Chapter 531: The Couple's Condition

"Qianluo."

The black long straight woman wearing a hospital gown suddenly opened her eyes, "I..." Then, holding her stomach in pain, muttered, "Is this hell?"

The woman looked at everything in front of her in confusion.

With a bed and a light, she still feel pain.

It's no different from the original world!

"Where is Qianluo?"

The woman painfully clutched her wound, looked around, with tears in her eyes, and said, "Qianluo, where are you?"

"Qianluo?"

A girl with pale yellow hair and a white medical white robe walked in, pushed her glasses, and said, "Is that red-haired young man?"

"Who are you?"

The woman said vigilantly when she saw the girl who suddenly opened the door and walked in, "Here..."

"Where is it again?"

"Is it the world of the dead?"

"I am your attending doctor, Pharmacist Nonō Yakushi." Nonō Yakushi pushed her glasses and said, "This is not the world of the dead, but the country of Uzumaki."

"As for your husband, he..."

"Where is he?" The woman said nervously when she heard Nonō Yakushi's words, "What's wrong with him?"

As for the world of the dead, it is still the country of Uzumaki...

She was ignored. She only wanted to see Qian Luo now, just to know how he was?

"Calm down first." Nonō Yakushi sighed after seeing the woman's nervous expression, "He is in the emergency room and he is not out of danger."

"And so..."

"You must be mentally prepared, although we will do our best to save him."

"Qianluo is still alive?" The woman was surprised, her eyes flushed and she said with tears, "Is he still alive?"

"You are alive, but you are not out of danger." Nonō Yakushi nodded and said, "Don't worry, trust the doctor. We will do our best."

"Are you still alive?" After the woman heard it, she was taken aback, with tears in her eyes and a smile, murmured, "Is Qianluo still alive?"

"..."

Nonō Yakushi sighed, didn't she understand what she was saying?

Although still alive, but...

Not out of danger!

Even if the effect of the life medicine in the Uzumaki Kingdom was very good, no matter how much life medicine was injected, Qian Luo would not be able to absorb it and was wasted.

It still hangs for too long, causing part of the body to start rejecting anything that is alive.

He is not alive now.

Nonō Yakushi opened her mouth, trying to persuade her to calm down, but thought of a woman who had lost her favorite husband, and sighed inwardly, "Just make her happy for a while."

"Doctor." The woman recovered, clutching her wound, stood up quickly, hesitated and said, "I..."

Can you meet him?

Chapter 532: Konoha's Condition

Because Sakumo Hatake's immoral behavior angered the village of Ninja, the new commander of Ninja Chiyo went crazy and attacked Konoha.

In the face of such a situation, Konoha Commander Orochimaru, can only bite the bullet and hold on, after all, he can't fail anyway.

Moreover, he firmly believe that this war will not last for too long. This kind of desperate style of play is bound to anger the high-level staff of Sand Ninja Village, so...

Perhaps after this war is over, the former White Fang will retire.

He can't learn from others and die!

Therefore, Konoha ninjas were immediately restrained in the face of Amegakure's attack, especially the poison of Amegakure Commander. It really made Konoha a headache. Now the medical camp is full of ninjas, and most of them are not chopped. But...

Poisoned!

At present, no one in their camp can solve the poison of that thousand generation commander.

"It's time to think of a solution." Orochimaru looked at the medical camp full of Konoha ninjas, sighed, and said, "If you can't find the antidote anymore, you will be in trouble."

This has been lying for more than half, and if the Chiyo continues to poison, Konoha is really going to be over!

At that time, as a commander, he was defeated. How could he say this too much in the campaign, otherwise others would be unhappy. "

You are racially black!

"Idiot." After Orochimaru said to Jiraiya lightly, he turned and left.

It seems that this idiot is unreliable, so...

During this time I have to be busy for a while.

He wonder if the antidote left by Tsunade is enough?

The poison of Hanzō of the Salamander is quite troublesome.

