Chapter 541: End of War

Late summer to early autumn.

Sand Ninja Village announced its unconditional surrender. At the same time, the long-term stalemate between Hidden Rain Village and Hidden Sand Ninja Village caused the anti-war sentiment in the village to become more intense, and the war was stopped.

They all know...

The war should be over.

Therefore, in order to make up for the damage caused by the war, the three big Ninja villages once again gathered their eyes to Hidden Rain village.

They know. at this time, if the war is not ended, someone will help them to end the war.

Therefore, Hanzo had something in his heart that he didn't know if it should be said improperly.

At last...

It became what it is now.

but...

"It's over after all." Hanzo looked at the documents handed up below, with a wry smile on his face, and murmured helplessly, " Hidden Raind Village..."

Still failed.

He knew that even if it continued like this, Hidden Rain Village could not become the sixth largest Shinobi Village.

It is not because of the union of the three big Ninja villages that Hidden Rain village has no chance.

But... Hidden Rain sacrificed too much.

Now there is no strength to wrestle with the Three Ninja Villages.

Sure enough, the Five Great Ninja Villages are the Five Great Ninja Villages after all.

The gap between Hidden Rain Village and them is too big.

But at this point, Hidden Rain Village will not perish because the war is coming to an end.

No ninja wants to let the war go on anymore.

Just now...

The Five Ninja Villages still owe a step...

A step to end the war.

...

Hidden Mist village.

"Master Mizukage." Fuguki Suikazan looked down at Master Muzkage in front of him, with tears in his eyes, and said, "I finally found the organization."

After staying in the sea for so long, if the seal on her body hadn't been unlocked and the chakra could be extracted, it might have been feeding the sharks in the sea.

Fortunately... he still completed the order and returned.

"You..." Third Mizukage sighed while looking at Fuguki Suikazan, "It's the village I am sorry for you!"

They had originally given up in Hidden Mist Village, as long as the Shinobi was recycled, but they didn't expect...

This Fuguki Suikazant unexpectedly returned.

And look at him like this...

He should have suffered a lot!

They all announced that those ninjas had been brutally killed by Uzumaki Kingdom, and they all set up monuments for them!

Although the Legendary sword contract indicated that they might still be alive, after all, it is not clear what the effect of the Uzumaki country's seal is, but...

For the reputation of the village, they can only die!

After all., once the village has no money to redeem them, once it is exposed, the village's reputation will drop, especially the position of Mizukage.

It will definitely be forcibly removed.

"Where are the others?" Mizukage frowned and looked at Fuguki Suikazan, and said, "Why are you alone?"

"They..." Fuguki Suikazan said with grief, "They all betrayed the village."

Chapter 542: Juzo Scam all his Comrade

The country of Uzumaki.

"You traitor." A Mist Shinobi looked at the Jūzō Biwa standing in front of him with an angry look, and said, "Do you do this worthy of Master Fuguki Suikazan?"

Captain Fuguki Suikazan, he...

He have never forgotten to return to Shinobi Village! !

But Captain Jūzō Biwa betrayed the village early!

What a shame!

He has become the ninja he hates most back then.

Jūzō Biwa glared at him at the sight of the surrounding Mist Shinobi, still there was no other expression on his face, and said faintly, "I know what you are thinking."

"You thought that Fuguki Suikazan returned to the village, and he would definitely bring Lord Mizukage to rescue you."

"But..."

"Don't forget." With a wry smile on his face, Jūzō Biwa shook his head and said helplessly, "We have been here for three years..."

"Three years!!"

"They haven't come to rescue us for so long."

"In the village..."

"Abandoned us long ago."

Hearing Jūzō Biwa's words, the Mist Ninjas were silent for a while, and they didn't know it, but...

If they become Rebellion, Hidden Mist Village will definitely know, and then their family will...

This is also the reason why they have been unwilling to submit.

"I know you also have difficulties." Seeing them like this, Jūzō Biwa sighed and said, "When Fuguki Suikazan was leaving, he found me."

"He will uphold his inner benevolence and conceal our news."

"And so..."

"You are all dead in Mist Village." Jūzō Biwa shouted, "Dead like a hero."

"I believe Fuguki Suikazan will not betray us."

"I have always believed in him." Jūzō Biwa said with determination and seriousness, "I believe you must be the same as me..."

"Believe him all the time."

"So don't worry."

"You are already dead. I believe that in the name of heroes, your family can get subsidies from the village and let them live a good life."

Jūzō Biwa sighed, and said, "Now give up, the country of the vortex can no longer let you continue like this."

Then, with a sharp look, he looked at them coldly.

