

Uzumaki 691

Chapter 691: Kakashi's Team

"Kakashi, don't you want to eat it?" A brown-haired girl with a purple face painted on her face happily handed a paper lunch box to the white-haired hedgehog head boy in front of her, and said, "This octopus The meatballs are delicious!"

"No." Kakashi shook his head and said faintly, "You can eat it."

"After eating, we have to perform the task."

Unexpectedly, investigating intelligence in the country of Uzumaki actually encountered the festival of Uzumaki, but this is not bad.

I think that the supervision of the country of Uzumaki today should not be very strict, which is just convenient for them to perform their tasks.

"Kakashi is still so serious." Rin didn't care about Kakashi's words, Rin said, "In fact, Teacher Minato asked us to come here to relax us."

"Yes!" The short black-haired girl next to her nodded and said with a smile, "Don't be so serious today, Kakashi."

"No." Kakashi looked around and said seriously, "Now is the time to perform the task."

In any case, in his heart, carrying out the task is the most important thing. If his father could carry out the task seriously, he would not be blamed by the people in the village.

and so...

He can't make mistakes.

However, Rin Nohara handed a ball to Kakashi, with a sweet smile, said, "Take a bite."

Silent also encouraged him. Kakashi was too serious. No matter when it was, he had always been so serious. He had never relaxed. Teacher Minato also asked them to teach Kakashi more.

But...

"Pop!" Kakashi directly threw the balls off, looked at the balls on the ground, then looked at Rinn and Silent, and said blankly, "I'll go over there and take a look."

The task is the task!

He will not make mistakes...

Absolute!

But no one noticed a pair of eyes, staring at them all the time and...

The forehead guard on my head...

...

"Jūzō Biwa, Fuguki Suikazan." Uzumaki Xin took Mikoto and the others into a grilled fish shop and said with a smile, "Business is good today!"

This grilled fish restaurant was opened by Jūzō Biwa and Fuguki Suikazan in a joint venture last year.

Fuguki Suikazan is responsible for purchasing and grilling, while Jūzō Biwa is responsible for processing fish.

Because of their two special methods and in the eyes of the ninja, the taste is quite good, attracting a lot of customers.

"Your Royal Highness Xin." Fuguki Suikazan and Jūzō Biwa saw Uzumaki Xin, quickly put down their work, and said respectfully, "You are here."

"It's okay." Uzumaki Xin nodded and said, "You do yours, I just come over and have a look and have a few words by the way."

He glanced at the grilled fish on the grill, "Well, it tastes really good."

"Hey." Fuguki Suikazan said with a proud smile on his face, "His Royal Highness Xin must try it later. The grilled fish restaurant in City and I have the best taste."

Chapter 692: Change of the Two Swordsman

Even the name of the country of the Uzumaki boasted that his fish is well grilled. It seems that I have to hang this sentence at the door later. I believe that after hearing your Highness, there will be many more guests.

"Okay." Uzumaki Xin said with a smile, "Just taste how your craft is."

Then, looking at the Jūzō Biwa who handles fish on the sidelines, "Next year Juzo, your son will also go to school."

I didn't expect that the loquat Juzo finally married a wife and had a child, although because of the nationality of the country, he married a foreigner, but...

Compared to the watermelon mountain puffer fish ghost, this single fat puffer fish is very good.

You must know that as long as the citizens of Uzumaki country marry a foreign woman, that woman can obtain Uzumaki nationality, so many women want to marry a man from Uzumaki country.

This is also a solution to the bachelor in Uzumaki country.

But with this advantage, there are still people who remain single...

"Yes, Your Highness Xin." Jūzō Biwa suddenly showed a gentle smile on his face and said, "It's been so many years."

He is now very much celebrating the decision to join the country of the Uzumaki that year. If he hadn't joined the country of the Uzumaki, it is estimated that even if he finally escaped, he would still be doing silly things like lifting a knife and slashing people!

How can you be happy and happy now!

Looking around, Jūzō Biwa shook his head helplessly, "It looks like that stinky kid is out to play with his grandma."

"I'm really sorry, I can't let Inuzi come over to visit you."

"It's okay." Xin shook his head and said with a smile, "You know there is no such thing as fun here."

It has changed a lot!

Although Jūzō Biwa doesn't smile very well because of its fangs, but...

After watching it for a long time, there is still an extraordinary charm.

At least it feels safe.

And that happy smile, really...

Infectious!

