

Uzumaki 661

Chapter 661: Bad Feelings

In order to counter the cooperation between Konoha and Sand Village, Hidden Cloud and Hidden Rock Village began to cooperate.

Suddenly...

This price, under the bidding of the Three Ninja Villages, has exceeded tens of billions!

Myocardial infarction is at the corner of the eye, holding his chest, green eyes staring at them tightly, and muttering, "Rise up a little bit, and up a little bit more."

A Ninja sword that can be produced in the Uzumaki country on an assembly line can be sold so expensive outside!

Kakuzu's heart was filled with emotion again, why did he become a ninja back then?

If you want money, why don't you let the scientists go?

Really...

Science and technology are the primary productive forces!

Uzumaki is just a small island country, but relying on scientific products to obtain fiscal revenue that is not inferior to that of the five major countries, and even...

To some extent, it has already surpassed the five major countries.

And so...

After I go back, I have to add more research funds to the research institute!

The price...

Kazekage suddenly narrowed his eyes. He didn't know if Konoha still had the money to 'lent him'. If he didn't, he could only rely on Hidden Sand Village's own finances, but...

He paid my own money to buy things from the Land of Fire in exchange for the national treasures that belonged to the Land of Water.

He still want to be upset in my heart.

However, for the future of Hidden Sand Village, he...

Must get Frostmournel !

Kazekage raised his hand again and said faintly, "11 billion."

You know that is the power that transcends the god of Ninja World!

...

"Iron Kingdom." Black Zetsu heard the words from White Zetsu's clone, and his eyelids jumped and muttered, "Why do I have a bad feeling?"

Suddenly so many Shinobi villages gathered in the country of iron for no reason...

This is definitely a conspiracy!

I'm so flustered!

It's like being stared at by someone.

"What do they want to do?" Black Zetsu frowned and looked at White Zetsu, and asked, "Any other news?"

"Need to wait a few days." White Zetsu spread out his hands and said, "I have made the clone disguised as a ninja from another Ninja Village and got in."

"If there is any other news, clone will come back."

It's already winter, so the pollen gathering task is also suspended. After all, it is quite difficult to find a flower field in this season.

"Is that so?" Black Zetsu frowned and muttered with a serious face, "It seems we must prepare in advance."

Disperse the members of the organization, keep them away from the core areas of the big forbearance villages, the only way is...

Only to be able to stay for a long time.

Otherwise, it will be destroyed by the Five Ninja Villages sooner or later.

"There is an organization of wandering ninjas who wants to join us." White Zetsu scratched his head and said, "Should we accept them?"

"Oh?" Black Zetsu heard White Zetsu's words and immediately asked curiously, "How is the strength? How many people are there?"

"Wandering Ninja..."

"Do they believe in their mother?"

.....

Chapter 662: Final Winner

No surprises.

In the end, this ninja sword was still obtained by Hidden Sand Village.

In any case, Konoha is the top of the five ninja villages.

Konoha's financial resources combined with the financial resources of Hidden Sand Village...

Perhaps the sum of Hidden Rock and Hidden Cloud Village is not much less than them, but...

Still less.

Raikage slapped the table fiercely and glared at the long straight water shadow. If it hadn't been for Konoha's help, how could they have gotten this ninja sword in Hidden Sand Village?

Damn it!

His face was sullen and he glanced at the big nose.

They must find a way.

Otherwise...

When someone really awakens the legendary Shinobi and gets its approval, Hidden Sand and Hidden Cloud Village will be in danger.

And so...

"You have to fight!" Raikage roared, "Fight hard."

"Unexpectedly, there are such terrorist organizations in the Ninja World. As the five great forbearance villages that protect the Ninja World, we have the ability and obligation to strike severely against these terrorist organizations so that they cannot endanger the Ninja World."

Now I can only find a way to see if there is any Ninja sword from the Goddess League.

Otherwise...

There are only two ninja villages in the five great ninja villages, he and Hidden Cloud village, which don't have the legendary ninja sword, they will definitely...

He is ashamed of the original Raikage!

"That's right." Tsuchikage patted the table, and said with a look of justice, "It's our five great Ninja villages to make a move, and it's time for this Ninja world to have a bright future."

As for finding the Shinobi...

That's just by the way, so...