"If you don't give up, I will take your lives with my own hands."

"Because..."

"Fuguki Suikazan sacrificed too much for us."

"I will never let his morality be insulted in any way!!"

Chapter 543: Test for Fuguki Suikazan

End of the Year

The war has also come to an end.

Because Hidden Mist Village did not participate in this Ninja World War, there have been no other changes in the past few years except for the tense atmosphere in the village.

But there is an unusual atmosphere in the village tonight...

"Captain Fuguki Suikazann." A Mist Shinobi looked at Fuguki Suikazan and said respectfully, "Master Mizukage said that you will arrange all the next actions."

It can be said...

When Fuguki Suikazan endured the temptation of the Uzumaki Country and returned to the Hidden Mist Village after all the hardships, it set an example for all ninjas.

A benchmark ninja of loyalty and justice.

Thinking about the harsh environment, he didn't even think about betraying the Hidden Mist Village, but chose to cross the sea, endure the cold and helplessness and return to the village.

What a love village this is!

Master Shui Ying immediately made Fuguki Suikazan a role model for Hidden Mist Village, and asked all ninjas to learn from him.

Simultaneously...

For those traitors who were not firm in their will, had no tolerance in their hearts, and had no country, they severely criticized all afternoon.

According to the practice of Ninja...

The traitor must die!

Or the kind that died horribly, no matter what kind of traitor you are, as long as you are a traitor, follow the practice of Ninja World.

Ninja Village was removed from the village, wanted in the Ninja world, but the clan was hurt, and the whole clan accompany him to the pure land of bliss to reunite.

This kind of betrayal immediately joins other countries, needless to say...

Today the entire Ninja Village fell into a weird silence.

It seems that everyone knows something is about to happen.

"Is this really going to be the case?" Fuguki Suikazan sighed and said, "Those betrayal ninjas are also forced to be helpless."

"Captain Fuguki Suikazan." Mist Anbu said faintly, "A traitor is a traitor."

Although he felt that Lord Mizukage's decision was very cruel, but...

The traitor is in the country of Uzumaki, and his family is in the Mist Village.

Will Hidden Mist Village still believe them at that time?

And the decision tonight...

Why don't you want to prove the innocence of Fuguki Suikazan?

After all, everyone else betrayed, but only you sneaked back.

There are still some people at the top of Hidden Mist Village who will not easily believe it.

Chapter 544: Family of Traitors

"Mom, why did those ninjas bring us here?" A little girl raised her head, looked at her mother and asked, "Is there any news from Dad?"

"En." Mom nodded, although there was a smile on her face, but there was a trace of worry in her eyes, she whispered, "Don't be afraid, Kyoko."

As a ninja from the Hidden Mist Village, although she has become a housewife and has retired from the ninja world, she can still hear some wind noises.

Even some people not only complain about their relatives in their hearts, why should he betrayed, why should he send back news?

If not, they are still family members of the hero!

Although a few years ago, the village, the family of the heroes, had not yet given them subsidies, but they understood...

After all, the village has no money!

But now, why does their beloved Shinobi treat them like this?

Obviously they don't know anything.

Suddenly, not only did he resent Ninja Village in her heart.

And at this moment.

"Crack."

The dilapidated wooden house was opened.

A fat man with orange hair came in.

Everyone calmed down and looked at the fat man who walked in with the knife with a look of fear, and hugged their children tightly.

The village really wants to abandon them and give all the traitors a warning.

Not only did the heart become sad.

They love this village so much, but now they are treated like this by Shinobi Village.

This is... why?

Fuguki Suikazan who walked in spit disdainfully at the wooden door and murmured, "This broken house."

Even the labor camps in the country of Uzumaki are inferior.

At least where they live in Uzumaki, there are electricity, lights, fireplaces, and the floor is covered with exquisite tiles.

Mist Village...

As one of the five ninja villages, most of the people who can live in the dirt house are ninjas or high-levels, but their doors are still wooden doors.

It's incomparable with the architecture of Uzumaki Kingdom!

Fuguki Suikazan raised his head and looked at the people in front of him who were staring at him with fear, and sighed helplessly. Sure enough, they all guessed something in their hearts, but this is understandable, after all...

No Ninja village wants their ninja to become a traitor.

But that's okay, they should be grateful to the country of the Uzumaki at that time.

Thought of here...

Fuguki Suikazan was agitated in his heart. He was finally about to complete the task, join the country of the Uzumaki, marry rich woman, and embark on the pinnacle of his life.

Carefully took out a handful of weird-shaped kunai from his arms.

