Kiri Shinobi Leader looked at the Ten years old kid walking in the front, it seems that the kid hold important position to the clan to the elderly show respect to him.

But what confused him is he can't sense any Chakra from the kid, how can a ten years old kid don't have any trace of Chakra when you can start sensing Chakra on the age of Five or Four if you are a genius.

But from what he see, this kid is not a simple kid, maybe he is also one of those genius start sprouting like mushrooms on different village.

Why can't they have real genius in Mist Shinobi Village.

But, Thai kid is so young, maybe he need those old fossil to teach him all the things he need to know.

He could be the next leader of the Uzumaki Kingdom, or even the next Uzumaki Patriarch, well the Patriarch seems missing?

Missing in such important occasion? This is weird.

Kiri Shinobi Leader look around and did not see the Patriarch of Uzumaki Clan, this is weird.

And this kid, he seems looking at him, he is not showing any emotion at all as if he is looking at his own people.

He also weird.

And base from he saw, they letting the kid charge of such important occasion, it seems a smart kid born on a backwater place like Uzumaki Kingdom.

They should eliminate this kid before he grow up, they need a plan, they can't just let this kid grow up.

Kiri Shinobi Leader look at Xin with dangerous light on his eyes, while Xin look back at him and give him a friendly smile making the leader stop looking at him.

'What a dangerous kid, how can such kid have such me mentality, my killing intent is not ten years old kid can take without changing face.'

'This kid is hiding something.'

Uzumaki Xin finally ignore the killing intent of Kiri Shinobi Leader.

He sit first, he sit on the leader position, next is the elderly but only the Grand Elder who sit beside Xin while other stand behind.

The Senju and CP0 is standing in distance while guarding around.

When they see this, the Kiri Shinobi Leader know this is not a simple gesture, they guarding so far showing they are absolutely control in this situation.

They will never let the Elderly and this young kid life not protected.

Great Elder snoeld at them, and said." Kiri Shinobi? I'm really sorry, because Young Patriach Xin bit slow to eat breakfast we come late."

"Grand Elder, eating slowly can help you digest the food evenly, and besides, we are the winner so loser should do the loser should do."

"Hohoho~" Great Elder only laugh cheerfully without giving his own answer.

When the Kiri Shinobi Leader and Kiri Negotiator heard his world, their face suddenly turned green.

What does it means to have breakfast and eat slowly? And who the heck is this kid? The Young Patriarch? When did they change their own Patriarch?

And they are loser but they never see their self as loser so why show a loser face?

Only weak will bow to winner, the Hidden Mist Village will never accept the lose from small country.

Kiri Shinobi Leader squinted his eyes at Xin and said in dangerous tone." Are you?"

"Oh? I almost forgot to introduce my self, I thought you guys already know, after all, all Village should normally have Spy on each village around so I expect you know me already."

"Hello lower, I'm Uzumaki Xin, the current Patriarch of Uzumaki Clan and also the Daimyo of Uzumaki Kingdom, nice to meet you loser ~."
