Chapter 681: Sarutobi's Greed

Konoha Village

"Where did Jiraiya and Tsunade go?" Sarutobi Hitizan murmured, "How come they disappeared suddenly?"

Looking at the news coming back from below...

He shook his head with a wry smile.

"Forget it, it's nothing big anyway, just let them both relax."

It would be great if Tsunade could get out of the hemophobia this time!

Just...

"What the hell is going on with this alliance of goddesses?" Sarutobi Haruzen frowned and murmured.

The encirclement and suppression operations over the past few years have arrested many people, but most of them were ninjas or ordinary people.

As for that Uchiha Shin...

So far, no clues have been found.

And why didn't the mysterious person with the bald head appear?

It was because their encirclement and suppression did not hurt this organization, so it did not appear.

Otherwise...

That superficial leader, why didn't the Yin and Yang Son also appear?

"Peace, freedom, equality..." Sarutobi Haruzen looked at the information obtained from those civilians, the corners of his mouth raised slightly, and he muttered, "It's ridiculous!"

How should ninjas and ordinary people be equal?

This group of people is really naive, and the naivety makes him want to laugh.

You know that ninjas master Chakra Ninjutsu, how can they be equal?

It's no wonder that even the name of the country of fire is alarmed, this is digging the roots of ninjas and nobles!

"Is it really because the concept of Uzumaki is different from that of Uchiha, who wanted to start his own business on his own?"

Otherwise, why are their ideas so similar?

One is in the country of Uzumaki, the other is running around in the world of Shinobi.

"The country of Uzumaki." Sarutobi Haruzen looked at the Ninja map on the wall behind him, took a breath of smoke, and murmured, "The Uzumaki Clan..."

He didn't find the seal technique in Mito-sama's relic, and he asked about the nine products, and she did not get the seal technique scroll.

Then... Who took the seal technique?

And, if you took it, why not take it all, leaving only a ghoul to ban it?

What exactly does Mito-sama want to do?

Now that the Uchiha clan's fire escape secret technique has been obtained by himself, the Sarutobi clan has also started training and formed an unknown army!

This is not the same as an organization that is already known as Anbu, but a force that is truly hidden in the dark.

Except for a few senior members of the Sarutobi family who knew it, the others didn't know at all.

And some time ago...

Chapter 682: Danzo's Resentment

Achoo!

Danzo rubbed his nose, sighed, and said helplessly, "What the hell should I do?"

Because of the Hatake family's affairs, he has now reached the point where people hate and hate ghosts.

Especially when he met the Senju Clan and the Senju Clan Annihilation, the Uchiha Clan, the Uchiha Clan, and then the Hatake Clan...

Now Sakumo's family can only have an orphan.

Konoha Broomstar is him, and now as long as he visits other families by himself, people will scare the whole family to get sick, thinking that their family is going to die.

There are even rumors that because of Danzo, Commander Kato Dan was killed for no reason!

They heard that Commander Susan shook hands with Danzo...

He felt that the position of Hokage was getting farther and farther away from him.

Danzo feels quite wronged in his heart...

Although the Senju Clan, he really wanted to kill the chicken and the monkey at first, but...

Didn't he run out of time afterwards?

Therefore, the Senju Clan was forced to die on the battlefield, and it had nothing to do with Danzo, and Uchiha...

This is even more wronged.

That's right, he did visit Patriarch Uchiha a few times, but that was just to talk about the future and the harmonious life of Konoha. It was obvious that those Uchiha tribesmen were killed by Patriarch Uchiha himself!

He also awakened a kaleidoscope!

Although I don't know why there is only one left.

So, it really has nothing to do with his Danzo!

As for Sakumo Hatake...

He he... he hasn't had time to do it yet!

Even if it does, as the leader of the roots, wouldn't he be a little bit obscure?

You know that he is going to be a Hokage person!

How can you leave a stain on your life history?

"Haruzen..." Danzo shook his head with complicated eyes, and said to himself, "You are Konoha's King!!"