Chapter 545: Weird Camp

Uzumaki Kingdom

Night

Labor camp

Mist Shinobi looked calmly at the Jūzō Biwa, who was holding the ninja sword, and knew that...

They should make a choice.

For the family of Hidden Mist Village, they will not betray. Although Loquat Juzo said that Captain Fuguki Suikazan would not report them to Shinobi Village, how long can they be busy?

So they dare not try.

And when they became a ninja, they were already ready to sacrifice, but...

Unexpectedly, he finally died in the hands of his captain.

They knew that the Jūzō Biwadid this to perfect them. After all, if they died, as long as they passed back to the village, they would definitely become heroes. On the other hand...

In order to fulfill the loyalty and justice of Captain Fuguki Suikazan.

Captain Fuguki Suikazan, he...

Be a hero! !

"Captain Juzo, you can do it." Jinpachi Munashi looked at Jūzō Biwa calmly, and said, "We won't blame you."

They... He really dare not betray!

"Oh!" Jūzō Biwa glanced at the Shinobi in his hand, sighed, and then raised his head to look at the calm Mist Shinobi in front of him, and said helplessly, "Sorry, for the country of Uzumaki, for Fuguki Suikazan, I..."

"Have to do this."

"And so..."

"If you want to resent, then resent me..."

"Bring you to the incompetent captain of Uzumaki Kingdom!"

"Now..." Jūzō Biwa's eyes condensed, and he raised the Shinobi, and said coldly, "Go..."

However, the words are not finished yet...

"Crack."

The door of the labor camp was suddenly opened.

Who is coming?

Just when Mist Shinobi looked at the door with a strange expression...

"Father!!"

A voice broke the weird atmosphere of the labor camp.

Chapter 546: Sannin

Hidden Rain Village

It was still raining as usual.

"Really deserves to be the strongest Shinobi Village." Hanzo had a wild smile on his face, looking at the three ninjas who were so tired that they were helping each other...

"I am the leader of Hidden Rain Village."

"Ninja demigod."

"I recognize you." Hanzo stood on top of his psychic beast, a Giant Black Salamander

Feeling the familiar light rain in the country of rain...

The rain seems to be getting heavier today.

Feeling the cold light rain, Hanzo sighed inwardly...

It's over after all.

He obviously paid out so much money, bought so many cutting tools, called so many civilians, and finally...

Still failed.

he knows right now, there is no other chance.

If this stalemate continues, Hidden Rain Village will suffer even more severe losses.

As the leader of Hidden Rain Village, he must make a decision...

Hanzo clasped his hands tightly, signaling his uneasy heart, looked at the Konoha ninja in front of him, and finally...

He sighed in my heart...

"I'm Hanzō of the Salamander, the leader of Hidden Rain Village, and I'm known as the Demigod of Ninja World..."

"From now on..."

"I give you title..."

"Konoha Sannin!!"

Hanzo looked at them...

"Live with the title I gave you."

Although he had given up, he would definitely not show weakness as Hanzo.

This title...

Konoha Sannin...

You will carry it on forever...

.....

The five-year war ended.

Konoha's Ninja...

Jiraiya, Tsunade, Ochimaru fought against the Ninja demigod for three days and three nights without being weak, and was recognized by the Ninja demigod and was called Konoha Sannin.

Perhaps this title makes Konoha and the ninjas of the entire ninja world admire and admire, but for Jiraiya, it is a shame, after all...

This is the title given to them by their enemies.

If they can't defeat Hanzo in the future, this Sannin is for them...

Is to bear the shame!

Chapter 547: Fuguki Suikazan's Request

Uzumaki Kingdom

"I didn't expect so many advanced weapons." Uzumaki Xin looked at today's Shinobi, shook his head, and said helplessly, "This is the end in the end."

The Uzumaki Kingdom is still too little involved.

Thinking of this, the corner of Uzumaki Xin's mouth rose slightly, and he muttered, "I don't know, how long this peace will last?"

The Five Ninja Villages!

he wonder what will happen to the Uzumaki Kingdom next time?

Uzumaki Xin showed a worried look in his eyes, sighed, and said, "We still need to vigorously develop technology!"

Only technology can make Uzumaki Country's comprehensive national strength catch up with the Five Ninja Villages.

Is the development of science and technology easier said than done?

"This..." Uzumaki Xin frowned and murmured, "It's time to talk to him."

Just when Uzumaki Xin was meditating...

"Boom boom"

The office door was knocked.

"Come in." Xin said faintly, he had already sensed it when someone approached the office.

Fuguki Suikazan

What is he doing here?

Are you not satisfied with the rewards of the Uzumaki Kingdom?

