

Uzumaki 561

Chapter 561: Jiraiya, The Country Bumpkin

"Hey." Jiraiya also glanced at his wallet, sighed, and murmured, "Ninja World..."

How did it become so fast?

He didn't just fought a battle, why did Uzumaki Kingdom become different from what Tsunade said?

If every country is the same as Uzumaki Country, wouldn't the dream of stepping through the Ninja Realm be broken? ?

After all, he dont have Money!

"It seems that I still have to stick to my childhood dream!" Jiraiya murmured helplessly, "It's just now..."

Let's apply for one pet and one certificate for Toad Loyalty first.

Unexpectedly, all the psychic beasts in the vortex country need to be certified.

He doesn't dare to bring Toad Loyalty and Psychic out now, or he will be punished again, tonight...

You have to sleep on the street.

"I'm Konoha Sannin, toad immortal, the dream lover of thousands of girls in the Ninja world." Jiraiya also shook his hard white hair and murmured, "How can I sleep on the street?"

The price is too low, he better get all the documents quickly, and then look for inspiration.

Where Uzumaki Kingdom collects materials, he don't know where it is?

"Bus stop?" Jiraiya walked to a small pavilion on the side of the road and murmured, "It should be here, right."

According to their introduction, as long as you take the No. 1 bus, and count from here, the third stop is the pet hospital.

There he can give Toad Loyal a certificate.

Wait a while...

Jiraiya also saw the iron box slowly approaching, with a big 1 written on it, and he knew that this was the bus he was going to take.

With curiosity, he lined up with the others and slowly got on the bus.

"Cutting tool?" Jiraiya also curiously looked at the rows of chairs inside and muttered, "It's really interesting!"

Tsunade never told him that there is such a thing in Uzumaki country!

One stop, two stop, three stop.

"Here." Jiraiya also said silently, and followed the person who got off the car and walked down.

"Here..."

Looking at the affiliated college of Uzumaki Kingdom in front of him, he suddenly looked dumbfounded.

Where is it?

Don't you just tell the station you can see it?

Why didn't he see the Immortal Toad?

Could it be, the pet hospital in Uzumaki Country is called academy? ?

Jiraiya also looked at the Uzumaki Country Affiliated College in front of him with suspicion, and then, "This old man, where is the pet hospital?"

He cheerfully faced a man in his 50s and 60s next to him, and said, "Why is there no such thing here? see?"

"Isn't it just three stops?"

The old man pointed to the opposite station, looked at the white-haired young man with a frown, sighed, and said, "Take the bus over there, and you will be there in six stops."

"You think you are sitting upside down?"

Young people now!

Don't you see the bus stop sign?

Then, he shook his head as he walked, and muttered, "You can't even read the stop sign at a young age."

Jiraiya also looked dumbfounded.

He... Immortal Toad actually took the wrong buss?

Chapter 562: Jiraiya's First Target

"That's it." Jiraiya looked up at the Uzumaki Country Pet Hospital in front of him, and said with emotion, "I didn't expect my Toad Immortal to ride in a car for the first time, and I was actually sitting upside down."

This country of vortex is really...

Can't the stop sign be written larger?

Otherwise, how could he get lost after visiting the Ninja World for so many years?

"Just, Pet Hospital?"

Jiraiya looked at these four words and suddenly had liver pain. He had never seen this kind of hospital in Ninja!

Returned to the psychic beast...

It is estimated that the Ninja World is the only country of Uzumaki.

How should the process go? Do I need a passport to enter? If you mess around at will, will you be fined?

To know, If this goes on, the fairy will have no money!

After thinking about it, Ji Lai decided to find someone to ask.

Why was he caught? Wasn't he discovered because he drove through a red light, he drove without a license?

Don't wander around now.

Jiraiya also looked around, wondering who to ask. When he saw a little red-haired kid walking out of the hospital with a little blue-haired girl next to him, his eyes suddenly lit up, especially when he saw the little girl holding hands. A white kitten I was holding, I knew at a glance...

It's also here to apply for the permit.

"That's them." Jiraiya's mouth raised slightly and murmured, "Presumably they must be very happy to see my toad immortal come to ask."

The Immortal Toad is also coming!

...

"Now you feel relieved." Nagato yawned and said, "The piece of paper is just a cold." Then, stretched out, "Now I can finally go back to sleep."