And his Danzo is Konoha's darkness...

He did agree at the time, and all Hokage didn't need to do was his secret, but you couldn't be so cruel!

Not strong when it should be strong, but so strong when it shouldn't.

Seeing his forbearance, his face hurts in the dark!

And at this moment...

"Huh!"

Chapter 683: Local Police Officers

Suddenly a masked ninja jumped out.

"Master Danzo." Looking at Danzo, he bent down slightly and said, "Master Hokage has a task for you to perform."

Handed a letter with both hands.

"En." Danzo nodded, took the letter faintly, and said, "I see."

The masked ninja in front of him is not the ninja of the roots, but the ninja of the Anbe, because the ninjas of the roots are all marked to prevent the wrong person from confessing.

Seeing the disappeared Anbe Ninja, Danzo opened the letter, frowned, put down the letter with a gloomy expression, and sighed.

"It seems..."

"That plan should also be implemented."

"The God of Ninja World..."

Tuan Zang narrowed his eyes and murmured, "Wood Release..."

He... he really don't want to do this.

...

The country of Uzumaki public security bureau.

"The patriarch." Daito looked at Uchiha Fugaku in front of him, and said with a look of admiration, "I, I...I'm here for an internship."

He has already graduated, because the volunteer he reported was the police, so after graduation, he came to the police station for an internship.

Unexpectedly, he saw his chief, who won multiple awards for the best sheriff.

Although his face was paralyzed, every Every villager would compare him with a thumbs up, the star police officer, the senior inspector of the country of Uzumaki...

Uchiha Fugaku!

"Call me Inspector Fugaku." Uchiha Fugaku said blankly, "This is not a clan."

Although I was a little excited to see my own people admiring myself so much, but...

As the patriarch, how could he easily reveal it?

"Yes, Captain Fugaku." When Daito heard the patriarch's words, he hurriedly saluted the team and said respectfully, "What's your order?"

Daito's heart is very excited now.

He finally graduated successfully and became a Public Policeman... Intern now.

All of this is due to Grandpa Madara. If Grandpa Madara hadn't taught so seriously, it would be difficult for him to graduate.

"Nothing happened on the first day." Uchiha Fugaku said lightly, "Just familiarize yourself with the process."

"Follow me out on patrol later."

"These will be your work then."

"Understand, guarantee to be completed." Replied with the soil upright.

He... It must be the same as the patriarch.

He won countless awards and became a senior inspector recognized by the Uzumaki Kingdom. When that time everyone hears the name of the soil, they will compare their thumbs...

Bringing local police officers is really amazing!

Chapter 684: Black Zetsu's Dark Future

Black Zetsu feels that his future is really dark!

It was as black as my whole body, so black that I could only see the eyeballs and teeth.

Obviously some time ago, he still raised tens of thousands of little brothers, and was a big man behind the scenes of the Shinobi world. As a result,

When he wake up, the world begins to change.

The entire Ninja world has begun to sweep the evil and evil actions.

But this has nothing to do with his organization!

The League of Goddess has no other dark place except that it grows darker. It even shelters poor civilians, gives them food, helps them build houses, etc., so that they can survive in this chaotic world.

Why did it suddenly become a black meeting?

You must know that the goal of their organization is to maintain peace in the Ninja world!

Although he is bit selfish!

But isn't this too late?

Obviously, the Uzumaki Kingdom next door is even more black-hearted, and there are scams everywhere. Why don't the five Ninja villages know about it?

They are nothing more than a bunch of bullying and fearful things.

Black Zetsu sighed inwardly. Hearing the news from White Zetsu clone, there were few good ones, or...

There is no good news at all!

Those civilians and ninjas who saw the determination and strength of the five ninja villages to sweep the gang have all left the group and hid them.

If they did not leave the group, they were either killed by the ninjas of the five ninja villages by mistake, or they were captured back to the ninja village to obtain information.

It's all hung up anyway.