"Wait a minute."

At this time, Fuguki Suikazan were also cooked, and he said cheerfully, "Please enjoy."

"En." Uzumaki Xin nodded, gave the plate to Mikoto and the others, and then tasted it for himself.

Suddenly...

His eyes lit up, he gave a thumbs up, and said, "It's so fragrant!"

Tasty, enough heat, no firewood, and no fishy smell, it's really good!

Looking at Fuguki Suikazan with a happy expression on his face because of his praise, and the Jūzō Biwa with his mouth slightly raised, I don't know why Uzumaki Xin's heart also calmed down...

Maybe this is the life they want.

Calm, but still able to feel happiness...

Chapter 693: Uzumaki Festival

Leaving the charcoal grilled fish shop opened by the original Ninja Swordsman, Uzumaki Xin led Kushina and the others along the lively street slowly.

Today's original plan was to accompany them during the festival, so I would go there to try and taste what is basically fun and delicious.

Kushina is still the same as before, still so lively and happy, as long as he sees interesting places, he will pull people over.

"Hurry up." Seeing Uzumaki Xin and Mikoto were still walking slowly behind, Kushina hurriedly waved her hands with joy and said, "There are so many people in front."

She is not really that interested in these things. Even if she can't taste it today or play it, she can try it tomorrow. Knowledge today...

Brother Xin rarely accompanied them out.

Therefore, Kushina wants to play more, play longer, and have a better time.

Because Brother Xin has not known how long he has not been with them like this tonight.

"Slow down." Uzumaki Xin looked at Mikoto and smiled, shook her head helplessly, and when she was about to walk up with Mikoto, she suddenly stopped, suddenly showing a weird smile on her face.

"What's the matter?" Mikoto looked at Uzumaki in doubt, and said, "Kushina is still waiting in front, let's go up quickly."

But...

Xin did not answer, as if he found something interesting, he turned his head and walked towards the stall next to him.

Seeing Xin's appearance, Mikoto's face was full of puzzlement. She also looked towards the pancake stall that Xin was walking towards. She immediately understood what Xin wanted to do and smiled and said, "So it's Grandpa Madara!"

However...

Uzumaki Xin walked halfway but suddenly stopped. With a helpless smile, he shook his head and said, "Forget it, don't disturb Boss Madara."

A rare festival, I bumped into Madara to buy pancakes...

He Uchiha Madara, the god of the Ninja world is fifty-five, so he doesn't want face?

So, forget it.

Hearing what Uzumaki Xin said, Mikoto nodded in agreement, with a gentle smile on her face, and said, "Tomorrow I will visit Grandpa Madara."

She also thinks that it is better not to disturb Grandpa Madara at this time. Although Grandpa Madara will only look at them with facial paralysis, no matter whether he bumps into Grandpa Madara eating pancakes, there will be no other expressions at all, but...

Grandpa Madara would still be unhappy in his heart.

And today is a festival, let's make Grandpa Madara happy.

Just...

At that age, eating pancakes is not good for your body and your teeth.

And at this moment...

"Mikoto, Brother Xin." Kushina shook her hand again and said with a pouting mouth, "What are you doing? Hurry up."

It's been so long, but I can't come.

She also wants to play all the fun in this street with Brother Xin, and eat all the delicious ones!

"Come here." Uzumaki Xin said with a smile, and then led Mikoto to Kushina's position. If he doesn't go, this girl will be upset again.

But don't know...

Uchiha Madara, who was sitting in a wheelchair with closed eyes and rested, suddenly opened his eyes slowly, turned his head, looked at the backs of Uzumaki Xin and Mikoto, and hummed, "This stinky boy!"

"Master Madara."

Chapter 694: Konoha Ninja and Fugaku

At this moment, White Zetsu happily walked to Madara with a pancake in his hand and said, "Let's go."

Madara turned his head to look at the pancake in White Zetsu's hand, suddenly cold his face, and said faintly, "Bring it!"

Just buy one...

Doesn't he have Uchiha Madara?

But White Zetsu has long been accustomed to Lord Madara's expression. Regardless of whether he is happy or unhappy, Lord Madara always has facial paralysis and doesn't care. Can't bite."

"Don't eat pancakes anymore."

Going to the back and pushing the wheelchair...

"Hey, there is milk pudding in front. I'll buy it for you later."

"..."

This b*****d! !

Madara shook her hand, almost opened her eyes in reincarnation with anger, and snorted coldly, "Hurry up."

