

## **Uzumaki 591**

### Chapter 591: Mizukage's Speculation

Hidden Mist village.

Mizukage held her chin in her hands, looked at the Assistant in front of him, and asked, "Did you find out?"

"Did the group of missing Mist Shinobi and their family betray the Ninja Village and join the Uzumaki Kingdom?"

Last time, Fuguki Suikazan came back halfway, and he obeyed the village's call. After untold hardships and numerous difficulties, he crossed the sea and returned to the village.

He clearly wanted him to prove his innocence and become a new hero and benchmark in Hidden Mist Village, but he did not expect that in the end...

Fuguki Suikazan disappeared secretly with the group of relatives.

You know that there were hidden parts around that night, just to prevent someone from escaping. As a result...

It wasn't until the next morning that the people were gone.

"The ninja who sneaked into the country of the vortex has sent back news." Assistant nodded, passed the information on his hand, frowned and said, "The situation is different from what we thought."

"The Uzumaki Kingdom..."

"The change is so great."

Assistant sighed with a worried look, and said, "According to what the spy said, those Mist Shinobi really betrayed Shinobi and joined Uzumaki."

"But it's a long time since we invaded the Uzumaki Country."

"In these short years..."

"The Uzumaki Kingdom has actually taken a special path."

The road to prosperity, democracy, civilization and harmony.

Unexpectedly, the Uzumaki country cancelled the Ninja village policy and changed the ninja's lifestyle. There was no sense of weakness, but it became stronger.

Especially the news from the spy...

More and more rebels rushed to the country of Uzumaki.

"The country of Uzumaki..." Mizukage put down the information in his hand, squinted, and said, "When everyone puts their eyes on the country of rain, they didn't expect..."

"Instead, it was raised by a small island nation."

That's ridiculous!

He believe that as this continues, so many rebels will join the Uzumaki Kingdom...

He will definitely be hacked to death.

Back then, he felt that the red-haired kid was extraordinary, and the result was indeed extraordinary!

This new system, which is different from one country, one village, will show such a vigorous vitality.

just...

The corners of Mizukage's mouth rose slightly, revealing a playful smile, and murmured, "Recruit the traitor..."

#### Chapter 592: Good News

"Four tails?" Uzumaki Xin murmured as he looked at the information in his hand, "I didn't expect that Jinchuriki would come to Uzumaki Kingdom now."

He formulated the "Rules of Pet Breeding and Management" and popularizing the common sense of tail beasts in the college to attract these people.

After all, apart from the second idiot Uzumaki Naruto, as the second generation of officials, his family property was confiscated, and he was scolded by the villagers and beaten, there were not many people who still believed in the will of fire.

The rest of Jinchuriki either received preferential treatment from Ninja Village or defected.

Therefore, this part of the human column force can be pulled over.

Uzumaki Xin doesn't need them to do anything, as long as they work honestly in Uzumaki Country and sell chakras if there is nothing to do.

Incomplete Jinchuriki who brought the soil told us...

It does not require a complete tail beast to synthesize ten tails.

Uzumaki Xin squinted his eyes, the corners of his mouth raised slightly, and said, "I don't know if there is no external golem, can it be made into ten tails?"

If it succeeds...

Perhaps the Uzumaki Kingdom can pile up a few ten-tailed masters, when the time comes...

Isn't it the back garden of Uzumaki country?

You must know that the goal of the Uzumaki country is the sea of stars!

It's just that this matter can't be too deliberate.

Uzumaki Xin touched his chin, pondered for a moment, and said, "It seems that you have to promote it for the Chakra Center of the Uzumaki Kingdom!"

This is a way to make a fortune, and he believe that those who rebel and forbearance will definitely have difficulties.

As long as they leave a trace in their consciousness, they will definitely think of it the first time in order to get money.

After all, this is the only way that is simple, interest-free, and quick to get money.

He heard that Jiraiya has been living a well-off life by selling chakras these days.

Now that someone has the strength.

Reclamation of land and land is only the last step, waiting for Qianluo to develop the equipment.

Uzumaki Xin stretched his waist and stood up...

He haven't been to the academy for such a long time, so it's time to see Boss Madara.

He heard that Yahiko and Nagato were defeated in the end and worshipped Jiraiya and became a teacher. he don't know if they can learn the fairy pattern this time.

Chapter 593: Madara's Twilight Years

Uchiha Mikoto looked at Grandpa Madara who was training at the closing ceremony and sighed leisurely.

