

Uzumaki 481

Chapter 481: Someone is Nervous

When all Mist Shinobi heard Juzo's words, they clapped excitedly and shouted, "Yes, we are the real ninja, and that Yang is simply a mouse shit in the ninja."

"The betrayal of the village can actually live so well, it's like God has no eyes!"

"Sooner or later it will be damned"

"Right right." Fuguki Suikazan nodded cheerfully, wiped off the sweat carefully, and said, "We are determined not to be a ninja."

Look carefully at the excitement of the surrounding mist, I don't know why Fuguki Suikazan is a little flustered!

"What's the matter?" Juzo frowned and said, looking at Fuguki Suikazan, "Is it so hot? Why do you sweat?"

"Hehe, body shape, body shape problem." Fuguki Suikazan opened his eyes, pretending to be expressionless, and said faintly, "It seems that after returning to the village, you have to exercise more."

"Otherwise, my body is a little weak and I always sweat."

"You really should lose weight." Juzo patted Fuguki Suikazan on the shoulder, and said helplessly, "While in the Uzumaki Kingdom look at you and you have gained a lap."

The labor in Uzumaki is not hard, it is much easier than their ninja training, plus three meals a day, every time there is meat.

Basically, everyone is a little fatter, but Fuguki Suikazan is more fat.

"I will." Fuguki Suikazan wiped his sweat and squinted his eyes and said, "I will lose weight when I go back, and I will lose weight as soon as I go back."

"If that's the case, everyone should prepare quickly." Juzo looked at the morale available in front of Mist Shinobi and said loudly, "As soon as the time is up, act immediately. Does everyone understand?"

"Understand!!"

.....

"You girl, have you eaten enough?" Madara looked upset at Uchiha Mikoto who had bought a bunch of snacks, and said, "Hurry up and change the place."

It's boring to stay in one place all the time!

And don't say anything

The family sacrifice of the Uzumaki Clan is a bit interesting to do this way.

Master Madara glanced at the civilians and ninjas with smiles on their faces.

The corners of his mouth rose slightly unconsciously.

"Sorry!" Uchiha Mikoto looked at Madara apologetically, and then said happily, "Because there are so many delicious foods today."

Then, handed a bowl of tofu brain.

"I think Grandpa Madara seems to like sweets, so I asked my aunt to add more sugar."

"Humph!" Madara snorted and took the sweet tofu. White Zetsu also bought this thing, so he had eaten it a long time ago, let alone, it tastes good, then frowned and watched Uchiha Mikoto grab it. Wrapped things in a paper bag and said, "What's that?"

Chapter 482: Feeding the Mist Shinobi a Mouthful of Dog Food

"So..." Ye also glanced at the fruit knife resting on his neck, and said carefully, "Why don't you think about it?"

Is it because Uzumaki is not good enough for the prisoners? Thinking of taking hostages away?

And who the hell put the fruit knife here?

Don't you know that the prisoners live here?

If you put a knife here, you won't be afraid of death!

Right now... Are they all on his neck?

"Hmph!" Kushimaru Kuriarare, holding a dagger in his hand, said in angrily to Ya's neck and kept making gestures, "You rebellious, you are simply the shame of a ninja!!"

"I actually betrayed to raise you, take care of you, feed you, and give you a warm Shinobu Village."

"Are you worthy of the head of your village, worthy of your family, worthy of the teacher who has worked so hard to nurture you into a ninja?"

A traitor of your timid, actually flies better than the Elite Shinobi, one of the Seven Ninja Wwords, and the high-levels of Hidden Mist Village have a better life. This makes people jealous...

Ahhh, it makes the ninja angry!

This is the shame of the ninja!

"That..." Ye looked at the fruit knife that got closer and closer, and said helplessly, "I'm just an orphan. I have no friends or family members in the village. You should know the training of spies."

"Then..." Ye also wiped a tear, and said, "That's horrible that can't be described in words!"