"What's the matter?" Uzumaki Xin looked at the tangled Fuguki Suikazan in front of him with a smile on his face, and said, "Aren't you supposed to go to work now?"

In the end, in order not to chill the hero, Uzumaki Xin sent him to the fishing brigade to become a captain. Isn't he dissatisfied with this position?

Does he want to be a minister?

Thinking of this, Uzumaki Xin frowned, looked at Fuguki Suikazan, and said, "If there is any dissatisfaction, just say it."

Anyway...

He won't agree, this traitor is really worrying!

"That..." Fuguki Suikazan was embarrassed, he really didn't know how to say it!

after all...

All this was requested by him, and the reward promised by Uzumaki Kingdom was also fulfilled, but in the end he wanted to go back. Does the daimyo of Uzumaki Kingdom feel that he is unreasonable to make trouble?

But thinking of the group of people who were so grateful to him and even admired him, Fuguki Suikazan suddenly showed a firm look, and said, "Can I give those rewards?"

He is still scared!

"??"

When Uzumaki Xin heard what Fuguki Suikazan said, he suddenly looked puzzled, looked at him and asked, "What are you talking about?"

"No more?"

What do you mean?

Don't think the reward is enough, so don't?

Is it another reason?

"Why?" Xin said with a frown, "If you are dissatisfied with my decision, you can just say it."

"The country of Uzumaki is a free and harmonious country, and will not blame you for your speech."

"No, no..." Fuguki Suikazan shook his head quickly when he heard Uzumaki Xin's words, "I'm not dissatisfied, I just don't want it."

But Uzumaki Xin had nothing, looking at him deeply, as if waiting for his explanation.

"Those Mist Shinobi are now..." Fuguki Suikazan said embarrassedly, "I'm worried that if they knew what I was doing, they would..."

Hack me! !

Xin nodded suddenly, it turned out to be the reason!

Indeed...

Some time ago, because they secretly brought people back, the group of mist endures was really shocked, especially when they saw their family members in the country of Uzumaki, it was even more incredible.

Chapter 548: Future Plan

Konoha Village

The war ended suddenly, which is really unaccustomed.

After all, at that time

Very busy, the whole person didn't dare to think about it, suddenly when I was idle, I felt a kind of emptiness.

Looking at the tombstone in front of me, she still came with Duan last time to send off the people, but she did not expect that now

Tsunade's heart wrestled, she was in this war

Lost too much, too much.

Clansmen, younger brothers, fathers, lovers, and grandma who have grown old.

Tsunade didn't know why this happened, but she was already at a loss, the sacrificed ninjas in front of her

What is it for?

"Only fools can become Hokage!" Tsunade sighed, tears fell unconsciously, and murmured, "What a bunch of fools!"

Her grandfather was Hokage, who died for the village, and her second grandfather was Hokage, who died for the village, but

The clansman, father, and younger brother are not!

But still died for the village.

"Yes!" Jiraiya also glanced at Tsunade who was weeping, and said with emotion, "It's all a bunch of idiots." After a while, a hippie smile appeared on his face again, "So, Orochimaru is also a Fool!!"

When others can't see, the dimness in the eyes flashes by.

He already knows

He couldn't replace the deepest man in Tsunade's heart anymore.

"Idiot." Orochimaru ignored Jiraiya, and said lightly.

Tsunade wiped her tears, glanced at Jiraiya, and asked, "What about you? What are you going to do next?"

Her friend

Always look cheerful, however, Tsunade knows that although he is lustful, has no ability, and is lazy,

His sadness is no less than that of them.

"The war is over." Jiraiya muttered, looking at the setting sun, "It's finally over."

Then, the corners of his mouth rose slightly.

"I will continue to practice."

"Back to Mount Myōboku?" Tsunade asked, "and your fairy model."

"It's stupid."

"It looks like a big nose."

"How to speak it." Jiraiya said dissatisfied, "Know that he is a fairy with the same money as the original adult!"

"What does this mean?"

"It shows that although my current strength is not as good as the first generation adult, it is almost the same."

Tsunade and Orochimaru rolled their eyes when they heard Jiraiya's words. After so many years, they are my friend.

The habit of bragging hasn't changed yet.

Chapter 549: Own Plan

"I won't return to Mount Myōboku this time." Jiraiya said with a confident smile on his face, "Master Fukasaku has said that it has nothing to teach me."

"Let me be a teacher."

"This time I will travel in the Ninja World." Jiraiya looked at the tombstone draped in gold by the gentle sunset, and said, "Maybe I can meet somewhere that can change this world."

"Where is the person who brings true peace to the Ninja World?"

"It's boring." Orochimaru said disdainfully, "It's really fine to find something to do."