"Hey, what do you mean!" Jiraiya dissatisfied, said to the back of Orochimaru, "Who is an idiot, I am the toad immortal of Mount Myōboku!"

"Does the fairy know? It's just like the first generation adults back then."

Turning his head, he took a deep look at the direction where Tsunade could no longer be seen, then turned back to Orochimaru, and said, "I guess the old man can't beat me now."

"Moron."

Orochimaru's head is not twisted, her back is facing Jiraiya, the corners of her mouth are slightly raised, and she whispered, "What an idiot."

Chapter 533: Madara's Students

Uzumaki Country

"Sister Mikoto." Konan said, sitting next to Uchiha Mikoto with a dinner plate, "What about Grandpa Madara? Why haven't you seen him during this time?"

"Grandpa Madara is too old." Uchiha Mikoto raised her head and said gently, "So during this period of time, her health is not very good."

"That's it!" Konan was holding a spoon, frowning her cute brows and thinking, suddenly her eyes lit up and said, "Should we go to see Grandpa Madara after class?"

"Nagato, what do you think of Yahiko?"

"Will it interrupt Grandpa Madara's rest?" Yahiko thought for a while and said, "After all, people who are sick must take a rest."

"Yes." Konan nodded, pouting, and said, "If you go, it will be troublesome to disturb Grandpa Madara to rest."

And Nagato...

He didn't say anything, he still lowered his head and ate his own meal. It didn't matter whether he suggested it or not. In the end...

Konan will make his own decision.

Let's eat honestly by yourself.

And don't know why, is it the developmental period?

During this period of time, his chakra volume has increased a lot, and he has a very appetite every day. Originally, he only had to eat three bowls of rice, but now he wants to eat five bowls, which has almost doubled.

What a headache!

I don't know how much I will eat to be full when I reach adulthood?

"Are you going to see Grandpa Madara?" Mu Xinshi walked over with the dinner plate and said, "Please call me."

"And me." Kei Uchiha, who saw Mu Xinshi approaching, also walked over, glared at Mu Xinshi, and then said blankly, "No matter which aspect, we Uchiha clan are all It won't fall."

"..."

The frog team looked at the two enemies with a speechless expression. The Mu and Uchiha are really...

Do evil!

They didn't know why it was on the bar!

"Are you sure you want to go?" Konan frowned and said, "What if Grandpa Madara lets you run laps again?"

Grandpa Madara hates you very much!

"It doesn't matter!" Mu Xinshi said casually, "Senju...The Mu clan is not afraid of any challenges, and Grandpa Madara can't see us running or not when he is sick, just slip away at that time."

"Huh." Kei Uchiha snorted coldly and said, "The same goes for the Uchiha clan, but..."

"Our Uchiha clan will never resort to fraud, and we will definitely finish all of them."

"..."

This idiot.

Mu Xinshi looked at Uchiha Kei with a speechless expression. In this case...

They will not lose if they have a thousand hands! !

It's just that Grandpa Madara always makes them run dozens of laps, which is very tiring!

"In that case." Seeing these students care about Grandpa Madara so much, Uchiha Mikoto also showed a smile and said, "I'll take you with you after class."

Chapter 534: The Couple

"What's the matter?" The black long straight woman looked at the red-haired young man lying on the hospital bed suddenly frowning, and said anxiously, "Is it uncomfortable there?"

"Would you like to call the doctor over?"

During this period of time, she has recovered a lot and can be discharged from the hospital, but because Qianluo has just passed the dangerous period and is slowly recovering, so...

She stayed in the hospital to take care of Qian Luo.

But until now, all this in front of her still made her unable to believe it.

To know...

She had already thought about going to the Pure Land of Bliss with Qian Luo, but she didn't expect that in the end, both of them were still alive.

"It's okay." Qian Luo said in an apologetic tone when he heard his wife's worry, "Sorry, Xizi, I shouldn't have taken you to the battlefield at that time, otherwise you wouldn't..."

