Chapter 611: Hiruko's Bitterness

"Didn't you catch up?" Hiruko muttered, covering his wound with a bitter smile on his face, "Sure enough..."

"Even if I have become Jonin, the village still looks down on me."

How else can you stop chasing halfway through?

He guess they think they are dispensable, especially now that the forbidden technique has not been studied successfully...

"Konoha..." Hiruko looked at Konoha's direction with complicated eyes, sighed, and clenched his fists, "I will definitely be back again."

Why does everyone have six years of compulsory education, Jiraiya and the three of them can become three ninjas, and their reputations are well-known in the ninja world?

And he...

But it was only because of luck that he became a Jonin.

Is it just because they worshipped a Hokage's master?

To know...

Back then, Jiraiya was the last to last in school with him, and the second to last!

"Genius, heh~" Hiruko whispered with a bitter smile on his lips, "I really am a trash!"

But he believes...

Relying on Dark Release, he would definitely be able to surpass Jiraiya and Orochimaru.

Because this technique was created by himself.

"If it's not for congenital deficiency." Hiruko whispered slightly upward, and sneered, "I will definitely succeed."

He was a genius...

If it weren't for the body's inability, he would have surpassed Jirai a long time ago.

and so...

"Jiraiya, Orochimaru..." Hiruko murmured, "I will prove that I am better than all of you..."

And at this moment...

"This boy!"

A long voice came out.

"Do you want to realize your own value? Do you want to be admired by thousands of people? Do you want your reputation to be heard through the Ninja World?"

"If you want..."

"Just sign this contract!"

...

Uzumaki Kingdom

Today, there is a big event in the Uzumaki Kingdom.

All the citizens have seen the giant ships and the strange equipment suddenly appearing in the eastern seas, and their hearts are immediately full of excitement.

If the Uzumaki Kingdom really expands, they will join the Uzumaki Kingdom.

Nationality will definitely be much easier.

Especially those migrant workers who have just been here for a few years have worked here for two years and are more eager to settle here.

After all. Only here can they support themselves and their families on their own.

No matter what the job is, as long as you work hard, the monthly salary can not only feed and warm a family of three, but even have a little surplus.

This is simply something they didn't dare to imagine before, so how much they hope to join the country of the vortex, and even be able to praise some money.

Buy a house here so that your offspring will not continue to be displaced, endure the cold and endure hunger.

And so all of them are watching, and their hearts are longing, the newly reclaimed land has a place for them.

Chapter 612: Madara's Attack, Xin's Offer

"Are you here?" Madara's closed eyes suddenly opened, looking at the black and white that suddenly appeared in front of her, and said lightly, "Finally."

Madara slept really uncomfortably today. It was too noisy. It has been noisy since morning.

It's not easy for him to take a break and get some sun at his age!

"Master Madara." Black Zetsu nodded and said respectfully, "It's time to leave."

"Yes!" Madara nodded and said with emotion, "It's time to leave, it's been so long."

Then, quietly watching Black Zetsu....

"Master Madara, is there anything else?" Black Zetsu said with a heartbeat, seeming to have a bad feeling, "If it's okay, let's leave now."

Otherwise, after the Uzumaki comes, they won't be able to run away.

"Nothing." Madara's mouth raised slightly and asked faintly, "I just want to ask you one thing."

"What's the matter?" Black Zetsu asked absolutely curiously, "Master Madara."

"It's..." Madara opened his eyes suddenly, "Are you lying to me?"

Suddenly, he shouted...

"Illusory..."

...

"Who are you?" Hiruko narrowed his eyes and said, looking at the red-haired man who suddenly appeared in front of him, "What do you want to do?"

"Don't be nervous." Uzumaki Xin said with a smile on his face, spreading his hands, "I am not malicious."

"Introduce yourself first."

"In the country of Uzumaki, the current Daimyo, Uzumaki Xin."

"That youngest shadow in the Ninja world?" Hiruko sneered, "Are you a genius again?"

"..."

How big is this kid's jealousy!

Uzumaki Xin mentally mmp, but with a smile on his face, said, "No, no..."

