

Uzumaki 621

Chapter 621: Toad Food

Kakuzu looked at Uzumaki Xin speechlessly. If it hadn't been for selling arms with you for a few years, I would have almost believed it.

It is estimated that none of the Five Ninja Villages has a good relationship with Uzumaki Country.

If you add those blood-family families who were abducted and abducted back from the country of the Uzumaki.

People want to choke us to death!

"I understand." Kakuzu nodded and said, "Give it to whoever pays more."

It's right to listen to the boss.

After all, he is a simple person, and there are not so many twists and turns in his mind.

...

Mount Myōboku

"Master Shima, Master Fukasaku." Jiraiya looked at the two old and small toads in front of him, and said, "Where is the big toad immortal?"

He glanced at the table rice bowl in front of Mr. Fukasaku

He didn't seem to be here at a very good time!

"Oh, it's Jiraiya!" Shima saw Jiraiya, put down the dishes and said, "Did you eat it?"

"The old lady has made a lot of what you like to eat. Sit down and eat together."

Who likes to eat it?

Jiraiya hurriedly waved his hand and said, "No, I'm already full."

Looking at the disgusting bug, Jiraiya also felt that he should finish the matter quickly, otherwise, what should Master Shima leave him for dinner?

He has had enough of bugs.

"It's what the Big Toad Immortal told me last time, so, so, and so."

"This matter!" Fukasaku frowned and said, "The Great Immortal also told me that since I have found it, Xiao Zilai will bring it over tomorrow."

"I let Shima be more bugs."

"Don't let frog of Mount Myōboku neglect the guests."

"..."

Heard the words of Fukasaku, Jiraiya suddenly felt in her heart that she would be nice and open up tomorrow?

Otherwise, what should he do if he gets angry when he sees that he has brought him to eat insects?

His position depends on him!

"No need, no need." Jiraiya also sneered, and said, "We may be here later tomorrow."

Tomorrow, let that kid bring more canned food!

He quickly went back to reverse spiritism.

At this moment

"How about Jiraiya?" Shima walked out with the food, and said, "Why don't you stay and eat together?"

"He said he was full." Fukasaku picked up a bug and said, "Today's bugs are so delicious, tomorrow's words."

"Do the same."

Although Jiraiya said no, but

They are frog of Mount Myōboku can't lose the face of toad!

Therefore, if you have a visitor, you must let him taste the authentic delicacies of Mount Myōboku.

He believe he will like it.

Chapter 622: White Zetsu's Discount

White Zetsu felt that he had to spend the last ten years on his way to pay off his debts.

Obviously, I have worked so hard to repay the loan money for the villa, but I didn't expect that after a long time, the villa was blasted into ruins by Lord Madara.

My heart was full of complaints, not to Lord Madara, but to Black Zetsu...

Can't you change places in a fight?

"Nine to 10% off!!" White Zetsu sighed inwardly and murmured, "I have to pay back that much again!"

Originally, he should go to the Ministry of Infrastructure to apply for reconstruction today, because Master Xin said that he would give a discount...

According to the face of the name of the country of the vortex, there is no three or four discounts, at least 50% off!

Result...

White Zetsu felt that she was still too innocent, and he didn't expect that a nine-tenth percentile discount would also be a discount...

Anyway, when he went to apply for reconstruction, he inquired about the Ministry of Infrastructure and pointed out that His Highness Xin had said that there was a discount.

However, the person in charge of the Ministry of Infrastructure said directly that although His Royal Highness Xin had an oral order, because the finance minister of the country of financial return, he said that the horns of the black face god are in charge of the adults, so White Zetsui must show relevant certificates, and he also needs to reapply for the loan.

Ready to rebuild, after all, he...

No money.

Then, White Zetsu thought about it anyway, so he ran to the finance department.

He is quite familiar with the Finance Department. He used to come over every other month to pay off his debts. Therefore, when he arrived at the place, he went to the responsible window to apply for a loan, and his Highness Xin promised a discount.