"No!" Konan said with a sullen face when he saw Nagato's decadent look, "Nagato, you are really getting lazier."

"Have you seen three o'clock in the morning in Uzumaki Country?" Nagato was suddenly upset when he heard Konan's words, "I train until three o'clock in the evening every day."

"So, this is..." Konan stood in front of Nagato, gestured for his height, and said, "This is why you are not tall."

"Mum said that if children go to bed too late, they will not grow up."

"..."

Nagato opened his mouth. He wanted to say that actually, when Brother Xin was the same age as him, he was not very old, but...

Seeing Konan's height...

He is indeed taller than himself!

Is it really because he stay up late these few days and so... Sure enough, he is still too hardworking!

Nagato felt that he would not be able to go to bed too late in the future, and that he should exhaust his energy in the morning, otherwise...

What should he do if i am shorter than Konan?

"I, I...I just haven't developed yet." Nagato cast his eyes away and said uncomfortably, "It will definitely be higher in the future."

"And so..."

"What shall we do now?"

Chapter 563: Looking to a Fool

"Exercise!"

Konan said while holding the piece of paper, "Bring the piece of paper, I found that the piece of paper is very smart, and it will definitely become a powerful beast."

Konan looked at the piece of paper he was holding, "You said. Right?"

"Meow!" The piece of paper nodded.

"..."

It's very smart, but...

The piece of paper is just an ordinary white cat!

However, seeing Konan's happy expression on his face, Nagato could only say helplessly, "You are right."

"Paper will definitely be very strong in the future."

"Isn't this an ordinary white cat?"

Who told me what was in my heart?

Nagato raised his head, looking at the white-haired uncle standing in front of him and touching his chin with a wretched look. He immediately pulled Konan vigilantly and said, "Uncle, who are you!"

Uncle?!

Jiraiya also heard Nagato's words, his expression was stagnant, he held his chest, and stepped back...

He is only in his twenties!

With a friendly smile on his face, he said, "My kid, who do you call the uncle?"

"Call you, uncle." Konan hugged the cat with big cute eyes and said, "Uncle, why are you holding your chest? Is it a heart attack?"

"..."

Jiraiya also felt that as a toad immortal, how could he care about children?

"Konoha Sannin, the toad immortal, the genius of the Ninja world..." Jiraiya also said with a self-confident smile, "Jiraiya!!"

"Jiraiya?" Nagato and Konan looked at each other, and then...

He raised his head and looked at Jiraiya, "I don't know!"

Uzumaki is really a country with a lagging news!

Jiraiya also sighed inwardly and said, "Little sister, your white cat is too ordinary, it is impossible to become a Ninja beast."

"Hmm!" Konan heard Jiraiya's words, and said with an unhappy mouth, "Impossible, the piece of paper is so smart, it must be very powerful in the future."

"Meow!" The paper cried out, staring at Jiraiya.

Jiraiya also saw this scene, with a smile on his face, and said, "It's really smart."

"Just..."

"If there is no corresponding practice secret technique, no matter how clever it is, it is still a clever white cat."

After all, in the Ninja world, only the Inuzuka clan had the secret technique of dog training.

Otherwise, there are so many animals in the Ninja world, why didn't they all become Ninja beasts?

"Don't listen to this weird uncle." Nagato pulled Konan, wanting to leave this wretched uncle, and said, "Let's go to train as soon as possible."

Chapter 564: Fooling Kids

Seeing the two little ones about to leave, Jiraiya quickly said, "Wait a minute, as long as you do me a favor."

"I have a way to help you train it to become a beast."

"What you said is true?" Nagato looked at Jiraiya suspiciously, thinking that he should call the police otherwise, no matter how you look at this uncle with white hair, he is suspicious!

At first glance, you know that you are not a good person!

"Of course!" Jiraiya said confidently, patting his chest, "I never lie to people!"

Toad... I should be able to teach cats!

In any case, Mount Myōboku is the three sacred mountains, and there must be a way.

His Toad Immortal never lied again. If he could not, he must have deceived people.

"So..." Nagato thought for a while, then glanced at Konan who was longing, and said helplessly, "What do you want us to do?"

"Tell you, if you lie to us, I will beat you."

I'll go to the police and report to the police soon... There is a suspicious character here.