So many years have passed.

Grandpa Madara is even older.

Although the college has reduced his class hours in order to take care of Grandpa Madara, but...

For Grandpa Madara, it was still too hard.

"Someone is coming." Grandpa Madara suddenly opened his eyes and said faintly, "Go open the door."

This is the dormitory assigned to him by the college, and White Zetsu is not here.

So basically, he take care of the younger generation.

"Crack."

"Good afternoon, Mikoto." Uzumaki Xin looked at Uchiha Mikoto who opened the door for him, and said with a smile, "Where is Boss Madara?"

"Grandpa Madara is inside." Uchiha Mikoto saw Uzumaki for a moment, then opened the door and said gently, "Please come in."

Bend down, took a pair of replacement slippers and put on Uzumaki Xin.

Uzumaki Xin didn't care, put on his shoes casually, walked in, and said, "Thank you."

If it is not for his interference, it is estimated that Itachi will be born in a few years, but now...

Uchiha Fugaku has changed! !

future...

It was no longer the future he knew.

"Red-haired kid." When Uzumaki Xin walked to the living room, Madara said faintly, "How come you are free?"

"Boss Madara." Uzumaki didn't pay attention to Boss Madara's tone. He walked up to the chair in front of Boss Madara and sat down in the chair, smiling at Uchiha Mikoto who served him water, "Thank you."

Then, he took a sip and looked at Boss Madara.

"Boss Madara is really..." Uzumaki Xin sighed.

"It's getting older and older!"

Without him, Boss Madara would be absolutely bewitched because of his inner desire for peace, and eventually become a public enemy of the Ninja World, and died regretfully in the arms of his base friend.

Just now...

He doesn't know what Boss Madara thinks?

Do you want to die just like this, or go back to the cave and live on the outside golem.

Obito has been born in Uzumaki Country, and he has the nationality of Uzumaki Country. It should be time to come to school in a few years.

If you haven't met Nohara Rin...

It is estimated that he will not be a substitute for Boss Madara.

Of course...

He is a cosplayer in the ninja world, who has been professionally dressing for more than ten years, and he can barely pretend to be the boss of Madara.

It's just that Boss Madara would never agree with him...

"I know why you are looking for me at this time." Boss Madara opened his half-closed eyes, stared at Uzumaki Xin, and said faintly, "Just right..."

"I also have other things I want to ask you about."

Chapter 594: Tsunade's Bad Condition

Konoha Village

"It's been a long time." Sarutobi Hiruzen grabbed the smoking gun next to him and said, looking at Koharu in front of him, "Tsunade still hasn't recovered?"

He always believed...

As his apprentice, Tsunade will definitely be able to come out.

At the moment of becoming a ninja, everyone will understand...

Death is the main theme of the ninja.

Whether it's yourself or others...

No ninja can avoid it.

At that time, his teacher, the second generation of Hokage, interpreted the will of fire. In order to let him and Danzo survive, he faced the enemy alone.

The second generation of Hokage, who made outstanding contributions to Konoha forbidden art, went like this.

At that time, the four of them were also very sad.

But thinking of Konoha, thinking of the villagers in the village, thinking of the ideas left behind by the original Hokage-sama.

Even facing the rejection of the family in the village and the high-level ignorance, they still did not give up, because...

The will of fire has been supporting them.

So in the end...

They also succeeded.

Now it can be said that the entire rights of Konoha are controlled by the four of them. There is no family, and any ninja dare to question their decision.

How difficult it was during that time!

As Konoha's light, Danzo as Konoha's darkness, and with the help of his two friends, Koharu Utatane and Homura Mitokado, Konoha will thrive until the future...

Will definitely become the most powerful Shinobi Village.

"I went to see her a few days ago." Koharu looked at the document about Konoha's recent situation without raising her head, and said, "Although it seems to be a lot better."

"But..."

Koharu sighed and closed the file.

"Her hemophobia still has not been eliminated."

"I don't think she is suitable for being a ninja anymore."

What kind of ninja is fear of blood?

It is estimated that just after Tsunade's fist was down, after the enemy vomited a mouthful of blood, she became scared all over, and then...

Do whatever you want by others!

This is too dangerous.

"This..." Sarutobi Haruzen took a breath, frowned and meditated, and said, "Where is the medical department?"

"How about arranging her to the medical department?"

If Tsunade really quit his ninja career like this, it would seem a pity.

