

Uzumaki 581

Chapter 581: Job of Civillian

"Are you really Konoha Sannin?" Nagato looked at Jiraiya with contempt, and said, "Although I haven't seen Konoha Sannin, I heard from people from outside that Konoha Sannin is each of them. Talent, good-sounding, powerful, and you..."

"Paper is a poor ghost!"

Hearing Nagato's words, Jiraiya's face was stagnant, and he angrily said to Nagato, "It's not you..."

"You will be fined for everything. If this goes on, Immortal Toad can't hold it!"

"Oh." Nagato nodded clearly, and said, "It turns out to be a blind person."

"..."

What a nasty kid!

He has to be careful this year.

After all... If something goes wrong, he will really go to jail, and he will no longer be able to collect information on the Uzumaki Kingdom.

"Do you know where you can get money?" Jiraiya also touched his chin, looked at Nagato and said, "Of course it's the legal one."

illegal...

It's easy to happen, and Jiraiya seriously doubts in his heart that Uchiha Fugaku is staring at him from behind?

Just wait for him to retaliate severely after his accident.

He is the old man's apprentice anyway!

"Legal?" Nagato pondered for a moment and said, "If you want to make money in Uzumaki, there are many ways."

"Moving bricks, cutting trees, burning glass."

"Tailor, fish, be a teacher."

"These jobs can be paid." Nagato glanced at Jiraiya and said, "Although you can't see how strong you are, you should be a ninja. If you are a ninja, you can still get a subsidy."

"Is that much?" After hearing Nagato's words, Jiraiya touched his chin and murmured, "Shouldn't the ninja do the task?"

How can you still do this kind of work?

"This is a new era." Nagato looked at Jiraiya with contempt, and said, "What can civilians do, why can't ninjas do it?"

"You have to change your old thinking!" Nagato shook his head and sighed, "Otherwise, it's easy to get into trouble here."

"..."

This kid...

Jiraiya looked at Nagato speechlessly. Are the Uzumaki people so confident?

However, Jiraiya also felt that since he wanted to collect information here, he really had to be familiar with the laws of the Uzumaki Kingdom, or else problems would always be the answer!

His toad immortal also wants a face, if he gets caught in prison again.

As Konoha Sannin, the toad immortal, the dream of thousands of girls in the Ninja world, will definitely disappoint those fans who love him.

"Is there any money coming faster?" Jiraiya also rubbed his hands, and said embarrassedly, "This immortal doesn't have so much time to work."

"You..." Hearing Jiraiya's words, Nagato sighed in disappointment. "The teacher taught us not to go too far and cheat."

"Only being down-to-earth, seeking truth from facts, advocating fundamentals, and being pragmatic..."

"There will be a future."

Chapter 582: Selling Chakra

"Of course..." Nagato thought for a while, but decided to say, "If you want to be legal, there are also ways to get money quickly."

Jiraiya, who was about to be disappointed, suddenly widened his eyes when he heard Nagato's words, and said excitedly, "Where?"

Is there such a way? ?

"That's..." Nagato glanced at Jiraiya, then narrowed his eyes and said, "Sell..."

"Chakra!!"

Let this liar make money first!

Otherwise, wouldn't he be able to pay the five thousand silver taels that he helped him just now?

That's what he has praised for pocket money for years!

If it weren't for this liar to say that he is a toad immortal, Konoha Sannin, beat the Ninja demigod, kicked Konoha Hokage, and now I have difficulties, he need his help, and help him 5000 silver taels. After going out, teach myself one. Peerless Ninjutsu...

Nagato will never borrow him.

It just seems...

He guess he met a liar!

...

On the ship...

"Hello passengers, welcome to this flight. This voyage is about to depart. The whole journey will take 3 hours. I wish you all a pleasant journey."

Rōshi looked at a big box next to him curiously, the voice just came from there.

"It's really interesting!" Rōshi touched his chin and murmured, "It seems that the country of the vortex will be very interesting this time."