Result...

"There is no such precedent above."

The person in charge explained the situation to White Zetsu earnestly, and when he saw White Zetsu's disappointed expression, he said that he would consult with their Chancellor of Finance.

So, White Zetsu waited there all afternoon, and then, after receiving a relevant certificate of 9.10% off and asking him to repay the loan on time, the person in charge called him away confusedly and told him not to block his team.

Looking at the 9.10% discount statement in his hand, White Zetsu was immediately disappointed. He hurried to His Royal Highness Xin's office and asked him if he could see if everyone used to work under Master Madara's face and fight more. A few discounts.

Result...

No one is here!

Listening to the words of Secretary Xin, it seems that he was taken away by a white-haired young man.

At this moment, White Zetsu finally understood that he could only receive this discount.

"It's really worthy of being the black-faced god of the Uzumaki Kingdom!" White Zetsu said with emotion.

Originally, he didn't believe how stingy the Minister of Finance of the Uzumaki Kingdom was, but now...

He finally believed it!

"It's stingy." White Zetsu spit on the ground fiercely. Then, looking at the discount statement and loan information in his hand, he sighed and murmured, "That's it!"

.....

Chapter 623: Jiraiya Discovered Some Secret

"Yawn, yawn." Uzumaki Xin rubbed his nose and murmured, "Who is thinking of me?"

"Hehe." Jiraiya also saw Uzumaki Xin sneezing, and he immediately glamorously put his arms around Uzumaki Xin's shoulders, and said, "It must be the innocent girl who was abandoned by you and cursed you in her heart."

Regarding the marriage of Uzumaki Daimyo...

Basically everyone in the Uzumaki Kingdom knows, and there are even some unknown gossips.

Really deserve it!

Uzumaki Xin looked at Jiraiya slantingly. He didn't know that he could only write "Affectionate Paradise" to make up for it. What qualifications did the single dog who had been single for fifty years with the material to laugh at him?

Is it because of Kato Den's death?

Not to mention...

The chick Anzi and the great eagle's ambition.

He disdains to explain to single dogs.

Seeing Uzumaki Xin's eyes, Jiraiya was choked, of course he understood the meaning of the red-haired boy's eyes.

Angrily cursed in his heart, "What a nasty kid!"

Then, she flung her white hair coolly, and said sadly, "As a wind-like man..."

"You don't understand the art I pursue."

Especially he is still the dream of thousands of girls in the Ninja world. If Tsunade is taken, other girls will be sad, so...

Tsunade can only be wronged.

He really don't understand the little girl now. It's obvious that he is more handsome, more powerful, and more humorous since then. Why doesn't anyone like him?

"So that's it!"

Uzumaki Xin nodded suddenly, and said with emotion. "I didn't expect you to be so great."

He sighed and looked at Jiraiya, "Originally I planned to spread the country of the Uzumaki. Taught you the thousand-year-old secrets of picking up girls."

"Now it seems..."

"I am passionate about myself."

Uzumaki Xin shook his head regretfully, and said, "In that case, forget it."

Leave a dazed Jiraiya also.

"???"

Uzumaki country has this kind of cheat, and... Spread for thousands of years?

Is it still useful for so long?

But thinking about the situation of the kid in front of him, Jiraiya was suddenly full of doubts... perhaps...

Really useful?

Otherwise, he is obviously better than him, so why don't little girls like it?

What he lacked from the Toad Immortal and the name of this vortex country was just a secret book.

Thinking of this, Jiraiya's eyes lit up. He seemed to have discovered some secret...

Chapter 624: Great Toad Sage

He poked his hand with a smile on his face, and said embarrassedly, "That..."

"Although the toad immortal is so good, I don't mind being better."

Uzumaki Xin looked at Jiraiya with a speechless expression, he really deserves to be a famous writer who can write "Icha Icha Paradise" in the future!