"No, I don't blame you." Xizi said gently with a smile on her face, "All this is up to me."

"And now..."

"Aren't we still alive?"

"Yes!" Qianluo was taken aback when hearing Xizi's words, and said with emotion, "We are still alive!"

"I don't know what's going on with Sasori, and Mom, the village must be very worried."

"It is estimated that they will never believe that we are still alive."

"It's just..." Qianluo frowned again and murmured, "Why does the Uzumaki Kingdom save us?"

What is the conspiracy?

As a ninja, he would not believe that Konoha's allies would rescue the enemy who was fighting Konoha.

What must the Uzumaki Kingdom want from them?

Although he is not afraid of Qianluo, Xizi...

He didn't want Xizi to die again! !

however...

Hearing what Qianluo said, Xizi was silent and opened her mouth, but she didn't know how to say it. Her face showed regret and determination. Finally, she took a deep breath and said seriously, "Qianluo, I have one I have to tell you something."

"What's the matter?" Qianluo looked at Xizi's expression and said differently, "Did something happen?"

"I...I..." Xizi looked at Qianluo's gaze, shook her head, and said with determination in her eyes, "I don't want to be a ninja anymore."

"This..." Qianluo was stunned when he heard Xiz's words, and then said with a smile on his face, "Then you are not a ninja anymore. When we return to Sand Ninja Village, we will resign with Master Kazekage."

"It happens that since the birth of Sasori, we have not been with him properly."

"When I resign, I must have a lot of time with Sasori, and I also promised Scorpio to teach him..."

However, Xizi hadn't waited for Qian Luo to finish.

"Qianluo, listen to me." Xizi interrupted Qianluo's words directly, watching Qianluo's eyes flushed unconsciously, and with tears, said, "I'm sorry, Qianluo, I..., I'm sorry. "

Chapter 535: True Feelings

Qianluo fell silent when she heard Xizi's words.

He now knows what Xizi meant, but...

I don't know how the Uzumaki Kingdom threatened Xizi.

Qianluo clutched the wound, raised the pillow, frowned and endured the pain, trying to sit up.

Seeing Qian Luo look like this, Xizi hurriedly supported him, but the tears in her eyes continued to fall.

Feel the tears dripping on my hand... he trembled...

While Xizi was supporting him, Qianluo quickly turned around, hugged Xizi tightly, and whispered, "I am sorry for you."

"Do not cry."

"When I was seen by the Sasori, I must think I bullied his mother."

"But I..." Xizi said with an eye in her eyes and choked up, "I...I promised the Uzumaki Kingdom..."

"I guessed it all." Qianluo patted Xizi on the back and said gently, "You don't need to tell me, I will personally ask the name of Uzumaki Country later."

"And also..."

"I'm sorry for you!"

"So..." Qianluo let go of her arms, looked at Xizi, and said seriously, "No matter what you want."

"I will promise you."

"I..." Seeing Qianluo's serious eyes, Xizi's heart trembled. Finally, she took a deep breath and said seriously, "I want to stay in the country of the Uzumaki."

"..."

Hear what Xizi said.

Qianluo was silent for a while, then, with a smile, said, "In this case, we will all stay in the country of the Uzumaki."

"Anyway, those people think we are dead, and believe that our mother will take care of the Sasori."

"And so..."

"I will accompany you to stay in the country of the Uzumaki."

"I..." Xizi was taken aback, tears fell again and again, and choked, "Thank you."

"I want to thank you." Qianluo held Xizi again, with a serious tone, said, "From this moment on, Qianluo and Xizi are gone."

He will accompany Xizi well next.

He don't know what the Uzumaki Kingdom wants them to do?

Qianluo's eyes were worried.

If it is harmful to Hidden Sand Village... In any case, he would not agree, and so... By the time...

He will beg Uzumaki to let go of Xizi. and he won't hurt Xizi again.

....

Chapter 536: Madara's Suspicion

"Master Madara, what's the matter with you?" White Zetsu looked at Master Ban who was lying on the rocking chair with confused eyes, and asked carefully, "Where is it uncomfortable? Do you want to see a doctor?"

