Chapter 511: Madara's First Class 2

"What does this Ya do here?" Xin frowned, looking at the crystal cube, "hasn't his daughter waited until school?"

"Hello, teacher." A young man walked in with his wife and daughter. After seeing Uchiha Madara, his face suddenly smiled and said, "I am"

However, he hasn't waited for him to finish.

"Get out!" Madara frowned and said, "This is the classroom, leave now."

"Sorry, sorry." Ya hurriedly said, "I have been looking for you for a long time, and I have always wanted to thank you for your life-saving grace at the time, but I don't know where you live?"

"So, I came here as soon as school started today."

"I'm extremely sorry to disturb you in class."

"Get out." Uchiha Madara frowned upon hearing Ya's words, leaning on a cane, and said expressionlessly, "I want to go to class."

Madara doesn't seem to remember who the person in front of him is.

Not to mention, it's just Chinin. Do you need him to remember?

"Last time I was held hostage by Mist." Ya seemed to see that the old man in front of him didn't remember him at all. He quickly slapped Hua Jia and his daughter behind him, and said, "Today is here to thank you for your help at that time. Grace."

After seeing it, Hua Jia nodded clearly, and handed all the gifts on her hand.

Because they saw an old man in the newspaper, they also brought some sweets and health care products.

Uzumaki's new health products are very good for the body if they are drunk for a long time.

Especially for the elderly, I heard that a certain elderly person originally needed a wheelchair, but after drinking this, he went up to the fifth floor and his legs no longer sore.

And Ya's daughter

"Grandpa, good." Do carefully looked at the unkind old man in front of her, and whispered, "Thank you for saving my dad."

Little devil

Madara nodded blankly at the little girl, frowned and looked at Ya and the others, and said, "Take things away. I don't remember that I saved a waste who was captured by Mist."

"Now I have to go to class, leave now."

Hearing Madara's words, Ya also hurriedly said apologetically, "Sorry, sorry, we interrupted your class, now leave immediately."

Although the old man's tone was not very good, he was his savior anyway.

As for waste

It's nothing, I've heard even more ugly words

He's already used to it

What's more, an old man who would greet his daughter and nod his head is definitely not a bad person, maybe just like the Uchiha Clan with facial paralysis?

Ya also picked up his daughter and held Hua Jia, and hurriedly walked to the door and said, "With a little heart, I hope your old man will not care."

....

Chapter 512: Senju and Uchiha Clan

1,000 push-ups, 1,000 sit-ups, 1,000 squats, and..."

"Run 100 kilometers."

Uchiha Kai shouted with a headache, "It's really unfortunate, and..."

"That damn old man!"

Actually treat the Uchiha clan like this.

Didn't he question the teacher's teaching qualifications?

Do you need to be so cruel?

It is estimated that it will be night after all training is completed.

Climbing home at night, it's very embarrassing to his Uchiha clan!

"We are unlucky." A fat man wearing Uchiha clan costumes said helplessly, "It's just to tell you back, why should we come out to accompany you?"

Although they are both called Uchiha, but...

They didn't talk back! !

Does that old man have enemies with the Uchiha clan?

Basically, all Uchiha members in the class came out to be punished.

"We're called guilty." Muzen Mu... the Clan of the Thousands of Hands rolled his eyes and said, "We are of the Mu Clan, and we are not familiar with you Uchiha."

There is even a grudge.

Why should they be punished for the Uchiha clan?

He didn't say anything at all, I've been watching the theater quietly all the time!

That old man had an enmity with the Mu Clan?

Could it have been beaten by any elder of the Senju Clan when he was young?

Otherwise... Why were they punished with the Senju Clan for no reason?

No reason!

Could this old man be the enthusiastic citizen of Uzumaki Kingdom who assisted Uzumaki to rescue the hostages that the newspaper said a few days ago?

He heard that this old man is quite powerful. When Uzumaki was helpless, he was the only one who had the chance to rescue the hostages safely.

Sure enough, it is not easy to be a teacher.

Just... This still has nothing to do with their Mu Clan!

"Hmph." Uchiha Kei sneered. "A few tens of... a hundred kilometers, are you Senju Clan scared?"

"It's worthy of being the poor ghost of the Uzumaki Kingdom!"

