

Uzumaki 521

Chapter 521: Years Later

Once the war begins, it does not end when it wants to end.

For example, Hidden Cloud Village and Hidden Rock Village

At that time, it was obvious that you wanted to go to war, but now you are telling me about the hometown of Konoha who cooperated in copying Konoha?

There is something in Ohnoki's heart that I don't know if it should be said or not. Iwagin Shinobu Village is one of the five great Shinobu villages anyway. There is a smelly and hard will of the stone. Can you Raikage be able to come and go? ?

Cooperation?

Good for you, uncle!

If it hadn't been for your sudden kick in, their Hidden Cloud Village would have won the war long ago, and now you actually told me that Konoha has a legendary cutting tool, can't Konoha continue to develop like this?

I'm afraid this is not teasing him.

What if Konoha got the legendary Shinobi?

The kaleidoscope is gone, and Wood Release is gone, what is left of Konoha?

The strongest three generations of Hokage?

This is not a joke, right?

And their Rock Ninja Village has the strongest blood and dust escape!

Don't counsel anyone at all.

Not to mention whether the Ninja sword is real or not, even if it is true, it has not been recognized, it is just an ordinary Ninja sword.

and so

A bad temper meets a bad temper

The feud between Hidden Rock Village and Hidden Sand Village is coming.

There is no possibility of reconciliation

....

Konoha Village

"Ahem, I'm still old after all." Uzumaki Mito sighed as he looked at the red-haired boy in front of him, and said, "Sorry, let you come to see my old lady."

"Grandma Mito, you" Uzumaki Xin saw the older Uzumaki Mito and opened his mouth, but didn't know what to say.

Today, he sensed that the secret kunai that was taken away by Mito had been activated last time, so he ran over, but he didn't expect it.

Seeing Uzumaki Mito who has trouble even sitting up.

Sigh inwardly.

The legendary female ninja who used to cross the Ninja World and defended her family for the gods of the Ninja World, after all, could not survive the invasion of the years.

Even if it's Boss Madara, even though he has taken health supplements and the cells between the columns, it's not time to hang up yet.

He has already begun to move inconvenience, and it takes a while to take two steps, basically relying on Mikoto to push.

No matter how strong you were in your lifetime, you will eventually die.

Didn't you see that except for Kaguya and Black Zetsu, the rest are basically dead?

Chapter 522: Uzumaki Mito's Last Plead

"Cough cough!"

Uzumaki Mito covered his mouth and coughed twice to stop Uzumaki Xin from speaking, and said, "I have done what I promised you."

"I will take away the sealing technique of the Uzumaki Clan. Apart from the 9th rank, I have not taught anyone else."

"Of course, I will keep the Yin Seal." Uzumaki Mito looked at Uzumaki Xin, "This is Konoha's ninjutsu."

"Yes." Uzumaki Xin nodded, and said, "This was created by you, Grandma Mito, and Uzumaki will not bother you."

Anyway, the country of Yin Sealed Uzumaki also has it, it doesn't matter.

"Now" Uzumaki Mito stared at Uzumaki Xin's eyes seriously, and said, "I want you to promise me a request."

"..."

When Uzumaki Xin heard Uzumaki Mito's words, he was silent, and asked faintly, "What's the request?"

After all, he is now the Daimyo of the Uzumaki Kingdom. When the request is still unclear, he should not agree to it randomly. Otherwise, what should be done if losses are caused by the time?

"Don't worry, kid." Uzumaki Mito shook his head and said with a sigh, "This is the last little request of my old woman."

"It won't make you embarrassed." Uzumaki Mito said with a pleading gaze, "Even if the old lady begs you."

"I...." Uzumaki Xin opened his mouth and said helplessly, "Granny Mito, please tell me."

In any case, at the time of the Uzumaki Kingdom War, Grandma Mito also helped, as well as the tail beast seal technique behind, and the seal technique of the Uzumaki clan now, she

After all, it has contributed a lot to the stability of the current Uzumaki Kingdom!

"Help me take care of that girl." Uzumaki Mito said with a hint of regret, "I am the old lady who is sorry for her!"