To know... Konoha Sannin!

The three of them will definitely be able to support Konoha in the future.

"If it's surgery, it's okay." Koharu nodded and said, "Surgery may be a bit choking."

Chapter 595: 2 Years After War

"Oh." Sarutobi Haruzen sighed and said helplessly, "In that case, let Tsunade be a medical teacher."

"Remember the opinions that Tsunade gave out during the war?"

"Each team arranges a medical ninja." Sarutobi Haruzen took a breath and said, "According to the last war report."

"If there was a medical ninja on each team at the time, most of them, maybe..."

"You can survive."

"But that's the case..." Koharu heard Sarutobi Haruzen's last suggestion again, frowned and meditated, and said, "Will it affect the team's strength?"

"No." Sarutobi Haruzen stood up, shook his head, and said, "Just let them learn some first aid knowledge."

"When it's dangerous, it's enough to not be at a loss."

Sarutobi Haruzen looked at Konoha outside the window with deep eyes...

The war is over.

The village has returned to its peaceful atmosphere.

Calm, harmonious...

But he knows...

This peace will be broken sooner or later.

No Shinobi will watch Konoha develop steadily.

So Konoha must prepare early!

The new generation will eventually stand in the foreground, and he...

The third generation of Hokage will also burn itself, illuminating the way forward for the younger generation.

"Try it." Sarutobi Haruzen sighed and said, "Failure is not terrible, but the terrible thing is that I don't even dare to try."

"Perhaps..."

"Does this make Konoha stronger?"

"In that case." Koharu thought for a while, nodded, and said, "I'll discuss it with Tsunade later."

She doesn't know what this change will bring to Konoha?

What if it can reduce casualties?

What's more, there is no loss if you try it.

...

It has been more than two years since the end of the war.

Therefore, each Ninja Village slowly returned to the original rhythm of life.

Especially in the two years after the end of the war, it was the peak period of population births. During this period, the birth rate of various Ninja villages grew in a straight line.

Brings life to the forbearance village that has withstood the ravages of the war.

"Old Rōshi." Ping said to the red-faced ninja not far away, "Come here."

"It's Ping!" Seeing Ping, Rōshi walked over with a smile and asked, "What's the matter?"

It has been more than a year since I came to the country of Uzumaki.

Originally planned to wander into the Ninja World, slowly practicing, but he did not expect that he finally settled down in Uzumaki, and...

Get the nationality of Uzumaki Country.

You know he is obviously a ninja from Hidden Sound Village!

Although he had betrayed the village, he still loved Hidden Sound Village.

"It would be great if Hidden Sound Village could also become the country of Uzumaki." Rōshi sighed inwardly and muttered.

Chapter 596: Rōshi's New Life

All ninjas can follow the law, so maybe ninjas and civilians, ninjas and ninjas can really communicate.

Although in the past few years, he has made a lot of jokes and lost a lot of money because of Rōshi's affairs, but...

This is indeed the same as that Uzumaki said.

The Uzumaki Kingdom does not discriminate against anyone.

No matter if it's a human column force or something else.

During this time, he also sold a lot of chakras to make a down payment.

"That's my house." Monkey King said uncomfortably in Rōshi's heart, "You damned human being sells my chakras."

He didn't even write his name in the red book.

It's really hateful.

"I don't have enough!" Rōshi said embarrassedly, "And you don't want to live in such a small house!"

How big is the house now!

Two-story cement house with a small garden next to it, so comfortable.

"I can't feel it again." Monkey King said irritably, "After get off work, you have to buy fruit candies, one hundred each of banana and peach flavors."

"..."

Hearing what Four Tails said, Rōshi's face was stagnant.

You must know that as a person Rōshi, after buying these candies, he has to eat them with his mouth, and the four tails can feel it, but...

He will have tooth decay if he eats it like this!

He is already a little older.

"If you don't eat it," Monkey King said threateningly, "I won't lend you chakra next time."

"Know that your mortgage hasn't been paid off yet."

"And the compensation for the village next door."

"Tsk tusk." Monkey King said mockingly, "Your salary alone is not enough."

"You didn't do it yet." Rōshi said helplessly, "If you weren't going crazy at the time, how could you break someone's house?"

"Fortunately, it didn't hurt anyone. Otherwise, I'm probably squatting in prison for the rest of my life."

"Don't mess with the monster tail." Monkey King said disdainfully, "It's obviously only because you can't control my Chakra, and I finally went crazy."