"Just want to ask..." Jiraiya said with a confident smile on his face, "How do I apply for that pet certificate?"

Hit me?

Just a kid, he is not afraid of toad immortals!

"Uncle...Bah, my Toad Immortal also raised a powerful Shinobi." Jiraiya also raised his head and said, "So come to ask what should I do?"

"That's it!" Nagato suddenly looked at Jiraiya silently, and said angrily, "I wonder why the matter is!"

"For pets, did the triptych take it? How many shots did the rabies vaccine take?"

"Only those who have typed these can apply for the certificate."

"..."

Hearing Nagato's words, Jiraiya was also confused again. Is it so troublesome to apply for that certificate?

He raises...Bah, his contract is a toad, a toad from Mount Myōboku, do you want to fight it too?

"You didn't fight at all." Seeing Jiraiya's expression, Nagato and Konan suddenly looked at him with contempt, sighed, and said, "You must be civilized!"

"Your ten years may be its life."

"I think it might live longer than me." Jiraiya also touched his chin and thought, "After all, it is a toad from Mount Myōboku."

"That's the same. It may be your life for decades." Nagato shook his head and said, "You should take your pet to get the injection."

This uncle... What is special about the raised toad?

He has eaten it!

"When will you teach paper?" Nagato looked at Jiraiya suspiciously and said, "Can you lie to the children?"

"Haha." Jiraiya rolled his eyeliner in embarrassment. He didn't dare to look at the big eyes that the little girl was expecting. He hurriedly punched haha and said, "Wait for me to get my documents done, and I'm looking for you."

Immediately turned around and ran towards the pet hospital.

"Trust me..."

"I never lie to the Toad Immortal."

"..."

Seeing Jiraiya running wildly, Nagato and Konan were speechless.

Don't lie?

How to find him?

Call the police later!

Chapter 565: Jiraiya Ask For Vaccine

"Hello doctor."

After hanging up a number, Jiraiya walked in the direction pointed by the young lady.

Don't say... The young lady in this pet hospital is so beautiful.

"I'm here to apply for a pet certificate." Jiraiya looked at the beautiful female doctor in her twenties in front of her, showing a handsome smile, and said, "I heard that I want to come here for an injection?"

"Where is your pet?" The female doctor frowned, looking at this wretched smile, and said, "Where?"

"Here..." Jiraiya also looked around and said, "Mine is a bit big, is this place a bit small?"

"Big?" The female doctor glanced at Jiraiya, and said disdainfully, "Call it out!"

You know, for so many years, what kind of ninja hasn't seen her?

How big can it be?

Jiraiya also saw the female doctor's disdainful expression and sighed inwardly. It seemed that it was time for her to see the majesty of the Toad Immortal.

He took a bite to his thumb, pinched a handprint, and yelled, "Psychicism!"

"boom--!"

A puff of smoke dissipated, and a huge toad appeared on the ground with a shrunken body.

"Little Jiraiya, what are you telling me to come out for?" Gamabuta looked at Jiraiya wrinkly, then looked around, and said, "It's a bit small here!"

Jiraiya also heard Toad Gamabuta's words, he hesitated, and whispered, "It's okay, I just miss you a little bit."

Injection... Toad loyal... he shouldn't blame him!

....

It can be said

The joining of Qianluo has greatly promoted the development of the science and technology of Uzumaki.

For example, cars, walkie-talkies, and mobile phones under development

These technological breakthroughs relied on Qianluo's help to a large extent, and the puppet technology alone solved the problem of how to attach Chakra to the glass that has plagued the country of the Uzumaki for many years.

Qianluo is really hard work!

If it weren't for his mother's stay in Sand Ninja Village, Uzumaki Xin would like to issue several awards to best worker in order to improve Uzumaki's status as a scientist in the country.

After all, when the glass can be attached to the chakra, not only does it save a lot of money from buying natural crystals in the future, but also the chakra glass can be used in many aspects in the future.

Such as TV, computer, photography equipment

In the past, he used the system to exchange the photographic equipment of the original world. Perhaps it will be possible to use Chakra's photographic equipment in a few years.

It is not an exaggeration to give Qianluo the highest science and technology award.

Chapter 566: Different kind of Problem

Achoo!

Black Zetsu sneezed, frowned, and said, "Strange, can I also catch a cold?"