Hearing the sound, Madara came back to his senses, glanced at White Zetsu, shook his head, and said faintly, "No need."

"And also..."

"Why don't you go to the nursery today?"

"No matter what, as a teacher, you can't be lazy, you have to know that this is wrong."

"No, White Zetsu is not lazy." White Zetsu shook his head quickly and said, "It's just a vacation today."

"Is that so?" He nodded his head and fell into silence again. After a while, he stared at White Zetsu and said blankly, "Never he..."

And at this moment...

"Ding Dong, Ding Dong!!"

Before Madara could finish speaking, the doorbell rang.

White Zetsu glanced at the doorbell, looked at Master Ban again and said, "What's the matter? Master Madara has any instructions?"

"No." Madara no longer looked at White Zetsu, turned back, and lay down on the chair again, and said blankly, "Go open the door!"

"Look at what those kids are doing here."

"Okay, Master Ban." White Zetsu quickly stood up, turned around, and his heart trembled. Master Madara's eyes just now...

It's scary!

And absolutely...

What the hell is it?

And Uchiha Madara, who turned his back to White Zetsu, narrowed his eyes, raised his mouth slightly, lying on the rocking chair, and whispered, "White Zetsu is a good boy!"

White Zetsu is all made of cells between the pillars, and for so long, after leaving the pillars and appearing from White Zetsu, he has been by your side to take care of him, so...

White Zetsu must be a good boy.

.....

"Mom, I'm back." A man with short hair and fangs opened the door with a smile and said, "Look at what I brought you?"

"Oh?" An old woman trembling on crutches, squinted and walked out, and said, "Jūzō Biwa is off work!"

"Eh." Jūzō Biwa hurriedly helped the old woman carefully, and said, "Just wait for me inside. I'm all very old, and my mother is still walking around."

"Haha." The old woman said cheerfully, "How is your work today?"

Jūzō Biwa heard the old woman's words and was silent for a while, and said, "It's good, we have serious work today, and the captain praised our team."

"That's good, that's good." The old woman showed a happy expression on her face, and then, looking at the Jūzō Biwa earnestly, said, "Don't be messing around, honestly carry out reform through labor."

"His Royal Highness Xin will forgive you then."

"Then..." The old woman said cheerfully with longing, "Take a wife and give birth to a fat grandson."

"I can be grandma."

"Have you heard." The old woman grabbed the crutches, raised it to the Jūzō Biwa, and said, "Don't let me down!"

"Or else..."

"I won't live anymore."

"It's all up to you." Jūzō Biwa reluctantly said, "Today the team will reward a piece of barbecued pork. I will get it out later. Let's try it."

Marry a wife and have children...

Jūzō Biwa don't know if he can find a wife like this!

Jūzō Biwa showed guilt in his eyes, sighed, and murmured, "I don't know what happened to Hidden Mist Village?"

Chapter 537: Near End of Plan

The best way for the mist ninjas to integrate into the country of Uzumaki is to let these ninjas set up a family in the country of Uzumaki, either by acknowledging a father, a mother, or...

Get married and have children.

This is also due to the fact that Ninja Village has no concept of a country. After all, most ninjas wandered around when Ninja Village was not established, and family...

It is what they desire most in their hearts.

It is estimated that those Kage did not expect that the Ninja Village system created in order to end the family-style war would eventually become a state-style war, but...

All the benefits belong to Shinobi Village.

As for the country...

So he can only shout 666 behind him.

Regardless of the daimyo, it seems that the village chief has the right to decide, but...

As long as it is the list proposed by the village, the daimyo will basically agree, after all, if he does not agree, there may be a few unknown ninjas around him.

Look at the anime that Asma secretly becomes the guardian of the twelve ninjas.

Wasn't it because Hema thought that the shadow was unnecessary, and that the real power of the ninja should be in the hands of the fire country daimyo?