"Since they are all so good." Uzumaki Xin said helplessly, "Then for the sake of the thousands of girls in the Ninja world, let's go."

"I want it, I want it." Jiraiya also nodded quickly and said with a serious face, "Let me criticize and criticize, and see what needs to be revised."

"You know I'm the dream of thousands of girls in the Ninja world!"

"..."

I'm still a billion girls!

This shameless energy, being able to be single for so long, needless to say, definitely depends on strength.

Uzumaki Xin psychic produced the secret book for picking up girls, handed it to him helplessly, and said, "Stop talking, I'll give it to you."

He was afraid of hitting someone if he heard it!

And Jiraiya was also reading the book, and quickly took it over with excitement. With a touch of his hand, he suddenly felt puzzled. Isn't it passed for thousands of years?

Why is it so new?

Uzumaki Xin rolled his eyes. Of course it was new. After all, it was going to be spread for thousands of years, not for thousands of years. You must know that this book is...

Jiraiya didn't care either, maybe it's the book love of the country of Uzumaki? Open the book quickly, look at the first page with a pilgrimage, and then...

The face suddenly turned green.

What the hell is this! !

He saw it said...

"Licking the dog, licking to the end there is nothing"

"—— Uzumaki"

.....

Mount Myōboku

"Great Immortal." Fukasaku looked at the big toad immortal who was paralyzed on a chair with a black horizontal hat and half-squinted, and said, "The red-haired kid you mentioned has been brought here."

"..."

Hearing Fukasaku's words, Great Toad Sage suddenly opened his eyes, then squinted again, and said faintly in an old voice, "Is it finally here?"

"Tell him I haven't woken up yet."

"Take him to the trial of Mount Myōboku."

Hearing the words of Great Toad Sage, Fukasaku suddenly widened his eyes and said, "That contract..."

You know that the trial of Mount Myōboku is the practice of immortals!

Basically, those who can practice have to sign a contract with MMount Myōboku. Jiraiya is like that, but because of his lack of talent, he has only cultivated half a bucket of water up to now.

That red-haired kid...

Is it to make him become Jiraiya's apprentice?

Or Junior Brother?

Chapter 625: Jiraiya's New Inspiration

Although this book was written by the nasty kid in front of you, it is beyond doubt...

This is a good book!

Jiraiya also looked at the book in his hand with emotion, flipping it with relish, just reading a few pages, he actually had a sudden sense of openness, it turned out that there are so many ways to pick up girls!

Jiraiya suddenly felt...

Tsunade can't escape his palm anymore.

The corners of Jiraiya's mouth rose slightly, revealing a wretched smile, and murmured, "That's how it is, that's how it is."

It seems that he used to lick too much.

Otherwise, With his handsome appearance and the strength comparable to the god of Ninja, how could Tsunade dislike him?

It makes no sense!

Now he understands that what he can't get is always in a commotion.

So, next time he goes back, he will tell Tsunade...

He also, The man you will never get!

however, Uzumaki Xin next to him looked at Jiraiya's weird expression. Reading this kind of book can show this kind of smile. It is estimated that there is no one other than the author of "In Love in Heaven".

This BOOK ability is too strong!

Of course, now Uzumaki Xin didn't know what Jiraiya was thinking.

If he knew it, he would definitely look at Jiraiya with a foolish look.

Do you really think Tsunade rejected you because you licked too much?

That's because you are not only ugly, but also wretched compared to Old Wang Next Door!

If you continue to lick like this, there is probably still a glimmer of hope, once you give up...

Since then, he really have to be single for a lifetime!

After all, a handsome person, even if you just ask her to eat a big white rabbit toffee, they will be moved, but if they look ugly...

Apart from licking, relying on perseverance to impress the goddess, there is no other way.

Although he don't know what Jiraiya is thinking about, but...