"But since I came to the country of Uzumaki, I have felt warm. I have friends, a wife, a daughter, a house, a job, and I'm not tired from get off work. I leave work on time at seven every day and I can go home. I saw a lovely daughter and a beautiful wife."

"And so..."

"I don't regret the betrayal, I have paid enough for that village."

"..."

Juzo and Mist Shinobi all looked at Ya in silence, not knowing why, suddenly there was an urge to stab him to death, this betrayal...

It's too much!

But thinking of their mission, now absolutely can't let this bastard suffer any harm.

Ya also looked at Loquat Juzo's angry expression blankly, and said faintly, "Spy like us, basically don't live to be thirty years old, because we..."

"Knowing too much."

"But this is not the reason you betrayed the village." Juzo was silent for a moment, and said, "Know how much influence you will have on other Shinobi villages."

"I know." Ya shook his head with a wry smile, and said, "But I am not willing to let my wife and the others."

He is not afraid of death, he is worried that his wife hurt, and make her sad.

"..."

It's better to be stabbed to death.

A black line appeared on Kushimaru Kuriarare's forehead, and his hand holding a fruit knife began to tremble. He...

The anger is a bit unsatisfactory! !

Chapter 483: Infuriating But Same Time, Feel Envious

"Head, calm down, calm down!" Seeing the look of Juzo, a Mist Shinobi quickly persuaded him carefully, "Although I can't wait to stab him to death, but now we have to rely on him to have a chance to leave the Uzumaki Kingdom."

What this bastard traitor said is a bit jealous... angry, but you can't let him hang up now, or else...

They must go to see the second generation of adults if they can't decide.

"I-know!!" Juzo said word by word, "Rest assured, I won't mess around."

Otherwise, don't let anyone go later, take him to Hidden Mist Village, and let him taste the fate of a traitor at that time!

"Can you put the knife down?" Ya leaned on the fruit knife gently with his hand, trying to push it away, and said, "There are so many people here, I can't get away even if I want to run!"

"How about we go to lunch first?"

"It's noon now, and I'm a bit hungry. I heard that today is a full cattle feast, and you can eat any beef."

"Don't go... taste... taste it?" Ya looked at Mist Shinobi who was swallowing his saliva, and said carefully, "Shall we... leave after eating?"

However...

"Shut up!!" Juzo coldly snorted, "Don't want to corrupt us with sugar-coated cannonballs. You must know that we are all elites of Hidden Mist Ninja Village. They are organized, disciplined, and ideal ninjas. Keeping in mind the will of Mist Village, you will never be persuaded by you so easily."

"Yes, yes!"

Hearing Juzo's words, all Mist Shinobi's hearts were shocked, damned, and almost convinced by the abominable betrayal in front of him, he hurriedly waved his fist and said, "We will never betray the Ninja Village."

"Actually, there is nothing wrong with betrayal." Ya also sighed and said, "The country of Uzumaki does not discriminate against Betrayal. As long as it passes a period of political review, it can be the same as the citizens of Uzumaki."

"Haha!" Juzo sneered disdainfully, "Your Chakra has been sealed like us."

Is this still non-discriminatory?

Do not make jokes.

"Oh, you said this!" Ya also scratched his head and said, "I should be able to unblock it after a while. After all, I am a rebellious person anyway, and the country should be worried."

"Besides, I came to the country as a spy, so the treatment I received was a bit different."

"Like Old Pig and their rebellious forbearance, they have basically unlocked the Chakra seal after political review. Some people even went to work in the Uzumaki State Public Security Bureau and became an excellent policeman."

Chapter 484: Fuguki Start to Feel Nervous

"..."

What's wrong?

Is it true that Rebellion in the Uzumaki Kingdom will not be harmed in any way?

All the Mist Shinobi looked at each other, and then whispered, "Is the Uzumaki Country really that good?"

"Then if we join Uzumaki Country, according to our strength, we must have a car and a house anyway!"

"Yes, yes, you can still get married..."

"How about we..."

"..."

"Shut up!" Seeing the noisy Mist Shinobi, Juzo roared with a headache, "Know that you still have relatives in the village!"