It made the organization panic.

"Abandon all the bases of the five major countries." Black Zetsu sighed and said, "We can't stay here anymore."

The black-sweeping effort is too great, and I don't know how long it will take to end it.

Now can only

"Retreat to some small countries to re-develop power."

This is also his deliberate approach.

These small countries are relatively remote, the people are ignorant, and the ninjas are not strong.

They are suitable for their farming and development.

Even if they do well, they may be able to turn the goddess religion into the state religion and restore the prestige of the mother. .

"Understand." White Zetsu nodded and said, "I will arrange it."

White Zetsu suddenly breathed a sigh of relief

Finally leaving this dangerous place!

In fact The Five Ninja Villages are nothing to stay in.

The outside world is actually quite good, relying on the strength of the current organization, it will certainly be able to rebuild its glory.

Chapter 685: Huge Change and Movement

Since the launch of the special campaign against gangsters and evil in the Five Ninja Villages, with the firm determination of the chief administrators and village chiefs of the ninja villages, the entire ninja community has begun to take action, make scientific decisions, take the initiative to attack, and combine special groups to launch.

The masses, rely on the masses; in-depth investigation of clues involving the underworld and strict implementation of responsibilities; in this operation, the work mechanism and tactics have been continuously innovated, and the depth of combat accuracy has been increased, and staged results have been achieved in the fight against the underworld.

All in all, it has achieved outstanding results and provided a comfortable and safe living space for the people of Ninja World.

The three legendary Ninja swords are still not found, and even the known goddess alliance powerhouse, Uchiha Shin, and the bald powerhouse suspected of the first generation of General have not appeared.

Anyway, a black one in the country can't be found, even People who look black start to paint white before they dare to go out

The anti-criminal operation can no longer be carried out, and if it continues, it will definitely cause domestic chaos.

Therefore, after the daimyo of various countries issued a notice to stop the actions of the shadows in the various Shinobi villages and at the same time order them to return to the innocent people caught in this anti-criminal campaign, the large-scale Shinobi villages took the opportunity to end their large-scale anti-crime operations.

As for the innocent people

Everyone knows, didn't you just catch some ordinary people who are doing bad things and who are aristocratic doglegs?

Anyway, it wasn't their goal this time. They were just accidentally caught by a group of ninjas who had a strong sense of justice and didn't know the real mission.

Just as a face to their nominal boss.

Daimyo

Or the supreme leader of this country!

.....

Konoha Village, Hokage Building.

"The main reason for calling you over this time is Kakashi's business." Sarutobi Haruzen took a cigarette, sighed, and then, holding his hand, said helplessly, "I didn't expect that Sakumo's affairs would affect him. The impact is so big."

"But because the war just ended, there were still many things in the village that couldn't be separated from me. At that time, I didn't pay attention to the village's rumors."

Sarutobi Haruzen shook his head and looked at Minato, who was kneeling in front of him with regret and self-blame.

"But I didn't expect the rumors to intensify in the end."

He took a puff of cigarette melancholy.

"As a result, when I noticed that I wanted to find out who spread the rumors and stop it, but I didn't expect it to be too late."

.....

Chapter 686: Haruzen's Gaze

Sarutobi Haruzen stood by the window with his back to Minato, a smile flashed from the corner of his mouth.

Looking deep at the scenery outside, he said seriously, "Where the leaves fly, the fire will continue to grow. The fire will continue to illuminate the village and let the new leaves sprout."

"Now Kakashi has become too extreme, too focused on tasks, and ignoring the importance of partners."

*Sighed

"This is not what Konoha Ninja should have."

"There is no doubt that Kakashi's father is an excellent ninja, he has made countless contributions to Konoha, but because of the negligence of me, Naruto, in the end,"

Sarutobi Haruzen squinted his eyes, shook his head with a wry smile, and said, "It's useless to say it now."

Looking at the Minato with a serious face

"I hope you, as Kakashi's teacher, can help Kakashi come out."