Maelstrom felt that he shouldn't disturb others and let him dream slowly.

Perhaps, Jiraiya is also in the present, I can only think about the future, and dreaming by the way.

.....

Chapter 626: Xin's 'Good' Plan for Mount Myōboku

"It's worthy of the Three Holy Land."

Looking at the surrounding scenery, Uzumaki Xin said with emotion, "It's so beautiful!"

After arriving at Mount Myōboku, he didn't rush to find the big toad immortal, but walked around nearby, and just glanced at it in the anime that year.

He didn't expect that when I actually saw it, it was more beautiful than in the anime.

"Isn't it pretty?" Jiraiya looked at Uzumaki Xin and said cheerfully, "Know that this is one of the three holy places!"

As for the book...

He wants to stay until the evening to worship seriously... Criticize it.

This is not the time to watch this.

Then, looking at Uzumaki Xin with a complicated expression on his face, he didn't expect that this kid would actually write a book, and the book he wrote was still...

You really deserve to be someone who can create a new era in the Uzumaki Kingdom!

He always believed that he would become a great writer even better than this kid.

He even wrote a book that surpassed "Cheats for Picking Up Girls"!

"What's the matter?" Xin shuddered suddenly when he saw Jiraiya looking at him with a complicated expression.

Wouldn't he be silly reading a book?

"It's nothing." Jiraiya came back to his senses, looked at Mount Myōboku, and said, "It's time to go to Master Fukasaku."

"Let's go!" Xin stretched his waist, nodded, and said, "While it's still early, get the job done quickly, and then leave."

He knows...

Mount Myōboku's food is so disgusting.

Therefore, he has no idea to stay here to accompany a group of toads to eat bugs.

As for Mount Myōboku...

Uzumaki Xin looked at the surroundings, with a mysterious smile on the corner of his mouth, murmured, "I will be back again."

This is a 5A-level attraction.

If Uzumaki country can develop this place...

Gee!

It's fun to think about it.

Two tickets for ten thousand silver, plus one hundred thousand at the same time, you can experience the same style of immortal technique cultivation method of the god of Ninja.

As for the different ways of cultivation, can you succeed...

Who knows about the God of Ninja World!

He believe that as the son-in-law of the Uzumaki family, Great Toad Sage would be happy to advertise for Uzumaki Country.

He did so much for the sake of Mount Myōboku!

History tells us that it is inappropriate to shut the country away from the masses...

What?

Are you toads?

What's the matter, as long as it is an intelligent creature.

Moreover, so many people try to practice immortal cultivation, maybe hundreds of thousands, and millions of people have so few lucky ones who succeed?

At that time, you Mount Myōboku will make a lot of money.

What?

Not so much toad oil?

What's the matter in this country of Uzumaki?

We only accept tickets, and do not provide after-sales service and raw materials.

Chapter 627: Wuxia of Mount Myōboku

Just when Uzumaki Xin was thinking wildly about how to convince Mount Myōboku to open...

"Little Jiraiya is here too." Shima looked at Jiraiya and then, looking at Uzumaki Xin, smiled and said, "Is this the little devil that the great fairy said?"

"Yes." Jiraiya also nodded and said, "The current daimyo of Uzumaki Country, Uzumaki Xun." Looking around, "Where is Fukasaku-sama?"

Didn't you say to wait here?

"Old man..." Shima was about to say that when he went to the big toad immortal, he suddenly felt something, and then smiled and said, "I'm back."

Shima walked slowly with his head lowered. He didn't know why the big toad fairy faced the red-haired boy like that. Is there any secret in it?

To know...

Only the Mount Myōboku Biography can learn the Mount Myōboku Trial, but this red-haired kid is not. Even depending on the meaning of the big fairy, whether he agrees to the contract or learns or not, he will follow the red-haired boy.

Deeply thinking about it...

What is so special about that red-haired kid who treats the fat fairy like this?