Let's come together!

but...

What does it matter to us?

Mizukage, and Kazekage looked at Raikage and the others faintly. The goddess alliance did not harm their village. Why did they waste time and money to do it?

and...

Now it is more important for them to understand the Shinobi and awaken the sword spirit, as for the other things are irrelevant.

As long as you enlighten it one day earlier, you can master the power of the god beyond the Ninja world one day earlier.

not to mention...

Why should we help you find the Shinobi?

Gee!

I was so naive.

Hope you can't find it!

and so...

The corners of Kazekage's mouth rose slightly, revealing a sneer, without saying anything, just looking at them quietly, as for Mizukage...

Still looking blankly at the fire on the exquisite wooden support, he was happy.

They are finally about to welcome the national treasure that has been lost for a thousand years.

Chapter 663: Payment

Just when Kazekage stretched out his hand to take over the joy of fire...

"Sorry, do you pay now?" Kakuzu said with a smile looking at Kazekage, "Uzumaki country does not take credit."

You want to get Legendary Sword before you get the money?

He really thought that your uncle Kakuzu was a joke with the god of Ninja World five or five times!

Hurry up, my corner capital, make money!

Kazekage raised her head when she heard Kakuzu's words, frowned and looked at him, knowing...

The rebels of Hidden Mist Village are still in the hands of the Uzumaki Kingdom!

Now he is still asking Kazekage in Hidden Sand Village for money?

He really don't know what to do after death!

Why haven't other Shinobi villages said it until now?

You should know that this is a big taboo in the Ninja world, and should be condemned by the entire Ninja world.

Just when Kazekage opened her mouth, intending to condemn Uzumaki country with righteous words, and then lead the five great Ninja villages to maintain the peace of the Ninja world...

"Kakuzu."

Suddenly, there was a wave of spatial fluctuations in front of him.

A red-haired figure appeared at the auction house.

"Have the things been sold?" Uzumaki Xin walked out and said with a smile, "After taking the money, we will go back quickly. Six Path Payne is waiting for us in Uzumaki Kingdom."

Tens of billions...

He really didn't worry about letting Kakuzu take it back alone!

After all, it's hard to find a minister of finance as serious as Kakuzu.

"It's almost there." Kakuzu nodded, and then said faintly while looking at Kazekage, "Is Hidden Sand Village rich?"

"If not..."

He can only sell it to Hidden Rock and Hidden Cloud Village at a low price.

What's the use of taking it home?

To know this stuff, there are a lot of Uzumaki country!

"Yes!" Kazekage saw Uzumaki Xin's figure, and suddenly recovered and said faintly, "Please wait a moment."

The kid back then...

Now that so many years have passed, I don't know how strong he is now, especially the space ninjutsu on his body...

It is too dangerous to want to catch him, plus a Six Path Pain..

Gee!

No wonder the other Shinobi Village didn't jump out, it turned out to be waiting...

Wait for an early bird.

Kazekage took a deep breath, and now is not the time to declare war.

Glancing at the Shinobi on the tray.

Only... as long as the sword spirit is awakened, when the time comes...

Why are you afraid of others in Hidden Sand Village!

Just when Kazekage asked for a loan and planned to take out a loan...

"Master Kazekage."

A Sand Shinobi ran in with a panic expression, ran to Kazekage's side quickly, and handed a letter...

"Big things are bad."

Chapter 664: Dark Plan

Black Zetsu suddenly felt flustered when he heard the information from White Zetsu's body. Isn't he just going to see the leader of the wandering ninja?

It didn't take a while, how come the five ninja villages are ready to announce their condemnation of the goddess alliance?

They have even risen to the safety of the entire Ninja World, although their ultimate goal is indeed to endanger the Ninja World, but...

Isn't this not done yet?

Do you use this?

And they haven't done much recently!

Isn't it just farming and selling pollen?

Could it be that the Shinobi world has not allowed free trading and wasteland reclamation?

This...

Is there any reason?

"Or we..." White Zetsu was also taken aback, and said cautiously, "Let's go...you go."

This is the Five Great Ninja Village!

Just relying on a group of civilians and some trash ninjas in the organization, how could they be blocked.

Let's slip away, and it's safe to return to the cave.

No way!