"In my opinion you are also a genius."

"Are you taunting me?" Hiruko squeezed kunai tightly, and snorted coldly, "What can I do for you?"

Suddenly appeared in front of him, and said that he was not malicious.

It seems that this person wants something from me!

Hiruko looked at Uzumaki Xin with a fluctuating expression, knowing that there is only one valuable in him, that is...

He created his own Dark Release!

But this is impossible to hand over.

"Don't dream." Hiruko looked at Xin fiercely, and said, "I won't hand over the Dark Release!"

This is his hope beyond Jiraiya and Orochimaru!

"..."

Uzumaki Xin sounded stunned.

What are you talking about?

Dark Release?

Who wants this stuff? Is his system easy to use?

He could only sigh helplessly, squinted, and said with a smile, "What I want is not the Dark Release, but..."

"You!!"

"The future biologist in Uzumaki Country!"

Chapter 613: White Zetsu's Hardship

He just left for a while, and will never show up?

It seems that this Black Zetsu has been avoiding him...

Premeditated!

Uzumaki Xin looked at the ruined villa in front of him, sighed, and said, "Fortunately, Boss Madara has paid off the mortgage."

Otherwise, not only the house is gone, but you have to continue to pay the mortgage, thinking about how old you are, how pitiful it is!

However Boss Madara was immediately unhappy. He blew his nose and stared at Uzumaki Xin, and said, "Boy, what did you say?"

"Oh, it's okay." Xin said with a smile, "It will definitely be able to rebuild with your pension and White Zetsu's salary, don't worry."

"..."

Who is worried about this?

Madara looked at Uzumaki Xin speechlessly. The kid's thinking was even better than that of the pillars. He sighed and said, "I mean, he has escaped now."

In particular, I was shocked by the grass.

"What should I do later?"

"It's okay." Uzumaki Xin said with a smile, "He can't turn the waves."

Isn't he just a filial son in the Ninja world?

Let alone a weak chicken, even if he calls his mother, he is not afraid of Uzumaki!

"It's up to you." Madara sighed and said, "I won't live long."

Especially after using the eyes of reincarnation, now the body is more vacant.

"Ninja World is after all you younger generations."

He finally understood what Hashirama said back then...

Ninja World belongs to young people.

"Hashirama..." Madara suddenly smiled, shook his head, and murmured, "What you said is not all nonsense!"

And at this moment...

"Master Ban." White Zetsu also rushed back, watching the house he had fortunately confessed turned into ruins, and suddenly jumped his feet and said, "Who did it?"

For so many years...

Is it easy?

Madara looked at White Zetsu and immediately squinted his eyes. Finally, he thought of White Zetsu's painstaking care of him over the past few years, buying him toffee, tofu flowers, health care products, and pushing him out for a walk when he was free. ,even...

He even bought this house.

He sighed inwardly, expressionless, and said faintly, "I did it."

"You..." Hearing that it was Master Madara, White Zetsu immediately disappeared, scratching his head happily, and said, "Master Madan did a good job, but it was so beautiful."

"..."

Uzumaki Xin next to him looked at Madara and White Zetsu with a speechless expression. He also thought that Boss Madara's violent temper would definitely seal White Zetsu's land-explosive star. He didn't expect...

Boss Madara has really changed!

Chapter 614: New Home

"Xin." Uchiha Mikoto also ran over with a worried look, then, looking at Uzumaki Xin, blushed and said, "What happened?"

"It's okay." Uzumaki Xin looked at Uchiha Mikoto like this, took her hand and said with a smile, "Boss Madara suddenly practiced ninjutsu and then demolished the house."

After all, Mikoto will definitely be a gentle wife.

Uchiha Mikoto looked at Grandpa Madara and complained, "Why doesn't Grandpa Madara test ninjutsu go to a wider place?"

Looking at the house that has been in ruins.

She sighed, "Or Grandpa Madara and Teacher Zetsu will go to live with me during this period of time?"

It seems that she can't live here.