"But Lord Madara, your teeth..." White Zetsu hesitated to look at the pancake in his hand, then glanced at Lord Madara who had reached out his hand and stared at him coldly. Helplessly, he could only pass the pancake up and said. "Master Madara, please be careful and slow."

Can't afford it!

It seems that you may have to visit the dentist with the adult spotted later.

Only a few days have passed. A few days ago, I couldn't sleep because of a toothache because I ate too much milk candy. I had to go to extract my teeth. Did Master Madara forget?

"Leek or fresh meat?" Madara took the pancake and asked White Zetsu faintly.

"Fresh meat."

"En." Hearing White Zetsu's words, Madara nodded with satisfaction, then...

He didn't eat it immediately, but carefully put it in his arms and patted it.

He raised his head and looked at the night sky of Uzumaki Kingdom, and muttered, "I don't know how much more I can eat."

...

"Please show your valid documents." Uchiha Fugaku looked at the two little girls in front of him and said faintly, "Received the report, I suspect that you have come to the country of Uzumaki to plot a wrongdoing."

I just heard the civilians from the country of vortex come to him, saying that they overheard the three little ghosts talking about missions and investigations, and suspected spies, so he also followed up to investigate.

Result...

Konoha protects the forehead!

It's really a narrow road!

But as an excellent inspector of the Uzumaki Kingdom, he would not seek revenge for these little ghosts who had just graduated from Ninja School.

His enemy... Hokage, Danzo...

However, if you want him to be nice to these little ghosts, then stop dreaming.

Fugaku said impatiently, "Hurry up."

"Valid documents?"

Silent glanced at Rin and exchanged eyes, thinking that they had been found, and originally planned to go to Kakashi, but now it seems that it is better not to get Kakashi involved.

Looking at the police force in the country of the vortex with caution and vigilance, his heart was suddenly full of tension, but he calmly asked, "What valid documents."

Chapter 695: Konoha Kids

"Certificate of Uzumaki Country Entry." Uchiha Fugaku frowned and said coldly, "I hope you will cooperate honestly."

"Oh oh." Rin heard Uchiha Fugaku's words, and hurriedly took out a certificate that he got when he entered the country of Uzumaki, and said, "Are you talking about this?"

Although I don't know why Uzumaki Police wants this kind of thing, they still handled it.

"En." Looking at the entry certificate, Uchiha Fugaku's eyebrows were also flattened, and he nodded lightly, took it, and said, "I hope you don't make trouble in the country of Uzumaki."

"If I find out, it will catch you all."

I glanced at the seals on their bodies again, no matter who they are, as long as the ninjas outside come to the Uzumaki Kingdom, they must perform the Chakra Seal!

After seeing the seal there is no problem...

"And the white-haired kid just now..." He returned the proof and said lightly, "If..."

The words are not finished yet...

"Toot!"

The police officer's intercom suddenly sounded.

"Captain Fugaku, that white-haired kid refused to cooperate." An anxious voice suddenly came from inside, and said, "May I ask if you need..."

"Trash." Uchiha Fugaku interrupted directly when he heard the words with dirt. "Those who resist the law, depending on the situation, can be killed immediately!!"

"Understand Captain Fugaku."

Then...

"Toot!"

When Silent and Rin heard the words on the walkie-talkie, their eyes widened. Although they didn't know what the black cube was, the two words...

Kill!

They still heard clearly.

And the white-haired kid...

Kakashi!

Had the mission been discovered?

It's just that now they are all sealed Chakra, what should I do?

My heart was suddenly anxious, and finally...

Or set up the basic physical skills learned in Ninja School...

"Do you want to fight the law too?" Seeing the movements of the two girls in front of him, Uchiha Fugaku's mouth showed a sneer, and said lightly, "Konoha's ninja is really ignorant."

In any case, it is against the law to defend against police officers for no reason, and to attack the action, so...

It's really interesting!

When I was about to take the shot and arrest this girl back.

suddenly...

"Fugaku, wait a minute."

A familiar voice came.

Seeing Uchiha Fugaku back, Tsunade breathed a sigh of relief, nodded to Uzumaki Xin next to him, and said gratefully, "Thank you."

She knew that if it wasn't for the name of Uzumaki Country, she would definitely put these two girls in the police station for investigation and questioning according to the dead brains of the Uchiha clan. Of course, if nothing bad was done, they would be included. Will be released later, but...