Someone already knew about the cave, they had to find a secret place again, and the outer golem at the bottom of the cave had to be removed together!

"Hidden for three or four hundred years. When everyone else is dead, we are coming out." White Zetsu suggested, "Trust us..."

"Definitely can live longer than them!"

Hearing White Zetsu's words, Black Zetsu's face suddenly turned black. You must know that this organization belongs to her mother!

They have worked hard for so long and have been developing cautiously, before they have had time to do bad things, why are they being targeted?

This is too bullying!

Black Zetsu narrowed his eyes to look at White Zetsu, and asked, "Have you found out why the Five Ninja Villages did this?"

He wanted to see who was hurting him with the black hand in the Ninja World. Isn't he afraid that after hundreds of years, he will pit his whole clan?

"It's the legendary Ninja sword..." White Zetsu looked at Black Zetsu with a weird expression, "The Hidden Cloud Village and the others asked us to return the Ninja sword to them."

"The legendary Ninja sword?"

What is this stuff?

Black Zetsu was stunned at White Zetsu, he remembered that fool seemed to have only a Shinobi sword.

Could it be...

Suddenly, Black Zetsu seemed to think of something in his heart, and suddenly asked with a black face, "Those stone tablets hurt?"

"Yes." White Zetsu nodded, and said helplessly, "There is also Sand Ninja Village..."

"A man with a bald mask suddenly appeared last night and used a magnetic escape to snatch the Shinnin sword from Sand Ninja Village."

"What does this have to do with us?" Black Zetsu asked in a puzzled manner, "We haven't been to Sand Ninja Village to perform a mission recently!"

And bald...

There seems to be nothing in the organization except for the wandering ninja who just joined and bald head.

"But they thought it was our organization." Black Zetsu spread his hands, sighed, and said helplessly, "The Kazekage of Sand Ninja Village, who thinks we are bewitched, let him grab the Ninja sword."

"..."

This routine...

Chapter 665: Pushing Black Zetsu Again

Uzumaki Kingdom

After taking the money, he returned to the Uzumaki Kingdom with his horns. As for what will happen next?

Uzumaki Xin sighed, and murmured in a pitiful tone, "Be strong, Black Zetsu.."

Especially when the second generation Kazekage suddenly appeared in the sand ninja village to grab the ninja sword last night, it is estimated that now the ninja world does not know how to guess how many powerhouses there are in the Goddess League.

Although he pretended that bald head, but who knows?

In addition, secretly collecting the legendary Shinobi...

No need to think about it, this is a huge conspiracy that came to mind.

If Black Zetsu did not hide well, it is estimated that their mother and son would never see each other again.

Uzumaki Xin silently mourned for the filial son of Shinobi for two seconds, then took a deep breath and cheered up again...

He can't just be decadent.

There are still huge countries waiting for him to guard it!

Looking at Qian Luo who has been busy, Uzumaki Xin sighed and said, "Has the Phantom Tank not been developed yet?"

"Yeah!" Qian Luo said with emotion, still busy with his own affairs without raising his head, "I don't know what you think, that thing is too tasteless, it is not powerful, defense is not good, and the action is slow. It is estimated that someone else can ruin it with a giant fireball."

"..."

Like this?

Really...

The technology of the Uzumaki Kingdom is still too weak!

Uzumaki Xin thought for a while and said, "What about positioning missiles?"

"..."

Hearing Uzumaki Xin's words, Qian Luo raised his eyelids. He didn't know what this Uzumaki nation was thinking, how could there be an auto-navigation attack!

Actually want to push the button in Uzumaki country, the missile will automatically fly to Konoha and explode?

Why not dream?

Everything in the dream!

Qian Luo said angrily, "No."

He raised his head and looked at Uzumaki Xin, "Can't you think of something that can be achieved?"

What are these things!

He has lived for more than 30 years and is about to run four, let alone he has seen it, he has never heard of it!

"Hey!" Xin patted Qian Luo on the shoulder, and said old-fashionedly, "Young people have to be bolder!"

"Maybe there is?"

How not?

Doesn't it exist on the earth in the previous life?

Wouldn't it be possible to redeem the satellite navigation data by yourself at that time?

Chapter 666: Future of the World

Qian Luo rolled her eyes and said angrily, "Why are you here?"

Don't you know he's busy?