Therefore, it is no surprise that the group of ninjas who did not agree with Ninja Village died in the end, and the daimyo started to persuade him, and he had to ask Konoha if he could re-establish the guardian twelve ninjas.

"Ninja World clearly had hope of unity, but was given up by the pillar."

Uzumaki Xin shook his head helplessly and said, "It's a pity."

After all, these ninjas did not have a national concept from the early stage to the later stage. In this period, I want to integrate these ninjas into a big family. Don't say it is too simple. Just look at the group of people who sacrificed for Konoha...

The Senju Clan and Uchiha Clan are both good families!

Ninja Village was founded less than a hundred years ago, and a group of silly...beloved ninjas cut down the whole family for the sake of harmony in Ninja Village!

"I think I've been here for more than two years, the Mist Shinobi should be almost accustomed to life in the Uzumaki country."

Uzumaki Xin squinted his eyes and muttered, "It's time to let the revolutionary fighter, Fuguki Suikazan, close the net."

Chapter 538: Fuguki Suikazan Dying in Envy

"Sorry." Jūzō Biwa looked at the watermelon mountain puffer fish with an angry look in front of him, and said, "Finally, I..."

In the end, he still betrayed his own Village.

After get off work today, Jūzō Biwa, who originally planned to go home to cook with two fishes, did not expect that Fuguki Suikazan would come to him, so he could only follow him to the rooftop where they used to live.

The roof of the dormitory of the labor camp.

Now most of Mist Shinobi have begun to join the Uzumaki Kingdom, and of course, there are some who dare not nod easily because of the family members in Hidden Mist Village.

After all, if they become Wondering Ninja, their family will definitely be taken by the village...

Therefore, they still dare not betray the village!

Not long ago, Uzumaki began to relax these changes and joined the Uzumaki Kingdom's Uzumaki Operation, but they still need to go to the work place to carry out labor reform every morning.

However, Jūzō Biwa knows...

These will not last long. After all these years, he also understands the true purpose of the Uzumaki Kingdom...

The country of Uzumaki.

He want to use them for their own use.

Therefore, the result can be imagined. Under the humanized management and a non-discriminatory and harmonious living environment, these misty ninjas have gradually integrated into the country of the Uzumaki over the years.

But there are still some Mist Shinobi still persisting.

Among them is this misty village hero in front of me...

Fuguki Suikazan!

He has not given up the idea of going back to the village.

For these ninjas who did not obey because they had family members in the village or other reasons, Uzumaki did not release them, and still let them live in labor camps.

"You traitor." Fuguki Suikazan waited for the Jūzō Biwa with an angry face and said with tears, "Why, why?"

"You tell me why you want to give up."

He thought you would be the last one to give up. I didn't expect...

Actually earlier than me, and also recognized a mother?

Thought of here...

Fuguki Suikazan is full of liver aches, and the group of Mist Shinobi who joined the country of the Uzumaki are gradually getting paid, and a few have even started a family.

It is really...

Make him envious!

Obviously he was the first, why was this result in the end?

Chapter 539: Great Misunderstanding

"Where is Mist Village sorry for you?"

Fuguki Suikazan said with tears and pleading, "Obviously we all agreed to go back to the village together."

Why did you live a happy life?

He heard that you have made some money and are going to renovate your godmother's dilapidated house.

He... Fuguki Suikazan also wants to live such a life!

But he was helpless if the organization did not give it to him.

After all, there are a few ninjas who are still hesitating because there are ninjas in the village.

The mission of Fuguki Suikazan has not been completed yet!

"I..." Jūzō Biwa opened his mouth, and finally, silently, said, "I'm sorry."

After all, he gave up first, so as a man, Jūzō Biwa was disdainful to explain.

He was sorry for Fuguki Suikazan.

"..."

Fuguki Suikazan fell silent for a while, and finally seemed to exhaust all of his strength, and sighed deeply.

"You go," He said in a low tone, "But..."

"I won't give up."