He has lived for thousands of years. Why has he been sneezing all these years?

This? Is this made by ninja!

"Maybe it's just the pollen choking on the nose." Black Zetsu pointed to the jar in his hand and said, "When are you going to bring Master Madara back?"

Because the organization's funds were not enough, he and his clones both started collecting pollen for sale, let alone

Sales are pretty good.

Flowers are planted in most parts of the organization.

Black Zetsu frowned, thought for a moment, and said, "A few days later."

"See if you can find a safe time."

"I don't want to be caught by that kid."

Every time there are some nasty things for him to do, and the salary is not paid, it is really unsatisfactory!

That unfilial Son Yuyi Chakra has been wandering in the ninja world, monitoring this ninja world.

If he is exposed, it is dangerous.

In the end, it will definitely be sealed.

"Okay." White Zetsu nodded, pointing to the pile of bottles and cans next to him, "The pollen is ready and can be sent for sale."

"It's going to be winter in just a few days."

"We should also prepare supplies for the winter, otherwise people will be in trouble if we die."

"It's okay." Black Zetsu said indifferently, "Just just say that he was summoned by his mother."

"They will be happy."

Anyway, it's a bunch of rubbish, and it will eventually become nothing. It doesn't matter if you hang one or two.

It is estimated that in the end, my mother does not need so much White Zetsu.

.....

Konoha.

"Jiraiya" Sarutobi took a cigarette, looked at Danzo in front of him, frowned and said, "Do you know where he went?"

"I don't know." Danzo shook his head and said, "He has thrown away all the dark parts that followed him."

Even you, as a teacher, don't know, how does he know this forbearance?

After the incident of Jinchuriki, the reputation of Danzo that he finally praised is ruined!

"That's it!" Sarutobi stood up sadly with his waist and said, "Don't worry about him."

He sighed helplessly inside.

Tsunade suffered from hemophobia, and after returning to Konoha, she stayed at Senju's homestead and rarely came out.

Sarutobi knew, if Tsunade can't get out, her ninja career will be over here.

Orochimaru, he don't know what he is doing when he get back to the village.

Has always been mysterious.

"Everyone has changed!" Sarutobi Haruzen said with emotion.

Although they have grown up in this war,

It's a bit too much.

Who will guard Konoha at that time!

Their older generation will retire one day. If there is no successor, what should Konoha's future do?

Wherever the leaves fly, the fire is endless. The fire light will continue to illuminate the village and let the new leaves germinate.

Future It is the generation of the younger generation. If Konoha can't appear a capable and responsible ninja.

Who will pass the position of Hokage to?

Chapter 567: Jiraiya Got Caught Again

"That's right." Danzo looked at Sarutobi Haruzen, frowning, and said, "What should I do about Sakumo?"

Hatake Sakumo

Konoha White Fang has left a fascinating name during World War II, but he gave up the mission and chose to save his companions during one mission.

He don't know what's going on now

There was a lot of rumors in the village.

Danzo narrowed his eyes and said, "Now the whole village is blaming him and accusing him."

He had to start, after all

Sakumo Hatake and Orochimaru are the most popular heirs of Hokage now!

Before he took the shot, the news came out without knowing why, he don't know who it came from.

Why Danzo doesn't know at all!

....

Uzumaki Kingdom

Jiraiya didn't know what to say now.

At last

Toad still didn't get the injection and got the certificate.

But he still gave the money and overpaid because

When Toad Gamabunta tied him and threw him out, he disappeared with a bang again.

Jiraiya also rubbed his kidneys, smiled awkwardly, and then psyched Gamabunta out.

It is conceivable.

The country of the Uzumaki has been listed as the least popular country for toads, and Jiraiya is asked not to channel them out if nothing happens in the country of the Uzumaki in the future.

It's the toad of Mount Myōboku.

What triple and rabies vaccine is available?

Anyway, now Jiraiya is walking with his waist, and the money on his body is lost to the hospital. He deliberately damages public facilities and is compensated three times!

He wanted to explain that the damage was caused by the toad, and that it didn't matter to him.

Ugh!

"It's really unreasonable!" Jiraiya murmured with a 45-degree angle with a vicissitudes of life, "Why didn't Tsunade tell me that Uzumaki is so expensive?"