He hummed coldly, turned his head, did not answer Uchiha Mikoto, but looked at Uzumaki Xin, and said faintly, "Is the academy house still there?"

He really didn't want to go to the station of the Uchiha clan.

"Yes." Xin nodded and said, "It has not been assigned to other teachers."

After all, it is the house where Boss Madara works as a teacher in Uzumaki, and he will surely be able to collect tickets for the attraction in the future.

Therefore, he did not destroy at all.

"Push me over." Madara looked at Uchiha Mikoto and said with a cold snort.

"Grandpa Madara..." Mikoto stopped talking, but seeing Grandpa Ban's determined expression, she could only agree.

She can also take care of Grandpa Madara at the college anyway.

Just when Uchiha Mikoto pushed Grandpa Madara and nodded apologetically to Uzumaki Xin...

"Huh." Madara snorted to Uzumaki Xuin, and said lightly, "Don't bully Mikoto, or else..."

"The old man will beat you up."

When Uzumaki heard Madara's words, he smiled helplessly, and sighed inwardly as he looked at the back of Uchiha Mikoto and Madara who had left.

Grandpa Madara...

She don't know if Hashirama knows that his friends have become like this, will he be happy?

And at this moment...

"That..." White Zetsu leaned over with a sullen face, pointed to the house, and said, "Is there any compensation?"

"Sorry." Uzumaki Xin sighed, shook his head, and said regretfully, "This is man-made, and Uzumaki Kingdom will not compensate."

Try hard to rebuild it with money.

"Can it be cheaper then?" White Zetsu poked his hand and said embarrassingly, "Anyway, Madara and I are public officials in the Uzumaki Kingdom."

He have contributed so much to the education of Uzumaki, so a 50% discount can't be overstated.

"Oh." Uzumaki Xin patted White Zetsu on the shoulder, sighed, and said, "When I go back to the Ministry of Infrastructure and inquire about it, let me just say what I said."

Indeed, White Zetsu's money has been used to buy health care products and sweets, and his money is definitely not enough to rebuild.

After thinking about the contributions of Boss Madara and White Zetsu in the past few years, don't be too cruel.

Chapter 615: Jiraiya and Xin

"The Daimyo of the Uzumaki Kingdom." Jiraiya also looked at Uzumaki Xin who walked in front of him, folded his hands on his chest, and said faintly, "The youngest shadow in the Ninja World..."

"Uzumaki Xin."

He arrived when he felt the movement, but...

After coming here, things are over, only an old man in a wheelchair and a house in ruins are left.

Really such a pity!

That villa must be expensive!

"Konoha Sannin..." Uzumaki Xin said with a smile on his face, "Mount Myōboku Toad Sage is here."

It's been so many years.

He has never been to see Jiraiya, but he didn't expect to see him today.

Why doesn't this horny fairy go to find a decent job!

"Wrong!"

Jiraiya shook his head, and said seriously, "You missed the most important point."

"..."

Which point?

Uzumaki Xin looked at Jiraiya with a puzzled face. Could it be that he is a famous writer of H in the future?

"Oh." Seeing Uzumaki Xin's puzzled expression, Jiraiya also sighed, raised his head melancholy at a 45-degree angle, and said, "The dream of thousands of young girls in the Ninja world."

"..."

" ... "

Uzumaki Xin looked at him speechlessly, and said angrily, "What are you waiting for me?"

He knew it, and he secretly sent a message to him, he must be waiting for him, but...

Need to borrow money for an interview!

The following ninjas have given him a lot of information, this old gangster...

Borrow money everywhere but don't repay it.

"Ahem!" Hearing what Xin said, Jiraiya finally remembered the important things, and said with a serious face, "What happened just now?"

Such a loud noise, there is so much power.

It's definitely not easy, especially when he saw a black and white figure...

He, the Mount Myōboku Toad Sage, he felt in his heart...

This matter is definitely not simple.

"What happened!" Hearing Jiraiya's words, Uzumaki Xin suddenly narrowed his eyes. As...

Famous directors and screenwriters in the ninja world have...

Good idea.

Sighed...