"It's very hard for your patriarch to pay the mortgage." Uchiha Kai raised the corner of his mouth, looked at the little ghost of the Senju clan, and said proudly, "It's not like us Uchiha..."

"Still a wealthy clan in the Uzumaki Kingdom!!"

When the Senju clan heard Uchiha's words, they were immediately angry.

"We the Senju clan just want to return Konoha's everything to Konoha and start over again." Mushi said disdainfully, "and you Uchiha clan..."

"It's shameless."

"As for fear?"

"The Senju Clan comes back and is not afraid of any challenges." Mushi said proudly, "The Uchiha Clan will always be a younger brother."

Whether it's Hokage or other...

The Uchiha clan is no better than their Senju Clan.

Chapter 513: Missing Student

"What is physique..." Madara leaned on the crutches and stared blankly, the student below said lightly, "Just through..."

As for the Senju Clan and Uchiha Clan...

Their family has a complete physique practice, and they are not used to listen to him talk about this. Therefore, Uchiha Madara is not avenging private revenge, but...

For the future of the Senju Clan and Uchiha Clan.

He believe that Hashirama will know about it at that time, and he will be grateful to him.

He Uchiha Madara was never a careful ninja.

Moreover, he has become a teacher of the new generation of the Senju Clan.

At that time, he has to teach the teacher to respect the teacher.

If not... Humph!

The little ghosts of Uchiha and the little ghosts of the Senju clan...

His Uchiha Madara will let these little ghosts understand the cruelty of ninjas.

But currently... Let the other little ghosts understand what physique is first.

Only if the body is coordinated, the pace is stable, and the posture is graceful, can it jump out...cough cough and learn real physical skills.

"So, it must go through constant training..." Uchiha Madara said lightly, "After the body has been adapted to the chakra, we will be able to..."

As for the waste called Chan just learned a little bit of fur.

He haven't seen this kid training ground these days. Don't know where it went?

He should have given up, after all... Pure ninjas who can't know ninjutsu have no future after all.

Just... What about the canned beef promised to the old man?

...

"Yawn, yawn." Chan rubbed his nose with his right hand, and murmured, "Have a cold?"

It seems that my training is still not enough!

"Today you must do 3,000 push-ups, if you can't do it, do 3,000 sit-ups." Must strengthen exercise!

"Chan, His Royal Highness Xin has said that the combination of work and rest is correct." Ryu looked at Chan who was still training, and said helplessly, "Excessive training can cause damage to the body."

The kid finally came to join the army.

You must know that the pure body type ninja who can't know how to do ninjutsu is very easy to get injured on the battlefield.

Chapter 514: Hidden Cloud Village Hidden Means

Konoha Village

"This..." Cloud Shinobi looked at the wooden box tied up with the seal that Konoha Ninja handed over, and said excitedly, "This is the legendary 'Frostmourn'?"

"Yes." Konoha nodded and said, "Hokage-sama ordered me to take it."

He pinched a handprint to unlock the seal on the wooden box, "I'll come and take it back tomorrow."

"Please pay attention."

"This is Konoha. No matter what happens, we Konoha will be aware of it for the first time."

"And so..."

Konoha ninja stared at Cloud Shinobi with sharp eyes, and said lightly, "Don't mess around."

"Understand, understand." Commander Cloud Shinobi said cheerfully, "We are just looking at it, and we will definitely return it intact tomorrow."

"As for Hidden Cloud Village, our village has already sent troops there."

"I will definitely help Konoha to withstand other Ninja Village."

"Believe us in Hidden Cloud Village..."

"I will never do anything arrogant and robbery!"

Then, staring at the quaint knife handle in the wooden box with fiery eyes, he muttered, "It's incredible!!"

This Shinobi... Pity.

...

"How are these seeds watered with life medicines growing?" Xin looked at Yuta in front of him, and said, "Has the food obtained have been tested for consumption?"

Moreover, there is too little arable land in the Uzumaki Kingdom, and now it can only start from the aspect of increasing production.

"These new types of output have indeed increased three or four times." Yuta curled up his trousers, standing in the farmland, bending over, said, "Also, after eating animals, no harm has been found for the time being."

"Have you eaten?" Hearing Yuta's words, Uzumaki Xin said in a daze, "Didn't I remind you that any food that is not yet safe can not be eaten?"

