of Mist Village"

"You crossed the line."

"Who!" Hearing the sound, the Captain Kaminari quickly turned their heads, not knowing when, a young man with a white-haired hedgehog head suddenly appeared next to him.

"Sakumo Hatake?" Captain Kaminari said with a smile when he saw the person coming, "What an interesting person."

"It looks like we have been discovered!"

Damn it, he plan to wait for Konoha to be damaged before he takes action, but now

"In this case, let me do it for you first"

"Hold a funeral!!!"

Swish~

Captain Kaminari immediately held up his Shinobi sword and shouted, "Lightning Escape: Lightning Cut~"

...

"Good job!" Uzumaki Xin patted the corner Kakuzu, and said, "Since it can sell for so much money!"

Selling arms is the most profitable! !

"Why are you here?" Kakuzu glanced at Uzumaki Xin, and then raised his binoculars to stare at the battle not far away, and said, "This is also a good plan for your plan. Otherwise, where would these idiots get the bait?"

Kakuzu doubled the value of a Ninja sword hundreds of times

Why didn't he read more books back then?

What's dark in my heart is different!

This kid's brain is not like ordinary whirlpool people at all

"Don't talk nonsense." Uzumaki Xin said with a fake cough and righteously said, "These are all other people's stone monuments. We are just selling ninja swords."

"It just happened to happen by luck."

"...."

Kokuzu put down the telescope in his hand, looked at Uzumaki Xin in admiration, and said, "What are you doing here? There is nothing else in Uzumaki Kingdom?"

This cheeky

As expected of someone who has become a shadow at a young age! !

"There is nothing wrong with Uzumaki country." Uzumaki Xin said with a smile on his face, "Who are you going to sell another Shinobi Weapon?"

Actually sold Frostmourn to the Land of Fire

This is going to cause trouble!

If they are not handled properly, these two countries will become rivals.

"Land of Water." Kokuzu's eyes light flashed by, and he narrowed his eyes and said, "This way the price will be higher."

"..."

You really deserve to be like the god of the Ninja world.

Do everything for money!

Uzumaki Xin looked at Kakuzu speechlessly, and said, "You did a good job!!"

Hiring this man really is profitable, he like to counting money and earn money, a perfect tools on gaining wealth.

Chapter 460: A huge Chaos Start

If Konoha holds Frostmourn, Uzumaki Kingdom festival and grand celebration.

No need to guess, these two Ninja Villages must end their feud.

"You haven't said it yet."

Kakuzu glanced at Uzumaki Xin faintly, then squinted and said, "What do you want to do here again?"

According to what he knows about this Uzumaki kid.

No matter what, he will definitely not come out. Every time he comes out, he either sells arms or picks up blood, so

Why is there a strange feeling in my heart?

This kid

Is it going to cause trouble again?

"Come on, let them pour the fire." Uzumaki Xin blinked, with a mysterious smile on the corner of his mouth, pinched a handprint, and said, "Shadow clone disguise."

The smoke dissipated after a while.

Suddenly

A man with a yellow scroll mask kaleidoscope and a man with a white three-hook jade mask reincarnation eye mask appeared in front of Kakuzu.

Under the stunned expression, the eyelids are constantly picking up

"Please call me"

"Uchiha Shin."

"Six Paths of Pain!"

....

Suddenly

"Swipe!!"

Ninjas appeared in all directions.

"Sand Ninja Village, Cloud Ninja Village, Rock Ninja Village."

Looking at the foreheads of the surrounding ninjas, Danzo's eyes suddenly became cold, and he said, "You have crossed the border, this is the country of fire!! "

"Haha." Rock's commander sneered, "I didn't expect Konoha's ninja to even attack the daimyo mansion!"

"It's really interesting!"

"It seems that this time the three generations of Hokage have come to an end."

"....."

Hearing Rock Shinobu's words, Danzo suddenly narrowed his eyes. He didn't expect these Shinobi village movements to be so fast.

Sarutobi, sorry this time!

"Get out of here!" Danzo looked at them with cold eyes, and said, "Otherwise, don't blame Konoha for being polite."

"That Frostmourn is the national treasure of our Land of Water." Commander Mist saw the ninjas suddenly appearing around him, so he didn't do anything with Sakumo Hatake, and said faintly, "Hand it over, come out, we will leave immediately."

"...."

Danzo suddenly squinted his eyes when he heard what Commander Mist said.

This group of Hidden Mist Shinobi, do they think they are dreaming?

Even if they got it, they really thought they would be able to get out of the country of fire.

But now this situation, it seems impossible to keep them all.

"Haruzen!" Danzo sighed inwardly and murmured, "Good luck!!"

"Do it!"

"Snatch the weapon directly and take it back to the village!"