"Perhaps." Jiraiya also ignored the ridicule of his good friend, with a smile on his face, said, "But I believe that I will be able to meet it."

Encounter that, to this sad world, bring a truly bright son of destiny. such there will be no more wars in the ninja world.

Originally, he thought he would be able to harvest in the country of rain this time!

He did not expect, he didn't encounter anything.

"How about you Orochimaru?" Jiraiya asked curiously, "Don't you plan to find future generations to inherit your Ninjutsu?"

"No." Oshemaru shook his head, a bitter smile flashed from the corner of his mouth, and said lightly, "My wish now is to learn all the techniques."

As for the apprentice

It's better to be alone! !

Both Jiraiya and Tsunade shook their heads helplessly. Human life is not eternal, and it is impossible to learn all the techniques.

It seems that my friend has not yet come out of the death of the Nawaki.

"Right." Tsunade looked at Jiraiya and asked, "Where are you going this time?"

"Where are you going?" Jiraiya also scratched his head, pondered for a moment, as if thinking of something, suddenly his eyes lit up and said, "The Uzumaki Kingdom."

"I decided to go to the Uzumaki Kingdom. Now the Ninja world is spreading the goodness of Uzumaki Kingdom."

Moreover, Konoha got into trouble in the early stage of this war. It can be said that there is a certain reason that Uzumaki is not keeping promises.

"I want to see what's so surprising there."

By the way

Look at the youngest Kage.

Uzumaki Kingdom

"Qianluo, how are you feeling?" Xin helped Qianluo and asked worriedly, "The doctor said, you need to review it every once in a while."

They were discharged from the hospital some time ago.

They lived in the dormitory allocated by Uzumaki Country. Although the dormitory had only one room, one living room and one toilet, it was much more comfortable than the ten-a-mu house where they lived in Ninja Village.

Fantastic electric lights, chakra stoves, exquisite transparent windows

These are things they haven't seen before.

"Don't worry." Qianluo looked at his wife and said softly, "I'm fine, as long as I have more rest."

Chapter 550: Uzumaki Future Plan

Looking at the bustling scene around

Qian Luo couldn't believe it in his heart, this was actually the poor place where the Ninja World was spread before?

"Here" Qian Luo said emotionally, "It's incredible!"

Unexpectedly, there is such a paradise in Ninja World.

Therefore, his heart is very eager to see what it is like here.

"Qianluo" Xizi opened her mouth when she heard Qian Luo's emotion, and said, "I"

"It's okay." Qian Luo said with a smile, "I don't mean anything else."

"It's really nice here."

Although he don't know what the Uzumaki Kingdom did to catch them here, but

They are indeed no longer suitable for going back to Hidden Sand Village.

Some time ago, he watched the Shinobi of Uzumaki Country

The mother, because of her own death, has already made Shinobi village dissatisfied. If she reappears at this time, she will definitely cause more trouble to his mother.

Qianluo and Xizi are already dead.

Just, feel sorry to Sasori and his mother.

"Walk around." Qian Luo said with a smile, "Look at why the Uzumaki Kingdom is so special?"

"En." Hearing Qian Luo's words, Xizi also showed a smile on her face, nodded, and said, "Listen to you."

"The new population this year has reached 11,000." Xini turned the memo and said, "It has increased by 30% compared to previous years."

"At the same time, the patriarch also reported it yesterday, because there are many new students, the college must be expanded again, and new teachers need to be recruited."

"It's still not enough!" Uzumaki Xin rubbed his forehead and said with emotion, "A few thousand or ten thousand are added every year. How long will it take to wait for the country of Uzumaki to gather a million people!"

With such a small number of people, how could it be possible to make the country of Uzumaki a big country?

To know

With a population of one million, it is estimated that it is not as large as the population of a secondary city in the previous life!

"As for the college's words." Xin frowned, thought for a moment, and said, "The rest is okay, it's the teacher's words."

The country of Uzumaki is lacking!

Especially the physical ninja

Should he go to the college to be a teacher?

You can think about it, but it's probably impossible. You must know that they are now model police officers in the Uzumaki Kingdom!

It was just so good that it seemed not so good to ask someone to change jobs suddenly.

Boss Madara

He is a bit old again, and if he is asked to work overtime as a substitute, it doesn't seem to be very humane!

After all, he has been nurtured by thousands of years of civilization, and he has never forgotten the traditional virtues such as respecting the old and loving the young.

"Let the teachers in the college work harder." Uzumaki Xin said with emotion, "Divert the courses and allocate them properly. After a while, I will see if we can recruit high-quality teachers."

Children's education still cannot be left behind!