Although the medical technology of Ninja is quite advanced, who can guarantee that there will be no accidents?

"What's wrong?" Xin asked, "According to the efficacy of health care products, there should be no effect for a while."

Has it cured your hidden dangers for many years?

"..."

Uzumaki looked at Yuta speechlessly, and said, "I know, I will let the medical school examine these food and animals."

There is another high-end product in Uzumaki that can be traded with foreign countries. I believe those nobles will want to be happy to hear that eating can also prolong their lives.

"The seedlings are basically ready." Yuta nodded when he heard Xin's words, and said, "Moreover, with the seedlings watered with the life medicine, the output of hybrid rice will not be too much."

With regret on his face, he sighed and said, "You can't keep the seeds."

Chapter 515: Wheel of Fate start to Move

"Those Cloud Shinobi didn't do other things, right."

Sarutobi Haruzen took a mouthful of smoke and said, "Orochimaru sent a message. Cloud Shinobi has accepted the front of Iwanin village, so it can't be done at this time. Something happened!"

How can you lend it to other ninjas in Ninja Village?

"I did this to end the war earlier and reduce the damage." Sarutobi shook his head and said with a guilty expression, "This war, because of my wrong judgment, caused Konoha to lose too much... "

Senju Clan and the extinction of the Uchiha clan...

Fortunately, the Hyuga clan does not have a strong blood successor, otherwise...

"And if I am here, I will inspect the whole village from time to time."

My own telescope technique is very useful for protecting Konoha, no wonder everyone calls him Dr. Ninja!

"I'll arrange it." Danzo nodded, stood up, and said, "Now if there is nothing wrong, I will leave first."

"I know how to do it," Danzo said, opening the door and leaving.

Isn't it clear that it's illegal to be naked in public?

He still has very important things to do now!

Leave it to other ninjas.

"Captain, do we really want to take the Shinobi away?" A short-haired Cloud Shinobi frowned and said, "The place where we live now is surrounded by the dark parts of Konoha, and we can't live without it."

They are the elites of Cloud Shinobi.

"It must be taken away." Captain Cloud Shinobi nodded, and said with a serious face, "This Shinobi sword is definitely not available to Konoha."

Add to that the old yin of the three generations of Hokage now!

"Where is the Nine-Tailed Jinchuriki?" Short-haired Cloud Shinobi hesitated for a moment, and said, "Isn't our original mission to abduct the nine-tailed Jinchuriki candidate?"

As long as they get the approval of the sword spirit, they will be able to possess the power of the gods of the Ninja world, even beyond the gods of the Ninja world. At that time, the tail beasts are not a lot of wealth in their eyes!

Humph!

"Did any of you get the recognition of the sword spirit during this period?" Captain Cloud Shinobi frowned and asked, "If you get the recognition, it won't be so troublesome."

"No." Short-haired Cloud Shinobi shook his head, thought for a moment, and still said, "I think that Legendary Sword, he refuses to have a sword at all..."

Captain Cloud Shinobi interrupted directly, with a serious expression on his face, "Impossible, absolutely possible."

It's not that people can release it, so...

There is definitely a sword spirit!

"Yes!" Short-haired Cloud Shinobi heard the captain's order and could only agree.

What else does the ninja train for?

No one believed his words at all.

Now there is only this way, Konoha will come to take back the Shinobi in the afternoon, so they must be fast.

They are in trouble.

....

Chapter 516: Cloud Village Failure

"Master Danzo, have you come to inspect again?"

An old man looked at the young man with his right eye in front of him cheerfully, and said,
"MasterDanzo is really good!"

"Even out of pocket to send rice seedlings to the poor villagers."

A young man next to him said with a face of approval, "Yes! When I saw Lord Danzang, I was shocked by the breath of his body. I didn't expect that although Lord Danzo would fly a little bit scary,... "

"Yes, yes!"

" ... "

Down the grassroots!

"Old man!" Danzo tightly held the old man's hand in front of him, with a smile on his face, said, "Are you still having any difficulties recently?"

"Perhaps Konoha has some high-level talks and nonsense, but believe me."

Danzo said sincerely, "That's just a small part."

"If someone bullies you, don't be afraid and tell me."

"Drive them all to plant sweet potatoes."

"Master Danzo!!"