"If that girl is in danger by then"

"I hope you can make a move."

"Hope to make girl..."

"Happily for a lifetime!"

"...."

When Uzumaki heard Mito's words, he was silent for a while, and finally nodded and said, "I'll pay attention."

To be honest, he didn't want to have much to do with Konoha. When Grandma Mito left, it can be said that Konoha and Uzunoki Clan finally broke the contact.

That's great! !

after all, once Konoha wants to talk to you about life, the future, feelings, and the will of fire, it basically means that it's time for you to give Konoha your life.

Throughout the history of Konoha's development, it is all based on pitting allies!

Just now, think of it as helping the lonely old man.

Chapter 523: Nine Tail Jinchuriki, Hine

Konoha Village

At the same time, it also means that the two big families that founded Konoha, except Tsunade, the last trace of the Senju and Uchiha clan have disappeared.

"Hine." Sarutobi Haruzen looked at the news of the little blond girl, sighed, and murmured, "Nine-tailed!"

Why did the first generation of adults distribute tail beasts to each village?

It is the key to the balance of power in the Five Ninja Villages! !

"Ah? Oh!" Danzo came back to his senses, with a smile on his face, said, "Follow the arrangements of Mito-sama. Anyway, Kyuubi can't help in the village anyway."

Guarding Konoha can't come silently!

Otherwise... this is unscientific!

He guess he still knows what will happen if he does this, but why not stop or even let him do it?

Some people are disobedient and refuse to dedicate to Konoha!

"It's wrong for you to do this." Sarutobi Haruzen took a breath and shook his head disappointedly, and said, "You are too addicted to power, Danzo."

You should be right!

Anyway, this Kyuubi is not important to him at all, after all...

After reading books for so many years, he had long understood that only knowledge can get him what he wants.

Sarutobi Haruzen interrupted Danzo directly, and did not speak to him at all. Instead, he sighed and said helplessly, "Go down first, and reflect on it. There is also the strength of the nine-tailed human column..."

"We can't let Mito-sama chill."

Danzo opened his mouth. He had a word in his heart, and he didn't know if it was inappropriate to say it.

"..."

"Hey!" Sarutobi Haruzen looked at the back of Danzo's departure, shook his head disappointedly, and said faintly, "Come here."

"Consultant Danzo ignored Mito-sama's request and wanted to control Nine Tails."

Sarutobi Hitizan took a cigarette, holding his hand, and said helplessly, "I stopped it."

"I..."

Let you jump like that!

When the fourth generation of Hokage?

"Yes!" Anbu's eyes condensed, nodded, and said, "I will arrange Anbu to guard Hine for 24 hours."

It seems that although the Danzo consultants have been promoting themselves everywhere in the past few years, there is a conspiracy!

There must be no accidents in the affairs of Kyuubi. As the direct unit of Lord Hokage, he will definitely carry out his mission seriously.

"Understand." Anbu nodded, and then left immediately.

Chapter 524: Emotional Madara

Uzumaki Kingdom

"Haha, Uchiha..." Mu Xinshu said disdainfully, "Always a younger brother."

The first generation is Senju, the second generation is Senju, the third generation...

What about Uchiha?

"What are you doing? What are you doing?"

Madara Uchiha, who was lying in the wheelchair below, looked at the two rookies impatiently, and said, "Hurry up, or it's all zero eggs."

Why is he familiar?

He was... Of course, he play same as Hashirama, contest of the longest pee, a kids game.

"The b*****d Hashirama!" Uchiha Madara murmured, "Every time I urinate, I squat behind."

"Grandpa Madara, Grandpa Madara."

She still want to know what Grandpa Madara was like before?

But it is estimated that...

"Grandpa Madara, this is today's Shinobi, which was delivered by the guard just now." Uchiha Mikoto said, passing the newspaper.

However... The passing of the old era, the advent of a new era"

We are old after all.

Madara glanced at the newspaper, then closed her face blankly, closing her eyes.

Once Upon a Time...

He believes that the idea of Hashirama is wrong. As long as there are ninjas in the ninja world, then peace cannot be truly achieved. Unless the two of them unite the entire ninja world and deprive the ninja of the power, then it will be possible for the entire ninja. Ninja world brings peace.