When he boarded the boat, he did not put away the forehead.

It is now a time of peace.

Unless you are making trouble in another country or Shinobi Village, otherwise no one will come to arrest you.

of course...

His personal identity must be hidden.

He glanced at a few ninjas who were also wearing foreheads next to him. There were ninjas from other ninja villages, as well as rebellious ninjas.

It seems that they are also going to the country of Uzumaki

A place on a ship is not expensive, and ordinary ones are only one thousand silver taels. When the bread box is a bit expensive, there are tens of thousands, hundreds of thousands of them.

As a traveler, Rōshi felt that he didn't need to waste so much money.

"This old man." Rōshi looked at the three people sitting next to him and asked, "Are you citizens of the Uzumaki Kingdom?"

When he got on the ship, he noticed that although there are ninjas on the ship, most of them are ordinary civilians. It's just that in this era, unless you have money to hire ninjas to protect them, most people will not go around.

What are these ordinary civilians doing?

"We?" A man in his 30s was surprised when he saw the Lord Ninja next to him chatting with him. Then, he shook his head and said carefully, "We are not, Lord Ninja."

"We are just a poor village next to the country of fire. This time we went to the country of Uzumaki by a relative in the country of Uzumaki."

"I heard there are jobs and wages."

"As long as you work hard and eat hard, then it is not a problem to eat and wear warmth."

"You can even eat meat a day!"

When the middle-aged man said this, he swallowed and touched his child next to him. Although they did not die in the war for no reason, but...

Hunger and cold still did not leave them.

Whether it is a time of peace or war.

If the Uzumaki Kingdom really did what the relatives said, how great it would be!

"That's right." After hearing the middle-aged man's words, Rōshi frowned and muttered in his heart, "This country of Uzumaki..."

"What do you want to do?"

"To recruit so many civilians, is it really just for them to work?"

Chapter 583: Jiraiya's Sell Chakra

Jiraiya turned pale, holding a milk bottle in his hand, leaning on the wall, and walking out tremblingly.

"How much did you sell?" Nagato said in shock, looking at Jiraiya, "Why is it so vain all of a sudden?"

If he remember correctly, selling chakras is required!

Basically, if you only sell a few trillion chakras, it will not be dangerous to your body.

But... The liar in front of you, it's a bit imaginary!

Isn't he a forbearance, he won't be able to sell a few trillion chakras.

Nagato looked at Jiraiya with contempt.

You know, although he is young, he is an activist who sells Chakra in Uzumaki Country!

After all, there are too many chakras in the body. Instead of wasting it, it is better to sell them. Not only can you get money, but you can also contribute to the country.

Nagato really has no hope now.

He just hope that the liar in front of me will return the money to him. As for the others...

He still went to ask brother Xin to be more realistic.

"Haha." Jiraiya also akimbo his hips and laughed pale, "Not much, not much."

"That chakra is nothing to my toad immortal."

It's just a little bit empty after all the draws are done...

Jiraiya also touched his thick wallet, and his heart felt at ease.

It seems that the toad immortal has money again.

He turned away the milk given to him by the Chakra Center and drank it all in one go.

You have to make up for it!

"Since I have money." Nagato looked at Jiraiya who was drinking milk, and said with contempt, "Is it time to pay me back my five thousand yuan?"

Otherwise, he have to tell the police.

"Haha." Jiraiya also threw the drinking bottle to the trash can next to him, and said haha, "No hurry."

"Now let this immortal take you to practice."

"To know..."

"This is the practice mode handed down from the god of Ninja World."

"Five thousand silver taels, not expensive!"

Want money?

It was a dream. It was impossible to take it out again after it entered the pocket of my frog fairy.

Think of it as a great masterpiece after you invest in me!

Jiraiya also patted Nagato on the shoulder, squinted, and said with a smile, "This is a rare opportunity, now let me pass on to you this cultivation method that has been passed down for thousands of years."

"Don't be too moved!"