Hearing Danzo's words, all the civilians present showed touched expressions, wiped their tears, and said in a choked tone, "We believe in you."

...

Although it is not clear what Danzo is going to do, as long as it is not something that will harm Shinobi Village.

So, I hope you don't lose yourself!

"Boom!"

"Come in." Sarutobi Haruzen took a puff of smoke, restored his gentle expression, and said.

When the door was opened, an Anbu ninja wearing a fox mask rushed in and said in a flustered tone, "Hokage-sama, the big thing is not good!"

...

Hidden Cloud Village.

"Boom boom."

"Come in."

The shirtless, brown-year-old man frowned, looked at Shinobi who walked in, and said faintly, "What's the matter?"

"Lord Raikage." Jonin Shinobi bowed respectfully and said, "The mission has failed."

"Have you failed?" Raikage was taken aback when he heard Cloud Shinobi's words, and sighed, "What about those Cloud Shinobi?"

"All sacrificed." Cloud Shinobi said with an anger on his face, "Konoha is really deceiving people too much,"

"Master Raikage, do we need to declare war with Konoha?"

Even if he dared to kill their ninja in Hidden Cloud Village, Konoha was looking for death.

He believe Raikage will definitely breathe out for them.

"I see." Raikage groaned for a moment, waved his hand, and said, "You go down first."

"Yes." Cloud Shinobi nodded when hearing Raikage's words, and stepped back.

"Konoha." Raikage murmured as he looked at the Ninja map in front of him with cold eyes, "Sure enough, it failed."

Although I didn't think the success rate would be very high at first, I didn't expect that all Cloud Shinobi who was sent out would be destroyed.

Konoha really deserves to be the most powerful Shinobi!

"Is the kaleidoscope coming to Thunder Country really for the legendary ninja at the time?" Raikage frowned and meditated. "Is the news from the Hidden Sand Ninja Village correct?"

You must know that the capture of the legendary tool was just passed by him casually, and he really didn't know what the real goal of Kaleidoscope was.

Chapter 517: Miserable Condition of Seven Ninja Swordsmen

The Ninja Seven Swordsman have always been the assassinated ninjas of Hidden Mist Ninja Village, a seven-person terrorist organization created specifically for murder. In a way, these ninjas are basically incurable rubbish.

But in this world of Ninja, as long as your mouth is good, whatever bad thing you do, you will go to the peace of Ninja, and even have a tragic experience in your body, then there will be a group of Virgin Mary wiping tears and shouting, I forgive you No, it's not you, it's the world that is wrong.

correct.

There is nothing in the ninja world that cannot be washed away.

Moreover, they are not wrong, this world...

It was wrong.

Therefore, for Fuguki Suikazan and the Jūzō Biwa, their best treatment is indeed to hang, in order to ensure the seriousness of the law of the country of Uzumaki.

Forbearance is very important to Uzumaki country after all!

"This piece of land is our goal today." A Uzumaki looked at the mists in front of him and said with disdain, "So, you must finish it today. If you are lazy, there is no food to eat."

"When will it be done and when will it be off work."

After all, His Royal Highness Xin was too kind, and he actually gave these extremely sinful Mist Ninjas a chance, asking him to say that he has done a lot of evil to these, and now the Mist Ninja of the Uzumaki Kingdom should chop a few times to bleed them, and then throw them directly into the sea.

Feeding the fish is what they deserve.

Especially the sharp-toothed Mist Shinobi who led the team...

Jūzō Biwa

He is quite familiar. He is the one who invaded the Uzumaki Kingdom back then!

Although I can't wait to chop them into fish sauce.

But... Now that His Highness Xin made such a decision, they could only implement it seriously.

"Don't let me find out that you are lazy." Uzumaki shook the whip fiercely, making a 'cracking' sound in wind, and said, "If you find it, don't blame me for being impolite."

This group of bastrads shouldn't be so good to them, since they don't kill them, let them work for the country of the Uzumaki, to death! !

Thinking of this, he turned around and walked to sit down in his recliner, basking in the gentle sun.

The spring afternoon is really comfortable.

"Captain Juzo, what are we going to do now?" A Mist Shinobi looked at the hoe in his hand, his face was unhappy, and asked Jūzō Biwa, "Are you really going to work?"

Although they don't care about work, but...