Others just said a few words, which makes you want to betray?

"If you betray the village, your family will..."

"Remember that you are the ninjas of the hidden mist village."

"That's right." When tFuguki Suikazan heard some people want to betray the village, he quickly condensed his eyes, jumped out, and shouted, "Look at what you two look like?"

"Is it glorious to betray?"

"This is a shame, understand?"

"This is the shame of the Ninja World!"

"Do you think you can be worthy of the nurturing of the village and the nurturing of Lord Mizukage?"

Mother of Gan!

The task given to me above is for you to successfully reach the grove, but it did not let me persuade you to defect!

You have all defected now, what shall I do?

What should I do if the task is not completed by that time?

"You...really...huh!!" Fuguki Suikazan showed a disappointed expression on his face and glanced at them, then, shook his head without saying anything, and walked to the back.

The Mist Shinobi's eyes condensed and bowed their heads regretfully.

They...

How can you think of betrayal?

They are the elites of Mist Village! !

"Master Juzo, I'm sorry." The Mist people bowed their heads with a look of shame, and said, "Please trust us, we will never do anything to sorry the village."

"En!" Juzo nodded and said, "Everyone has been colleagues for so many years, I believe you."

Then, he glanced at Fuguki Suikazan behind him, and said with emotion, "I didn't expect this fat man's thoughts. The enlightenment is so high, you deserve to be like yourself..."

"It's not easy to be a man of the seven Ninja swords."

Just...

"Why haven't your wife and daughter here yet?" Juzo looked at Ya, frowned, and said with a sigh, "Not enough hostages!"

"..."

Ya also heard Juzo's words, suddenly raised his eyelids, and said carefully, "Because today is a festival and the mall is discounted, so they..."

It turns out that this group of Mist Shinobi waiting here for so long is waiting for his wife and daughter!

Chapter 485: Operation End Before Start

Ya's heart suddenly relaxed. Fortunately, the Uzumaki Country Mall was discounted today. his wife went shopping, so he wouldn't come, otherwise...

Can't figure out what the accident happened!

He is not afraid of death!

But if his wife and daughter hurts, he will never forgive himself for the rest of his life.

"Won't give me food anymore."

"..."

Suddenly there was silence.

All Mist Ninja looked at Ya with no expression, he and them...

Did you get it wrong just now?

"What are you talking about?" Juzo looked at the fruit knife in his hand, dangling around Ya's neck, and said, "She and others... are not coming?"

"Yes." Ya also nodded cautiously, and said, "Today we have an extra meal in the cafeteria. Actually, there is no need for my wife to bring food."

"..."

Juzo's eyes were stagnant, and when he looked at Yang Ye, he didn't know what to say in his heart.

This...

It's now...

The hostages... gone!

What about their plans next?

Is it about to die before it even starts?

"Boss, should we be in action next time?" A Mist Shinobi said cautiously, "I will definitely succeed next time."

"Shut up!" Juzo glared at him and said angrily, "We can't go back without turning our bow back."

Do you think the Uzumaki Kingdom will give us a chance now?

Once they stop, they will be finished with these misty endurances.

This Mist Shinobu wants to seek refuge in the country of Uzumaki!

However, before Juzo scolded him angrily...

"Shut up." Fuguki Suikazan jumped out again and said angrily, "You coward!"

"We can't stop now."

Then he turned his head and looked at Juzo and said, "Now lunch has begun. If those chefs can't see us for lunch by then, they will definitely notice something."

"And after the breath I detected from Uzumaki the other day." Fuguki Suikazan frowned and said seriously, "There is a small road to the south of the labor camp. There are very few guards there, and there are very many. Trees can be used as shelters for us to leave us quietly."

"In this case, Uzumaki will not find us easily."

Hearing the words of Fuguki Suikazan, Juzo nodded with satisfaction, and said with emotion, "As expected, someone who has worked in the Intelligence Bureau."

Unexpectedly, this kind of intelligence could be collected.

Sure enough, at the critical moment, the Seven Ninja Swords were reliable.