"If I remember correctly." Nagato frowned and said, "The god of Ninja World shouldn't have lived for more than a thousand years."

He raised his head and looked suspiciously at Jiraiya.

"You don't want to pay back the money!!"

Chapter 584: Uzumaki Today

Nowadays, the foreign population of Uzumaki Kingdom is a bit too large.

Uzumaki Xin touched his chin and looked at the document in his hand, sighed, and said, "It seems that the task of reclamation and land creation must be advanced!"

Although it is impossible for people without the nationality of Uzumaki to buy a house in Uzumaki because they have set the purchase conditions themselves, so the house price fluctuations will not be too great.

And as the migrants came to work in the country, the demand for renting houses is gradually increasing, although the father has been asked to build a few more high-rise buildings...

This is also what needs to be spent in the process of urbanization. In the future, most of the housing will become high-rise buildings, which can increase housing to a certain extent, but...

Once the population increases, no matter how tall buildings are, the area per capita will gradually decrease.

after all...

Humans still need enough space for activities.

"I don't know how Qianluo's research is?" Uzumaki Xin murmured, putting down the file in his hand, "I hope I can catch up."

Because the scorpion came over these few days, he gave the Qianluo couple a few days off so that they could accompany the scorpion well.

What he needs is a mentally healthy, complete scorpion, not an artist.

At the same time, he also told Qian Luo...

Don't teach puppets, if there is no future, men can play Gundam if they want to play!

Now they don't know what Gundam is...

"It seems that the Gundam anime must be exchanged at that time!" Uzumaki Xin said with emotion, "Now it's time to start entertainment."

There are too few things that Uzumaki can entertain now.

Basically, everybody either eats ramen at night, or goes to barbecue with wine, or...

Go home and make people.

Although this is conducive to the increase of the native population of Uzumaki Country, it is not good for a long time!

Some entertainment is still necessary, which can not only enrich the spirit of the people, but also reduce some social conflicts.

After all, everyone has something to do, so he don't think about things.

And under the pressure of working all day, creating people, and stress, it is easy to have mental problems.

At the same time, with the increase of the population, the chakra extracted by Uzumaki Kingdom is now in short supply and cannot meet people's daily needs. Therefore, he also established a chakra extraction center in order to allow some foreign ninjas to invest in it. Chakra is being extracted.

The Uzumaki Kingdom still hasn't found a way to get chakras from the environment.

Therefore, now it can only be obtained from the ninja, and this method of acquisition can only be extracted by the person who agrees to it.

"The foreign population must be checked." Uzumaki Xin looked at the Naga in front of him and said, "We must ensure the stability of the domestic society."

"I've already arranged it." Naga nodded and said, "But Chief Qianluo said that the police force is very insufficient now, and ask if he can recruit more police officers?"

"Is that right?" When Uzumaki Xin heard what Naga said, he frowned and meditated, and said, "Yes, let the director of Qianluo look at the arrangement!"

"But remember..."

"The political review must be strict."

With the increase in the population of the Uzumaki Kingdom, the original police force is indeed no longer enough.

In any case, the police station is the administrative agency of Uzumaki Country, so recruiters must be careful, otherwise, what about ninjas from other villages?

"I'll talk to the head of Chief Kamizuri." Uzumaki Xin nodded and said, "I will definitely not let suspicious people in."

Chapter 585: Rōshi's Strange Look

"The terminal station of this voyage, the country of Uzumaki has arrived. Please disembark the passengers in an orderly manner, pay attention to safety, avoid crowding, trampling, and carry your valuables with you. Finally, here, I wish you a pleasant journey."

"Are you there?" Rōshi opened his eyes and murmured, "According to what the crew members on board have just said, I will need to apply for an entry certificate later to disembark."

What a strange thing.

He wandered so many countries, he had never heard of such things.

Rōshi stood up, grabbed his luggage and walked off the boat, watching the people who had already exhausted the line, followed behind the big line, and waited slowly.