They were working, and the sorrow was enjoying, and his heart was always uncomfortable.

"Huh!" Jūzō Biwa said angrily, "What are you doing?"

"We are the ninjas of the Hidden Fog Village!"

Chapter 518: Rebellious Mist Shinobi

Forget about moving bricks for the country of the Uzumaki, today you actually want them to farm? ?

Did he lose the name of the Seven Ninja Swordsmen?

If you really do, where is the dignity brother when you return to Hidden Mist Village?

What would Shinobi think of them?

"Don't do it!" Jūzō Biwa directly threw the hoe to the ground and said, "Let's find a place to lie down, too."

"But if you don't do it, you will be out of food." A Mist Shinobi asked, "What should I do then?"

"Eat, you know how to eat." Jūzō Biwa said, hating iron and steel, "Ninjas will be fine for a day or two if they are hungry."

"Eating is important, or is the respect of Hidden Mist Village important?"

Jūzō Biwa was considered starved to death. he died in the country of the Uzumaki. even if he jump from here, he will not eat any of your things.

Believe that the watermelon puffer fish ghost thinks the same as me. You must know that he...

But the hero who loves Hidden Mist Village very much!

"...."

"It's so fragrant!!" Fuguki Suikazan picked up a stewed fish and said, "Old man, you stewed really well."

"Right." The old man in front of him said cheerfully, "My old man has been stewing fish for decades."

With a sorrowful face, "The country of the Uzumaki was not like it is now, with big fish and meat."

"At that time, if you could touch a small fish in a week, the old man and his family would be happy for a year."

Glancing to the calloused right hand, stroked the size of a finger, "Such a small fish is very precious to the old man's family."

"Yes, the whole family will surround it, thinking about how to make good food and how to make it without waste."

"So, now the old man's technique is so good."

"Yeah!" Fuguki Suikazan gave a thumbs up, nodded, and said, "I have lived for so many years, and I have never seen you stew better."

"Haha!" The old man nodded in satisfaction when he heard the words of Fuguki Suikazan, and said, "I'm trying the braised pork, this one is passed down by His Highness Xin and it is even more delicious."

Although at first he was very afraid of these Ninja, but after getting along these days, he found that...

They are nothing special.

So he got used to it slowly.

Just don't know why... This group of ninjas want to go back to their Ninja Village so much, is there a good place outside of Uzumaki Country?

This is impossible!

Uzumaki country is the best place.

"Really?" Fuguki Suikazan heard the old man's words, and his eyes lit up and said, "I want to try it!"

Looking at the delicious and delicious braised pork in front of him, Fuguki Suikazan sighed inwardly, 'This is what the organization gave him!'

He... Suddenly found that he really likes to perform tasks, and sure enough, he is also a diligent ninja inside!

Chapter 519: Lier of Mist Village

"Hiccup!" Fuguki Suikazan hiccuped, plucking root grass with his right hand and flicking his teeth, and said, "It's really comfortable to eat!"

Uzumaki is really a lot of food. I have lived for so many years and I haven't eaten as many foods these days. The past few decades have really been in vain.

"But is it really okay for us to do this?" A Mist Shinobi said cautiously, "Anyway, we are all ninjas in the village of Mist."

Actually indulging in the delicious food of Uzumaki Country, it is really...

Ashamed!

He's sorry, Hidden Mist Village!

"..."

Fuguki Suikazan was taken aback when he heard Mist Shinobi's words, but unexpectedly, he was discovered. Wasn't he doing this to let these people indulge in the country of the Uzumaki, and then slowly blend in?

As the Seven Ninja Swordsman, it is impossible for him to say that.

"Young man, your ninja's awareness is not high!" Fuguki Suikazan patted Shinobi's shoulder with both hands, with a disappointed expression on his face, sighed, shook his head, and said, "I did this for the sake of the mist. Hidden village!"

That's right, everything he is doing now is for the village of Mist.

"We can only be integrated into the Uzumaki country if we work hard." Fuguki Suikazan looked at Mist Shinobi with a serious face, "Only when we integrate into the Uzumaki country, the ninjas of Uzumaki country will relax their vigilance against us."

"We won't have a chance to do other things until the Uzumaki people relax their vigilance."

"For example, plan to escape again."