"Know how to cherish partners and love life."

"Keep in mind the will of fire and become an excellent Konoha ninja."

"Yes, Lord Naruto." When Minato heard Lord Hokage's words, he nodded seriously and said, "I will definitely help Kakashi get out." Then, with a smile, "Kakashi is an excellent one." Ninja, I can feel it"

"He still yearns for companions in his heart, loves companions."

During this period of time, he also noticed Kakashi's situation. He originally planned to wait a little later to be in love with Kakashi, but he didn't expect to be called by Hokage-sama at this time.

Master Hokage still cares about these ninjas very much.

There was excitement in Minato's heart.

"Then" Sarutobi Haruzen was satisfied when he heard Minato's words. Then, looking at Minato with gratitude and melancholy, he said, "Kakashi will trouble you."

"As Kakashi's teacher, this is my responsibility." Minato said with a smile, "Hokage-sama don't worry, I believe Kakashi will be moved when he hears that Hokage-sama has such a relationship with him."

"If there is nothing wrong, I will withdraw first."

He will have to teach Kakashi and the others later!

Teacher Jiraiya and Tsunade-sama are also true, they have been so long, why haven't they returned to the village?

Minato shook his head helplessly.

After a while, it will be his wedding with his girlfriend. I don't know if the teacher will be able to come back to attend.

Sighing, opened the door and walked out of the office.

He is also very tired with such an irresponsible teacher!

Sarutobi Haruzen looking at the back of Minato, his eyes flickered, and finally, he shook his head helplessly and muttered, "Nine Tails."

Then, still looking at the village outside the window.

"It's going to blow again."

Unexpectedly, in the end, Ninja sword could not be found from that mysterious organization.

However, at present, only Konoha and Hidden Sand Village have the legendary sword, so

In order to prevent them from awakening the sword spirit, Hidden Cloud Ninja Village and the others will definitely take the lead in launching a war. After all, no Ninja Village wants to see other Ninja Villages become stronger, so powerful that they can't resist.

The joy of the fire was still lying in the village, and no one was able to successfully obtain the recognition of the sword spirit.

Even some people in the village began to suspect that they were deceived, and wanted to take the Shinobi apart and study what was going on. Finally,

They were all rejected. After all, with the tens of billions of Shinobi swords, who would dare to start easily?

Whose is it if it breaks?

Sarutobi Haruzen sighed melancholy, and murmured, "It seems that you must act first to be strong!"

Lifting his head, squinted at the Ninja map hanging on the wall

Especially the sea area east of the country of fire, that little bit

The country of Uzumaki

Chapter 687: A brewing storm

Konoha early next year.

Suddenly, there were rumors of the Five Great Ninja Villages wantonly killing innocent people. According to insiders, many villagers who were enthusiastic in their villages, who always helped lonely old people and young children, were taken away by the ninja for no reason. Never came back.

For a time...

The five Ninja villages were all caught up in the accusations and spurned by the masses of the Ninja community, and their reputation for their hard work was shaky.

Suddenly, the big names of various countries jumped out one after another, petitioning the people, condemning the wrongdoing of the Five Great Ninja Villages, and asking them to come out and explain immediately. If such things are really done, they must give the people an explanation.

But...

The Five Ninja Villages suddenly became confused, how to explain this?

This is indeed what they did, and isn't this kind of thing normal?

Are there fewer innocent people killed in each war?

This is what must be paid in order to maintain peace in the Ninja world. Otherwise, who knows whether you are really a civilian or a disguise. After all, to save an ordinary person and die a ninja is really a shame for Ninja.

So basically there are people who have been killed but never let go.

They don't even care about the noisiness of the civilians in the Ninja world. After a while, these ordinary people will run around for three meals a day, slowly forgetting things. Now the most important thing is...

Where did these rumors come from?

Especially Konoha, who has been persecuted by rumors in recent years!

No matter how you find it, you can't find the source.

Suddenly, the entire Ninja World atmosphere became heavy again.