As a ninja...

Some rules are still to be observed.

As the person in front of him completed the process, he arrived at Rōshi after a while.

Seeing that Uzumaki country did not arrest the other ninjas in Ninja Village, Rōshi also walked up...

"Name?" Sitting on the chair, holding a pen on the table and writing something on the paper, Uzumaki said lightly.

"Rōshi." Rōshi said.

"Age."

"Gender."

"..."

After asking some basic information.

Uzumaki lifted his head, looked at Rōshi, for a moment, then frowned, and said faintly, "Ninja of Hidden Sound Village..."

"Four-tailed Jinchuriki Rōshi?!"

"Take it easy."

Seeing that Rōshi heard her words, she pinched her seal nervously. When she was about to make a move, Uzumaki smiled and said, "We don't discriminate against Rōshi here."

We still have to make this point clear. Don't drive people crazy and cause trouble.

After all, the tail beast, Jinchuriki...

The reputation in the ninja world is quite bad!

Both ninjas and civilians are terrified of them.

Uzumaki country needs this kind of talent.

You know that the tail beast Chakra has a large amount!

Uzumaki took out a document, handed it over, smiled, and said, "Ninjas with psychic beasts and tail beasts will be a little troublesome."

"You need to apply for an additional certificate, you have a look."

Rōshi heard Uzumaki's words, although they didn't do anything, but their inner vigilance still didn't let go. Suspiciously, he took the file that Uzumaki handed over, and took a closer look...

"Regulations on Pet Breeding and Management of Uzumaki Country"

In order to beautify and purify the living environment of the country, maintain the public order of the community, prevent the spread of the disease, and protect the legitimate rights and interests of the citizens of the country of the country from infringement, the specific management regulations are as follows:

1. Keeping pets must be handled in accordance with regulations...

2. ...

...

"..."

To sum it up, it's probably about legally raising pets, applying for certificates, safeguarding the environment, carefully shoveling feces, and raising pets in a civilized manner, and the last one is that if the legitimate rights and interests of the country of the vortex are violated, the owner is fully responsible.

Anyway, Rōshi's mouth twitched. Is it so troublesome to raise psychic beasts and tail beasts in the country of Uzumaki?

And four tails...

"This damn country." Four Tails also saw the file in Rōshi's hand, and said angrily, "Who is a pet!!"

"I am a great four-tailed..."

Chapter 586: Weird Feelings

"I am a great four-tailed..."

Of course, he was directly ignored by Rōshi. Although to be honest, there are quite a few conditions here, but if it really...

If you don't discriminate against Jinchuriki, that would be great!

"Where do I need to apply for these documents?" Rōshi handed back the documents and said, looking at Uzumaki, "Is it troublesome?"

"It's not troublesome." Uzumaki shook his head with a comfortable smile, and said, "If it's a psychic beast, it might be more troublesome."

"But because the tail beast is a chakra polymer, it does not need to be injected with related vaccines, as long as the certificate is required."

"After you enter, you can go to the Uzumaki Country Pet Hospital." Uzumaki then handed over a document and said, "This is Uzumaki country's traffic laws and routes."

"Before you go in, please read it carefully."

"Otherwise, you will be punished if you violate the laws and regulations of the country of Uzumaki."

After hearing this, Rōshi frowned and took it. Then, after a glance, he had a general understanding of the document.

Penalties are roughly divided into fines, voluntary labor, imprisonment...

Basically just these few.

Rōshi nodded, when he was going to hand it back.

Uzumaki shook his head and said with a smile, "These are for you, so that you can get familiar with the environment of Uzumaki country and avoid accidents."

"Okay, now the data entry is complete."

Uzumaki rectified Rōshi's information.

"You can go in now."

"Thank you." Hearing Uzumaki's words, Rōshi was taken aback, then nodded, holding the entry certificate that Uzumaki gave him, and walked in toward the pass.

He do not know why, he felt a strange feeling in his heart.