Moreover, it seems that the immortal doesn't want to see him yet. Why is this?

Could it be...

What did the big toad fairy dream about?

Wuxia?

He already knows it!

Maelstrom Xin looked at the serious work in front of him explaining to himself the dangers of cultivating immortals and the benefits of cultivating immortals, and sighed in his heart.

After so many years, he had already exchanged the three eyes of the legend of the eyes, and by the way, he also raised the level of the white eyes. How could it be possible that he hasn't even exchanged something such as Wuxia's bug?

The big toad immortal called him to come here to arrange for other toads to teach him immortality, and then, sleep by himself?

What do you mean?

Uzumaki Xin hadn't figured out the thoughts of Immortal Toad at all.

Did the Son of Destiny change?

I touched my red hair, and my heart was full of emotion...

Sure enough, only the road of industrial can save the Ninja World!

Chapter 628: Perfect Sage Art

"Actually..." With an embarrassed smile on Uzumaki Xin's face, he said, "I have learned fairy art."

"Yes, this time it's Sage Art Mount Myōboku..." Fukasaku held his hands, and two frog feet walked around in front of Uzumaki Xin, telling him with a serious face what he needs to pay attention to when practicing and What to do once it becomes stone, but...

Suddenly hearing Uzumaki Xin's words, he almost tripped.

Turning his head, looking at Uzumaki Xin seriously, he said, "What did you say?"

He...

Did you hear me wrong just now?

"I have learned that fairy technique." Uzumaki Xin said modestly, "I don't need to learn it again."

Is he the kind of man who wants to learn ninjutsu by himself?

After he was seven years old...

You don't have to rely on yourself anymore.

However, Fukasaku, Shima, and Jiraiya looked at each other, did they misheard?

Turning his head and looking suspiciously at Uzumaki, he said, "Really?"

"Know that it is a fairy technique!"

Ninja world knows that immortality is only available in the three holy places, and it must be practiced with their local specialties.

The appearance after training is a little in line with the characteristics of their three holy places.

Of course, the fewer the characteristics, the less it means.

Sage Art is more perfect.

If you learn, who do you learn from?

Jiraiya also sighed, shook his head, patted Uzumaki Xin's shoulder, and said, "My kid, don't you admit it wrong?"

That's Sage Art!

The immortal arts of the same type as the god of the Ninja World, did you learn it after you learned it?

You think you are a toad immortal.

Uzumaki Xin looked at Jiraiya slantingly. Your strength was just my eight-year-old strength. He pretended to be in front of me and sighed. It seemed that no one would believe that he did not miss a hand.

Close your eyes, then open your eyes.

Satisfied and looked at the person and Toad with a ghostly expression in front of them.

See if I don't scare you to death.

"This..." Jiraiya rubbed his eyes, stared at Uzumaki Xin, touched his eyeshadow, and said suspiciously, "Is it really a fairy?"

Could it be painted?

"Snapped--!"

Fukasaku directly kicked Jiraiya away, and then looked around Uzumaki Xin with a serious face, and said in surprise, "This natural energy..."

You can't go wrong.

"Perfect Sage Art!" Fukasaku said with emotion, and then took a disappointed look at Jiraiya who was kicked away by himself.

It's really good to shop around, and people are more deadly than people!

Just, why is this immortal technique a bit like their Mount Myōboku's unique knowledge?

.....

Chapter 629: Snake and Frog

"Little Xin." Deeply applied his own toad claws to touch his chin, pondered for a moment, and said, "Where did you learn this fairy technique?"

It really feels more like it!

Without toad oil, how did he make it?

"This matter..." Uzumaki Xin sighed and said, "I'll start talking about it when I went fishing at noon that day."

"That day..."

"Learned from fish?" Fukasaku frowned and murmured, "No way!"

Fukasaku haven't heard of other places other than the three holy places, where there is a way of cultivating immortals!

