The Treasured Tools of the Sage of Six Path are set of powerful tools said to have once been wielded by the Sage of Six Path himself.

They are considered the most powerful Ninja tools, and it is said those who demonstrate their power surpass even the Five Kage.

However, their usage consumes an enormous amount of Chakra, so much so that a normal human could die if they use them.

Isobu's eyebrows can't help but to straighten up hearing this.

"Space-Time Ninjutsu consume a lot?"

"Not really but what we going to do is to open a space and create a hidden room for you to stay, it will take huge amount of Chakra."

"Kid, I don't think witht ht amount of Chakra you have and mine combine right now is not enough to sue for your Space-Time Ninjutsu."

Isobu then low his head and start to rest." But to make it safe, I will going to recover my missing chakra, dont worry, it will take your for me to recover."
