

Uzumaki 67

Chapter 67 - Front Face of the World

Even if the winner is the king, it still different when the strength of both party is different on huge level.

So the Hidden Mist Shinobi can't accept such rude and embarrassing way of Uzumaki Clan to them.

Even if you lose, you should at least don't lose your face in front of your enemy but Uzumaki Clan boy only want onlsoe their face but also want to rub it in the ground.

"What should we do now?" Kiri Shinobi Leader frowned and asked the Kiri Negotiator.

"Have you made any arrangements?"

Hidden Mist Village must not allow to lose this important negotiation, they can't let Uzumaki take the lead.

Even if the pay, they should keep what can they keep, pay the smallest as msuh as they can, never let other get advantage to them.

They already lose the warz they can't lose this important negotiation

"Where is Konoha?" Kiri Negotiator asked with dangerous face

"Also arranged for someone to go over there to inquire." Kiri Shinobi Leader said.

They don't believe that Konoha is not the black hand behind this, they don't think Uzumaki Clan will do such thing on such important occasion.

Maybe there someone who is manipulating everything, they trying to sow discord to everyone and try ornlsoe the grip of them.

Konoha Village advocate Peace in the World, he is sure they will not let their beautiful image broke by simple negotiation.

"Strange for someone to go down and talk it Uzumaki, if they want peace, we gladly accept it, but if they want us to pay compensation they want, hahaha~ I don't think the reputation of Konoha is more important than Uzumaki Clan Alliance."

"Let Konoha take care themselves."

"Yes!"

.....

Listening to the order of Kiri Shinobi, the people from CP0 can't help but to disdain, especially the treating words from Kiri Shinobi Leader.

Uzumaki Shinobi can't help but to feel proud, they are not the Uzumaki who need Konoha to decide everything, they are now independent Clan.

They still think making small report?

Did they think they work for Konoha?

Idiot, they are Uzumaki, they have their own pride, how can they let other look at them like working class for other village.

Much more Konoha?

Not to mention that Konoha will ignore them, even if you do, what can they help? Everyone knows Konoha did not send any Ninja to help Uzumaki, if possible they want them to disappear with Senju so why do they care on someone's problem.

As for those Elder?

Want to attack the Uzumaki infighting?

Don't kidding, not to mention that Uzumaki Mito is still alive, even if not alive, Konoha will give her face

Uzumaki Clan did their best for Konoha battlefield and dies, with so many dead people, Konoha would dare to do such stupid thing

Maybe using some back hand trick in dark is acceptable but in front, they are not fools.

They can't ruin Konoha's Fame with just idiot move, and they also don't want to push Uzumaki Clan hard.

You must know Konoha, who always claimed to be peace messenger and dedicated up to uphold the idea of Hashirama.

They can't do anything that harm their own Village and their own friends, even if they do, they will do everything to not spread such scandal

If they push too hard, it's not possible that Uzumaki will choose another Village to allies.