Could it be... Wouldn't Uzumaki really catch him?

You must know that the four-tailed seal is on him!

"Don't think about it." Four Tail said boredly in Rōshi's heart again, "There would be no such people in the Ninja World."

"This country of Uzumaki must only say this to deceive you."

"Really?" Rōshi trembled in his heart, eager to have such a place in the Ninja World, but did not believe that such a place really existed, muttered, "Should Jinchuriki be discriminated against?"

However, before Rōshi walked in.

"That's right." Uzumaki suddenly turned his head and said with a smile, "You don't need to hide your identity as Jinchuriki."

"As long as it doesn't break the law, Uzumaki will not be hostile to anyone."

"This includes..."

"Personal strength."

After speaking, he turned around and continued to register the next person.

This time he pulled a man's strength, and he should have added points when evaluating the title.

This year's year-end award is definitely no problem, and the leader may even give him processing money.

"Next one." With a smile on his face, Uzumaki said to the people in line in front of him, "Hurry up, don't delay."

Chapter 587: Nagato's Helplessness

"Don't need it?" Rōshii lowered his head, the corner of his mouth was slightly raised, and said, "Jinchurki...."

If the Uzumaki Kingdom is really like this...

Rōshi felt that he really needed to take a closer look at the country of Uzumaki.

And Four Tail...

This time, there was no choking on Rōshi anymore, and he sighed leisurely.

Uzumaki Shinobi reminded him of the words of his father back then...

As long as everyone understands and communicates with each other, then there will be peace in the Shinobi world.

but...

So many years have passed, but there is still no real peace.

Human beings are a group of selfish and desire creatures. They have lived for so many years, and they have seen countless wars triggered by humans for no reason.

Sometimes it may be a ridiculous thing, and war breaks out.

And their tail beast...

He have been holding the words of the Six Dao Immortals, no trouble, no trouble, but human beings still want to control them for power and selfish desire.

Everything was fine originally.

Because their tail beasts are so powerful, no one can catch them.

Until two gangsters appeared in the Ninja World, the tail beast is the same as the house cat.

In the end, they were all sealed.

Sealed in this small space.

"Perhaps." Four Tail muttered, and then closed his eyes again.

Is it true or false...

it... do not know either.

...

"Don't be bitter." Jiraiya also patted Nagato on the shoulder and said with a smile, "It's not that I won't pay it back, but kids can't take so much money."

"As a master, in order for you to grow up healthily, I will reluctantly help you take care of it, and I will return it to you when you grow up."

However, Nagato's face was stagnant, and he looked at Jiraiya with contempt, and said, "Who wants to worship you as a teacher?"

Who believes it!

My mother said the same back then, but...

But he didn't get the money back once.

"Haha." Jiraiya said with a laugh, akimbo, "I'm happy."

"After all, not everyone can worship me toad immortal as a teacher."

This kid...

They were all dumbfounded with joy.

"I..." Nagato heard Jiraiya's words, but when he was about to say something, he was directly interrupted by Jiraiya.

"I know, I know, you are too excited, but..." Jiraiya happily patted Nagato on the shoulder, smiling, and said with emotion, "As a ninja, this can't be done!"

"Although I recruited you as a disciple toad immortal, it really makes people feel very incredible."

"However, if a ninja encounters anything, he must be without fear, stay calm and don't make a fuss."

"You..."

"The cultivation base hasn't arrived home yet!"

Jiraiya also sighed and said, "I don't blame you for being a teacher."

"After all..."

"Being a teacher is so good, so powerful, so handsome. It's normal for you to be excited."

"..."

Nagato decided not to talk to Jiraiya.

He could see...

Such a narcissistic person...

It must be a single dog!

Therefore, Nagato thought that he still shouldn't get too close to others.

That five thousand yuan...

He doesn't want it!

Chapter 588: Rōshi got Lost

"Bus No. 1?" Rōshi murmured while looking at the map given by Uzumaki, "It should be here to take the bus."