He raised his head, looked at Jiraiya with emotion, and said, "This matter must start from..."

Chapter 616: Black Zetsu's Pain

"Damn it!" Black Zetsu said with a black face, "It seems that our plan has been exposed."

How did Master Madara know?

Or in other words, who told him.

"It's that kid." Black Zetsu spread out his hand and said helplessly, "I exchanged spores with White Zetsu when I went."

They were exhausted outside, but those two were actually teachers of the people in the country of the Uzumaki?

Sure enough, the mentally retarded White Zetsu, has he forgotten their great goal?

"Uzumaki Xun..." Black Zetsu's black face turned blue when he heard White Zetsu's words, and said angrily, "I think that nasty kid must know something."

Where did he know?

Is it Yui...

Impossible, that unfilial son would be over long ago, but if it weren't for him...

"Who would it be?" Black Zetsu frowned and said, "It seems we need to be more careful in our future actions."

Having been undercover for thousands of years, he didn't even know who else knew his secret, after all...

He killed everyone to death!

Of course, except for a certain toad...

"What should I do now?" Black Zetsu sighed and said, "The eye of reincarnation is definitely not to be lost!"

"This..." Black Zetsu was silent for a while, sighed, and said, "When Madara is dead, I think Madara will not live long."

The eye of reincarnation is the most important thing to save mother, so he has to get it no matter what.

For the kaleidoscope he got a few years ago, he did experiments to see if he could open the eyes of reincarnation, but...

Any solution has failed.

It seems... It is not only the descendants of Hagoromo who want to open the eyes of reincarnation, there must be something in it.

Therefore, he didn't dare to gamble on whether anyone from Hamura's descendants could open it.

"Where is that kid?" Black Zetsu scratched his head and said, "Even if Madara is dead, that kid still knows our plan."

In any case, there is no way to bypass him!

"..."

Hearing White Zetsu's words, Black Zetsu sighed helplessly, this is the reason!

Now he don't know how much the kid and Madara know, just know that he just cheated Madara, or...

Everything is known.

If it is the latter, it is dangerous.

After all, no ninja would want to see his mother appear.

"Wait!"

Black Zetsu gritted his teeth and said, "Wait until he is dead."

Chapter 617: Fooling Jiraiya

"So that's the case." Jiraiya also nodded, looking at the joy of Uzumaki Xin's hand, wiped the saliva on his mouth, and said with a serious face, "They really came to collect the legendary cutting tools."

This is a national treasure!

The old and valuable kind, if you get it by yourself...

What kind of job are you looking for then?

It's okay to collect materials every day!

"So the Uzumaki Kingdom and Akatsuki don't know what the goddess alliance wants to do?" Jiraiya also touched his chin and murmured, "It looks like the situation is a bit troublesome!"

The enemy is dark and we are bright...

It's easy to suffer!

"No." Uzumaki Xin carefully held the fire with joy, and said seriously, "According to our investigation organized by Dawn, this goddess alliance has existed a long time ago."

"Although I still don't know what they want to do so far."

Uzumaki Xin look at Jiraiya., with a serious tone, said, "According to our speculation, they seem to want to summon something or turn on this kind of cutting tool."

"But what is certain is..."

"They are absolutely doing bad things."

It just so happens that I don't know how to deal with this batch of cutting tools, since you jumped out by yourself...

He can only wish you happiness.

"So, we must be careful." Uzumaki Xin looked at Jiraiya seriously, "We can't let them succeed."

"It seems that I have to say something to the old man." Jiraiya also nodded in agreement, and said, "It's just that cutting tool..."

"This was obtained by Akatsuki by accident. I commissioned Uzumaki to auction it. Then I will ask someone to send it to the Iron Country for auction."

Uzumaki Xin said righteously, "This cutting tool shouldn't be the Uzumaki country can do. own."

So, it's better to realize it!

"Just take this opportunity to launch the Five Shadows League." Uzumaki Xin looked worried about Ninja World, sighed, and said, "Our Uzumaki Kingdom..."

"A small country and a few people will not join in the fun."