Who is this kind of rat who hides his head and shows his tail?

Or is it that the goddess alliance is good?

And...

The atmosphere in Hidden Cloud Ninja Village, Hidden Rock Ninja Village, and Sand Ninja Village also began to get tense. After all, they did not get the legendary Ninja Sword this time, and their military strength was immediately shorter than that of Konoha and Hidden Mist Village.

Therefore, in order to prevent the sudden attack of Konoha and Hidden Mist Village, they started an alliance and strengthened the village's defenses.

For a time...

Everyone smelled an unusual smell.

Chapter 688: Upcoming War

The country of Uzumaki

January can be said to be the happiest time for the Uzumaki Country. Just after the New Year, the Uzumaki Country Festival will be ready.

Everyone has a happy face on their faces.

Especially because of the anti-black operation in the Five Ninja Villages some time ago, more foreign villagers came to the country of the Uzumaki and the population of the country of Uzumaki suddenly increased.

Fortunately, the country of the Uzumaki was prepared for a while, and there was no chaos for a while.

Those civilians who came to Uzumaki Kingdom from outside, after a few days in Uzumaki Kingdom, began to adapt to the life of Uzumaki Kingdom.

After all, they were executed by ninjas from time to time compared to those who were hungry and full outside.

When the mission is accidentally affected, this place is simply heaven!

If there is a heaven in the ninja world, the kingdom of the Uzumaki must be in it.

Originally, I was going to take refuge and wait until the outside stabilized before going back. For a while, everyone didn't want to leave. They rented a house honestly and started looking for work.

I heard the seniors who have stayed here for a few years said that it is not so easy to join the Uzumaki Kingdom. After so many years, they still have not qualified, so...

In the country of the Uzumaki, they are just migrant workers, and they do not have free education and the right to buy houses.

But...

Except for the lack of some benefits, the rest are basically the same. As long as you abide by the law, no one will care about you.

Of course, there is another method to obtain nationality, and this method is more simple and convenient, that is...

...

"Black Zetsu." Xin looked at the information in his hand, shook his head helplessly, and murmured, "Being able to spread rumors so mysteriously, there is probably no one except that Black Zetsu."

Sure enough to be a paparazzi!

Even this Black Zetsu was too useless, and it was just too wasteful to retreat from the sphere of influence of the Five Ninja Village after only carrying it for more than a year.

"Hey." Xin sighed, put down the intelligence, and said to Naga, "The war is about to begin."

"Are you ready for the Uzumaki Kingdom?"

"It's all ready." Naga nodded and said, "The turret fence has been set up, and the Chakra energy reserves are sufficient."

"Energy!" Uzumaki Xin nodded, and said helplessly, "What is the four-tailed man, Roshi doing?"

Until now, the Uzumaki Kingdom still does not have a stable source of chakras, and they basically rely on poor ninjas to sell them and store them bit by bit.

"Still reclamation." Naga said, "Should we stop the reclamation mission?"

After all, the war is about to begin, and if the sea is still being reclaimed, accidents will be troublesome at that time.

"No hurry." Uzumaki Xin shook his head and said, "Wait until the Five Ninja Villages begin to declare war."

After thinking for a while, "During this time, the Chakra Center will increase the price and attract more ninjas."

There is nothing wrong with storing more energy.

"Okay." Naga nodded and said, "I will arrange it."

Chapter 689: Blank-

"And those spies." Uzumaki Xin groaned and said, "They must be cleaned up during this chaotic time."

Although they did find a lot of spies in the country, they haven't done anything yet, and no one knows whether they are all spies in the Uzumaki Kingdom.

Really...

You still have to rely on finding a spy!

He is professional in this respect, that is, no one dares to come to the country of Uzumaki.

Uzumaki Xin sighed regretfully.

"We must ensure the safety of people's lives and property when we act."

"Understand." Naga opened the memo, recorded important things, and said, "I will let the military department cooperate."

So now...