Only then can we realize the idea that childhood with Hashirama, preventing children to be sacrifice, and everyone could sit down and eat barbecue together.

The idiot Hashirama always thinks that as long as everyone shows a little love, understands each other, and communicates with each other, peace can be achieved.

This is really a ridiculous idea...

Sure enough, in the year Hashirama died, the war broke out again.

Even more people died when fighting in the family way before.

And I was in the clan field, and I saw the hidden part of the clan stele with a kaleidoscope.

Thousands of years ago...

There is no chakra, no ninja that peaceful and desirable world.

Therefore, he firmly believes that the ninja is the root cause of the war. Uchiha Madara has to prove that his idea is right. He...

To ruin all this!

Just now...

That's all.

He has been in the Ninja World for so many years, don't he know illusion?

At that time, I was confused because I wanted to tell Hashirama that your method was wrong, but couldn't find the goal.

"Who the hell is calculating me?" Uchiha Madara closed these eyes, and suddenly Ninkai's force burst out, "It's absolutely..."

Is it someone else?

In the past few years when he calmed down, he realized that he seemed to desperately want to provoke a war in the Ninja World, urging him to catch the tail beast all day long, anyway...

As if his own thinking has been controlled.

Fortunately, in the country of the Uzumaki, he understood that the infinite monthly reading is a dream after all, and it is illusory.

Just like now he likes to pump Uchiha's butt, pointing at the Hashirama and yelling at idiots, and this kind of gradually getting old, slowly unable to move, and needs a female who doesn't know how many times away from him to push the wheelchair a feeling of.

This may be the real feeling.

No wonder Konoha liked to hang out in the village very much at that time, watching the children smile and listening to them greet themselves.

This feeling can make oneself feel at ease, and let oneself slowly understand the meaning of living.

just...

"Hashirama....." Uchiha Madara closed his eyes, the corners of his mouth slowly rose, and murmured, "You're still an idiot."

So, in the end, your method won't work. Only the method that this red-haired kid has come up with has allowed me to see the world I really want in my heart. and just...

We will eventually become a thing of the past.

Chapter 525: Mikoto Misunderstand Everything

Uchiha Mikoto looked at Grandpa Madara who closed his eyes in shock. He... Grandpa Madara could cry? ?

Is there anything in the newspaper that makes Grandpa Madara cares about?

And also... Hashirama?

Did she get it wrong just now?

Isn't this the name of the original Hokage-sama?

And in the newspaper...

Uchiha Mikoto seemed to remember something, her eyes widened, and she looked at Grandpa Madara with incredible eyes, could it be...

Grandpa Madara robbed Mito from the original Hokage. In the end, Grandpa Madara lost and was beaten by the original adult and left Konoha alone.

Now that I see the news of Mito-sama's death, I remember the past, and then...

Sad?

Uchiha Mikoto felt like he had discovered something incredible. No wonder Grandpa Madara treated Senju and the others like this. It seems that the first generation of Hokage made the evil, so love and hate are mixed!

Just the Uchiha clan...

Could this incident have something to do with Uchiha?

Uchiha Mikoto's face showed a trace of unbearableness. she wonder if I want to ask His Highness Xin if I can ask Grandpa Madara to send Mito-sama, anyway...

So many years have passed.

It is estimated that Grandpa Madara will be able to live within a few years. If Grandpa Madara is sent to send Master Mito, Grandpa Madara should be very happy.

"I'll leave it to you next." Madara Uchiha opened his eyes and looked at Uchiha Mikoto blankly. It seemed that he couldn't see that he had cried before, and said faintly, "I need a rest."

So he paddled his wheelchair and left.

And Uchiha Mikoto sighed when he saw Grandpa Madara like this, and murmured, "It looks like Grandpa Madara is very sad!"

She didn't even need to push the wheelchair.

With his back facing Uchiha Mikoto's spot, his eyes suddenly became cold, and the reincarnation eyes opened unconsciously, muttering, "Absolutely..."

It seems that I have to ask myself what is going on!

Anyway...