"No." Uzumaki Xin shook his head and said, "I saw a frog, then, after a daze, I learned it unknowingly."

"Frog?" Jiraiya also recovered. This Fukasaku adult is really true. After so long, hasn't the way of loving kicking people's faces changed?

Doesn't he need to mix with immortals?

He looked at Fukasaku suspiciously, and said carefully, "Similar?"

There seems to be a frog in the Mount Myōboku Toad too!

However...

"Snapped--."

Fukasaku kicked Jiraiya away again.

They only have toads in Mount Myōboku!

"What about that frog?" After a deep thought, he said, "Can you show me it?"

Maybe it's the toad that went out of Mount Myōboku?

A toad that looks like a frog! !

"This..." Uzumaki Xin hesitated, and finally he sighed and said, "Because I didn't catch the fish in the end, I made it into a stir-fried frog."

Eat it in the stomach.

"..."

It seems that there is no need to see it, it should be an ordinary frog, otherwise how could it be eaten?

Fukasaku sighed, looking at the whirlpool in front of him, could he really learn it unknowingly?

Seeing the bewildered expression, Uzumaki Xin squinted his eyes. It seemed that it was impossible not to show some real skills. The corners of his mouth rose slightly and said, "Until another day, I will go fishing..."

"See the frog again?" Fukasaku asked deeply puzzled, and then slowly learned the perfect fairy technique.

"No." Xin said with a eight-toothed smile and squinted. "A snake suddenly appeared that day."

He suddenly wanted to know...

What would happen if the three holy places looked like after he had all learned fairy skills?

Uzumaki Xin closed his eyes and changed into a different look.

"..."

Suddenly, the scene fell into silence for a while.

"This is..." Jiraiya came back again, staring at Uzumaki Xin with wide eyes, thought for a moment, and said, "What's this? Why is the skin white?"

"Snapped!"

Fukasaku kicked Jiraiya away again, and looked at Xin and said with emotion, "The Immortal Technique of Ryūchi Cave."

"Unexpectedly, you even learned this."

Are you not afraid of backlash?

It seems that this vortex is really a genius, even after learning the fairy mode of Ryūchi Cave, no wonder the big toad fairy invited him over!

Why don't you see him?

Fukasaku glanced up and down at Uzumaki Xin with doubts, and said, "Then...what about that snake?"

"Because I didn't catch a fish again." Uzumaki Xin said regretfully, "So I made it into snake soup, let alone, it tastes good."

Chapter 630: Make Up Story

Fukasaku and Shima looked at Uzumaki Xin quietly, and they suddenly didn't know what to say.

Are people so scary nowadays?

Forget it, It is estimated that the snake that can be eaten by humans is definitely not from Ryūchi Cave.

It's just that I haven't waited for them to express their emotions...

"It turned out a few days later. That day was not as sunny as the previous few times. It was a bit shady outside, but it was a bit boring."

With memories on his face, Uzumaki Xin said again, "I'll go fishing again..."

"..."

What happened this time?

Fukasaku and Shima suddenly trembled in their hearts, feeling a bad feeling.

Could it be...

"I met a slug." Xin said regretfully, "I didn't meet a frog or a snake this time."

Then, he raised his head and put a smile on his face, "That day, I unconsciously sent it out again. stay."

Close your eyes again...

Seeing this scene, Fukasaku and Shima were immediately full of emotion.

This is the magic of Shikkotsu Forest!

"Where is that slug?"

Fukasaku asked curiously, "Did you eat it again?"

"No." Uzumaki Xin shook his head and said, "It's so disgusting, I can't make my mouth, and I caught a fish that day."

"So the fish soup was stewed."

Why didn't Jiraiya come up this time?

Are you afraid of being kicked?

Without him, it would be unfavorable to pretend to be a fool.

Xin turned my head and looked in the direction where he was kicked...

hr saw a sad, sad back, squatting on the ground drawing circles!