"But..." Uzumaki Xin raised his head, looking at Jiraiya with clear eyes, "No matter what the outcome of the Five Shadows' discussions is in the end, our Uzumaki Kingdom will obey the command."

"For the safety of the Ninja World, I will never hold back."

So, this ninja sword is your five big ninja villages to compete, Uzumaki country only needs money!

"You..." Hearing Uzumaki Xin's words, Jiraiya was immediately moved. Unexpectedly, there is such a person in the Ninja World who is dedicated to the peace and selflessness of the Ninja World. He sighed and said, "Don't worry, this tool..."

"I will never let Uzumaki Country suffer."

Chapter 618: Fooling Jiraiya 2

"I will never let Uzumaki Country suffer."

Hearing Jiraiya's words, Uzumaki Xin nodded in satisfaction, but still showed a trace of reluctance on his face, and said with regret, "It doesn't matter, it's all for the peace of Ninja world."

Uzumaki Xin is such a just and selfless person.

Jiraiya also sighed, and looked at Uzumaki with appreciation in his eyes, and felt a sigh of emotion in his heart. It is worthy of being the youngest shadow in the Ninja world, and he is worthy of being able to create a pure land like the Uzumaki Kingdom. If it is really the son of destiny...

Damn it!

Jiraiya seemed to be thinking of something, he patted his head fiercely, and said, "I almost forgot about the Big Toad Immortal handed over to me."

Then, looking at Uzumaki Xin seriously, "Big Toad Immortal" I invite you to visit Mount Myōboku."

It seems that this kid might really be the son of destiny, otherwise...

How could the big toad immortal invite him?

Hearing Jiraiya's words, Uzumaki Xin looked at him incomprehensibly, why did he go to Mount Myōboku?

You know he doesn't cute toads!

Of course, he have eaten a lot of stir-fried frogs. The special food of Uzumaki country is very popular.

Uzumaki Xin squinted his eyes and said with a smile, "Yes, when?"

It was the mysterious big toad immortal who wanted to see him. Why on earth?

Do you already know that he wants to release Kaguya, Jiraiya's true purpose, planning to send him to the Mount Myōboku group fight?

It's just a group of toads, and it's not sure who beats anyone.

"Tomorrow." Jiraiya frowned, thought for a moment and said, "I want to go to Mount Myōboku and talk about it."

The foreign population hasn't signed a contract!

Say it for sure.

"It's so." Uzumaki nodded and said, "If there is nothing to do, I will leave first. There are still many things to do in Uzumaki Kingdom?"

"Wait a minute." Jiraiya also hurriedly stopped Uzumaki Xin, licked his face and leaned forward cheerfully, and said embarrassedly, "I need your help with something."

What's the matter?

When Uzumaki saw that Jiraiya looked like this, he frowned. Could it be...

Borrow money for free!

Hurry up and put on an expression that I'm not familiar with you. When you want to escape from the Thunder God...

Jiraiya also poked his hands, looked around, and whispered, "I just want you to go through the back door..."

Chapter 619: Hiruko and Jiraiya

After listening to Jiraiya's words, Uzumaki Xin suddenly couldn't laugh or cry. It turned out to be this!

Just, when did Jiraiya apply for a teacher position?

Why doesn't he know?

At last, after patting his chest as the name of the Uzumaki country, he promised to tell the academy to make him a great Uzumaki people's teacher

Since then, he left contentedly.

Xin shook his head helplessly, and he waited for Jiraiya to become a teacher too, but he didn't expect the college to shut him out.

Really, are political trials so strict now?

Isn't it just the crimes of not paying back the money you owe, cheating children, running red lights, driving without a license, etc. that even his name, the country of the vortex, can't remember?

Really, this is in the original world, and Jiraiya will definitely not find a job!

But it is undeniable that he is quite qualified as a teacher.

Just look at the apprentice he taught

Two Hokage, three peace-loving gangsters, and one Hokage's grandson

The country of the Uzumaki needs such a special teacher!