Walked to Jūzō Biwa, patted Jūzō Biwa on the shoulder, and smiled at him, "Finally..."

"Wish you..."

"Happy."

After knowing the truth of the matter, don't cut me off, Fuguki Suikazan... Time to perform the next task.

A group of betrayed relatives, Fuguki Suikazan shaking their heads and left.

"Fuguki Suikazan..." Jūzō Biwa looked at the lonely back of Fuguki Suikazan, with tears in his eyes, and whispered, "Thank you..."

Sure enough, he is a good person, and has been holding back thinking about these mists for them.

Jūzō Biwa understands why Fuguki Suikazan is looking for him.

On the one hand, they refused to surrender to Shinobi for the moral and righteousness of their hearts. On the other hand, they did not want these surrendered Mist Shinobi to be condemned by their conscience, so...

This time, Fuguki Suikazan came to him to let him tell the other Mist Shinobi that if he escaped, he would not tell Master Mizukage, so that these traitors could survive in the Uzumaki Kingdom with peace of mind.

Fuguki Suikazan is a good person!

Jūzō Biwa wiped his tears, looked at the disappearing sun, and muttered, "It's getting dark, and my mother should be very worried now."

Time to go home and cook.

"If..." With a trace of longing, he looked at the same fish in his hand and said in confusion, "It would be great if the Mist Village can be the same as the Uzumaki Kingdom."

Civilians and ninjas can live in peace without separation.

It's here...

He really felt that the ninja is not just a tool, but...

People, a living person.

Chapter 540: Fuguki Suikazan Escape

Late Summer.

Mist Shinobi Fuguki Suikazan attacked the Uzumaki Country Uzumaki and fled the Uzumaki Country.

Although the Uzumaki ninjas sent troops to hunt down, but...

But they don't know what the situation is.

Fuguki Suikazan actually unlocked the Chakra seal of the Uzumaki Kingdom, and dived away, therefore, the Uzumaki ninjas have not caught anyone until now.

"His Royal Highness." Jūzō Biwa knelt on his knees, his forequarters fell on the ground, and said, "I..."

"What's the matter?" Uzumaki Xin sighed and said, sitting on the office chair, "Get up and talk about it."

"I..." Jūzō Biwa raised his head and said sincerely, "I hope you can let go of those mists, they..."

"Impossible." Uzumaki Xin shook his head and shouted sternly, "I don't have any hope for these stubborn Mist Shinobi."

"If you continue to let it go, maybe you will become the second Fuguki Suikazan."

Uzumaki Xin's eyes condensed, staring at the Jūzō Biwa, and said lightly, "You know, the more than 400,000 people in Uzumaki Kingdom can't stand the joint invasion of the Five Great Ninja Villages now."

"I..." Jūzō Biwa opened his mouth, and finally sighed and said, "I will persuade them."

He didn't expect...

Fuguki Suikazan watched him yesterday, and ran away that night. Indeed, there are too many secrets in Uzumaki Kingdom, which cannot be known by other Shinobi villages, otherwise...

It will be over for sure.

Fuguki Suikazan has never given up!

What about him?

But like a coward, he chose to return to the country of Uzumaki.

"They are also helpless." Jūzō Biwa said, "So please give me a chance."

"If, in the end I can't..."

"I will personally save their lives."

Just let him...

Let's do one last thing for the morality of Fuguki Suikazan.

"..."

Uzumaki Xin looked at Jūzō Biwa silently, he was indeed a man!

Actually thinking of using this batch of Mist Shinobi's lives to preserve the lives of those who have obeyed the country of the Uzumaki, and by the way fulfill the morality of Fuguki Suikazan.

Just... He wants it all!

"In that case." Uzumaki Xin nodded and said faintly, "I'll give you three more days."

"If three days later..."

A sharp look...

"The country of the Uzumaki will shoot directly."

If you want to come for three days, it should be enough for the fat man to act.

Uzumaki Kingdom will finally give them hope again in their despair.