The watermelon puffer fish ghost patted Shinobi's shoulders, held his hands, and walked in front, with an expression on his face that everyone is drunk and I am alone.

He looked into the distance with deep eyes, and said lightly, "I work so hard and eat a lot. , It's just my plan to integrate into the country of the Uzumaki."

"It's not simply obsessed with food."

"My heart still thinks of Hidden Mist Village!!"

Fuguki Suikazan stared at the front with tears, and then sneaked a glance, with a face full of guilt and regret.

Nodded in satisfaction, the corners of his mouth rose slightly, and he immediately made a sad expression, shook his head, and said with a sigh, "I didn't expect you..."

"Fine, nothing!"

"I brought you all the way, so I must try my best to take you back."

"Captain of the mountain puffer fish ghost!!" The Mist people heard the words of Fuguki Suikazan, and said moved, "We will also work hard and eat seriously, and you will never let you suffer everything silently."

"Please let us share the burden for you!"

"So..." Fuguki Suikazan hesitated for a while, and finally seemed to be persuaded by them, nodded helplessly, and said, "Well, let's carry it together!"

"But remember..."

"In any case, we are all ninjas in the hidden mist village."

Chapter 520: Compassion In Midst of Hardship

Really... That Uzumaki doesn't pay attention to them at all!

Jūzō Biwa licked his dry lips. It seems that this Uzumaki is still wishing them not to work seriously, so that they will starve to death by then.

But this is what he wants! !

As a ninja, he was already prepared for death.

"I don't even have any saliva." Jūzō Biwa murmured with grief on his face, "Don't you need to be so cruel!"

He glanced at the misty Shinobi who was lying beside him looking like him.

So be it.

It's not bad to die of thirst or starve to death!

Want to come to Fuguki Suikazan should be like me now, in order to protect the dignity of Hidden Mist Village, absolutely disobey the task of Uzumaki Kingdom and wait to die!

It was the brother who killed him!

Don't stop him from jumping off the building if you knew it.

It's better to be thrown into Fuguki Suikazan than to starve to death!

But now, it can only be considered that the brother owes him, and he will be paid back in the next life.

"Master Mizukage, we definitely didn't lose the face of Hidden Mist Village." Fuguki Suikazan murmured, "It's just..."

We can never go back.

And at this moment, he closed his eyes in Loquat Juzo and waited for death...

"Child."

An elderly lady carrying a kettle filled with water, her legs and feet were a little awkward, walked over, with a cheerful face, showing yellowish teeth, and said, "Be thirsty, come and drink some. Water."

As he said, he directly took out a porcelain bowl, poured out a bowl of water, and handed it to the Fuguki Suikazan lying on the ground, "Come on, drink."

"If you are tired, take a break."

Fuguki Suikazan had a dry mouth at this time. He was stunned when he saw the water on the ground of the elderly lady. Especially when he appeared in front of him, his ugly wrinkled smile and muddy eyes suddenly felt a feeling in his heart. Kind of touch.

This kind of touch seems to me before...

But when is it lost?

The soul of Fuguki Suikazan seems to have been hit.

This kind of care from ordinary people...

It seems that when I became a ninja, I never tried it.

Fuguki Suikazan stretched out his hand, his hands seemed to unconsciously want to pick up this ordinary bowl of cold white open.

"Drink, child." The auntie felt that the water was picked up, her wrinkled face appeared, and she smiled again, "I'm tired!"

"My aunt is very grateful to you guys."

"If it weren't for your help, these lands might be deserted."

"..."

Fuguki Suikazan took the water, looked at the cold white card in his hand, was stunned for a moment, then raised his head and asked, "This land is yours?"

"Yes!" The aunty smiled and nodded, and then sighed regretfully, "Unfortunately, the aunty has bad eyes and inconvenience, so I wasted it."

"Madam, you..." Fuguki Suikazan hesitated and said, "Where is your child?"

"Dead." The aunt sighed, she seemed to be lost in memory, and said sighfully, "Dead, died in the war, and my wife died on the way to the country of Uzumaki to take care of me."

"Only the auntie is left."

"I guess if I didn't die at that time, I'm as old as you now."

"But it's okay." The aunt showed her yellowish missing teeth and said with a smile. "The aunt doesn't feel lonely. Every day, the aunt goes back to the orphanage to take care of the children."