It's just that the mind certainly cannot be taught by Jiraiya too, he doesn't want a large number of little ghosts to appear in the country of Uzumaki!

"Let's talk to the patriarch." Xin sighed and said, "Special talents must be treated specially, at most."

Keep wages down!

.....

Hiruko looked at the laboratory in front of him and sighed. He knew that it was impossible for him to escape.

Especially when you see the black scroll symbol on your hand, maybe

Hiruko can't live without it for the rest of my life.

"I hope he can keep his promise." Hiruko murmured, "Or else."

He will definitely let Uzumaki know that he is not easy to mess with either.

Five years

As long as five years later, he will let himself go.

And during this period of time, as long as it does not harm the interests and people of Uzumaki Kingdom, he will not ban his experiments and even give him everything he wants.

Glory and fame!

Hiruko clenched his fists and walked to his office

He will definitely pass the tail of the crane from Jiraiya.

When he came here, the Uzumaki country daimyo took him to familiarize himself with the environment, and met the person in charge here by the way.

An old man with pale hair and trembling walking.

But his status seems to be quite high.

It seems that he has made a huge contribution to the scientific research of the country of Uzumaki. Anyway, people in the scientific research institute respect him very much.

Not the respect of the ninja, but

He can't see it either.

Hiruko sat in his seat and opened the file on the table. This was the scientific research project he needed to carry out.

There was a sneer on his face.

No matter how upright you are, in the end, isn't it the same as the hypocritical Konoha?

Taboo Ninjutsu!

.....

Chapter 620: Xin's 'Evil' Plan

No matter which Shinobi village, the country will study it secretly.

However, when seeing the items in the file, Hiruko's face suddenly turned green.

"Artificial Ninja Beast Project."

This is quite normal, but the latter

"New Plant Cultivation Project 1 New Type Corn."

"New Plant Cultivation Program 2 New Type Rice."

"New Plant Cultivation Program"

"GMO Project"

"Life Potion Promotion Plan"

There are plants and animals, and there are records of previous experiments on them.

"Life potion?" Hiruko frowned and murmured, "What the hell did it come from?"

Unexpectedly, Uzumaki Country would actually want him, a magnificent Konoha biologist genius, to study this kind of thing.

The price is too low.

However, Hiruko touched the scroll on his right hand

Let's finish the task quickly and get through five years.

During this period of time, he was able to perfect his Dark Release, and he would surely be able to surprise Konoha Sannin by then.

The corners of his mouth rose slightly, and he murmured, "I wonder if Jiraiya will be surprised when they see a brand new me?"

Hum!

He will let everyone know that he is also a genius.

...

"So, is this Fire Delight finally able to be auctioned?" Kakuzu squinted and said, "This time I need a cough, which Shinobi village to sell to?"

Tens of billions!

He doesn't care who is pitted, as long as he has money.

"Iron Nation." Xin said with a smile, "You will go to the Iron Nation then."

"The Five Great Ninja Villages will hold the Five Shadows Conference and auction this Ninja sword to them by the way."

"Five Shadows Conference?" When Kakuzu heard the words of Uzumaki Xin, he frowned and said, "What is going to happen again?"

"It has nothing to do with our country of Uzumaki." Uzumaki Xin shook his head, with a mysterious smile on the corner of his mouth, and said, "It's just that a certain millennium dutiful son is going to be in danger."

"In that case," Kakuzu thought for a moment, and said, "Do you want to sell it to a certain Shinobi village?"

Such as, Hidden mist village?

It happened that Frostmourne was in Konoha, and after selling this joy of fire to Mist Village, the two Ninja Villages would definitely fight.

"No." Uzumaki Xin said righteously, "The most important thing we do in business is integrity, so this time."

"The higher the price is!"

It was just a few days before he had to go out to perfect the script.

"We can't sell it to someone just because a certain Shinobi village is nice to us." Uzumaki Xin looked at Kakuzu seriously, and sighed in disappointment, "Comrade Kakuzu!"

"You can't be conscious of your mind!"

How has it changed?

Know that you never asked this kind of question before.

"..."

Believe you a ghost!
