

Uzumaki 61

Chapter 61 - New Things to Added

Time wait's for no one.

So Xin's goal for Uzumaki Clan is to popularized Ninja Education, use Ninja in production and life, at the same time clarify the level of Ninja and the danger of each base on a designated system.

There's also the new school system, combination of the school education system in his past life and the Ninja education system.

The six years ninja apprentice is the elementary school, the lower ninja is the middle school, the middle ninja is divided into high school.

The Upper Nina is the University alevem, the Peak Level is the Graduate Students, next is the higher education.

Any Joni or Elite Jonin ehi graduated with highest grade has the chance to enter the Holy Land and learn Sage Mode, while other who fail to be chosen will be guide to the next level of training they need, that's when the 'Profession' Class is going to be divide.

There's only, right now there's only Four Type of Ninja Class and One Special Type.

Assault Ninja

Assault Ninja are Ninja who specializes in a combat base situation, to be fair, every Ninja should be able to assume this role whenever the situation arises.

After all, this is a pretty much the basic that would be though to every Ninja sinse they were small, because a big part of Ninjutsu are pretty much .Ade for Offensive purpose, while Taijutsu is a pure art of attack.

Sensor Ninja

Sensor Ninja are Ninja who specializes in detection. This type of Ninja can detect enemies movements and existence instantly and accurately.

Some of them gain this ability through training, while other are born with extremely sensitive senses.

A great Sensor Ninja will be able to accurately pinpoint an enemy location, their number, and they can even tell who is the person is if they meet them before.

Medic Ninja

As name suggest, Medic Ninja can be said to be the doctor in the Ninja World. However, unlike regular doctor who work with their scalpel and needles, medic Ninja mostly work by imbuing their chakra into the patient.

An adept Medic Ninja can easily perform anything from basic first aid to complex medical procedure, and since they have extensive knowledge of human anatomy, some of them can also become quite terrifying attacker.

Intelligence Ninja

This type of Ninja specializes in gathering information. This is actually the most versatile type of Ninja, because being an intelligence operative means utilizing tons of different skills, such as scouting, spying, sneaking, interrogation, disguising, and many others.

Which is why the aforementioned sensor Ninja are usually great at gathering intelligence as well.

Black Ops Ninja (Ambu)

Ambu Ninja specialize in doing top secret mission that are usually illegal, such as assassination or being a saboteur.

They are pretty much the one who did the dirty work for the whole Village, they operate in secret and not even high rank Ninja in the village know who they are.

All five types of Ninja mentioned are an important part of every Village, some admittedly have much more difficult and dangerous jobs than the others, but it still takes all five of them to make a strong Village.

Of course, there's also one who is rare and not everyone can have.

Sealing Class Ninja

Just like the name, they are specialized in sealing techniques and sealing things, most of them are from powerful clans and holders of Blood Limits.

Of course, the only Ninja Clan can be said as true Sealing Class Ninja is the Uzumaki Clan, known for their own Sealing Art and expertise in sealing.

There's also a need to develop modern things like science and technology, this too is indispensable for a powerful country.

It is estimated that after developing in this way, a few decades later, the strength of the Uzumaki Clan can be top form in all Great Ninja Villages.

The number of

Shinobi will definitely be terrifying in number and strength.