Mobile phones, computers, internet, satellites, tanks, airships...

He has to rely on him alone for so many things!

"If there is nothing wrong, just get out." Qian Luo fiddled with the equipment and said, "Don't bother me."

"Eh~!" Uzumaki Xin pondered for a while and said, "What about the Chakra Cannon?"

There is nothing, I can only reduce the requirements a bit.

At that time, Chakra cannons can only be spread on the shore of the country of the vortex, no matter what, the enemy must be stopped abroad and the battlefield will be placed in other countries.

Otherwise, just the territory of the Uzumaki Kingdom, all the five Ninja villages will come over, and shouldn't they all be in ruins?

Reconstruction after the war requires a lot of money!

"I have been dragged by the military to experiment." Qian Luo didn't look up, and said faintly, "The power also meets the requirements, the powerful Chakra cannon of A-level ninjutsu."

After all, it was developed according to the A-grade ninjutsu spiral pill, and the equipment can compress the chakra more stably, so from a certain aspect, the power is more powerful, that is, it is more troublesome to aim and move.

"Now we are studying the Chakra Cannons that change their attributes."

"At that time, the power should be greater."

Just now there is no progress at all.

"Is that so?" Xin nodded and said with satisfaction, "How many doors can be cast in one day?"

"I don't know, just ask the research institute." Qian Luo said without lifting his head, "The production was handed over to the research institute."

"And also..."

Qian Luo raised her head and looked at Uzumaki Xin, and complained, "Now that the funds are not enough, I quickly set aside a sum of money so that the black-faced ghost will not buckle."

"..."

This is just a trivial matter, it just happened that the horns had just received a huge sum of money.

Seeing Qian Luo's impatient expression, Uzumaki Xin himself should not provoke other technical experts, and said with a sneer, "I will call all the corners down immediately."

Slip away, slip away

Technical talent can't afford it!

"By the way, I think it's better to train more assistants so that you won't be so tired."

As soon as Xin finished speaking, he left directly.

And Qian Luo

He raised his head and glanced at where Uzumaki Xin had left, sighed, and shook his head.

He wants to find it too!

But most talented people are reluctant to do this, and they all want to become ninjas.

Don't they know...

Is the puppet master also a ninja?

Really...

The status of science is still not as good as a ninja~

Chapter 667: Fast Progression

Konoha Late Winter

January.

In order to prevent the world from being destroyed and to maintain peace in the Ninja World, the Five Ninja Villages formally turned to the evil forces in the Ninja World...

The League of Goddess declares war!

The determination to fight black and evil shocked the entire Ninja World.

The five major Ninja villages headed by Konoha have begun to pay off the evil forces in the country, and it is bound to return the entire Ninja world to a bright future, so that the people of the Ninja world can live in a comfortable and warm world, free from evil forces.

Of oppression and so...

In order to retain the strength of the organization, Black Zetsu let the entire Goddess Alliance be broken up and scattered among the various villages of the Ninja World, avoiding the sphere of influence of the Five Great Ninja Villages.

And let all the members of the organization not forget the lofty ideals of the organization at any time and in any situation. If you have anything to do, please contact with spores. I believe that the goddess will bless us, and the organization will not forget us.

Goddess Alliance...

It will definitely bring real peace to the Shinobi world.

By the way, after scolding someone badly, he found a place to hide.

...

February of the same year.

Uzumaki Kingdom

After passing the New Year steadily, the festival of Uzumaki country followed immediately. It can be said that January in Uzumaki country is quite lively.

Let these nationals in the country of Uzumaki, whether they are natives or migrant workers, gradually become familiar with the life of the country of Uzumaki.

The festival carnival is short-lived after all.

For example, in February, when the country of Uzumaki was busy again, the academy officially opened, and the major factories also carried out a new round of enrollment expansion.

This year, it is expected that more than 70,000 foreigners will come to Uzumaki.

State workers.

and so...

In order to provide outsiders with a stable job and a comfortable living environment, Uzumaki must have enough jobs to provide them.

And because of the name of Uzumaki Country...

The reason why the youngest person who shelters them and brings prosperity and peace to the citizens of the entire country of the vortex is about to get married, and the conditions for naturalization will be relaxed in this February.

Suddenly... The whole country of vortex is full of carnival.