Although he doesn't know what a car is, he doesn't know...

Why are there so many strange things in the Uzumaki Kingdom.

However, now that he have come to the country of the Uzumaki, he can only gradually become familiar with it.

Especially on the way here, he saw some unruly ninjas, thinking that his identity as a ninja does not need to abide by the rules of a small country. As a result...

Run through traffic lights.

It is the street lights at every intersection in the country of Uzumaki.

According to the regulations of the country of Uzumaki, red lights and green lights must be stopped.

If you don't follow the rules, you will be caught by those traffic police wearing green vests and let you assist the traffic police for half an hour. .

If you don't obey the arrangement and make malicious noises, you will be detained.

and so...

Although there are a lot of weird things here.

But Rōshi still executed it seriously.

He doesn't want to be caught and go to jail!

Looking at the orange-haired child who was also waiting for the bus next to him, Rōshi thought for a while, then walked over and asked, "My kid, please ask."

"Are you waiting for the bus?"

When the orange-haired child heard someone calling him, he raised his head, looked at the bearded man in front of him, nodded, and said, "Hello, yes."

Is this a foreigner?

Looking at his forehead, it should be a ninja from Hidden Sound Village.

A few days ago, because my dad was sick with a cold, he has not followed Nagato and Konan to train, but today my dad's illness has recovered, so...

So he made an appointment with Nagato for training.

Now he is waiting for the car and plan to go to the small forest where he used to train all day.

"What's the matter?" Yahiko asked suspiciously.

"It's..." Rōshi said with embarrassment, "How do I ride in this car?"

Why don't you see anything now?

"Oh, do you ask this?" Yahiko scratched his head and said, "Just wait here, and the car will come back later."

"How many cars are you riding?"

"Bus No. 1." Rōshi said, "I need to go to the pet hospital."

"Pet hospital?" Yahiko said in a daze when he heard Rōshi's words, "Apply for a permit? Psychic beast?"

"I'm the same way, just right, you just have to line up with me later."

"Thank you so much." Rōshi said with a smile.

As for the psychic beast or the tail beast, he didn't say, although Uzumaki said that it shouldn't be covered up, but...

In his heart, he still didn't want others to know.

However, Yahiko scratched his head and said embarrassedly, "Can you show me your psychic beast?"

He hasn't seen a psychic beast yet when he grows up!

After all, there are too few ninjas in Uzumaki Kingdom with psychic beasts.

So, he was curious about the difference between the psychic Beast and Konan's paper?

Chapter 589: Fearless Yahiko

"Sorry." But when he saw Rōshi's weird expression, Yahiko knew that he had requested too much, and said quickly, "I'm just curious, if it doesn't work..."

"Sorry."

Yahiko bent down.

And Rōshi...

He sighed and looked at Yahiko who apologized to him in front of him, with a smile on his face, his heart suddenly really wanted to see...

Is this country really like what Uzumaki said?

The child in front of me is just right.

If even children hate it, how can this country recognize the tail beast and the human pillar power?

Maybe it's just that ninja deceiving him.

"I don't have a psychic beast." Rōshi said gently, "but..."

Under Yahiko's disappointed eyes.

"I have a head and tail beast sealed on my body."

Suddenly...

Yahiko's expression stagnated when he heard Rōshi's words, just when Rōshi thought he was scared

"Really?!" Yahiko looked shocked, looked at Rōshi excitedly, and said, "You have a tail beast on your body?"

"..."

Now Rōshi was shocked. The kid in front of him...

It doesn't seem to be afraid!

Rōshi looked at Yayan's expression, wondering if he felt wrong, this kid...

It seems to be really excited.

"Aren't you afraid of it?" Rōshi frowned and said, "Know that it is a tail beast!"

"Why should you be afraid of them?" Yahiko scratched his head and said puzzledly, "Our college textbook says..."

"The tail beast is also a kind of intelligent creature. If we can accept the psychic beast, why can't we accept the tail beast?"