Konoha ninja suddenly came to the country of Uzumaki...

Needless to say, I was definitely here to investigate the situation in the Uzumaki Kingdom. It is estimated that after entering the police station, he will never be able to get out again.

Just don't know...

Chapter 696: Mission

Tsunade looked at Uzumaki Xin in confusion, he should have guessed it too, why didn't he arrest him?

"No need." Uzumaki Xin shook his head and said with a smile, "Kushina and others are still waiting, I won't bother you, I wish you all have fun."

Then, he glanced at Rin and them, then turned and left.

Of course he knows what Tsunade is thinking, but what if he really detains people for interrogation?

Konoha has already known what he should know, what he shouldn't know...

Ninja Village will tell it too!

Therefore, there is no need to evil Tsunade for this kind of thing, know that evil Tsunade is evil to Jiraiya, and the two of them...

Now they are all teachers of Uzumaki Country, and they have a good impression of Uzumaki Country, and if Konoha takes the lead in launching a war at that time...

Gee!

Although they will not withdraw from Konoha, they have a grudge against Konoha in their hearts.

What's more, it is estimated that Konoha has already been gearing up for the wave of the country of Uzumaki.

Can't hide it!

Just... There is no difference between a just cause.

Tsunade glanced at Uzumaki Xin with a complicated look, sighed inwardly, then turned his head with a serious face, looked at Shizune and Harano Rin, and said, "What are you doing here?"

"Tsunade-sama."

Shizune glanced at Harano Rin, thought for a moment, and said respectfully, "Teacher Minato asked us to investigate the situation in the Uzumaki Kingdom and take Kakashi to relax by the way."

Tsunade-sama should be fine.

"Kakashi?!" Tsunade was taken aback when he heard Shizune and their words. Finally, he said helplessly, "Is that kid still the same?"

She and Jiraiya also knew about Kakashi's situation. Sakumo Hatake was forced to death by rumors that had too much influence on him, especially when he was a child. This shadow was not so easy for him. It can be eliminated, just like her hemophobia.

Although in the Uzumaki Kingdom these days, I have lived very leisurely, with the company of my clan, I am indeed much better, but...

It will be able to hold on for a few more minutes.

"En." Shizune nodded helplessly, then, looking at Tsunade with big eyes, said in confusion, "Why is Tsunade-sama here?"

"Master Hokage is still looking for you and Master Jiraiya!"

"Old man." Hearing the words Hokage, Tsunade was silent. Finally, he sighed and said, "When you returned to the village, you said you hadn't seen us."

"And..." With a serious expression on his face, "Don't say anything about Uzumaki Country."

Since the Uzumaki Kingdom did not harm Konoha, then... Never mind.

Think of her as Tsunade's love for that little devil.

"But Tsunade-sama..." Shizune heard Tsunade's words, just as he was about to say something...

Chapter 697: Kakashi and Obito

"En!!" Tsunade's eyes were wide.

"Okay." Shizune nodded helplessly, and said, "I understand."

"But Kakashi..."

She remembered the word kill in the black box.

Suddenly looked at Tsunade-sama anxiously, wanting Tsunade to save Kakashi...

"It's okay." Tsunade waved his hand and said, "That Jiraiya also passed by, and nothing will happen."

Just now, she and Jiraiya were drinking wine and skewered at the barbecue stall nearby, but they didn't expect to see the silence of the three of them.

They originally planned to leave them alone, but they didn't expect them to be stopped by the police in Uzumaki Country...

In order to prevent any accidents, it can only appear in the end.

What a headache!

Obviously I just had a good time drinking, but I want to take care of this~

Forget it, let Jiraiya also pay the bill later.

Seeing the silence in front of him, Tsunade touched his chin, and the corners of his mouth rose slightly. She suddenly thought of something and said, "Let's go, don't worry about Kakashi, let's go shopping first."

"Today is the festival of Uzumaki Kingdom, you two can have fun here."

"As for what task..."

"Leave it alone."

Then, he put his arms around the necks of the two little girls and walked forward.

"..."

Shizune glanced at Rin, and finally sighed, but nodded helplessly.

Since Kakashi is okay...

Then they just listen to Tsunade-sama.

just...

How should I explain to Teacher Minato when I go back?

...

"Damn it!" Obito dodges while pinching the seal, intending to use ninjutsu. The white-haired boy has already been sealed by Chakra before turning the face, and he is not afraid!