Chapter 486: Yukihiime and Kushina

"You mean..." Juzo looked at Fuguki Suikazan, squinted and said, "In order not to let them notice, let's act now?"

This is indeed a way, otherwise they will be in trouble after the chefs notice it.

Uzumaki rascal play style... Can't afford it!

"No." Fuguki Suikazan shook his head, looked at Juzo with a deep gaze, and said, "I mean we can separate a group of people to eat in the cafeteria first, and wait until the evening to act."

"Because the night is the most lively start of the Uzumaki Kingdom Festival, when the time comes to the sky and the right people will reconcile, our chances will be even greater."

"And now..."

Fuguki Suikazan said, "I would like to take a group of Mist Shinobi to the cafeteria to eat first...cough cough to confuse their sight, let them..."

"Not sure about our true purpose."

"Add another chance of success to our actions!!"

.....

"It's the festival again." Kushina looked at the lively surroundings and said in a low mood, "Brother Xin is not with us this year."

She heard that it seems to be going to play a big drama!

Anyway, when she first went to look for him, she was coaxed out.

"It's really annoying!" Kushina stomped uncomfortably, "Obviously once a year."

Last time too, this time too, and going to the battlefield...

Came back the next day.

She she... She obviously still don't do anything special.

"Okay." Xin touched Kushina's head and said gently, "Naga must have something to do, otherwise why wouldn't he come to accompany you?"

"Sister Naga and Sister Nono are the same." Kushina pouted and said unhappily, "If I didn't pull you, you would still stay in the hospital and work overtime."

"After all, work is important." Yukihiime said dumbly, "No matter when, the patient is still very important, and Nono and I still..."

"Okay, okay." Kushina hurriedly stopped Yukihiime and said, "Obviously, medical ninjutsu is good, why should I say that I am a newcomer?"

"You want me to say it!"

"There are few hospitals with better technology than yours, and even the dean and the patient said that."

"This..." Yukihome shook her head helplessly, just as she was about to say something.

"Sister Yukihomei don't say anything, I know." Kushina smiled and hugged Yukihome's arm, and said, "Sister Yukihome is good at everything, just too verbose, just like my mother, but gentler than my mother. I must be a good mother from now on."

Hearing Kushina's words, Yukihome shivered, and then said with a smile, "What would Kushina want to eat?"

"Since Sister Naga is not here, let's just stroll around."

"It's just so many years that I haven't been out shopping together like this easily." Kushina said with a smile on his face, as if lost in memory, "We were only seven or eight years old back then."

"Yes!" Yukihome glanced at Kushina secretly, pushed his glasses, and said, "I really hope I can stay together like this in the future."

Chapter 487: Fellow Comrades

"This road..."

Ya looked at the road in front of him, carefully glanced at Fuguki Suikazan not far away, and muttered, "It's really weird!"

"What are you whispering?" Juzo felt the little movement of Ya, frowned and said, "As long as you don't mess around and watch this time of getting along, we will let you go after we escape from the Uzumaki Kingdom."

Although the life of this traitor is making people jealous!

But he didn't do anything extraordinary to the Mist Village. In any case, they are also people who have received four or five months of ideological and moral education. Killing casually like this is really inconsistent.

Juzo suddenly looked at Yan with a sullen expression. How could he have such a thought, the world of ninjas is life and death, what was he thinking just now?

Thinking of letting him go?

The Uzumaki Kingdom...

It's really sinister!

Especially this kind of rebellious ninja who has wives and daughters should be cut all the time to give the whole ninja a vigilance!

"That..." Ya felt relaxed after hearing that it would be released, but...

It didn't take a while, this fangs bastard, how did he look at his eyes again?

"Relax, I will definitely cooperate with you." Ya quickly said, "Anyway, everyone is... eh, they almost became rebellious, there is no need to hurt each other."

He just wondered why that wretched fat man would take this path...

If I remember correctly, this road..., Ya also secretly raised his head and glanced at a crystal cylindrical tip hidden on the ancient tree.