Uzumaki Xin stood up, walked to Naga side, patted him on the shoulder, and said, "It's not too late for the evening ceremony."

Over the past few years, even Zimu, Jie and Qingtai have married wives and have children, and only Lucci is left...

Still alone!

Really...

The overtime is still too long, so he has no time to go out on a date.

This is the negligence of the country!

...

"You should know everything about patrolling tonight." Uchiha Fugaku looked at the soil in front of him and said, "Can you take it lightly during this period? If there is an accident, you will be punished."

Although the Uchiha Clan in front of him is different from the other Uchiha clan, his face is always hippie smiley, and sometimes even loses the chain, but he works very seriously and does not lose the Uchiha clan's face.

"In a few days, there is an important task on it, if you don't have an accident today..." Uchiha Fugaku patted the dirt on the shoulder, before he finished speaking, he walked out directly.

And Obito...

Frozen for a while, suddenly jumped up happily.

It seems that my internship is coming to an end!

"Guaranteed to complete the task." Obito raised his head and shouted to Uchiha Fugaku, "Captain Fugaku will never be disappointed."

He is finally about to become a glorious policeman for the people.

"Let's work." Fugaku's mouth was slightly staged, and then, returning to his expressionless expression, he said lightly, "Don't be silly, come here quickly."

Chapter 690: Children

Night.

It is still the same as the festival of Uzumaki Country in previous years.

This year's Uzumaki Country is still so lively.

Everyone came out early with the whole family and worked for a whole year.

It can be said that if there is no special day, today is the last holiday, so they will take advantage of this.

Time to relax, the whole family will come out to have a meal, then, eat snacks, play games, have fun, and finally, watch the fireworks before going home.

The newcomers, migrant workers who have not yet experienced the Uzumaki Kingdom's festival, will also follow other people out to play on this day.

Enjoying the atmosphere that I can't feel outside, my heart is suddenly filled with emotion...

This is life!

"Brother Xin." Kushina pouted as he looked at Uzumaki Xin who was rushing over, "Mikoto has been waiting for you for a long time."

"Sorry, sorry." Uzumaki Xin said apologetically, "Because some things need to be dealt with, it's a bit late."

Seeing Kushina's unhappy expression, she hurriedly reached out and touched her long soft hair. Suddenly Kushina stopped complaining, squinting and enjoying herself.

After so many years, Kushina still hasn't changed!

Uzumaki Xin smiled, and then walked to Mikoto who was looking at him with a smile, and said, "I've been waiting."

"It's okay." Mikoto shook her head and said gently, "If you are busy, don't accompany us."

She knew that Uzumaki Xin was famous as Uzumaki Kingdom, and there must be a lot of things to do, so if he didn't have time, Mikoto wouldn't blame him.

"Not busy, not busy." Uzumaki Xin squatted down, looking at Mikoto's swollen belly, and said cheerfully, "It's done."

"He didn't make trouble today, right."

Mikoto was pregnant a few months ago.

Xin don't know if it is itachi?

If so, let him feel his father's love and maternal love!

"No." Mikoto murmured, stroking her stomach with a happy smile on her face, "That's great!"

When Uzumaki Xin heard Mikoto's words, she took her hand and said, "Have you gone for a pregnancy check recently?"

Prenatal pregnancy check is very important.

"Let Sister Nono and Sister Yukihiime watched this morning." Mikoto nodded gently and said, "Very healthy, probably a boy."

"Really." Uzumaki Xin nodded at Nono and Yukihiime with a smile. He didn't say thank you. If they did, Nono and others would definitely be unhappy.

"And I've already told Sister Naga." Mikoto didn't care about Uzumaki's appearance, she was used to it during this time, so...

Maybe my child really needs more mothers?

Mikoto said with a smile.

"At that time, she will deliver the baby with sister Yukihiime."

And Uzumaki Xin still smiled and nodded. He didn't care too much about the affairs of a few women, maybe it's not bad just like that.