They have been waiting for this time for a long time. You must know that the only place in the Ninja Realm can rely on their own ability to feed their stomachs and warm their bodies, so...

If they are not recognized and cannot obtain their nationality, they will remain uneasy in their hearts, fearing that they will be driven away by the country of Uzumaki.

Especially in the Second World War, the first batch of civilians in the country of Uzumaki were even more happy.

It has been so long before they did not meet the requirements to obtain the nationality of Uzumaki.

They thought that the country of Uzumaki would not.

In addition to accepting foreign populations, they did not expect that this year, most of them will achieve the nationality of the country of the vortex.

Suddenly, everyone was so excited that they took out the money they had saved over the past few years, ran to the Real Estate Management Bureau, paid the down payment, and liked to mention a house...

Then, just repay the mortgage on time every month.

Therefore, most people moved into new houses in February.

According to the custom of Uzumaki, the housewarming is to entertain relatives and friends. In a small country like Uzumaki, it is basically either a colleague or a neighbor. According to the tradition, a friend of a friend is my friend...

February is quite lively!

After eating this one, I changed to the next one, and all of them were able to support the wall to go home. Even the black-faced ghost and the Minister of Finance of Uzumaki Country received invitations and went out for a few meals.

Although his face was dark all the time, everyone was very happy to see that the Minister of Finance of Uzumaki Kingdom showed his face so much.

Chapter 668: Marriage

Konoha at the end of February

Today is the day when Uzumaki Daimyo gets married, so both the college and the factory took a day off, except that the Public Security Bureau is still working to maintain order.

Uzumaki Xin was wearing a dress early, with her little brother...

Yahiko and Nagato were waiting in the auditorium.

Because there are too many people, it is an outdoor wedding.

Uzumaki Xin patted Yahiko and Nagato, and said with emotion, "I will be here in a few years."

He didn't know who Konan would marry in the end, anyway, seeing their frog team having fun, they all became old friends, and...

In the end of this frog team, only Yahiko worshipped Jiraiya as a teacher, and contracted the toad of Mount Myōboku by the way. The rest...

Nagato thinks that it is a trash to reject Jiraiya, and there is nothing to teach him. Konan feels that Jiraiya is too awkward, and deceived her...

It can be said...

The miserable fate of the three boys and Jiraiya's fate have changed.

However...

Nagato squinted at Uzumaki Xin with disdain, and said, "Brother Xin, what are you going to do with Sister Kushina?"

You must know that Kushinawas very upset during this period of time!

She was upset...

Others will be upset.

And there is...

Sister Yukihiime, Sister Nono, and Sister Naga..

Nagato glanced at the three older sisters who had been dark-faced from morning till now.

He decided that he would not go there for dinner later.

"Haha." Uzumaki Xin smiled awkwardly and said meaningfully, "You are still young and don't understand."

He is already an adult, so...

Forget it, don't bring bad children.

"..."

Nagato rolled his eyes and looked at Uzumaki silently, just as he was about to say something.

"Here." Zicheng shouted, ran over and shouted, "Here is the bride."

Uzumaki Xun's eyes condensed immediately, he arranged his clothes, looked at Senju Hen, and said, "Where is Yan?"

Early this morning, Senju Hen and Kamizuri Chief were sent by Uzumaki Xin to find out about the news.

just...

Why did one come back?

"He stayed behind in order to let me escape, and he was already captured by the night bee."

"..."

What are you all doing?

Isn't it just for you to inquire about the news?

Why were you arrested?

Is it because you didn't give the red envelope? Or is the red envelope not thick enough?

And at this moment...

A white-haired old man walked in tremblingly with Uchiha Mikoto wearing a Western-style wedding dress.

Chapter 669: Huge Change

Uchiha Madara...

As the grandfather of Uchiha Mikoto, he will lead Mikoto today.

And so...

Early in the morning, Boss Madara lost his handsome big back and threw his wheelchair and crutches aside.

Fortunately, Boss Madara is not bald, and his long hair is so smooth and beautiful except for a little white.

"You today..." Uzumaki Xin looked at Mikoto in the wedding dress and said with a smile on his face, "It's so beautiful."

Hearing what Uzumaki said, Mikoto blushed, then raised her head, looked at him, lightly opened her vermilion lips, and whispered, "You are also handsome!"