This kind of person is really...

Even the tail beast was wronged.

"Yes." Rōshi replied perfunctorily, and then, looking at Ping, said, "What's the matter?"

He is still working now!

If you don't finish it today, you will have to postpone it until tomorrow.

Not to mention, now their team only has him as a ninja, and if he runs away, it will drag down the project.

As the captain...

He would never allow this to happen.

As for the four tails... Or wait until after get off work, maybe he will forget it later?

"Oh, it's okay." Ping said with a smile, "It's just an announcement from the above. Tomorrow morning, each team leader needs to have a meeting in the conference room."

"Let me inform you."

"It is said that..."

"A new plan is about to begin above."

#### Chapter 597: Sakumo Hatake's Dangerous Position

"Master Danzo." Sakumo Hatake looked at Shimura Danzo sitting in front of him with a wry smile, knowing that it was his turn to make a choice.

When the news in the village about him giving up his mission and giving priority to rescue his partners became more and more heated, he knew...

Someone above wants to kill him!

Otherwise, he has done meritorious service for the village and shed blood. Why has no one stood up and said a word for him until now?

Even if he gave up his position as the head of the dark ministry and stayed behind closed doors at home, the village's affairs about him still did not slowly calm down.

So, there is definitely someone behind this!

He didn't know why the people above wanted to engage him. He also asked Master Naruto, saying that he had absolutely no two minds, and just wanted to take good care of Konoha.

As for why he gave up the mission last time and chose to save my partner.

It is because he always keeps in mind the will to fire, he will never give up his partner easily, and...

The mission last time is not important, even if it is given up, it will not affect the situation of the war, so he will give up.

As the result...

Hokage sighed and said that he understood that he would let Anbu find out who was spreading the rumors.

Just...

Why hasn't it changed at all after so long?

"Master Danzo." Sakumo Hatake sighed, looked at him intently, and said lightly, "I have already said that I will not do anything to sorry the village."

"Why haven't you let me go?"

"..."

Actually, he is dumbfounded too!

Danzo took a deep breath, grabbed the teacup, took a sip, and said, "I don't know anything about this matter."

He wanted to be Hokage, he wanted to kill anyone who obstructed his way.

But...

Isn't it obvious that he did not do this?

When his roots hadn't been splashed with dirty water some time ago, when he was honestly contributing to the village, how could he have time!

If he did this, how could it be so obvious?

He really think that the root organization is an excellent youth organization that can't even frame it!

However, Sakumo Hatake looked at Danzo with an unbelieving look, with a wry smile on his face again, and said, "I know this incident is definitely not done by Danzo."

Chapter 598: Hero?

That's weird!

His subordinates, the Anbu Ninja, saw a group of ninjas wearing the same mask spreading rumors, and Konoha...

Except for the dark part, only the root is dressed like this.

"This time I just want to talk to Mr. Danzo..." Sakumo Hatakei sighed, and said helplessly, "I know I love the village."

"..."

Danzo shook his teacup hand, then put down the teacup, stood up slowly, and said, "It's getting late."

"Hokage let me inform you..."

"It's time for your trial."

"Please come with me."

He turned around and left, Danzo's face was gloomy, this pot...

He seems to be betrayed by the secret!

This is really not him!

"Haruzen..." Danzo sighed and murmured, "After all, I..."

It is the root of Konoha!

...

Hokage Building

Sarutobi Haruzen looked at Danzo who had come out of Hatake's house on the crystal ball, grabbed the smoking gun on the table with his right hand, took a cigarette, and said sadly, "Danzo..."

He doesn't know why his best friend has changed so much.

Obviously, it was you who wanted to endure the darkness, and it was you who wanted to become the root of Konoha. Why did you suddenly change?

How well we cooperated over the years!

Today, Konoha is gradually growing stronger in the hands of the two of us, why you suddenly don't understand?

During this time., because Danzo was fired from his root leader, some families began to be disobedient.

Sarutobi Haruzen sighed, stood up, held his hands, and looked at the scenery outside the window...

"Konoha..."

How harmonious and warm it is.

He didn't shame the teacher after all...

He absolutely does not allow anyone to destroy all of this!

"It's time to restore Danzo's position." Sarutobi Haruzen murmured, "Otherwise, there are things that are not convenient to do at all."

He is Konoha's light, Danzo is Konoha's darkness...

Konoha definitely can't miss the two of them.