He is now a teacher, and some things are just like what he did back then, he...

It must be stopped.

Chapter 526: Misfortune of War

The leader of the Konoha Assassination Brigade led more than a dozen members into the village of Ninja, killing countless high-level officials in Ninja, causing great panic in Ninja village. At the same time, the whole Ninja world spread Konoha's White Fang, Sakumo Hatake reputation.

Although all Nina gritted their teeth at Sakumo Hatake, they had nothing to do with Konoha's magical assassination skills.

"Damn it!" Fourth Kazekage said with a sullen expression, "hasn't he caught the Hatake?"

The original form of the Ninja Village was a big one, but because Konoha also bought scientific cutting tools, the two Ninja Villages fell into a deadlock.

But since the white-haired b*****d appeared, Hidden Sand Village started...

Slowly at a disadvantage.

"I still can't find it." Sand Shinobi shook his head and said, "That Konoha White Fang's assassination skills are really amazing."

They couldn't find him at all.

"The son of Chio consultant should still be in front now?" Fourth Kazekage put his chin in his hands, and said in a deep voice, "Send him."

Chiyo consultant.

..

Ha ha.

"I believe his strength can definitely catch people."

"Yes!" Sand Shinobi replied respectfully.

.....

"Hontu, Hontu, wake up!" A long, black woman sat on the desert and hugged a young man with short red hair tightly, with tears on her face, and said, "Don't sleep, wake up!"

Opposite them, a white-haired hedgehog with a long knife in his hand, looked in front of him blankly...

Such scenes, since he became a ninja, he has seen too many, too many!

death...

This is the normal state of war and ninjas.

As Konoha, the only goal of a ninja is to win. Even if the blood is stained with his hands, he must win. Only in this way will the village be stronger and more prosperous, and their children can live in one...

In a stable, harmonious and happy village.

The reason why you can't see the darkness is not because there is no darkness in this world, but because someone has tried their best to keep the darkness out of your sight.

and so...

For the village, Sakuma Hatake raised his family dagger with cold eyes, and sat slumped in the desert in front of him, tearful and confused, and hugged her husband's helpless woman tightly.

Ninjas have no mercy.

"Hontu, you wake up quickly!" The black long straight woman, with tears in her eyes, stared blankly at Hontu who was holding her motionless tightly, and said, "Sasori is still waiting for us to go back."

"Will you wake up?"

"We promised Sasori to go back and teach him to be a puppet."

"Hontu, please, wake up quickly?"

"We are not ninjas." The more the woman said, her tears kept falling, and she murmured, "We are not ninjas anymore, so don't leave me behind."

"Wake up! Hontu, I..."

"Since you are not awake..."

The corners of the woman's lips were raised, showing a desperate smile, and her eyes were closed tightly.

"Let me go with you!"

Chapter 527: Helping Sasori's Parents

"Sure enough..." Uzumaki Xin looked at the Sasori's parents lying in front of him, and said helplessly, "It's still too late."

Is that absolutely true, so afraid of coming to the country of Uzumaki?

Actually only sent a avatar of White Zetsu over, and after finishing talking, he planted the tree on the spot without going back...

Don't you let him do more work?

Now I don't dare to let the real body come from my experience.

"Sacred Son of Yin and Yang?" Uzumaki Xin murmured, narrowing his eyes, "It seems that he found the organization and started to float."

Yin and Yang people suck their a**!

No matter how skinny, then he will lead the Five Great Ninja Villages to destroy the organization and contribute to the peace of the Ninja world.

He has always cared about Black Zetsu's mother...Ah, he has always cared about saving Black Zetsu's mother. Did he ask you to run too much?

Not too much!

Uzumaki Xin shook his head disappointedly.

Now they are the parents who saved the scorpion, know that this is the chief mechanic of the future Uzumaki Kingdom!

Whether the Uzumaki Kingdom can drive the Phantom Tank and Gundam in the future depends on their father and son.

"It's not cold enough yet."

Uzumaki Xin squatted down to get close to Sasori's parents and murmured, "It's just that the heartbeat is gone."

Then, he took out two injection medicines from the system, "I don't know that the life medicine tube is not working right now?"