This place is full of cameras, OK?

he heard that this monitoring device is improved from Konoha's technique of looking glasses. It can be used without the ninja performing ninjutsu himself. It is a bit troublesome. A crystal tip must be fixed at each location to receive the external environment. Device.

So this fat guy...

Was it really a ninja from the Intelligence Bureau?

Ya glanced at Fuguki Suikazan with a weird look, and said with emotion, "A comrade!"

"What's your own? Who's your own?" Juzo became angry when Yang said that he was his own. "I'm an excellent Mist Village Elite Ninja. I will never do this. Betrayal of Shinobi Village."

"You are the shame of the Ninja World!"

"Don't leave us together."

"Yes." Ya also said angrily, "Is the shame of the Ninja world alright?"

Chapter 488: Temptation of Good Food

He really didn't want to talk to this coy-toothed bastard, his face was full of envy, jealousy and hatred, and he had to pretend how upright he was, really...

A beating face!

Now he just needs to stick around. According to the daily inspections, the police station should now receive the footage, and people are being sent over. By the time...

These mists can't escape!

Especially there are a few more...

"The whole cattle banquet at noon for a few days is really good!" A Mist Shinobi wiped his saliva and said, "Especially the hanging dragon, you can see that it is just a cow that has just been slaughtered and it is so fresh."

"And that beef ball, I heard that it is secretly made in Uzumaki country. It is really elastic. It is full of fresh beef flavor with one bite!"

Another short-haired mister who agreed with him said, "It's a pity, I'm too full to eat, and there are still a lot I haven't eaten, otherwise I think I can eat until the evening."

"Beef kueh is also good." Jonin Shinobi nodded and said, "I have eaten three large pots, I don't know if I can eat it in the future."

"You still want to eat? Don't dream." Short-haired Shinobi curled his lips and said, "I guess we won't be able to come to the Uzumaki Kingdom in the future."

This food...

What a pity, he heard that there was a big meal for dinner, like a full fish feast, but Captain Jozu wouldn't leave them after dinner.

"Actually, I think copying books is such a thing." Jonin Shinobi was silent for a moment, and said, "It's nothing more."

"Correct..."

However, before the other Mist Shinobi finished speaking, Loquat Juzo suddenly turned black and said, "Shut up!!"

What are you doing? ?

He bought you all in just a mere meal?

He he... He hasn't even eaten lunch yet! !

"Hurry up, it's almost there." Jozu roared with a black face, "After this road, we should be near the shore."

Can't stay here anymore, otherwise...

This batch of Mist Shinobi has to become a traitor.

It's almost there, it's almost there!

He has heard the waves of the sea!

Suddenly, the eyes of Jūzō Biwa were a little moist.

Lord Mizukage

I take these bastard shinobi back safely...

And at this moment...

"Mist Shinobi in front, please..."

Chapter 489: Busted

I @#% ¥ !

Hearing the sound, all the Mist Shinobi turned their heads vigilantly, and when they saw the dense Uzumaki Shinobi in front of them, they trembled suddenly.

Mother Gan!

This is another tactic!

Is Uzumaki only gang fights?

Yes, yes... there is a kind of heads-up!

"The Mist Shinobi Group in front, please let go of your hostages and surrender." Uzumaki Police shouted, holding up the paper loudspeaker, "Otherwise we will take coercive measures."

"If you want me to just do it," Keita yawned and said, "For the ninja, it's okay to have a stabbing or two."

Not to mention this traitor...

With a wife, a daughter, and a job, I'm almost at the pinnacle of life.

And he...

Only girlfriend!

Stabbing him twice is considered light.

"At that time, you can send it to the hospital for emergency treatment."

Ryu shrugged and said helplessly, "There is no way, the requirements given above, everything we need to follow the process."

"It is estimated to be reported tomorrow, so you are all energetic!"

"We must let Uzumaki Kingdom see the excellent mental outlook of Uzumaki Army."

He is too troublesome!

But he just received a secret order from His Highness Xin not long ago, so he could only follow the process.