Just...

Physical skills are his weakness!

And this person's physical skills must be among the best in the academy.

I touched the knife bag on the back, when I was ready to use Kumu to open the distance...

Obito's face suddenly stagnated, he...

Forgot to bring it again.

But at this moment, Kakashi's short knife was swung again, and the sharp and dazzling blade suddenly slashed towards him with the light!

Seeing this scene, Obito was shocked and wanted to hold it back. However, without kunai, she could only raise her hand...

"Stick!!"

Suddenly, a large figure stood between them, with eagle claws in his right hand, holding Kakashi's short knife, turning his head and looking at the dirt, with a smile on his face and said, "Uchiha's little devil, your physique Can not be done!"

"Master Jiraiya." Kakashi, who originally saw the incoming person, planned to jump back, and suddenly stopped.

Chapter 698: Kakashi and Obito, Jiraiya's Helplessness

Why is Teacher Jiraiya here?

My heart is full of doubts.

"The kid from the Hatake family." Jiraiya looked at Kakashi approvingly, and said, "Sakumo will definitely be pleased to see your swordsmanship."

"I..." Kakashi opened his mouth, when he wanted to say something, in the end, he didn't say it.

As for the Uchiha clan...

When he came to the Uzumaki Kingdom, he had heard it a long time ago, and he was a little surprised in his heart. Isn't the Uchiha clan annihilated early?

How did it appear in the Uzumaki Kingdom?

I was planning to investigate clearly, and went back to report to Master Naruto, but I didn't expect...

Was discovered.

But Obito....

"Uncle Jiraiya." Obito looked at Jiraiya unhappily, and said, "You are obstructing law enforcement!"

For the white-haired wretched uncle in front of him, he had already known...

Teacher of Uzumaki Academy! !

"Uncle..." Jiraiya said helplessly while looking at Jiraiya speechlessly, "Don't think about it, I saved your life."

I did hinder law enforcement...

"Cut!" Obito said with disdain, "Even if you don't show up, I will be fine."

Isn't he just a ninja who knows how to do swordsmanship?

He can hit ten Uchiha, genius, he is Obito!

"Okay." Jiraiya also patted the dirt on the shoulder, and said, "I am legal."

Pointing to it, it means that there is someone on it.

"..."

He looked at Jiraiya speechlessly. Of course he knew that Jiraiya was very familiar with the name of Uzumaki Country, but...

The responsibility is, he will not give up when he has not received any orders.

"Sorry." With a determined look in his eyes, Obito shook his head and said, "I'm a policeman."

"You..." Jiraiya also said, "Okay, let's watch it by the side. I'll call Uzumaki...the name of the country of Uzumaki."

Are all the little ghosts of the Uchiha clan so stubborn?

It's said that someone is pulling on the top!

but now...

Let's solve the Kakashi matter first.

Turning his head, looking at Kakashi, who was calmly waiting for his explanation, Jiraiya also nodded in admiration. He is indeed the son of Sakumo Hatake.

Is a genius.

Maybe I'm sorry to do this by myself, but...

In any case, he is Konoha's ninja. It is impossible to be indifferent to seeing Konoha's younger generation being caught, so now he can only use his own mouth cannon.

See if you can hide things.

Otherwise... The war is about to begin again!

Chapter 699: Normal Days of Missing-Nins

Early morning.

Hiruko stretched out, quietly looked at the bustling street outside the window, and muttered, "Is it already seven?"

He... Unknowingly, I have been in the country of Uzumaki for more than a year.

April...

The drizzle in spring has slowly disappeared, and the country of Uzumaki is about to enter summer, so it will not be too hot during this time and you can still feel the warm spring breeze.

Seeing the civilians who went to work one after another with smiles on their faces outside, Hiruko murmured, "Here..."

"It's more peaceful than Konoha!"

For more than two years, he has become accustomed to life in the Uzumaki Kingdom.

After a simple wash, I touched the silky silver hair on my head...

Hiruko sighed helplessly, and said, "It's a bit longer again."

Take advantage of your free time today, just go and fix your hair.

I don't know when he started to care less about his image.

If I didn't pay attention, I wouldn't cut my hair today.

Get out of the room and lock the door by the way.

From a long time ago, the Uzumaki Kingdom has not restricted his actions.

Perhaps even he himself had never thought that he would stay in a country so quietly for so long.

The villa in front of him was assigned to him by the academy, so he no longer lived in the surveillance dormitory in Uzumaki Kingdom.