That must be...

The notification is too slow!

Although the elders have tried to inject the frog that died briefly, the frog has come alive, but in humans...

It's not clear.

"Huh?" Xin narrowed his eyes to look at the red-haired young man, with the corners of his mouth slightly raised, and said, "It works!"

Although the heartbeat is very small, it does happen.

It seems that he doesn't need to pick engineers anymore.

As for the rescued, will he work in the country of Uzumaki?

That group of scientist thought that way back then, isn't it doing a good job now?

Therefore, chakra is sealed, and it will be fine for a few years.

But right now, let's take the person to Uzumaki Hospital for emergency.

Then, stop by and deal with the environment. After all, Sasori's parents are already dead, and this pot...

Who doesn't Hatake Sakumo carry?

...

Chapter 528: Lost of Family

An incident that shocked the entire ninja occurred in the Ninja world. Konoha assassinated the captain of the unit.

After assassinating the commander of Sand Ninja Village, Sakumo Hatake performed an indescribable behavior on the corpses of the commander and his wife.

It is said that...

The bodies of their couple are no longer visible!

It is estimated that it has merged with the desert of the country of wind, fluttering with the wind, and staged a scene where you are the wind and I am the sand.

"Konoha!!" Chiyo's red eyes widened and roared, "Damn Konoha."

Her lovely son and daughter-in-law...

What a terrible death!

"My son!" Chiyo tearfully grabbed Ebizo's collar and said, "Why send him to the battlefield? Why?"

"Sasori is still a child!!"

"What should I do now?" Chiyo's tears kept falling, and her eyes were dull. "What should I do?"

"Calm down, elder sister." His nephew just died and couldn't find the corpse. He was also very angry and sad. You must know that he has been single for so many years and has always regarded his nephew as his own child. ...

But he never thought he would never see him again.

"The Sasori is more important now."

Ebizo took a deep breath, calmed himself down, and said comfortingly, "He is the only child of that kid, our grandson!"

"Yes, yes!"

After hearing Ebizo's words, Chiyo regained her senses and said in a panic, "This matter must never be known to Scorpion, and it must not be enough to let him know."

"Sakumo Hatake..." Thinking of this, Chiyo's tears kept falling, and she said with a grim expression, "I must revenge, I must revenge!"

"Damn Konoha, damn Sakumo Hatake."

"What did Kazekage say?"

Chiyo took a deep breath, staring at Ebizo with flushed eyes, and said, "What will Sand Ninja Village do?"

"Kazekage..." Hearing his sister's words, Ebizo was silent for a while and said, "The war is about to end."

"Just like you said at the time, Sand Ninja Village couldn't beat Konoha at all. Now too many ninjas have been sacrificed in the village, so Kazekage-sama wants..."

He didn't know what to say.

Master Kazekage is really...

"Ugh--!"

Kazekage was right, now the war is coming to an end. The village has lost so much, and coupled with the anti-war sentiment, it is indeed time to end the war.

This is the best choice for the current village.

Chapter 529: Crazy Sunagakure

"This crazy woman!" Sakumo Hatake looked at the aggressive Sand Ninja Village not far away, and said angrily, "I obviously didn't do anything!"

He just stabbed it, how could it become a ruin?

Did it take too long for the ninjas to collect the corpse, causing the corpse to feed the dog?

How else could the two bodies disappear for no reason?

You have gone to collect the corpses for so long, so it is not to blame him. How can you yell at others while yelling at others for perverts and corpse abusers.

Don't you want to face it?

Not to mention... Even if he did it, so what?

Can ninja affairs be called corpse abuse?

"Really it wasn't you who did it?" One Jonin said, looking at Sakumo Hatake with a weird expression.

Originally, after the assassination of Sakumo Hatake, Sand Ninja Village was about to surrender, and he was about to return to the village with the prestige he defeated, and enjoy the respect of the villagers. he did not expect that in the end...

Hidden Sand Village is crazy?

They all rushed towards them desperately.

"No." Sakumo Hatake said grimly, "I am very samurai spirit."

He would never do the torture of corpses.