Want him to say it!

This group of Mist Shinobi should have sunk into the ocean at that time, so they wouldn't have to bother so much now.

Hearing that they were going to be in the newspaper, all the Uzumaki Shinobi shook quickly, shaking out their best side, casually pushed the companions around him, and whispered, "I remember you brought a small mirror, lend me Use it."

"Okay, okay." Zimu said silently after seeing this scene, "Hurry up and complete the task, today is the Uzumaki Kingdom Festival!"

If the time is right, you should be able to catch up with your girlfriend to see the ending fireworks, you know...

He is about 30 years old, and he has finally found a girlfriend, but he can't just fly like this!

"Understand!" Uzumaki Police said with a condensed eyes, "I promise to complete the task."

"Okay." Zimu shook his head and said, "Hurry up and shout again."

The group of mists...

All blindfolded!

"..."

really...

Seeing that Uzumaki hadn't acted rashly, all Mist Shinobi's eyes suddenly brightened. It seemed that they had not made a mistake in speculation. As long as they had a hostage in their hands, these Uzumaki would definitely not dare to do anything.

Suddenly...

"Tell you Uzumaki." Juzo held a fruit knife in his right hand, approached Ya's neck, and shouted viciously, "Be honest."

"Otherwise, this betrayal...cough cough," He definitely can't call the betrayal right now, or else wait for this group of Uzumaki and Ya to kill them with them?

"Don't come close!!" Juzo shouted loudly with a fruit knife, "Otherwise this hostage will lose his life because of you!!"

Chapter 490: Hostage Taking Scenario

"This Jūzō Biwa, please calm down." Uzumaki Police spread his hands and said, "Calm down, please don't hurt the hostages, we will never move."

"If you have any requirements, you can let go of the hostages first, let us sit down and talk!"

"Shut up!" Juzo shouted loudly, "Shut up all."

Holding a fruit knife in his right hand, facing them, "Shut up, we won't listen anymore."

"Now prepare an unmanned ship, some fresh water and food for us."

Jūzō Biwa's eyes were ferocious and roared, "As long as we leave, we will let people go."

"If you don't come according to our request..." The fruit knife in his right hand dangling around Ya's neck, "Don't blame us for being ruthless."

"Calm down, calm down." Uzumaki Police hurriedly stopped seeing this scene. "Be calm, please let us discuss it."

"I hope you can guarantee the safety of the hostages."

"..."

Hurry up!" Jūzō Biwa said viciously, waving a fruit knife, "Or else..."

"Everyone finished playing together!"

...

"Not bad!" Kyota looked at putting down the paper trumpet, just talking with Mist Shinobi, and hammered him in the chest, and said, "It seems that you will be able to publish the newspaper tomorrow!!"

"It's normal!" Ryu smiled and shook his head, and said, "What shall we do now?"

"Do you really want to prepare a ship for them?"

Hearing Ryu's words, Keita rolled his eyes and said, "Don't dream, we'll probably have to rush up later."

Still want a boat?

This is not a joke!

His Royal Highness Xin said it last time, since this group of Mist Shinobi, Hidden Mist Village doesn't want it, then he wants it.

This group of Mist Shinobi can't escape!

And at this moment...

"Hurry up, have you finished discussing it?" Jūzō Biwa frowned and looked at the sky. After waiting like this, sooner or later, there will be an accident. He hurriedly shouted, "Get everything ready, or else..."

"We are about to do it!!"

"Calm down, calm down!" Ryu grabbed the paper horn and shouted, "We will never give up any citizen of the Uzumaki Kingdom, your request..."

"We need to wait a moment."

"Already let people prepare, I hope you can guarantee the safety of the hostages' lives."

"Otherwise..."

"You will get nothing."

Want the ship to leave?

Sorry, the order has been issued above, none of them can be missing!

however...

"I, I..." Yan's eyes suddenly turned red when he heard Uzumaki's words, and she shouted with emotion,
"It's okay, fire a gun...Ahhh, let's do it!"