And aside...

"Huh hum!"

Looking at the young couple who showed affection, Uchiha Madara coldly snorted, and said with a serious face, "Little ghost of the Uzumaki clan..."

"Remember it for me."

"If I know you bullied her, I will beat you."

Rhen...

Still looking at Uchiha Mikoto with a facial paralysis, and then put her hand...

Handed over to the hands of Uzumaki Xin.

"No, you can't beat me."

Uzumaki Xin took Mikoto's little hand and looked at Boss Madara, the corners of her mouth slightly raised...

After coming to this ninja...

He really changed the destiny of so many people!

Uchiha Madara, White Zetsu, Kushina, Naga, Nono, Yukihiime, Yahiko, Obito and...

Black Zetsu who is hiding outside.

The future of Ninja World has long changed.

"But..."

"Don't worry, you won't have a chance."

"Huh." Madara glared at Uzumaki Xin, and then walked towards White Zetsu with his back on his back.

This brat, he saw it since he came in...

I have been eating, without even lifting my head.

It's getting worse and worse.

It seems that I have to educate him!

...

On the other place...

The border of the Uzumaki Kingdom

"What's going on today?" Jiraiya also jumped off the toad with Tsunade and murmured, "Why is there no boat?"

So he can only come in on a toad, you know...

The country of vortex has long been a forbidden place for toads.

just...

Why is there no one at the gate?

Chapter 670: Strange Road

Uzumaki Kingdom

"What the hell did you bring me to Uzumaki Country?" Tsunade looked at the words "bus station" written in front of him, and asked with an unhappy tone, "and..."

"How long shall we stand?"

Why are you standing here all the time?

Where's the blow?

Tsunade looked at the spacious, clean roads around...

She was also a little surprised inside.

Unexpectedly, she haven't been to the country of the Uzumaki for so many years, the changes here are quite big.

Especially those dilapidated wooden houses that are common in the Uzumaki Kingdom have disappeared, replaced by clean and generous two-story small houses.

"Wait for the bus." Jiraiya also looked at the road and circumvented his head, then murmured, "I've been waiting for so long, why haven't there been any cars here yet?"

Doesn't it usually come every ten minutes?

From entering the country of the Uzumaki to the present, no one seems to have seen it.

How is this going?

"Which car are you waiting for?" Tsunade frowned and said, "Where is your toad?"

Just like when you came here, can't you just ride in with a toad?

"Toad loyalty, they don't want to come to the country of the Uzumaki." Jiraiya looked at the roads on both sides and said, "So, in the country of the Uzumaki, they cannot be channeled."

Although it was explained a long time ago that toads do not need to be injected, they can jump freely in the country of Uzumaki as long as they apply for a certificate, but they still don't want to come out of the country of Uzumaki..

What a headache!

When he taught Yahiko spiritism, he had to run to the entry gate.

Tsunade didn't go through the immigration formalities, and he didn't know how much he would be fined later.

"Did something happen?" Jiraiya also muttered, looking at the uninhabited road, "Otherwise..."

"What about people?"

Why is there no one?

I didn't even see the traffic police at the crossroads.

"How about we..."

Jiraiya turned his head and looked at Tsunade, who was looking impatient next to him. He was about to say no to wait. When he just walked past...

Suddenly, a car with a white and blue border drove in the direction of Jiraiya and the others... police car!

"Ugh."

Jiraiya also looked at the approaching car, his expression stagnated, and then he sighed inwardly and murmured, "It looks like a fine will be paid again."

He originally planned to see if I could find Uzumaki to walk through the back door and fill in Tsunade's immigration formalities, but now...

The police showed up, how could he get through the back door?

I don't know if it will be okay to let the police of Uzumaki country take them on a trip?

"What's the matter?" Tsunade asked with a regretful expression on Jiraiya's face, and asked in confusion, "What fine to pay?" Pointing to the policeman who came by, "What is that thing?"

"This..." Jiraiya spared no effort. He was only half-knowledgeable and didn't know how to explain, so he could only say helplessly, "That's a car. You'll find out in a few days."

Anyway, after staying here for a long time, it will be clear, so don't explain it yourself.

"Also, have you remembered all the laws and traffic regulations that I told you on the road?"