"But..." Seeing Hatake Shumao's expression, he also believed in his heart, shook his head helplessly, and said, "According to the information collected by the spies, they did not see the corpse."

"Can't you find it?" Sakumo Hatake narrowed his eyes and murmured, "Who the hell is hurting me?"

...

"It's me." Uzumaki Xin nodded and said, "You also know that the war is over."

"So, the country of Uzumaki must prepare to open to the outside world."

"Always being closed like this is not conducive to the development of the Uzumaki Country."

"This policy was proposed by me."

"No, I am not concerned about things that are not open."

Kakuzu opened the file helplessly, and said, "Although you have done so many days of anger and resentment, as long as you are discovered by other Shinobi villages, Uzumaki Kingdom will be besieged. thing."

"But it doesn't matter to me."

No matter how much blood you collect, it has nothing to do with me.

"What I care about is this." Kakuzu pointed to the document and said, "Why give foreign businessmen a three-year tax-free and rent-free policy?"

He will lose a lot of money!

"In order to attract foreign businessmen to settle in." Xin sighed helplessly, and said, "You know what happened last time. that kid has worked so hard for so long, and only a few businessmen have been hired."

"Businessmen are the most sensitive group of people, so they don't believe that the small country of Uzumaki can give them asylum."

How can the ninja thing be called stealing?

Chapter 530: Industrialization

"Only when commerce develops, the country of Uzumaki will flourish."

If these merchants are not allowed to taste the sweetness and try to join the Uzumaki country, no matter how good the things in the Uzumaki country are, no matter how good and cheap, those merchants will not come.

At present, relying solely on the export of the Uzumaki country can no longer keep up with the output.

Especially in the future, the output will have to gradually rise, and the country of the Uzumaki can't digest it internally. It must rely on these foreign merchants to purchase the goods and sell them in their country.

Otherwise... In dozens of countries in the Ninja world, that guy, Gatō couldn't be exhausted.

"Can't it work for three months?" Kakuzu was silent for a while, and said viciously, "No one can take out money from my Kakuzu's hands. This is already my bottom line."

"..."

This did not take money from you!

It's just three years of tax reduction.

Xin looked at Kakuzu speechlessly, sighed, and said, "This is just a proposal. I will ask Cardo about it. After all, he understands business matters better."

"Okay." Kakuzu heard Uzumaki Xin's words, and he was relieved in his heart. He decided to talk to the fat man later and asked him what he thought of it.

Go with the knife...

"What about this one?"

"Ministry of Machinery Industry?" Kakuzu pointed to the other and asked, "Isn't this the same as the Ministry of Scientific Research?"

"Yes, the Machinery Department is indeed a part of the Scientific Research Department." Uzumaki Xin nodded and said, "Now the Scientific Research Department is no longer able to meet the daily scientific research of Uzumaki Country."

A big pot of machinery and biology!

In the short term, it's okay. As time goes by, there are more projects. If you don't subdivide, things will happen sooner or later.

After all, the current scientific research institutes in the country of the Uzumaki, no matter what you know or familiar with, as long as there are project researches, they are all swarming to join in the fun.

It happens that this time the scorpion parents are carried over, and it is time to subdivide the scientific research institutes. .

As for the scorpion parents who were not saved by then...

At most, he went to Hidden Sand Village to abduct the Sasori and train them.

"Now it's time to subdivide."

"Then... won't you make money?" Kakuzu squinted his chin and said, "Does this machine make money?"

After all, it costs money to re-establish scientific research bases!

If there is no benefit...

He just voted less. It is impossible not to vote. You must know that the scientific research institute is now a big money blocker in the country of the Uzumaki!

Basically, in the previous arms sales, the investment in the past few years has been recovered, and it has even been increased several hundred times. Especially the few scientific ninja swords have been sold at the price of national treasures.

He can still get a little bit of money, that is...

My heart hurts a little!

"Earning!" Uzumaki Xin squinted his eyes and raised the corners of his mouth, and said with a smile, "High and new technology make money."

If you don't make money, why should the world recruit so many technical talents?

As for when to make money...

Who knows what was invented?

What he cares about now is...