"But tail beasts can hurt people." Rōshi sighed and said, "They are too powerful."

"Just because they are strong, don't you accept them?" Yahiko looked at Rōshi with a disdainful face, and said, "I see in the textbooks that tail beasts do not harm people for no reason. They are controlled by those nasty ninjas. The tail beast is just doing bad things."

"As long as you don't mess with the beasts, they will basically not kill."

"You must know that every year that dies in the hands of ninjas, it is estimated that no one has killed as many tail beasts."

Yahiko stared at Rōshi curiously, and said, "Is your tail beast a nine-tailed beast?"

Hearing Yahiko's words, Rōshi trembled in his heart, indeed...

Most of the things that the tail beasts do are caused by ninjas. If they can accept the psychic beasts, why can't they accept the tail beasts?

A smile suddenly appeared on Rōshi's face and said, "I don't have nine tails on my body."

"It's the four tails."

"Is that so?" Yahiko lowered his head in disappointment when he heard Rōshi's words, and said, "Isn't it the strongest nine tails? With so few tails, it must be very weak."

"Haha." Rōshi loosened his heart and laughed cheerfully, "Although it is not the strongest Nine Tails, the Four Tails are also quite strong."

Chapter 590: Uzumaki Basic Ninjutsu

It seems that I have never felt this way.

Inwardly facing the four tails, he said, "I'm sorry."

and...

Four Tail hummed, "Naive."

It also didn't expect that there is such a place in the Ninja World, they are indeed right, the people they killed by the tail beast...

There are not as many ninjas killed yet!

It's really unjust enough, obviously they didn't do anything, why did the whole Ninja world begin to think that they are evil and evil?

And think about it when you originally lived in a big villa facing the sea and blooming in spring, suddenly one day you were stuffed into a cage...

Are you angry? Are you angry?

Suddenly hearing someone speak for them like this, Monkey King felt a strange feeling in his heart.

perhaps...

Can this country really realize the idea of six immortals?

"Also..." Four Tails said uncomfortably, "We don't judge our strength by the size of the tail."

These stupid humans.

"Haha." Rōshi smiled, and ignored the four tails. Suddenly, when he looked at the tail beast in such a simple way, they...

There is nothing special.

Perhap, Can you really see different countries this time Unfortunately...

Yahiko shook his head regretfully, and said, "Since it is a tail beast, I can't see it anymore."

He really wanted to see the tail beast, after all, there were only nine heads in the Ninja World.

But a very precious creature.

And each is very powerful and handsome.

Just...

He couldn't see the sealed tail beast.

...

"Have you seen?" Jiraiya said with a proud face while dragging a spiral pill in his hand, "This is Unsealed Ninjutsu!"

"There are few people in the Ninja world who know it, it's not a genius who can't learn it at all."

"Right now..."

"As a teacher, I will give you this ninjutsu."

After seeing the water gate practicing so many Rasengan, he slowly understood the principle and pushed out this ninjutsu himself.

He went one step further, realizing the change of Chakra form, and sure enough...

"This toad immortal is a genius!" Jiraiya also akimbo, laughing, "It is your honor to be able to worship me as a teacher..."

However, the words are not finished yet...

Jiraiya also seemed to be choked. He looked at Nagato's hand with a Rasengan in his eyes with disbelief, and said, "You, you..."

"Are you the legendary genius who learned ninjutsu as soon as he saw it?"

Is he going to receive another genius?

really...

God still cares for him.

"A genius!" Nagato said grimly, "This is the basic ninjutsu that you can learn from the Uzumaki Country affiliated college."

"It's the same as the Three Body Technique, although it's a bit difficult to learn."

"But there are still a few people in the fourth grade of the college."

This liar...

Where did you learn the ninjutsu created by Brother Xin?

Do you want to talk to Brother Xin?

Fortunately, he resisted not collecting debts and stayed here, intending to see what the liar had.

As the result... A little disappointed.