"Sakumo's matter should also be resolved." Sarutobi Haruzen sighed and said with emotion.

As long as he confessed his guilt, the village will not do anything to him.

After all, he is the hero of Konoha!

Chapter 599: Going to get married

Uzumaki Kingdom

Uzumaki Xin looked at the information coming from below, sighed inwardly, and murmured, "It's a pity."

It's impossible for Sakumo Hatake to win, it can be seen from his self-breaking for Konoha's harmony...

He loves the village.

Just look at the last conversation between Kakashi and Sakumo and you will know...

How deep is this love.

He understand you, you are right, you are my pride.

That's right...

In the end, Kakashi was still influenced by the will of fire, thinking that his father saved his partner, and then was forced to commit suicide by the village.

That was right!

Because his father saved the whole village!

This kind of samurai family, Uzumaki Xin did not come into contact with him, maybe as soon as he showed his face, he was caught by Hatake Sakumo to see Hokage.

That is to bring Obito to graduate from Uzumaki Academy, Kakashi finally wondered if he would be able to pair up with Nohara Rin?

Anyway, during this time Uchiha, Obito to help the old woman cross the road in Uzumaki country, and seemed to be having a good time.

On the negative review, the top ten people in the country of moving Uzumaki.

"Actually, a single dog is quite good." Uzumaki Xin sighed inwardly, and smiled helplessly, "Or else follow the rules..."

It is horrible to destroy the character of the world if the beloved woman dies.

Since the establishment of the school, Uzumaki Xin has always paid great attention to the development of the mental health of minors.

There will be psychological mentors every three to five to give them psychological tests, especially the Uchiha clan...

Come once every semester!

Otherwise, the character of the Uchiha Clan that must be completely destroyed in order to protect the peace of the Ninja world is really...

Can't afford it!

"Humph!"

Hearing an unhappy voice, Uzumaki Xin looked up, looked at the red-haired girl in front of him, and said with a smile, "You seem to be very angry today!"

Who is bullying you again?

"You!" Kushina looked at Uzumaki Xin and said angrily, "It's you!"

"..."

Uzumaki Xin smiled and said helplessly, "Sorry."

Of course he knew what Kushina meant, because he...

Going to get married.

The subject is not Kushina, not Nono, nor Ykihime, or...

The red-haired girl in front of me.

## Chapter 600: Lucky Girl? Mikoto Uchiha

In the last chat, Boss Madara talked to him about the future of the Uchiha clan. Both of them knew that the Uchiha Clan's eyes must be opened with strong emotional fluctuations. According to Uzumaki Clan attitude towards ninjas...

Uchiha is very difficult to open his eyes.

After all, Uzumaki has an army, and there is no need to force the ninjas to perform tasks.

Especially the Uchiha clan also has a mental health class every semester, and so...

Boss Madara asked how Uzumaki would treat the Uchiha Clan in the future.

If you know that Sharingan, that is the blood succession that many people want. Although it can't be turned on, the blood succession is the blood succession, and there is no accident.

And the blood heir family without strong power...

It is very dangerous!

Although Uzumaki Xin's decision in the future is to let the Uchiha Clan join the political and legal system and set up a court, he want to come to Uchiha who has a really suitable personality and strong emotional fluctuations...

By the time hundreds of dog-blood dramas were filmed, he didn't believe that there were few Uchiha clan that could open his eyes.

To know... Good dog blood dramas can also resonate.

As the result, when seeing Uchiha Mikoto, Uzumaki Xin casually said, Mikoto's future children will surely be able to open the kaleidoscope.

Then, Boss Madara thinks he is molesting his granddaughter who doesn't know how many generations away, and wants to beat him.

Therefore, he saw Uchiha Mikoto, who was fascinating, red face with her head down, and Madara, the boss who secretly opened the eyes of reincarnation.

Just as Mikoto smiled bitterly in disappointment, when Boss Madara was about to do something...

For the harmony of Uzumaki, he proposed to Uchiha Mikoto.

To know... Everything he did was for the country of Uzumaki.

Anyway, seeing the flashing smile of Boss Madara, Uzumaki knew that he was in charge of his granddaughter!

He probably feeling...

"Hashirama, I won again!"

"Don't be angry." Uzumaki Xin touched Kushina's head and said with a smile, "I..."

He didn't know what to say.

If you continue speaking, you will become a scumbag. You must know that this is a positive novel, and he...

He is the savior who brings hope to the Ninja world!
