

Uzumaki 47

Chapter 47 - Hidden Face of Sarutobi Hiruzen

"Excuse me but I don't think that with your number and strength you can stop even one wave of enemy at all." Second Elder rudely said.

"It's not I'm mocking Konoha Shinobi but I'm sane person, I can see the gap between each person, if you say to us that your group can stop and buy time for us Uzumaki to escape, I think that's full of nonsense."

The other Elder also nodded, they are not fool, they are all old but not blind, they can see clearly that the gap with the enemies to the Shinobi Reinforcement is huge, maybe they can buy small time but the problem is Uzumaki Clan is a Clan and not a small group, how can a small time can save a huge population.

Isn't this all just fooling them?

And it's clear.

Xin look at Nara who look stun, he can't help but to smile and divert their attention to other thing.

"As for Reinforcement, I think we Uzumaki don't need it anymore, and from what Konoha show, maybe we Uzumaki need to rethink if we still need to continue to cooperate to you guys."

Nara Shinobi know that cooperation is not one sided deal but a win to win situation.

If you try to backstab your Allie and they escape unharmed, it's normal for them to change their view towards them.

They already lucky that they did not kill them when they see them as they already betrayed them from this war.

Knock!

Knock!

"Please enter."

Lucci enter with a Kumo Shinobi following behind.

"Young Master, he is the Vice Leader of the Kumo Shinobi." Lucci then pull the Kumo Shinobi in front.

"So your the Vice Leader?"

Kumo Shinobi look at Xin weirdly, he don't know why this kid is sitting on such important position but as one of the representative of the loser party, he gently nodded.

"Did you heard the terms and conditions we prepared?"

"Yes but..... I don't think the life of us is that expensive, I don't think my village will pay the ransom for us."

"Don't worry, they will pay, Raikage will pay even if he need to skin the whole Hidden Cloud Village to pay you."

"What do you mean?"

Xin only mysterious smile and did not answer.

"Your only task is to go back and send out letter to Raikage and that's it, wait for your Raikage's answer, the reply will give your next task, ether you come back with us with the ransom or escape and go back while forgetting everyone her."

Kumo Shinobi don't know how to answer, for him, those people are not just Ninja, they are his friends and comrade in arms, his back is safe because of them so how can he betrayed them and leave them here?

Xin see his reaction, he knows this man will not leave his comrades here, and he also knows Raikage will not let this soldier to be war slave here.

"Lucci, pick two of your people and send this gentleman back safely, they will only go back after they hear the other decision."

"Yes!"

Lucci and the Vice Leader left, he then look at Nara Shinobi.

"Do you know why Raikage will accept my condition?"

Nara Shinobi don't know, and he don't have idea what this Young Patriarch is thinking.

"Simple, Raikage and the other Kage did not pay anything, after all Third Hokage like 'peace' so he will give them a piece of paper as form of compensation."

"See? The life of Konoha Shinobi is worthless than a piece of Paper, a piece of paper than can be tear anytime they want to start a war, that's how stupid Sarutobi Hiruzen really is."

"...." Konoha Shinobi