His wages, full attendance plus performance, and war dividends for so many years have all been spent.

Except for one body injury, he didn't get anything.

Jiraiya also sighed and walked out of the hospital helplessly, he decided

No more toads in the country of Uzumaki.

Although not riding a toad is not in line with his identity as a toad immortal, the immortal has no money now!

It's better to find a way to get some money first.

By the way, take a look at the laws of the Uzumaki Kingdom.

He doesn't want to be fined again.

And at this moment

"Uncle policeman, that's him." A red-haired kid, behind him in a special police uniform in the country of Uzumaki and a blue-haired little girl next to him, pointed to Jiraiya, and said, "He lied to the kid!"

Chapter 568: Chiyo's Family Condition

"You rubbish, rubbish, damn kid."

A short-haired kid with a group of kid pointed at a red-haired kid in front of him, and said viciously, "If it weren't for your father, your grandma, our family wouldn't die. "

"It's all on you."

"Yes, return my father." A kid behind him cried and said, "You b*****d, I will never be friends with you again."

"I hate you, it's all..."

"I hate you too..."

"Hate..."

"..."

Faced with a group of children throwing stones at him, spitting, punching and kicking.

The red-haired kid had tears in his eyes, but he resisted not staying, just hugged his head tightly and lay on the ground.

He.... he used to it.

He didn't tell the teacher, because the teacher looked at him just like other classmates.

Disgust, disgusting.

The little red-haired boy didn't know why this happened. Everyone used to play together, and the teacher loved him very much.

Why is this happening now?

To know...

Not only did he lose his father, he also lost his mother.

He felt that the classmates around him had already beaten him and left.

The red-haired kid sat up.

Endure the tears in his eyes, don't want it to flow out.

He didn't want his father to know that he was crying.

Slowly stood up, lowered his head and walked towards home.

He miss his father and mother.

The red-haired kid came to the gravestones.

Looking at the two tombstones next to one another, the little ghost couldn't help it anymore, and tears flowed from his eyes.

"Dad, mom, Sasori misses you."

...

"Oh, I finally took the bait." A woman with purple hair shook the fishing rod on her hand, and...

His expression was stagnant, and he said helplessly, "Sure enough, there are no fish in Sand Ninja Village."

Seeing his sister like this, Ebizō beside him shook his head helplessly and said, "It's Sand Ninja Village after all."

That's why Hidden Sand Village will tear up the alliance with Konoha every time and start a war?

Isn't it just for Konoha's fertile land?

Although, in the end, Sand Ninja Village was defeated for this reason and for that reason.

But they still won't give up.

The fertile land is really alluring.

"You!" Chiyo put the fishing rod into the fish pond again, shook his head at Ebizō, and said helplessly, "Why do you want to accompany me to do boring things?"

Obviously she was the only one who agreed to Fengying's retirement. She didn't expect Ebizō to retire with her in the end.

Chapter 569: Sasori of Hidden Sand

"Hehe." Ebizō smiled and said, "This is also good, just as a ninja is tired."

"It's not bad to come fishing."

Just so far, no fish has been caught.

"What happened to the scorpion?" Chiyo quietly looked at the fish maw in the candy, and said faintly, "At school..."

"How's it going?"

"..."

Hearing what his sister said, Ebizō was silent for a while, and finally sighed and said helplessly, "Why do you want Sasori to stay in the academy?"

When he and his sister resigned, the village would no longer have their turn to speak.

Maybe when they were consultants to Hidden Sand Village, others didn't dare to be so blatant, but now...

They are just ordinary ninjas fishing in the back mountain.

Especially the rumors that appeared in Sand Ninja Village for no reason...

Now not only the children who have lost their loved ones hate Sasori, and his teachers also hate them.

He thought it would be better to keep the Sasori with him. At least in this case, Sasori will not be bullied.

"Sasori..." The hand holding the fishing rod trembled. Chiyo looked at the swim bladder floating on the fish pond and said in confusion, "Am I right?"

Of course she knew that Sasori was bullied in the college. Every time she saw the bruise on her dear grandson, Chiyo was full of anger.

However, the departure of their parents was due to her after all.

"Since Qianluo and Xizi left, Sasori has become less talkative." Chiyo shook his head and said, "I think if he can make friends in the academy, he will definitely come out."

Become the same as before... Love to laugh!