"Morning!"

When Hiruko just walked out, a red-haired middle-aged man walked out of the villa next to him, and said hello to Hiruko.

"Good morning." Hiruko said with a smile on his face, and said, "Dean Qianluo is resting today?"

I heard that he, like himself, came from Shinobi Village, not a native of Uzumaki Country. He has an eldest son who is now the platoon leader of the mechanical unit and a beautiful wife who is the senior director of Uzumaki Academy.

Huh—their family will welcome new members in a while.

So, by then there will be four people.

"Yeah!" Qianluo nodded helplessly, and said helplessly, "My Wife wants to eat tofu in the morning, so I have to buy her now."

It's rare to take a vacation and plan to sleep well at home until noon, but...

Pregnant women can't afford it!

If you are in Hidden Sand Village, mother can help. In Uzumaki Country...

He was the only one who accompanied Wife with Sasori, but Sasori rarely went home because he needed to be trained in the army, so in the end he was the only one who could accompany his wife.

Qianluo looked at Hiruko and said, "How about you?"

Why did you get up so early?

"I plan to go out for breakfast and get a haircut by the way." Hiruko thought for a while and said, "It is estimated that lunch and dinner will be settled outside."

At home, there is no canteen for him to eat!

Seeing Qianluo with a happy smile in front of him, a thought suddenly appeared in his heart...

Maybe I should find someone to accompany myself.

Every night, someone prepares dinner and waits for him to go home after work. On weekends, he can hold hands and go shopping with him. If there is a child...

Chapter 700: Jiraiya's Worry

In the past few months, he have been worried. After all, the Konoha sent ninjas to investigate in the past few months, and the cleanup of domestic spies in Uzumaki Kingdom in recent months have signaled that war is about to break out.

He doesn't know what he should do, or Tsunade doesn't know what he should do?

Can't it just continue in peace like this?

Why must there be war?

Looking at the civilians in the Uzumaki Kingdom, they...

Still welcoming today's work with a smile and enthusiasm, I don't know that war is coming.

Jiraiya feels guilty...

The guilt of these civilians living peacefully in the country of Uzumaki.

This war... It is no longer what he can stop.

Maybe Tsunade is the same as him, after all, the Senju clan lived in Uzumaki.

"*Sigh." Jiraiya also sighed and murmured, "I hope it's not too bad."

Otherwise, the country of Konoha and Uzumaki...

What a headache!

Suddenly... Jiraiya also raised his head, looking at the two people in front of him brightly, a smile appeared unconsciously at the corner of his mouth...

It seems that today's breakfast can be solved again.

...

"It can be said that energy has been limited to the development of the country of the Uzumaki."

Qianluo looked at Hiruko with a melancholy expression. "In recent years, the Ministry of Machinery and Scientific Research Institute has been working on researching methods of extracting chakra, but There is still no progress."

This can be said to be the most difficult point in Uzumaki Kingdom that needs to be overcome!

After all, most of the equipment and tools in the country of the Uzumaki are based on Chakra energy, coupled with the increase in the population of the country of the Uzumaki, the energy required has also increased.

so...

The country of Uzumaki is short of energy now!

If you do not seek a solution, sooner or later, chaos will occur.

"Yes." Hiruko nodded and said with a serious face, "I also found traces of chakras in some ordinary plants and animals..."

"If an animal can be advanced to a Ninja beast by extracting chakras by itself, what about plants?"

"Can plants also extract chakras by themselves?"

"But how do plants and animals without wisdom extract chakras by themselves?"

"It's like a chakra test paper, made from a tree that absorbs chakra."

"There are more chakras than other plants, and even as they grow, it will gradually increase."

"If you didn't extract it yourself, where did these plants get their chakras?"

With thoughtfulness, Hiruko stroked his chin, and said in thought, "Perhaps our previous ideas were all wrong, and we should start with plants."

"This is indeed a direction." Qianluo's eyes lit up when he heard Hiruko's words, and said, "When the time comes, tell this direction to the scientific research institute."

"What if you can really succeed then?"

"Well, I will write a report tomorrow." BHiruko said with a smile on his face, "And I have asked Kokazu to introduce a batch of Chakra tree seeds and give it to Yota Cultivation. It is convenient for observation."

"You will go with me in a few days..."

However, the words are not finished yet...

"Good morning!"

A familiar voice made Hiruko a headache again.