"But don't you think about what the Sasori thinks?" Ebizō said unbearably when he heard Chiyo's words, "He is still a child!"

"When you embark on the path of a ninja, there is no difference between a child and a child." Chiyo sighed and said, "Not to mention..."

"For the Sasori, this is not an experience.

"..."

Ebizō shook his head helplessly, looked at the fishing rod in his hand, and muttered, "Sasori is going home soon."

"Sister, you..."

"Let's go and see him."

After all... Now he has only two relatives, me and you.

...

After seeing his parents, Sasori eyes are not red anymore.

Still dull, walked towards home silently.

Since grandma and grandpa uncle retired, their family has moved to the remote place of Village.

Although at first, Sasori was unwilling in his heart, because he wanted to wait for his father and mother at home, he believed...

Dad and Mom will definitely be back, for sure, because Dad promised to teach him puppetry.

But now, he already likes here... There are no classmates who like to bully, and no teacher who hates him.

Sasori doesn't know until now... Obviously everyone is a good friend, why did it become like this?

"Crack."

Opening his dilapidated wooden house, Sasori whispered, "I'm back."

He knows, his grandma and grandpa have not come back yet, so no one will answer him.

However, he has been eager in his heart, eager to hear his father and mother say to him, "Sasori, you are back."

He would say it every day when he came back.

However, today...

"Sasori, you are back."

A voice suddenly came from the dilapidated house.

When Sasori heard this, his face suddenly showed an expression of excitement, and he quickly raised his head.

Father, mother...

however...

Inside the small wooden house, a red-haired boy was taking a sip of tea slowly, then, raising his head with a smile on his face, he said to him, "Good afternoon..."

"Sasori."

Chapter 570: Xin and Chiyo

Chiyo looked at the surrounding scenery and sighed inwardly.

This was what she chose, and it was Master Kazekage's approval of her request for revenge on Konoha.

Want her stay away from the center of power in Sand Ninja Village.

Now it seems that maybe this is also good...

At least Sasori will not be bullied here.

With a wry smile on his face, Chiyo shook his head and murmured, "I don't know how Sasori is in the academy today?"

She knows who the rumors in the village come from, of course, Ebizō also knows. But none of them said anything.

Because the defeat of the war requires people to take the blame and she and Ebizō, the elders of Sand Village...

Just right.

Looking at the broken wooden house in front of him, Chiyo suddenly changed a smile on her face. She knew that Sasori should now be quietly playing the puppet inside and waiting for her, so now she must have a smile on her face...

If even she becomes sad, Sasori will definitely be sad in the future.

"Crack."

Chiyo opened the door with a smile on his face, and said, "Sasori, grandma back..."

However...

The words are not over yet.

"..."

"Who are you?"

"....."

"Who are you?" Chiyo watched vigilantly at the red-haired boy who was sitting on the chair and touching the Sasori head. "What are you doing here?"

At the same time, the hand did not stop, and directly used her exclusive secret skills.

White Secret Technique: The Chikamatsu Collection of Ten Puppets

Ten Puppet came out and said sharply, "Let go of Sasori."

Uzumaki Xin raised his hands to indicate that he was not there.

After Qianluo's young couple agreed, he sneaked into Hidden Sand Village. By the way, he sneaked in to find out where the Sasori and the others lived, and waited for him in this small wooden house.

Are they the high-tech talents of the future!

It's okay to let him, the daimyo of the Uzumaki country, wait for a while.

"Please calm down!" Uzumaki Xin said with a smile, "I am not malicious."

However, Chiyo ignored the red-haired kid, looked at Sasori anxiously, and said, "Sasori, come here now."

Scorpion is Qianluo's child!

If even he... What's the point of her being alive?

Chiyo didn't know who sent this red-haired kid over, and she didn't want to know whether it was Kazekage or the other high-level people in Sand Village.

As the Sasori's grandmother, she just wants to Sasori is safe.

Sasori ignored Chiyo, still standing in front of Uzumaki Xin with his head down.

Because this red-haired brother said he can take Sasori to see his father and mother.

Whether it is true or false.

Sasori wants to see his father and mother...

No matter who came, he didn't want to leave.

"Sasori!!" Seeing Sasori ignore him, Chiyos face changed suddenly, and she whispered, "Come here."
